- (11) Negotiate at any time with the owner of a building, structure, site, area, or object for its acquisition or its preservation, when such action is reasonably necessary or appropriate. (1989, c. 706, s. 2.)

§ 160A-400.9. Certificate of appropriateness required.

(a) From and after the designation of a landmark or a historic district, no exterior portion of any building or other structure (including masonry walls, fences, light fixtures, steps and pavement, or other appurtenant features), nor

above-ground utility structure nor any type of outdoor advertising sign shall be erected, altered, restored, moved, or demolished on such landmark or within such district until after an application for a certificate of appropriateness as to exterior features has been submitted to and approved by the preservation commission. The municipality shall require such a certificate to be issued by the commission prior to the issuance of a building permit or other permit granted for the purposes of constructing, altering, moving, or demolishing structures, which certificate may be issued subject to reasonable conditions necessary to carry out the purposes of this Part. A certificate of appropriateness shall be required whether or not a building or other permit is required.

For purposes of this Part, "exterior features" shall include the architectural style, general design, and general arrangement of the exterior of a building or other structure, including the kind and texture of the building material, the size and scale of the building, and the type and style of all windows, doors, light fixtures, signs, and other appurtenant fixtures. In the case of outdoor advertising signs, "exterior features" shall be construed to mean the style, material, size, and location of all such signs. Such "exterior features" may, in the discretion of the local governing board, include historic signs, color, and significant landscape, archaeological, and natural features of the area.

Except as provided in (b) below, the commission shall have no jurisdiction over interior arrangement and shall take no action under this section except to prevent the construction, reconstruction, alteration, restoration, moving, or demolition of buildings, structures, appurtenant fixtures, outdoor advertising signs, or other significant features in the district which would be incongruous with the special character of the landmark or district.

(b) Notwithstanding subsection (a) of this section, jurisdiction of the commission over interior spaces shall be limited to specific interior features of architectural, artistic or historical significance in publicly owned landmarks; and of privately owned historic landmarks for which consent for interior review has been given by the owner. Said consent of an owner for interior review shall bind future owners and/or successors in title, provided such consent has been filed in the office of the register of deeds of the county in which the property is located and indexed according to the name of the owner of the property in the grantee and grantor indexes. The landmark designation shall specify the interior features to be reviewed and the specific nature of the commission's jurisdiction over the interior.

(c) Prior to any action to enforce a landmark or historic district ordinance, the commission shall (i) prepare and adopt rules of procedure, and (ii) prepare and adopt principles and guidelines not inconsistent with this Part for new construction, alterations, additions, moving and demolition. The ordinance may provide, subject to prior adoption by the preservation commission of detailed standards, for the review and approval by an administrative official of applications for a certificate of appropriateness or of minor works as defined by ordinance; provided, however, that no application for a certificate of appropriateness may be denied without formal action by the preservation commission.

Prior to issuance or denial of a certificate of appropriateness the commission shall take such steps as may be reasonably required in the ordinance and/or rules of procedure to inform the owners of any property likely to be materially affected by the application, and shall give the applicant and such owners an opportunity to be heard. In cases where the commission deems it necessary, it may hold a public hearing concerning the application. All meetings of the commission shall be open to the public, in accordance with the North Carolina Open Meetings Law, Chapter 143, Article 33C.

(d) All applications for certificates of appropriateness shall be reviewed and acted upon within a reasonable time, not to exceed 180 days from the date the application for a certificate of appropriateness is filed, as defined by the

ordinance or the commission's rules of procedure. As part of its review procedure, the commission may view the premises and seek the advice of the Division of Archives and History or such other expert advice as it may deem necessary under the circumstances.

(e) An appeal may be taken to the Board of Adjustment from the commission's action in granting or denying any certificate, which appeals (i) may be taken by any aggrieved party, (ii) shall be taken within times prescribed by the preservation commission by general rule, and (iii) shall be in the nature of certiorari. Any appeal from the Board of Adjustment's decision in any such case shall be heard by the superior court of the county in which the municipality is located.

(f) All of the provisions of this Part are hereby made applicable to construction, alteration, moving and demolition by the State of North Carolina, its political subdivisions, agencies and instrumentalities, provided however they shall not apply to interiors of buildings or structures owned by the State of North Carolina. The State and its agencies shall have a right of appeal to the North Carolina Historical Commission or any successor agency assuming its responsibilities under G.S. 121-12(a) from any decision of a local preservation commission. The commission shall render its decision within 30 days from the date that the notice of appeal by the State is received by it. The current edition of the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings shall be the sole principles and guidelines used in reviewing applications of the State for certificates of appropriateness. The decision of the commission shall be final and binding upon both the State and the preservation commission. (1989, c. 706, s. 2.)

Local Modification. — City of Raleigh:
1993, c. 168, s. 1.

§ 160A-400.10. Conflict with other laws.

Whenever any ordinance adopted pursuant to this Part requires a longer waiting period or imposes other higher standards with respect to a designated historic landmark or district than are established under any other statute, charter provision, or regulation, this Part shall govern. Whenever the provisions of any other statute, charter provision, ordinance or regulation require a longer waiting period or impose other higher standards than are established under this Part, such other statute, charter provision, ordinance or regulation shall govern. (1989, c. 706, s. 2.)

§ 160A-400.11. Remedies.

In case any building, structure, site, area or object designated as a historic landmark or located within a historic district designated pursuant to this Part is about to be demolished whether as the result of deliberate neglect or otherwise, materially altered, remodeled, removed or destroyed, except in compliance with the ordinance or other provisions of this Part, the city or county, the historic preservation commission, or other party aggrieved by such action may institute any appropriate action or proceedings to prevent such unlawful demolition, destruction, material alteration, remodeling or removal, to restrain, correct or abate such violation, or to prevent any illegal act or conduct with respect to such building, structure, site, area or object. Such remedies shall be in addition to any others authorized by this Chapter for violation of a municipal ordinance. (1989, c. 706, s. 2.)

CASE NOTES

§ 160A-400.12. Appropriations.

A city or county governing board is authorized to make appropriations to a historic preservation commission established pursuant to this Part in any amount that it may determine necessary for the expenses of the operation of the commission, and may make available any additional amounts necessary for the acquisition, restoration, preservation, operation, and management of historic buildings, structures, sites, areas or objects designated as historic landmarks or within designated historic districts, or of land on which such buildings or structures are located, or to which they may be removed. (1989, c. 706, s. 2.)

§ 160A-400.13. Certain changes not prohibited.

Nothing in this Part shall be construed to prevent the ordinary maintenance or repair of any exterior architectural feature in a historic district or of a landmark which does not involve a change in design, material or appearance thereof, nor to prevent the construction, reconstruction, alteration, restoration, moving or demolition of any such feature which the building inspector or similar official shall certify is required by the public safety because of an unsafe or dangerous condition. Nothing in this Part shall be construed to prevent a property owner from making any use of his property that is not prohibited by other law. Nothing in this Part shall be construed to prevent a) the maintenance, or b) in the event of an emergency the immediate restoration, of any existing above-ground utility structure without approval by the preservation commission. (1989, c. 706, s. 2.)

§ 160A-400.14. Delay in demolition of landmarks and buildings within historic district.

(a) An application for a certificate of appropriateness authorizing the relocation, demolition or destruction of a designated landmark or a building, structure or site within the district may not be denied except as provided in subsection (c). However, the effective date of such a certificate may be delayed for a period of up to 365 days from the date of approval. The maximum period of delay authorized by this section shall be reduced by the commission where it finds that the owner would suffer extreme hardship or be permanently deprived of all beneficial use of or return from such property by virtue of the delay. During such period the preservation commission shall negotiate with the owner and with any other parties in an effort to find a means of preserving the building or site. If the preservation commission finds that a building or site within a district has no special significance or value toward maintaining the character of the district, it shall waive all or part of such period and authorize earlier demolition, or removal.

If the commission or planning board has voted to recommend designation of a property as a landmark or designation of an area as a district, and final designation has not been made by the local governing board, the demolition or destruction of any building, site, or structure located on the property of the proposed landmark or in the proposed district may be delayed by the commission or planning board for a period of up to 180 days or until the local governing board takes final action on the designation, whichever occurs first.

(b) The governing board of any municipality may enact an ordinance to prevent the demolition by neglect of any designated landmark or any building or structure within an established historic district. Such ordinance shall provide appropriate safeguards to protect property owners from undue economic hardship.

(c) An application for a certificate of appropriateness authorizing the demolition or destruction of a building, site, or structure determined by the State Historic Preservation Officer as having statewide significance as defined in the criteria of the National Register of Historic Places may be denied except where the commission finds that the owner would suffer extreme hardship or be permanently deprived of all beneficial use or return by virtue of the denial. provision previously enacted by the General Assembly."

Effect of Amendments. — Session Laws 2005-418, s. 13, effective January 1, 2006, twice substituted "planning board" for "planning agency" in the second paragraph of subsection (a).

Part 3D. Development Agreements.

§ 160A-400.20. Authorization for development agreements.

(a) The General Assembly finds:

- (1) Large-scale development projects often occur in multiple phases extending over a period of years, requiring a long-term commitment of both public and private resources.
- (2) Such large-scale developments often create potential community impacts and potential opportunities that are difficult or impossible to accommodate within traditional zoning processes.
- (3) Because of their scale and duration, such large-scale projects often require careful integration between public capital facilities planning, financing, and construction schedules and the phasing of the private development.
- (4) Because of their scale and duration, such large-scale projects involve substantial commitments of private capital by developers, which developers are usually unwilling to risk without sufficient assurances that development standards will remain stable through the extended period of the development.
- (5) Because of their size and duration, such developments often permit communities and developers to experiment with different or nontraditional types of development concepts and standards, while still managing impacts on the surrounding areas.
- (6) To better structure and manage development approvals for such large-scale developments and ensure their proper integration into local capital facilities programs, local governments need the flexibility in negotiating such developments.

(b) Local governments and agencies may enter into development agreements with developers, subject to the procedures and requirements of this

Part. In entering into such agreements, a local government may not exercise any authority or make any commitment not authorized by general or local act and may not impose any tax or fee not authorized by otherwise applicable law.

(c) This Part is supplemental to the powers conferred upon local governments and does not preclude or supersede rights and obligations established pursuant to other law regarding building permits, site-specific development plans, phased development plans, or other provisions of law. (2005-426, s. 9(a).)

Editor's Note. — Session Laws 2005-426, s. 11, made this Part effective January 1, 2006.

§ 160A-400.21. Definitions.

The following definitions apply in this Part:

- (1) Comprehensive plan. — The comprehensive plan, land-use plan, small area plans, neighborhood plans, transportation plan, capital improvement plan, official map, and any other plans regarding land use and development that have been officially adopted by the governing board.
- (2) Developer. — A person, including a governmental agency or redevelopment authority, who intends to undertake any development and who has a legal or equitable interest in the property to be developed.
- (3) Development. — The planning for or carrying out of a building activity, the making of a material change in the use or appearance of any structure or property, or the dividing of land into two or more parcels. "Development", as designated in a law or development permit, includes the planning for and all other activity customarily associated with it unless otherwise specified. When appropriate to the context, "development" refers to the planning for or the act of developing or to the result of development. Reference to a specific operation is not intended to mean that the operation or activity, when part of other operations or activities, is not development. Reference to particular operations is not intended to limit the generality of this item.
- (4) Development permit. — A building permit, zoning permit, subdivision approval, special or conditional use permit, variance, or any other official action of local government having the effect of permitting the development of property.
- (5) Governing body. — The city council of a municipality.
- (6) Land development regulations. — Ordinances and regulations enacted by the appropriate governing body for the regulation of any aspect of development and includes zoning, subdivision, or any other land development ordinances.
- (7) Laws. — All ordinances, resolutions, regulations, comprehensive plans, land development regulations, policies, and rules adopted by a local government affecting the development of property, and includes laws governing permitted uses of the property, density, design, and improvements.
- (8) Local government. — Any municipality that exercises regulatory authority over and grants development permits for land development or which provides public facilities.
- (9) Local planning board. — Any planning board established pursuant to G.S. 160A-361.
- (10) Person. — An individual, corporation, business or land trust, estate, trust, partnership, association, two or more persons having a joint or common interest, State agency, or any legal entity.
- (11) Property. — All real property subject to land-use regulation by a local government and includes any improvements or structures customarily regarded as a part of real property.

- (12) Public facilities. — Major capital improvements, including, but not limited to, transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational, and health systems and facilities. (2005-426, s. 9(a).)

Editor's Note. — The definitions in this section were placed in alphabetical order at the direction of the Revisor of Statutes.

§ 160A-400.22. Local governments authorized to enter into development agreements; approval of governing body required.

A local government may establish procedures and requirements, as provided in this Part, to consider and enter into development agreements with developers. A development agreement must be approved by the governing body of a local government by ordinance. (2005-426, s. 9(a).)

§ 160A-400.23. Developed property must contain certain number of acres; permissible durations of agreements.

A local government may enter into a development agreement with a developer for the development of property as provided in this Part, provided the property contains 25 acres or more of developable property (exclusive of wetlands, mandatory buffers, unbuildable slopes, and other portions of the property which may be precluded from development at the time of application). Development agreements shall be of a term specified in the agreement, provided they may not be for a term exceeding 20 years. (2005-426, s. 9(a).)

§ 160A-400.24. Public hearing.

Before entering into a development agreement, a local government shall conduct a public hearing on the proposed agreement following the procedures set forth in G.S. 160A-364 regarding zoning ordinance adoption or amendment. The notice for the public hearing must specify the location of the property subject to the development agreement, the development uses proposed on the property, and must specify a place where a copy of the proposed development agreement can be obtained. In the event that the development agreement provides that the local government shall provide certain public facilities, the development agreement shall provide that the delivery date of such public facilities will be tied to successful performance by the developer in implementing the proposed development (such as meeting defined completion percentages or other performance standards). (2005-426, s. 9(a).)

§ 160A-400.25. What development agreement must provide; what it may provide; major modification requires public notice and hearing.

(a) A development agreement shall at a minimum include all of the following:

- (1) A legal description of the property subject to the agreement and the names of its legal and equitable property owners.
- (2) The duration of the agreement. However, the parties are not precluded from entering into subsequent development agreements that may extend the original duration period.

- (3) The development uses permitted on the property, including population densities and building types, intensities, placement on the site, and design.
- (4) A description of public facilities that will service the development, including who provides the facilities, the date any new public facilities, if needed, will be constructed, and a schedule to assure public facilities are available concurrent with the impacts of the development.
- (5) A description, where appropriate, of any reservation or dedication of land for public purposes and any provisions to protect environmentally sensitive property.
- (6) A description of all local development permits approved or needed to be approved for the development of the property together with a statement indicating that the failure of the agreement to address a particular permit, condition, term, or restriction does not relieve the developer of the necessity of complying with the law governing their permitting requirements, conditions, terms, or restrictions.
- (7) A description of any conditions, terms, restrictions, or other requirements determined to be necessary by the local government for the public health, safety, or welfare of its citizens.
- (8) A description, where appropriate, of any provisions for the preservation and restoration of historic structures.

(b) A development agreement may provide that the entire development or any phase of it be commenced or completed within a specified period of time. The development agreement must provide a development schedule, including commencement dates and interim completion dates at no greater than five-year intervals; provided, however, the failure to meet a commencement or completion date shall not, in and of itself, constitute a material breach of the development agreement pursuant to G.S. 160A-400.27 but must be judged based upon the totality of the circumstances. The development agreement may include other defined performance standards to be met by the developer. The developer may request a modification in the dates as set forth in the agreement. Consideration of a proposed major modification of the agreement shall follow the same procedures as required for initial approval of a development agreement.

(c) If more than one local government is made party to an agreement, the agreement must specify which local government is responsible for the overall administration of the development agreement.

(d) The development agreement also may cover any other matter not inconsistent with this Part. (2005-426, s. 9(a).)

§ 160A-400.26. Law in effect at time of agreement governs development; exceptions.

(a) Unless the development agreement specifically provides for the application of subsequently enacted laws, the laws applicable to development of the property subject to a development agreement are those in force at the time of execution of the agreement.

(b) Except for grounds specified in G.S. 160A-385.1(e), a local government may not apply subsequently adopted ordinances or development policies to a development that is subject to a development agreement.

(c) In the event State or federal law is changed after a development agreement has been entered into and the change prevents or precludes compliance with one or more provisions of the development agreement, the local government may modify the affected provisions, upon a finding that the change in State or federal law has a fundamental effect on the development agreement, by ordinance after notice and a hearing.

(d) This section does not abrogate any rights preserved by G.S. 160A-385 or G.S. 160A-385.1, or that may vest pursuant to common law or otherwise in the absence of a development agreement. (2005-426, s. 9(a).)

§ 160A-400.27. Periodic review to assess compliance with agreement; material breach by developer; notice of breach; cure of breach or modification or termination of agreement.

(a) Procedures established pursuant to G.S. 160A-400.22 must include a provision for requiring periodic review by the zoning administrator or other appropriate officer of the local government at least every 12 months, at which time the developer must be required to demonstrate good faith compliance with the terms of the development agreement.

(b) If, as a result of a periodic review, the local government finds and determines that the developer has committed a material breach of the terms or conditions of the agreement, the local government shall serve notice in writing, within a reasonable time after the periodic review, upon the developer setting forth with reasonable particularity the nature of the breach and the evidence supporting the finding and determination, and providing the developer a reasonable time in which to cure the material breach.

(c) If the developer fails to cure the material breach within the time given, then the local government unilaterally may terminate or modify the development agreement; provided, the notice of termination or modification may be appealed to the board of adjustment in the manner provided by G.S. 160A-388(b). (2005-426, s. 9(a).)

§ 160A-400.28. Amendment or cancellation of development agreement by mutual consent of parties or successors in interest.

A development agreement may be amended or canceled by mutual consent of the parties to the agreement or by their successors in interest. (2005-426, s. 9(a).)

§ 160A-400.29. Validity and duration of agreement entered into prior to change of jurisdiction; subsequent modification or suspension.

(a) Except as otherwise provided by this Part, any development agreement entered into by a local government before the effective date of a change of jurisdiction shall be valid for the duration of the agreement, or eight years from the effective date of the change in jurisdiction, whichever is earlier. The parties to the development agreement and the local government assuming jurisdiction have the same rights and obligations with respect to each other regarding matters addressed in the development agreement as if the property had remained in the previous jurisdiction.

(b) A local government assuming jurisdiction may modify or suspend the provisions of the development agreement if the local government determines that the failure of the local government to do so would place the residents of the territory subject to the development agreement, or the residents of the local government, or both, in a condition dangerous to their health or safety, or both. (2005-426, s. 9(a).)

§ 160A-400.30. Developer to record agreement within 14 days; burdens and benefits inure to successors in interest.

Within 14 days after a local government enters into a development agreement, the developer shall record the agreement with the register of deeds in the county where the property is located. The burdens of the development agreement are binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement. (2005-426, s. 9(a).)

§ 160A-400.31. Applicability to local government of constitutional and statutory procedures for approval of debt.

In the event that any of the obligations of the local government in the development agreement constitute debt, the local government shall comply, at the time of the obligation to incur the debt and before the debt becomes enforceable against the local government, with any applicable constitutional and statutory procedures for the approval of this debt. (2005-426, s. 9(a).)

§ 160A-400.32. Relationship of agreement to building or housing code.

A development agreement adopted pursuant to this Chapter shall not exempt the property owner or developer from compliance with the State Building Code or State or local housing codes that are not part of the local government's planning, zoning, or subdivision regulations. (2005-426, s. 9(a).)

Part 3E. Wireless Telecommunications Facilities.

§ 160A-400.50. Purpose and compliance with federal law.

(a) The purpose of this section is to ensure the safe and efficient integration of facilities necessary for the provision of advanced wireless telecommunications services throughout the community and to ensure the ready availability of reliable wireless service to the public, government agencies, and first responders, with the intention of furthering the public safety and general welfare. The following standards shall apply to a city's actions, as a regulatory body, in the regulation of the placement, construction, or modification of a wireless communications facility.

(b) The placement, construction, or modification of wireless communications facilities shall be in conformity with the Federal Communications Act, 47 U.S.C. § 332 as amended, and in accordance with the rules promulgated by the Federal Communications Commission. (2007-526, s. 1.)

Cross References. — As to similar provisions relating to wireless telecommunication facilities in counties, see. G.S. 153A-349.50.

Editor's Note. — Session Laws 2007-526, s.

4, makes this part effective December 1, 2007.

Session Laws 2007-526, s. 3, is a severability clause.

§ 160A-400.51. Definitions.

The following definitions apply in this Part.

(1) Antenna. — Communications equipment that transmits and receives

electromagnetic radio signals used in the provision of all types of wireless communications services.

- (2) Application. — A formal request submitted to the city to construct or modify a wireless support structure or a wireless facility.
- (3) Building permit. — An official administrative authorization issued by the city prior to beginning construction consistent with the provisions of G.S. 160A-417.
- (4) Collocation. — The installation of new wireless facilities on previously-approved structures, including towers, buildings, utility poles, and water tanks.
- (5) Equipment enclosure. — An enclosed structure, cabinet, or shelter used to contain radio or other equipment necessary for the transmission or reception of wireless communication signals.
- (5a) Fall zone. — The area in which a wireless support structure may be expected to fall in the event of a structural failure, as measured by engineering standards.
- (6) Land development regulation. — Any ordinance enacted pursuant to this Part.
- (7) Search ring. — The area within which a wireless facility must be located in order to meet service objectives of the wireless service provider using the wireless facility or wireless support structure.
- (8) Utility pole. — A structure that is designed for and used to carry lines, cables, or wires for telephone, cable television, or electricity, or to provide lighting.
- (9) Wireless facility. — The set of equipment and network components, exclusive of the underlying support structure or tower, including antennas, transmitters, receivers base stations, power supplies, cabling, and associated equipment necessary to provide wireless data and telecommunications services to a discrete geographic area.
- (10) Wireless support structure. — A new or existing structure, such as a monopole, lattice tower, or guyed tower that is designed to support or capable of supporting wireless facilities. A utility pole is not a wireless support structure. (2007-526, s. 1.)

§ 160A-400.52. Construction of wireless facilities and wireless support structures.

(a) A city may plan for and regulate the siting or modification of wireless support structures and wireless facilities in accordance with land development regulations and in conformity with this Part. Except as expressly stated, nothing in this Part shall limit a city from regulating applications to construct, modify, or maintain wireless support structures, or construct, modify, maintain, or collocate wireless facilities on a wireless support structure based on consideration of land use, public safety, and zoning considerations, including aesthetics, landscaping, structural design, setbacks, and fall zones, or State and local building code requirements, consistent with the provisions of federal law provided in G.S. 160A-400.50. For purposes of this Part, public safety shall not include requirements relating to radio frequency emissions of wireless facilities.

(b) Any person that proposes to construct or modify a wireless support structure or wireless facility within the planning and land-use jurisdiction of a city must do both of the following:

- (1) Submit a completed application with the necessary copies and attachments to the appropriate planning authority.
- (2) Comply with any local ordinances concerning land use and any applicable permitting processes.

(c) A city's review of an application for the placement, construction, or modification of a wireless facility or wireless support structure shall only address public safety, land development, or zoning issues. In reviewing an application, the city may not require information on or evaluate an applicant's business decisions about its designed service, customer demand for its service, or quality of its service to or from a particular area or site. In reviewing an application, the city may review the following:

- (1) Applicable public safety, land use, or zoning issues addressed in its adopted regulations, including aesthetics, landscaping, land-use based location priorities, structural design, setbacks, and fall zones.
- (2) Information or materials directly related to an identified public safety, land development, or zoning issue including evidence that no existing or previously approved structure can reasonably be used for the antenna placement instead of the construction of a new tower, that residential, historic, and designated scenic areas cannot be served from outside the area, or that the proposed height of a new tower or initial antenna placement or a proposed height increase of a modified tower, replacement tower, or collocation is necessary to provide the applicant's designed service.
- (3) A city may require applicants for new wireless facilities to evaluate the reasonable feasibility of collocating new antennas and equipment on an existing structure or structures within the applicant's search ring. Collocation on an existing structure is not reasonably feasible if collocation is technically or commercially impractical or the owner of the tower is unwilling to enter into a contract for such use at fair market value. Cities may require information necessary to determine whether collocation on existing structures is reasonably feasible.

(d) A collocation application entitled to streamlined processing under G.S. 160A-400.53 shall be deemed complete unless the city provides notice in writing to the applicant within 45 days of submission or within some other mutually agreed upon timeframe. The notice shall identify the deficiencies in the application which, if cured, would make the application complete. The application shall be deemed complete on resubmission if the additional materials cure the deficiencies identified.

(e) The city shall issue a written decision approving or denying an application within 45 days in the case of collocation applications entitled to streamlined processing under G.S. 160A-400.53 and within a reasonable period of time consistent with the issuance of other land-use permits in the case of other applications, each as measured from the time the application is deemed complete.

(f) A city may fix and charge an application fee, consulting fee, or other fee associated with the submission, review, processing, and approval of an application to site or modify wireless support structures or wireless facilities that is based on the costs of the services provided and does not exceed what is usual and customary for such services. Any charges or fees assessed by a city on account of an outside consultant shall be fixed in advance and incorporated into a permit or application fee and shall be based on the reasonable costs to be incurred by the city in connection with the regulatory review authorized under this section. The foregoing does not prohibit a city from imposing additional reasonable and cost based fees for costs incurred should an applicant amend its application. On request, the amount of the consultant charges incorporated into the permit or application fee shall be separately identified and disclosed to the applicant.

(g) The city may condition approval of an application for a new wireless support structure on the provision of documentation prior to the issuance of a building permit establishing the existence of one or more parties, including the

owner of the wireless support structure, who intend to locate wireless facilities on the wireless support structure. A city shall not deny an initial land-use or zoning permit based on such documentation. A city may condition a permit on a requirement to construct facilities within a reasonable period of time, which shall be no less than 24 months.

(h) The city may not require the placement of wireless support structures or wireless facilities on city owned or leased property, but may develop a process to encourage the placement of wireless support structures or facilities on city owned or leased property, including an expedited approval process.

(i) This section shall not be construed to limit the provisions or requirements of any historic district or landmark regulation adopted pursuant to Part 3C of this Article. (2007-526, s. 1.)

§ 160A-400.53. Collocation of wireless facilities.

(a) Applications for collocation entitled to streamlined processing under this section shall be reviewed for conformance with applicable site plan and building permit requirements but shall not otherwise be subject to zoning requirements, including design or placement requirements, or public hearing review.

(b) Applications for collocation of wireless facilities are entitled to streamlined processing if the addition of the additional wireless facility does not exceed the number of wireless facilities previously approved for the wireless support structure on which the collocation is proposed and meets all the requirements and conditions of the original approval. This provision applies to wireless support structures which are approved on or after December 1, 2007.

(c) The streamlined process set forth in subsection (a) of this section shall apply to all collocations, in addition to collocations qualified for streamlined processing under subsection (b) of this section, that meet the following requirements:

- (1) The collocation does not increase the overall height and width of the tower or wireless support structure to which the wireless facilities are to be attached.
- (2) The collocation does not increase the ground space area approved in the site plan for equipment enclosures and ancillary facilities.
- (3) The wireless facilities in the proposed collocation comply with applicable regulations, restrictions, or conditions, if any, applied to the initial wireless facilities placed on the tower or other wireless support structure.
- (4) The additional wireless facilities comply with all federal, State and local safety requirements.
- (5) The collocation does not exceed the applicable weight limits for the wireless support structure. (2007-526, s. 1.)

Part 4. Acquisition of Open Space.

§ 160A-401. Legislative intent.

It is the intent of the General Assembly in enacting this Part to provide a means whereby any county or city may acquire, by purchase, gift, grant, bequest, devise, lease, or otherwise, and through the expenditure of public funds, the fee or any lesser interest or right in real property in order to

preserve, through limitation of their future use, open spaces and areas for public use and enjoyment. (1963, c. 1129, s. 1; 1971, c. 698, s. 1.)

§ 160A-402. Finding of necessity.

The General Assembly finds that the rapid growth and spread of urban development in the State is encroaching upon, or eliminating, many open areas and spaces of varied size and character, including many having significant scenic or esthetic values, which areas and spaces if preserved and maintained in their present open state would constitute important physical, social, esthetic, or economic assets to existing and impending urban development. The General Assembly declares that it is necessary for sound and proper urban development and in the public interest of the people of this State for any county or city to expend or advance public funds for, or to accept by purchase, gift, grant, bequest, devise, lease, or otherwise, the fee or any lesser interest or right in real property so as to acquire, maintain, improve, protect, limit the future use of, or otherwise conserve open spaces and areas within their respective jurisdictions as defined by this Article.

The General Assembly declares that the acquisition of interests or rights in real property for the preservation of open spaces and areas constitutes a public purpose for which public funds may be expended or advanced. (1963, c. 1129, s. 2; 1971, c. 698, s. 1.)

§ 160A-403. Counties or cities authorized to acquire and reconvey real property.

Any county or city in the State may acquire by purchase, gift, grant, bequest, devise, lease, or otherwise, the fee or any lesser interest, development right, easement, covenant, or other contractual right of or to real property within its respective jurisdiction, when it finds that the acquisition is necessary to achieve the purposes of this Part. Any county or city may also acquire the fee to any property for the purpose of conveying or leasing the property back to its original owner or other person under covenants or other contractual arrangements that will limit the future use of the property in accordance with the purposes of this Part, but when this is done, the property may be conveyed back to its original owner but to no other person by private sale. § 160A-405. Powers of governing bodies.

Any county or city, in order to exercise the authority granted by this Part, may:

- (1) Enter into and carry out contracts with the State or federal government or any agencies thereof under which grants or other assistance are made to the county or city;

§ 160A-407. Definitions.

(a) For the purpose of this Part an “open space” or “open area” is any space or area (i) characterized by great natural scenic beauty or (ii) whose existing openness, natural condition, or present state of use, if retained, would enhance the present or potential value of abutting or surrounding urban development, or would maintain or enhance the conservation of natural or scenic resources.

(b) For the purposes of this Part “open space” or “open area” and the “public use and enjoyment” of interests or rights in real property shall also include open space land and open space uses. The term “open space land” means any undeveloped or predominantly undeveloped land in an urban area that has value for one or more of the following purposes: (i) park and recreational purposes, (ii) conservation of land and other natural resources, or (iii) historic or scenic purposes. The term “open space uses” means any use of open space land for (i) park and recreational purposes, (ii) conservation of land and other natural resources, or (iii) historic or scenic purposes. Part 5. Building Inspection.

§ 160A-411. Inspection department.

Every city in the State is hereby authorized to create an inspection department, and may appoint one or more inspectors who may be given the titles of building inspector, electrical inspector, plumbing inspector, housing inspector, zoning inspector, heating and air-conditioning inspector, fire prevention inspector, or deputy or assistant inspector, or such other titles as may be generally descriptive of the duties assigned. The department may be headed by a superintendent or director of inspections. Every city shall perform the duties and responsibilities set forth in G.S. 160A-412 either by: (i) creating its own inspection department; (ii) creating a joint inspection department in cooperation with one or more other units of local government, pursuant to G.S. 160A-413 or Part 1 of Article 20 of this Chapter; (iii) contracting with another unit of local government for the provision of inspection services pursuant to Part 1 of Article 20 of this Chapter; or (iv) arranging for the county in which it is located to perform inspection services within the city's jurisdiction as authorized by G.S. 160A-413 and G.S. 160A-360. Such action shall be taken no later than the applicable date in the schedule below, according to the city's population as published in the 1970 United States Census:

Cities over 75,000 population — July 1, 1979

Cities between 50,001 and 75,000 — July 1, 1981

Cities between 25,001 and 50,000 — July 1, 1983

Cities 25,000 and under — July 1, 1985.

In the event that any city shall fail to provide inspection services by the date specified above or shall cease to provide such services at any time thereafter, the Commissioner of Insurance shall arrange for the provision of such services, either through personnel employed by his department or through an arrangement with other units of government. In either event, the Commissioner shall have and may exercise within the city's jurisdiction all powers made available to the city council with respect to building inspection under Part 5 of Article 19, and Part 1 of Article 20 of this Chapter. Whenever the Commissioner has intervened in this manner, the city may assume provision of inspection services only after giving the Commissioner two years' written notice of its intention to do so; provided, however, that the Commissioner may waive this requirement or permit assumption at an earlier date if he finds that such earlier assumption will not unduly interfere with arrangements he has made for the provision of those services. CASE NOTES

Purpose. — One of the specific purposes of G.S. 160A-411 to 160A-425 is to promote the safety of the general public. *Lynn v. Overlook Dev.*, 328 N.C. 689, 403 S.E.2d 469 (1991).

Local Laws Providing for Performance of Inspections Unconstitutional. — Inspections pursuant to the State Building Code af-

fect health and sanitation, thus acts that altered the legislative directive of this section that the city shall determine who will perform the inspections under the Code were local legislation that shifted responsibility for enforcement of laws affecting the health of the public and were barred under Art. II, § 24 of the

Constitution. *City of New Bern v. New Bern-Craven County Bd. of Educ.*, 338 N.C. 430, 450 S.E.2d 735 (1994).

Acts Shifting Responsibility for Inspections Created Unreasonable Classification. — No rational basis justified the separation of New Bern from all other cities in North Carolina for special legislative attention regarding the designation of an appropriate inspection department, and acts which shifted the responsibility for enforcing the building code from New Bern to Craven County created an unreasonable classification and were therefore local acts. *City of New Bern v. New Bern-Craven County Bd. of Educ.*, 338 N.C. 430, 450 S.E.2d 735 (1994).

Failure of City and County to Agree on Provision of Inspection Services. — This section does not mandate that the city and the county must agree regarding the provision of inspection services; rather, it provides the options available to the city in determining who shall perform the inspections, one of which is arranging for the county to perform them, and if the city fails to provide inspection services via any of the four options, the statute dictates that the Commissioner of Insurance shall arrange for the provision of the services. The legislature does not need to intervene in the process should the county and the city fail to agree; instead, the legislature has provided that the Commissioner of Insurance shall do so should the city fail to follow the requirements of the statute. *City of New Bern v. New Bern-Craven County Bd. of Educ.*, 338 N.C. 430, 450 S.E.2d 735 (1994).

Liability of Building Inspector. — The chief building inspector of the city of Wilmington was a "public official" of the city, who was engaged in the performance of governmental duties involving the exercise of judgment and discretion in determining whether plaintiffs' greenhouses were constructed in compliance with the applicable law; therefore, he could not be liable to plaintiffs in an action based on his inspection of plaintiffs' greenhouses where there was neither sufficient allegation nor forecast of evidence that he acted maliciously or corruptly or outside of and beyond the scope of his duties, and summary judgment dismissing the action as to him was proper. *Pigott v. City of Wilmington*, 50 N.C. App. 401, 273 S.E.2d 752, cert. denied, 303 N.C. 181, 280 S.E.2d 453 (1981).

While this Part and N.C. Building Code G.S. 105 imposed a duty on the part of the city and its building inspectors to properly carry out enumerated enforcement powers, such powers fell within the city's statutory police powers, and consequently, the duty owed was not to the plaintiffs, individually, but to the general public; there being no duty owed to plaintiffs, their allegations charging city building inspector

with negligence clearly did not state a claim upon which relief could be granted. *Lynn v. Overlook Dev.*, 98 N.C. App. 75, 389 S.E.2d 609 (1990).

The trial court did not err in dismissing plaintiffs' complaint in that, as a matter of law, the acts or omissions of a city building inspector did not cause the damages of which plaintiffs complained, that is, their purchase of a house that was unfit for habitation. *Lynn v. Overlook Dev.*, 328 N.C. 689, 403 S.E.2d 469 (1991).

Building inspector who was not the chief building inspector was a public official. His position was created by statute, in that position he exercised a portion of the sovereign power delegated to him, through the county, by statute, and work in his official capacity required that he exercise discretion. *McCoy v. Coker*, 174 N.C. App. 311, 620 S.E.2d 691, 2005 N.C. App. LEXIS 2357 (2005).

Special Duty Exception. — To bring themselves within the special duty exception to the public duty doctrine, plaintiffs must show that an actual promise was made to create the special duty, the promise was reasonably relied upon by plaintiffs, and that the plaintiffs' injury was causally related to such reliance. *Sinning v. Clark*, 119 N.C. App. 515, 459 S.E.2d 71 (1995), overruled as stated in *Multiple Claimants v. N.C. HHS, Div. of Facility Detention Svcs.*, 176 N.C. App. 278, 626 S.E.2d 666 (2006) (as to the application of the Public Duty doctrine to negligent inspection claims not involving law enforcement departments).

The provisions of G.S. 160A-411 et seq. and the North Carolina State Building Code did not create a special duty owed by defendants to plaintiffs over and above the duty owed to the general public; thus, the allegations of plaintiffs' complaint were insufficient to state a claim for relief for negligence. *Sinning v. Clark*, 119 N.C. App. 515, 459 S.E.2d 71 (1995), overruled as stated in *Multiple Claimants v. N.C. HHS, Div. of Facility Detention Svcs.*, 176 N.C. App. 278, 626 S.E.2d 666 (2006) (as to the application of the Public Duty doctrine to negligent inspection claims not involving law enforcement departments).

Exception Not Shown. — Dismissal of plaintiffs' negligence action against building inspector and county was proper where plaintiff homeowners did not fall within either exception to the public duty doctrine as they did not show a special relationship or special duty between themselves and the defendants. *Moseley v. L & L Constr., Inc.*, 123 N.C. App. 97, 472 S.E.2d 172 (1996).

§ 160A-411.1. Qualifications of inspectors.

On and after the applicable date set forth in the schedule in G.S. 160A-411, no city shall employ an inspector to enforce the State Building Code as a member of a city or joint inspection department who does not have one of the following types of certificates issued by the North Carolina Code Officials Qualification Board attesting to his qualifications to hold such position: (i) a probationary certificate, valid for one year only; (ii) a standard certificate; or (iii) a limited certificate which shall be valid only as an authorization for him to continue in the position held on the date specified in G.S. 143-151.13(c) and which shall become invalid if he does not successfully complete in-service training specified by the Qualification Board within the period specified in G.S. 143-151.13(c). An inspector holding one of the above certificates can be promoted to a position requiring a higher level certificate only upon issuance by the Board of a standard certificate or probationary certificate appropriate for such new position. (1977, c. 531, s. 6.)

§ 160A-412. Duties and responsibilities.

The duties and responsibilities of an inspection department and of the inspectors therein shall be to enforce within their territorial jurisdiction State and local laws relating to

- (1) The construction of buildings and other structures;
- (2) The installation of such facilities as plumbing systems, electrical systems, heating systems, refrigeration systems, and air-conditioning systems;
- (3) The maintenance of buildings and other structures in a safe, sanitary, and healthful condition;
- (4) Other matters that may be specified by the city council.

These duties shall include the receipt of applications for permits and the issuance or denial of permits, the making of any necessary inspections, the issuance or denial of certificates of compliance, the issuance of orders to correct violations, the bringing of judicial actions against actual or threatened violations, the keeping of adequate records, and any other actions that may be required in order adequately to enforce those laws. The city council shall have the authority to enact reasonable and appropriate provisions governing the enforcement of those laws. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

CASE NOTES

Plaintiff stated a claim for mandamus to compel town and zoning administrator to scrutinize alleged violations of zoning ordinance by alleging that zoning administrator failed to enforce the ordinance; plaintiff’s request that the alleged violations be corrected, the fact that she was an adjacent property owner subject to the same zoning restrictions, and the fact that she alleged special damages were sufficient to

assert her legal right to enforcement of the ordinance. *Midgett v. Pate*, 94 N.C. App. 498, 380 S.E.2d 572 (1989).

§ 160A-413. Joint inspection department; other arrangements.

A city council may enter into and carry out contracts with another city, county, or combination thereof under which the parties agree to create and support a joint inspection department for the enforcement of State and local laws specified in the agreement. The governing boards of the contracting parties are authorized to make any necessary appropriations for this purpose.

In lieu of a joint inspection department, a city council may designate an inspector from any other city or county to serve as a member of its inspection department with the approval of the governing body of the other city or county. A city may also contract with an individual who is not a city or county employee but who holds one of the applicable certificates as provided in G.S. 160A-411.1 or G.S. 153A-351.1 or with the employer of an individual who holds one of the applicable certificates as provided in G.S. 160A-411.1 or G.S. 153A-351.1. The inspector, if designated from another city or county under this section, shall, while exercising the duties of the position, be considered a municipal employee. The city shall have the same potential liability, if any, for inspections conducted by an individual who is not an employee of the city as it does for an individual who is an employee of the city. The company or individual with whom the city contracts shall have errors and omissions and other insurance coverage acceptable to the city.

The city council of any city may request the board of county commissioners of the county in which the city is located to direct one or more county building inspectors to exercise their powers within part or all of the city's jurisdiction, and they shall thereupon be empowered to do so until the city council officially withdraws its request in the manner provided in G.S. 160A-360(g). (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 64; 1993, c. 232, s. 3; 1999-372, s. 3; 2001-278, s. 2.)

§ 160A-414. Financial support.

The city council may appropriate for the support of the inspection department any funds that it deems necessary. It may provide for paying inspectors fixed salaries or it may reimburse them for their services by paying over part or all of any fees collected. It shall have power to fix reasonable fees for issuance of permits, inspections, and other services of the inspection department. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Statutorily Obligated Services to School System. — Any agreement between a county school system and a county or municipality which obligates the school system to pay the county or municipality "development charges" under the guise of consideration for services

which the county or municipality is statutorily obligated to provide would be null and void as contrary to legislative intent. See opinion of Attorney General to The Honorable J. Sam Ellis House of Representatives, 1998 N.C.A.G. 41 (10/13/98).

§ 160A-415. Conflicts of interest.

No member of an inspection department shall be financially interested or employed by a business that is financially interested in the furnishing of labor, material, or appliances for the construction, alteration, or maintenance of any building within the city's jurisdiction or any part or system thereof, or in the making of plans or specifications therefor, unless he is the owner of the building. No member of an inspection department or other individual or an employee of a company contracting with a city to conduct inspections shall engage in any work that is inconsistent with his or her duties or with the interest of the city, as determined by the city. The city must find a conflict of interest if any of the following is the case:

- (1) If the individual, company, or employee of a company contracting to perform inspections for the city has worked for the owner, developer, contractor, or project manager of the project to be inspected within the last two years.
- (2) If the individual, company, or employee of a company contracting to perform inspections for the city is closely related to the owner, developer, contractor, or project manager of the project to be inspected.
- (3) If the individual, company, or employee of a company contracting to perform inspections for the city has a financial or business interest in the project to be inspected.

The provisions of this section do not apply to a firefighter whose primary duties are fire suppression and rescue, but who engages in some fire inspection activities as a secondary responsibility of the firefighter's employment as a firefighter, except no firefighter may inspect any work actually done, or materials or appliances supplied, by the firefighter or the firefighter's business within the preceding six years. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1993, c. 232, s. 4; 1998-122, s. 1; 1999-372, s. 4.)

OPINIONS OF ATTORNEY GENERAL

Inspector Prohibited from Furnishing Labor and Materials Within City. — This section prohibits a plumbing and mechanical inspector from furnishing labor and materials for installation and repair of garage doors and

electric door openers within city's jurisdiction. See opinion of Attorney General to Mr. David A. Holec, Lumberton City Attorney, 51 N.C.A.G. 7 (1981).

§ 160A-416. Failure to perform duties.

If any member of an inspection department shall willfully fail to perform the duties required of him by law, or willfully shall improperly issue a permit, or shall give a certificate of compliance without first making the inspections required by law, or willfully shall improperly give a certificate of compliance, he shall be guilty of a Class 1 misdemeanor. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1993, c. 539, s. 1089; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 160A-417. Permits.

- (a) No person shall commence or proceed with:
 - (1) The construction, reconstruction, alteration, repair, movement to another site, removal, or demolition of any building or structure,
 - (2) The installation, extension, or general repair of any plumbing system,
 - (3) The installation, extension, alteration, or general repair of any heating or cooling equipment system, or

(4) The installation, extension, alteration, or general repair of any electrical wiring, devices, appliances, or equipment, without first securing from the inspection department with jurisdiction over the site of the work any and all permits required by the State Building Code and any other State or local laws applicable to the work. A permit shall be in writing and shall contain a provision that the work done shall comply with the State Building Code and all other applicable State and local laws. Nothing in this section shall require a city to review and approve residential building plans submitted to the city pursuant to Section R-110 of Volume VII of the North Carolina State Building Code; provided that the city may review and approve such residential building plans as it deems necessary. No permits shall be issued unless the plans and specifications are identified by the name and address of the author thereof, and if the General Statutes of North Carolina require that plans for certain types of work be prepared only by a registered architect or registered engineer, no permit shall be issued unless the plans and specifications bear the North Carolina seal of a registered architect or of a registered engineer. When any provision of the General Statutes of North Carolina or of any ordinance requires that work be done by a licensed specialty contractor of any kind, no permit for the work shall be issued unless the work is to be performed by such a duly licensed contractor. No permit issued under Articles 9 or 9C of Chapter 143 shall be required for any construction, installation, repair, replacement, or alteration costing five thousand dollars (\$5,000) or less in any single family residence or farm building unless the work involves: the addition, repair or replacement of load bearing structures; the addition (excluding replacement of same size and capacity) or change in the design of plumbing; the addition, replacement or change in the design of heating, air conditioning, or electrical wiring, devices, appliances, or equipment; the use of materials not permitted by the North Carolina Uniform Residential Building Code; or the addition (excluding replacement of like grade of fire resistance) of roofing. Violation of this section shall constitute a Class 1 misdemeanor.

(b) No permit shall be issued pursuant to subsection (a) for any land-disturbing activity, as defined in G.S. 113A-52(6), for any activity covered by G.S. 113A-57, unless an erosion and sedimentation control plan has been approved by the Sedimentation Pollution Control Commission pursuant to G.S. 113A-54(d)(4) or by a local government pursuant to G.S. 113A-61 for the site of the activity or a tract of land including the site of the activity. CASE NOTES

Editor's Note. — *Some of the cases cited below were decided under former G.S. 160-122 and prior similar provisions.*

As to necessity for owner to obtain a permit before constructing or repairing a building under former statutory provisions, see *State v. Eubanks*, 154 N.C. 628, 70 S.E. 466 (1911); *Warner v. W & O, Inc.*, 263 N.C. 37, 138 S.E.2d 782 (1964).

Effect of Issuance of Permit on Owner's Rights. — If a property owner, in good faith, makes expenditures in reliance on a building permit issued to him, his right to construct the building will be protected as an existing use upon later amendment of the municipal zoning regulations; however, the mere issuance of a building permit alone creates no property right in him, and he may not remain inactive and thereby deny the municipality the right to make needed changes in its ordinances. *Warner v. W & O, Inc.*, 263 N.C. 37, 138 S.E.2d 782 (1964).

Mandamus Held Proper Remedy. — Where a city, under an ordinance, with legislative authority in such matters, issued a permit to build an additional room to a residence, but thereafter recalled the permit pending the settlement of a dispute as to whether it would be situated upon an alley claimed to have been widened, upon the finding by the jury that the alley had not been widened and that the room would not be thereon, mandamus was the proper remedy, though the form of the issue was incorrect. *Clinard v. City of Winston-Salem*, 173 N.C. 356, 91 S.E. 1039 (1917).

Ordinance Held Void for Lack of Uniformity. — City ordinance providing that no person should erect within the city limits any house or building of any kind, or add to, improve or change any building, without first obtaining permission from the board of aldermen, was void, for the reason that it did not prescribe a uniform rule of action for governing the exercises of the discretion of the aldermen, but on the contrary, left the rights of property subject to their arbitrary discretion. *State v. Tenant*, 110 N.C. 609, 14 S.E. 387 (1892).

Negligence Actionable Only if Proximate Cause of Injury. — Although the violation of a statute which imposes a duty upon the city building inspector in order to promote the safety of the public, including the plaintiffs, may be negligence per se, such negligence is actionable only if it is the proximate cause of injury to the plaintiff. *Lynn v. Overlook Dev.*, 328 N.C. 689, 403 S.E.2d 469 (1991).

Permit issued to respondent was not a building permit under § 160A-385(b) although the zoning administrator stated that the permit that was issued to respondent was the equivalent of a building permit where the permit did not contain the compliance provision required by this section and in the notice sent to adjoining property owners, the zoning administrator referred to respondent's permit as a "zoning permit." *Simpson v. City of Charlotte*, 115 N.C. App. 51, 443 S.E.2d 772 (1994).

§ 160A-418. Time limitations on validity of permits.

A permit issued pursuant to G.S. 160A-417 shall expire by limitation six months, or any lesser time fixed by ordinance of the city council, after the date of issuance if the work authorized by the permit has not been commenced. If after commencement the work is discontinued for a period of 12 months, the permit therefor shall immediately expire. No work authorized by any permit that has expired shall thereafter be performed until a new permit has been secured. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-419. Changes in work.

After a permit has been issued, no changes or deviations from the terms of the application, plans and specifications, or the permit, except where changes or deviations are clearly permissible under the State Building Code, shall be made until specific written approval of proposed changes or deviations has been obtained from the inspection department. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-420. Inspections of work in progress.

As the work pursuant to a permit progresses, local inspectors shall make as many inspections thereof as may be necessary to satisfy them that the work is

being done according to the provisions of any applicable State and local laws and of the terms of the permit. In exercising this power, members of the inspection department shall have a right to enter on any premises within the jurisdiction of the department at all reasonable hours for the purposes of inspection or other enforcement action, upon presentation of proper credentials. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

tion equipment designed or intended to meet the State Building Code requirements for insulation and energy utilization standards, see G.S. 143-151.32.

CASE NOTES

Inspector's Negligence Actionable Only If Proximate Cause of Injury. — Although the violation of a statute which imposes a duty upon the city building inspector in order to promote the safety of the public, including the plaintiffs, may be negligence per se, such negligence is actionable only if it is the proximate cause of injury to the plaintiff. *Lynn v. Overlook Dev.*, 328 N.C. 689, 403 S.E.2d 469 (1991).

Notice of Necessary Inspections Required. — This section only requires that the building inspector make inspections of work in progress when "necessary." This section and the

Building Code contemplate that the permit holder or his agent will notify the inspection department that the work for the necessary inspections is ready, and where plaintiffs have not alleged that the city building inspector was notified or that he failed to make any "necessary" inspections, plaintiffs' allegations did not state a claim upon which relief can be granted. *Lynn v. Overlook Dev.*, 328 N.C. 689, 403 S.E.2d 469 (1991).

§ 160A-421. Stop orders.

(a) Whenever any building or structure or part thereof is being demolished, constructed, reconstructed, altered, or repaired in a hazardous manner, or in substantial violation of any State or local building law, or in a manner that endangers life or property, the appropriate inspector may order the specific part of the work that is in violation or presents such a hazard to be immediately stopped. The stop order shall be in writing, directed to the person doing the work, and shall state the specific work to be stopped, the specific reasons therefor, and the conditions under which the work may be resumed.

(b) The owner or builder may appeal from a stop order involving alleged violation of the State Building Code or any approved local modification thereof to the North Carolina Commissioner of Insurance or his designee within a period of five days after the order is issued. Notice of appeal shall be given in writing to the Commissioner of Insurance or his designee, with a copy to the local inspector. The Commissioner of Insurance or his designee shall promptly conduct an investigation and the appellant and the inspector shall be permitted to submit relevant evidence. The Commissioner of Insurance or his designee shall as expeditiously as possible provide a written statement of the decision setting forth the facts found, the decision reached, and the reasons for the decision. Pending the ruling by the Commissioner of Insurance or his designee on an appeal no further work shall take place in violation of a stop order. In the event of dissatisfaction with the decision, the person affected shall have the options of:

(1) Appealing to the Building Code Council, or

(2) Appealing to the Superior Court as provided in G.S. 143-141.

(c) The owner or builder may appeal from a stop order involving alleged violation of a local zoning ordinance by giving notice of appeal in writing to the board of adjustment. The appeal shall be heard and decided within the period

established by the ordinance, or if none is specified, within a reasonable time. No further work shall take place in violation of a stop order pending a ruling.

(d) Violation of a stop order shall constitute a Class 1 misdemeanor. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1983, c. 377, s. 5; 1989, c. 681, s. 6; 1991, c. 512, s. 3; 1993, c. 539, s. 1091; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 160A-422. Revocation of permits.

The appropriate inspector may revoke and require the return of any permit by notifying the permit holder in writing stating the reason for the revocation. Permits shall be revoked for any substantial departure from the approved application, plans, or specifications; for refusal or failure to comply with the requirements of any applicable State or local laws; or for false statements or misrepresentations made in securing the permit. Any permit mistakenly issued in violation of an applicable State or local law may also be revoked. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-423. Certificates of compliance.

At the conclusion of all work done under a permit, the appropriate inspector shall make a final inspection, and if he finds that the completed work complies with all applicable State and local laws and with the terms of the permit, he shall issue a certificate of compliance. No new building or part thereof may be occupied, and no addition or enlargement of an existing building may be occupied, and no existing building that has been altered or moved may be occupied, until the inspection department has issued a certificate of compliance. A temporary certificate of compliance may be issued permitting occupancy for a stated period of specified portions of the building that the inspector finds may safely be occupied prior to final completion of the entire building. Violation of this section shall constitute a Class 1 misdemeanor. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 66; 1993, c. 539, s. 1092; 1994, Ex. Sess., c. 24, s. 14(c).)

quirements for insulation and energy utilization standards, see G.S. 143-151.32.

§ 160A-424. Periodic inspections.

The inspection department shall make periodic inspections, subject to the council’s directions, for unsafe, unsanitary, or otherwise hazardous and unlawful conditions in structures within its territorial jurisdiction. In addition, it shall make inspections when it has reason to believe that such conditions may exist in a particular structure. In exercising this power, members of the department shall have a right to enter on any premises within the jurisdiction of the department at all reasonable hours for the purposes of inspection or

other enforcement action, upon presentation of proper credentials. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-425. Defects in buildings to be corrected.

When a local inspector finds any defects in a building, or finds that the building has not been constructed in accordance with the applicable State and local laws, or that a building because of its condition is dangerous or contains fire hazardous conditions, it shall be his duty to notify the owner or occupant of the building of its defects, hazardous conditions, or failure to comply with law. The owner or occupant shall each immediately remedy the defects, hazardous conditions, or violations of law in the property he owns. CASE NOTES

Violations of Section Are Negligence Per Se. — Since the obvious purpose of this statute is to protect the lives and limbs of occupants of the buildings affected, and the Legislature has not provided otherwise, violations of it are negligence per se. *Jackson v. Housing Auth.*, 73

§ 160A-425.1. Unsafe buildings condemned in certain localities.

(a) Residential Building and Nonresidential Building or Structure. — Every building that shall appear to the inspector to be especially dangerous to life because of its liability to fire or because of bad condition of walls, overloaded floors, defective construction, decay, unsafe wiring or heating system, inadequate means of egress, or other causes, shall be held to be unsafe, and the inspector shall affix a notice of the dangerous character of the structure to a conspicuous place on the exterior wall of the building.

(b) Residential Building and Nonresidential Building or Structure. — In addition to the authority granted in subsection (a) of this section, an inspector may declare a residential building or nonresidential building or structure within a community development target area to be unsafe if it meets both of the following conditions:

- (1) It appears to the inspector to be vacant or abandoned.
- (2) It appears to the inspector to be in such dilapidated condition as to cause or contribute to blight, disease, vagrancy, fire or safety hazard, to be a danger to children, or to tend to attract persons intent on criminal activities or other activities that would constitute a public nuisance.

(c) If an inspector declares a residential building or nonresidential building or structure to be unsafe under subsection (b) of this section, the inspector must affix a notice of the unsafe character of the structure to a conspicuous place on the exterior wall of the building. For the purposes of this section, the term "community development target area" means an area that has characteristics of an urban progress zone under G.S. 143B-437.09, a "nonresidential redevelopment area" under G.S. 160A-503(10), or an area with similar characteristics designated by the city council as being in special need of revitalization for the benefit and welfare of its citizens.

(d) This section applies to the Cities of Clinton, Durham, Fayetteville, Goldsboro, High Point, Lumberton, and Whiteville, and the Towns of Garner,

Franklin, Hope Mills, Louisburg, and Spring Lake only. (1905, c. 506, s. 15; Rev., s. 3010; 1915, c. 192, s. 15; C.S., s. 2773; 1929, c. 199, s. 1; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2000-164, s. 1; 2001-386, s. 1; 2002-118, s. 1; 2003-23, s. 1; 2003-42, s. 1; 2004-6, s. 1; 2006-116, s. 3; 2006-252, s. 2.18; 2007-216, s. 1.)

Editor's Note. — At the direction of the Revisor of Statutes, local modifications to G.S. 160A-426 have been codified as this section.

The historical citation from G.S. 160A-426 has been added to this section at the direction of the Revisor of Statutes.

Effect of Amendments. — Session Laws 2006-116, s. 3, effective July 13, 2006, substituted "Lumberton, and Whiteville" for "and Lumberton" in subsection (d).

Session Laws 2006-252, s. 2.18, effective January 1, 2007, substituted "an urban progress zone under G.S. 143B-437.09" for "a development zone under G.S. 105-129.3A" in the second sentence of subsection (c).

Session Laws 2007-216, s. 1, effective July 12, 2007, in subsection (d), inserted "Louisburg," and made a minor stylistic change.

§ 160A-426. Unsafe buildings condemned in other localities.

(a) Residential Building and Nonresidential Building or Structure. — Every building that shall appear to the inspector to be especially dangerous to life because of its liability to fire or because of bad condition of walls, overloaded floors, defective construction, decay, unsafe wiring or heating system, inadequate means of egress, or other causes, shall be held to be unsafe, and the inspector shall affix a notice of the dangerous character of the structure to a conspicuous place on the exterior wall of the building.

(b) Nonresidential Building or Structure. — In addition to the authority granted in subsection (a) of this section, an inspector may declare a nonresidential building or structure within a community development target area to be unsafe if it meets both of the following conditions:

- (1) It appears to the inspector to be vacant or abandoned.
- (2) It appears to the inspector to be in such dilapidated condition as to cause or contribute to blight, disease, vagrancy, fire or safety hazard, to be a danger to children, or to tend to attract persons intent on criminal activities or other activities that would constitute a public nuisance.

(c) If an inspector declares a nonresidential building or structure to be unsafe under subsection (b) of this section, the inspector must affix a notice of the unsafe character of the structure to a conspicuous place on the exterior wall of the building. For the purposes of this section, the term "community development target area" means an area that has characteristics of an urban progress zone under G.S. 143B-437.09, a "nonresidential redevelopment area" under G.S. 160A-503(10), or an area with similar characteristics designated by the city council as being in special need of revitalization for the benefit and welfare of its citizens. Editor's Note. — At the direction of the Revisor of Statutes, local modifications to this section have been codified as G.S. 160A-425.1.

Effect of Amendments. — Session Laws 2006-252, s. 2.19, effective January 1, 2007,

substituted "an urban progress zone under G.S. 143B-437.09" for "a development zone under G.S. 105-129.3A" in the second sentence of subsection (c).

§ 160A-427. Removing notice from condemned building.

If any person shall remove any notice that has been affixed to any building or structure by a local inspector of any municipality and that states the dangerous character of the building or structure, he shall be guilty of a Class 1 misdemeanor. (1905, c. 506, s. 15; Rev., s. 3799; C.S., s. 2775; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1993, c. 539, s. 1093; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 160A-428. Action in event of failure to take corrective action.

If the owner of a building or structure that has been condemned as unsafe pursuant to G.S. 160A-425.1 or G.S. 160A-426 shall fail to take prompt corrective action, the local inspector shall give him written notice, by certified or registered mail to his last known address or by personal service,

- (1) That the building or structure is in a condition that appears to meet one or more of the following conditions:
 - a. Constitutes a fire or safety hazard.
 - b. Is dangerous to life, health, or other property.
 - c. Is likely to cause or contribute to blight, disease, vagrancy, or danger to children.
 - d. Has a tendency to attract persons intent on criminal activities or other activities which would constitute a public nuisance.
- (2) That a hearing will be held before the inspector at a designated place and time, not later than 10 days after the date of the notice, at which time the owner shall be entitled to be heard in person or by counsel and to present arguments and evidence pertaining to the matter; and
- (3) That following the hearing, the inspector may issue such order to repair, close, vacate, or demolish the building or structure as appears appropriate.

If the name or whereabouts of the owner cannot after due diligence be discovered, the notice shall be considered properly and adequately served if a copy thereof is posted on the outside of the building or structure in question at least 10 days prior to the hearing and a notice of the hearing is published in a newspaper having general circulation in the city at least once not later than one week prior to the hearing. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2000-164, s. 2.)

§ 160A-429. Order to take corrective action.

If, upon a hearing held pursuant to the notice prescribed in G.S. 160A-428, the inspector shall find that the building or structure is in a condition that constitutes a fire or safety hazard or renders it dangerous to life, health, or other property, he shall make an order in writing, directed to the owner of such building or structure, requiring the owner to remedy the defective conditions by repairing, closing, vacating, or demolishing the building or structure or taking other necessary steps, within such period, not less than 60 days, as the inspector may prescribe; provided, that where the inspector finds that there is imminent danger to life or other property, he may order that corrective action be taken in such lesser period as may be feasible. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 68; 1977, c. 912, s. 13.)

CASE NOTES

Demolition of Building Properly Ordered. — A municipality complied with the procedures set forth in G.S. 160A-424 to 160A-429 prior to ordering the demolition of a building where (1) the municipality's code enforcement official conducted an inspection of the property based on reason to believe the property was in dangerous condition and, upon inspection, found the property to be unsafe and posted notice of the dangerous character of the property, (2) after nearly a full month passed and no corrective action was taken, the official sent the plaintiffs a notice of hearing, (3) the official then held a hearing and determined that the property should be demolished, based on the length of time the property had been in unsafe condition and the unlikelihood that the plaintiffs would actually take sufficient steps to

improve the property, and (4) the order was appealed and affirmed after two separate hearings. *Coffey v. Town of Waynesville*, 143 N.C. App. 624, 547 S.E.2d 132, 2001 N.C. App. LEXIS 348 (2001).

Standard of Review. — In reviewing a municipality's decision ordering demolition of a building, if the petitioner contends that the decision was based on an error of law, de novo review is the proper standard of review, but if the petitioner contends the decision was not supported by the evidence or was arbitrary and capricious, then the reviewing court must apply the whole record test. *Coffey v. Town of Waynesville*, 143 N.C. App. 624, 547 S.E.2d 132, 2001 N.C. App. LEXIS 348 (2001).

§ 160A-430. Appeal; finality of order if not appealed.

Any owner who has received an order under G.S. 160A-429 may appeal from the order to the city council by giving notice of appeal in writing to the inspector and to the city clerk within 10 days following issuance of the order. In the absence of an appeal, the order of the inspector shall be final. The city council shall hear and render a decision in an appeal within a reasonable time. The city council may affirm, modify and affirm, or revoke the order. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 69; 2000-164, s. 4.)

§ 160A-431. Failure to comply with order.

If the owner of a building or structure fails to comply with an order issued pursuant to G.S. 160A-429 from which no appeal has been taken, or fails to comply with an order of the city council following an appeal, he shall be guilty of a Class 1 misdemeanor. § 160A-432. Enforcement.

(a) [Action Authorized.] — Whenever any violation is denominated a misdemeanor under the provisions of this Part, the city, either in addition to or in lieu of other remedies, may initiate any appropriate action or proceedings to prevent, restrain, correct, or abate the violation or to prevent the occupancy of the building or structure involved.

(a1) [Removal of Building: Certain Localities.] — In the case of a residential building or nonresidential building or structure declared unsafe under G.S. 160A-425.1, a city may, in lieu of taking action under subsection (a), cause the building or structure to be removed or demolished. The amounts incurred by the city in connection with the removal or demolition shall be a lien against the real property upon which the cost was incurred. The lien shall be filed, have the same priority, and be collected in the same manner as liens for special assessments provided in Article 10 of this Chapter. If the building or structure is removed or demolished by the city, the city shall sell the usable materials of the building and any personal property, fixtures, or appurtenances found in or attached to the building. The city shall credit the proceeds of the sale against the cost of the removal or demolition. Any balance remaining from the sale shall be deposited with the clerk of superior court of the county where the property is located and shall be disbursed by the court to the person found to be entitled thereto by final order or decree of the court.

This subsection applies to the Cities of Clinton, Durham, Fayetteville, Goldsboro, High Point, and Lumberton, and the Towns of Garner, Franklin, Hope Mills, Louisburg, and Spring Lake.

(b) [Removal of Building: Other Localities.] — In the case of a nonresidential building or structure declared unsafe under G.S. 160A-426, a city may, in lieu of taking action under subsection (a), cause the building or structure to be removed or demolished. The amounts incurred by the city in connection with the removal or demolition shall be a lien against the real property upon which the cost was incurred. The lien shall be filed, have the same priority, and be collected in the same manner as liens for special assessments provided in Article 10 of this Chapter. If the building or structure is removed or demolished by the city, the city shall sell the usable materials of the building and any personal property, fixtures, or appurtenances found in or attached to the building. The city shall credit the proceeds of the sale against the cost of the removal or demolition. Any balance remaining from the sale shall be deposited with the clerk of superior court of the county where the property is located and shall be disbursed by the court to the person found to be entitled thereto by final order or decree of the court.

(b1) Additional Lien. — The amounts incurred by the city in connection with the removal or demolition shall also be a lien against any other real property owned by the owner of the building or structure and located within the city limits or within one mile of the city limits, except for the owner's primary residence. The provisions of subsection (b) of this section apply to this additional lien, except that this additional lien is inferior to all prior liens and shall be collected as a money judgment.

(c) [Nonexclusive Remedy.] — Nothing in this section shall be construed to impair or limit the power of the city to define and declare nuisances and to cause their removal or abatement by summary proceedings, or otherwise. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2000-164, s. 3; 2001-386, s. 2; 2001-448, s. 2; 2002-118, s. 2; 2003-23, s. 1; 2003-42, s. 1; 2004-6, s. 1; 2007-216, s. 2.)

Editor's Note. — At the direction of the Revisor of Statutes, local modifications to G.S. 160A-432(b) have been codified as subsection (a1) of this section. The historical citation has been updated with modifying statutes at the

direction of the Revisor of Statutes.

Effect of Amendments. — Session Laws 2007-216, s. 2, effective July 12, 2007, inserted "Louisburg" in the second paragraph of subsection (a1).

§ 160A-433. Records and reports.

The inspection department shall keep complete and accurate records in convenient form of all applications received, permits issued, inspections and reinspections made, defects found, certificates of compliance granted, and all other work and activities of the department. These records shall be kept in the manner and for the periods prescribed by the North Carolina Department of Cultural Resources. Periodic reports shall be submitted to the city council and to the Commissioner of Insurance as they shall by ordinance, rule, or regulation require. (1905, c. 506, ss. 30, 31; Rev., ss. 3004, 3005; 1915, c. 192, s. 12; C.S., ss. 2766, 2767; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1983, c. 377, s. 7.)

§ 160A-434. Appeals in general.

Unless otherwise provided by law, appeals from any order, decision, or determination by a member of a local inspection department pertaining to the State Building Code or other State building laws shall be taken to the Commissioner of Insurance or his designee or other official specified in G.S. 143-139, by filing a written notice with him and with the inspection department within a period of 10 days after the order, decision, or determination. Further appeals may be taken to the State Building Code Council or to the courts as provided by law. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1989, c. 681, s. 7A.)

§ 160A-435. Establishment of fire limits.

The city council of every incorporated city shall pass one or more ordinances establishing and defining fire limits, which shall include the principal business portions of the city and which shall be known as primary fire limits. In addition, the council may, in its discretion, establish and define one or more separate areas within the city as secondary fire limits. (1905, c. 506, s. 7; Rev., s. 2985; 1917, c. 136, subch. 8, s. 2; C.S., ss. 2746, 2802; 1961, c. 240; 1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

CASE NOTES

The courts will not pass upon the reasonableness of fire limits established by an incorporated town under authority conferred by the legislature, at least where the limits established appear to be reasonable and without palpable oppression or injustice. *State v. Lawing*, 164 N.C. 492, 80 S.E. 69 (1913), decided under former similar provisions.

Liability for Torts of Officers. — A municipality was not immune from liability for the torts of defendant officers to the extent of defendant town's liability insurance. *Davis v. Town of Southern Pines*, 116 N.C. App. 663, 449 S.E.2d 240 (1994), cert. denied, 339 N.C. 737, 454 S.E.2d 648 (1995).

§ 160A-436. Restrictions within primary fire limits.

Within the primary fire limits of any city, as established and defined by ordinance, no frame or wooden building or structure or addition thereto shall hereafter be erected, altered, repaired, or moved (either into the limits or from one place to another within the limits), except upon the permit of the local inspection department approved by the city council and by the Commissioner of Insurance or his designee. The city council may make additional regulations for the prevention, extinguishment, or mitigation of fires within the primary fire limits. (1905, c. 506, s. 8; Rev., s. 2988; 1915, c. 192, s. 5; C.S., s. 2750; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1989, c. 681, s. 8.)

CASE NOTES

Reasonableness of Ordinances. — While it might be unreasonable to prohibit even the slightest repairs to wooden buildings standing within the fire limits prior to the passage of a statute or ordinance establishing such limits, the power to prevent repairs is delegated and presumably exercised for the protection of property; hence, where a wooden structure within the bounds is partially destroyed by fire already, it is not unreasonable to require a new

roof to be made of material less liable to combustion, or to forbid the repairs altogether when the damage to the building is serious, and to that end to compel the owners to give notice to the town authorities of their purpose to repair, and of the character of the contemplated work. *State v. Johnson*, 114 N.C. 846, 19 S.E. 599 (1894), decided under former similar provisions.

§ 160A-437. Restriction within secondary fire limits.

Within any secondary fire limits of any city or town, as established and defined by ordinance, no frame or wooden building or structure or addition thereto shall be erected, altered, repaired, or moved except in accordance with any rules and regulations established by ordinance of the areas. (1905, c. 506, s. 8; Rev., s. 2988; 1915, c. 192, s. 5; C.S., s. 2750; 1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-438. Failure to establish primary fire limits.

If the council of any city shall fail or refuse to establish and define the primary fire limits of the city as required by law, after having such failure or refusal called to their attention in writing by the State Commissioner of Insurance, the Commissioner shall have the power to establish the limits upon making a determination that they are necessary and in the public interest. (1905, c. 506, s. 7; Rev., s. 3608; C.S., s. 2747; 1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-439. Ordinance authorized as to repair, closing, and demolition of nonresidential buildings or structures; order of public officer.

(a) Authority. — The governing body of the city may adopt and enforce ordinances relating to nonresidential buildings or structures that fail to meet minimum standards of maintenance, sanitation, and safety established by the governing body. The minimum standards shall address only conditions that are dangerous and injurious to public health, safety, and welfare and identify circumstances under which a public necessity exists for the repair, closing, or

demolition of such buildings or structures. The ordinance shall provide for designation or appointment of a public officer to exercise the powers prescribed by the ordinance, in accordance with the procedures specified in this section. Such ordinance shall only be applicable within the corporate limits of the city.

(b) Investigation. — Whenever it appears to the public officer that any nonresidential building or structure has not been properly maintained so that the safety or health of its occupants or members of the general public are jeopardized for failure of the property to meet the minimum standards established by the governing body, the public officer shall undertake a preliminary investigation. If entry upon the premises for purposes of investigation is necessary, such entry shall be made pursuant to a duly issued administrative search warrant in accordance with G.S. 15-27.2 or with permission of the owner, the owner's agent, a tenant, or other person legally in possession of the premises.

(c) Complaint and Hearing. — If the preliminary investigation discloses evidence of a violation of the minimum standards, the public officer shall issue and cause to be served upon the owner of and parties in interest in the nonresidential building or structure a complaint. The complaint shall state the charges and contain a notice that a hearing will be held before the public officer (or his or her designated agent) at a place within the county scheduled not less than 10 days nor more than 30 days after the serving of the complaint; that the owner and parties in interest shall be given the right to answer the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint; and that the rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the public officer.

(d) Order. — If, after notice and hearing, the public officer determines that the nonresidential building or structure has not been properly maintained so that the safety or health of its occupants or members of the general public is jeopardized for failure of the property to meet the minimum standards established by the governing body, the public officer shall state in writing findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order. The order may require the owner to take remedial action, within a reasonable time specified, subject to the procedures and limitations herein.

(e) Limitations on Orders. —

- (1) An order may require the owner to repair, alter, or improve the nonresidential building or structure in order to bring it into compliance with the minimum standards established by the governing body or to vacate and close the nonresidential building or structure for any use.
- (2) An order may require the owner to remove or demolish the nonresidential building or structure if the cost of repair, alteration, or improvement of the building or structure would exceed fifty percent (50%) of its then current value. Notwithstanding any other provision of law, if the nonresidential building or structure is designated as a local historic landmark, listed in the National Register of Historic Places, or located in a locally designated historic district or in a historic district listed in the National Register of Historic Places and the governing body determines, after a public hearing as provided by ordinance, that the nonresidential building or structure is of individual significance or contributes to maintaining the character of the district, and the nonresidential building or structure has not been condemned as unsafe, the order may require that the nonresidential building or structure be vacated and closed until it is brought into compliance with the minimum standards established by the governing body.

- (3) An order may not require repairs, alterations, or improvements to be made to vacant manufacturing facilities or vacant industrial warehouse facilities to preserve the original use. The order may require such building or structure to be vacated and closed, but repairs may be required only when necessary to maintain structural integrity or to abate a health or safety hazard that cannot be remedied by ordering the building or structure closed for any use.
- (f) Action by Governing Body Upon Failure to Comply With Order. —
- (1) If the owner fails to comply with an order to repair, alter, or improve or to vacate and close the nonresidential building or structure, the governing body may adopt an ordinance ordering the public officer to proceed to effectuate the purpose of this section with respect to the particular property or properties that the public officer found to be jeopardizing the health or safety of its occupants or members of the general public. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the office of the register of deeds and shall be indexed in the name of the property owner or owners in the grantor index. Following adoption of an ordinance, the public officer may cause the building or structure to be repaired, altered, or improved or to be vacated and closed. The public officer may cause to be posted on the main entrance of any nonresidential building or structure so closed a placard with the following words: "This building is unfit for any use; the use or occupation of this building for any purpose is prohibited and unlawful." Any person who occupies or knowingly allows the occupancy of a building or structure so posted shall be guilty of a Class 3 misdemeanor.
- (2) If the owner fails to comply with an order to remove or demolish the nonresidential building or structure, the governing body may adopt an ordinance ordering the public officer to proceed to effectuate the purpose of this section with respect to the particular property or properties that the public officer found to be jeopardizing the health or safety of its occupants or members of the general public. No ordinance shall be adopted to require demolition of a nonresidential building or structure until the owner has first been given a reasonable opportunity to bring it into conformity with the minimum standards established by the governing body. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the office of the register of deeds and shall be indexed in the name of the property owner or owners in the grantor index. Following adoption of an ordinance, the public officer may cause the building or structure to be removed or demolished.
- (g) Action by Governing Body Upon Abandonment of Intent to Repair. — If the governing body has adopted an ordinance or the public officer has issued an order requiring the building or structure to be repaired or vacated and closed and the building or structure has been vacated and closed for a period of two years pursuant to the ordinance or order, the governing body may make findings that the owner has abandoned the intent and purpose to repair, alter, or improve the building or structure and that the continuation of the building or structure in its vacated and closed status would be inimical to the health, safety, and welfare of the municipality in that it would continue to deteriorate, would create a fire or safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, or would cause or contribute to blight and the deterioration of property values in the area. Upon such findings, the governing body may, after the expiration of the two-year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

- (1) If the cost to repair the nonresidential building or structure to bring it into compliance with the minimum standards is less than or equal to fifty percent (50%) of its then current value, the ordinance shall require that the owner either repair or demolish and remove the building or structure within 90 days; or
- (2) If the cost to repair the nonresidential building or structure to bring it into compliance with the minimum standards exceeds fifty percent (50%) of its then current value, the ordinance shall require the owner to demolish and remove the building or structure within 90 days.

In the case of vacant manufacturing facilities or vacant industrial warehouse facilities, the building or structure must have been vacated and closed pursuant to an order or ordinance for a period of five years before the governing body may take action under this subsection. The ordinance shall be recorded in the office of the register of deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with the ordinance, the public officer shall effectuate the purpose of the ordinance.

(h) Service of Complaints and Orders. — Complaints or orders issued by a public officer pursuant to an ordinance adopted under this section shall be served upon persons either personally or by registered or certified mail so long as the means used are reasonably designed to achieve actual notice. When service is made by registered or certified mail, a copy of the complaint or order may also be sent by regular mail. Service shall be deemed sufficient if the registered or certified mail is refused, but the regular mail is not returned by the post office within 10 days after the mailing. If regular mail is used, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected. If the identities of any owners or the whereabouts of persons are unknown and cannot be ascertained by the public officer in the exercise of reasonable diligence, and the public officer makes an affidavit to that effect, the serving of the complaint or order upon the owners or other persons may be made by publication in a newspaper having general circulation in the city at least once no later than the time that personal service would be required under this section. When service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected.

(i) Liens. —

- (1) The amount of the cost of repairs, alterations, or improvements, or vacating and closing, or removal or demolition by the public officer shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in Article 10 of Chapter 160A of the General Statutes.
- (2) If the real property upon which the cost was incurred is located in an incorporated city, the amount of the costs is also a lien on any other real property of the owner located within the city limits except for the owner's primary residence. The additional lien provided in this subdivision is inferior to all prior liens and shall be collected as a money judgment.
- (3) If the nonresidential building or structure is removed or demolished by the public officer, he or she shall offer for sale the recoverable materials of the building or structure and any personal property, fixtures, or appurtenances found in or attached to the building or structure and shall credit the proceeds of the sale, if any, against the cost of the removal or demolition, and any balance remaining shall be deposited in the superior court by the public officer, shall be secured in a manner directed by the court, and shall be disbursed by the court to the persons found to be entitled thereto by final order or decree of the

court. Nothing in this section shall be construed to impair or limit in any way the power of the governing body to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise.

(j) Ejectment. — If any occupant fails to comply with an order to vacate a nonresidential building or structure, the public officer may file a civil action in the name of the city to remove the occupant. The action to vacate shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any person occupying the nonresidential building or structure. The clerk of superior court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date, and place not to exceed 10 days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served and if at the hearing the public officer produces a certified copy of an ordinance adopted by the governing body pursuant to subsection (f) of this section to vacate the occupied nonresidential building or structure, the magistrate shall enter judgment ordering that the premises be vacated and all persons be removed. The judgment ordering that the nonresidential building or structure be vacated shall be enforced in the same manner as the judgment for summary ejectment entered under G.S. 42-30. An appeal from any judgment entered under this subsection by the magistrate may be taken as provided in G.S. 7A-228, and the execution of the judgment may be stayed as provided in G.S. 7A-227. An action to remove an occupant of a nonresidential building or structure who is a tenant of the owner may not be in the nature of a summary ejectment proceeding pursuant to this subsection unless the occupant was served with notice, at least 30 days before the filing of the summary ejectment proceeding, that the governing body has ordered the public officer to proceed to exercise his duties under subsection (f) of this section to vacate and close or remove and demolish the nonresidential building or structure.

(k) Civil Penalty. — The governing body may impose civil penalties against any person or entity that fails to comply with an order entered pursuant to this section. However, the imposition of civil penalties shall not limit the use of any other lawful remedies available to the governing body for the enforcement of any ordinances adopted pursuant to this section.

(l) Powers Supplemental. — The powers conferred by this section are supplemental to the powers conferred by any other law. An ordinance adopted by the governing body may authorize the public officer to exercise any powers necessary or convenient to carry out and effectuate the purpose and provisions of this section, including the following powers in addition to others herein granted:

- (1) To investigate nonresidential buildings and structures in the city to determine whether they have been properly maintained in compliance with the minimum standards so that the safety or health of the occupants or members of the general public are not jeopardized.
- (2) To administer oaths, affirmations, examine witnesses, and receive evidence.
- (3) To enter upon premises pursuant to subsection (b) of this section for the purpose of making examinations in a manner that will do the least possible inconvenience to the persons in possession.
- (4) To appoint and fix the duties of officers, agents, and employees necessary to carry out the purposes of the ordinances adopted by the governing body.
- (5) To delegate any of his or her functions and powers under the ordinance to other officers and agents.

(m) Appeals. — The governing body may provide that appeals may be taken from any decision or order of the public officer to the city's housing appeals board or zoning board of adjustment. Any person aggrieved by a decision or order of the public officer shall have the remedies provided in G.S. 160A-446.

(n) Funding. — The governing body is authorized to make appropriations from its revenues necessary to carry out the purposes of this section and may accept and apply grants or donations to assist in carrying out the provisions of the ordinances adopted by the governing body.

(o) No Effect on Just Compensation for Taking by Eminent Domain. — Nothing in this section shall be construed as preventing the owner or owners of any property from receiving just compensation for the taking of property by the power of eminent domain under the laws of this State, nor as permitting any property to be condemned or destroyed except in accordance with the police power of the State.

(p) Definitions. —

- (1) "Parties in interest" means all individuals, associations, and corporations who have interests of record in a nonresidential building or structure and any who are in possession thereof.
- (2) "Vacant industrial warehouse" means any building or structure designed for the storage of goods or equipment in connection with manufacturing processes, which has not been used for that purpose for at least one year and has not been converted to another use.
- (3) "Vacant manufacturing facility" means any building or structure previously used for the lawful production or manufacturing of goods, which has not been used for that purpose for at least one year and has not been converted to another use. (2007-414, s. 1.)

Editor's Note. — The definitions in subsection (p) were redesignated at the direction of the Revisor of Statutes to preserve alphabetical order.

Session Laws 2007-414, s. 3, made this section effective August 21, 2007.

§ 160A-440: Reserved for future codification purposes.

Part 6. Minimum Housing Standards.

§ 160A-441. Exercise of police power authorized.

It is hereby found and declared that the existence and occupation of dwellings in this State that are unfit for human habitation are inimical to the welfare and dangerous and injurious to the health, safety and morals of the people of this State, and that a public necessity exists for the repair, closing or demolition of such dwellings. Whenever any city or county of this State finds that there exists in the city or county dwellings that are unfit for human habitation due to dilapidation, defects increasing the hazards of fire, accidents or other calamities, lack of ventilation, light or sanitary facilities, or due to other conditions rendering the dwellings unsafe or unsanitary, or dangerous or detrimental to the health, safety, morals, or otherwise inimical to the welfare of the residents of the city or county, power is hereby conferred upon the city or county to exercise its police powers to repair, close or demolish the dwellings in the manner herein provided. No ordinance enacted by the governing body of a county pursuant to this Part shall be applicable within the corporate limits of any city unless the city council of the city has by resolution expressly given its approval thereto.

In addition to the exercise of police power authorized herein, any city may by ordinance provide for the repair, closing or demolition of any abandoned

structure which the city council finds to be a health or safety hazard as a result of the attraction of insects or rodents, conditions creating a fire hazard, dangerous conditions constituting a threat to children or frequent use by vagrants as living quarters in the absence of sanitary facilities. Such ordinance, if adopted, may provide for the repair, closing or demolition of such structure pursuant to the same provisions and procedures as are prescribed herein for the repair, closing or demolition of dwellings found to be unfit for human habitation. CASE NOTES

Editor's Note. — *Some of the cases cited below were decided under former statutory provisions.*

Constitutionality Generally. — It is not unconstitutional for a municipality to take upon itself a duty to see that repairs to buildings within its domain will be made in such manner as will prevent fire and structural hazards. This duty it is bound to exercise to protect the safety and health of the general public. To require a permit in order to implement such reasonable supervision is not in violation of any provision of the Constitution of the United States. *Walker v. North Carolina*, 262 F. Supp. 102 (W.D.N.C. 1966), cert. denied, 388 U.S. 917, 87 S. Ct. 2134, 18 L. Ed. 2d 1360 (1967), aff'd, 372 F.2d 129 (4th Cir.)

Unconstitutional Action by Municipality. — An action by a municipality, pursuant to an ordinance adopted under the authority of former G.S. 160-182, in ordering the demolition of a dwelling house without compensation to the owner thereof, and in charging the expense of demolition to the owner upon his failure to demolish the house himself, such action being based upon findings by the city building inspector that the house was unfit for human habitation and that the repairs necessary to bring the house into conformity with the housing code would cost 60% or more of the present value of the house, was violative of the law of the land clause of the State Constitution, where (1) the house could be repaired so as to comply with the housing code, and (2) the owner was not afforded a reasonable opportunity to repair the house. *Horton v. Gullledge*, 277 N.C. 353, 177 S.E.2d 885 (1970).

A homeowner who was faced with a municipal housing inspector's order giving him no alternative but to demolish his home, declared uninhabitable by the municipality, or to pay the

expense of demolition by the municipality, was not required to propose an alternative remedy for the condition of the house before asserting his constitutional right in the courts. *Horton v. Gullledge*, 277 N.C. 353, 177 S.E.2d 885 (1970).

Purpose of Part. — This Part was enacted for the purpose of ensuring that minimum housing standards would be achieved in the cities and counties of this State. *Harrell v. City of Winston-Salem*, 22 N.C. App. 386, 206 S.E.2d 802, cert. denied, 285 N.C. 757, 209 S.E.2d 281 (1974); *Farmers Bank v. City of Elizabeth City*, 54 N.C. App. 110, 282 S.E.2d 580 (1981).

Public Interference Warranted Only to Secure Public Safety or Protect Health. — The only warrant for public interference with a person's building is to secure public safety and to protect the health of those occupying the building. *Horton v. Gullledge*, 277 N.C. 353, 177 S.E.2d 885 (1970).

City May Not Destroy Private Property for Aesthetic Reasons Alone. — A municipal corporation has no inherent police power, but may exercise such power only to the extent that it has been conferred upon the city by statute. Moreover, the legislature cannot confer upon a city a power which the legislature, itself, does not have. Consequently, a city may not, under the guise of the police power, destroy private property for aesthetic reasons alone. *Horton v. Gullledge*, 277 N.C. 353, 177 S.E.2d 885 (1970).

Trial court erred in granting summary judgment to the city on the homeowner's claim for violation of her due process rights because, although the homeowner's house was in severe disrepair, the city violated her due process rights by demolishing the home without giving her notice, as the condition of the house did not pose an imminent threat to the public, warranting its immediate demolition; accordingly, the appellate court reversed the judgment and re-

manded the case for an entry summary judgment in favor of the homeowner and a trial on the issue of damages. *Monroe v. City of New Bern*, 158 N.C. App. 275, 580 S.E.2d 372, 2003 N.C. App. LEXIS 1053 (2003), cert. denied, 357 N.C. 461, 586 S.E.2d 93 (2003).

Compensation to Owner Not Required.

— The police power of the State, which it may delegate to its municipal corporations, extends to the prohibition of a use of private property which may reasonably be deemed to threaten the public health, safety, or morals or the general welfare, and when necessary to safeguard such public interest, such power may be exercised without payment of compensation to the owner, even though his property is thereby

rendered substantially worthless. *Horton v. Gullledge*, 277 N.C. 353, 177 S.E.2d 885 (1970).

§ 160A-443. Ordinance authorized as to repair, closing, and demolition; order of public officer.

Upon the adoption of an ordinance finding that dwelling conditions of the character described in G.S. 160A-441 exist within a city, the governing body of

the city is hereby authorized to adopt and enforce ordinances relating to dwellings within the city's territorial jurisdiction that are unfit for human habitation. These ordinances shall include the following provisions:

- (1) That a public officer be designated or appointed to exercise the powers prescribed by the ordinance.
- (2) That whenever a petition is filed with the public officer by a public authority or by at least five residents of the city charging that any dwelling is unfit for human habitation or whenever it appears to the public officer (on his own motion) that any dwelling is unfit for human habitation, the public officer shall, if his preliminary investigation discloses a basis for such charges, issue and cause to be served upon the owner of and parties in interest in such dwellings a complaint stating the charges in that respect and containing a notice that a hearing will be held before the public officer (or his designated agent) at a place within the county in which the property is located fixed not less than 10 days nor more than 30 days after the serving of the complaint; that the owner and parties in interest shall be given the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint; and that the rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the public officer.
- (3) That if, after notice and hearing, the public officer determines that the dwelling under consideration is unfit for human habitation, he shall state in writing his findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order,
 - a. If the repair, alteration or improvement of the dwelling can be made at a reasonable cost in relation to the value of the dwelling (the ordinance of the city may fix a certain percentage of this value as being reasonable), requiring the owner, within the time specified, to repair, alter or improve the dwelling in order to render it fit for human habitation or to vacate and close the dwelling as a human habitation; or
 - b. If the repair, alteration or improvement of the dwelling cannot be made at a reasonable cost in relation to the value of the dwelling (the ordinance of the city may fix a certain percentage of this value as being reasonable), requiring the owner, within the time specified in the order, to remove or demolish such dwelling. However, notwithstanding any other provision of law, if the dwelling is located in a historic district of the city and the Historic District Commission determines, after a public hearing as provided by ordinance, that the dwelling is of particular significance or value toward maintaining the character of the district, and the dwelling has not been condemned as unsafe, the order may require that the dwelling be vacated and closed consistent with G.S. 160A-400.14(a).
- (4) That, if the owner fails to comply with an order to repair, alter or improve or to vacate and close the dwelling, the public officer may cause the dwelling to be repaired, altered or improved or to be vacated and closed; that the public officer may cause to be posted on the main entrance of any dwelling so closed, a placard with the following words: "This building is unfit for human habitation; the use or occupation of this building for human habitation is prohibited and unlawful." Occupation of a building so posted shall constitute a Class 1 misdemeanor.
- (5) That, if the owner fails to comply with an order to remove or demolish the dwelling, the public officer may cause such dwelling to be removed

or demolished. The duties of the public officer set forth in subdivisions (4) and (5) shall not be exercised until the governing body shall have by ordinance ordered the public officer to proceed to effectuate the purpose of this Article with respect to the particular property or properties which the public officer shall have found to be unfit for human habitation and which property or properties shall be described in the ordinance. No such ordinance shall be adopted to require demolition of a dwelling until the owner has first been given a reasonable opportunity to bring it into conformity with the housing code. This ordinance shall be recorded in the office of the register of deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index.

(5a) If the governing body shall have adopted an ordinance, or the public officer shall have:

a. In a municipality located in counties which have a population in excess of 71,000 by the last federal census (including the entirety of any municipality located in more than one county at least one county of which has a population in excess of 71,000), other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a, and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced,

then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

This subdivision only applies to municipalities located in counties which have a population in excess of 71,000 by the last federal census (including the entirety of any municipality located in more than one county at least one county of which has a population in excess of 71,000).

[This subdivision does not apply to the local government units listed in subdivision (5b) of this section.]

(5b) If the governing body shall have adopted an ordinance, or the public officer shall have:

- a. In a municipality other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a, and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or order;
- b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the owner has vacated and closed such dwelling and kept such dwelling vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced,

then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

- a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or
- b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

This subdivision applies to the Cities of Eden, Lumberton, Roanoke Rapids, and Whiteville, to the municipalities in Lee County, and the Towns of Bethel, Farmville, Newport, and Waynesville only.

(6) Liens. —

- a. That the amount of the cost of repairs, alterations or improvements, or vacating and closing, or removal or demolition by the public officer shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in Article 10 of this Chapter.
 - b. If the real property upon which the cost was incurred is located in an incorporated city, then the amount of the cost is also a lien on any other real property of the owner located within the city limits or within one mile thereof except for the owner's primary residence. The additional lien provided in this sub-subdivision is inferior to all prior liens and shall be collected as a money judgment.
 - c. If the dwelling is removed or demolished by the public officer, he shall sell the materials of the dwelling, and any personal property, fixtures or appurtenances found in or attached to the dwelling, and shall credit the proceeds of the sale against the cost of the removal or demolition and any balance remaining shall be deposited in the superior court by the public officer, shall be secured in a manner directed by the court, and shall be disbursed by the court to the persons found to be entitled thereto by final order or decree of the court. Nothing in this section shall be construed to impair or limit in any way the power of the city to define and declare nuisances and to cause their removal or abatement by summary proceedings, or otherwise.
- (7) If any occupant fails to comply with an order to vacate a dwelling, the public officer may file a civil action in the name of the city to remove such occupant. The action to vacate the dwelling shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any person occupying such dwelling. The clerk of superior court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date and place not to exceed 10 days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served, and if at the hearing the public officer produces a certified copy of an ordinance adopted by the governing body pursuant to subdivision (5) authorizing the officer to proceed to vacate the occupied dwelling, the magistrate shall enter judgment ordering that the premises be vacated and that all persons be removed. The judgment ordering that the dwelling be vacated shall be enforced in the same manner as the judgment for summary ejectment entered under G.S. 42-30. An appeal from any judgment entered hereunder by the magistrate may be taken as provided in G.S. 7A-228, and the execution of such judgment may be stayed as provided in G.S. 7A-227. An action to remove an occupant of a dwelling who is a tenant of the owner may not be in the nature of a summary ejectment proceeding pursuant to this paragraph unless such occupant was served with notice at least 30 days before the filing of the summary ejectment proceeding that the governing body has ordered the public officer to proceed to exercise his duties under subdivisions (4) and (5) of this section to vacate and close or remove and demolish the dwelling.

- (8) That whenever a determination is made pursuant to subdivision (3) of this section that a dwelling must be vacated and closed, or removed or demolished, under the provisions of this section, notice of the order shall be given by first-class mail to any organization involved in providing or restoring dwellings for affordable housing that has filed a written request for such notices. A minimum period of 45 days from the mailing of such notice shall be given before removal or demolition by action of the public officer, to allow the opportunity for any organization to negotiate with the owner to make repairs, lease, or purchase the property for the purpose of providing affordable housing. The public officer or clerk shall certify the mailing of the notices, and the certification shall be conclusive in the absence of fraud. Only an organization that has filed a written request for such notices may raise the issue of failure to mail such notices, and the sole remedy shall be an order requiring the public officer to wait 45 days before causing removal or demolition. CASE NOTES

Editor's Note. — *Some of the cases cited below were decided under former similar statutory provisions.*

Substantial compliance with required procedures is a condition precedent to city's authority to forbid use of a dwelling house for human habitation. *Dale v. City of Morganton*, 270 N.C. 567, 155 S.E.2d 136 (1967).

Variation in Wording of Notice Held Immaterial. — The variation between the wording of a posted notice reading "This Building Is Unsafe, And Its Use For Occupancy Has Been

Prohibited By The Building Official" and the notice prescribed by statute was not material. *Dale v. City of Morganton*, 270 N.C. 567, 155 S.E.2d 136 (1967).

Three-Year Delay Between Order to Repair and Order to Demolish Entitled Owner to New Hearing. — An order to repair is issued after a determination that repairs can be made at a reasonable cost in relation to the value of the dwelling; an order to demolish involves a different determination, namely, that the repairs cannot be made at a reasonable cost in relation to the value of the dwelling;

therefore, where city's demolition order was issued almost three years after the city held a hearing and issued its order to repair, plaintiff was entitled to another hearing on the issue of demolition. *Newton v. City of Winston-Salem*, 92 N.C. App. 446, 374 S.E.2d 488 (1988).

Failure to Provide Notice and Hearing Before Demolition. — Where city acted without authority in ordering the demolition of plaintiff's building without affording plaintiff notice and an opportunity to be heard as required by statute, the city acted at its peril in failing to exercise its powers in the manner prescribed by the statute, and thus was liable to plaintiff for any provable damages. *Newton v. City of Winston-Salem*, 92 N.C. App. 446, 374 S.E.2d 488 (1988).

Trial court erred in granting summary judgment to the city on the homeowner's claim for violation of her due process rights because, although the homeowner's house was in severe disrepair, the city violated her due process rights by demolishing the home without giving her notice, as the condition of the house did not pose an imminent threat to the public, warranting its immediate demolition; accordingly, the appellate court reversed the judgment and remanded the case for an entry summary judgment in favor of the homeowner and a trial on the issue of damages. *Monroe v. City of New Bern*, 158 N.C. App. 275, 580 S.E.2d 372, 2003 N.C. App. LEXIS 1053 (2003), cert. denied, 357 N.C. 461, 586 S.E.2d 93 (2003).

Proof of actual notice was irrelevant to plaintiff's right to recover damages against city for failing to comply with statutory procedures before demolishing plaintiff's building; therefore, the trial court's instruction to the jury that it could find that the city used

reasonable diligence to provide actual notice and thus absolve city of its liability for damages even though city failed to serve plaintiff as required by G.S. 160A-445, was error. *Newton v. City of Winston-Salem*, 92 N.C. App. 446, 374 S.E.2d 488 (1988).

Summary Judgment Improper. — Hertford, N.C., Ordinance § 17 is not inconsistent with the provisions of G.S. 160A-443(6)(c); however, a town was required to comply with G.S. 160A-443(6)(c) to salvage personal property or appurtenances on real estate and apply the proceeds to the cost of removal or demolition, and where owners claimed that mobile homes and contents removed from their property had value, but the town claimed they did not, summary judgment was improper. *Town of Hertford v. Harris*, 169 N.C. App. 838, 839, 611 S.E.2d 194, 196, 2004 N.C. App. LEXIS 2469 (2005).

Summary Judgment for City Not Authorized Where Question of Reasonable Diligence Raised. — In an action to recover damages from defendant city for destruction of a residence on property held under a deed of trust to one plaintiff and secured under a promissory note held by the other plaintiff, summary judgment was improperly granted for city where one of the questions raised by city's motion therefor was whether its building inspector used "reasonable diligence" in attempting to locate plaintiff and others connected with the property. *Farmers Bank v. City of Elizabeth City*, 54 N.C. App. 110, 282 S.E.2d 580 (1981).

OPINIONS OF ATTORNEY GENERAL

As to priority of demolition lien over welfare lien, see opinion of Attorney General to Mr. Cicero P. Yow, Wilmington City Attorney,

40 N.C.A.G. 691 (1970); Mr. James C. Fox, New Hanover County Attorney, 40 N.C.A.G. 693 (1970).

§ 160A-443.1. Heat source required.

(a) A city shall, by ordinance, require that by January 1, 2000, every dwelling unit leased as rental property within the city shall have, at a minimum, a central or electric heating system or sufficient chimneys, flues, or gas vents, with heating appliances connected, so as to heat at least one habitable room, excluding the kitchen, to a minimum temperature of 68 degrees Fahrenheit measured three feet above the floor with an outside temperature of 20 degrees Fahrenheit.

(b) If a dwelling unit contains a heating system or heating appliances that meet the requirements of subsection (a) of this section, the owner of the dwelling unit shall not be required to install a new heating system or heating appliances, but the owner shall be required to maintain the existing heating system or heating appliances in a good and safe working condition. Otherwise,

the owner of the dwelling unit shall install a heating system or heating appliances that meet the requirements of subsection (a) of this section and shall maintain the heating system or heating appliances in a good and safe working condition.

(c) Portable kerosene heaters are not acceptable as a permanent source of heat as required by subsection (a) of this section but may be used as a supplementary source in single family dwellings and duplex units. An owner who has complied with subsection (a) shall not be held in violation of this section where an occupant of a dwelling unit uses a kerosene heater as a primary source of heat.

(d) This section applies only to cities with a population of 200,000 or over, according to the most recent decennial federal census.

(e) Nothing in this section shall be construed as:

- (1) Diminishing the rights of or remedies available to any tenant under a lease agreement, statute, or at common law; or
- (2) Prohibiting a city from adopting an ordinance with more stringent heating requirements than provided for by this section. (1999-14, s. 1.)

Editor's Note. — Session Laws 1999-14, s. 443A; it has been recodified as G.S. 160A-443.1, originally enacted this section as G.S. 160A-443.1 at the direction of the Revisor of Statutes.

§ 160A-444. Standards.

An ordinance adopted by a city under this Part shall provide that the public officer may determine that a dwelling is unfit for human habitation if he finds that conditions exist in the dwelling that render it dangerous or injurious to the health, safety or morals of the occupants of the dwelling, the occupants of neighboring dwellings, or other residents of the city. Defective conditions may include the following (without limiting the generality of the foregoing): defects therein increasing the hazards of fire, accident, or other calamities; lack of adequate ventilation, light, or sanitary facilities; dilapidation; disrepair; structural defects; uncleanness. The ordinances may provide additional standards to guide the public officers, or his agents, in determining the fitness of a dwelling for human habitation. (1939, c. 287, s. 4; 1971, c. 698, s. 1; 1973, c. 426, s. 60.)

§ 160A-445. Service of complaints and orders.

(a) Complaints or orders issued by a public officer pursuant to an ordinance adopted under this Part shall be served upon persons either personally or by registered or certified mail. When service is made by registered or certified mail, a copy of the complaint or order may also be sent by regular mail. Service shall be deemed sufficient if the registered or certified mail is unclaimed or refused, but the regular mail is not returned by the post office within 10 days after the mailing. If regular mail is used, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected.

(a1) If the identities of any owners or the whereabouts of persons are unknown and cannot be ascertained by the public officer in the exercise of reasonable diligence, or, if the owners are known but have refused to accept service by registered or certified mail, and the public officer makes an affidavit to that effect, then the serving of the complaint or order upon the owners or other persons may be made by publication in a newspaper having general circulation in the city at least once no later than the time at which personal service would be required under the provisions of this Part. CASE NOTES

Failure to Provide Notice and Hearing Before Demolition. — Where city acted without authority in ordering the demolition of plaintiff's building without affording plaintiff notice and an opportunity to be heard as required by statute, the city acted at its peril in failing to exercise its powers in the manner prescribed by the statute, and thus was liable to plaintiff for any provable damages. *Newton v. City of Winston-Salem*, 92 N.C. App. 446, 374 S.E.2d 488 (1988).

Proof of actual notice was irrelevant to plaintiff's right to recover damages against city for failing to comply with statutory procedures before demolishing plaintiff's building; therefore, the trial court's instruction to the jury that it could find that the city used reasonable diligence to provide actual notice and thus absolve city of its liability for damages even though city failed to serve plaintiff as

required by this section, was error. *Newton v. City of Winston-Salem*, 92 N.C. App. 446, 374 S.E.2d 488 (1988).

Summary Judgment for City Not Authorized Where Question of Reasonable Diligence in Locating Interested Parties Raised. — In an action to recover damages from defendant city for destruction of a residence on property held under a deed of trust to one plaintiff and secured under a promissory note held by the other plaintiff, summary judgment was improperly granted for city where one of the questions raised by city's motion therefor was whether its building inspector used "reasonable diligence" in attempting to locate plaintiff and others connected with the property. *Farmers Bank v. City of Elizabeth City*, 54 N.C. App. 110, 282 S.E.2d 580 (1981).

§ 160A-446. Remedies.

(a) The governing body may provide for the creation and organization of a housing appeals board to which appeals may be taken from any decision or order of the public officer, or may provide for such appeals to be heard and determined by its zoning board of adjustment.

(b) The housing appeals board, if created, shall consist of five members to serve for three-year staggered terms. It shall have the power to elect its own officers, to fix the times and places for its meetings, to adopt necessary rules of procedure, and to adopt other rules and regulations for the proper discharge of its duties. It shall keep an accurate record of all its proceedings.

(c) An appeal from any decision or order of the public officer may be taken by any person aggrieved thereby or by any officer, board or commission of the city. Any appeal from the public officer shall be taken within 10 days from the rendering of the decision or service of the order by filing with the public officer and with the board a notice of appeal which shall specify the grounds upon which the appeal is based. Upon the filing of any notice of appeal, the public officer shall forthwith transmit to the board all the papers constituting the record upon which the decision appealed from was made. When an appeal is from a decision of the public officer refusing to allow the person aggrieved thereby to do any act, his decision shall remain in force until modified or reversed. When any appeal is from a decision of the public officer requiring the person aggrieved to do any act, the appeal shall have the effect of suspending the requirement until the hearing by the board, unless the public officer certifies to the board, after the notice of appeal is filed with him, that because of facts stated in the certificate (a copy of which shall be furnished the

appellant), a suspension of his requirement would cause imminent peril to life or property. In that case the requirement shall not be suspended except by a restraining order, which may be granted for due cause shown upon not less than one day's written notice to the public officer, by the board, or by a court of record upon petition made pursuant to subsection (f) of this section.

(d) The appeals board shall fix a reasonable time for hearing appeals, shall give due notice to the parties, and shall render its decision within a reasonable time. Any party may appear in person or by agent or attorney. The board may reverse or affirm, wholly or partly, or may modify the decision or order appealed from, and may make any decision and order that in its opinion ought to be made in the matter, and to that end it shall have all the powers of the public officer, but the concurring vote of four members of the board shall be necessary to reverse or modify any decision or order of the public officer. The board shall have power also in passing upon appeals, when practical difficulties or unnecessary hardships would result from carrying out the strict letter of the ordinance, to adapt the application of the ordinance to the necessities of the case to the end that the spirit of the ordinance shall be observed, public safety and welfare secured, and substantial justice done.

(e) Every decision of the board shall be subject to review by proceedings in the nature of certiorari instituted within 15 days of the decision of the board, but not otherwise.

(f) Any person aggrieved by an order issued by the public officer or a decision rendered by the board may petition the superior court for an injunction restraining the public officer from carrying out the order or decision and the court may, upon such petition, issue a temporary injunction restraining the public officer pending a final disposition of the cause. The petition shall be filed within 30 days after issuance of the order or rendering of the decision. Hearings shall be had by the court on a petition within 20 days, and shall be given preference over other matters on the court's calendar. The court shall hear and determine the issues raised and shall enter such final order or decree as law and justice may require. It shall not be necessary to file bond in any amount before obtaining a temporary injunction under this subsection.

(g) If any dwelling is erected, constructed, altered, repaired, converted, maintained, or used in violation of this Part or of any ordinance or code adopted under authority of this Part or any valid order or decision of the public officer or board made pursuant to any ordinance or code adopted under authority of this Part, the public officer or board may institute any appropriate action or proceedings to prevent the unlawful erection, construction, reconstruction, alteration or use, to restrain, correct or abate the violation, to prevent the occupancy of the dwelling, or to prevent any illegal act, conduct or use in or about the premises of the dwelling. (1939, c. 287, s. 6; c. 386; 1969, c. 868, s. 5; 1971, c. 698, s. 1.)

Local Modification. — City of Charlotte: 1989 (Reg. Sess., 1990), c. 859.

The city is authorized to make appropriations from its revenues necessary for this purpose and may accept and apply grants or donations to assist it in carrying out the provisions of the ordinances. (1939, c. 287, s. 8; 1971, c. 698, s. 1.)

Part 7. Community Appearance Commissions.

§ 160A-451. Membership and appointment of commission; joint commission.

Each municipality and county in the State may create a special commission, to be known as the official appearance commission for the city or county. The commission shall consist of not less than seven nor more than 15 members, to be appointed by the governing body of the municipality or county for such terms, not to exceed four years, as the governing body may by ordinance provide. All members shall be residents of the municipality's or county's area of planning and zoning jurisdiction at the time of appointment. Where possible, appointments shall be made in such a manner as to maintain on the commission at all times a majority of members who have had special training or experience in a design field, such as architecture, landscape design, horticulture, city planning, or a closely related field. Members of the commission may be reimbursed for actual expenses incidental to the performance of their duties within the limits of any funds available to the commission, but shall serve without pay unless otherwise provided in the ordinance establishing the commission. Membership of the commission is declared to be an office that may be held concurrently with any other elective or appointive office pursuant to Article VI, Sec. 9, of the Constitution.

A county and one or more cities in the county may establish a joint appearance commission. If a joint commission is established, the county and the city or cities involved shall determine the residence requirements for members of the joint commission. The commission, upon its appointment, shall make careful study of the visual problems and needs of the municipality or county within its area of zoning jurisdiction, and shall make any plans and carry out any programs that will, in accordance with the powers herein granted, enhance and improve the visual quality and aesthetic characteristics of the municipality or county. To this end, the governing board may confer upon the appearance commission the following powers and duties:

- (1) To initiate, promote and assist in the implementation of programs of general community beautification in the municipality or county;
- (2) To seek to coordinate the activities of individuals, agencies and organizations, public and private, whose plans, activities and programs bear upon the appearance of the municipality or county;

- (3) To provide leadership and guidance in matters of area or community design and appearance to individuals, and to public and private organizations, and agencies;

- (6) To participate, in any way deemed appropriate by the governing body of the municipality or county and specified in the ordinance establishing the commission, in the implementation of its plans. To this end, the governing body may include in the ordinance the following powers:
 - a. To request from the proper officials of any public agency or body, including agencies of the State and its political subdivisions, its plans for public buildings, facilities, or projects to be located within the municipality or its area of planning and zoning jurisdiction of the city or county.
 - b. To review these plans and to make recommendations regarding their aesthetic suitability to the appropriate agency, or to the municipal or county planning or governing board. All plans shall be reviewed by the commission in a prompt and expeditious manner, and all recommendations of the commission with regard to any public project shall be made in writing. Copies of the recommendations shall be transmitted promptly to the planning or governing body of the city or county, and to the appropriate agency.
 - c. To formulate and recommend to the appropriate municipal planning or governing board the adoption or amendment of ordinances (including the zoning ordinance, subdivision regulations, and other local ordinances regulating the use of property) that will, in the opinion of the commission, serve to enhance the appearance of the municipality and its surrounding areas.
 - d. To direct the attention of city or county officials to needed enforcement of any ordinance that may in any way affect the appearance of the city or county.
 - e. To seek voluntary adherence to the standards and policies of its plans.
 - f. To enter, in the performance of its official duties and at reasonable times, upon private lands and make examinations or surveys.
 - g. To promote public interest in and an understanding of its recommendations, studies, and plans, and to that end to prepare, publish and distribute to the public such studies and reports as will, in the opinion of the commission, advance the cause of improved municipal or county appearance.
 - h. To conduct public meetings and hearings, giving reasonable notice to the public thereof. (1971; c. 896, s. 6; c. 1058.)

§ 160A-453. Staff services; advisory council.

The commission may recommend to the municipal or county governing board suitable arrangements for the procurement or provision of staff or technical services for the commission, and the governing board may appropriate such amount as it deems necessary to carry out the purposes for which it was created. The commission may establish an advisory council or other committees. (1971, c. 896, s. 6; c. 1058.)

§ 160A-454. Annual report.

The commission shall, no later than April 15 of each year, submit to the municipal or county governing body a written report of its activities, a statement of its expenditures to date for the current fiscal year, and its requested budget for the next fiscal year. All accounts and funds of the commission shall be administered substantially in accordance with the requirements of the Municipal Fiscal Control Act or the County Fiscal Control Act. (1971, c. 896, s. 6; c. 1058.)

§ 160A-455. Receipt and expenditure of funds.

The commission may receive contributions from private agencies, foundations, organizations, individuals, the State or federal government, or any other source, in addition to any sums appropriated for its use by the city or county governing body. It may accept and disburse these funds for any purpose within the scope of its authority as herein specified. All sums appropriated by the city or county to further the work and purposes of the commission are deemed to be for a public purpose. (1971, c. 896, s. 6; c. 1058; 1975, c. 664, s. 16.)

Part 8. Miscellaneous Powers.**§ 160A-456. Community development programs and activities.**

(a) Any city is authorized to engage in, to accept federal and State grants and loans for, and to appropriate and expend funds for community development programs and activities. In undertaking community development programs and activities, in addition to other authority granted by law, a city may engage in the following activities:

- (1) Programs of assistance and financing of rehabilitation of private buildings principally for the benefit of low and moderate income persons, or for the restoration or preservation of older neighborhoods or properties, including direct repair, the making of grants or loans, the subsidization of interest payments on loans, and the guaranty of loans;
- (2) Programs concerned with employment, economic development, crime prevention, child care, health, drug abuse, education, and welfare needs of persons of low and moderate income.

(b) Any city council may exercise directly those powers granted by law to municipal redevelopment commissions and those powers granted by law to municipal housing authorities, and may do so whether or not a redevelopment commission or housing authority is in existence in such city. Any city council desiring to do so may delegate to any redevelopment commission or to any housing authority the responsibility of undertaking or carrying out any specified community development activities. Any city council and any board of county commissioners may by agreement undertake or carry out for each other

any specified community development activities. Any city council may contract with any person, association, or corporation in undertaking any specified community development activities. Any county or city board of health, county board of social services, or county or city board of education, may by agreement undertake or carry out for any city council any specified community development activities.

(d) Any city council proposing to undertake any loan guaranty or similar program for rehabilitation of private buildings is authorized to submit to its voters the question whether such program shall be undertaken, such referendum to be conducted pursuant to the general and local laws applicable to special elections in such city.

(d1) Any city may receive and dispense funds from the Community Development Block Grant Section 108 Loan Guarantee program, Subpart M, 24 CFR 570.700 et seq., either through application to the North Carolina Department of Commerce or directly from the federal government, in accordance with State and federal laws governing these funds. Any city that receives these funds directly from the federal government may pledge current and future CDBG funds for use as loan guarantees in accordance with State and federal laws governing these funds. A city may implement the receipt, dispensing, and pledging of CDBG funds under this subsection by borrowing CDBG funds and lending all or a portion of those funds to a third party in accordance with applicable laws governing the CDBG program.

Any city that has pledged current or future CDBG funds for use as loan guarantees prior to the enactment of this subsection is authorized to have taken such action. A pledge of future CDBG funds under this subsection is not a debt or liability of the State or any political subdivision of the State or a pledge of the faith and credit of the State or any political subdivision of the State. The pledging of future CDBG funds under this subsection does not directly, indirectly, or contingently obligate the State or any political subdivision of the State to levy or to pledge any taxes.

(e) Repealed by Session Laws 1985, c. 665, s. 5.

(e1) All program income from Economic Development Grants from the Small Cities Community Development Block Grant Program may be retained by recipient cities in "economically distressed counties", as defined in G.S. 143B-437.01, for the purposes of creating local economic development revolving loan funds. Such program income derived through the use by cities of Small Cities Community Development Block Grant money includes but is not limited to: (i) payment of principal and interest on loans made by the county using Community Development Block Grant Funds; (ii) proceeds from the lease or disposition of real property acquired with Community Development Block Grant Funds; and (iii) any late fees associated with loan or lease payments in (i) and (ii) above. The local economic development revolving loan fund set up by the city shall fund only those activities eligible under Title I of the federal Housing and Community Development Act of 1974, as amended (P.L. 93-383), and shall meet at least one of the three national objectives of the Housing and Community Development Act. Any expiration of G.S. 143B-437.01 or G.S. 105-129.3 shall not affect this subsection as to designations of economically distressed counties made prior to its expiration. A city may establish a program of urban homesteading, in which residential property of little or no value is conveyed to persons who agree to rehabilitate the property and use it, for a minimum number of years, as their principal place of residence. Residential property is considered of little or no value if the cost of bringing the property into compliance with the city's housing code exceeds sixty percent (60%) of the property's appraised value on the county tax records. In undertaking such a program a city may:

- (1) Acquire by purchase, gift or otherwise, but not eminent domain, residential property specifically for the purpose of reconveyance in the urban homesteading program or may transfer to the program residential property acquired for other purposes, including property purchased at a tax foreclosure sale.

 - b. Require the grantee to rehabilitate the property so that it meets or exceeds minimum code standards,
 - c. Require the grantee to maintain insurance on the property,
 - d. Set out any other specific conditions (including, but not limited to, design standards) or actions that the city may require, and
 - e. Provide for the termination of the grantee's interest in the property and its reversion to the city upon the grantee's failure to meet any condition so established.
- (4) Subordinate the city's interest in the property to any security interest granted by the grantee to a lender of funds to purchase or rehabilitate the property. (1987, c. 464, s. 8; 1997-456, s. 27.)

§ 160A-458.3. Downtown development projects.

(a) In this section, "downtown development project" means a capital project in the city's central business district, as that district is defined by the city council, comprising one or more buildings and including both public and private facilities. By way of illustration but not limitation, such a project might include a single building comprising a publicly owned parking structure and publicly owned convention center and a privately owned hotel or office building.

(b) If the city council finds that it is likely to have a significant effect on the revitalization of the central business district, the city may acquire, construct, own, and operate or participate in the acquisition, construction, ownership, and operation of a downtown development project or of specific facilities within such a project. The city may enter into binding contracts with one or more private developers with respect to acquiring, constructing, owning, or operating such a project. Such a contract may, among other provisions, specify the following:

- (1) The property interests of both the city and the developer or developers in the project, provided that the property interests of the city shall be limited to facilities for a public purpose;
- (2) The responsibilities of the city and the developer or developers for construction of the project;

- (3) The responsibilities of the city and the developer or developers with respect to financing the project.

Such a contract may be entered into before the acquisition of any real property necessary to the project.

(c) A downtown development project may be constructed on property acquired by the developer or developers, on property directly acquired by the city, or on property acquired by the city while exercising the powers, duties, and responsibilities of a redevelopment commission pursuant to G.S. 160A-505 or G.S. 160A-456.

(d) In connection with a downtown development project, the city may convey interests in property owned by it, including air rights over public facilities, as follows:

- (1) If the property was acquired while the city was exercising the powers, duties, and responsibilities of a redevelopment commission, the city may convey property interests pursuant to the "Urban Redevelopment Law" or any local modification thereof.
- (2) If the property was acquired by the city directly, the city may convey property interests pursuant to G.S. 160A-457, and Article 12 of Chapter 160A of the General Statutes does not apply to such dispositions.
- (3) In lieu of conveying the fee interest in air rights, the city may convey a leasehold interest for a period not to exceed 99 years, using the procedures of subparagraphs (1) or (2) of this subsection, as applicable.

(e) The contract between the city and the developer or developers may provide that the developer or developers shall be responsible for construction of the entire downtown development project. If so, the contract shall include such provisions as the city council deems sufficient to assure that the public facility or facilities included in the project meet the needs of the city and are constructed at a reasonable price. A project constructed pursuant to this paragraph is not subject to Article 8 of Chapter 143 of the General Statutes, provided that city funds constitute no more than fifty percent (50%) of the total costs of the downtown development project. Federal funds available for loan to private developers in connection with a downtown development project shall not be considered city funds for purposes of this subsection.

(f) Operation. — The city may contract for the operation of any public facility or facilities included in a downtown redevelopment project by a person, partnership, firm or corporation, public or private. Such a contract shall include provisions sufficient to assure that any such facility or facilities are operated for the benefit of the citizens of the city.

(g) Grant funds. — To assist in the financing of its share of a downtown development project, the city may apply for, accept and expend grant funds from the federal or State governments. (1987, c. 619, s. 1.)

Local Modification. — City of Greenville:
1998-144, s. 1.

§ 160A-458.4. Designation of transportation corridor official maps.

Any city may establish transportation corridor official maps and may enact and enforce ordinances pursuant to Article 2E of Chapter 136 of the General Statutes. (1987, c. 747, s. 23; 1998-184, s. 4.)

§ 160A-458.5. Restriction of certain forestry activities prohibited.

(a) The following definitions apply to this section:

- (1) Development. — Any activity, including timber harvesting, that is associated with the conversion of forestland to nonforest use.
- (2) Forest management plan. — A document that defines a landowner's forest management objectives and describes specific measures to be taken to achieve those objectives. A forest management plan shall include silvicultural practices that both ensure optimal forest productivity and environmental protection of land by either commercially growing timber through the establishment of forest stands or by ensuring the proper regeneration of forest stands to commercial levels of production after the harvest of timber.
- (3) Forestland. — Land that is devoted to growing trees for the production of timber, wood, and other forest products.
- (4) Forestry. — The professional practice embracing the science, business, and art of creating, conserving, and managing forests and forestland for the sustained use and enjoyment of their resources, materials, or other forest products.
- (5) Forestry activity. — Any activity associated with the growing, managing, harvesting, and related transportation, reforestation, or protection of trees and timber, provided that such activities comply with existing State rules and regulations pertaining to forestry.

(b) A city shall not adopt or enforce any ordinance, rule, regulation, or resolution that regulates either:

- (1) Forestry activity on forestland that is taxed on the basis of its present-use value as forestland under Article 12 of Chapter 105 of the General Statutes.
- (2) Forestry activity that is conducted in accordance with a forest management plan that is prepared or approved by a forester registered in accordance with Chapter 89B of the General Statutes.

(c) This section shall not be construed to limit, expand, or otherwise alter the authority of a city to:

- (1) Regulate activity associated with development. A city may deny a building permit or refuse to approve a site or subdivision plan for either a period of up to:
 - a. Three years after the completion of a timber harvest if the harvest results in the removal of all or substantially all of the trees that were protected under city regulations governing development from the tract of land for which the permit or approval is sought.
 - b. Five years after the completion of a timber harvest if the harvest results in the removal of all or substantially all of the trees that were protected under city regulations governing development from the tract of land for which the permit or approval is sought and the harvest was a willful violation of the city regulations.
- (2) Regulate trees pursuant to any local act of the General Assembly.
- (3) Adopt ordinances that are necessary to comply with any federal or State law, regulation, or rule.
- (4) Exercise its planning or zoning authority under this Article.
- (5) Regulate and protect streets under Article 15 of this Chapter. (2005-447, s. 2.)

Editor's Note. — The definitions in this section were placed in alphabetical order at the direction of the Revisor of Statutes.

§ 160A-459. Stormwater control.

(a) A city may adopt and enforce a stormwater control ordinance to protect water quality and control water quantity. A city may adopt a stormwater management ordinance pursuant to this Chapter, its charter, other applicable laws, or any combination of these powers.

(b) A federal, State, or local government project shall comply with the requirements of a city stormwater control ordinance unless the federal, State, or local government agency has a National Pollutant Discharge Elimination System (NPDES) stormwater permit that applies to the project. A city may take enforcement action to compel a State or local government agency to comply with a stormwater control ordinance that implements the National Pollutant Discharge Elimination System (NPDES) stormwater permit issued to the city. To the extent permitted by federal law, including Chapter 26 of Title 33 of the United States Code, a city may take enforcement action to compel a federal government agency to comply with a stormwater control ordinance.

(c) A city may implement illicit discharge detection and elimination controls, construction site stormwater runoff controls, and post-construction runoff controls through an ordinance or other regulatory mechanism to the extent allowable under State law.

(d) A city that holds a National Pollutant Discharge Elimination System (NPDES) permit issued pursuant to G.S. 143-214.7 may adopt an ordinance, applicable within its corporate limits and its planning jurisdiction, to establish the stormwater control program necessary for the city to comply with the permit. A city may adopt an ordinance that bans illicit discharges within its corporate limits and its planning jurisdiction. A city may adopt an ordinance, applicable within its corporate limits and its planning jurisdiction, that requires (i) deed restrictions and protective covenants to ensure that each project, including the stormwater management system, will be maintained so as to protect water quality and control water quantity and (ii) financial arrangements to ensure that adequate funds are available for the maintenance and replacement costs of the project.

(e) Unless the city requests the permit condition in its permit application, the Environmental Management Commission may not require as a condition of a National Pollutant Discharge Elimination System (NPDES) stormwater permit issued pursuant to G.S. 143-214.7 that a city implement the measure required by 40 Code of Federal Regulations § 122.34(b)(3)(1 July 2003 Edition) in its extraterritorial jurisdiction. - (2) "Unit," or "unit of local government" means a county, city, consolidated city-county, local board of education, sanitary district, facility authority created under Part 4 of this Article, or other local political subdivision, authority, or agency of local government. (1971, c. 698, s. 1; 1975, c. 821, s. 4; 1979, c. 774, s. 1; 1981, c. 641; 1995, c. 458, s. 3.)

OPINIONS OF ATTORNEY GENERAL

Local boards of education have authority to make agreements establishing self-insurance program, provided (1) the contracts establishing such program contain the provisions required by G.S. 160A-464, and (2) the contracts incorporate certain limitations

set forth in G.S. 115C-42 and 115C-43. See opinion of Attorney General to Mr. Gene Causby, Executive Director, North Carolina School Boards Association, 55 N.C.A.G. 77 (1986).

§ 160A-461. Interlocal cooperation authorized.

Any unit of local government in this State and any one or more other units of local government in this State or any other state (to the extent permitted by the laws of the other state) may enter into contracts or agreements with each other in order to execute any undertaking. The contracts and agreements shall be of reasonable duration, as determined by the participating units, and shall be ratified by resolution of the governing board of each unit spread upon its minutes. (1971, c. 698, s. 1.)

CASE NOTES

This section merely extends the powers of a municipality to act in concert with other local governments and in no way restricts the anticompetitive conduct contemplated in supplying sewage services. *Pinehurst Enters., Inc. v. Town of S. Pines*, 690 F. Supp. 444 (M.D.N.C. 1988), *aff'd*, 887 F.2d 1080 (4th Cir. 1989).

Agreements Not Prohibited. — Nothing in Chapter 162A indicates it was designed to restrict the broad grant of authority to local

governmental units for interlocal cooperation; therefore, an agreement to construct a water distribution facility was not prohibited because units of local government were permitted to enter into contracts under G.S. 160A-461. *Caswell County v. § 160A-462. Joint agencies.

(a) Units agreeing to an undertaking may establish a joint agency charged with any or all of the responsibility for the undertaking. The units may confer on the joint agency any power, duty, right, or function needed for the execution of the undertaking, except that legal title to all real property necessary to the undertaking shall be held by the participating units individually, or jointly as tenants in common, in such manner and proportion as they may determine.

(b) The participating units may appropriate funds to the joint agency on the basis of an annual budget recommended by the agency and submitted to the governing board of each unit for approval. (1971, c. 698, s. 1.)

§ 160A-463. Personnel.

(a) The units may agree that any joint agency established under G.S. 160A-462 shall appoint the officers, agents, and employees necessary to execute the undertaking, or that the units jointly shall appoint these personnel, or that one of the units shall appoint the personnel with their services contracted for by the other units or by the joint agency. If the units determine that one unit shall appoint the personnel, the agreement shall provide that the jurisdiction, authority, rights, privileges, and immunities (including coverage under the workers' compensation laws) which the officers, agents, and employees of the appointing unit enjoy within the territory of that unit shall also be enjoyed by them outside its territory when they are acting pursuant to the agreement and within the scope of their authority or the course of their employment.

(b) When the subject of an undertaking is a sovereign function of government, the exercise of which has been delegated to an officer of each participating unit, the agreement may provide that one officer shall exercise the function for all the participating units, with all of the powers, duties, and obligations that an officer exercising the function in a single unit would have. (1971, c. 698, s. 1; 1991, c. 636, s. 3.)

§ 160A-464. Provisions of the agreement.

- Any contract or agreement establishing an undertaking shall specify:
- (1) The purpose or purposes of the contract or agreement;
 - (2) The duration of the agreement;
 - (3) If a joint agency is established, its composition, organization, and nature, together with the powers conferred on it;
 - (4) The manner of appointing the personnel necessary to the execution of the undertaking;

Part 2. Regional Councils of Governments.

§ **160A-470. Creation of regional councils; definition of “unit of local government”.**

(a) Any two or more units of local government may create a regional council of governments by adopting identical concurrent resolutions to that effect in accordance with the provisions and procedures of this Part. To the extent

permitted by the laws of its state, a local government in a state adjoining North Carolina may participate in regional councils of governments organized under this Part to the same extent as if it were located in this State. The concurrent resolutions creating a regional council of governments, and any amendments thereto, will be referred to in this Part as the “charter” of the regional council.

CASE NOTES

The purpose of councils of governments is to coordinate governmental functions best undertaken on a regional level. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

Nature of Council. — Once created, a council does not become a municipality, or a political or governmental subdivision of the State in the same sense as a city, town or county. A council may take on some of the attributes and functions of a political subdivision, but does not possess the powers which municipalities are said to possess. *Kloster v. Region D Council of*

Gov'ts, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

Standing to Contest Council Activities. — A taxpayer and resident of an area encompassed by a regional council of governments has standing to contest allegedly illegal activities of the council, where such activities are funded by tax moneys or property derived from local or federal sources, or where such activities may later require support by tax moneys. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

§ 160A-471. Membership.

Each unit of local government initially adopting a concurrent resolution under G.S. 160A-470 shall become a member of the regional council. Thereafter, any local government may join the regional council by ratifying its charter and by being admitted by a majority vote of the existing members. All of the rights and privileges of membership in a regional council of governments shall be exercised on behalf of its member governments by their delegates to the council. (1971, c. 698, s. 1; 1973, c. 426, s. 72.)

§ 160A-472. Contents of charter.

The charter of a regional council of governments shall:

- (1) Specify the name of the council;
- (2) Establish the powers, duties, and functions that it may exercise and perform;
- (3) Establish the number of delegates to represent the member governments, fix their terms of office, provide methods for filling vacancies, and prescribe the compensation and allowances, if any, to be paid to delegates;
- (4) Set out the method of determining the financial support that will be given to the council by each member government;
- (5) Establish a method for amending the charter, and for dissolving the council and liquidating its assets and liabilities.

In addition, the charter may, but need not, contain rules and regulations for the conduct of council business and any other matter pertaining to the organization, powers, and functioning of the council that the member governments deem appropriate. (1971, c. 698, s. 1.)

§ 160A-473. Organization of council.

Upon its creation, a regional council shall meet at a time and place agreed upon by its member governments and shall organize by electing a chairman and any other officers that the charter may specify or the delegates may deem advisable. The council shall then adopt bylaws for the conduct of its business. All meetings of the council shall be open to the public. (1971, c. 698, s. 1.)

§ 160A-474. Withdrawal from council.

Any member government may withdraw from a regional council at the end of any fiscal year by giving at least 60 days' written notice to each of the other members. Withdrawal of a member government shall not dissolve the council if at least two members remain. (1971, c. 698, s. 1.)

§ 160A-475. Specific powers of council.

The charter may confer on the regional council any of the following powers:

- (1) To apply for, accept, receive, and dispense funds and grants made available to it by the State of North Carolina or any agency thereof, the United States of America or any agency thereof, any unit of local government (whether or not a member of the council), and any private or civic agency.
- (2) To employ personnel.
- (3) To contract with consultants.
- (4) To contract with the State of North Carolina, any other state, the United States of America, or any agency thereof, for services.
- (5) To study regional governmental problems, including matters affecting health, safety, welfare, education, recreation, economic conditions, regional planning, and regional development.
- (6) To promote cooperative arrangements and coordinated action among its member governments.
- (7) To make recommendations for review and action to its member governments and other public agencies which perform functions within the region in which its member governments are located.
- (7a) For the purpose of meeting the regional council's office space and program needs, to acquire real property by purchase, gift, or otherwise, and to improve that property. The regional council may pledge real property as security for indebtedness used to finance acquisition of that property or for improvements to that real property, subject to approval by the Local Government Commission as required under G.S. 159-153. A regional council may not exercise the power of eminent domain.
- (8) Any other powers that are exercised or capable of exercise by its member governments and desirable for dealing with problems of mutual concern to the extent such powers are specifically delegated to it from time to time by resolution of the governing board of each of its member governments which are affected thereby, provided, that no regional council of governments shall have the authority to construct or purchase buildings, or acquire title to real property, except for the purposes permitted under subdivision (7a) of this section or in order to exercise the authority granted by Chapter 260 of the Session Laws of 1979. (1971, c. 698, s. 1; 1975, c. 517, ss. 1, 2; 1979, c. 902; 2005-290, s. 1; 2006-211, s. 1.)

Effect of Amendments. — Session Laws 2006-211, s. 1, effective August 8, 2006, added the second sentence in subdivision (7a).

CASE NOTES

The purpose of councils of governments is to coordinate governmental functions best undertaken on a regional level. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

Nature of Council. — Once created, council does not become a municipality, or a political or governmental subdivision of the State in the same sense as a city, town or county. A council may take on some of the attributes and functions of a political subdivision, but does not possess the powers which municipalities are said to possess. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

Powers Not Conferred by Charter Must Be Specifically Delegated. — The intention of the legislature, by the adoption of subdivision (8) of this section, is that any powers not conferred on a council by its charter be possessed and exercised only upon the express authorization of each of the member governments. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

Except for the powers conferred by its charter, a council may neither possess nor exercise

any powers which are not specifically delegated by each of its member governments. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

Council of Governments did not have power to hold title to real estate and to construct thereon an office building for its own use and for rental purposes, in competition with private enterprise, since subdivisions (1) through (7) of this section do not include the power of land ownership, and since that power was not delegated by the member governments. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978), (decided prior to 1979 amendment).

Standing to Contest Council Activities. — A taxpayer and resident of an area encompassed by a regional council of governments has standing to contest allegedly illegal activities of the council, where such activities are funded by tax moneys or property derived from local or federal sources, or where such activities may later require support by tax moneys. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

§ 160A-476. Fiscal affairs.

Each unit of local government having membership in a regional council may appropriate funds to the council from any legally available revenues. Services of personnel, use of equipment and office space, and other services may be made available to the council by its member governments as a part of their financial support. (1971, c. 698, s. 1; 1973, c. 426, s. 73.)

CASE NOTES

Nature of Council. — Once created, a council does not become a municipality, or a political or governmental subdivision of the State in the same sense as a city, town or county. A council may take on some of the attributes and func-

tions of a political subdivision, but does not possess the powers which municipalities are said to possess. *Kloster v. Region D Council of Gov'ts*, 36 N.C. App. 421, 245 S.E.2d 180, cert. denied, 295 N.C. 466, 246 S.E.2d 215 (1978).

§ 160A-477. Reports.

Each regional council shall prepare and distribute to its member governments and to the public an annual report of its activities including a financial statement. (1971, c. 698, s. 1.)

§ 160A-478. Powers granted are supplementary.

The powers granted to cities and counties by this Article are supplementary to any powers heretofore or hereafter granted by any other general law, local act, or city charter for the same or similar purposes. (1971, c. 698, s. 1.)

Part 3. Regional Sports Authorities.**§ 160A-479. Creation of authority; definition.**

(a) Any two or more units of local government may create a regional sports authority by adopting identical concurrent resolutions to that effect in accordance with the provisions of this Part. The concurrent resolutions creating a regional sports authority, and any amendments thereto will be referred to in this Part as the “charter” of the regional sports authority. For the purposes of this Part, “unit of local government” means a county, city or consolidated city-county.

(b) Any regional sports authority created pursuant to this Part shall be a body corporate and politic. (1989, c. 780, s. 1.)

§ 160A-479.1. Purpose of the authority.

The purpose of a regional sports authority shall be to research, design, construct, provide, finance, operate, improve, and maintain facilities for public participation and enjoyment of sports, fitness, health and recreational activities of as many different types and kinds as possible. The primary purpose of any and all such facilities shall be the conduct of sports events but use of these facilities need not be limited to such. (1989, c. 780, s. 1.)

§ 160A-479.2. Jurisdiction of the authority.

(a) The territorial jurisdiction of any authority created pursuant to this Part shall be coterminous with the boundaries of the respective units of local government creating and participating in the authority.

(b) The jurisdiction of any authority created pursuant to this Part shall include any and all currently existing public sports facilities operating within its territorial jurisdiction to the extent that any person or governmental entity owning or controlling such facilities has reached mutual and written agreement with an authority for the operation and maintenance of such facilities by the authority.

(c) The jurisdiction of an authority shall also include any and all new public sports facilities within the regional authority’s territorial jurisdiction developed specifically for operation and maintenance by an authority with the agreement of an authority. (1989, c. 780, s. 1.)

§ 160A-479.3. Membership.

Each unit of local government initially adopting a concurrent resolution under G.S. 160A-479 shall become a member of the regional authority. Thereafter, any local government may join the regional authority by ratifying its charter and by being admitted by a majority vote of the existing members. All of the rights and privileges of membership in a regional sports authority shall be exercised on behalf of its member governments by their delegates to the authority. (1989, c. 780, s. 1.)

§ 160A-479.4. Contents of charter.

The charter of a regional sports authority shall:

- (1) Specify the name of the authority;
- (2) Establish the powers, duties, and functions that it may exercise and perform;
- (3) Establish the number of delegates to represent the member governments, fix their terms of office, provide methods for filling vacancies, and prescribe the compensation and allowances, if any, to be paid to delegates;
- (4) Set out the method of determining the financial support that will be given to the authority by each member government;
- (5) Establish a method for amending the charter, and for dissolving the authority and liquidating its assets and liabilities.

In addition, the charter may, but need not, contain rules and regulations for the conduct of authority business and any other matter pertaining to the organization, powers, and functioning of the authority that the member governments deem appropriate. (1989, c. 780, s. 1.)

§ 160A-479.5. Organization of authority.

Upon its creation, a regional sports authority shall meet at a time and place agreed upon by its member governments and shall organize by electing a chairman and any other officers that the charter may specify or the delegates may deem advisable. The authority shall then adopt bylaws for the conduct of its business. All meetings of the authority shall be open to the public. (1989, c. 780, s. 1.)

§ 160A-479.6. Withdrawal from authority.

Any member government may withdraw from a regional sports authority at the end of any fiscal year by giving at least 60 days' written notice to each of the other members. A withdrawal does not affect the validity of any revenue bonds or notes, and any revenue from sports facilities in the area of the member government that was pledged in payment of bonds or notes issued before the date of notice of withdrawal remains pledged for that purpose until the bonds and notes and interest on the bonds and notes have been paid. Withdrawal of a member government shall not dissolve the authority if at least two members remain. (1989, c. 780, s. 1.)

§ 160A-479.7. Powers of authority.

(a) The charter may confer on the regional sports authority any or all of the following powers:

- (1) To apply for, accept, receive, and dispense funds and grants made available to it by the State of North Carolina or any agency thereof, the United States of America or any agency thereof, any unit of local government (whether or not a member of the authority), and any private or civic agency;

- (9) To receive, administer, and comply with the conditions and requirements respecting any gift, grant, or donation of any property or money;

- (12) To pledge, assign, mortgage, or otherwise grant a security interest in any real or personal property or interest therein, including the right and power to pledge, assign, or otherwise grant a security interest in any money, rents, charges, or other revenues and any proceeds derived by an authority from any and all sources;

These facilities should be of such sizes and in such locations that they will be adequate to serve the population of the entire jurisdiction of the authority (and beyond) to the extent possible;
- (17) To design any new such facilities so they include such equipment and design that efficiency, cost, accessibility, utility, and usability of such facilities will be maximized;
- (18) To have sports facilities grouped into complexes or separated as an authority may see fit, and such facilities may include ancillary support facilities including but not limited to those for administration, sports science, sports medicine, training, museums, meeting rooms and conference centers, accommodations, food services, retail shops, theatres, video services, schools, and educational services.
- (19) To operate the facilities in such a way as to make them as accessible as possible for rental and use by the public while balancing the need for as many of the facilities as possible (particularly any arenas and stadia) to operate annually without a deficit (exclusive of any debt service);
- (20) To operate such facilities together with the State, any entity of the State, or local government as appropriate to maintain a high profile

and promotional value for North Carolina and the region encompassed by an authority and to attract as many major regional, national, and international tournaments, events, championships training centers, training camps, and headquarters for the governance of various sports, associations, and events as reasonable and possible;

- (21) To generate a significant and continuing positive economic impact on the region and State through the construction and operation of facilities and conduct of events and activities within the facilities;

- (24) To employ engineers, architects, attorneys, real estate counselors, appraisers, financial advisors and such other consultants and employees as may be required in the judgment of an authority and to fix and pay their compensation from funds available to an authority therefor and to select and retain subject to approval of the Local Government Commission, the financial consultants, underwriters and bond attorneys to be associated with the issuance of any revenue bonds and to pay for services rendered by underwriters, financial consultants, or bond attorneys out of the proceeds of any such issue with regard to which the services were performed; and
- (25) To do all acts and things necessary, convenient, or desirable to carry out the purposes, and to exercise the powers granted to an authority herein.

(b) The charter may not confer the following powers on the regional sports authority:

- (1) To issue general obligation bonds or otherwise incur a debt that is secured by the full faith and/or credit of the authority, a member government of the authority, or the State.
- (2) To levy a property tax or other tax.
- (3) To acquire property by eminent domain. (1989, c. 780, s. 1; 2007-495, s. 19.)

Effect of Amendments. — Session Laws 2007-495, s. 19, effective August 30, 2007, made minor stylistic changes in subdivision (a)(16).

§ 160A-479.8. Fiscal accountability.

A Regional Sports Authority is a public authority subject to the provisions of Chapter 159 of the General Statutes of North Carolina. (1989, c. 780, s. 1.)

§ 160A-479.9. Funds.

(a) The establishment and operation of an authority as herein authorized are governmental functions and constitute a public purpose, and the State of North Carolina and any unit of local government may appropriate funds to support the establishment and operation of an authority.

(b) The State of North Carolina and any unit of local government may also dedicate, sell, convey, donate or lease any of their interests in any property to an authority. (1989, c. 780, s. 1.)

§ 160A-479.10. Controlling provisions.

Insofar as the provisions of this Part are not consistent with the provisions of any other law, public or private, the provisions of this Part shall be controlling. (1989, c. 780, s. 1.)

§ 160A-479.11. Conflicts of interest of public officials.

Members, officers, and employees of any authority created under this Part shall be subject to the provisions of G.S. 14-234. (1989, c. 780, s. 1.)

§ 160A-479.12. Issuance of revenue bonds and notes.

The Local Government Revenue Bond Act, G.S. Chapter 159, Article 5, governs the issuance of revenue bonds by an authority. G.S. Chapter 159, Article 9, governs the issuance of notes in anticipation of the sale of revenue bonds. (1989, c. 780, s. 1.)

§ 160A-479.13. Acquisition of property.

In addition to the powers hereinbefore granted, an authority may, in its charter, be granted continuing power to acquire, by gift, grant, devise, bequest, exchange, purchase, lease with or without option to purchase, or any other lawful method, the fee or any lesser interest in real or personal property for use by an authority. (1989, c. 780, s. 1.)

§ 160A-479.14. Tax exemption.

(b) Otherwise, however, for the purpose of taxation, when property of an authority is leased to private parties solely for the purpose of an authority, the acts and activities of an authority for the purpose of exemption of the lessee shall be considered as the acts and activities of the private parties.

(c) The interest on revenue bonds or notes issued by an authority shall be exempt from State taxes. (1989, c. 780, s. 1.)

§ 160A-479.15. Removal and relocation of utility structures.

(c) An authority may provide the necessary new locations or an authority may also acquire the necessary new locations by purchase or otherwise, but not by eminent domain.

(d) An authority shall reimburse the public utility, railroad or other public service corporation, for the cost of relocations which shall be the entire amount paid or incurred by the utility properly attributable thereto after deducting the cost of any increase in the service capacity of the new installations, structures, equipment, apparatus, appliances or facilities and any salvage value derived from the old installations, structures, equipment, apparatus or appliances. (1989, c. 780, s. 1.)

§ 160A-479.16. Advances.

(1989, c. 780, s. 1.)

§ 160A-479.17. Annexation.

The annexation by a member government which is a city of areas lying outside of the territorial jurisdiction of the authority shall make such annexed area a part of the territorial jurisdiction of the authority, and such area shall be subject to all debts and all obligations thereof. (1989, c. 780, s. 1.)

§ 160A-480: Reserved for future codification purposes.

Part 4. Facility Authorities.

§ 160A-480.1. Short title.

This Part is the "Facility Authority Act" and may be cited by that name. (1995, c. 458, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Appointment Prohibition. — The General Assembly did not restrict boards of county commissioners and city councils from appointing their employees, agents or officers, although the General Assembly prohibited these

bodies from appointing themselves to a facility authority. See opinion of Attorney General to George B. Daniel, Chairman, Legal Bylaws Committee, The Centennial Authority, 1999 N.C.A.G. 3 (1/28/99).

§ 160A-480.2. Definitions.

The following definitions apply in this Part:

(1) Authority. — A Facility Authority.

(2) Credit facility. — An agreement with a banking institution, an insurance institution, an investment institution, or other financial institution located inside or outside the United States of America that provides for prompt payment, whether at maturity, presentment, or tender for purchase, redemption, or acceleration, of part or all of the principal or purchase price, redemption premium, if any, and interest on a bond or note issued by the Authority and for repayment of the institution.

- (3) Member. — A person appointed to a facility authority.
- (4) Par formula. — A provision or formula to make periodic adjustments in the interest rate of a bond or note, including:
 - a. A provision for an adjustment to keep the purchase price of the bond or note in the open market as close to par as possible.
 - b. A provision for an adjustment based on one or more percentages of a prime rate or base rate that may vary or apply for specified periods of time.
 - c. Any other provision that does not materially and adversely affect the financial position of the Authority and the marketing of the bonds or notes at a reasonable interest cost to the Authority.
- (5) Regional facility. — A facility consisting of an arena, coliseum, or other buildings or both, or areas where sports, fitness, health, recreational, entertainment, or cultural activities can be conducted. The facility may be composed of buildings grouped into complexes or separated from each other and may include ancillary support facilities, such as those for administration, sports science, sports medicine, training, museums, meeting rooms and conference centers, accommodations, parking, and food services. The facility should be designed to attract to the State as many major regional, national, and international tournaments, events, championships, training centers, training camps, and headquarters for the governance of various sports, associations, and events as possible. The regional facility shall be constructed on land owned by the State. (1995, c. 458, s. 1.)

§ 160A-480.3. Creation of Authority; additional membership.

(a) Creation. — An authority may be created only by act of the General Assembly. An authority so created shall be a political subdivision of the State. The territorial jurisdiction of the authority shall be a county authorized by the General Assembly to levy a room occupancy tax and a prepared food and beverage tax, and where both those taxes have been levied.

(b) Membership. — An authority shall have 10 or 21 members. Members shall be chosen for terms as follows:

- (1) Five shall be appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121, at least one of whom shall be a resident of the territorial jurisdiction of the authority, and at least one other of whom shall have been recommended by the board of trustees of the constituent institution of The University of North Carolina whose main campus is located within the county;
- (2) Five shall be appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121, at least one of whom shall be a resident of the territorial jurisdiction of the authority, and at least one other of whom shall have been recommended by the Board of Trustees of the constituent institution of The University of North Carolina whose main campus is located within the county; and
- (3) If the territorial jurisdiction of the authority is a county where the main campus of a constituent institution of The University of North Carolina is located, then:
 - a. Four members shall be appointed by the board of commissioners of that county, one of whom at the time of appointment is a resident of the municipality with the second largest population in the county, according to the most recent decennial federal census;

- b. Four members shall be appointed by the city council of the city with the largest population in the county, according to the most recent decennial federal census;
- c. Two members shall be appointed jointly by the mayors of all the cities in that county.
- d. The Chancellor of the main campus of a constituent institution of The University of North Carolina within the county, or the Chancellor's designee.

Beginning January 1, 1999, a majority of any executive committee, or other committee however termed having supervisory or management authority over the facility to be constructed by the authority, shall consist of authority members appointed under this subsection.

Neither the board of commissioners nor the city council may appoint a member of its board to serve on the authority.

Two of the initial appointments under subdivision (1) of this subsection, two of the initial appointments under subdivision (2) of this subsection, one of the initial appointments under subdivision (3)a. of this subsection, and one of the initial appointments under subdivision (3)b. of this section shall be for terms expiring July 1 of the second year after the year in which the authority is created. The remaining initial appointments shall be for terms expiring July 1 of the fourth year after the year in which the authority is created. The third member appointed by the board of commissioners shall serve a term beginning January 1, 1999, and expiring July 1, 2001, and the fourth member appointed by the board of commissioners shall serve a term beginning January 1, 1999, and expiring July 1, 2003. The third member appointed by the city council shall serve a term beginning January 1, 1999, and expiring July 1, 2001, and the fourth member appointed by the city council shall serve a term beginning January 1, 1999, and expiring July 1, 2003. Of the two appointments made by the General Assembly in 1999 and quadrennially thereafter upon the recommendation of the Speaker of the House of Representatives, one shall be the person recommended by the board of trustees of the constituent institution of The University of North Carolina whose main campus is located within the county. Of the two appointments made by the General Assembly in 1999 and quadrennially thereafter upon the recommendation of the President Pro Tempore of the Senate, one shall be the person recommended by the board of trustees of the constituent institution of The University of North Carolina whose main campus is located within the county. The second member appointed under sub-subdivision (3)c. of this section shall serve an initial term expiring July 1, 2003. Successors shall be appointed in the same manner for four-year terms. A member may be removed by the appointing authority for cause. Vacancies occurring in the membership of the authority shall be filled by the remaining members.

(c) Purpose. — The purpose of an authority is to study, design, plan, construct, own, promote, finance, and operate a regional facility.

(d) Charter and Bylaws. — The act creating an authority and any amendments to it is the Authority's charter. The charter of an authority shall include the name of the Authority. An authority may adopt bylaws. Any bylaw that conflicts with the declared public policy of the State as expressed by law is void and unenforceable. The bylaws may do any one or more of the following:

- (1) Limit the powers, duties, and functions that the Authority may exercise and perform.
- (2) Prescribe the compensation and allowances not to exceed those provided by G.S. 93B-5, if any, to be paid to the members of the Authority.
- (3) Contain rules for the conduct of Authority business and any other matter pertaining to the organization, powers, and functioning of the Authority that the members consider appropriate.

(e) Meetings. — An authority shall meet at a time and place agreed upon by its members. The initial meeting may be called by any four members. At its first meeting, the members shall elect a chairperson and any other officers that the charter may specify or the members may consider advisable. The Authority shall then adopt bylaws for the conduct of its business.

(f) Fiscal Accountability. — An authority is a public authority subject to the provisions of Article 3 of Chapter 159 of the General Statutes.

(g) Conflicts. — If any member, officer, or employee of an Authority shall be:

(1) Interested either directly or indirectly; or

(2) An officer or employee of or have an ownership interest in any firm or corporation, not including units of local government or the Chancellor of the main campus of a constituent institution of The University of North Carolina within the county, or the Chancellor's designee, interested directly or indirectly,

in any contract with that Authority, the interest shall be disclosed to the Authority and shall be set forth in the minutes of the Authority. The member, officer, or employee having an interest shall not participate on behalf of the Authority in the authorization of such contract. Other provisions of law notwithstanding, failure to take any or all actions necessary to carry out the purposes of this subsection do not affect the validity of any bonds or notes issued under this Chapter.

It is not a violation of this subsection for the Chancellor of the main campus of a constituent institution of The University of North Carolina within the county, or the Chancellor's designee, to participate in discussion of or to vote on any matter, including but not limited to the execution of any contract by the Authority, where the matter relates to the interest of a constituent institution of The University of North Carolina within the county.

(h) Any authority created under this Part shall be treated as a board for purposes of Chapter 138A of the General Statutes. (1995, c. 458, s. 1; 1997-68, s. 1; 2000-181, s. 2.5; 2001-311, ss. 1, 2; 2004-158, ss. 3.1, 3.2, 3.3; 2007-348, s. 43.)

Effect of Amendments. — Session Laws 2007-348, s. 43, effective August 9, 2007, added subsection (h).

OPINIONS OF ATTORNEY GENERAL

Participation by Local Government Employees. — The managers and attorneys of a local city and county appointed to the Centennial Authority could participate in discussions and votes affecting their employers, the city and county, because the General Assembly specifically excluded from the definition of "conflicts" an officer or employee of "units of local government." See opinion of Attorney General to George B. Daniel, Chairman, Legal Bylaws

Committee, The Centennial Authority, 1999 N.C.A.G. 3 (1/28/99).

Filling Vacancies. — If a member of the Centennial Authority who is holding over beyond the expiration of his term of office resigns, a vacancy is created which is filled as provided in subsection (b) of this section "by the remaining members" of the Authority's governing board. See opinion of Attorney General to Mr. Jeffrey P. Gray, 2003 N.C.A.G. 11 (10/21/03).

- (17) To pay for services rendered by underwriters, financial consultants, or bond attorneys in connection with the issuance of revenue bonds or notes of the Authority out of the proceeds of the bonds or notes. In employing consultants, underwriters, attorneys, and others, the Authority shall promote participation by minority businesses.
- (18) To purchase or finance real or personal property in the manner provided for cities and counties under G.S. 160A-20. (1995, c. 458, s. 1.)

§ 160A-480.5. Dissolution of Authority.

The General Assembly may dissolve an authority if all bonds or notes issued by the Authority and all other obligations incurred by the Authority have been

fully paid or satisfied. In such event any assets of the Authority shall become the property of the county authorized to levy a room occupancy and prepared food and beverage tax to be distributed to the Authority. (1995, c. 458, s. 1.)

§ 160A-480.6. Construction contracts.

Article 8 of Chapter 143 of the General Statutes applies to a construction contract of an Authority. An Authority may solicit bids on the basis of separate specifications for the branches or work described in G.S. 143-128(a) and on a single-prime contract basis and accept the lowest bid. (1995, c. 458, s. 1.)

§ 160A-480.7. Seating at regional facility arena.

The Authority shall ensure that at least fifty percent (50%) of the seats for an athletic event that is sponsored by a constituent institution of The University of North Carolina whose principal campus is in the territorial jurisdiction of the authority and is held at the arena of the regional facility are made available to students at that constituent institution and members of the general public. (1995, c. 458, s. 1.)

§ 160A-480.8. Bonds.

(a) Terms. — An Authority may provide for the issuance, at one time or from time to time, of bonds or notes to carry out its corporate purposes. The principal of, the interest on, and any premium payable upon the redemption of the bonds or notes shall be payable from the proceeds of bonds or renewal notes, or, in the event bond or renewal note proceeds are not available, from any available revenues or other funds provided for this purpose. The bonds or notes of each issue shall be dated and may be made redeemable prior to maturity at the option of the Authority or otherwise, at one or more prices, on one or more dates, and upon the terms and conditions set by the Authority. The bonds or notes may also be made payable from time to time on demand or tender for purchase by the owner upon terms and conditions set by the Authority. Notes and bonds shall mature at times determined by the Authority, not exceeding 40 years from the date of issue. The Authority shall determine the form and the manner of execution of the bonds or notes, and shall fix the denomination of the bonds or notes and the place of payment of principal and interest. In case an officer whose signature or a facsimile of whose signature appears on any bonds or notes ceases to be an officer before the delivery of the bond or note, the signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if the officer had remained in office until delivery. The Authority may also provide for the authentication of the bonds or notes by a trustee or fiscal agent.

Bonds or notes may be issued under this Part without obtaining, except as otherwise expressly provided in this Part, the consent of any department, division, commission, board, body, bureau, or other agency of the State or of a political subdivision of the State, and without any other proceedings or conditions except as specifically required by this Part or the provisions of the resolution authorizing the issuance of, or any trust agreement securing, the bonds or notes.

Prior to the preparation of definitive bonds, the Authority may issue interim receipts or temporary bonds exchangeable for definitive bonds when the bonds have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds or notes which have been mutilated, destroyed, or lost.

(b) Use of Proceeds. — The proceeds of a bond or note shall be used solely for the purposes for which the bond or note was issued and shall be disbursed in

accordance with the resolution authorizing the issuance of a bond or note and with any trust agreement securing the bond or note. If the proceeds of a bond or note of any issue, by reason of increased construction costs or error in estimates or otherwise, is less than the cost, additional bonds or notes may in like manner be issued to provide the amount of the deficiency.

(c) Security. — Bonds or notes issued by an Authority may be secured in one or more of the following ways:

- (1) By the revenues of the regional facility.
- (2) By security interests in real or personal property or interest therein, including a leasehold interest, acquired with the proceeds of the bonds or notes or improved with the proceeds of the bonds or notes as described in subsection (e) of this section.
- (3) With the approval of the county levying the tax, by receipts, if any, from a room occupancy and prepared food and beverage tax levied by a county and distributed to the Authority; provided, however, that any agreement or undertaking by a county to distribute receipts, if any, from the tax to the Authority may not obligate the county to exercise any power of taxation, or restrict the ability of the county to repeal the tax. However, no action by a county to discontinue, decrease, or repeal a room occupancy tax shall become effective while previously issued bonds or notes secured by receipts from such a tax allocated to an authority by the county remain outstanding.

The security for the bonds or notes shall be specified in the resolution or trust instrument authorizing the bonds or notes.

(d) Revenues. — The Authority may pledge to the payment of its revenue bonds or notes the revenues from the regional facility, including revenues from improvements, betterments, or extensions to the facility. The Authority may establish, maintain, revise, charge, and collect such rates, fees, rentals, or other charges for the use, services, and facilities of or furnished by a regional facility and provide methods of collection of and penalties for nonpayment of these rates, fees, rentals, or other charges. Except as otherwise permitted, the rates, fees, rentals, and charges fixed and charged shall be in an amount that will produce sufficient revenues, with any other available funds, to meet the maintenance and operation expenses of the regional facility as well as any improvements and renewals and replacements to the facility, including reserves to pay the principal, interest, and redemption premium due, if any, on any bonds or notes secured by the facility, and to fulfill the terms of any agreements made by the Authority with the holders of bonds or notes secured by revenues of the facility.

(e) Security Interests. — Bonds or notes may be secured by security interests in any real or personal property or interest therein, including a leasehold interest, either acquired with the proceeds of bonds or notes, or upon which improvements are provided from the proceeds of bonds or notes. The security interest may cover all real and personal property acquired or improved or any portion of the property, except that if the property subject to the security interest is a leasehold interest, the security interest is not to the fee simple title. The Authority is authorized to enter into deeds of trust, mortgages, security agreements, and similar instruments as shall be necessary to carry out the powers in this subsection. Bonds or notes may also be secured by security interests in any real or personal property conveyed to the Authority.

In the event the Authority fails to perform its obligations with respect to the bonds or notes and foreclosure or similar sale of property subject to a security interest occurs, a deficiency judgment may not be rendered against the Authority except to the extent that the deficiency is payable from either revenues from the regional facility or from any revenues dedicated by act of the General Assembly to the Authority.

(f) Issuance. — The issuance of bonds or notes of the Authority is subject to the approval of the Local Government Commission. Upon the filing with the Local Government Commission of a resolution of the Authority requesting that its bonds or notes be sold, the Commission shall determine the manner in which the bonds or notes will be sold and the price or prices at which the bonds or notes will be sold. In determining whether to approve a proposed bond or note issue of the Authority, the Local Government Commission shall consider the criteria for approval of revenue bonds under G.S. 159-86. The Local Government Commission shall approve the proposed issue if it determines the bond or note issue will meet such criteria and will effect the purposes of this Part. With the approval of the Authority, the Local Government Commission shall sell the bonds or notes either at public or private sale in the manner and at the prices determined to be in the best interests of the Authority and to effect the purposes of this Part.

(g) Certification of Approval. — Each bond or note that is represented by an instrument shall contain a statement signed by the Secretary of the Local Government Commission, or an assistant designated by the Secretary, certifying that the issuance of the bond or note has been approved under this Part. The signature may be a manual signature or a facsimile signature, as determined by the Local Government Commission. Each bond or note that is not represented by an instrument shall be evidenced by a writing relating to the obligation that identifies the obligation or the issue of which it is a part, contains the signed statement certifying approval of the Local Government Commission that is required on an instrument, and is filed with the Local Government Commission. A certification of approval by the Local Government Commission is conclusive evidence that a bond or note complies with this Part.

(h) State Pledge. — The State pledges to the holder of a bond or note issued under this Part that, as long as the bond or note is outstanding and unpaid, the State will not limit or alter the power the Authority had when the bond or note was issued in a way that impairs the ability of the Authority to produce revenues sufficient with other available funds to do all of the following:

- (1) Maintain and operate the facility for which the bond or note was issued.
- (2) Pay the principal of, interest on, and redemption premium, if any, of the bond or note.
- (3) Fulfill the terms of an agreement with the holder.

The State further pledges to the holder of a bond or note issued under this Part that the State will not impair the rights and remedies of the holder concerning the bond or note.

(i) Investment Securities. — All bonds and notes and interest coupons, if any, issued under this Part are made investment securities within the meaning of and for all the purposes of Article 8 of the Uniform Commercial Code, as enacted in Chapter 25 of the General Statutes.

(j) Details of Bonds or Notes. — In fixing the details of bonds or notes, the Authority may provide that the bonds or notes may:

- (1) Be payable from time to time on demand or tender for purchase by the owner of the bond or note if a credit facility supports the bond or note, unless the Local Government Commission specifically determines that a credit facility is not required because the absence of a credit facility will not materially and adversely affect the financial position of the Authority and the marketing of the bonds or notes at a reasonable interest cost to the Authority.
- (2) Be additionally supported by a credit facility.
- (3) Be made subject to redemption or a mandatory tender for purchase prior to maturity.
- (4) Be capital appreciation bonds.

(5) Bear interest at a rate or rates that may vary, including variations permitted pursuant to a par formula.

(6) Be made the subject of a remarketing agreement whereby an attempt is made to remarket the bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the Authority.

(k) **Basis of Investment.** — In connection with or incidental to the acquisition or carrying of any investment relating to bonds, program of investment relating to bonds, or carrying of bonds, the Authority may, with the approval of the Local Government Commission, enter into a contract to place the investment or obligation of the Authority, as represented by the bonds, investment, or program of investment and the contract or contracts, in whole or in part, on an interest rate, currency, cash flow, or other basis, including the following:

(1) Interest rate swap agreements, currency swap agreements, insurance agreements, forward payment conversion agreements, and futures.

(2) Contracts providing for payments based on levels of, or changes in, interest rates, currency exchange rates, or stock or other indices.

(3) Contracts to exchange cash flows or a series of payments.

(4) Contracts to hedge payment, currency, rate, spread, or similar exposure, including interest rate floors or caps, options, puts, and calls.

The Authority may enter a contract of this type in connection with, or incidental to, entering into or maintaining any agreement that secures bonds. A contract shall contain the payment, security, term, default, remedy, and other terms and conditions the Board considers appropriate. The Authority may enter a contract of this type with any person after giving due consideration, where applicable, of the person's creditworthiness as determined by a rating by a nationally recognized rating agency or any other criteria the Board considers appropriate. In connection with, or incidental to, the issuance or carrying of bonds, or the entering of any contract described in this subsection, the Authority may enter into credit enhancement or liquidity agreements, with payment, interest rate, termination date, currency, security, default, remedy, and other terms and conditions as the Authority determines. Proceeds of bonds and any moneys set aside and pledged to secure payment of bonds or any of the contracts entered into under this subsection may be pledged to and used to service any of the contracts entered into under this section. (1995, c. 458, s. 1; 1997-68, s. 2.)

§ 160A-480.9. Trust agreement or resolution.

In the discretion of the Authority, any bonds or notes issued under this Part may be secured by a trust instrument between the Authority and a bank or trust company or individual within the State, or a bank or a trust company outside the State, as trustee. The trust instrument or the resolution of the Authority authorizing the issuance of bonds or notes may pledge and assign all or any part of the revenues, funds, and other property provided for the security of the bonds, including proceeds from the sale of any project, or part thereof, insurance proceeds, and condemnation awards, and may convey or mortgage property to secure a bond issue as provided in this Part.

The revenues and other funds derived from the project, except any part thereof that may be necessary to provide reserves therefor, if any, shall be set aside at regular intervals as may be provided in the resolution or trust instrument in a sinking fund which may be thereby pledged to, and charged with, the payment of the principal of and the interest on the bonds or notes as they become due and of the redemption price or the purchase price of bonds retired by call or purchase as therein provided. This pledge shall be valid and binding from the time the pledge is made. The revenues so pledged and

thereafter received by the Authority shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether the parties have notice of the pledge. The use and disposition of money to the credit of such sinking fund shall be subject to the provisions of the resolution or trust instrument. The resolution or trust instrument may contain provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including, without limitation, any one or more of the following:

- (1) Acceleration of all amounts payable under the resolution or trust instrument.
- (2) Appointment of a receiver to manage the project and any other property mortgaged or assigned as security for the bonds.
- (3) Foreclosure and sale of the project and any other property mortgaged or assigned as security for the bonds.
- (4) Rights to bring and maintain other actions at law or in equity as may appear necessary or desirable to collect the amounts payable under, or to enforce the covenants made in, the security document.

It shall be lawful for any bank or trust company incorporated under the laws of this State which may act as depository of the proceeds of bonds, revenues, or other funds provided under this Part to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. All expenses incurred in carrying out the provisions of the resolution or trust instrument may be treated as a part of the cost of the project in connection with which bonds or notes are issued or as an expense of administration of the project.

The Authority may subordinate bonds or notes to any prior, contemporaneous, or future securities or obligations or lien, mortgage, or other security interest securing bonds or notes.

Any owner of bonds or notes issued under the provisions of this Part or any coupons appertaining thereto, and the trustee under any trust agreement securing or resolution authorizing the issuance of such bonds or notes, except to the extent the rights given may be restricted by the trust agreement or resolution, may either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under the trust agreement or resolution, or under any other contract executed by the Authority pursuant to this Chapter; and may enforce and compel the performance of all duties required by this Part or by the trust agreement or resolution by the Authority or by any officer of the Authority. (1995, c. 458, s. 1.)

§ 160A-480.10. Trust funds.

Notwithstanding any other provision of law to the contrary, all money received pursuant to the authority of this Part, whether as proceeds from the sale of bonds or notes or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Part. The resolution authorizing the issuance of, or the trust agreement securing, any bonds or notes may provide that any of these moneys may be temporarily invested and reinvested pending their disbursement and shall provide that any officer with whom, or any bank or trust company with which, the moneys shall be deposited shall act as trustee of the moneys and shall hold and apply the moneys for the purpose hereof, subject to any regulations this Part and the resolution or trust agreement may provide. Any of these moneys may be invested as provided in G.S. 159-30, as it may be amended from time to time. (1995, c. 458, s. 1.)

§ 160A-480.11. Faith and credit of State and units of local government not pledged.

Bonds or notes issued under this Part shall not constitute a debt secured by a pledge of the faith and credit of the State or a political subdivision of the State and shall be payable solely from the revenues, property, and other funds pledged for their payment. The bonds or notes issued by an Authority shall contain a statement that the Authority is obligated to pay the bond or note or the interest on the bond or note only from the revenues, property, or other funds pledged for their payment and that neither the faith and credit nor the taxing power of the State or any political subdivision of the State is pledged as security for the payment of the principal of or the interest or premium on the bonds or notes. (1995, c. 458, s. 1.)

§ 160A-480.12. Revenue refunding bonds.

The Authority may issue refunding bonds or notes for one or more of the following purposes:

- (1) Refunding any outstanding bonds or notes issued under this Part, including any redemption premium on the bonds or notes and any interest accrued or to accrue to the date of redemption.
- (2) Constructing improvements, additions, extensions or enlargements of the project, or projects in connection with which the bonds or notes to be refunded have been issued.
- (3) Paying all or any part of the cost of any additional project or projects.

Refunding bonds or notes shall be issued in accordance with the same procedures and requirements as bonds or notes. Refunding bonds issued under this section may be sold or exchanged for outstanding bonds or notes issued under this Part and, if sold, the proceeds of the refunding bonds may be applied, in addition to any authorized purposes, to the purchase, redemption, or payment of outstanding bonds or notes.

Pending the application of the proceeds of refunding bonds, with any other available funds, to the payment of the principal of and accrued interest and any redemption premium on the bonds or notes being refunded, and, if so provided or permitted in securing the same, to the payment of any interest on such refunding bonds and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holder thereof, at the option of such holder, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended. (1995, c. 458, s. 1.)

§ 160A-480.13. Bonds eligible for investment.

Bonds and notes issued under this Part are hereby made securities in which all public officers, agencies, and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, building and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. These bonds or notes are hereby made securities that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision

of the State is authorized by law. This section does not apply to any State pension or retirement fund or a pension or retirement fund of a political subdivision of the State. (1995, c. 458, s. 1.)

§ 160A-480.14. Taxation of revenue bonds.

Any bonds and notes issued by the Authority under the provisions of this Part shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of bonds and notes, and franchise taxes. The interest on bonds and notes issued by an Authority under the provisions of this Part shall not be subject to taxation as to income. (1995, c. 458, s. 1.)

§ 160A-480.15. Members and officers not liable.

No member or officer of an Authority shall be subject to any personal liability or accountability by reason of the execution of any bonds or notes or the issuance of any bonds or notes. (1995, c. 458, s. 1.)

§§ 160A-481 through 160A-484: Reserved for future codification purposes.

ARTICLE 21.

Miscellaneous.

§ 160A-485. Waiver of immunity through insurance purchase.

(a) Any city is authorized to waive its immunity from civil liability in tort by the act of purchasing liability insurance. Participation in a local government risk pool pursuant to Article 23 of General Statute Chapter 58 shall be deemed to be the purchase of insurance for the purposes of this section. Immunity shall be waived only to the extent that the city is indemnified by the insurance contract from tort liability. No formal action other than the purchase of liability insurance shall be required to waive tort immunity, and no city shall be deemed to have waived its tort immunity by any action other than the purchase of liability insurance. If a city uses a funded reserve instead of purchasing insurance against liability for wrongful death, negligence, or intentional damage to personal property, or absolute liability for damage to person or property caused by an act or omission of the city or any of its officers, agents, or employees acting within the scope of their authority and the course of their employment, the city council may adopt a resolution that deems the creation of a funded reserve to be the same as the purchase of insurance under this section. Adoption of such a resolution waives the city's governmental immunity only to the extent specified in the council's resolution, but in no event greater than funds available in the funded reserve for the payment of claims.

(b) An insurance contract purchased pursuant to this section may cover such torts and such officials, employees, and agents of the city as the governing board may determine. The city may purchase one or more insurance contracts, each covering different torts or different officials, employees, or agents of the city. An insurer who issues a contract of insurance to a city pursuant to this

section thereby waives any defense based upon the governmental immunity of the city, and any defense based upon lack of authority for the city to enter into the contract. Each city is authorized to pay the lawful premiums for insurance purchased pursuant to this section.

(c) Any plaintiff may maintain a tort claim against a city insured under this section in any court of competent jurisdiction. As to any such claim, to the extent that the city is insured against such claim pursuant to this section, governmental immunity shall be no defense. Except as expressly provided herein, nothing in this section shall be construed to deprive any city of any defense to any tort claim lodged against it, or to restrict, limit, or otherwise affect any defense that the city may have at common law or by virtue of any statute. Nothing in this section shall relieve a plaintiff from any duty to give notice of his claim to the city, or to commence his action within the applicable period of time limited by statute. No judgment may be entered against a city in excess of its insurance policy limits on any tort claim for which it would have been immune but for the purchase of liability insurance pursuant to this section. No judgment may be entered against a city on any tort claim for which it would have been immune but for the purchase of liability insurance pursuant to this section except a claim arising at a time when the city is insured under an insurance contract purchased and issued pursuant to this section. If, in the trial of any tort claim against a city for which it would have been immune but for the purchase of liability insurance pursuant to this section, a verdict is returned awarding damages to the plaintiff in excess of the insurance limits, the presiding judge shall reduce the award to the maximum policy limits before entering judgment.

(d) Except as otherwise provided in this section, tort claims against a city shall be governed by the North Carolina Rules of Civil Procedure. No document or exhibit which relates to or alleges facts as to the city's insurance against liability shall be read, exhibited, or mentioned in the presence of the trial jury in the trial of any claim brought pursuant to this section, nor shall the plaintiff, his counsel, or anyone testifying in his behalf directly or indirectly convey to the jury any inference that the city's potential liability is covered by insurance. No judgment may be entered against the city unless the plaintiff waives his right to a jury trial on all issues of law or fact relating to insurance coverage. All issues relating to insurance coverage shall be heard and determined by the judge without resort to a jury. The jury shall be absent during all motions, arguments, testimony, or announcement of findings of fact or conclusions of law with respect to insurance coverage. The city may waive its right to have issues concerning insurance coverage determined by the judge without a jury, and may request a jury trial on these issues.

(e) Nothing in this section shall apply to any claim in tort against a city for which the city is not immune from liability under the statutes or common law of this State. (1951, c. 1015, ss. 1-5; 1971, c. 698, s. 1; 1975, c. 723; 1985 (Reg. Sess., 1986), c. 1027, s. 27; 2003-175, s. 1.)

CASE NOTES

Editor's Note. — *Many of the cases cited below were decided under former G.S. 160-191.1 to 160-191.5.*

Misleading Internal Reference. — The reference to Article 39 of Chapter 58, which formerly appeared in subsection (a) of this section, should refer to Article 23 of Chapter 58. *Blackwelder v. City of Winston-Salem*, 332 N.C. 319, 420 S.E.2d 432 (1992).

Statutory Intent. — This statute was not meant to abrogate any statutory defenses available to a municipality. *Askew Kawasaki, Inc. v. City of Elizabeth City*, 124 N.C. App. 453, 477 S.E.2d 85 (1996).

Municipality's Immunity Under Common-Law Rule. — Prior to legislative enactment of these provisions, the common-law rule of governmental immunity prevailed in North Carolina. Under this common-law rule a municipality was not liable for the torts of its employees or agents committed while performing a governmental function. *Galligan v. Town of Chapel Hill*, 276 N.C. 172, 171 S.E.2d 427 (1970); *Town of Hillsborough v. Smith*, 10 N.C. App. 70, 178 S.E.2d 18 (1970), cert. denied, 277 N.C. 727, 178 S.E.2d 831 (1971).

Except where waived under authority of statute, the common-law rule of governmental immunity is still the law in North Carolina. *Town of Hillsborough v. Smith*, 10 N.C. App. 70, 178 S.E.2d 18 (1970), cert. denied, 277 N.C. 727, 178 S.E.2d 831 (1971).

In the absence of statutory authority, a municipality has no power to waive its governmental immunity. *Galligan v. Town of Chapel Hill*, 276 N.C. 172, 171 S.E.2d 427 (1970).

A municipal corporation may not waive or contract away its governmental immunity in the absence of legislative authority for such action. *Town of Hillsborough v. Smith*, 10 N.C. App. 70, 178 S.E.2d 18 (1970), cert. denied, 277 N.C. 727, 178 S.E.2d 831 (1971).

Waiver to the Extent of Coverage. — A municipality may waive governmental immunity by the purchase of liability insurance to the extent that the city or town is indemnified by the insurance contract from liability for the

acts alleged. *Davis v. Messer*, 119 N.C. App. 44, 457 S.E.2d 902 (1995), overruled on other grounds, *Willis v. Town of Beaufort*, 544 S.E.2d 600 (N.C. Ct. App. 2001).

To the extent a city does not purchase liability insurance or participate in a local government risk, a city generally retains immunity from civil liability in tort. *Young v. Woodall*, 119 N.C. App. 132, 458 S.E.2d 225 (1995), rev'd on other grounds, 343 N.C. 459, 471 S.E.2d 357 (1996).

Defendant town which purchased insurance covering itself and its agents, was deemed to have waived its governmental immunity defense to the extent of its coverage. *Willis v. Town of Beaufort*, 143 N.C. App. 106, 544 S.E.2d 600, 2001 N.C. App. LEXIS 227 (2001).

Waiver as Applied to Agent of Governmental Entity Which Purchased Insurance. — To the extent that defendant town waived its immunity through the purchase of liability insurance, defendant town, and defendant police officer, as sued in his official capacity, were not immune from suit for officer's alleged negligent acts, and summary judgment was properly denied for such claims. *Thompson v. Town of Dallas*, 142 N.C. App. 651, 543 S.E.2d 901, 2001 N.C. App. LEXIS 191 (2001).

Modification of Immunity as Function of Legislature. — Although the doctrine of sovereign immunity was first adopted in North Carolina by the Supreme Court, this judicial doctrine is firmly established in law today, and by legislation has been recognized by the General Assembly as the public policy of the State. Any further modification or the repeal of the doctrine should come from the General Assembly, not the Supreme Court. *Steelman v. City of New Bern*, 279 N.C. 589, 184 S.E.2d 239 (1971).

Any change in the doctrine of governmental immunity should come from the General Assembly. *Blackwelder v. City of Winston-Salem*, 332 N.C. 319, 420 S.E.2d 432 (1992).

This Section Creates Exception to Common-Law Sovereign Immunity. — Under the common law, a municipality is immune from liability for the torts of its officers commit-

ted while they were performing a governmental function. However, this section establishes an exception to the common-law rule: Any city is authorized to waive its immunity from civil liability in tort by the act of purchasing liability insurance. *Herndon v. Barrett*, 101 N.C. App. 636, 400 S.E.2d 767 (1991).

Existence of Immunity Prerequisite for Waiver. — Municipalities in North Carolina have never been immune from civil liability for negligence based upon the failing to keep its streets free of unnecessary obstructions, as in untrimmed shrubs and bushes that obstructed the view of motorists using the streets involved; therefore, in the case at bar, insofar as this case is concerned defendant had no immunity to waive and the insolvency of its insurer did not affect its liability. *McDonald v. Village of Pinehurst*, 91 N.C. App. 633, 372 S.E.2d 733 (1988).

Public Duty Doctrine Did Not Shield a City Engaged in an Ultrahazardous Activity. — The plaintiff stated a claim upon which relief could be granted when he alleged that defendant/city was strictly liable for the injuries which he sustained as a result of defendants' use of dynamite, an ultrahazardous activity. The public duty doctrine did not shield the city from liability for this claim because the protection afforded by the public duty doctrine does not extend to local governmental agencies other than law enforcement agencies engaged in their general duty to protect the public. *Hargrove v. Billings & Garrett, Inc.*, 137 N.C. App. 759, 529 S.E.2d 693, 2000 N.C. App. LEXIS 535 (2000).

Methods of Waiver. — City may waive governmental immunity by the purchase of liability insurance or by joining a local government risk pool. *Young v. Woodall*, 119 N.C. App. 132, 458 S.E.2d 225 (1995), rev'd on other grounds, 343 N.C. 459, 471 S.E.2d 357 (1996).

This statute explicitly equates participation in a local government risk pool with the purchase of insurance for the purposes of a city's immunity from liability. *Lyles v. City of Charlotte*, 120 N.C. App. 96, 461 S.E.2d 347 (1995).

Settlement of Claims Does Not Cause Waiver. — Trial court decision denying JNOV to a city, one of its police officers, and its police department was reversed on appeal, because the plaintiff, an arrestee injured in a squad car, failed to prove gross negligence and only showed simple negligence by evidence that the police officer drove 30 to 35 miles above the legal speed limit although he knew that plaintiff was not wearing a seat belt and had to brake suddenly to avoid a collision causing plaintiff to propel into the metal screen in the squad car. City also did not waive governmental immunity by its voluntary settlement with plaintiff since the city had a liability policy and none of the conditions of waiver, as provided by

G.S. 160A-485(a), were met. *Clayton v. Branson*, 170 N.C. App. 438, 613 S.E.2d 259, 2005 N.C. App. LEXIS 1070 (2005), cert. denied, — N.C. —, 625 S.E.2d 785 (2005).

City Engaging in Proprietary Function Not Immune. — City which operated a natural gas supply utility was engaged in a proprietary function and, therefore, was not immune from liability for any torts which were proximately caused by it in providing this service. *Gregory v. City of Kings Mt.*, 117 N.C. App. 99, 450 S.E.2d 349 (1994).

Waiver of Immunity by Local Agency. — Since cities and counties can waive their immunity by purchasing liability insurance, local agencies of the state such as a county ABC Board can likewise waive their immunity by purchasing such insurance. *McNeill v. Durham County ABC Bd.*, 87 N.C. App. 50, 359 S.E.2d 500 (1987), modified on other grounds, 322 N.C. 425, 368 S.E.2d 619, rehearing denied, 322 N.C. 838, 371 S.E.2d 278 (1988).

Immunity Not Waived Without Purchase of Insurance. — In the operation of a chemical fogging machine on a street or highway for the purpose of destroying insects, a municipality acts in a governmental capacity in the interest of the public health, and it may not be held liable in tort for injuries resulting therefrom unless it waives its immunity by procuring liability insurance, even though the operation of the machine renders a street or highway hazardous to traffic, since the exception to governmental immunity in failing to keep its streets in a reasonable safe condition relates solely to the maintenance and repair of its streets. *Clark v. Scheld*, 253 N.C. 732, 117 S.E.2d 838 (1961).

This section provides that the only way a city may waive its governmental immunity is by the purchase of liability insurance. Action by the city under G.S. 160A-167 does not waive immunity. *Blackwelder v. City of Winston-Salem*, 332 N.C. 319, 420 S.E.2d 432 (1992).

Waiver of Immunity with Purchase of Insurance. — Where a municipal corporation procured liability insurance on a vehicle used in the operation of a chemical fogging machine, it waived its governmental immunity for the negligent operation of the vehicle to the extent of the amount of the liability insurance. *White v. Mote*, 270 N.C. 544, 155 S.E.2d 75 (1967).

In the absence of some affirmative action by a municipality, the purchase of liability insurance will constitute a waiver of its governmental immunity to the extent of the insurance policy so obtained. *Galligan v. Town of Chapel Hill*, 276 N.C. 172, 171 S.E.2d 427 (1970).

A city waives its immunity from civil liability in tort by purchasing liability insurance. However, immunity is waived only to the extent that the city is indemnified by the insurance contract. *Gordon v. Hartford Accident & Indem.*

Co., 576 F. Supp. 203 (W.D.N.C. 1983), *aff'd*, 740 F.2d 961 (4th Cir. 1984).

Where plaintiffs sufficiently alleged waiver of governmental immunity by alleging that defendants maintained liability insurance, the trial court did not err in denying defendants motion to dismiss. *Anderson ex rel. Jerome v. Town of Andrews*, 127 N.C. App. 599, 492 S.E.2d 385 (1997).

Partial Immunity. — Where city was indemnified for claims in excess of \$500,000 through its participation in a local government risk pool any claims for less than that amount were not indemnified because there was a \$500,000 deductible for which the city was solely responsible. Therefore, for claims of \$500,000 or less the city retained its immunity. *Wall v. City of Raleigh*, 121 N.C. App. 351, 465 S.E.2d 551 (1996).

Waiver of Immunity When Engaging in Governmental Function. — Where a municipality engages in a governmental function, governmental immunity is applicable, and a city may waive its immunity from civil tort liability by purchasing liability insurance. *Gregory v. City of Kings Mt.*, 117 N.C. App. 99, 450 S.E.2d 349 (1994).

Housing authority provided a governmental function and was entitled to rely on doctrine of governmental immunity as it related to a personal injury suit brought against it; G.S. 160A-485(a) did not control whether or not the housing authority had legal capacity to waive its immunity by buying insurance, but authority could have accepted liability to the extent of insurance purchased, and the case was therefore remanded since the appellate court was unable to discern whether the trial court's denial of the housing authority's motion to dismiss was premised upon the housing authority's insurance coverage. *Evans v. Hous. Auth.*, 359 N.C. 50, 602 S.E.2d 668, 2004 N.C. LEXIS 1125 (2004).

Requirement That Risk Shift. — By forming and operating a risk acceptance management corporation the city has not purchased liability insurance, which is the only way, other than by joining a risk pool, that it can waive governmental immunity. *Blackwelder v. City of Winston-Salem*, 332 N.C. 319, 420 S.E.2d 432 (1992).

Local Government Risk Pool May Exist as to Some Damages While Not to Others. — The City along with two police officers in their official capacities were entitled to partial summary judgment on the grounds of governmental immunity for damages of \$ 600,000 or less, and for damages greater than \$ 7,000,000 where the City was insured above \$ 7,000,000 and where the plaintiff, mistaken for a hit-and-run car operator, failed to show that a fund in which the City participated constituted a local government risk pool. *Schlossberg v. Goins*, 141

N.C. App. 436, 540 S.E.2d 49, 2000 N.C. App. LEXIS 1296 (2000).

City's Individual Operation of Risk Acceptance Management Corporation Did Not Constitute Risk Pool. — Where the city did not join with any other local government unit in the operation of risk acceptance management corporation, it was not participating in a risk pool. *Blackwelder v. City of Winston-Salem*, 332 N.C. 319, 420 S.E.2d 432 (1992).

And Its Government Immunity Was Not Waived. — City, by organizing risk acceptance management corporation, for the payment of tort claims of \$1,000,000 or less against the city, did not waive its governmental immunity for those claims. *Blackwelder v. City of Winston-Salem*, 332 N.C. 319, 420 S.E.2d 432 (1992).

Summary judgment evidence showed a city did not waive its sovereign immunity, under G.S. 160A-485(a), by purchasing liability insurance or by participating in a local government risk pool, because the city's affidavit stated it had no liability insurance policy in effect at the relevant time, and it was not alleged the city participated in a local government risk pool. *Wilkerson v. Norfolk S. Ry.*, 151 N.C. App. 332, 566 S.E.2d 104, 2002 N.C. App. LEXIS 744 (2002).

New Resolution Against Waiver of Immunity Not Required Each Time Liability Insurance Acquired or Renewed. — To require a town to adopt a new resolution against waiver of immunity each time it renews a liability insurance policy or acquires a new liability policy would place an unnecessary and useless burden upon the town and impose a condition not provided for in former G.S. 160-191.1 nor contemplated by the General Assembly. *Galligan v. Town of Chapel Hill*, 276 N.C. 172, 171 S.E.2d 427 (1970).

A waiver of governmental immunity does not create a cause of action, etc. where none previously existed. *Coleman v. Cooper*, 89 N.C. App. 188, 366 S.E.2d 2, cert. denied, 322 N.C. 834, 371 S.E.2d 275 (1988).

Where the public duty doctrine precluded plaintiff from producing an essential element of her negligence claim, i.e., that plaintiff was owed a duty by the defendant/city, the city's purchase of liability insurance did not create a cause of action where none previously existed. *Cucina v. City of Jacksonville*, 2000 N.C. App. LEXIS 310 (N.C. App. Apr. 4, 2000).

A city, while performing a governmental function in the maintenance of a sewer system within its municipal jurisdiction, may not be held liable for any damage arising out of the governmental activity unless it expressly waives its immunity pursuant to this section. *Roach v. City of Lenoir*, 44 N.C. App. 608, 261 S.E.2d 299 (1980).

Risk Management Corporation. — City

did not waive its immunity by organizing a corporation, Risk Management Corporation ("RAMCO"), for the purpose of handling liability claims of \$1,000,000.00 or less against the city. *Hickman ex rel. Womble v. Fuqua*, 108 N.C. App. 80, 422 S.E.2d 449 (1992), cert. denied, 333 N.C. 462, 427 S.E.2d 621 (1993).

Free Sports Instruction. — When a municipality provides free sports instruction, it is acting in a governmental capacity. *Hickman ex rel. Womble v. Fuqua*, 108 N.C. App. 80, 422 S.E.2d 449 (1992), cert. denied, 333 N.C. 462, 427 S.E.2d 621 (1993).

Extent of Immunity Under Former Law. — Prior to the 1975 amendment, a waiver was authorized only in actions involving the operation of motor vehicles. The waiver did not cover maintenance of playground equipment. *Rich v. City of Goldsboro*, 282 N.C. 383, 192 S.E.2d 824 (1972).

Former G.S. 160-191.1 did not authorize or empower a municipality to waive its governmental immunity for injuries to a person proximately caused by its operation of a public library. *Seibold v. City of Kinston*, 268 N.C. 615, 151 S.E.2d 654 (1966).

Municipal Corporation Held Unable to Avoid Liability Under Former Provisions. — If a municipal corporation, having secured liability insurance, injured plaintiff by actionable negligence in the operation of its truck and fogging machine in exercising its legal right to destroy mosquitoes, it could not completely avoid liability to him by reason of the provisions of former G.S. 160-191.1 to 160-191.5. *Moore v. Town of Plymouth*, 249 N.C. 423, 106 S.E.2d 695 (1959).

Murder of Child Abuse Victims by Father After His Indictment. — Where police officer knew of prior acts of violence committed by father towards child victims, but the children had indicated to him that they were not afraid of their father, and the record was devoid of any evidence which would tend to show that officer ever told plaintiff or her intestates that any kind of protection would be afforded them or that there was any special relationship between the police and plaintiff's intestates, the only connection between the officer and the two young victims being that which arose as a result of the officer's interviews prior to their father's indictment for sexually abusing them, there was no duty on the part of the police department which would give rise to liability involving the city when the father murdered the children. *Coleman v. Cooper*, 89 N.C. App. 188, 366 S.E.2d 2, cert. denied, 322 N.C. 834, 371 S.E.2d 275 (1988).

In action for defamatory statements allegedly made by police officers, any claim by plaintiff against defendant city was barred by governmental immunity, because defendant city's liability insurance did not cover claims

based on the malicious conduct of defendant city's law enforcement employees. However, the individual defendants did not have the benefit of governmental immunity under the circumstances. *Shuping v. Barber*, 89 N.C. App. 242, 365 S.E.2d 712 (1988).

Insolvency of Insurer Does Not Negate Waiver. — To hold that a waiver of immunity is negated within the meaning of this section by the insured's carrier becoming insolvent would, for no sensible reason, deprive worthy claimants of the legal redress and insurance purchasing municipalities of the indemnification that the statute was enacted to provide. *McDonald v. Village of Pinehurst*, 91 N.C. App. 633, 372 S.E.2d 733 (1988).

If there had been a waiver under this section it would not have been negated by the insolvency of municipality's insurance carrier, even though by purchasing liability insurance a municipality waives its immunity only to the extent that it is "indemnified by the insurance contract from tort liability," since in this State, behind every licensed liability insurance company that becomes insolvent is an agency created by G.S. 58-48-25 that to some extent and under certain conditions, takes over the insolvent's obligations to indemnify its insureds by paying legally entitled claimants. *McDonald v. Village of Pinehurst*, 91 N.C. App. 633, 372 S.E.2d 733 (1988).

Allegations of Waiver Required. — If plaintiff does not allege a waiver of immunity by the purchase of insurance, the plaintiff has failed to state a claim against governmental unit or officer or employee. *Morrison-Tiffin v. Hampton*, 117 N.C. App. 494, 451 S.E.2d 650, appeal dismissed and cert. denied, 339 N.C. 739, 454 S.E.2d 654 (1995).

The purchase of liability insurance must be alleged in order for a complaint to set forth a claim against a governmental entity or its officers or employees in their official capacities. *Houpe v. City of Statesville*, 128 N.C. App. 334, 497 S.E.2d 82 (1998), cert. denied, 348 N.C. 72, 505 S.E.2d 871 (1998).

Defendant/town and its employee were entitled to immunity from plaintiffs' suit for negligence where woman, who was injured by a garbage truck, and her husband failed to allege the waiver of liability through the purchase of insurance, and the pleadings failed to state clearly in which capacity, individually or officially, the employee was being sued. *Reid v. Town of Madison*, 137 N.C. App. 168, 527 S.E.2d 87, 2000 N.C. App. LEXIS 260 (2000).

Superior Court Jurisdiction. — Where sovereign immunity is waived by the purchase of liability insurance, subject matter jurisdiction is statutorily vested in the superior court. *Meyer v. Walls*, 122 N.C. App. 507, 471 S.E.2d 422 (1996), aff'd in part and rev'd in part, 347 N.C. 97, 489 S.E.2d 880 (1997).

Governmental Immunity Not for Public Officer. — Where a municipality waived its sovereign immunity by purchasing liability insurance, public officers were not entitled to the defense of governmental immunity, at least as to the extent of coverage purchased by the municipality. *Moore v. Evans*, 124 N.C. App. 35, 476 S.E.2d 415 (1996).

Illustrative Cases. — Plaintiffs' allegation that town had valid and enforceable liability insurance covering the full dollar amount of claims asserted against it was sufficient to withstand the defense of governmental immunity. *Davis v. Messer*, 119 N.C. App. 44, 457 S.E.2d 902 (1995), overruled on other grounds, *Willis v. Town of Beaufort*, 544 S.E.2d 600 (N.C. Ct. App. 2001).

Where city was a participant in a local government risk pool on the date of employee's death it thereby waived the right to assert governmental immunity in bar to plaintiff's claim. *Lyles v. City of Charlotte*, 120 N.C. App. 96, 461 S.E.2d 347 (1995).

When police officer's horse stepped on plaintiff's foot, and the officer was assigned to patrol fair in her capacity as a member of the Special Operations Division, Mounted Patrol Unit, and was responding to a fellow officer's radio call for assistance, the city and officer, in her official capacity, were immune from suit under the doctrine of governmental immunity for damages of \$250,000 or less; however, to the extent plaintiff's claim exceeded \$250,000, the city and officer were not entitled to the defense of governmental immunity. *Jones v. Kearns*, 120 N.C. App. 301, 462 S.E.2d 245 (1995).

The city did not waive governmental immunity by participating in a local government risk pool because the "Fund" in which the city participated: (1) failed to cover the plaintiffs' claims, (2) required reimbursement, (3) two members of the fund were not "local governments," (4) no notice was given to the commissioner of insurance that the participating entities intended to organize and operate a risk pool pursuant to statute, and (5) the "Fund" did

not contain a provision for a system or program of loss control as required by G.S. 58-23-5. *Dobrowolska v. Wall*, 138 N.C. App. 1, 530 S.E.2d 590, 2000 N.C. App. LEXIS 539 (2000).

§ 160A-486. Estimates of population.

When a newly incorporated municipality is not included in the most recent federal census of population but otherwise qualifies for distribution of State-collected funds allocated wholly or partially on the basis of current population estimates, the municipality shall be entitled to participate in the distribution of these funds by reporting all information designated by the Office of State Budget and Management. An estimate of this city's population will be made by the Office of State Budget and Management in accordance with procedures designated by that office. The estimate will be certified to State departments and agencies charged with the responsibility of distributing funds to local governments along with the current population estimates for all other municipalities. (1953, c. 79; 1969, c. 873; 1971, c. 698, s. 1; 1979, 2nd Sess., c. 1137, s. 46; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 160A-487. City and county financial support for rescue squads.

Each city and county is authorized to appropriate funds to rescue squads or teams to enable them to purchase and maintain rescue equipment and to finance the operation of the rescue squad either within or outside the boundaries of the city or county. (1959, c. 989; 1971, c. 698, s. 1.)

This section does not confer implied authority to engage in the restaurant business on any municipal corporation or other

§ 160A-490. Photographic reproduction of records.

(a) General Statutes 153A-436 shall apply to cities. When a county officer is designated by title in that Article, the designation shall be construed to mean the appropriate city officer, and the city council shall perform powers and duties conferred and imposed on the board of county commissioners.

(b) The provisions of subsection (a) of this section shall apply to records stored on any form of permanent, computer-readable media, such as a CD-ROM, if the medium is not subject to erasure or alteration. Nonerasable, computer-readable storage media shall not be used for preservation duplicates, as defined in G.S. 132-8.2, or for the preservation of permanently valuable records as provided in G.S. 121-5(d), except to the extent expressly approved by the Department of Cultural Resources pursuant to standards and conditions established by the Department. Editor's Note. — This section was originally codified as subdivision (48) of G.S. 160-200. It

In his recommendations, the city attorney may include suggestions for renumbering or rearranging the provisions of the charter and other local acts, for providing catchlines, and for any other

(b) After considering the recommendations of the attorney, the council may by ordinance direct the incorporation of any such local acts into the charter. The city clerk shall file a certified true copy of the ordinance with the Secretary of State and with the Legislative Library.

(c) For purposes of this section, "charter" means that local act of the General Assembly or action of the Municipal Board of Control incorporating a city or a later local act that includes provisions expressly denominated the city's "charter," plus any other local acts inserted therein pursuant to this section or a comparable provision of a local act. (1975, c. 156; 1985 (Reg. Sess., 1986), c. 935, s. 3; 1989, c. 191, s. 3.)

Editor's Note. — Session Laws 1979, 2nd Sess., c. 1094, which inserted references to counties in this section, provided in s. 6: "This act is effective upon ratification. All contracts which would be permissible under this act which were entered into on or after April 20, 1979, are hereby validated." The act was ratified on June 17, 1980.

The preamble to Session Laws 1979, 2nd Sess., c. 1094, cited as the reason for the enactment the case of *Hughey v. Cloninger*, 297 N.C. 86, 253 S.E.2d 898 (1979), requiring statutory authority for third party contracts.

For the purpose of this act, municipal infrastructure includes, without limitation, water mains, sanitary sewer lines,

lift stations, stormwater lines, streets, curb and gutter, sidewalks, traffic control devices, and other associated facilities.

(b) A city shall enact ordinances setting forth procedures and terms under which such agreements may be approved.

(c) A city may provide for such reimbursements to be paid from any lawful source.

(d) Reimbursement agreements authorized by this section shall not be subject to Article 8 of Chapter 143 of the General Statutes, except as provided by this subsection. A developer or property owner who is party to a reimbursement agreement authorized under this section shall solicit bids in accordance with Article 8 of Chapter 143 of the General Statutes when awarding contracts for work that would have required competitive bidding if the contract had been awarded by the city. (2005-426, s. 8(a).)

Editor's Note. — Session Laws 2005-426, s. 11, made this section effective January 1, 2006.

Session Laws 2005-41, ss. 1-6, effective May 16, 2005, enacts similar reimbursement agreement provisions for certain municipalities. Session Laws 2005-41, s. 6, provides: "This act applies only to the Towns of Apex, Broadway,

§ 160A-499.2. Fair housing ordinances in certain municipalities.

(a) A municipality shall have the power to adopt ordinances prohibiting discrimination on the basis of race, color, sex, religion, handicap, familial status, or national origin in real estate transactions. The ordinances may regulate or prohibit any act, practice, activity, or procedure related, directly or indirectly, to the sale or rental of public or private housing, which affects or may tend to affect the availability or desirability of housing on an equal basis to all persons; may provide that violations constitute a criminal offense; may subject the offender to civil penalties; and may provide that the municipality may enforce the ordinances by application to the Superior Court Division of the General Court of Justice for appropriate legal and equitable remedies, including mandatory and prohibitory injunctions and orders of abatement, attorneys' fees, and punitive damages, and the court shall have jurisdiction to grant the remedies.

(b) A municipality also shall have the power to amend any ordinance adopted pursuant to the provisions contained in subsection (a) of this section to ensure that the ordinance remains substantially equivalent to the federal Fair Housing Act (41 U.S.C. §§ 3601, et seq.). Any ordinance enacted pursuant to this section prohibiting discrimination on the basis of familial status shall not apply to housing for older persons, as defined in the federal Fair Housing Act (41 U.S.C. §§ 3601, et seq.).

(c) Any ordinance enacted pursuant to this section may provide for exemption from its coverage:

- (2) The rental of a room or rooms in a housing accommodation by an individual if he or a member of his family resides there.
- (3) With respect to discrimination based on sex, the rental or leasing of housing accommodations in single-sex dormitory property.
- (4) With respect to discrimination based on religion to housing accommodations owned and operated for other than a commercial purpose by a

religious organization, association, or society, or any nonprofit institution or organization operated, supervised, or controlled by or in conjunction with a religious organization, association, or society, the sale, rental, or occupancy of the housing accommodation being limited or preference being given to persons of the same religion, unless membership in the religion is restricted because of race, color, national origin, or sex.

- (5) Any person, otherwise subject to its provisions, who adopts and carries out a plan to eliminate present effects of past discriminatory practices or to assure equal opportunity in real estate transactions, if the plan is part of a conciliation agreement entered into by that person under the provisions of the ordinance.

(d) A municipality may create or designate a committee to assume the duty and responsibility of enforcing ordinances adopted pursuant to this section. The committee may be granted any authority deemed necessary by the city council for the proper enforcement of any fair housing ordinance, including the power to:

- (1) Promulgate rules for the receipt, initiation, investigation, and conciliation of complaints of violations of the ordinance.
- (2) Require answers to interrogatories, the production of documents and things, and the entry upon land and premises in the possession of a party to a complaint alleging a violation of the ordinance; compel the attendance of witnesses at hearings; administer oaths; and examine witnesses under oath or affirmation.
- (3) Apply to the Superior Court Division of the General Court of Justice, upon the failure of any person to respond to or comply with a lawful interrogatory, request for production of documents and things, request to enter upon land and premises, or subpoena, for an order requiring the person to respond or comply.
- (4) Upon finding reasonable cause to believe that a violation of the ordinance has occurred, to petition the Superior Court Division of the General Court of Justice for appropriate civil relief on behalf of the aggrieved person or persons.

(e) A municipality may provide that neither complaints filed with any committee pursuant to the ordinance nor the results of the committee's investigations, discovery, or attempts at conciliation, in whatever form prepared and preserved, shall be subject to inspection, examination, or copying under the provisions of what is now Chapter 132 of the General Statutes.

(f) A municipality may provide that the statutory provisions relating to meetings of governmental bodies, presently embodied in Article 33C of Chapter 143 of the General Statutes, shall not apply to the activity of any committee authorized to enforce the ordinance to the extent that the committee is receiving a complaint or conducting an investigation, discovery, or conciliation pertaining to a complaint filed pursuant to the ordinance.

(g) This section applies only to municipalities that have a permanent population of 90,000 or more according to the most recent decennial census and that are the location of a recurring special accommodation event requiring temporary accommodations for at least 50,000 people. For purposes of this section, the term "recurring special accommodation event" means a trade show or other event of less than 11 days' duration that has been held in the municipality at least once a year for at least 10 years. Urban Redevelopment Law.

§ 160A-500. Short title.

their present position by Session Laws 1973, c. 426, s. 75.

CASE NOTES

Constitutionality of Article. — The Urban Redevelopment Law does not confer any illegal delegation of legislative power in violation of N.C. Const., Art. II, § 1. *Redevelopment Comm'n v. Security Nat'l Bank*, 252 N.C. 595, 114 S.E.2d 688 (1960); *Horton v. Redevelopment Comm'n*, 259 N.C. 605, 131 S.E.2d 464 (1963).

The Urban Redevelopment Law is a constitutional delegation of power by the State to municipal corporations. *Horton v. Redevelopment Comm'n*, 259 N.C. 605, 131 S.E.2d 464 (1963).

The constitutionality of this Article has been upheld by the Supreme Court. *Horton v. Redevelopment Comm'n*, 262 N.C. 306, 137 S.E.2d 115 (1964).

Condemnation of blighted and slum areas within a municipality for redevelopment under safeguards to prevent such areas from reverting to slum areas is in the interest of the public health, safety, morals and welfare, and therefore such condemnation is for a public use and is not a taking of private property in violation of N.C. Const., Art. I, § 1 or G.S. 19. *Redevelopment Comm'n v. Security Nat'l Bank*, 252 N.C. 595, 114 S.E.2d 688 (1960).

Redevelopment Expenses Not "Necessary Expenses" Under Former Constitutional Provision. — The expenses incurred, or to be incurred, by a municipality in putting into effect an urban redevelopment plan, pursuant to the authority vested in it by the Urban Redevelopment Law, were not "necessary expenses" for which taxes might be levied and bonds issued without a vote of the people under former Art. VII, § 6, Const. 1868, as amended in 1962. *Horton v. Redevelopment Comm'n*, 259 N.C. 605, 131 S.E.2d 464 (1963).

Purpose of Article. — The ultimate result

which the Urban Redevelopment Law seeks to achieve is to eliminate the injurious consequences caused by a blighted area in a municipality and to substitute for them a use of the area which it is hoped will render impossible future blight and its injurious consequences. This is, in its broad purpose, a preventive measure. *Horton v. Redevelopment Comm'n*, 259 N.C. 605, 131 S.E.2d 464 (1963).

Wisdom of Article a Legislative Question. — It may be that the urban redevelopment project may prove eventually to be a disappointment, and is ill advised, but the wisdom of the enactment is a legislative and not a judicial question. *Horton v. Redevelopment Comm'n*, 259 N.C. 605, 131 S.E.2d 464 (1963).

A redevelopment commission is a municipal corporation for the purpose of tax exemption. *Redevelopment Comm'n v. Guilford County*, 274 N.C. 585, 164 S.E.2d 476 (1968).

In an action brought by a redevelopment commission against city and county to restrain collection of ad valorem taxes upon real property held by the commission, where the commissioner's allegations showed the acquisition of the property with intent to use it for a public purpose, a definite plan evolved for its use for the public, and an actual public use of the property, the Court of Appeals erred in holding, as a matter of law, that such income-producing property held and acquired for redevelopment purposes was not exempt from taxation because it produced income. *Redevelopment Comm'n v. Guilford County*, 274 N.C. 585, 164 S.E.2d 476 (1968).

Definite Guide Prescribed for Creation of Redevelopment Commission. — The General Assembly has prescribed a definite and

adequate guide, and the governing body of the municipality in creating or not creating a redevelopment commission cannot act in its absolute or unguided discretion. *Redevelopment Comm'n v. Security Nat'l Bank*, 252 N.C. 595, 114 S.E.2d 688 (1960).

Sufficiency of Condemnation Petition. — A petition to condemn land for urban renewal was sufficient under the Rules of Civil Procedure to state a claim for relief, where it gave notice of the nature and basis of the petitioners' claim and the type of case brought, and alleged generally the occurrence or performance of the conditions precedent required by Chapter 160, Article 37 (now Chapter 160A, Article 11), and Chapter 40A, Article 3. *Rede-*

velopment Comm'n v. Grimes, 277 N.C. 634, 178 S.E.2d 345 (1971).

Affirmative Allegation of Compliance with Statutory Requirements Necessary. — In order to invoke power of condemnation, the redevelopment commission must affirmatively allege compliance with the statutory requirements. *Redevelopment Comm'n v. Grimes*, 277 N.C. 634, 178 S.E.2d 345 (1971).

Applied in *Gastonia Redevelopment Comm'n v. Coxco, Inc.*, 21 N.C. App. 335, 204 S.E.2d 211 (1974); *Redevelopment Comm'n v. Ford*, 67 N.C. App. 470, 313 S.E.2d 211 (1984); *Redevelopment Comm'n v. Agapion*, 129 N.C. App. 346, 499 S.E.2d 474 (1998).

§ 160A-501. Findings and declaration of policy.

It is hereby determined and declared as a matter of legislative finding:

- (1) That there exist in urban communities in this State blighted areas as defined herein.
- (2) That such areas are economic or social liabilities, inimical and injurious to the public health, safety, morals and welfare of the residents of the State, harmful to the social and economic well-being of the entire communities in which they exist, depreciating values therein, reducing tax revenues, and thereby depreciating further the general community-wide values.
- (3) That the existence of such areas contributes substantially and increasingly to the spread of disease and crime, necessitating excessive and disproportionate expenditures of public funds for the preservation of the public health and safety, for crime prevention, correction, prosecution, punishment and the treatment of juvenile delinquency and for the maintenance of adequate police, fire and accident protection and other public services and facilities, constitutes an economic and social liability, substantially impairs or arrests the sound growth of communities.
- (4) That the foregoing conditions are beyond remedy or control entirely by regulatory processes in the exercise of the police power and cannot be effectively dealt with by private enterprise under existing law without the additional aids herein granted.
- (5) That the acquisition, preparation, sale, sound replanning, and redevelopment of such areas in accordance with sound and approved plans for their redevelopment will promote the public health, safety, convenience and welfare.

Therefore, it is hereby declared to be the policy of the State of North Carolina to promote the health, safety, and welfare of the inhabitants thereof by the creation of bodies corporate and politic to be known as redevelopment commissions, which shall exist and operate for the public purposes of acquiring and replanning such areas and of holding or disposing of them in such manner that they shall become available for economically and socially sound redevelopment. Such purposes are hereby declared to be public uses for which public money may be spent, and private property may be acquired by the exercise of the power of eminent domain. § 160A-502. Additional findings and declaration of policy.

It is further determined and declared as a matter of legislative finding:

- (1) That the cities of North Carolina constitute important assets for the State and its citizens; that the preservation of the cities and of urban life against physical, social, and other hazards is vital to the safety, health, and welfare of the citizens of the State, and sound urban development in the future is essential to the continued economic development of North Carolina, and that the creation, existence, and growth of substandard areas present substantial hazards to the cities of the State, to urban life, and to sound future urban development.
- (2) That blight exists in commercial and industrial areas as well as in residential areas, in the form of dilapidated, deteriorated, poorly ventilated, obsolete, overcrowded, unsanitary, or unsafe buildings, inadequate and unsafe streets, inadequate lots, and other conditions detrimental to the sound growth of the community; that the presence of such conditions tends to depress the value of neighboring properties, to impair the tax base of the community, and to inhibit private efforts to rehabilitate or improve other structures in the area; and that the acquisition, preparation, sale, sound replanning and redevelopment of such areas in accordance with sound and approved plans will promote the public health, safety, convenience and welfare.
- (3) That not only is it in the interest of the public health, safety, convenience and welfare to eliminate existing substandard areas of all types, but it is also in the public interest and less costly to the community to prevent the creation of new blighted areas or the expansion of existing blighted areas; that vigorous enforcement of municipal and State building standards, sound planning of new community facilities, public acquisition of dilapidated, obsolescent buildings, and other municipal action can aid in preventing the creation of new blighted areas or the expansion of existing blighted areas; and that rehabilitation, conservation, and reconditioning of areas in accordance with sound and approved plans, where, in the absence of such action, there is a clear and present danger that the area will become blighted, will protect and promote the public health, safety, convenience and welfare.

Therefore it is hereby declared to be the policy of the State of North Carolina to protect and promote the health, safety, and welfare of the inhabitants of its urban areas by authorizing redevelopment commissions to undertake nonresidential redevelopment in accord with sound and approved plans and to undertake the rehabilitation, conservation, and reconditioning of areas where, in the absence of such action, there is a clear and present danger that the area will become blighted. (1961, c. 837, s. 1; 1973, c. 426, s. 75.)

redevelopment area as defined herein. CASE NOTES

Meaning of "Municipality" or "Municipal Corporation". — The term "municipality" or "municipal corporation" has been defined as any incorporated city, town or village, or county. *Sides v. Cabarrus Mem. Hosp.*, 22 N.C. App. 117, 205 S.E.2d 784 (1974), modified and aff'd, 287 N.C. 14, 213 S.E.2d 297 (1975).

A municipal corporation, city or town, is an agency created by the State to assist in the civil government of a designated territory and the people embraced within these limits. *Sides v. Cabarrus Mem. Hosp.*, 22 N.C. App. 117, 205 S.E.2d 784 (1974), modified and aff'd, 287 N.C. 14, 213 S.E.2d 297 (1975).

The term "municipal corporation" should not be construed narrowly to include only cities, towns, counties and school districts; in its broader sense the term includes all public corporations exercising governmental functions within constitutional limitations. *Sides v. Cabarrus Mem. Hosp.*, 22 N.C. App. 117, 205 S.E.2d 784 (1974), modified and aff'd, 287 N.C. 14, 213 S.E.2d 297 (1975).

A municipal corporation must have a public purpose and be invested with a governmental function. *Sides v. Cabarrus Mem. Hosp.*, 22 N.C. App. 117, 205 S.E.2d 784 (1974), modified and aff'd, 287 N.C. 14, 213 S.E.2d 297 (1975).

Time for Consideration of Evidence of Condition of Condemned Property. — In its review of a redevelopment commission's determination that a property is blighted, the trial court should consider evidence relating to the condition of the condemned property at the time the commission's plan is approved by the

city council. *Redevelopment Comm'n v. Agapion*, 129 N.C. App. 346, 499 S.E.2d 474 (1998).

Condemnation of Less Than All Property in Blighted Area. — Where an area was certified as a blighted area by the planning board, it was with the discretion of the redevelopment commission to condemn two vacant lots within the area without condemning all other lots therein. *Redevelopment Comm'n v. Johnson*, 129 N.C. App. 630, 500 S.E.2d 118 (1998).

Areas which are "blighted" cannot be enlarged to include areas which are not in fact "blighted." Any other conclusion would vest a redevelopment commission with authority which the legislature has expressly denied it. *Horton v. Redevelopment Comm'n*, 264 N.C. 1, 140 S.E.2d 728 (1965).

The legislature never intended to permit a planning commission or a redevelopment commission to include within the boundaries of a "blighted area" an area not meeting the statutory definition, even though the area might qualify as a nonresidential area, or as a rehabilitation, conservation and reconditioning area. *Horton v. Redevelopment Comm'n*, 264 N.C. 1, 140 S.E.2d 728 (1965).

But Conditions May Be Corrected in Redevelopment Area Embracing Blighted and Other Defined Areas. — A planning commission may correct objectionable conditions within a redevelopment area consisting of a blighted area, a nonresidential redevelopment area, and a rehabilitation, conservation and reconditioning area. *Horton v. Redevelop-*

ment Comm'n, 264 N.C. 1, 140 S.E.2d 728 (1965).

What Property in Rehabilitation, Conservation and Reconditioning Area Subject to Eminent Domain. — In a "rehabilitation, conservation and reconditioning area," no individual tract, building or improvement shall be subject to the power of eminent domain, within the meaning of this Article, unless it is "blighted" property and substantially contributes to the condition endangering the area. *Horton v. Redevelopment Comm'n*, 262 N.C. 306, 137 S.E.2d 115 (1964).

Power of Housing Authority to Close Public Streets. — Although the City of Raleigh did not delegate its police power to close public streets to the Housing Authority of Raleigh, the authority did not lack that power, since it had power to take public streets by eminent domain with the city's consent, and to carry out redevelopment projects, which included removal of existing streets, utilities or other improvements. *Southern Bell Tel. & Tel. Co. v. Housing Auth.*, 38 N.C. App. 172, 247 S.E.2d 663 (1978), cert. denied, 296 N.C. 414 (1979).

Counsel Fees Provision of Subdivision (10) Helps Equalize Bargaining Power. — Provision of subdivision (10) providing that the commission pay counsel fees for the property owner when it is necessary to condemn his property, grants more freedom to the property owner to contest condemnation proceedings, as it permits him to receive the award for his property, even after legal action, without having it reduced by the payment of attorneys' fees. It helps to equalize the bargaining power of the property owner and the commission and prevent, insofar as possible, any undue economic pressures. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

Control over the amount of the attorneys' fees allowed is found in the requirement that such counsel fees are to be fixed by the court and are to be reasonable in amount. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

Allowance of attorneys' fees under subdivision (10)h3 is by the court, and is not affected by the existence of contracts for fees between counsel and their landowner clients. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

Determination of Reasonable Counsel Fees. — Reasonable counsel fees in subdivision (10)h3 may be determined in part by the amount of the verdict obtained in the condemnation proceeding, in the light of the proposals made to the property owner prior to his employ-

ment of an attorney. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

The results obtained by an attorney are a legitimate consideration in determining the amount of his fee. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

Payment of Fee Must Be Commensurate with Services Performed. — There is no uncertainty under subdivision (10)h3 about the payment of an attorney fee commensurate with the services performed. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

Award Is Not Contingent Fee. — When a statute, such as this section, provides for attorney fees to be awarded as a part of the costs to be paid by the governmental authority which is appropriating property, such award is not a contingent fee, but an amount equal to the actual reasonable value of the attorney's services. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

Whether there was any recovery or not, counsel for the property owner is entitled to a reasonable fee, and it should not be set upon the basis of a contingency which did not exist. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

The element of risk in connection with a contingent fee justifies a much larger fee when litigation is successfully terminated, but in eminent domain takings under subdivision (10)h3, there is no such risk, and the court must take this lack of risk into account. *Redevelopment Comm'n v. Hyder*, 20 N.C. App. 241, 201 S.E.2d 236 (1973).

A trial court erred in dismissing an action to condemn land for urban renewal where there was no finding that the redevelopment commission failed to comply with the statutory procedures prerequisite to an exercise of the power of eminent domain by it, and there was no allegation, proof, or finding that the redevelopment commission arbitrarily abused its discretion or acted in bad faith in selecting the area in question. The court's findings that the property of respondents did not lie within a blighted area or within a nonresidential redevelopment area as defined in this section was an insufficient basis for dismissal of the action. *Redevelopment Comm'n v. Grimes*, 277 N.C. 634, 178 S.E.2d 345 (1971).

OPINIONS OF ATTORNEY GENERAL

Attorneys' fees are not recoverable unless a condemnation action is filed. See opinion of Attorney General to Mr. William I. Cochran, Jr., Executive Director, Redevelopment Commission of the City of Washington, 40 N.C.A.G. 637 (1969), issued under former G.S. 160-456(21).

Attorneys' fees are recoverable where a

condemnation action is filed and the case is subsequently terminated by consent judgment. See opinion of Attorney General to Mr. William I. Cochran, Jr., Executive Director, Redevelopment Commission of the City of Washington, 40 N.C.A.G. 637 (1969), issued under former G.S. 160-456(21).

§ 160A-504. Formation of commissions.

(a) Each municipality, as defined herein, is hereby authorized to create separate and distinct bodies corporate and politic to be known as the redevelopment commission of the municipality by the passage by the governing body of such municipality of an ordinance or resolution creating a commission to function within the territorial limits of said municipality. Notice of the intent to consider the passage of such a resolution or ordinance shall be published at least 10 days prior to the meeting.

(b) The governing body of a municipality shall not adopt a resolution pursuant to subsection (a) above unless it finds:

- (1) That blighted areas (as herein defined) exist in such municipality, and
- (2) That the redevelopment of such areas is necessary in the interest of the public health, safety, morals or welfare of the residents of such municipality.

(c) The governing body shall cause a certified copy of such ordinance or resolution to be filed in the office of the Secretary of State; upon receipt of the said certificate the Secretary of State shall issue a certificate of incorporation.

(d) In any suit, action or proceeding involving or relating to the validity or enforcement of any contract or act of a commission, a copy of the certificate of incorporation duly certified by the Secretary of State shall be admissible in evidence and shall be conclusive proof of the legal establishment of the commission. § 160A-505. Alternative organization.

(a) In lieu of creating a redevelopment commission as authorized herein, the governing body of any municipality may, if it deems wise, either designate a housing authority created under the provisions of Chapter 157 of the General Statutes to exercise the powers, duties, and responsibilities of a redevelopment commission as prescribed herein, or undertake to exercise such powers, duties, and responsibilities itself. Any such designation shall be by passage of a resolution adopted in accordance with the procedure and pursuant to the findings specified in G.S. 160A-504(a) and (b). In the event a governing body designates itself to perform the powers, duties, and responsibilities of a redevelopment commission under this subsection, or exercises those powers, duties, and responsibilities pursuant to G.S. 153A-376 or G.S. 160A-456, then where any act or proceeding is required to be done, recommended, or approved both by a redevelopment commission and by the municipal governing body, then the performance, recommendation, or approval thereof once by the municipal governing body shall be sufficient to make such performance,

recommendation, or approval valid and legal. In the event a municipal governing body designates itself to exercise the powers, duties, and responsibilities of a redevelopment commission, it may assign the administration of redevelopment policies, programs and plans to any existing or new department of the municipality.

(b) The governing body of any municipality which has prior to July 1, 1969, created, or which may hereafter create, a redevelopment commission may, in its discretion, by resolution abolish such redevelopment commission, such abolition to be effective on a day set in such resolution not less than 90 days after its adoption. Upon the adoption of such a resolution, the redevelopment commission of the municipality is hereby authorized and directed to take such actions and to execute such documents as will carry into effect the provisions and the intent of the resolution, and as will effectively transfer its authority, responsibilities, obligations, personnel, and property, both real and personal, to the municipality. Any municipality which abolishes a redevelopment commission pursuant to this subsection may, at any time subsequent to such abolition or concurrently therewith, exercise the authority granted by subsection (a) of this section.

On the day set in the resolution of the governing body:

- (1) The redevelopment commission shall cease to exist as a body politic and corporate and as a public body;
- (2) All property, real and personal and mixed, belonging to the redevelopment commission shall vest in, belong to, and be the property of the municipality;
- (3) All judgments, liens, rights of liens, and causes of action of any nature in favor of the redevelopment commission shall remain, vest in, and inure to the benefit of the municipality;
- (4) All rentals, taxes, assessments, and any other funds, charges or fees, owing to the redevelopment commission shall be owed to and collected by the municipality;
- (5) Any actions, suits, and proceedings pending against, or having been instituted by the redevelopment commission shall not be abated by such abolition, but all such actions, suits, and proceedings shall be continued and completed in the same manner as if abolition had not occurred, and the municipality shall be a party to all such actions, suits, and proceedings in the place and stead of the redevelopment commission and shall pay or cause to be paid any judgment rendered against the redevelopment commission in any such actions, suits, or proceedings, and no new process need be served in any such action, suit, or proceeding;
- (6) All obligations of the redevelopment commission, including outstanding indebtedness, shall be assumed by the municipality, and all such obligations and outstanding indebtedness shall be constituted obligations and indebtedness of the municipality;
- (7) All ordinances, rules, regulations and policies of the redevelopment commission shall continue in full force and effect until repealed or amended by the governing body of the municipality.

(c) Where the governing body of any municipality has in its discretion, by resolution, abolished a redevelopment commission pursuant to subsection (b) above, the governing body of such municipality may, at any time subsequent to the passage of a resolution abolishing a redevelopment commission, or concurrently therewith, by the passage of a resolution adopted in accordance with the procedures and pursuant to the findings specified in G.S. 160A-504(a) and (b), designate an existing housing authority created pursuant to Chapter 157 of the General Statutes to exercise the powers, duties, and responsibilities of a redevelopment commission. Where the governing body of any municipality

designates, pursuant to this subsection, an existing housing authority created pursuant to Chapter 157 of the General Statutes to exercise the powers, duties, and responsibilities of a redevelopment commission, on the day set in the resolution of the governing body passed pursuant to subsection (b) of this section, or pursuant to subsection (c) of this section:

- (1) The redevelopment commission shall cease to exist as a body politic and corporate and as a public body;
 - (2) All property, real and personal and mixed, belonging to the redevelopment commission or to the municipality as hereinabove provided in subsections (a) or (b), shall vest in, belong to, and be the property of the existing housing authority of the municipality;
 - (3) All judgments, liens, rights of liens, and causes of action of any nature in favor of the redevelopment commission or in favor of the municipality as hereinabove provided in subsections (a) or (b), shall remain, vest in, and inure to the benefit of the existing housing authority of the municipality;
 - (4) All rentals, taxes, assessments, and any other funds, charges or fees owing to the redevelopment commission, or owing to the municipality as hereinabove provided in subsections (a) or (b), shall be owed to and collected by the existing housing authority of the municipality;
 - (5) Any actions, suits, and proceedings pending against or having been instituted by the redevelopment commission, or the municipality, or to which the municipality has become a party, as hereinabove provided in subsections (a) or (b), shall not be abated by such abolition but all such actions, suits, and proceedings shall be continued and completed in the same manner as if abolition had not occurred, and the existing housing authority of the municipality shall be a party to all such actions, suits, and proceedings in the place and stead of the redevelopment commission, or the municipality, and shall pay or cause to be paid any judgments rendered in such actions, suits, or proceedings, and no new processes need be served in such action, suit, or proceeding;
 - (6) All obligations of the redevelopment commission, or the municipality as hereinabove provided in subsections (a) or (b), including outstanding indebtedness, shall be assumed by the existing housing authority of the municipality; and all such obligations and outstanding indebtedness shall be constituted obligations and indebtedness of the existing housing authority of the municipality.
 - (7) All ordinances, rules, regulations, and policies of the redevelopment commission, or of the municipality as hereinabove provided in subsections (a) or (b), shall continue in full force and effect until repealed and amended by the existing housing authority of the municipality.
- (d) A housing authority designated by the governing body of any municipality to exercise the powers, duties and responsibilities of a redevelopment commission shall, when exercising the same, do so in accordance with Article 22 of Chapter 160A of the General Statutes. Otherwise the housing authority shall continue to exercise the powers, duties and responsibilities of a housing authority in accordance with Chapter 157 of the General Statutes. (1969, c. 1217, s. 1; 1971, c. 116, ss. 1, 2; 1973, c. 426, s. 75; 1981 (Reg. Sess., 1982), c. 1276, s. 13; 2003-403, s. 16.)

Editor's Note. — An amendment to subsection (a) of this section by Session Laws 1993, c. 497, s. 16, was made effective upon certification of approval of an amendment to Article V of the Constitution of North Carolina relating to the authority of any county, city or town to borrow

money, without the need of voter approval, and issue financing bonds to be used to finance public activities associated with private economic development projects. This amendment was submitted to the people on November 2, 1993 and was defeated. The amendment to

subsection (a) of this section, therefore, never took effect.

An earlier amendment to this section in Session Laws 1981 (Reg. Sess., 1982), c. 1276, s. 13, was made effective on certification of approval of a state constitutional amendment authorizing the enactment of laws dealing with transactions of the type contemplated by the act. Such an amendment was proposed by Session Laws 1981 (Reg. Sess., 1982), c. 1247, was submitted to the people on November 2, 1982, and was defeated. The amendment to this section, therefore, did not go into effect.

Session Laws 2003-403, s. 22, provides that Session Laws 2003-403, being necessary for the prosperity and welfare of North Carolina and its inhabitants, shall be liberally construed to effect its purposes.

Session Laws 2003-403, s. 23, is a severability clause.

Session Laws 2003-403, ss. 24 and 25, provide: "The amendment set out in Section 1 of this act shall be submitted to the qualified voters of the State at the statewide general election in November 2004, which election shall be conducted under the laws then governing elections in the State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of the General Statutes. The question to be used in the voting systems and ballots shall be:

"[] FOR [] AGAINST

"Constitutional amendment to promote local economic and community development projects by (i) permitting the General Assembly to enact

general laws giving counties, cities, and towns the power to finance public improvements associated with qualified private economic and community improvements within development districts, as long as the financing is secured by the additional tax revenues resulting from the enhanced property value within the development district and is not secured by a pledge of the local government's faith and credit or general taxing authority, which financing is not subject to a referendum; and (ii) permitting the owners of property in the development district to agree to a minimum tax value for their property, which is binding on future owners as long as the development district is in existence.

"If a majority of votes cast on the question are in favor of the amendment set out in Section 1 of this act, the State Board of Elections shall certify the amendment to the Secretary of State. The amendment set out in Section 1 of this act and the amendments set out in Sections 2 through 21 of this act become effective upon this certification. The Secretary of State shall enroll the amendment so certified among the permanent records of that office. If a majority of votes cast on the question are not in favor of the amendment set out in Section 1 of this act, that amendment and the amendments set out in Sections 2 through 21 of this act do not go into effect."

The constitutional amendment adding N.C. Const. Art. V, § 14, as proposed in Session Laws 2003-403, s. 1, was adopted by vote of the people at the general election held on November 2, 2004.

§ 160A-505.1. Commission budgeting and accounting systems as a part of municipality budgeting and accounting systems.

The governing body of a municipality may by resolution provide that the budgeting and accounting systems of the municipality's redevelopment commission or, if the municipality's housing authority is exercising the powers, duties, and responsibilities of a redevelopment commission, the budgeting and accounting systems of the housing authority, shall be an integral part of the budgeting and accounting systems of the municipality. If such a resolution is adopted:

- (1) For purposes of the Local Government Budget and Fiscal Control Act, the commission or authority shall not be considered a "public authority," as that phrase is defined in G.S. 159-7(b), but rather shall be considered a department or agency of the municipality. The operations of the commission or authority shall be budgeted and accounted for as if the operations were those of a public enterprise of the municipality.

- (2) The budget of the commission or authority shall be prepared and submitted in the same manner and according to the same procedures as are the budgets of other departments and agencies of the municipality; and the budget ordinance of the municipality shall provide for the operations of the commission or authority.
- (3) The budget officer and finance officer of the municipality shall administer and control that portion of the municipality's budget ordinance relating to the operations of the commission or authority. (1971, c. 780, s. 37.2; 1973, c. 474, s. 30.)

§ 160A-506. Creation of a county redevelopment commission.

If the board of county commissioners of a county by resolution declares that blighted areas do exist in said county, and the redevelopment of such areas is necessary in the interest of public health, safety, morals, or welfare of the residents of such county, the county commissioners of said county are hereby authorized to create a separate and distinct body corporate and politic to be known as the redevelopment commission of said county by passing a resolution to create such a commission to function in the territorial limits of said county. Provided, however, that notice of the intent to consider passage of such a resolution or ordinance shall be published at least 10 days prior to the meeting of the board of county commissioners for such purposes, and further provided that the redevelopment commission shall not function in an area where such a commission exists or in the corporate limits of a municipality without resolution of agreement by said municipality.

All of the provisions of Article 22, Chapter 160A of the General Statutes, shall be applicable to county redevelopment commissions, including the formation, appointment, tenure, compensation, organization, interest and powers as specified therein. (1969, c. 1208, s. 2; 1973, c. 426, s. 75.)

§ 160A-507. Creation of a regional redevelopment commission.

If the board of county commissioners of two or more contiguous counties by resolution declare that blighted areas do exist in said counties and the redevelopment of such areas is necessary in the interest of public health, morals, or welfare of the residents of such counties, the county commissioners of said counties are hereby authorized to create a separate and distinct body corporate and politic to be known as the regional redevelopment commission by the passage of a resolution by each county to create such a commission to function in the territorial limits of the counties; provided, however, that notice of the intent to consider passage of such a resolution or ordinance shall be published at least 10 days prior to the meeting of the board of county commissioners for such purposes, and further provided that the redevelopment commission shall not function in an area where such a commission exists or in the corporate limits of a municipality without resolution of agreement by the municipality.

The board of county commissioners of each county included in the regional redevelopment commission shall appoint one person as a commissioner and such a person may be appointed at or after the time of the adoption of the resolution creating the redevelopment commission. The board of county commissioners shall have the authority to appoint successors or to remove persons for misconduct who are appointed by them. Each commissioner to the redevelopment commission shall serve for a five-year term except that initial appointments may be for less time in order to establish a fair donation system

of appointments. In the event that a regional redevelopment commission shall have an even number of counties, the Governor of North Carolina shall appoint a member to the commission from the area to be served. The appointed members as commissioners shall constitute the regional redevelopment commission and certification of appointment shall be filed with the Secretary of State as part of the application for charter.

All provisions of the "Urban Redevelopment Law" as defined in Article 22 of Chapter 160A of the General Statutes, shall apply to the creation and operation of a regional redevelopment commission, and where reference is made to municipality, it shall be interpreted to apply to the area served by the regional redevelopment commission. (1969, c. 1208, s. 3; 1973, c. 426, s. 75.)

§ 160A-507.1. Creation of a joint county-city redevelopment commission.

A county and one or more cities within the county are hereby authorized to create a separate and distinct body corporate and politic to be known as the joint redevelopment commission by the passage of a resolution by the board of county commissioners and the governing body of one or more cities within the county creating such a commission to function within the territorial limits of such participating units of government; provided, however, that notice of the intent to consider passage of such a resolution or ordinance shall be published at least 10 days prior to the meeting of the affected governing boards for such purposes, and further provided that a joint redevelopment commission created hereunder shall have authority to operate in an area where there presently exists a redevelopment commission upon the approval of the municipality or county concerned. The governing body of each participating local government shall appoint one or more commissioners as such governing bodies shall determine; such persons may be appointed at or after the time of adoption of the resolution creating the joint redevelopment commission. The appointing authority shall have the authority to appoint successors or to remove persons for misfeasance, malfeasance or nonfeasance who are appointed by them. Each commissioner shall serve for a term designated by the governing bodies of not less than one nor more than five years. The appointed members as commissioners shall constitute the joint redevelopment commission and certification of appointment shall be filed with the Secretary of State as part of the application for charter.

All provisions of the "Urban Redevelopment Law" as defined in Article 22 of Chapter 160A of the General Statutes shall apply to the creation and operation of a joint redevelopment commission and where reference is made to municipality, it shall be interpreted to apply to the units of government creating a joint redevelopment commission. (1975, c. 407.)

§ 160A-508. Appointment and qualifications of members of commission.

Upon certification of a resolution declaring the need for a commission to operate in a city or town, the mayor and governing board thereof, respectively, shall appoint, as members of the commission, not less than five nor more than nine citizens who shall be residents of the city or town in which the commission is to operate. The governing body may at any time by resolution or ordinance increase or decrease the membership of a commission, within the limitations herein prescribed. (1951, c. 1095, s. 5; 1971, c. 362, ss. 6, 7; 1973, c. 426, s. 75.)

Local Modification. — City of Sanford:
1973, c. 990.

§ 160A-509. Tenure and compensation of members of commission.

The mayor and governing body shall designate overlapping terms of not less than one nor more than five years for the members who are first appointed. Thereafter, the term of office shall be five years. A member shall hold office until his successor has been appointed and qualified. Vacancies for the unexpired terms shall be promptly filled by the mayor and governing body. A member shall receive such compensation, if any, as the municipal governing board may provide for this service, and shall be entitled within the budget appropriation to the necessary expenses, including traveling expenses, incurred in the discharge of his duties. (1951, c. 1095, s. 6; 1967, c. 932, s. 4; 1971, c. 362, s. 8; 1973, c. 426, s. 75.)

§ 160A-510. Organization of commission.

The members of a commission shall select from among themselves a chairman, a vice-chairman, and such other officers as the commission may determine. A commission may employ a secretary, its own counsel, and such technical experts, and such other agents and employees, permanent or temporary, as it may require, and may determine the qualifications and fix the compensation of such persons. A majority of the members shall constitute a quorum for its meeting. Members shall not be liable personally on the bonds or other obligations of the commission, and the rights of creditors shall be solely against such commission. A commission may delegate to one or more of its members, agents or employees such of its powers as it shall deem necessary to carry out the purposes of this Article, subject always to the supervision and control of the commission. For inefficiency or neglect of duty or misconduct in office, a commissioner of a commission may be removed by the governing body, but a commissioner shall be removed only after a hearing and after he shall have been given a copy of the charges at least 10 days prior to such hearing and have had an opportunity to be heard in person or by counsel. (1951, c. 1095, s. 7; 1971, c. 362, s. 9; 1973, c. 426, s. 75.)

§ 160A-511. Interest of members or employees.

No member or employee of a commission shall acquire any interest, direct or indirect, in any redevelopment project or in any property included or planned to be included in any redevelopment area, or in any area which he may have reason to believe may be certified to be a redevelopment area, nor shall he have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used by a commission, or in any contract with a redeveloper or prospective redeveloper relating, directly or indirectly, to any redevelopment project, except that a member or employee of a commission may acquire property in a residential redevelopment area from a person or entity other than the commission after the residential redevelopment plan for that area is adopted if:

- (1) The primary purpose of acquisition is to occupy the property as his principal residence;
- (2) The redevelopment plan does not provide for acquisition of such property by the commission; and
- (3) Prior to acquiring title to the property, the member or employee shall have disclosed in writing to the commission and to the local governing body his intent to acquire the property and to occupy the property as his principal residence.

Except as authorized herein, the acquisition of any such interest in a redevelopment project or in any such property or contract shall constitute

misconduct in office. If any member or employee of a commission shall have already owned or controlled within the preceding two years any interest, direct or indirect, in any property later included or planned to be included in any redevelopment project, under the jurisdiction of the commission, or has any such interest in any contract for material or services to be furnished or used in connection with any redevelopment project, he shall disclose the same in writing to the commission and to the local governing body. Any disclosure required herein shall be entered in writing upon the minute books of the commission. Failure to make disclosure shall constitute misconduct in office. (1951, c. 1095, s. 8; 1973, c. 426, s. 75; 1977, 2nd Sess., c. 1139.)

OPINIONS OF ATTORNEY GENERAL

As to applicability to member's lease of building in redevelopment project, see opinion of Attorney General to Mr. Miles B. Fowler, 42 N.C.A.G. 197 (1973).

§ 160A-512. Powers of commission.

A commission shall constitute a public body, corporate and politic, exercising public and essential governmental powers, which powers shall include all powers necessary or appropriate to carry out and effectuate the purposes and provisions of this Article, including the following powers in addition to those herein otherwise granted:

- (1) To procure from the planning commission the designation of areas in need of redevelopment and its recommendation for such redevelopment;
- (2) To cooperate with any government or municipality as herein defined;
- (3) To act as agent of the State or federal government or any of its instrumentalities or agencies for the public purposes set out in this Article;
- (4) To prepare or cause to be prepared and recommend redevelopment plans to the governing body of the municipality and to undertake and carry out "redevelopment projects" within its area of operation;
- (5) Subject to the provisions of G.S. 160A-514(b) to arrange or contract for the furnishing or repair, by any person or agency, public or private, of services, privileges, works, streets, roads, public utilities or other facilities for or in connection with a redevelopment project; and (notwithstanding anything to the contrary contained in this Article or any other provision of law), to agree to any conditions that it may deem reasonable and appropriate attached to federal financial assistance and imposed pursuant to federal law relating to the determination of prevailing salaries or wages or compliance with labor standards, in the undertaking or carrying out of a redevelopment project, and to include in any contract let in connection with such a project, provisions to fulfill such of said conditions as it may deem reasonable and appropriate;
- (6) Within its area of operation, to purchase, obtain options upon, acquire by gift, grant, bequest, devise, eminent domain or otherwise, any real or personal property or any interest therein, together with any improvements thereon, necessary or incidental to a redevelopment project, except that eminent domain may only be used to take a blighted parcel; to hold, improve, clear or prepare for redevelopment any such property, and subject to the provisions of G.S. 160A-514, and

with the approval of the local governing body sell, exchange, transfer, assign, subdivide, retain for its own use, mortgage, pledge, hypothecate or otherwise encumber or dispose of any real or personal property or any interest therein, either as an entirety to a single "redeveloper" or in parts to several redevelopers; provided that the commission finds that the sale or other transfer of any such part will not be prejudicial to the sale of other parts of the redevelopment area, nor in any other way prejudicial to the realization of the redevelopment plan approved by the governing body; to enter into contracts, either before or after the real property that is the subject of the contract is acquired by the Commission (although disposition of the property is still subject to G.S. 160A-514), with "redevelopers" of property containing covenants, restrictions, and conditions regarding the use of such property for residential, commercial, industrial, recreational purposes or for public purposes in accordance with the redevelopment plan and such other covenants, restrictions and conditions as the commission may deem necessary to prevent a recurrence of blighted areas or to effectuate the purposes of this Article; to make any of the covenants, restrictions or conditions of the foregoing contracts covenants running with the land, and to provide appropriate remedies for any breach of any such covenants or conditions, including the right to terminate such contracts and any interest in the property created pursuant thereto; to borrow money and issue bonds therefor and provide security for bonds; to insure or provide for the insurance of any real or personal property or operations of the commission against any risks or hazards, including the power to pay premiums on any such insurance; and to enter into any contracts necessary to effectuate the purposes of this Article;

- (7) To invest any funds held in reserves or sinking funds or any funds not required for immediate disbursements, in such investments as may be lawful for guardians, executors, administrators or other fiduciaries under the laws of this State; to redeem its bonds at the redemption price established therein or to purchase its bonds at less than redemption price, all bonds so redeemed or purchased to be cancelled;
- (8) To borrow money and to apply for and accept advances, loans evidenced by bonds, grants, contributions and any other form of financial assistance from the federal government, the State, county, municipality or other public body or from any sources, public or private for the purposes of this Article, to give such security as may be required and to enter into and carry out contracts in connection therewith; and, notwithstanding the provisions of any other law, may include in any contract for financial assistance with the federal government for a redevelopment project such conditions imposed pursuant to federal law as the commission may deem reasonable and appropriate and which are not inconsistent with the purposes of this Article;
- (9) Acting through one or more commissioners or other persons designated by the commission, to conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to administer oaths, issue subpoenas requiring the attendance of witnesses or the production of books and papers;
- (10) Within its area of operation, to make or have made all surveys, studies and plans (but not including the preparation of a general plan for the community) necessary to the carrying out of the purposes of this Article and in connection therewith to enter into or upon any land, building, or improvement thereon for such purposes and to make

soundings, test borings, surveys, appraisals and other preliminary studies and investigations necessary to carry out its powers but such entry shall constitute no cause of action for trespass in favor of the owner of such land, building, or improvement except for injuries resulting from negligence, wantonness or malice; and to contract or cooperate with any and all persons or agencies public or private, in the making and carrying out of such surveys, appraisals, studies and plans.

A redevelopment commission is hereby specifically authorized to make (i) plans for carrying out a program of voluntary repair and rehabilitation of buildings and improvements and (ii) plans for the enforcement of laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements, and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements. The redevelopment commission is further authorized to develop, test and report methods and techniques, and carry out demonstrations and other activities, for the prevention and elimination of slums and urban blight.

- (11) To make such expenditures as may be necessary to carry out the purposes of this Article; and to make expenditures from funds obtained from the federal government;
- (12) To sue and be sued;
- (13) To adopt a seal;
- (14) To have perpetual succession;
- (15) To make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the commission; and any contract or instrument when signed by the chairman or vice-chairman and secretary or assistant secretary, or, treasurer or assistant treasurer of the commission shall be held to have been properly executed for and on its behalf;
- (16) To make and from time to time amend and repeal bylaws, rules, regulations and resolutions;
- (17) To make available to the government or municipality or any appropriate agency, board or commission, the recommendations of the commission affecting any area in its field of operation or property therein, which it may deem likely to promote the public health, morals, safety or welfare;
- (18) To perform redevelopment project undertakings and activities in one or more contiguous or noncontiguous redevelopment areas which are planned and carried out on the basis of annual increments. (1951, c. 1095, s. 9; 1961, c. 837, ss. 5, 7; 1969, c. 254, s. 1; 1973, c. 426, s. 75; 1981 (Reg. Sess., 1982), c. 1276, s. 14; 2003-403, s. 17; 2006-224, s. 2.3; 2006-259, s. 47.)

Editor's Note. — An amendment to subdivision (6) of this section by Session Laws 1993, c. 497, s. 17, was made effective upon certification of approval of an amendment to Article V of the Constitution of North Carolina relating to the authority of any county, city or town to borrow money, without the need of voter approval, and issue financing bonds to be used to finance public activities associated with private economic development projects. This amendment was submitted to the people on November 2, 1993 and was defeated. The amendment to subdivision (6) of this section, therefore, never took effect.

An earlier amendment to this section in Session Laws 1981 (Reg. Sess., 1982), c. 1276, s. 14, was made effective on certification of approval of a state constitutional amendment authorizing the enactment of laws dealing with transactions of the type contemplated by the act. Such an amendment was proposed by Session Laws 1981 (Reg. Sess., 1982), c. 1247, was submitted to the people on Nov. 2, 1982, and was defeated. The amendment to this section therefore, did not go into effect.

Section 160-59, referred to in the first version of subdivision (6) of this section, was repealed by Session Laws 1971, c. 698, s. 2. For present

provisions as to sale of municipal property, see G.S. 160A-266 to 160A-276.

Session Laws 2003-403, s. 22, provides that Session Laws 2003-403, being necessary for the prosperity and welfare of North Carolina and its inhabitants, shall be liberally construed to effect its purposes.

Session Laws 2003-403, s. 23, is a severability clause.

Session Laws 2003-403, ss. 24 and 25, provide: "The amendment set out in Section 1 of this act shall be submitted to the qualified voters of the State at the statewide general election in November 2004, which election shall be conducted under the laws then governing elections in the State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of the General Statutes. The question to be used in the voting systems and ballots shall be:

"[] FOR [] AGAINST

"Constitutional amendment to promote local economic and community development projects by (i) permitting the General Assembly to enact general laws giving counties, cities, and towns the power to finance public improvements associated with qualified private economic and community improvements within development districts, as long as the financing is secured by the additional tax revenues resulting from the enhanced property value within the development district and is not secured by a pledge of the local government's faith and credit or general taxing authority, which financing is not subject to a referendum; and (ii) permitting the owners of property in the development district

to agree to a minimum tax value for their property, which is binding on future owners as long as the development district is in existence.

"If a majority of votes cast on the question are in favor of the amendment set out in Section 1 of this act, the State Board of Elections shall certify the amendment to the Secretary of State. The amendment set out in Section 1 of this act and the amendments set out in Sections 2 through 21 of this act become effective upon this certification. The Secretary of State shall enroll the amendment so certified among the permanent records of that office. If a majority of votes cast on the question are not in favor of the amendment set out in Section 1 of this act, that amendment and the amendments set out in Sections 2 through 21 of this act do not go into effect."

The constitutional amendment adding N.C. Const. Art. V, § 14, as proposed in Session Laws 2003-403, s. 1, was adopted by vote of the people at the general election held on November 2, 2004.

Session Laws 2006-259, s. 47, provides: "If House Bill 1965, 2005 Regular Session (Session Laws 2006-224), becomes law, every reference in that act to July 1, 2006, is changed to August 15, 2006."

Effect of Amendments. — Session Laws 2006-224, s. 2.3, as amended by Session Laws 2006-259, s. 47, effective August 15, 2006, inserted "except that eminent domain may only be used to take a blighted parcel" near the beginning of subdivision (6).

CASE NOTES

Strict Construction. — Statutes prescribing the procedure to condemn lands should be strictly construed. *Redevelopment Comm'n v. Grimes*, 8 N.C. App. 376, 174 S.E.2d 839 (1970), rev'd on other grounds, 277 N.C. 634, 178 S.E.2d 345 (1971).

Power of Housing Authority to Close Public Streets. — Although the City of Raleigh did not delegate its police power to close public streets to the Housing Authority of Raleigh, the authority did not lack that power since it had power to take public streets by eminent domain with the city's consent, and to carry out redevelopment projects, which included removal of existing streets, utilities or other improvements. *Southern Bell Tel. & Tel. Co. v. Housing Auth.*, 38 N.C. App. 172, 247 S.E.2d 663 (1978), cert. denied, 296 N.C. 414 (1979).

Company's Costs of Relocating Telephone Lines Not "Necessary Expenditures." — Expenses incurred by a telephone company in relocating telephone lines from an

area being redeveloped could not be held to be "necessary expenditures" within the meaning of subdivision (11), since at common law no reimbursement was required, and no expression of legislative intent that relocation expenses should be compensable can be found. *Southern Bell Tel. & Tel. Co. v. Housing Auth.*, 38 N.C. App. 172, 247 S.E.2d 663 (1978), cert. denied, 296 N.C. 414 (1979).

Nor Otherwise Compensable. — The cost of relocating a telephone company's telephone lines from an area being redeveloped could not be reimbursed as a taking under eminent domain, as no property or interest of the telephone company was "taken." *Southern Bell Tel. & Tel. Co. v. Housing Auth.*, 38 N.C. App. 172, 247 S.E.2d 663 (1978), cert. denied, 296 N.C. 414 (1979).

Selection as to Route, Quantity, etc., Is Largely Discretionary. — Where the general power to condemn exists, the right of selection as to route, quantity, etc., is left largely to the discretion of the company or corporation, and

does not become the subject of judicial inquiry except on allegations of fact tending to show bad faith on the part of the company or corporation or an oppressive and manifest abuse of the discretion conferred upon them by the law. *Redevelopment Comm'n v. Grimes*, 277 N.C. 634, 178 S.E.2d 345 (1971).

Area to Be Redeveloped May Contain Vacant Lands or Inoffensive Structures. — The fact that some of the lands in an area to be redeveloped under redevelopment laws are vacant lands or contain structures in themselves inoffensive or innocuous does not invalidate the taking of the property, or invalidate the statute so permitting, according to the form of the contention in the particular case, usually on the ground that the action was justified as a necessary concomitant area, as compared to structure-by-structure rehabilitation. *Redevelopment Comm'n v. Grimes*, 277 N.C. 634, 178 S.E.2d 345 (1971).

Sufficiency of Condemnation Petition. — A petition to condemn land for urban renewal was sufficient under the Rules of Civil Procedure to state a claim for relief, where it gave notice of the nature and basis of the petitioners' claim and the type of case brought, and alleged generally the occurrence or performance of the conditions precedent required by Chapter 160, Article 37 (now Chapter 160A, Article 11), and Chapter 40A, Article 3. *Redevelopment Comm'n v. Grimes*, 277 N.C. 634, 178 S.E.2d 345 (1971).

Affirmative Allegation of Compliance with Statutory Requirements Necessary. — In order to invoke the power of condemnation, the redevelopment commission must affirmatively allege compliance with the statutory requirements. *Redevelopment Comm'n v. Grimes*, 277 N.C. 634, 178 S.E.2d 345 (1971).

Necessary Facts Must Be Alleged in Each Separate Proceeding. — If a redevelopment commission elects to institute a separate and distinct proceeding for each parcel of land taken, it must, in each instance, allege all the facts necessary to justify the taking. *Redevelopment Comm'n v. Hagins*, 258 N.C. 220, 128 S.E.2d 391 (1962).

Joinder of Owners of Different Tracts in One Proceeding. — Where it is sought to condemn several tracts of land belonging to different owners, all the owners may be joined in one proceeding, in the absence of any statutory provision to the contrary. Such a course is convenient, and can injure no one if damages are separately assessed to each owner. *Redevelopment Comm'n v. Hagins*, 258 N.C. 220, 128 S.E.2d 391 (1962).

Each owner is entitled to defend upon the ground his property does not qualify for the purpose intended, or that its selection was the result of arbitrary or capricious conduct on the part of the taking agency. *Redevelopment Comm'n v. Hagins*, 258 N.C. 220, 128 S.E.2d 391 (1962).

Redevelopment Comm'n v. Hagins, 258 N.C. 220, 128 S.E.2d 391 (1962).

Determining Fair Market Value. — In determining the fair market value of property taken in condemnation, it is generally regarded as competent to show the value of the property within a reasonable time before and/or after the taking as bearing upon its value at the time of the appropriation. The rule is necessarily one of variableness in the time limits, depending upon the nature of the property, its location and surrounding circumstances, and whether the evidence offered fairly points to its value at the time in question. *Wilson Redevelopment Comm'n v. Stewart*, 3 N.C. App. 271, 164 S.E.2d 495 (1968).

The rule allowing evidence of value before or after the taking is analogous to the rule which allows evidence of the purchase price paid for property sometime prior to the date of taking. *Wilson Redevelopment Comm'n v. Stewart*, 3 N.C. App. 271, 164 S.E.2d 495 (1968).

In determining whether evidence of the value at sometime prior to the taking is admissible to show fair market value at the time of the taking, the inquiry is whether under all the circumstances that appraisal fairly points to the value of the property at the time of the taking. *Wilson Redevelopment Comm'n v. Stewart*, 3 N.C. App. 271, 164 S.E.2d 495 (1968).

Scope of Cross-Examination. — It would seem that the utmost freedom of cross-examination with reference to sales and sales prices in the vicinity should be accorded the landowner, subject to the right and duty of the presiding judge to exercise his sound discretion in controlling the nature and scope of the cross-examination in the interest of justice and in confining the testimony within the rules of competency, relevancy and materiality. It follows that the condemnor should be accorded similar freedom. *Wilson Redevelopment Comm'n v. Stewart*, 3 N.C. App. 271, 164 S.E.2d 495 (1968).

Sales prices of nearby property are admissible on cross-examination to test the witness' knowledge of values and for the purposes of impeachment. *Wilson Redevelopment Comm'n v. Stewart*, 3 N.C. App. 271, 164 S.E.2d 495 (1968).

Role of Judicial Review Limited. — In determining whether a particular area may legally be selected for redevelopment, the role of judicial review is severely limited by the rule that the finding of the redevelopment authority, or similar administrative agency, that a particular area is "blighted," that redevelopment serves a "public use," or the like, is not generally reviewable, unless fraudulent or capricious, or, in some instances, unless the evidence against the finding is overwhelming. *Redevelopment*

opment Comm'n v. Grimes, 277 N.C. 634, 178 S.E.2d 345 (1971).

A trial court erred in dismissing an action to condemn land for urban renewal where there was no finding that the redevelopment commission failed to comply with the statutory procedures prerequisite to an exercise of the power of eminent domain by it, and there was no allegation, proof or finding that the redevelopment commission arbitrarily abused its discretion or acted in bad faith in selecting the area in question. The court's find-

ings that the property of respondents did not lie within a blighted area or a nonresidential redevelopment area, as defined in G.S. 160A-503, was an insufficient basis for dismissal of the action. *Redevelopment Comm'n v. Grimes*, 277 N.C. 634, 178 S.E.2d 345 (1971).

Applied in *Campbell v. First Baptist Church*, 298 N.C. 476, 259 S.E.2d 558 (1979); *Redevelopment Comm'n v. Ford*, 67 N.C. App. 470, 313 S.E.2d 211 (1984).

§ 160A-513. Preparation and adoption of redevelopment plans.

(a) A commission shall prepare a redevelopment plan for any area certified by the planning commission to be a redevelopment area. A redevelopment plan shall be sufficiently complete to indicate its relationship to definite local objectives as to appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities and other public improvements and the proposed land uses and building requirements in the redevelopment project area.

(b) The planning commission's certification of a redevelopment area shall be made in conformance with its comprehensive general plan, if any (which may include, inter alia, a plan of major traffic arteries and terminals and a land use plan and projected population densities) for the area.

(c) A commission shall not acquire real property for a development project unless the governing body of the community in which the redevelopment project area is located has approved the redevelopment plan, as hereinafter prescribed; provided, however, that the commission may acquire, through negotiation, specific pieces of property in the redevelopment area prior to the approval of such plan when the governing body finds that advance acquisition of such properties is in the public interest and specifically approves such action.

(d) The redevelopment commission's redevelopment plan shall include, without being limited to, the following:

- (1) The boundaries of the area, with a map showing the existing uses of the real property therein;
- (2) A land use plan of the area showing proposed uses following redevelopment;
- (3) Standards of population densities, land coverage and building intensities in the proposed redevelopment;
- (4) A preliminary site plan of the area;
- (5) A statement of the proposed changes, if any, in zoning ordinances or maps;
- (6) A statement of any proposed changes in street layouts or street levels;
- (7) A statement of the estimated cost and method of financing redevelopment under the plan; provided, that where redevelopment activities are performed on the basis of annual increments, such statement to be sufficient shall set forth a schedule of the activities proposed to be undertaken during the incremental period, together with a statement of the estimated cost and method of financing such scheduled activities only;
- (8) A statement of such continuing controls as may be deemed necessary to effectuate the purposes of this Article;
- (9) A statement of a feasible method proposed for the relocation of the families displaced.

(e) The commission shall hold a public hearing prior to its final determination of the redevelopment plan. Notice of such hearing shall be given once a week for two successive calendar weeks in a newspaper published in the municipality, or if there be no newspaper published in the municipality, by posting such notice at four public places in the municipality, said notice to be published the first time or posted not less than 15 days prior to the date fixed for said hearing.

(f) The commission shall submit the redevelopment plan to the planning commission for review. The planning commission, shall, within 45 days, certify to the redevelopment commission its recommendation on the redevelopment plan, either of approval, rejection or modification, and in the latter event, specify the changes recommended.

(g) Upon receipt of the planning commission's recommendation, or at the expiration of 45 days, if no recommendation is made by the planning commission, the commission shall submit to the governing body the redevelopment plan with the recommendation, if any, of the planning commission thereon. Prior to recommending a redevelopment plan to the governing body for approval, the commission shall consider whether the proposed land uses and building requirements in the redevelopment project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted and harmonious development of the community and its environs, which will in accordance with present and future needs promote health, safety, morals, order, convenience, prosperity and the general welfare, as well as efficiency and economy in the process of development, including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage and other public utilities, schools, parks, recreational and community facilities and other public requirements, the promotion of sound design and arrangements, the wise and efficient expenditure of public funds, the prevention of the recurrence of insanitary or unsafe dwelling accommodations, slums, or conditions or blight.

(h) The governing body, upon receipt of the redevelopment plan and the recommendation (if any) of the planning commission, shall hold a public hearing upon said plan. Notice of such hearing shall be given once a week for two successive weeks in a newspaper published in the municipality, or, if there be no newspaper published in the municipality, by posting such notice at four public places in the municipality, said notice to be published the first time or posted not less than 15 days prior to the date fixed for said hearing. The notice shall describe the redevelopment area by boundaries, in a manner designed to be understandable by the general public. The redevelopment plan, including such maps, plans, contracts, or other documents as form a part of it, together with the recommendation (if any) of the planning commission and supporting data, shall be available for public inspection at a location specified in the notice for at least 10 days prior to the hearing.

At the hearing the governing body shall afford an opportunity to all persons or agencies interested to be heard and shall receive, make known, and consider recommendations in writing with reference to the redevelopment plan.

(i) The governing body shall approve, amend, or reject the redevelopment plan as submitted.

(j) Subject to the proviso in subsection (c) of this section, upon approval by the governing body of the redevelopment plan, the commission is authorized to acquire property, to execute contracts for clearance and preparation of the land for resale, and to take other actions necessary to carry out the plan, in accordance with the provisions of this Article.

(k) A redevelopment plan may be modified at any time by the commission; provided that, if modified after the sale of real property in the redevelopment project area, the modification must be consented to by the redeveloper of such real property or his successor, or their successors in interest affected by the proposed modification. Where the proposed modification will substantially change the redevelopment plan as previously approved by the governing body the modification must similarly be approved by the governing body as provided above. (1951, c. 1095, s. 10; 1961, c. 837, s. 8; 1965, c. 808; 1969, c. 254, s. 2; 1973, c. 426, s. 75.)

CASE NOTES

Urban Redevelopment Plan Not a Necessary Expense Under Former Constitutional Provision. — An urban redevelopment plan was not a necessary expense of a municipality within the meaning of former Art. VII, § 6, Const. 1868, and therefore a municipality might be enjoined from spending ad valorem taxes or levying taxes and issuing bonds for an urban redevelopment project until and unless such project was approved by a majority of the qualified voters of the municipality; any provisions of former G.S. 160-466(b) and 160-470 authorizing a municipality to levy taxes and issue bonds for such purpose without a vote were unconstitutional. *Horton v. Redevelopment Comm'n*, 259 N.C. 605, 131 S.E.2d 464 (1963). (See now N.C. Const., Art. V, § 2.)

The adoption of the redevelopment plan is equivalent to a cease and desist order preventing any development, rental, or sale of the property within the area. *Redevelopment Comm'n v. Hagins*, 258 N.C. 220, 128 S.E.2d 391 (1962).

The procedures required by this section are designed to guard against arbitrary action by either the governing body of the community or the redevelopment commission, and thus afford protection to persons owning property in the affected area. Unless these procedures are strictly followed, a redevelopment commission has no authority to exercise the power of eminent domain. *Redevelopment Comm'n v. Abeyounis*, 1 N.C. App. 270, 161 S.E.2d 191 (1968).

Allegations Required in Stating Cause of Action for Condemnation. — A redevelopment commission, in order to state a cause of action for condemnation, must properly allege,

inter alia, a redevelopment plan which complies with this section; compliance with the procedures for approval of the redevelopment plan; and approval of the plan by the governing body of the area in which the project is located. *Redevelopment Comm'n v. Abeyounis*, 1 N.C. App. 270, 161 S.E.2d 191 (1968).

In order to invoke the power of condemnation, the redevelopment commission must affirmatively allege compliance with the statutory requirements. *Redevelopment Comm'n v. Grimes*, 277 N.C. 634, 178 S.E.2d 345 (1971).

Plan Must Provide for Financing Acquisition of Redevelopment Area and Other Necessary Costs. — A redevelopment plan must, under subsection (d)(7) of this section, provide a method of financing of acquisition of the redevelopment area, and of all other costs necessary to prepare the area for redevelopment, which method must, of course, be legal and feasible. *Horton v. Redevelopment Comm'n*, 262 N.C. 306, 137 S.E.2d 115 (1964).

Plan to Finance Entire Area Is Required. — In order that property owners may be protected against threatened taking which is never consummated, the act wisely requires a showing that the acquiring agency has a lawful plan by which, among other things, it may lawfully finance the whole area. *Redevelopment Comm'n v. Hagins*, 258 N.C. 220, 128 S.E.2d 391 (1962).

Ability to finance the acquisition of one or two tracts is not a showing of a proper plan for financing the development, including the arrangements for relocating displaced families. *Redevelopment Comm'n v. Hagins*, 258 N.C. 220, 128 S.E.2d 391 (1962).

§ 160A-514. Required procedures for contracts, purchases and sales; powers of commission in carrying out redevelopment project.

(a) A commission may privately contract for engineering, legal, surveying, professional or other similar services without advertisement or bid.

(b) In entering and carrying out any contract for construction, demolition, moving of structures, or repair work or the purchase of apparatus, supplies,

materials, or equipment, a commission shall comply with the provisions of Article 8 of Chapter 143 of the General Statutes. In construing such provisions, the commission shall be considered to be the governing board of a "subdivision of the State," and a contract for demolition or moving of structures, shall be treated in the same manner as a contract for construction or repair. Compliance with such provisions shall not be required, however, where the commission enters into contracts with the municipality which created it for the municipality to furnish any such services, work, apparatus, supplies, materials, or equipment; the making of these contracts without advertisement or bids is hereby specifically authorized. Advertisement or bids shall not be required for any contract for construction, demolition, moving of structures, or repair work, or for the purchase of apparatus, supplies, materials, or equipment, where such contract involves the expenditure of public money in an amount less than five hundred dollars (\$500.00).

(c) A commission may sell, exchange, or otherwise transfer the fee or any lesser interest in real property in a redevelopment project area to any redeveloper for any public or private use that accords with the redevelopment plan, subject to such covenants, conditions and restrictions as the commission may deem to be in the public interest and in furtherance of the purposes of this Article. In the sale, exchange, or transfer of property, the commission shall exercise the authority and procedure set out in G.S. 160A-268, 160A-269, 160A-270, 160A-271, or 160A-279 for the disposition of property by a city council. Provided, however, that all sales, exchanges, or other transfers of real property from July 9, 1985, to December 31, 1987, in accordance with the provisions of this section prior to its revision on July 9, 1985, shall be and are valid in all respects.

(d) A commission may sell personal property having a value of less than five hundred dollars (\$500.00) at private sale without advertisement and bids.

(e) In carrying out a redevelopment project, the commission may:

- (1) With or without consideration and at private sale convey to the municipality in which the project is located such real property as, in accordance with the redevelopment plan, is to be laid out into streets, alleys, and public ways.
- (2) With or without consideration, convey at private sale, grant, or dedicate easements and rights-of-way for public utilities, sewers, streets and other similar facilities, in accordance with the redevelopment plan.
- (3) With or without consideration and at private sale convey to the municipality, county or other appropriate public body such real property as, in accordance with the redevelopment plan, is to be used for parks, schools, public buildings, facilities or other public purposes.
- (4) In addition to other authority contained in this section, after a public hearing advertised in accordance with the provisions of G.S. 160A-513(e), and subject to the approval of the governing body of the municipality, convey to a nonprofit association or corporation organized and operated exclusively for educational, scientific, literary, cultural, charitable or religious purposes, no part of the net earnings of which inure to the benefit of any private shareholder or individual, such real property as, in accordance with the redevelopment plan, is to be used for the purposes of such associations or corporations. Such conveyance shall be for such consideration as may be agreed upon by the commission and the association or corporation, which shall not be less than the fair value of the property agreed upon by a committee of three professional real estate appraisers currently practicing in the State, which committee shall be appointed by the commission. All conveyances made under the authority of this subsection shall contain

restrictive covenants limiting the use of property so conveyed to the purposes for which the conveyance is made.

(f) After receiving the required approval of a sale from the governing body of the municipality, the commission may execute any required contracts, deeds, and other instruments and take all steps necessary to effectuate any such contract or sale. Any contract of sale between a commission and a redeveloper may contain, without being limited to, any or all of the following provisions:

- (1) Plans prepared by the redeveloper or otherwise and such other documents as may be required to show the type, material, structure and general character of the proposed redevelopment;
- (2) A statement of the use intended for each part of the proposed redevelopment;
- (3) A guaranty of completion of the proposed redevelopment within specified time limits;
- (4) The amount, if known, of the consideration to be paid;
- (5) Adequate safeguards for proper maintenance of all parts of the proposed redevelopment;
- (6) Such other continuing controls as may be deemed necessary to effectuate the purposes of this Article.

Any deed to a redeveloper in furtherance of a redevelopment contract shall be executed in the name of the commission, by its proper officers, and shall contain in addition to all other provisions, such conditions, restrictions and provisions as the commission may deem desirable to run with the land in order to effectuate the purposes of this Article.

(g) The commission may temporarily rent or lease, operate and maintain real property in a redevelopment project area, pending the disposition of the property for redevelopment, for such uses and purposes as may be deemed desirable even though not in conformity with the redevelopment plan. CASE NOTES

Discretion of Commission. — Each subsection of this section confers upon a redevelopment commission the authority to perform certain acts necessary to carry out the redevelopment project, and the use of the word “may” merely denotes that the commission is not required to do each and every act authorized in

this section. However, should a commission elect to exercise the authority conferred upon it by a particular subsection, then the procedural requirements “shall” be followed, under subsection (c) of this section. Thus, the use of the word “may” in subdivision (e)(4) of this section is not mandatory in the sense that it requires a com-

mission to convey to a nonprofit association. Whether there shall be a conveyance is a matter in the discretion of the commission. However, once a commission decides to exercise its authority to so convey, that conveyance must be after a public hearing and "shall be for such consideration as may be agreed upon by the commission and the association or corporation." *Campbell v. First Baptist Church*, 298 N.C. 476, 259 S.E.2d 558 (1979).

For interpretation of subsections (c) and (d) of this section, see *Porsh Bldrs., Inc. v. City of Winston-Salem*, 61 N.C. App. 682, 301 S.E.2d 530, cert. denied, 308 N.C. 675, 304 S.E.2d 757 (1983).

"Exchanges" Within Rule Requiring Advertisement and Bids. — In light of the specifically outlined exceptions to the general rule, coupled with the specific inclusion of "exchanges" within the proviso of subsection (c) of this section, "exchanges" are within the general rule requiring advertisement and bids. *Campbell v. First Baptist Church*, 298 N.C. 476, 259 S.E.2d 558 (1979).

Treatment of "Exchanges". — An "exchange" is included within the provisions of subsection (d) of this section, unless the commission elects to treat it as a private sale and proceed under the provisions of subsection (e) of this section. *Campbell v. First Baptist Church*, 298 N.C. 476, 259 S.E.2d 558 (1979).

Exchange of Property with Church Covered by Subsection (d). — The "exchange" of property between a redevelopment commission and a "redeveloper" such as a church is nothing more than a "private sale" of real property to "a nonprofit association or corporation operated exclusively for educational, scientific, literary, cultural, charitable or religious purposes" as described in subsection (d) of this section, and such exchange must be in compliance with all of the requirements of subsection (d). *Campbell v. First Baptist Church*, 39 N.C. App. 117, 250 S.E.2d 68 (1978), aff'd, 298 N.C. 476, 259 S.E.2d 558 (1979).

Limits of Municipal Governing Body's Authority Under Subsection (d). — The provision of subsection (d) of this section, making sales of municipal redevelopment commission property subject to the approval of the governing body of the municipality, merely places final authority in the board to determine whether all submitted bids satisfy the zoning requirements of the district and are in general conformity with the redevelopment plan, and does not give the board authority to determine which bid "more nearly" complies with the redevelopment plan. *Porsh Bldrs., Inc. v. City of Winston-Salem*, 302 N.C. 550, 276 S.E.2d 443 (1981).

Acceptance of Highest Responsible Bid Required. — In selling the property of a municipal redevelopment commission to private

developers, the municipal board of aldermen is required to accept the "highest responsible bid," if any, where that bid complies with the applicable zoning restrictions and the redevelopment plan for the property to be sold. *Porsh Bldrs., Inc. v. City of Winston-Salem*, 302 N.C. 550, 276 S.E.2d 443 (1981).

Criteria in Determining "Responsible Bidder." — In this section, which provides for sale of municipal redevelopment commission property to the "highest responsible bidder," the term "responsible" was intended to give the municipality power to use its discretion only to the extent of determining whether a bidder had the resources and financial ability to complete the project set forth in his proposal for the development of the property; it does not allow the municipality to consider which bid best complies with the redevelopment plan. *Porsh Bldrs., Inc. v. City of Winston-Salem*, 302 N.C. 550, 276 S.E.2d 443 (1981).

Lower Bid "More Nearly" Complying with Plan May Not Be Accepted. — The provision of subsection (d) of this section giving the governing board of a municipality the power to reject all bids for redevelopment commission property does not impliedly authorize the board to reject the highest bid if a lower bid "more nearly" complies with the redevelopment plan. *Porsh Bldrs., Inc. v. City of Winston-Salem*, 302 N.C. 550, 276 S.E.2d 443 (1981).

Procedure for Conveyance to "Nonprofit Association or Corporation." — Before it can lawfully convey property to a "nonprofit association or corporation," a redevelopment commission must: (1) Hold a public hearing on the proposed conveyance after proper advertisement; (2) Get approval for the proposed conveyance from the governing body of the municipality; and (3) Agree with the proposed transferee on consideration for the conveyance which is not less than the fair value of the property as determined by a committee of three professional real estate appraisers. *Campbell v. First Baptist Church*, 39 N.C. App. 117, 250 S.E.2d 68 (1978), aff'd, 298 N.C. 476, 259 S.E.2d 558 (1979).

Public Purpose Not Negated by Sale to Private Redeveloper. — The fact that a municipal redevelopment commission may exchange, sell or transfer slum property condemned by it for redevelopment to private persons does not affect the question of whether the taking is for a public use, since the statute provides safeguards in the use and control of the land by the private developer to prevent the area from again becoming a blighted area, and the sale or transfer to the redeveloper is merely incidental or collateral to the primary purpose of clearing the slum area in the interest of the public health, safety, morals and welfare. *Redevelopment Comm'n v. Security Nat'l Bank*, 252 N.C. 595, 114 S.E.2d 688 (1960).

The condemnation of blighted and slum areas within a municipality and the sale or exchange thereof to any redeveloper for residential, recreational, commercial, industrial or other uses or for public use in accordance with the redevelopment plan, under safeguards to prevent such areas from reverting to slum areas, is in the interest of the public health, safety, morals and welfare, and therefore such condemnation is for a public purpose. *Martin v. North Carolina Hous. Corp.*, 277 N.C. 29, 175 S.E.2d 665 (1970).

§ 160A-515. Eminent domain.

The commission may exercise the right of eminent domain in accordance with the provisions of Chapter 40A, but only where the property to be taken is a blighted parcel. (1951, c. 1095, s. 12; 1965, c. 679, s. 3; c. 1132; 1967, c. 932, ss. 2, 3; 1973, c. 426, s. 75; 1981, c. 919, s. 30; 2006-224, s. 2.4; 2006-259, s. 47.)

Editor's Note. — Session Laws 2006-259, s. 47, provides: "If House Bill 1965, 2005 Regular Session (Session Laws 2006-224), becomes law, every reference in that act to July 1, 2006, is changed to August 15, 2006."

Effect of Amendments. — Session Laws 2006-224, s. 2.4, as amended by Session Laws

2006-259, s. 47, effective August 15, 2006, added "but only where the property to be taken is a blighted parcel" at the end.

CASE NOTES

Strict Construction. — The exercise of the power of eminent domain is in derogation of common right, and all laws conferring such power must be strictly construed. *Redevelopment Comm'n v. Abeyounis*, 1 N.C. App. 270, 161 S.E.2d 191 (1968); *Greensboro-High Point Airport Auth. v. Irvin*, 2 N.C. App. 341, 163 S.E.2d 118 (1968).

Statutes prescribing the procedure to condemn lands should be strictly construed. *Redevelopment Comm'n v. Grimes*, 8 N.C. App. 376, 174 S.E.2d 839 (1970), rev'd on other grounds, 277 N.C. 634, 178 S.E.2d 345 (1971).

Power of Housing Authority to Close Public Streets. — Although the City of Raleigh did not delegate its police power to close public streets to the Housing Authority of Raleigh, the authority did not lack that power since it had power to take public streets by eminent domain with the city's consent, and to carry out redevelopment projects, which included removal of existing streets, utilities or other improvements. *Southern Bell Tel. & Tel. Co. v. Housing Auth.*, 38 N.C. App. 172, 247 S.E.2d 663 (1978), cert. denied, 296 N.C. 414 (1979).

Procedure to Acquire Property When Redevelopment Corporation and Landowner Unable to Agree. — When a redevelopment corporation, possessing the power of eminent domain under G.S. 160A-512, was unable to agree with the owner for the purchase of property required for its purposes, the procedure to acquire the property was by a special proceeding as provided in former Chapter 40, Article 2, except as modified by this section. (See now Chapter 40A.) *Redevelopment Comm'n v. Grimes*, 8 N.C. App. 376, 174 S.E.2d 839 (1970), rev'd on other grounds, 277 N.C. 634, 178 S.E.2d 345 (1971).

As to necessity for condemnation petition to affirmatively show that statutory provisions have been complied with, see *Redevelopment Comm'n v. Grimes*, 8 N.C. App. 376, 174 S.E.2d 839 (1970), rev'd on other grounds, 277 N.C. 634, 178 S.E.2d 345 (1971).

OPINIONS OF ATTORNEY GENERAL

Attorneys' fees are not recoverable unless a condemnation action is filed. See opinion of Attorney General to Mr. William I. Cochran, Jr., Executive Director, Redevelopment Commission of the City of Washington, 40 N.C.A.G. 637 (1969), issued under former G.S. 160-456(21).

Attorneys' fees are recoverable where a

condemnation action is filed and the case is subsequently terminated by consent judgment. See opinion of Attorney General to Mr. William I. Cochran, Jr., Executive Director, Redevelopment Commission of the City of Washington, 40 N.C.A.G. 637 (1969), issued under former G.S. 160-456(21).

§ 160A-515.1. Project development financing.

(a) Authorization. — A city may finance a redevelopment project and any related public improvements with the proceeds of project development financing debt instruments, issued pursuant to Article 6 of Chapter 159 of the General Statutes, together with any other revenues that are available to the city. Before it receives the approval of the Local Government Commission for issuance of project development financing debt instruments, the city's governing body must define a development financing district and adopt a development financing plan for the district. The city may act jointly with a county to finance a project, define a development financing district, and adopt a development financing plan for the district.

(b) Development Financing District. — A development financing district shall comprise all or portions of one or more redevelopment areas defined pursuant to this Article. The total land area within development financing districts in a city, including development financing districts created pursuant to G.S. 158-7.3, may not exceed five percent (5%) of the total land area of the city. For purposes of this section, land in a district created by a county that subsequently becomes part of a city does not count against the city's five-percent (5%) limit unless the city and the county have entered into an agreement pursuant to G.S. 159-107(e).

(c) Development Financing Plan. — The development financing plan must be compatible with the redevelopment plan or plans for the redevelopment area or areas included within the district. The development financing plan must include all of the following:

- (1) A description of the boundaries of the development financing district.
- (2) A description of the proposed development of the district, both public and private.
- (3) The costs of the proposed public activities.
- (4) The sources and amounts of funds to pay for the proposed public activities.
- (5) The base valuation of the development financing district.
- (6) The projected incremental valuation of the development financing district.
- (7) The estimated duration of the development financing district.
- (8) A description of how the proposed development of the district, both public and private, will benefit the residents and business owners of the district in terms of jobs, affordable housing, or services.
- (9) A description of the appropriate ameliorative activities which will be undertaken if the proposed projects have a negative impact on residents or business owners of the district in terms of jobs, affordable housing, services, or displacement.
- (10) A requirement that the initial users of any new manufacturing facilities that will be located in the district and that are included in the plan will comply with the wage requirements in subsection (d) of this section.

(d) **Wage Requirements.** — A development financing plan shall include a requirement that the initial users of a new manufacturing facility to be located in the district and included in the plan must pay its employees an average weekly manufacturing wage that is either above the average manufacturing wage paid in the county in which the district will be located or not less than ten percent (10%) above the average weekly manufacturing wage paid in the State. The plan may include information on the wages to be paid by the initial users of a new manufacturing facility to its employees and any provisions necessary to implement the wage requirement. The issuing unit's governing body shall not adopt a plan until the Secretary of Commerce certifies that the Secretary has reviewed the average weekly manufacturing wage required by the plan to be paid to the employees of a new manufacturing facility and has found either (i) that the wages proposed by the initial users of a new manufacturing facility are in compliance with the amount required by this subsection or (ii) that the plan is exempt from the requirement of this subsection. The Secretary of Commerce may exempt a plan from the requirement of this subsection if the Secretary receives a resolution from the issuing unit's governing body requesting an exemption from the wage requirement and a letter from an appropriate State official, selected by the Secretary, finding that unemployment in the county in which the proposed district is to be located is especially severe. Upon the creation of the district, the unit of local government proposing the creation of the district shall take any lawful actions necessary to require compliance with the applicable wage requirement by the initial users of any new manufacturing facility included in the plan; however, failure to take such actions or obtain such compliance shall not affect the validity of any proceedings for the creation of the district, the existence of the district, or the validity of any debt instruments issued under Article 6 of Chapter 159 of the General Statutes. All findings and determinations made by the Secretary of Commerce under this subsection shall be binding and conclusive. For purposes of this section, the term "manufacturing facility" means any facility that is used in the manufacturing or production of tangible personal property, including the processing resulting in a change in the condition of the property.

(e) **County Review.** — Before adopting a plan for a development financing district, the city council shall send notice of the plan, by first-class mail, to the board of county commissioners of the county or counties in which the development financing district is located. The person mailing the notice shall certify that fact, and the date thereof, to the city council, and the certificate is conclusive in the absence of fraud. Unless the board of county commissioners (or either board, if the district is in two counties) by resolution disapproves the proposed plan within 28 days after the date the notice is mailed, the city council may proceed to adopt the plan.

(f) **Environmental Review.** — Before adopting a plan for development financing districts, the city council shall submit the plan to the Secretary of Environment and Natural Resources to review to determine if the construction and operation of any new manufacturing facility in the district will have a materially adverse effect on the environment and whether the company that will operate the facility has operated in substantial compliance with federal and State laws, regulations, and rules for the protection of the environment. If the Secretary finds that the new manufacturing facility will not have a materially adverse effect on the environment and that the company that will operate the facility has operated other facilities in compliance with environmental requirements, the Secretary shall approve the plan. In making the determination on environmental impact, the Secretary shall use the same criteria that apply to the determination under G.S. 159C-7 of whether an industrial project will have a materially adverse effect on the environment. The findings of the Secretary are conclusive and binding.

(g) **Plan Adoption.** — Before adopting a plan for a development financing district, the city council shall hold a public hearing on the plan. The council shall, no less than 30 days before the day of hearing, cause notice of the hearing to be mailed by first-class mail to all property owners and mailing addresses within the proposed development financing district. The council shall also, no more than 30 days and no less than 14 days before the day of the hearing, cause notice of the hearing to be published once in a newspaper of general circulation in the city. The notice shall state the time and place of the hearing, shall specify its purpose, and shall state that a copy of the proposed plan is available for public inspection in the office of the city clerk. At the public hearing, the council shall hear anyone who wishes to speak with respect to the proposed district and proposed plan. Unless a board of county commissioners or the Secretary of Environment and Natural Resources has disapproved the plan pursuant to subsection (e) or (f) of this section, the council may adopt the plan, with or without amendment, at any time after the public hearing. However, the plan and the district do not become effective until the city's application to issue project development financing debt instruments has been approved by the Local Government Commission, pursuant to Article 6 of Chapter 159 of the General Statutes.

(h) **Plan Modification.** — Subject to the limitations of this subsection, a city council may, after the effective date of the district, amend a development financing plan adopted for a development financing district. Before making any amendment, the city council shall follow the procedures and meet the requirements of subsections (d) through (g) of this section. The boundaries of the district may be enlarged only during the first five years after the effective date of the district and only if the area to be added has been or is about to be developed and the development is primarily attributable to development that has occurred within the district, as certified by the Local Government Commission. The boundaries of the district may be reduced at any time, but the city may agree with the holders of any project development financing debt instruments to restrict its power to reduce district boundaries.

(i) **Plan Implementation.** — In implementing a development financing plan, a city may act directly, through a redevelopment commission, through one or more contracts with private agencies, or by any combination of these. A private agency that enters into a contract with a city for the implementation of a development financing plan is subject to the provisions of Article 8 of Chapter 143 of the General Statutes only to the extent specified in the contract. (2003-403, s. 18; 2005-238, s. 12; 2006-211, s. 4.)

Editor's Note. — Session Laws 2003-403, s. 25, made this section effective upon certification of approval of amendment to Article V, § 14 of the Constitution of North Carolina, as proposed in Session Laws 2003-403, § 1.

A G.S. 160A-515.1 was enacted by Session Laws 1993, c. 497, s. 18, but was made effective upon certification of approval of an amendment to Article V of the Constitution of North Carolina relating to the authority of any county, city or town to borrow money, without the need of voter approval, and issue financing bonds to be used to finance public activities associated with private economic development projects. This amendment was submitted to the people on November 2, 1993 and was defeated. The section, therefore, never took effect.

An earlier G.S. 160A-515.1 was enacted by Session Laws 1981 (Reg. Sess., 1982), c. 1276, s.

15, but was made effective on certification of approval of an amendment to the state Constitution authorizing the enactment of general laws dealing with transactions of the type contemplated by the act. Such an amendment was proposed by Session Laws 1981 (Reg. Sess., 1982), c. 1247, was submitted to the people on November 2, 1982, and was defeated. The section, therefore, never took effect.

Session Laws 2003-403, s. 22, provides that Session Laws 2003-403, being necessary for the prosperity and welfare of North Carolina and its inhabitants, shall be liberally construed to effect its purposes.

Session Laws 2003-403, s. 23, is a severability clause.

Session Laws 2003-403, ss. 24 and 25, provide: "The amendment set out in Section 1 of this act shall be submitted to the qualified

voters of the State at the statewide general election in November 2004, which election shall be conducted under the laws then governing elections in the State. Ballots, voting systems, or both may be used in accordance with Chapter 163 of the General Statutes. The question to be used in the voting systems and ballots shall be:

“[] FOR [] AGAINST

“Constitutional amendment to promote local economic and community development projects by (i) permitting the General Assembly to enact general laws giving counties, cities, and towns the power to finance public improvements associated with qualified private economic and community improvements within development districts, as long as the financing is secured by the additional tax revenues resulting from the enhanced property value within the development district and is not secured by a pledge of the local government’s faith and credit or general taxing authority, which financing is not subject to a referendum; and (ii) permitting the owners of property in the development district to agree to a minimum tax value for their property, which is binding on future owners as long as the development district is in existence.

“If a majority of votes cast on the question are in favor of the amendment set out in Section 1 of this act, the State Board of Elections shall certify the amendment to the Secretary of

State. The amendment set out in Section 1 of this act and the amendments set out in Sections 2 through 21 of this act become effective upon this certification. The Secretary of State shall enroll the amendment so certified among the permanent records of that office. If a majority of votes cast on the question are not in favor of the amendment set out in Section 1 of this act, that amendment and the amendments set out in Sections 2 through 21 of this act do not go into effect.”

The constitutional amendment adding N.C. Const. Art. V, § 14, as proposed in Session Laws 2003-403, s. 1, was adopted by vote of the people at the general election held on November 2, 2004.

Session Laws 2005-238, s. 15, provides: “The General Assembly finds that the provisions of this act are necessary for the health and welfare of the State and as such finds that the act shall be construed liberally to effect its purposes.”

Session Laws 2005-238, s. 16 is a severability clause.

Effect of Amendments. — Session Laws 2006-211, s. 4, effective August 8, 2006, added the last sentence in subsection (i).

§ 160A-516. Issuance of bonds.

(a) The commission shall have power to issue bonds from time to time for any of its corporate purposes including the payment of principal and interest upon any advances for surveys and plans for redevelopment projects. The commission shall also have power to issue refunding bonds for the purpose of paying or retiring or in exchange for bonds previously issued by it. The commission may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable:

- (1) Exclusively from the income, proceeds, and revenues of the redevelopment project financed with the proceeds of such bonds; or
- (2) Exclusively from the income, proceeds, and revenues of any of its redevelopment projects whether or not they are financed in whole or in part with the proceeds of such bonds; provided, that any such bonds may be additionally secured by a pledge of any loan, grant or contributions, or parts thereof, from the federal government or other source, or a mortgage of any redevelopment project or projects of the commission.

(b) Neither the commissioners of a commission nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance of the bonds. The bonds and other obligations of the commission (and the bonds and obligations shall so state on their face) shall not be a debt of the municipality, the county, or the State and neither the municipality, the county, nor the State shall be liable on the bonds, nor in any event shall the bonds or obligations be payable out of any funds or properties other than those of the commission acquired for the purpose of this Article. The bonds shall not constitute an indebtedness of the municipality within the meaning of any constitutional or

statutory debt limitation or restriction. Bonds of a commission are declared to be issued for an essential public and governmental purpose and to be public instrumentalities. The bonds are exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of the bonds and notes, and franchise taxes. The interest on the bonds is not subject to taxation as income. Bonds may be issued by a commission under this Article notwithstanding any debt or other limitation prescribed in any statute. This Article without reference to other statutes of the State shall constitute full and complete authority for the authorization and issuance of bonds by the commission under this Article and this authorization and issuance shall not be subject to any conditions, restrictions, or limitations imposed by any other statute whether general, special, or local, except as provided in subsection (d) of this section.

(c) Bonds of the commission shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution, its trust indenture or mortgage may provide.

(d) Bonds shall be sold by the redevelopment commission at either public or private sale upon such terms and in such manner, consistent with the provisions hereof, as the redevelopment commission may determine. Prior to the public sale of bonds hereunder, the redevelopment commission shall first cause a notice of the sale of the bonds to be published at least once at least 10 days before the date fixed for the receipt of bids for the bonds (i) in a newspaper having the largest or next largest circulation in the redevelopment commission's area of operation and (ii) in a publication that carries advertisements for the sale of State and municipal bonds published in the City of New York in the State of New York; provided, however, that in its discretion the redevelopment commission may cause any such notice of sale in the New York publication to be published as part of a consolidated notice of sale offering for sale the obligations of other public agencies in addition to the redevelopment commission's bonds, and provided, further, that any bonds may be sold by the redevelopment commission at private sale upon such terms and conditions as are mutually agreed upon between the commission and the purchaser. No bonds issued pursuant to this Article shall be sold at less than par and accrued interest. The provisions of the Local Government Finance Act shall not be applicable with respect to bonds sold or issued under this Article.

(e) In case any of the commissioners or officers of the commission whose signatures appear on any bonds or coupons shall cease to be such commissioners or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such commissioners or officers had remained in office until such delivery. Any provisions of any law to the contrary notwithstanding, any bonds issued pursuant to this Article shall be fully negotiable.

(f) In any suit, action or proceedings involving the validity or enforceability of any bond of the commission or the security therefor, any such bond reciting in substance that it has been issued by the commission to aid in financing a redevelopment project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the purposes and provisions of this Article.

(g) Bonds (including, without limitation, interim and long-term notes) may be issued or sold under this Article at private sale upon such terms and conditions as may be negotiated and mutually agreed upon by the commission and the purchaser (who may be the government or other public or private lender or purchaser). (1951, c. 1095, s. 13; 1961, c. 837, s. 10; 1971, c. 87, s. 3; 1973, c. 426, s. 75; 1981, c. 907, ss. 3, 4; 1995, c. 46, s. 20.)

CASE NOTES

Constitutionality. — This section is not unconstitutional. *Horton v. Redevelopment Comm'n*, 262 N.C. 306, 137 S.E.2d 115 (1964).

Any provisions of subsection (d) of this section and G.S. 160A-520 to the effect that bonds may be sold and issued by a redevelopment commission for the purpose of carrying out the provisions of an urban redevelopment plan or project under the provisions of the Urban Redevelopment Law, or that any municipality located within the area of such a commission may appropriate funds to a redevelopment commission for the purpose of aiding such a commission in carrying out any of its powers and functions under the Urban Redevelopment Law, and that to obtain funds for this purpose,

the municipality may levy taxes, and may in the manner prescribed by law issue and sell its bonds, without the approval of a vote of the qualified voters in the municipality, would be repugnant to the provisions of former Art. VII, § 6, Const. 1868, as amended in 1962. *Horton v. Redevelopment Comm'n*, 259 N.C. 605, 131 S.E.2d 464 (1963). (See now N.C. Const., Art. V, § 2.)

Subsection (d) of this section does nothing more than provide alternative methods for the sale of bonds issued by the commission, and further provides that no such bonds shall be sold at less than par and accrued interest. *Horton v. Redevelopment Comm'n*, 262 N.C. 306, 137 S.E.2d 115 (1964).

§ 160A-517. Powers in connection with issuance of bonds.

(a) In connection with the issuance of bonds or the incurring of obligations and in order to secure the payment of such bonds or obligations, the commission, in addition to its other powers, shall have power:

- (1) To pledge all or any part of its gross or net rents, fees or revenues to which its right then exists or may thereafter come into existence;
- (2) To mortgage all or any part of its real or personal property, then owned or thereafter acquired;
- (3) To covenant against pledging all or any part of its rents, fees and revenues, or against mortgaging all or any part of its real or personal property, to which its right or title then exists or may thereafter come into existence or against permitting or suffering any lien on such revenues or property; to covenant with respect to limitations on its right to sell, lease or otherwise dispose of any redevelopment project or any part thereof; and to covenant as to what other, or additional debts or obligations may be incurred by it;
- (4) To covenant as to the bonds to be issued and as to the issuance of such bonds in escrow or otherwise, and as to the use and disposition of the proceeds thereof; to provide for the replacement of lost, destroyed or mutilated bonds, to covenant against extending the time for the payment of its bonds or interest thereon; and to covenant for the redemption of the bonds and to provide the terms and conditions thereof;
- (5) To covenant (subject to the limitations contained in this Article) as to the amount of revenues to be raised each year or other period of time by rents, fees and other revenues, and as to the use and disposition to be made thereof; to create or to authorize the creation of special funds for moneys held for operating costs, debt service, reserves, or other

purposes, and to covenant as to the use and disposition of the moneys held in such funds;

- (6) To prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given;
- (7) To covenant as to the use, maintenance and replacement of any of or all of its real or personal property, the insurance to be carried thereon and the use and disposition of insurance moneys, and to warrant its title to such property;
- (8) To covenant as to the rights, liabilities, powers and duties arising upon the breach by it of any covenants, conditions or obligations; and to covenant and prescribe as to events of default and terms and conditions upon which any or all of its bonds or obligations shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived;
- (9) To vest in any obligees of the commissions the right to enforce the payment of the bonds or any covenants securing or relating to the bonds; to vest in any obligee or obligees holding a specified amount in bonds the right, in the event of a default to take possession of and use, operate and manage any redevelopment project or any part thereof, title to which is in the commission, or any funds connected therewith, and to collect the rents and revenues arising therefrom and to dispose of such moneys in accordance with the agreement with such obligees; to provide for the powers and duties of such obligees and to limit the liabilities thereof, and to provide the terms and conditions upon which such obligees may enforce any covenant or rights securing or relating to the bonds; and
- (10) To exercise all or any part or combination of the powers herein granted; to make such covenants (other than and in addition to the covenants herein expressly authorized) and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of said commission, as will tend to make the bonds more marketable notwithstanding that such covenants, acts or things may not be enumerated herein.

(b) The commission shall have power by its resolution, trust indenture, mortgage lease or other contract to confer upon any obligee holding or representing a specified amount in bonds, the right (in addition to all rights that may otherwise be conferred), upon the happening of an event of default as defined in such resolution or instrument, by suit, action or proceeding in any court of competent jurisdiction:

- (1) To cause possession of any redevelopment project or any part thereof title to which is in the commission, to be surrendered to any such obligee;
- (2) To obtain the appointment of a receiver of any redevelopment project of said commission or any part thereof, title to which is in the commission and of the rents and profits therefrom. If such receiver be appointed, he may enter and take possession of, carry out, operate and maintain such project or any part therefrom and collect and receive all fees, rents, revenues, or other charges thereafter arising therefrom, and shall keep such moneys in a separate account or accounts and apply the same in accordance with the obligations of said commission as the court shall direct; and
- (3) To require said commission and the commissioners, officers, agents and employees thereof to account as if it and they were the trustees of an express trust. (1951, c. 1095, s. 14; 1973, c. 426, s. 75.)

§ 160A-518. Right of obligee.

An obligee of the commission shall have the right in addition to all other rights which may be conferred on such obligee, subject only to any contractual restrictions binding upon such obligee:

- (1) By mandamus, suit, action or proceeding at law or in equity to compel said commission and the commissioners, officers, agents or employees thereof to perform each and every term, provision and covenant contained in any contract of said commission with or for the benefit of such obligee, and to require the carrying out of any or all such covenants and agreements of said commission and the fulfillment of all duties imposed upon said commission by this Article; and
- (2) By suit, action or proceeding in equity, to enjoin any acts or things which may be unlawful, or the violation of any of the rights of such obligee of said commission. (1951, c. 1095, s. 15; 1973, c. 426, s. 75.)

§ 160A-519. Cooperation by public bodies.

(a) For the purpose of aiding and cooperating in the planning, undertaking or carrying out of a redevelopment project located within the area in which it is authorized to act, any public body may, upon such terms, with or without consideration, as it may determine:

- (1) Dedicate, sell, convey or lease any of its interest in any property, or grant easements, licenses or any other rights or privileges therein to a commission;
- (2) Cause parks, playgrounds, recreational, community, educational, water, sewer or drainage facilities, or any other works which it is otherwise empowered to undertake, to be furnished in connection with a redevelopment project;
- (3) Furnish, dedicate, close, vacate, pave, install, grade, regrade, plan or replan streets, roads, sidewalks, ways or other places, which it is otherwise empowered to undertake;

- (5) Cause administrative and other services to be furnished to the commission of the character which the public body is otherwise empowered to undertake or furnish for the same or other purposes;
- (6) Incur the entire expense of any public improvements made by such public body in exercising the powers granted in this section;
- (7) Do any and all things necessary or convenient to aid and cooperate in the planning or carrying out of a redevelopment plan.

(b) Any sale, conveyance, or agreement provided for in this section may be made by a public body without public notice, advertisement or public bidding. (1951, c. 1095, s. 16; 1973, c. 426, s. 75.)

§ 160A-520. Grant of funds by community.

Any municipality located within the area of operation of a commission may appropriate funds to a commission for the purpose of aiding such commission in carrying out any of its powers and functions under this Article. To obtain funds for this purpose, the municipality may levy taxes and may in the manner prescribed by law issue and sell its bonds. (1951, c. 1095, s. 17; 1973, c. 426, s. 75.)

CASE NOTES

Constitutionality. — This section is not unconstitutional. *Horton v. Redevelopment Comm'n*, 262 N.C. 306, 137 S.E.2d 115 (1964).

Any provisions of this section to the effect that any municipality located within the area of a redevelopment commission may appropriate funds to a redevelopment commission for the purpose of aiding such a commission in carrying out any of its powers and functions under the Urban Redevelopment Law, and to obtain funds for this purpose may levy taxes, and may in the manner prescribed by law issue and sell its bonds, without approval of a vote of the qualified voters in the municipality, would be repugnant to the provisions of former Art. VII, § 6, Const. 1868, as amended in 1962. *Horton v. Redevelopment Comm'n*, 259 N.C. 605, 131 S.E.2d 464 (1963). (See now N.C. Const., Art. V, § 2.)

For What Purposes Tax May Be Levied. — Under this section, a municipality cannot

legally levy a tax in connection with an urban redevelopment project for any purpose other than for streets, water, sewer and other such services as would constitute necessary expenses of the municipality, irrespective of whether or not a redevelopment project existed. *Horton v. Redevelopment Comm'n*, 262 N.C. 306, 137 S.E.2d 115 (1964).

For What Purposes Bonds May Be Issued Without Election. — A municipality cannot issue and sell its bonds except in the manner prescribed by law, and the law requires that bonds issued to finance a project which is for a public purpose but not a necessary expense must be approved by the voters of the municipality if such bonds are obligations of the municipality. *Horton v. Redevelopment Comm'n*, 262 N.C. 306, 137 S.E.2d 115 (1964).

This Article may be cited as “The Municipal Service District Act of 1973,” and is enacted pursuant to Article V, Sec. 2(4) of the Constitution of North Carolina, effective July 1, 1973. (1973, c. 655, s. 1.)

§ 160A-536. Purposes for which districts may be established.

(a) Purposes. — The city council of any city may define any number of service districts in order to finance, provide, or maintain for the districts one or more of the following services, facilities, or functions in addition to or to a greater extent than those financed, provided or maintained for the entire city:

(1) Beach erosion control and flood and hurricane protection works.

(1a) **(For applicability see note)** Any service, facility, or function which the municipality may by law provide in the city, and including but not limited to placement of utility wiring underground, placement of period street lighting, placement of specially designed street signs and street furniture, landscaping, specialized street and sidewalk paving, and other appropriate improvements to the rights-of-way that generally preserve the character of an historic district; provided that this subdivision only applies to a service district which, at the time of its creation, had the same boundaries as an historic district created under Part 3A of Article 19 of this Chapter.

(2) Downtown revitalization projects.

(2a) Urban area revitalization projects.

(2b) Transit-oriented development projects.

(3) Drainage projects.

(3a) Sewage collection and disposal systems of all types, including septic tank systems or other on-site collection or disposal facilities or systems.

(3b) **(For applicability see note)** Lighting at interstate highway interchange ramps.

(4) Off-street parking facilities.

(5) Watershed improvement projects, including but not limited to watershed improvement projects as defined in General Statutes Chapter 139; drainage projects, including but not limited to the drainage projects provided for by General Statutes Chapter 156; and water resources development projects, including but not limited to the federal water resources development projects provided for by General Statutes Chapter 143, Article 21.

(b) Downtown Revitalization Defined. — As used in this section “downtown revitalization projects” include by way of illustration but not limitation improvements to water mains, sanitary sewer mains, storm sewer mains, electric power distribution lines, gas mains, street lighting, streets and sidewalks, including rights-of-way and easements therefor, the construction of pedestrian malls, bicycle paths, overhead pedestrian walkways, sidewalk canopies, and parking facilities both on-street and off-street, and other

improvements intended to relieve traffic congestion in the central city, improve pedestrian and vehicular access thereto, reduce the incidence of crime therein, and generally to further the public health, safety, welfare, and convenience by promoting the economic health of the central city or downtown area. In addition, a downtown revitalization project may, in order to revitalize a downtown area and further the public health, safety, welfare, and convenience, include the provision of city services or functions in addition to or to a greater extent than those provided or maintained for the entire city. A downtown revitalization project may also include promotion and developmental activities (such as sponsoring festivals and markets in the downtown area, promoting business investment in the downtown area, helping to coordinate public and private actions in the downtown area, and developing and issuing publications on the downtown area) designed to improve the economic well-being of the downtown area and further the public health, safety, welfare, and convenience. Exercise of the authority granted by this Article to undertake downtown revitalization projects financed by a service district shall not prejudice the city's authority to undertake urban renewal projects in the same area.

(c) Urban Area Revitalization Defined. — As used in this section, the term “urban area revitalization projects” includes the provision within an urban area of any service or facility that may be provided in a downtown area as a downtown revitalization project under subdivision (a)(2) and subsection (b) of this section. As used in this section, the term “urban area” means an area that (i) is located within a city whose population exceeds 150,000 according to the most recent annual population statistics certified by the State Budget Officer and (ii) meets one or more of the following conditions:

- (1) It is the central business district of the city.
- (2) It consists primarily of existing or redeveloping concentrations of industrial, retail, wholesale, office, or significant employment-generating uses, or any combination of these uses.
- (3) It is located in or along a major transportation corridor and does not include any residential parcels that are not, at their closest point, within 150 feet of the major transportation corridor right-of-way or any nonresidentially zoned parcels that are not, at their closest point, within 1,500 feet of the major transportation corridor right-of-way.
- (4) It has as its center and focus a major concentration of public or institutional uses, such as airports, seaports, colleges or universities, hospitals and health care facilities, or governmental facilities.

(c1) Transit-Oriented Development Defined. — As used in this section, the term “transit-oriented development” includes the provision within a public transit area of any service or facility listed in this subsection. A public transit area is an area within a one-fourth mile radius of any passenger stop or station located on a mass transit line. A mass transit line is a rail line along which a public transportation service operates or a busway or guideway dedicated to public transportation service. A busway is not a mass transit line if a majority of its length is also generally open to passenger cars and other private vehicles more than two days a week.

The following services and facilities are included in the definition of “transit-oriented development” if they are provided within a transit area:

- (1) Any service or facility that may be provided in a downtown area as a downtown revitalization project under subdivision (a)(2) and subsection (b) of this section.
- (2) Passenger stops and stations on a mass transit line.
- (3) Parking facilities and structures associated with passenger stops and stations on a mass transit line.
- (4) Any other service or facility, whether public or public-private, that the city may by law provide or participate in within the city, including retail, residential, and commercial facilities.

(d) **Contracts.** — A city may provide services, facilities, functions, or promotional and developmental activities in a service district with its own forces, through a contract with another governmental agency, through a contract with a private agency, or by any combination thereof. Any contracts entered into pursuant to this paragraph shall specify the purposes for which city moneys are to be used and shall require an appropriate accounting for those moneys at the end of each fiscal year or other appropriate period. (1973, c. 655, s. 1; 1977, c. 775, ss. 1, 2; 1979, c. 595, s. 2; 1985, c. 580; 1987, c. 621, s. 1; 1999-224, s. 1; 1999-388, s. 1; 2004-151, s. 1; 2004-203, s. 5(m).)

Editor's Note. — Session Laws 1977, c. 775, which added the present second and third sentences of the second paragraph (now subsection (b)) and added the third paragraph (now subsection (d)), provided in s. 5: "This act shall become effective upon ratification, but shall not apply to any district established prior to January 1, 1975."

Session Laws 1987, c. 621, which added subdivision (1a) (now subdivision (a)(1a)) of this section, in s. 4 provided: "This act shall apply only to those cities having a population in excess of 150,000 which are located in counties

having two or more cities each of which has a population in excess of 60,000. This act shall also apply to those cities where, at the time of creation of the district, the city had a population of not less than 20,000 nor more than 25,000, was not a county seat, and was located in two counties one of which had eight incorporated municipalities. This act shall also apply to those cities where, at the time of creation of the district, the city is located in a county with a population of more than 100,000, which county has an area of less than 250 square miles."

Session Laws 1999-224, s. 2, provides that this act applies only to towns that, at the time the district is created, have a population of between 2,000 and 2,500 and are located in a county that has a land area of more than 946 square miles according to the 1990 federal census.

§ 160A-537. Definition of service districts.

(a) **Standards.** — The city council of any city may by resolution define a service district upon finding that a proposed district is in need of one or more of the services, facilities, or functions listed in G.S. 160A-536 to a demonstrably greater extent than the remainder of the city.

(b) **Report.** — Before the public hearing required by subsection (c), the city council shall cause to be prepared a report containing:

- (1) A map of the proposed district, showing its proposed boundaries;
- (2) A statement showing that the proposed district meets the standards set out in subsection (a); and
- (3) A plan for providing in the district one or more of the services listed in G.S. 160A-536.

The report shall be available for public inspection in the office of the city clerk for at least four weeks before the date of the public hearing.

(c) **Hearing and Notice.** — The city council shall hold a public hearing before adopting any resolution defining a new service district under this section. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a map of the proposed district and a statement that the report required by subsection (b) is available for public inspection in the office of the city clerk. The notice shall be published at least once not less than one week before the date of the hearing. In addition, it shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the proposed district. The person designated by the council to mail the notice shall certify to the council that the mailing has been completed and his certificate is conclusive in the absence of fraud.

(d) **Effective Date.** — The resolution defining a service district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the city council, except that if the governing body in the resolution states that general obligation bonds are anticipated to be authorized for the project, it may make the resolution effective immediately upon its adoption, but no ad valorem tax may be levied for a partial fiscal year.

(e) In the case of a resolution defining a service district, which is adopted during the period beginning July 1, 1981, and ending July 31, 1981, and which district is for any purpose defined in G.S. 160A-536(1), the city council may make the resolution effective for the fiscal year beginning July 1, 1981. In any such case, the report under subsection (b) of this section need only have been available for public inspection for at least two weeks before the date of the public hearing, and the notice required by subsection (c) of this section need only have been mailed at least two weeks before the date of the hearing. (1973, c. 655, s. 1; 1981, c. 53, s. 1; c. 733, s. 1; 2006-162, s. 25.)

Effect of Amendments. — Session Laws 2006-162, s. 25, effective July 24, 2006, added the exception at the the end of subsection (d).

§ 160A-538. Extension of service districts.

(a) **Standards.** — The city council may by resolution annex territory to any service district upon finding that:

(1) The area to be annexed is contiguous to the district, with at least one eighth of the area's aggregate external boundary coincident with the existing boundary of the district;

(2) That the area to be annexed requires the services of the district.

(b) **Annexation by Petition.** — The city council may also by resolution extend by annexation the boundaries of any service district when one hundred percent (100%) of the real property owners of the area to be annexed have petitioned the council for annexation to the service district.

(c) **Report.** — Before the public hearing required by subsection (d), the council shall cause to be prepared a report containing:

(1) A map of the service district and the adjacent territory, showing the present and proposed boundaries of the district;

(2) A statement showing that the area to be annexed meets the standards and requirements of subsections (a) or (b); and

(3) A plan for extending services to the area to be annexed.

The report shall be available for public inspection in the office of the city clerk for at least two weeks before the date of the public hearing.

(d) **Hearing and Notice.** — The council shall hold a public hearing before adopting any resolution extending the boundaries of a service district. Notice of the hearing shall state the date, hour and place of the hearing and its subject, and shall include a statement that the report required by subsection (c) is available for inspection in the office of the city clerk. The notice shall be published at least once not less than one week before the date of the hearing. In addition, the notice shall be mailed at least four weeks before the date of the hearing to the owners as shown by the county tax records as of the preceding January 1 of all property located within the area to be annexed. The notice may be mailed by any class of U.S. mail which is fully prepaid. The person designated by the council to mail the notice shall certify to the council that the mailing has been completed, and his certificate shall be conclusive in the absence of fraud.

(e) **Effective Date.** — The resolution extending the boundaries of the district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the council.

(f) **(For applicability see note)** A service district which at the time of its creation had the same boundaries as an historic district created under Part 3A of Article 19 of this Chapter may only have its boundaries extended to include territory which has been added to the historic district. (1973, c. 655, s. 1; 1981, c. 53, s. 2; 1987, c. 621, s. 2.)

Editor's Note. — Session Laws 1987, c. 621, which added subsection (f) of this section, in s. 4 provided: "This act shall apply only to those cities having a population in excess of 150,000 which are located in counties having two or more cities each of which has a population in excess of 60,000. This act shall also apply to those cities where, at the time of creation of the district, the city had a population of not less

than 20,000 nor more than 25,000, was not a county seat, and was located in two counties one of which had eight incorporated municipalities. This act shall also apply to those cities where, at the time of creation of the district, the city is located in a county with a population of more than 100,000, which county has an area of less than 250 square miles."

§ 160A-538.1. Reduction of service districts.

(a) Upon finding that there is no longer a need to include within a particular service district any certain tract or parcel of land, the city council may by resolution redefine a service district by removing therefrom any tract or parcel of land which it has determined need no longer be included in said district. The city council shall hold a public hearing before adopting a resolution removing any tract or parcel of land from a district. Notice of the hearing shall state the date, hour and place of the hearing, and its subject, and shall be published at least once not less than one week before the date of the hearing.

(b) The removal of any tract or parcel of land from any service district shall take effect at the end of a fiscal year following passage of the resolution, as determined by the city council.

(c) **(For applicability see note)** A service district which at the time of its creation had the same boundaries as an historic district created under Part 3A of Article 19 of this Chapter may only have its boundaries reduced to exclude territory which has been removed from the historic district. (1977, c. 775, s. 3; 1987, c. 621, s. 3.)

Editor's Note. — Session Laws 1977, c. 775, which enacted this section, in s. 5, provided that the act would not apply to any district established prior to January 1, 1975.

Session Laws 1987, c. 621, which added subsection (c) of this section, in s. 4 provided: "This act shall apply only to those cities having a population in excess of 150,000 which are located in counties having two or more cities each of which has a population in excess of 60,000. This act shall also apply to those cities where,

at the time of creation of the district, the city had a population of not less than 20,000 nor more than 25,000, was not a county seat, and was located in two counties one of which had eight incorporated municipalities. This act shall also apply to those cities where, at the time of creation of the district, the city is located in a county with a population of more than 100,000, which county has an area of less than 250 square miles."

§ 160A-539. Consolidation of service districts.

(a) The city council may by resolution consolidate two or more service districts upon finding that:

- (1) The districts are contiguous or are in a continuous boundary; and
- (2) The services provided in each of the districts are substantially the same; or
- (3) If the services provided are lower for one of the districts, there is a need to increase those services for that district to the level of that enjoyed by the other districts.

(b) Report. — Before the public hearing required by subsection (c), the city council shall cause to be prepared a report containing:

- (1) A map of the districts to be consolidated;
- (2) A statement showing the proposed consolidation meets the standards of subsection (a); and
- (3) If necessary, a plan for increasing the services for one or more of the districts so that they are substantially the same throughout the consolidated district.

The report shall be available in the office of the city clerk for at least two weeks before the public hearing.

(c) Hearing and Notice. — The city council shall hold a public hearing before adopting any resolution consolidating service districts. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a statement that the report required by subsection (b) is available for inspection in the office of the city clerk. The notice shall be published at least once not less than one week before the date of the hearing. In addition, the notice shall be mailed at least four weeks before the hearing to the owners as shown by the county tax records as of the preceding January 1 of all property located within the consolidated district. The notice may be mailed by any class of U.S. mail which is fully prepaid. The person designated by the council to mail the notice shall certify to the council that the mailing has been completed, and his certificate shall be conclusive in the absence of fraud.

(d) Effective Date. — The consolidation of service districts shall take effect at the beginning of a fiscal year commencing after passage of the resolution of consolidation, as determined by the council. (1973, c. 655, s. 1; 1981, c. 53, s. 2.)

§ 160A-540. Required provision or maintenance of services.

(a) New District. — When a city defines a new service district, it shall provide, maintain, or let contracts for the services for which the residents of the district are being taxed within a reasonable time, not to exceed one year, after the effective date of the definition of the district.

(b) Extended District. — When a city annexes territory for a service district, it shall provide, maintain, or let contracts for the services provided or maintained throughout the district to the residents of the area annexed to the district within a reasonable time, not to exceed one year, after the effective date of the annexation.

(c) Consolidated District. — When a city consolidates two or more service districts, one of which has had provided or maintained a lower level of services, it shall increase the services within that district (or let contracts therefor) to a level comparable to those provided or maintained elsewhere in the consolidated district within a reasonable time, not to exceed one year, after the effective date of the consolidation. (1973, c. 655, s. 1.)

§ 160A-541. Abolition of service districts.

Upon finding that there is no longer a need for a particular service district, the city council may by resolution abolish that district. The council shall hold a public hearing before adopting a resolution abolishing a district. Notice of the hearing shall state the date, hour and place of the hearing, and its subject, and shall be published at least once not less than one week before the date of the hearing. The abolition of any service district shall take effect at the end of a fiscal year following passage of the resolution, as determined by the council. (1973, c. 655, s. 1.)

§ 160A-542. Taxes authorized; rate limitation.

A city may levy property taxes within defined service districts in addition to those levied throughout the city, in order to finance, provide or maintain for the district services provided therein in addition to or to a greater extent than those financed, provided or maintained for the entire city. In addition, a city may allocate to a service district any other revenues whose use is not otherwise restricted by law.

Property subject to taxation in a newly established district or in an area annexed to an existing district is that subject to taxation by the city as of the preceding January 1.

Property taxes may not be levied within any district established pursuant to this Article in excess of a rate on each one hundred dollar (\$100.00) value of property subject to taxation which, when added to the rate levied city wide for purposes subject to the rate limitation, would exceed the rate limitation established in G.S. 160A-209(d), unless that portion of the rate in excess of this limitation is submitted to and approved by a majority of the qualified voters residing within the district. Any referendum held pursuant to this paragraph shall be held and conducted as provided in G.S. 160A-209.

This Article does not impair the authority of a city to levy special assessments pursuant to Article 10 of this Chapter for works authorized by G.S. 160A-491, and may be used in addition to that authority. (1973, c. 655, s. 1.)

§ 160A-543. Bonds authorized.

A city may incur debt under general law to finance services, facilities or functions provided within a service district. If a proposed general obligation bond issue is required by law to be submitted to and approved by the voters of the city, and if the proceeds of the proposed bond issue are to be used in connection with a service that is or, if the bond issue is approved, will be provided only for one or more service districts or at a higher level in service districts than city wide, the proposed bond issue must be approved concurrently by a majority of those voting throughout the entire city and by a majority of the total of those voting in all of the affected or to be affected service districts. (1973, c. 655, s. 1; 2004-151, s. 4.)

§ 160A-544. Exclusion of personal property of public service corporations.

There shall be excluded from any service district and the provisions of this Article shall not apply to the personal property of any public service corporation as defined in G.S. 160A-243(c); provided that this section shall not apply to any service district in existence on January 1, 1977. (1977, c. 775, s. 4.)

Editor's Note. — Session Laws 1977, c. 775, which enacted this section, provided in s. 5 that the act would not apply to any district established prior to January 1, 1975.

Section 160A-243, referred to in this section, was repealed by Session Laws 1981, c. 919. See now G.S. 40A-5.

§ 160A-552. Creation of authority.

The city council of any city may, upon its own initiative, and shall, upon petition of 25 or more residents of the city, hold a public hearing on the question whether or not it is necessary for the city to organize an authority under the provisions of this Article. Notice of the time, place and purpose of such hearing shall be given by publication in a newspaper of general circulation in the city, at least once, at least 10 days before such hearing. At such hearing, an opportunity to be heard shall be granted to all residents and

taxpayers of the city and all other interested persons. If, after such hearing, the city council shall by resolution determine that it is necessary for the city to organize an authority under the provisions of this Article, the city council shall appoint, as hereinafter provided, five commissioners to act as an authority. Said commission shall be a public body and a body corporate and politic upon the completion of the taking of the following proceedings:

The commissioners shall present or cause to be presented to the Secretary of State of North Carolina a written application signed by them, which shall set forth

- (1) A statement that the city council has, pursuant to this Article, and after a public hearing held as herein required, determined that it is necessary for the city to organize an authority under the provisions of this Article, and has appointed the signers of such application as commissioners of such an authority;

The Secretary of State shall examine the application and if he finds that the name proposed for the corporation is not identical with that of a person or any other corporation of this State or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded, as herein provided, the authority shall constitute a public body and body corporate and politic under the name proposed in the application; and the Secretary of State shall make and issue a certificate of incorporation pursuant to this Article, under the seal of the State, and shall record the same with the application.

The boundaries of such authority shall be coterminous with those of such city.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have been established in accordance with the provisions of this Article upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate, duly certified by the Secretary of State, shall be admissible in evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof. from the date of their appointment. Thereafter, the term of office shall be five years. A commissioner shall hold office until his successor has been appointed by the city council and has qualified. Vacancies shall be filled by the city council for the unexpired term. Three commissioners shall constitute a quorum. A commissioner shall receive no compensation for his services, but he shall be entitled to reimbursement for his actual and necessary expenses incurred in the performance of his official duties.

When the office of the first chairman of the authority becomes vacant, the authority shall select a chairman from among its members. An authority shall select from among its members a vice-chairman, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent or temporary, as it may require, and shall determine their qualifications, duties and compensation. An authority may, with the consent of the city council call upon the city attorney or chief law officer of the city for such legal services as it may require, or it may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. The city council may remove any member of the authority for inefficiency, neglect of duty or misconduct in office, giving him a copy of the charges against him and an opportunity of being heard in person, or by counsel, in his defense upon not less than 10 days' notice. If any commissioner or employee of an authority owns or controls an interest direct or indirect in any property included or planned to be included in any parking project, he shall immediately disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. § 160A-556. Purpose and powers of the authority.

An authority incorporated under this Article shall constitute a public body and a body corporate and politic, exercising public powers as an agency or instrumentality of the city with which it is coterminous. The purpose of the authority shall be to relieve traffic congestion of the streets and public places in the city by means of parking facilities, and to that end to acquire, construct, improve, operate and maintain one or more parking projects in the city. To carry out said purpose, the authority shall have power:

- (1) To sue and be sued;

- (3) To acquire, hold and dispose of personal property for its corporate purposes, including the power to purchase prospective or tentative awards in connection with the condemnation of real property;

§ 160A-557. Conveyance of property by the city to the authority; acquisition of property by the city or by the authority.

(a) The city may convey, with or without consideration, to the authority real and personal property owned by the city for use by the authority as a parking project or projects or a part thereof. In case of real property so conveyed, the instrument of conveyance shall contain a provision for reversion of the property to the city upon the termination of the corporate existence of the authority or upon the termination of the use of the property for the corporate purpose of the authority. Such conveyance of property by the city to the authority may be made without regard to the provisions of other laws regulating sales of property by the city or requiring previous advertisement of sales of property by the city.

(b) The city may acquire by purchase or condemnation real property in the name of the city for the authority or for the widening of existing roads, streets, parkways, avenues or highways or for new roads, streets, parkways, avenues or highways to any of the parking projects, or partly for such purposes and partly for other city purposes, by purchase or condemnation in the manner provided by law for the acquisition of real property by the city. The city may close such streets, roads, parkways, avenues, or highways as may be necessary or convenient.

(c) Contracts may be entered into between the city and the authority providing for the property to be conveyed by the city to the authority, the

additional property to be acquired by the city and so conveyed, the streets, roads, parkways, avenues and highways to be closed by the city, and the amounts, terms and conditions of payment to be made by the authority. Such contracts may contain covenants by the city as to the road, street, parkway, avenue and highway improvements to be made by the city, including provisions for the installation of parking meters in designated streets of the city and for the removal of such parking meters in the event that such parking meters are not found to be necessary or convenient. Any such contract may pledge all or any part of the revenues of on-street parking meters to the authority for a period of not to exceed the period during which bonds of the authority shall be outstanding; provided, that the total amount of such revenues which may be paid pursuant to such a pledge shall not exceed the total of the principal of and interest on such bonds which become due and payable during such period. Such contracts may also contain provisions limiting or prohibiting the construction and operation by the city or any agency thereof in designated areas of public parking facilities and parking meters whether or not a fee or charge is made therefor. Any such contracts between the city and the authority may be pledged by the authority to secure its bonds and may not be modified thereafter except as provided by the terms of the contracts or by the terms of the pledge. The city council may authorize such contracts on behalf of the city and no other authorization on the part of the city for such contracts shall be necessary.

(d) The authority may itself acquire real property for a parking project at the cost and expense of the authority by purchase or condemnation pursuant to the laws relating to the condemnation of land by the city.

(e) In case the authority shall acquire any real property which it shall determine is no longer required for a parking project, then, if such real property was acquired at the cost and expense of the city, the authority shall have power to convey it without consideration to the city, or, if such real property was acquired at the cost and expense of the authority, then the authority shall have power to sell, lease or otherwise dispose of said real property and shall retain and have the power to use the proceeds of sale, rentals or other moneys derived from the disposition thereof for its purposes. (1951, c. 779, s. 8; 1965, c. 998, s. 3; 1979, 2nd Sess., c. 1247, s. 44.)

§ 160A-558. Contracts.

The authority shall let contracts in the manner provided by law for contracts of the city. (1951, c. 779, s. 9; 1979, 2nd Sess., c. 1247, s. 44.)

§ 160A-559. Moneys of the authority.

All moneys of the authority shall be paid to the treasurer of the city as agent of the authority, who shall designate depositories and who shall not commingle such moneys with any other moneys. Such moneys shall be deposited in a separate bank account or accounts. The moneys in such accounts shall be paid out on checks of the treasurer on written requisition of the chairman of the authority or of such other person or persons as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured in the manner provided by law for securing deposits of moneys of the city. The city accountant of the city and his legally authorized representatives are authorized and empowered from time to time to examine the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other records and papers relating to its financial standing. The authority shall cause an annual audit of its accounts to be made by a certified public accountant or firm of certified public accountants, and shall cause a copy of the report of each such audit to be filed with the city clerk,

who shall present the same to the city council. The authority shall have power, notwithstanding the provisions of this section to contract with the holders of any of its bonds as to the custody, collection, securing, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and to carry out any such contract notwithstanding that such contract may be inconsistent with the previous provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority, and all banks and trust companies are authorized to give such security for such deposits. (1951, c. 779, s. 10; 1979, 2nd Sess., c. 1247, s. 44.)

§ 160A-560. Bonds legal investments for public officers and fiduciaries.

The bonds are hereby made securities in which all public officers and bodies of this State and all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business and all other persons whatsoever, except as hereinafter provided, who are now or may hereafter be authorized to invest in bonds or other obligations of the State, may properly and legally invest funds including capital in their control or belonging to them; provided that, notwithstanding the provisions of any other general or special law to the contrary, such bonds shall not be eligible for the investment of funds, including capital, trusts, estates or guardianships under the control of individual administrators, guardians, executors, trustees and other individual fiduciaries. The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of this State and all municipalities and municipal subdivisions for any purpose for which the deposit of bonds or other obligations of this State is now or may hereafter be authorized. (1951, c. 779, s. 15; 1979, 2nd Sess., c. 1247, s. 44.)

§ 160A-561. Exemptions from taxation.

that the bonds of the authority issued pursuant to this Article and the income therefrom, and all moneys, funds and revenues pledged to pay or secure the payment of such bonds, shall at all times be free from taxation except for transfer and estate taxes. (1951, c. 779, s. 17; 1979, 2nd Sess., c. 1247, s. 44.)

§ 160A-563. Actions against the authority.

In every action against the authority for damages, for injuries to real or personal property, or for the destruction thereof, or for personal injuries or death, the complaint shall contain an allegation that at least 30 days have elapsed since the demand, claim or claims upon which such action is founded were presented to a member of the authority, or to its secretary, or to its chief executive officer and that the authority has neglected or refused to make an adjustment or payment thereof for 30 days after such presentment. (1951, c. 779, s. 19; 1979, 2nd Sess., c. 1247, s. 44.)

§ 160A-564. Termination of authority.

(1951, c. 779, s. 22; 1979, 2nd Sess., c. 1247, s. 44.)

Except as otherwise provided herein, nothing in this Article shall be construed to limit or otherwise affect the power or authority of the North Carolina Utilities Commission or the right of appeal to the North Carolina Utilities Commission as provided by law. (1977, c. 465; 1979, 2nd Sess., c. 1247, s. 45.)

§ 160A-581. Territorial jurisdiction.

The jurisdiction of the authority shall extend to all local public passenger transportation operating within the municipality. Said jurisdiction shall also extend up to 30 miles outside of the corporate limits of the municipality where the municipality is a town or city, and up to five miles outside of the boundaries of the municipality where the municipality is a county or up to five miles outside of the combined boundaries of a group of counties. The authority shall not have jurisdiction over public transportation subject to the jurisdiction of and regulated by the I.C.C., nor shall it have jurisdiction over intrastate public transportation classified as common carriers of passengers by the North Carolina Utilities Commission. § 160A-583. Funds.

The establishment and operation of a transportation authority as herein authorized are governmental functions and constitute a public purpose, and the municipality is hereby authorized to appropriate funds to support the establishment and operation of the transit authority. The municipality may also dedicate, sell, convey, donate or lease any of its interest in any property to the authority. Further, the authority is hereby authorized to establish such

license and regulatory fees and charges as it may deem appropriate, subject to the approval of the governing body of the municipality. If the governing body finds that the funds otherwise available are insufficient, it may call a special election without a petition and submit to the qualified voters of the municipality the question of whether or not a special tax shall be levied and/or bonds issued, specifying the maximum amount thereof, for the purpose of acquiring lands, buildings, equipment and facilities and for the operations of the transit authority. (1977, c. 465; 1979, 2nd Sess., c. 1247, s. 45.)

§ 160A-584. Effect on existing franchises and operations.

In the event a transportation authority is established under the authority of this Article, any existing franchises granted by the municipality shall continue in full force and effect until legally terminated; further, all ordinances and resolutions of the municipality regulating bus operations and taxicabs shall continue in full force and effect until superseded by regulations of the transportation authority. (1977, c. 465; 1979, 2nd Sess., c. 1247, s. 45.)

§ 160A-585. Termination.

The governing body of the municipality shall have the authority to terminate the existence of the authority at any time. In the event of such termination, all property and assets of the authority shall automatically become the property of the municipality and the municipality shall succeed to all rights, obligations and liabilities of the authority. § 160A-586. Controlling provisions.

Insofar as the provisions of this Article are not consistent with the provisions of any other law, public or private, the provisions of this Article shall be controlling. (1977, c. 465; 1979, 2nd Sess., c. 1247, s. 45.)

§ 160A-587. Consolidation of public transportation authority and parking authority.

The municipality may, by resolution or ordinance, vest in a single body corporate and politic both the powers of a public transportation authority in accordance with the provisions of this Article and the powers of a parking authority in accordance with the provisions of Article 38 of Chapter 160 of the General Statutes. Notwithstanding the membership provisions of G.S. 160A-553, the members of a consolidated body created pursuant to this section shall be selected according to the provisions of G.S. 160A-577. (1977, c. 465; 1979, 2nd Sess., c. 1247, s. 45.)

Editor's Note. — Article 38 of Chapter 160, Session Laws 1979, 2nd Sess., c. 1247, s. 44 to referred to in this section, was transferred by G.S. 160A-550 through 160A-565.

§ 160A-588. Joint provision of services.

Two or more municipalities may cooperate in the exercise of any power granted by this Article according to the procedures and provisions of G.S. 160A-460 through 160A-464 of Part 1 of Article 20 of Chapter 160A of the General Statutes. Except as provided in any covenant or debt instrument designed to protect the creditor, if any loans or grants by the Department of Commerce have not been repaid, all or a substantial part of an operating natural gas district may not be disposed of without the approval of the Department of Commerce. If the sale is approved by the Department of Commerce, the district shall repay the State the lesser of the amount of any capital grant made by the State or one-half of the amount of the proceeds.
- (8) To acquire by gift, purchase, lease as lessee with or without option to purchase or otherwise to construct, improve, maintain, repair, operate, or administer any component parts of a natural gas system. The district also may contract for the maintenance, operation, or administration thereof or to lease as lessor the same for maintenance, operation, or administration by private parties.
- (9) To make or enter into contracts, agreements, deeds, leases with or without option to purchase, conveyances, or other instruments, including contracts and agreements with the United States, the State of North Carolina, and units of local government.

- (12) To develop and carry out demonstration projects.
- (13) To make, enter into, and perform contracts with private parties and natural gas companies with respect to the management and operation of natural gas systems.
- (14) To make, enter into, and perform contracts with any public utility, railroad, or transportation company for the joint use of property or rights.

- (15) To own, lease, and operate natural gas systems. These systems may also include the purchase or lease, or both, of natural gas fields and natural gas reserves within the State, and the purchase of natural gas supplies within or without the State. A district may operate that part of a gas system involving the purchase or lease, or both, of natural gas fields, natural gas reserves, and natural gas supplies, in an operating agreement, partnership or joint venture arrangement with natural gas utilities and private enterprise. The district may acquire, purchase, construct, receive, own, operate, maintain, enlarge, and improve natural gas systems and transport and sell at wholesale all or any part of its gas supply.
- (16) To purchase or finance real or personal property under G.S. 160A-20.

A district may provide service or contract for the providing of service to a city geographically located within a district, notwithstanding that the city did not join the district pursuant to G.S. 160A-663(a) or G.S. 160A-672.
- (19) Except as restricted by covenants in bonds, notes, security interests, or trust certificates, to set in its sole discretion rates, fees, and charges for use of its natural gas system in accordance with G.S. 160A-676.

- (21) To issue revenue bonds and notes and to incur other obligations as authorized by this Article. (1997-426, s. 2.)

§ 160A-668. Fiscal accountability.

A district is a public authority subject to the provisions of Chapter 159 of the General Statutes. (1997-426, s. 2.)

§ 160A-669. Funds.

The establishment and operation of a district is a public purpose, and the State of North Carolina and any unit of local government may appropriate funds to support the establishment and operation of the district. The State of North Carolina and any unit of local government may also dedicate, sell, convey, donate, or lease any of their interests in any property to the district. A district may apply for grants from the State of North Carolina, or from the United States or any department, agency, or instrumentality thereof. The Department of Commerce may allocate to a district any funds appropriated for natural gas. (1997-426, s. 2.)

§ 160A-670. Effect on existing franchises and operations.

Creation of the district does not affect any existing franchises granted by any unit of local government. Those existing franchises shall continue in full force and effect until legally terminated, and all ordinances and resolutions of the unit of local government regulating local natural gas systems shall continue in

full force and effect unless superseded by rules of the district. This superseding, if any, may occur only on the basis of prior mutual agreement between the district and the respective unit of local government. (1997-426, s. 2.)

§ 160A-671. Termination of district.

The Board of Trustees, after providing for the continued availability of natural gas service to its customers, if any, may terminate the existence of the district at any time when it has no outstanding indebtedness. The Board of Trustees shall file notification of the termination with the Secretary of State. (1997-426, s. 2.)

§ 160A-672. Joinder of county or city.

(a) Whenever a district has been organized under the provisions of this Article, a county as defined in G.S. 160A-662(a) or a city within that county, or a city that did not join in the organization of a district but is geographically located within the district may, with the consent of the district as evidenced by a resolution adopted by a majority of the members of the Board of Trustees of the district, join the district.

(b) A county or city desiring to join an existing district shall signify its desire by resolution adopted after a public hearing thereon, notice of which hearing shall be given in the manner and at the time provided in G.S. 160A-663. Such notice shall contain a brief statement of the substance of said resolution and shall state the time and place of the public hearing.

(c) A certified copy of each resolution signifying the desire of a county or city to join an existing district, together with proof of publication of the notice of hearing on the resolution, and a certified copy of the resolution of the Board of Trustees of the district consenting to the joining shall be filed with the Secretary of State. If the Secretary of State finds that the resolutions conform to the provisions of this Article and that the notices of hearing were properly published, the Secretary of State shall file such resolutions and proofs of publication in the office of the Secretary of State, shall issue a certificate of joinder, and shall record the certificate in the appropriate book of record. The issuance of the certificate shall be conclusive evidence of the joinder of the county or city to the district. (1997-426, s. 2.)

§ 160A-673. Bonds and notes authorized.

The district may issue revenue bonds and revenue bond anticipation notes pursuant to the provisions of the State and Local Government Revenue Bond Act, Article 5 of Chapter 159 of the General Statutes, and Article 9 of Chapter 159 for the purposes provided in this Article. If and to the extent any provisions of Articles 5 and 9 of Chapter 159 are inconsistent with the provisions of this Article, the provisions of this Article shall be controlling. A district may proceed with the issuance of bonds and notes under Articles 5 and 9 of Chapter 159 notwithstanding that, to the extent of any inconsistency only, the district complies with the provisions of this Article and not the provisions of Articles 5 and 9 of Chapter 159. (1997-426, s. 2.)

§ 160A-674. Acquisition, power of eminent domain.

(a) The district shall have continuing power to acquire, by gift, grant, devise, bequest, exchange, purchase, lease with or without option to purchase, or any other lawful method including, but not limited to, the power of eminent domain, the fee or any lesser interest in real or personal property for use by the district.

(b) Exercise of the power of eminent domain by the district shall be as a private condemnor in accordance with Chapter 40A of the General Statutes. Notwithstanding Chapter 40A of the General Statutes, before final judgment may be entered in any action of condemnation initiated by the district, the district shall furnish proof that the board of commissioners of the county where the land is located has consented by resolution or ordinance to the taking. (1997-426, s. 2.)

§ 160A-675. Tax exemption.

A district, and its property, bonds and notes, and income, are exempt from property taxes and income taxes to the same extent as if it were a city. A district is subject to gross receipts tax under G.S. 105-116. (1997-426, s. 2.)

§ 160A-676. Authority to fix and enforce rates.

(a) A district may establish and revise from time to time schedules of rents, rates, fees, charges, and penalties made applicable throughout the district for the gas services. Schedules of rents, rates, fees, charges, or penalties may vary according to classes of service. Before it establishes or revises a schedule of rents, rates, fees, charges, or penalties, the district Board of Trustees shall hold a public hearing on the matter. A notice of the hearing shall be given at least once in a newspaper having general circulation in the area, not less than seven days before the public hearing.

(b) A district may collect delinquent accounts by any remedy provided by law for collecting and enforcing private debts. A district may also discontinue service to any customer whose account remains delinquent for more than 30 days. When service is discontinued for delinquency, it shall be unlawful for any person other than a duly authorized agent or employee of the district to do any act that results in a resumption of services. If a delinquent customer is not the owner of the premises to which the services are delivered, the payment of the delinquent account may not be required before providing services at the request of a new and different tenant or occupant of the premises, but this restriction shall not apply when the premises are occupied by two or more tenants whose services are measured by the same meter.

(c) Rents, rates, fees, charges, and penalties for services shall be legal obligations of the person contracting for them and shall in no case be a lien upon the property or premises served.

(d) Rents, rates, fees, charges, and penalties for services shall be legal obligations of the owner of the premises served when the property or premises are leased or rented to more than one tenant and services rendered to more than one tenant are measured by the same meter. (1997-426, s. 2.)

Defining Urban Service Districts.

§ 160B-3. Authority; purpose; administration.

(a) The governing board may define any number of urban service districts in order to finance, provide or maintain for the districts services, facilities and functions in addition to or to a greater extent than those financed, provided, or maintained for the entire consolidated city-county.

(b) The powers, duties, functions, rights, privileges, and immunities of an urban service district shall be exercised or administered by the governing board of the consolidated city-county. Any revenues, distributions, or other funds due an urban service district shall be paid to the governing board of the consolidated city-county. (1973, c. 537, s. 1; 1995 (Reg. Sess., 1996), c. 646, ss. 22(a), 22(b).)

Editor's Note. — Subsection (b) of this section was formerly subsection (c) of G.S. 160B-4. It was recodified as subsection (b) of this section by Session Laws 1995 (Reg. Sess., 1996), c. 646, s. 22.

§ 160B-4. Definition of urban service districts to replace municipalities abolished at the time of consolidation.

(a) The governing board, by resolution, may define an urban service district within the boundaries of the largest municipality that existed in the county before consolidation and within the boundaries of any other municipality abolished at the time of the establishment of the consolidated city-county. Notwithstanding the provisions of G.S. 160B-7, the resolution may also define an urban service district to include areas proposed for inclusion in an urban service district and identified in a plan for consolidation prepared by a consolidation study commission pursuant to Article 20 of Chapter 153A of the General Statutes or a plan approved by the General Assembly. Any urban service district so defined shall comprise the total area of the abolished municipality as it existed immediately before the effective date of consolidation. As determined by the governing board, the resolution shall take effect as to the areas included therein either upon its adoption or at the beginning of a fiscal year commencing after its passage.

(b) Prior to the effective date of consolidation, an interim governing board of a consolidated city-county by resolution may define an urban service district. The resolution defining the urban service district shall take effect upon the effective date of the consolidation.

(c) Recodified as § 160B-3(b) by Session Laws 1995 (Reg. Sess., 1996), c. 646, s. 22(a). (1973, c. 537, s. 1; 1995, c. 461, s. 2; 1995 (Reg. Sess., 1996), c. 646, s. 22(a).)

§ 160B-5. Definition of urban service districts to replace municipalities abolished subsequent to consolidation.

The governing board, by resolution, may define an urban service district within the boundaries of any municipality within the consolidated city-county the citizens of which, subsequent to the establishment of the consolidated city-county, have voted in a referendum to abolish their municipality and consolidate its powers, duties, rights, privileges and immunities with those of the consolidated city-county. An urban service district so defined shall comprise the total area of the municipality as it existed immediately before the effective date of its abolition. The resolution shall take effect at the beginning of the fiscal year next occurring after its adoption. (1973, c. 537, s. 1.)

§ 160B-6. Definition of urban service districts where no municipality existed.

The report shall be available in the office of the clerk of the consolidated city-county for at least two weeks prior to the date of the public hearing.

(c) Hearing and Notice. — The governing board shall hold a public hearing prior to adoption of any resolution defining a new urban service district. Notice of the hearing shall state the date, hour and place of the hearing and its subject, and shall include a statement that the report required by subsection (b) is available for inspection in the office of the clerk of the consolidated city-county. The notice shall be published in a newspaper of general circulation in the county at least once and not less than one week prior to the date of the hearing. In addition it shall be mailed at least four weeks prior to the date of the hearing to the owners as shown by the tax records of the consolidated city-county of all property located within the proposed district. The person designated by the governing board to mail the notice shall certify to the governing board that the mailing has been completed and his certificate shall be conclusive in the absence of fraud. The hearing may be held within the proposed district.

(d) Effective Date. — The resolution defining an urban service district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the governing board. (1973, c. 537, s. 1.)

§ 160B-7. Extension of urban service districts.

(a) Standards. — The governing board, by resolution, may extend by annexation the boundaries of any urban service district upon finding that:

- (1) The area to be annexed is contiguous to the district, with at least one eighth of the area's aggregate external boundary coincident with the existing boundary of the district;
- (2) The area to be annexed has a resident population density of at least one person per acre and an assessed valuation of at least one thousand dollars (\$1,000) per resident person; or the area to be annexed is so developed that at least sixty per cent (60%) of the total number of lots and tracts in the area at the time of annexation are used for residential, commercial, industrial, institutional or governmental purposes and at least sixty percent (60%) of the total acreage of the area at the time of annexation is devoted to these uses; and
- (3) The area to be annexed requires the services, facilities or functions that are provided for the contiguous urban service district.

(b) Annexation by Petition. — The governing board also, by resolution, may extend by annexation the boundaries of any urban service district when one hundred percent (100%) of the real property owners of the area to be annexed have petitioned the governing board for annexation to the service district.

(c) Report. — Prior to the public hearing required by subsection (d), the consolidated city-county shall prepare a report containing:

- (1) A map of the urban service district and the adjacent territory, showing the present and proposed boundaries of the district;
- (2) A statement showing that the area to be annexed meets the standards of subsection (a) or comes before the governing board by petition as provided by subsection (b); and
- (3) A plan for extending urban services, facilities and functions to the area to be annexed.

The report shall be available in the office of the clerk of the consolidated city-county for at least two weeks prior to the date for the public hearing.

(d) Hearing and Notice. — The governing board shall hold a public hearing prior to adoption of any resolution extending the boundaries of an urban service district. Notice of the hearing shall state the date, hour and place of the hearing and its subject, and shall include a statement that the report required by subsection (c) is available for inspection in the office of the clerk of the consolidated city-county. Notice shall be published in a newspaper of general circulation in the county at least once and not less than one week prior to the date of the hearing. In addition notice shall be mailed at least four weeks prior to the date of the hearing to the owners as shown by the tax records of the consolidated city-county of all property located within the area to be annexed. The person designated by the governing board to mail the notice shall certify to the governing board that the mailing has been completed, and his certificate shall be conclusive in the absence of fraud.

(d1) Alternative Notice. — Notwithstanding the provisions of subsection (d) of this section, first-class mail notice shall not be required where a plan for consolidation prepared by a consolidation study committee pursuant to Article 20 of Chapter 153A of the General Statutes or a plan approved by the General Assembly proposed to include the area under consideration for annexation within an urban service district.

(e) Effective Date. — The resolution extending the boundaries of the district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the governing board.

(f) A consolidated city-county may not utilize the procedures of this section to annex to an urban service district territory within the boundaries of an active incorporated municipality. (1973, c. 537, s. 1; 1995, c. 461, s. 3.)

§ 160B-8. Consolidation of urban service districts.

(a) Standards. — The governing board, by resolution, may consolidate two or more urban service districts upon finding that:

- (1) The districts are contiguous or are in a continuous boundary; and
- (2) The provision or maintenance of urban services, facilities and functions for each of the districts is substantially the same; or
- (3) If the provision or maintenance of urban services, facilities and functions is lower for one of the districts, there is a need to increase those services, facilities and functions for that district. However, no urban service district providing electric or telephone services may be consolidated with any other urban service district unless the voters of the district providing these utility services approve the consolidation in a referendum held for that purpose. Any consolidated city-county may hold these referendums.

(b) Report. — Prior to the public hearing required by subsection (c), the consolidated city-county shall prepare a report containing:

- (1) A map of the districts to be consolidated;
- (2) A statement showing the proposed consolidation meets the standards of subsection (a); and
- (3) If necessary, a plan for increasing the urban services, facilities and functions for one of the districts so that they are substantially the same throughout the consolidated district.

The report shall be available in the office of the clerk of the consolidated city-county for at least two weeks prior to the date of the public hearing.

(c) Hearing and Notice. — The governing board shall hold a public hearing prior to adoption of any resolution consolidating urban service districts. Notice of the hearing shall state the date, hour and place of the hearing and its subject, and shall include a statement that the report required by subsection (b) is available for inspection in the office of the clerk of the consolidated city-county. Notice shall be published in a newspaper of general circulation in the county at least once and not less than two weeks prior to the date of the hearing. In addition, if the services, facilities and functions for one of the districts will be substantially increased as a result of the consolidation, notice shall be mailed at least four weeks prior to the date of the hearing to the owners as shown by the tax records of the consolidated city-county of all property located within the district. The person designated by the governing board to mail the notice shall certify to the governing board that the mailing has been completed and his certificate shall be conclusive in the absence of fraud.

(d) Effective Date. — The consolidation of urban service districts shall take effect at the beginning of a fiscal year commencing after passage of the resolution of consolidation, as determined by the governing board. (1973, c. 537, s. 1.)

§ 160B-9. Required provision or maintenance of services, facilities and functions.

(a) New District. — When a consolidated city-county defines a new urban service district, it shall provide or maintain the services, facilities and functions for which the residents of the district are being taxed within a reasonable time, not to exceed one year, after the effective date of the definition of the district.

(b) Extended District. — When a consolidated city-county annexes territory to an urban service district, it shall provide or maintain the services, facilities and functions provided or maintained throughout the district to the residents

of the area annexed to the district within a reasonable time not to exceed one year, after the effective date of the annexation.

(c) Consolidated District. — When a consolidated city-county consolidates two or more urban service districts, one of which has provided or maintained a lower level of urban services, it shall increase the services, facilities and functions within that district to a level comparable to those provided or maintained elsewhere in the consolidated district within a reasonable time, not to exceed one year, after the effective date of the consolidation. (1973, c. 537, s. 1.)

§ 160B-10. Abolition of urban service districts.

Upon finding that there is no longer a need for a particular urban service district, the governing board, by resolution, may abolish that district. The governing board shall hold a public hearing prior to adoption of a resolution abolishing a district. Notice of the hearing shall state the date, hour and place of the hearing, and its subject, and shall be published in a newspaper of general circulation in the county at least once a week for two successive weeks prior to the date of the hearing. The abolition of any urban service district shall take effect at the end of a fiscal year following passage of the resolution, as determined by the governing board. (1973, c. 537, s. 1.)

ARTICLE 3.

Levy of Taxes in Urban Service Districts.

§ 160B-11. Taxes authorized; limits.

A consolidated city-county may levy the following taxes within defined urban service districts in addition to those levied throughout the county, in order to finance, provide or maintain for the districts services, facilities and functions in addition to or to a greater extent than those financed, provided or maintained for the entire county.

- (1) Property Taxes. — A consolidated city-county may levy within any urban service district a tax on property at a rate not to exceed one dollar and fifty cents (\$1.50) on the one hundred dollars (\$100.00) of appraised valuation. This rate limitation does not apply to property taxes levied (i) for debt service on general obligation bonds of the consolidated city-county, (ii) for the support of the public schools or (iii) for any purpose approved by a special vote of the people.

§ 160B-13. Authority to borrow money and issue bonds.

A consolidated city-county may borrow money and issue its bonds under Chapter 159, Subchapter IV, and for those purposes shall be considered a unit of local government under Article 4 thereof and a municipality under Article 5 thereof. A consolidated city-county may borrow money and issue its bonds for any purpose for which either a city or a county may do so. (1973, c. 537, s. 1.)

§ 160B-14. Procedure for issuing general obligation and revenue bonds.

In issuing its general obligation and revenue bonds, a consolidated city-county, except as expressly modified by this chapter, is subject to the provisions of Chapter 159 of the General Statutes of North Carolina.

(a) This Article applies to any county that has (i) a population over 120,000 according to the most recent federal decennial census and (ii) an area of less than 200 square miles.

(b) If this section is declared unconstitutional or invalid by the courts, it does not affect the validity of the Article as a whole or any part other than the part so declared to be unconstitutional or invalid. (1995, c. 461, s. 4.)

Part 2. Assumption of Obligations and Debt.**§ 160B-17. Organizational meeting; preparation of budget.**

The governing board of a consolidated city-county shall have its first organizational meeting as provided in the charter or applicable local acts of the

General Assembly, but not later than the first business day following the effective date of the consolidation. Unless otherwise provided in the charter or applicable local acts, the organizational meeting shall be held at 12:00 noon at the regular meeting place of the previous board of county commissioners. Prior to the effective date of consolidation, any interim governing board designated or appointed in the charter or applicable local acts may meet to discuss business and take action as appropriate, including preparation of a proposed budget for the next ensuing fiscal year. In addition, any such interim governing board may take any action which is specifically authorized by this Chapter to be taken by an interim governing board. Meetings of any interim governing board during this period are subject to all applicable notice and meeting procedures required by general law. (1995, c. 461, s. 4.)

§ 160B-18. Referendum approval of certain debt assumption required for consolidation; effective date of consolidation.

(a) Referendum Approval of Certain Debt Assumption Required for Consolidation. — For the consolidation of a city with a county to be effective in accordance with the provisions hereof, the assumption by the consolidated city-county of all debt secured by a pledge of faith and credit of said city outstanding at the effective date of consolidation must have been approved by referendum (which referendum approval may occur at different times for different portions of said debt).

(b) Effective Date of Consolidation. — Subject to the requirement of referendum approval of certain debt assumption for consolidation as provided by subsection (a) of this section, the consolidation of a city with a county shall be effective upon the later of:

(1) Sixty days following publication of notice of the enactment of the consolidation by the General Assembly;

(2) Sixty days following publication of the statement of result of the latest referendum relating to the consolidation or to the assumption of debt secured by a pledge of faith and credit in connection with the consolidation; or

(3) Any effective date of the consolidation set by the General Assembly.

In addition, upon adoption of concurrent resolutions by the governing board of each unit to be consolidated, or by the interim governing board of the consolidated city-county, the effective date may be delayed further, but no later than July 1 of the next calendar year.

(c) Limitation of Local Acts. — No special, private, or local act, including any enactment of a consolidation of a city with a county, enacted after July 1, 1995, may be construed to modify, amend, or repeal any portion of this section unless it expressly so provides by specific reference to this section. (1995, c. 461, s. 4.)

§ 160B-19. Referendum on consolidation and on assumption of certain debt secured by a pledge of faith and credit; right to issue certain authorized but unissued debt secured by a pledge of faith and credit.

(a) In connection with a city-county consolidation, if there exists at the effective date of the consolidation (i) any outstanding debt secured by a pledge of faith and credit of a consolidating city or (ii) the right to issue any authorized but unissued debt of said city that is to be secured by a pledge of faith and credit and is proposed to be assumed by the consolidated city-county, then

there shall have been held a favorable referendum on the question of the assumption of that debt secured by a pledge of faith and credit and, if applicable, there shall have been held a referendum on the assumption of the right to issue that authorized but unissued debt secured by a pledge of faith and credit.

(b) The referendum on the question of the assumption of debt secured by a pledge of faith and credit or, if applicable, the assumption of the right to issue authorized but unissued debt secured by a pledge of faith and credit may be included in the proposition submitted to the voters in a referendum called by a consolidation study commission under G.S. 153A-405.

(c) If the General Assembly provided for a referendum on the question of consolidation instead of a referendum called by a consolidation study commission under G.S. 153A-405, the governing bodies of the units proposed to be consolidated, by resolution, may add to the ballot proposition the assumption of debt secured by a pledge of faith and credit question and, if applicable, the assumption of the right to issue authorized but unissued debt secured by a pledge of faith and credit question. In either event, the proposition shall be substantially as provided in G.S. 153A-405.

(d) If the city-county consolidation is authorized by the General Assembly without a referendum or if there otherwise has not been a referendum on the question of the assumption of any debt secured by a pledge of faith and credit or, if applicable, the question of the assumption of the right to issue any authorized but unissued faith and credit debt, then the governing bodies of the units proposed to be consolidated, by resolution, may provide for a referendum on said questions. In addition, any interim governing board for the consolidated city-county, by resolution, also may provide for such a referendum. The proposition submitted to the voters shall be substantially in the following form (and may include part or all of the bracketed language as appropriate and any other modifications as may be needed to reflect the issued debt secured by a pledge of faith and credit of any of the consolidating units or the portion of the authorized but unissued debt secured by a pledge of faith and credit of any of the consolidating units, the right to issue which is proposed to be assumed by the consolidated city-county):

"Shall, in connection with the consolidation of the City of _____ with the County of _____, the consolidated unit assume the debt of each secured by a pledge of faith and credit, [the right to issue authorized but unissued debt to be secured by a pledge of faith and credit [(including any such debt as may be authorized for said city or county on the date of this referendum)] and any of said authorized but unissued debt as may be hereafter issued,] and be authorized to levy taxes in an amount sufficient to pay the principal of and the interest on said debt secured by a pledge of faith and credit?
☐ YES ☐ NO"

(e) To be approved the proposition must receive the votes of a majority of those voting in the referendum. In connection with the proposed consolidation of one or more cities with a county, if the assumption by the consolidated city-county of outstanding debt secured by a pledge of faith and credit of the consolidating city and, if applicable, the right to issue authorized but unissued debt secured by a pledge of faith and credit of the consolidating city was approved by the votes of a majority of those voting in the referendum, the vote on that referendum shall constitute the approval by a majority of the qualified voters who vote thereon as required by Article V, Section 4(2) of the Constitution of North Carolina.

(f) Any such referendum on the question of consolidation or the assumption of debt secured by a pledge of faith and credit or the right to issue authorized

but unissued debt secured by a pledge of faith and credit may be held on the same day as any other referendum or election in the county involved, but may not otherwise be held during the period beginning 30 days before and ending 30 days after the day of any other referendum or election to be conducted by the board of elections conducting the referendum and already validly called or scheduled by law.

(g) A notice of a referendum on consolidation or on the assumption of debt secured by a pledge of faith and credit or, if applicable, the right to issue authorized but unissued debt secured by a pledge of faith and credit shall be published at least twice in a newspaper of general circulation in the county. The first publication shall be not less than 14 days and the second publication not less than seven days before the last day on which voters may register for the referendum. The notice shall state the date of the referendum, a statement as to the last date for registration for the referendum under the election laws then in effect, and substantially the text of the proposition to be voted upon. The notice shall be published by the governing bodies of the units proposed to be consolidated or, if applicable, the interim governing board of the consolidated city-county by their respective clerks or by such other person as shall be designated by each applicable governing body or board.

(h) The board of elections shall canvass any referendum on consolidation and any referendum on the assumption of debt secured by a pledge of faith and credit or, if applicable, the right to issue authorized but unissued debt secured by a pledge of faith and credit and shall certify the results to the governing bodies of the units proposed to be consolidated or, if applicable, the interim governing board of the consolidated city-county which shall then certify and declare the result of the referendum and shall publish a statement of the result once in a newspaper of general circulation in the county, with the following statement appended:

“Any action or proceeding challenging the regularity or validity of this referendum must be begun within 30 days after the date of publication of this statement of result.”

(i) Any action or proceeding in any court to set aside a referendum on consolidation or a referendum on assumption of debt secured by a pledge of faith and credit or, if applicable, the right to issue authorized but unissued debt secured by a pledge of faith and credit in connection with consolidation, or to obtain any other relief, upon the grounds that the referendum is invalid or was irregularly conducted, must be begun within 30 days after the publication of the statement of the result of the referendum. After the expiration of this period of limitation, no right of action or defense based upon the invalidity of or any irregularity in the referendum shall be asserted, nor shall the validity of the referendum be open to question in any court upon any ground whatever, except in an action or proceeding begun within the period of limitation prescribed in this section. (1995, c. 461, s. 4.)

§ 160B-20. Local Government Commission review of assumption of debt secured by a pledge of faith and credit; assumption of debt secured by a pledge of faith and credit and right to issue authorized but unissued debt secured by a pledge of faith and credit upon consolidation.

(a) Review by Local Government Commission. — At the date specified in the following sentence if any consolidating city or county has outstanding any debt secured by a pledge of faith and credit or, if applicable, any authorized but unissued debt secured by a pledge of faith and credit which is proposed to be

assumed by the consolidated city-county or has outstanding or pending approval any debt secured by a pledge of faith and credit the issuance of which was or is subject to approval by the Local Government Commission, then the assumption of any such debt and, if applicable, the assumption of the right to issue such authorized but unissued debt, if any, shall be subject to review by the Local Government Commission. The finance officers of the units proposed to be consolidated shall use their best efforts to notify the secretary of the Local Government Commission of the proposed consolidation and assumption of debt secured by a pledge of faith and credit or, if applicable, the right to issue authorized but unissued debt secured by a pledge of faith and credit at least two months before the introduction in the General Assembly of legislation proposing to enact the consolidation into law, provided that time allows. The Local Government Commission, to such extent it deems appropriate, may conduct a review of the proposed consolidation and assumption of debt secured by a pledge of faith and credit or, if applicable, the right to issue authorized but unissued debt secured by a pledge of faith and credit and may report the results of its review to the presiding officer of each house of the General Assembly to be provided to the respective committees to which the legislation to enact the consolidation shall be referred.

In addition, any debt secured by a pledge of faith and credit of the county at the effective date of the consolidation shall become a binding obligation of the consolidated city-county and the faith and credit of the consolidated city-county is pledged to secure any such debt.

(c) Right to Issue Authorized but Unissued Debt Secured by a Pledge of Faith and Credit. — Subject to the passage of a referendum relating to the assumption by the consolidated city-county of the right to issue any authorized but unissued debt of the consolidating city to be secured by a pledge of faith and credit that is proposed to be assumed by the consolidated city-county, upon enactment of the consolidation by the General Assembly and effective upon the effective date of the consolidation as provided in G.S. 160B-18(b), the right to issue the authorized but unissued debt secured by a pledge of faith and credit of the consolidating city at the effective date of the consolidation is assumed by, and upon issuance such obligations become binding obligations of, the consolidated city-county, and, upon issuance, the faith and credit of the consolidated city-county is pledged to secure any such debt secured by a pledge of faith and credit. In addition, the right to issue the authorized but unissued debt secured by a pledge of faith and credit of the county at the effective date of the consolidation shall be vested in the consolidated city-county and, upon issuance, such debt secured by a pledge of faith and credit becomes a binding obligation of the consolidated city-county and, upon issuance, the faith and credit of the consolidated city-county is pledged to secure any such debt. (1995, c. 461, s. 4; 1995 (Reg. Sess., 1996), c. 742, s. 40.)

§ 160B-21. Notice of enactment of consolidation; limitation of actions.

(a) Publication of Notice of Enactment. — Following ratification of an act of the General Assembly authorizing consolidation, there shall be published once in a newspaper of general circulation in the county a notice of said enactment and, if applicable, the fact that in connection with said enactment there is an assumption by the consolidated city-county of the debt secured by a pledge of faith and credit of the consolidating city and, if applicable, assumption of the right to issue authorized but unissued debt secured by a pledge of faith and credit of the consolidating city and that there is also binding on the consolidated city-county the debt secured by a pledge of faith and credit of the county and, if applicable, there is vested in the consolidated city-county the right to issue authorized but unissued debt secured by a pledge of faith and credit of the county with the following statement appended:

The notice shall be published by the governing bodies of the units proposed to be consolidated or, if applicable, the interim governing board of the consolidated city-county by their respective clerks or by such other persons as shall be designated by each applicable governing body or board.

(b) Limitation on Action Contesting Validity of Enactment of Consolidation. — Any action or proceeding in any court to set aside enactment of a city-county consolidation by the General Assembly, or to obtain any other relief, upon the grounds that the enactment is invalid or was irregularly enacted, must be begun within 30 days after the publication of the notice of the enactment. After the expiration of this period of limitation, no right of action or defense based upon the invalidity of the enactment or any irregularity in the enactment shall be asserted, nor shall the validity of the enactment be open to question in any court upon any grounds whatever, except in an action or proceeding begun within the period of limitation prescribed in this section. Appointment of Successor When Office Declared Vacant. — The county commissioners may appoint a successor to the office of register of deeds where they have declared the

office vacant by reason of the incumbent's failure to give a sufficient bond. State ex rel. Cole v. Patterson, 97 N.C. 360, 2 S.E. 262 (1887).

To this end, all relevant sections of the General Statutes of North Carolina not specifically amended by sections 1 through 33 of this act are hereby amended to the same effect."

The references to G.S. 10B-31, G.S. 10B-118, and G.S. 10B-10, in subdivisions (a)(12) and (a)(17), were originally G.S. 10B-20, G.S. 10B-48, and G.S. 10B-9, respectively. They have been changed at the direction of the Revisor of Statutes.

Session Laws 2005-391, s. 12, provides: "This act shall not affect any civil or criminal litigation pending on the effective date of this act. Any act committed prior to the effective date of this act which violated any provision of the statutes repealed or amended by this act shall be subject to enforcement, prosecution, conviction, and punishment as if this act had not been enacted. Any claim arising under any provisions of the statutes repealed or amended by this act prior to the effective date of this act shall remain valid as if this act had not been enacted."

Session Laws 2005-123, s. 9.1, as added by Session Laws 2006-226, s. 28, provides: "The

Revisor of Statutes shall cause to be printed at the appropriate locations in the General Statutes all relevant portions of the official comments to the Uniform Residential Mortgage

Satisfaction Act and all explanatory comments of the drafters of this act as the Revisor deems appropriate."

ARTICLE 2.

The Duties.

§§ 161-12, 161-13: Repealed by Session Laws 1973, c. 1027.

§ 161-14. Registration of instruments.

(a) After the register of deeds has determined that all statutory and locally adopted prerequisites for recording have been met, the register of deeds shall immediately register all written instruments presented to him for registration. When an instrument is presented for registration, the register of deeds shall endorse upon it the day and hour on which it was presented. This endorsement forms a part of the registration of the instrument. All instruments shall be registered in the precise order in which they were presented for registration. Immediately after endorsing the day and hour of presentation upon an instrument, the register of deeds shall index and cross-index it in its proper sequence. The register of deeds shall then proceed to register it on the day that it is presented unless a temporary index has been established.

The register of deeds may establish a temporary index in which all instruments presented for registration shall be indexed until they are registered and entered in the permanent indexes. A temporary index shall operate in all respects as the permanent index. All instruments presented for registration shall be registered and indexed and cross-indexed on the permanent indexes not later than 30 days after the date of presentation.

(b) All instruments, except instruments conforming to the provisions of G.S. 25-9-521, presented for registration on paper shall meet all of the following requirements:

- (1) Be eight and one-half inches by eleven inches or eight and one-half inches by fourteen inches.

- (2) Have a blank margin of three inches at the top of the first page and blank margins of one-half inches on the remaining sides of the first page and on all sides of subsequent pages.
- (3) Be typed or printed in black on white paper in a legible font. A font size no smaller than 10 points shall be considered legible. Blanks in an instrument may be completed in pen and corrections to an instrument may be made in pen.
- (4) Have text typed or printed on one side of a page only.
- (5) State the type of instrument at the top of the first page.

If an instrument does not meet these requirements, the register of deeds shall register the instrument after collecting the fee for nonstandard documents as required by G.S. 161-10(a)(19) in addition to all other applicable recording fees. However, if an instrument fails to meet the requirements because it contains print in a font size smaller than 10 points, the register of deeds may register the instrument without collecting the fee for nonstandard documents if, in the discretion of the register of deeds, the instrument is legible.

(c) Transportation corridor official maps authorized under Article 2E of Chapter 136 shall be registered and indexed by the end of the third business day after the business day the map is presented to the register of deeds.

(d) For the purposes of this section, the term "instrument" means all of the following for which a fee is collected under G.S. 161-10(a):

- (1) Instruments in General.
- (2) Deeds of Trust, Mortgages, and Cancellation of Deeds of Trust and Mortgages.
- (3) Uniform Commercial Code filings.
- (4) Torrens Registrations.
- (5) Master Forms. (R.C., c. 37, s. 23; 1868, c. 35, s. 9; Code, s. 3654; Rev., s. 2658; C.S., s. 3553; 1921, c. 114; 1971, c. 657; 1998-184, s. 5; 2001-390, s. 5; 2001-464, ss. 2, 3; 2002-159, s. 53.)

Editor's Note. — This section was rewritten by Session Laws 2001-390, s. 5, effective July 1, 2002, with respect to instruments executed on or after that date.

Session Laws 2001-464, s. 3, provides that the amendment to this section by s. 2, which added "Except as provided in G.S. 161.21" at the beginning of subsection (a), is repealed July 1, 2002.

CASE NOTES

This section means a registration which is complete and perfect, so that it may serve all the purposes of the law in protecting the rights of parties directly interested, and truly give notice to the public. *State ex rel. Kivett v. Young*, 106 N.C. 567, 10 S.E. 1019 (1890).

Failure to Register as Breach of Bond. — Failure of the register of deeds to register written instruments properly presented is a breach of the bond required by G.S. 161-4. *Bank of Spruce Pine v. McKinney*, 209 N.C. 668, 184 S.E. 506 (1935).

Filing Has Effect of Registration. — The filing for registration is in law registration; all

rights and liabilities accrue from the date of filing and do not depend upon the greater or lesser diligence of the register in performing his duty. *Glanton v. Jacobs*, 117 N.C. 427, 23 S.E. 335 (1895).

Delivery at Proper Office Prerequisite to Valid Filing. — It is required for a valid filing of a mortgage that it be delivered at the official office of the register of deeds, and where such a paper is delivered to the register outside of his office it is ineffectual until he returns and makes the proper entry. *McHan v. Dorsey*, 173 N.C. 694, 92 S.E. 598 (1917).

Time of Delivery to Proper Officer De-

terminative. — Where the filing of a paper in the office of the register of deeds is necessary to the title to lands, the time thereof will be considered as that at which the paper was delivered to and received by the proper officers; and while the file mark of the officer is evidence as to the time, it is not essential under the North Carolina statutes. *Carolina-Tennessee Power Co. v. Hiawasse River Power Co.*, 175 N.C. 668, 96 S.E. 99 (1918), appeal dismissed, 252 U.S. 341, 40 S. Ct. 330, 64 L. Ed. 601 (1920).

And Register's Endorsement Is Not Essential. — The endorsement required to be made by register of deeds on mortgages and deeds in trust on the day on which such deeds are presented to him for registration, is not essential to registration; and when made is not conclusive evidence, but only *prima facie* evidence, of the facts therein recited. *Cunninggim v. Peterson*, 109 N.C. 33, 13 S.E. 714 (1891).

But Fees Must Be Timely Paid. — Where a deed was handed to the register for registration, but he refused to register it until his fees were paid several months later, at which time he made an endorsement that it was filed on the day first presented, followed by an explanatory endorsement reciting the facts, it was held that the register was not compelled to register the deed before his fees were paid, and that the facts did not constitute a filing for registration on the day when the deed was first presented to the register. *Cunninggim v. Peterson*, 109 N.C. 33, 13 S.E. 714 (1891).

Indexing and Cross-Indexing Essential. — The indexing and cross-indexing of deeds or other instruments in writing filed with a register of deeds for registration, as required by this section, is essential to their proper registration. *Bank of Spruce Pine v. McKinney*, 209 N.C. 668, 184 S.E. 506 (1935); *Johnson Cotton Co. v. Hobgood*, 243 N.C. 227, 90 S.E.2d 541 (1955).

The indexing of the deeds in the office of the register thereof is an essential part of the registration; and where the grantor's name has been omitted from the book, a subsequent grantee of the same lands from the same grantor acquires the title from him. *Fowle & Son v. O'Ham*, 176 N.C. 12, 96 S.E. 639 (1918). See also, *Dorman v. Goodman*, 213 N.C. 406, 196 S.E. 352 (1938), commented on in 19 N.C.L. Rev. 77 (1941).

Certificates of Registration as Prima Facie Evidence. — The certificates of registration made by registers of deeds are *prima facie*

evidence of the facts therein recited. *Sellers v. Sellers*, 98 N.C. 13, 3 S.E. 917 (1887).

Sufficiency of Acknowledgment. — A certificate by the clerk of the superior court that the officers of the corporation who signed the deed "acknowledged the due execution of the annexed instrument for the purpose therein set forth" was sufficient to warrant the registration of the deed. *Heath, Springs & Co. v. Big Falls Cotton Mills*, 115 N.C. 202, 20 S.E. 369 (1894).

Effect of Clerical Mistake. — A registry of a mortgage is not void because of a clerical mistake made by the register in transcribing, which does not affect the sense and provision as to the amount secured, description of property, etc., or obscure the meaning of the instrument. *Royster v. Lane*, 118 N.C. 156, 24 S.E. 796 (1896).

Omission of Signatures. — The registration of a deed showing the probate, including the separate examination of the wife, and the order of registration, and the names of the grantors, but omitting a copy of their signatures at the end of the instrument is sufficient notice under this section. *Smith v. Ayden Lumber Co.*, 144 N.C. 47, 56 S.E. 555 (1907).

Omission of Corporate Seal. — The failure of the register of deeds to copy the seal of the corporation on his books, or make an imitation copy thereon, does not render the conveyance of the lands invalid where the recitals in the deed signify that the seal was in fact attached, it appears upon the original, and the books show the name of the corporation appearing in brackets therein at its proper location. *Heath, Springs & Co. v. Big Falls Cotton Mills*, 115 N.C. 202, 20 S.E. 369 (1894); *Lockville Power Corp. v. Carolina Power & Light Co.*, 168 N.C. 219, 84 S.E. 398 (1915).

Omission of Great Seal of State. — The fact that it does not appear of record that a scroll or imitation of the great seal of the State was copied thereon does not invalidate the registry of a grant. The recital in the body of the grant, as recorded, of the affixing of the seal is sufficient evidence of its regularity. *Broadwell v. Morgan*, 142 N.C. 475, 55 S.E. 340 (1906).

Correction of Omission or Error. — Where the register has committed an error or omission in the recordation of an instrument he has the power to correct such error. *Brown v. Hutchinson*, 155 N.C. 205, 71 S.E. 302 (1911).

§ 161-14.01. Registration of instruments for business and other purposes.

(a) The register of deeds is hereby authorized to record and file documents relating to persons, partnerships, and corporations for business and other purposes, including but not limited to certificates of partnerships, assumed

business names, incorporations, dissolutions, or amendments thereto, in a consolidated book or record, including books or records used for the filing of deeds, deeds of trust, leases, and similar documents. It is the intent of this section that the register of deeds may file and record some or all of the above instruments and documents and those of a similar nature in one book or record or in a series of books or records consolidated for recording purposes; provided, said instruments and documents shall be indexed as required by law.

(b) All other laws providing for the filing of documents provided for herein shall not be applicable to the county upon adoption by the register of deeds of a consolidated recording and filing system as authorized herein. (1973, c. 1013, ss. 1, 2.)

§ 161-14.1. Recording subsequent entries as separate instruments.

(a) As used in this section, the following terms mean:

- (1) Original instrument. — The previously recorded instrument that is modified, amended, supplemented, assigned, satisfied, terminated, revoked, or cancelled by a subsequent instrument.
- (2) Recording data. — The book and page number or document number that indicates where an instrument is recorded in the office of the register of deeds.
- (3) Subsequent instrument. — Any instrument presented for registration that indicates in its title or within the first two pages of its text that it is intended or purports to modify, amend, supplement, assign, satisfy, terminate, revoke, or cancel a previously registered instrument. Examples of subsequent instruments include the appointment or designation of a substitute trustee in a deed of trust; an affidavit extending the life of a deed of trust; the cancellation of a Notice of Inactive Hazardous Substance or Waste Disposal Site registered pursuant to G.S. 130A-310.8(f); a record of satisfaction or other instrument purporting to satisfy a security instrument registered pursuant to G.S. 45-37 or G.S. 45-37.2; a notice of foreclosure registered pursuant to G.S. 45-38; an assignment of a security instrument or lease; a modification agreement; a release or partial release of property from the lien of a security instrument; an assumption agreement; a subordination agreement; an instrument terminating future optional advances registered pursuant to G.S. 45-72; the revocation of a power of attorney; any instrument authorized or directed by law to be indexed under the provisions of this section; and any instrument for which the register of deeds is authorized or directed by law to make a subsequent entry upon the margin of the record of an original instrument.

(b) The register of deeds shall register each subsequent instrument as a separate instrument and do all of the following:

- (1) Index the parties to the subsequent instrument.
- (2) If the subsequent instrument names one or more of the original parties to the original instrument, index the original parties to the original instrument as they are named in the subsequent instrument.
- (3) If the subsequent instrument states the recording data for the original instrument, reference the recording data of the original instrument as that recording data is stated in the subsequent instrument to each name so indexed.

(c) The register of deeds shall not be required to (i) read or examine any page of an instrument, other than the first two pages, to determine whether it is a subsequent instrument within the meaning of this section, or (ii) verify or

make inquiry concerning the accuracy, sufficiency, or completeness of information about an original instrument contained in any subsequent instrument. The register of deeds is expressly authorized to rely solely on the information contained in the subsequent instrument, including, but not limited to, the names of the original parties to the original instrument and the recording data for the original instrument. (1963, c. 1021, s. 3; 1991, c. 114, s. 1; 2005-123, s. 8.)

Editor's Note. — Session Laws 2005-123, s. 9.1, as added by Session Laws 2006-226, s. 28, provides: "The Revisor of Statutes shall cause to be printed at the appropriate locations in the General Statutes all relevant portions of the

official comments to the Uniform Residential Mortgage Satisfaction Act and all explanatory comments of the drafters of this act as the Revisor deems appropriate."

§ 161-14.2. Indexing procedures for instruments and documents filed in the office of the register of deeds.

The following procedure shall be used in making index entries:

- (1) When each word of the signature is legible and it gives the complete name of the party, the signature shall govern.
- (2) When the signature is legible but initials or abbreviations are used, any additional information given by the printed or typed name and not in conflict with the signature shall govern.
- (3) When none of the words in the signature are legible, the printed or typed name shall govern.
- (4) When one or more of the words in the signature are legible, then the words that are legible shall govern; the words that appear in the printed or typed name shall govern over the words of the signature that are not legible.
- (5) When the spelling of any word in a legible signature and the spelling of the corresponding word in the typed or printed name is at variance, and the variance would cause the entries to be made at different places in the index, then the instrument shall be indexed under both spellings.
- (6) When a reasonable interpretation of an illegible word in a signature is at variance with the corresponding word in a typed or printed name, and the variance would cause the entries to be made at different places in the index, then the instrument shall be indexed in both places. (1969, c. 694, s. 1.)

CASE NOTES

Registration outside the chain of title has the same effect on notice as no registration. *Schuman v. Roger Baker & Assoc's*, 70 N.C. App. 313, 319 S.E.2d 308 (1984).

§ 161-15. Certify and register copies.

When a deed, mortgage, or other conveyance conveying real estate situate in two or more counties is presented for registration duly probated and a copy thereof is presented with the same, the register shall compare the copy with the original, and if it be a true copy thereof he shall certify the same, and thereupon the register shall endorse the original deed or conveyance as duly registered in his county, designating the book in which the same is registered, and deliver the original deed to the party entitled thereto and register the

same from the certified copy thereof to be retained by him for that purpose. (1899, c. 302; Rev., s. 2657; C.S., s. 3554.)

§ 161-16. Liability for failure to register.

In case of his failure to register any deed or other instrument within the time and in the manner required by G.S. 161-15, the register shall be liable, in an action on his official bond, to the party injured by such delay. (1868, c. 35, s. 10; Code, s. 3660; Rev., s. 2659; C.S., s. 3555.)

Local Modification. — Caswell: 1977, c. 391.

CASE NOTES

Failure to Register or Index as Breach of Bond. — The failure of the register of deeds to register instruments properly presented or his failure to properly index and cross-index them is a breach of his statutory bond, for which, under this section, he and the surety on his bond are liable to the person injured. *Bank of Spruce Pine v. McKinney*, 209 N.C. 668, 184 S.E. 506 (1936).

A register is liable for wrongly recording the amount of a mortgage to a person injured thereby. *State ex rel. Kivett v. Young*, 106 N.C. 567, 10 S.E. 1019 (1890).

As to abatement of action by death, see *Wallace v. McPherson*, 139 N.C. 297, 51 S.E. 897 (1905).

§ 161-17. Papers filed alphabetically.

The register shall keep in files alphabetically labeled all original instruments delivered to him for registration, and on application for such originals by any person entitled to their custody, he shall deliver the same. (1868, c. 35, s. 11; Code, s. 3661; Rev., s. 2660; C.S., s. 3556.)

§ 161-18. Transcribe and index books.

The board of county commissioners, when they deem it necessary, may direct the register of deeds to transcribe and index such of the books in the register's office as from decay or other cause may require to be transcribed and indexed. They may allow him such compensation at the expense of the county for this work as they think just. The books when so transcribed and approved by the board shall be public records as the original books, and copies therefrom may be certified accordingly. (1868, c. 35, s. 12; Code, s. 3662; Rev., s. 2661; C.S., s. 3557.)

§ 161-19. Number of survey in grants registered.

The register of deeds in each county in this State, when grants have been registered without the number of tract or survey, shall place in the registration of the grants the number of the tract or survey, when the same shall be furnished him by the grantee or other person; and in registering any grant he shall register the number of the tract or survey. (1889, c. 522, s. 2; Rev., s. 2662; C.S., s. 3558.)

§ 161-20. Certificate of survey registered.

It shall be the duty of the register of deeds in each county, when any grant is presented for registration with a certificate of survey attached, to register such certificate of survey, together with all endorsements thereon, together

with said grant, and a record of any certificate of survey so made shall be read in evidence in any action or proceeding: Provided, the failure to register such certificate of survey shall not invalidate the registration of the grant. (1905, c. 243; Rev., s. 2663; C.S., s. 3559.)

§ 161-21. General index kept.

The board of county commissioners, at the expense of the county, shall cause to be made and consolidated into one book a general index of all the deeds and other documents in the register's office. The board of county commissioners shall also have the authority to install the modern "Family" index system and wherever the "Family" index system is in use, no instruments shall be lawfully recorded until indexed and cross-indexed under the appropriate family name and the appropriate alphabetical subdivision of said family name, according to the particular system in use. (1868, c. 35, s. 13; Code, s. 3663; Rev., s. 2664; C.S., s. 3560; 1929, c. 327, s. 1; 1987, c. 620, s. 5.)

§ 161-22. Index of registered instruments.

(a) The register of deeds shall provide and keep in her or his office full and complete alphabetical indexes of the names of the parties to all liens, grants, deeds, mortgages, bonds, and other instruments required or authorized to be registered, and such indexes shall state in full the names of all parties, whether grantors, grantees, vendors, vendees, obligors, or obligees. The full names of parties shall be entered in the indexes in accordance with the minimum indexing standards adopted pursuant to G.S. 147-54.3(b) and (b1). Reference shall be made, opposite each name, to the book and page or other location where the instrument is registered. All instruments shall be indexed on either the temporary or permanent index within 24 hours of registration. The register of deeds shall not be required to index an instrument that is part of a document containing multiple instruments, as defined in G.S. 161-10(a)(1), unless the title of that instrument is shown on the first page of the document and the additional registration fee is paid as required by G.S. 161-10(a)(1).

(b) In offices using the "Family" index system, the index entry shall show the name of each party under the appropriate family name and the initials of the party under the appropriate alphabetical arrangement of the index. In offices using indexing systems having subdivisions of the letters of the alphabet, a registered instrument shall be deemed properly registered only when it has been indexed under the correct subdivision of the appropriate letter of the alphabet.

(c) Instruments affecting real property shall be indexed in the appropriate real property indexes, and instruments affecting personal property shall be indexed in the appropriate personal property indexes. Instruments affecting both real and personal property shall be indexed in both the real and personal property indexes.

(d) Deeds of trust may be indexed in the names of the grantor and beneficiary only.

(e) Certificates filed for recording pursuant to G.S. 59-2, the Uniform Limited Partnership Act, shall be indexed only under the names of the partnership and each of the general partners. The register of deeds shall cause

a statement to be affixed or printed on the index page of the book or books in which limited partnership agreements are filed that such documents are indexed only in the names of the partnership and of each of the general partners.

(f) The alphabetical indexes required by this section may be maintained in index books, on index cards, on film, or in computers or other automated data-processing machines. If the index is maintained in a computer or other automated data processing machine, the register of deeds shall, at least once each month, obtain from the computer or other automated data-processing machine a printed copy on paper or film, or a tape or disk, of all index entries made since the previous printed or filmed copy, or tape or disk, was obtained. These printed or filmed copies, tapes or disks, shall be retained as security copies and may not be altered or destroyed until a subsequent security copy is made containing the index entries from all previous security copies.

(g) The register of deeds may adopt rules establishing indexing procedures and the format of the indexes. The rules shall be in conformity with the requirements of this section and of other applicable statutes. The rules may address such subjects, by way of example and not limitation, as the indexing of business firms, the indexing of names containing numerals, and the indexing of government agencies. The rules shall be posted in at least two prominent places in the register of deeds' office and shall also be placed near the index books or in user manuals in offices using automated indexing systems. From and after the effective date of such rules, a registered instrument shall be deemed properly registered only when it has been indexed according to the rules.

(h) No instrument shall be deemed registered until it has been indexed as provided in this section.

(i) A violation of this section shall constitute a Class 1 misdemeanor. (1876-7, c. 93, s. 1; Code, s. 3664; 1899, c. 501; Rev., ss. 2665, 3600; C.S., s. 3561; 1929, c. 327, s. 2; 1967, c. 443, 1262; 1973, c. 1136, ss. 1, 2; 1983, c. 127; c. 699, ss. 1, 3; 1989, c. 523, s. 2; 1993, c. 178, ss. 1, 2, 4, 5; c. 539, s. 1096; 1994, Ex. Editor's Note. — Section 59-2, referred to in subsection (e) of this section, was repealed by Session Laws 1985 (Reg. Sess., 1986), c. 989, s. 2, effective October 1, 1986. For the Revised Uniform Limited Partnership Act, see G.S. 59-101 et seq.

Session Laws 1993, c. 178, which amended

this section, in s. 6 provides: "Index entries made pursuant to G.S. 161-22 prior to the effective date of Sections 1 and 2 of this act that omitted symbols, spaces, commas, hyphens, periods, dashes, or similar punctuation, or that omitted the word 'The' when it was the first word in the name of the party, or that placed the word 'The' at the end of the index entry rather than at the beginning when it was the first word in the name of a party, are hereby declared sufficient and valid."

Session Laws 2005-123, s. 9.1, as added by Session Laws 2006-226, s. 28, provides: "The Revisor of Statutes shall cause to be printed at the appropriate locations in the General Statutes all relevant portions of the official comments to the Uniform Residential Mortgage Satisfaction Act and all explanatory comments of the drafters of this act as the Revisor deems appropriate."

CASE NOTES

Editor's Note. — Most of the cases below were decided under this section as it read prior

to being rewritten in 1983.

The provisions of this section are man-

datory. *Woodley v. Gregory*, 205 N.C. 280, 171 S.E. 65 (1933); *Cuthrell v. Camden County*, 254 N.C. 181, 118 S.E.2d 601 (1961).

And Strict Compliance Is Required. — In its interpretation of the recording statutes, the Supreme Court of this State has insisted on strict compliance. *McKnight v. M. & J. Fin. Corp.*, 247 F.2d 112 (4th Cir. 1957).

Section 7A-109 Distinguished. — Section 7A-109 does not require the cross-indexing of liens filed in the clerk's office and is not to be confused with the requirements for registering liens, deeds, etc., in the office of the register of deeds as provided by this section, which does require cross-indexing. *Saunders v. Woodhouse*, 243 N.C. 608, 91 S.E.2d 701 (1956).

Indexing and Cross-Indexing Essential to Proper Registration. — The indexing and cross-indexing of deeds or other instruments in writing filed with a register of deeds for registration, as required by G.S. 161-14, is essential to their proper registration. *Bank of Spruce Pine v. McKinney*, 209 N.C. 668, 184 S.E. 506 (1935); *Johnson Cotton Co. v. Hobgood*, 243 N.C. 227, 90 S.E.2d 541 (1955).

The indexing of the deeds in the office of the register thereof is an essential part of the registration; and where the grantor's name has been omitted from the book, a subsequent grantee of the same lands from the same grantor acquires the title from him. *Fowle & Son v. O'Ham*, 176 N.C. 12, 96 S.E. 639 (1918). See also, *Dorman v. Goodman*, 213 N.C. 406, 196 S.E. 352 (1938), commented on in 19 N.C.L. Rev. 77 (1941).

Indexing of chattel mortgages is an essential part of their registration. *Whitehurst v. Garrett*, 196 N.C. 154, 144 S.E. 835 (1928).

Priority of Second Mortgage Where First Mortgage Not Indexed. — A mortgage duly filed for registration and spread upon the registry, but not indexed or cross-indexed as required by this section, is not superior to the lien of a duly registered "second mortgage" on the same property. *Story v. Slade*, 199 N.C. 596, 155 S.E. 256 (1930).

Priority of Properly Indexed Chattel Mortgage Over General Mortgage. — Under this section and G.S. 161-21, a duly recorded chattel mortgage which was indexed and cross-indexed in the general chattel mortgage index had priority over a mortgage covering the same personal property and also certain real estate which was previously executed and recorded and indexed in the general real estate mortgage index, but subsequently indexed and cross-indexed in the general chattel mortgage index. *Pruitt v. Parker*, 201 N.C. 696, 161 S.E. 212 (1931).

Recorded deed of trust dated August 5, 1982, did not have priority over warranty deed recorded on May 5, 1983, where it was not indexed until after plaintiff's deed was duly

registered. The priority of instruments affecting an interest in real property which are required to be recorded is established by the priority of their registration, and an instrument is not deemed registered until it has been properly indexed. *Badger v. Benfield*, 78 N.C. App. 427, 337 S.E.2d 596 (1985), cert. denied, 316 N.C. 374, 342 S.E.2d 890 (1986).

Effect of Filing at Same Instant of Time.

— Where a purchase-money mortgage and another mortgage given to secure cash payment for land were filed for registration at the same instant of time, neither mortgage had priority over the other, but both constituted a first lien on the land; the fact that one necessarily appeared before the other on the index of the day's transactions did not alter this result, since the record failed to show that the mortgages were not indexed at the same time. *Hood v. Landreth*, 207 N.C. 621, 178 S.E. 222 (1935).

There is no law requiring that cross-index show capacity in which the grantor acted in the making or execution of a deed. *Tocci v. Nowfall*, 220 N.C. 550, 18 S.E.2d 225 (1942).

Recording and indexing a mortgage executed by one not the owner of the property mentioned therein will not give constructive notice binding upon third parties dealing with the true owner. It is, at least as to third parties, as though no mortgage had been made. *McKnight v. M. & J. Fin. Corp.*, 247 F.2d 112 (4th Cir. 1957).

Effect of Failure to Index Mortgage in Name of Wife. — The proper indexing of a mortgage upon lands is an essential part of its registration, and where the husband and wife make a mortgage on her lands which is only indexed by the register of deeds in the name of the husband, it is not good as against a subsequent purchaser for value by deed from the husband and wife that had been properly indexed and registered. *Heaton v. Heaton*, 196 N.C. 475, 146 S.E. 146 (1929).

Index of Mortgage on Land Held by Entireties under "J.H. and Wife". — Where the husband and wife mortgage their lands held by the entireties and the mortgage was indexed and cross-indexed under "J.H. and wife," the name of the wife not appearing on the index although it appeared on the mortgage deed, the index was sufficient to put a reasonable man upon inquiry which would have disclosed the facts, and upon the husband's death and the wife's remarriage, a mortgage given by the wife and her second husband was subject to the first mortgage; the subsequent mortgagee was charged with notice thereof, and could not restrain the first mortgagee from foreclosing his mortgage on the ground of insufficient indexing, although the name of the wife should have appeared on the index. *West v. Jackson*, 198 N.C. 693, 153 S.E. 257 (1930).

Indexing and cross-indexing deed of trust given by tenant and remainderman in name of life tenant only followed by the words "et al.," was not a sufficient compliance with this section, and where another deed of trust was subsequently executed on the same lands which was registered, indexed and cross-indexed in compliance with this section, the purchaser under foreclosure of the second deed of trust acquired title free from the lien of the improperly indexed prior deed of trust. *Woodley v. Gregory*, 205 N.C. 280, 171 S.E. 65 (1933), distinguishing. *Prudential Ins. Co. v. Forbes*, 203 N.C. 252, 165 S.E. 699 (1932), in which the lien was indexed under "S.T. et ux."

Indexing of Chattel Mortgage Held Sufficient. — A proper index of chattel mortgages kept for years in the books wherein the instruments were registered was a substantial compliance with this section and G.S. 161-21, where the record of the instrument could have been found with an ordinary search such as a man of ordinary prudence would have made. *Whitehurst v. Garrett*, 196 N.C. 154, 144 S.E. 835 (1928).

Where a chattel mortgage was duly transcribed upon the records in the office of the register of deeds in the chattel mortgage book and an erroneous book and page were given opposite the name of the grantor in the direct index and opposite the name of the grantee in the cross-index, but within two days of the time the chattel mortgage was transcribed on the records the cross-index was corrected, such indexing constituted a sufficient compliance with this section. *Johnson Cotton Co. v. Hobgood*, 243 N.C. 227, 90 S.E.2d 541 (1955).

Failure to Index as Breach of Bond. — Failure of the register of deeds to properly index and cross-index registered instruments is

a breach of the bond required by G.S. 161-4. *Bank of Spruce Pine v. McKinney*, 209 N.C. 668, 184 S.E. 506 (1935).

Liability on Bond for Failure to Index. — The failure of a register of deeds to properly index the registry of a mortgage renders him liable on his official bond to one injured by such neglect. *State ex rel. Daniel v. Grizzard*, 117 N.C. 105, 23 S.E. 93 (1895). See *Watkins v. Simonds*, 202 N.C. 746, 164 S.E. 363 (1932).

Where Failure Is Proximate Cause of Injury. — While the register of deeds and the surety on his official bond are liable for his failure to index and cross-index instruments, such liability does not arise to the individual claiming damages therefor unless the default of the register in these particulars has been the proximate cause of injury to the claimant, and liability will not be imputed to the register of deeds when the negligence of the claimant or his agent has caused or concurred in causing the injury. *State ex rel. Bryant Mfg. Co. v. Hester*, 177 N.C. 609, 98 S.E. 721 (1919), overruling *Davis v. Whitaker*, 114 N.C. 279, 19 S.E. 699 (1894). See also *Ely v. Norman*, 175 N.C. 294, 95 S.E. 543 (1918); *Fowle & Son v. O'Ham*, 176 N.C. 12, 96 S.E. 639 (1918).

A register of deeds will not be held liable for failure to properly index an instrument unless the default of the register of deeds was the proximate cause of pecuniary injury to the claimant. *Badger v. Benfield*, 78 N.C. App. 427, 337 S.E.2d 596 (1985), cert. denied, 316 N.C. 374, 342 S.E.2d 890 (1986).

Liability will not be imposed on the register of deeds if claimant's negligence caused or concurred in causing the injury. *Badger v. Benfield*, 78 N.C. App. 427, 337 S.E.2d 596 (1985), cert. denied, 316 N.C. 374, 342 S.E.2d 890 (1986).

§ 161-22.1. Index and cross-index of immediate prior owners of land.

Whenever, any deed or other instrument conveying real property by a trustee, mortgagee, commissioner, or other officer appointed by the court, or by the sheriff under execution, is filed with the register of deeds for the purpose of being recorded, it shall be the duty of the register of deeds to index and cross-index as grantors the names of all persons recited in said instrument to be the persons whose interest in such real estate is being conveyed or from whom the title of such real estate was acquired by the grantor in such instrument. (1947, c. 211, ss. 1, 2; 1969, c. 80, s. 5.)

§ 161-22.2. Parcel identifier number indexes.

(a) In lieu of the alphabetical indexes required by G.S. 161-21, 161-22 and 161-22.1, the register of deeds of any county in which unique parcel identifier numbers have been assigned to all parcels of real property may install an index by land parcel identifier numbers. For each instrument filed of record, the entry in a land parcel identifier number index must contain the following information:

- (1) The parcel identifier number of the parcel or parcels affected;
- (2) A brief description of the parcel or parcels, including subdivision block and lot number, if any;
- (3) A description of the type of instrument recorded and the date the instrument was filed;
- (4) The names of the parties to the instrument to the same extent as required by G.S. 161-22 and the legal status of the parties indexed;
- (5) The book and page number, or film reel and frame number, or other file number where the instrument is recorded.

(b) Every instrument affecting real property filed for recording in the office of such register of deeds shall be indexed under the parcel identifier number of the land parcel or parcels affected.

(c) The parcel identifier number index may be maintained in index books, on index cards, on film, or in computers or other automated data-processing machines. If the parcel identifier number index is maintained in a computer or other automated data-processing machine, the register of deeds shall, at least once each month, obtain from the computer or other data-processing machine a printed copy on paper or film of all index entries made since the previous printed copy was obtained. The printed copies shall be retained as security copies and shall not be altered or destroyed.

(d) Before a register of deeds may install a parcel identifier number index in lieu of the alphabetical indexes required by G.S. 161-22, the proposed index must be approved by the Secretary of State. Before approving a parcel identifier number index, the Secretary must find that:

- (1) The requirements of this section, G.S. 161-22, and all other applicable indexing requirements of the North Carolina General Statutes and applicable judicial decisions will be met by the index;
- (2) Measures for the protection of the indexed information are such that computer or other machine failure will not cause an irremediable loss of the information;
- (3) Printed forms and index sheets used in the index permit a display of all information required by law and are otherwise adequate;
- (4) Any computer or other data-processing machine used and the program for the use of such machines are adequate to perform the tasks assigned to them;
- (5) Access to the information contained in the index can be obtained by the use of both a parcel identifier number and the name of any party to an instrument filed of record;
- (6) Any parcel identifier number either reflects the State plane coordinates of some point in the parcel, or is keyed to a map of the parcel that shows the location of the parcel within the county;
- (7) The parcel identifier numbering system is designed so that no parcel will be assigned the same number as any other parcel within the county;
- (8) The parcel identifier numbering system shows for parcels of land created by subdivision, the number of the parcel of land subdivided in addition to the numbers of the newly-created parcels;
- (9) The parcel identifier numbering system shows for parcels of land created by the combining of separate parcels, the numbers of the land parcels that were combined in addition to the number of the newly-created parcel;
- (10) The parcel identifier numbering system is capable of identifying condominium units and other separate legal interests that may be created in a single parcel of land;
- (11) The parcel identifier numbering system will meet the needs of the users as well as or better than the alphabetical indexes required by G.S. 161-21, 161-22 and 161-22.1.

The Secretary may require a register of deeds seeking approval of a parcel identifier number index to furnish him with any information concerning the index that is pertinent to the findings required for approval.

- (e)(1) An approved parcel identifier number index shall become effective as the official real property index of the county as of the first day of July or the first day of January, as the board of commissioners directs, following approval by the Secretary of State.
- (2) In any county in which a parcel identifier index is the official index, the register of deeds shall post notices in the alphabetical index books and at other appropriate places in his office stating that the parcel identifier number index is the official index and the date when the change became effective. (1977, c. 589; 1979, c. 700, s. 2; 1983, c. 49; 1985, c. 757, s. 161(a), (b); 1989, c. 727, s. 218(163); 1989 (Reg. Sess., 1990), c. 1004, s. 19(b); 1997-443, s. 11A.119(a); 1999-119, s. 3.)

this act that omitted symbols, spaces, commas, hyphens, periods, dashes, or similar punctuation, or that omitted the word 'The' when it was the first word in the name of the party, or that placed the word 'The' at the end of the index entry rather than at the beginning when it was the first word in the name of a party, are hereby declared sufficient and valid."

(b) The North Carolina Department of State Treasurer shall administer the provisions of this Article.

(c) The provisions of this Article shall be subject to future legislative change or revision, and no person is deemed to have acquired any vested right to a pension payment provided by this Article. (1987, c. 792, s. 1.)

§ 161-50.2. Assets.

(a) On and after October 1, 1987, each County Commission shall remit monthly to the Department of State Treasurer an amount equal to one and one-half percent (1.5%) of the monthly receipts collected pursuant to Article 1 of Chapter 161 of the General Statutes, to be deposited to the credit of the Registers of Deeds' Supplemental Pension Fund, hereinafter referred to as the Fund, to be used in making monthly pension payments to eligible retired registers of deeds under the provisions of this Article and to pay the cost of administering the provisions of this Article.

(b) The State Treasurer shall be the custodian of the Registers of Deeds' Supplemental Pension Fund and shall invest its assets in accordance with the provisions of G.S. 147-69.2 and G.S. 147-69.3. (1987, c. 792, s. 1; 2007-245, s. 1.)

Effect of Amendments. — Session Laws 2007-245, s. 1, effective July 1, 2007, substituted "one and one-half percent (1.5%)" for "four and one half percent (4.5%)" near the beginning of subsection (a).

§ 161-50.3. Disbursements.

(a) Immediately following July 1, 1988, the Department of State Treasurer shall divide an amount equal to forty-five percent (45%) of the assets of the Fund at the end of the preceding fiscal year into equal shares and disburse the same as monthly pension payments to all eligible retired registers of deeds as of July 1, 1988, payable in accordance with the method described in G.S. 161-50.5, except that such pension benefit shall be computed for a six-months basis beginning with the month of July, 1988.

(b) Immediately following January 1, 1996, and the first of January of each succeeding calendar year thereafter, the Department of State Treasurer shall divide an amount equal to ninety-three percent (93%) of the assets of the Fund at the end of the preceding calendar year into equal shares and disburse the same as monthly payments in accordance with the provisions of this Article.

(c) The remaining seven percent (7%) of the Fund's assets as of December 31, 1995, and at the end of each calendar year thereafter, may be used by the Department of State Treasurer in administering the provisions of this Article.

§ 161-50.4. Eligibility.

(a) Each county register of deeds who has retired with at least 12 years eligible service as register of deeds from the Local Governmental Employees' Retirement System or an equivalent locally sponsored plan before June 30, 1988, and those who retire on or after June 30, 1988, but before July 1, 1991, and who have completed at least 12 years of eligible service as register of deeds is entitled to receive a monthly pension under this Article, beginning July 1, 1988. (b) Each eligible retired register of deeds as defined in subsection (a), (a1), or (a2) of this section relating to service and retirement status shall be entitled to receive a monthly pension under this Article beginning with the month of retirement. year” following “status” and substituted “retirement” for “January of the same calendar year” at the end.

(a) An eligible retired register of deeds shall be entitled to receive an annual pension benefit, payable in equal monthly installments, equal to one share for each full year of eligible service as register of deeds multiplied by his total number of years of eligible service. In no event, however, shall a monthly pension under this Article exceed seventy-five percent (75%) of a register of deed's equivalent annual salary immediately preceding retirement computed on the latest monthly rate, including any and all supplements, to a maximum amount of one thousand five hundred dollars (\$1,500).

(a1) A register of deeds eligible under G.S. 161-50.4(a2) shall be entitled to receive an annual pension benefit, payable in equal monthly installments as determined under the provisions of subsection (a) of this section, but reduced by an amount equal to the benefit that would be payable from the Local Governmental Employees' Retirement System if the register of deeds had been a member of the Local Governmental Employees' Retirement System and all of the years of local service were creditable to that System.

(b) All monthly pensions payable under this Article shall be paid on the same business day of each month that benefits are paid from the Local Governmental Employees' Retirement System.

(c) Monthly pensions payable under this Article shall cease at the death of the pensioner and no payment will be made to any beneficiaries or to the decedent's estate.

(d) Monthly pensions payable under this Article will cease upon the full-time reemployment of a pensioner with an employer participating in the Local Governmental Employees' Retirement System for as long as the pensioner is so reemployed.

(e) Repealed by Session Laws 1989, c. 792, s. 2.11, effective for taxable years beginning on or after January 1, 1989.

(f) Nothing contained in this Article shall preclude or in any way affect the benefits that a pensioner may be entitled to from any state, federal or private pension, retirement or other deferred compensation plan. (1987, c. 792, s. 1; 1989, c. 792, s. 2.11; 1991, c. 50, s. 1; c. 443, s. 2; 1998-147, s. 2; 2007-245, s. 3.)

CASE NOTES

A sheriff is no longer considered to have a vested right in his office, nor is his tenure considered to be based upon a contract with the State. *Mial v. Ellington*, 134 N.C. 131, 46 S.E. 961 (1903), overruling *Hoke v. Henderson*, 15 N.C. 1 (1833) and all cases following it in holding a public office to be private property.

Effect of Constitutional Amendment on Term of Office. — The term of office of sheriffs-elect begins on the first Monday in December next ensuing their election, and the constitutional amendment changing the term of office of sheriffs from two to four years, approved by the voters in the election of 1938, being in effect on the first Monday in December, the date of the beginning of the term of the sheriffs elected in that election, their term of office was four years in accordance with the amendment then in effect. *Freeman v. Cook*, 217 N.C. 63, 6 S.E.2d 894 (1940).

Proceedings in Nature of Quo Warranto. — An action by the Attorney General in the name of the people of the State, and of the

person who claims the office of sheriff, is the proper mode of proceeding against the person who is alleged to be usurping it, to try the question as to which of the parties is entitled to the office. *Loftin v. Sowers*, 65 N.C. 251 (1871).

Sheriffs Not Entitled to Eleventh Amendment Immunity. — The Eleventh Amendment of the U.S. Constitution does not bar a suit against a sheriff in his official capacity, because state law treats sheriffs as local officials. *Harter v. Vernon*, 101 F.3d 334 (4th Cir. 1996), cert. denied, 521 U.S. 1120, 117 S. Ct. 2511, 138 L. Ed. 2d 1014 (1997).

§ 162-2. Disqualifications for the office.

No person shall be eligible for the office of sheriff who is not of the age of 21 years, or has not resided in the county in which he is chosen for one year immediately preceding his election. No person shall engage in the practice of law or serve as a member of the General Assembly while serving as sheriff. (1777, c. 118, ss. 2, 4, P.R.; 1806, c. 699, s. 2, P.R.; 1829, c. 5, s. 6; 1830, c. 25, ss. 2, 3; R.C., c. 105, ss. 5, 6, 7; Code, ss. 2067, 2068, 2069; Rev., s. 2809; C.S., s. 3926; 1971, c. 1231, s. 1; 1983, c. 670, s. 1.)

CASE NOTES

Full Settlement of Public Funds Required of Incumbent. — A person, although elected by the qualified voters of a county to the office of sheriff, would not be eligible for said office, if he, having been theretofore sheriff of said county, had failed to settle with, and fully pay up to, every officer the taxes which were due from him. *Lenoir County v. Taylor*, 190 N.C. 336, 130 S.E. 25 (1925).

Incumbent to Produce Receipts. — A former sheriff must exhibit to the board of commissioners the receipts in full of the proper officers, for all public funds which he received,

or ought to have received during his preceding official term, before he will be permitted to reenter upon a new term. *Colvard v. Board of Comm'rs*, 95 N.C. 515 (1886); *Lenoir County v. Taylor*, 190 N.C. 336, 130 S.E. 25 (1925).

The fact that incumbent was able, ready and willing at the time of tendering his bond, to make settlement and payment of any liability on account of funds so received, does not dispense with the requirement that he shall produce receipts in full. *Colvard v. Board of Comm'rs*, 95 N.C. 515 (1886).

Requirement to Produce Receipts Con-

stitutional. — The requirement that a sheriff-elect who has theretofore been sheriff produce his tax receipts is not unconstitutional. State ex rel. Lee v. Dunn, 73 N.C. 595 (1875).

§ 162-3. Sheriff may resign.

Every sheriff may vacate his office by resigning the same to the board of county commissioners of his county; and thereupon the board may proceed to elect another sheriff. (1777, c. 118, s. 1, P.R.; 1808, c. 752, P.R.; R.C., c. 105, s. 15; Code, s. 2077; Rev., s. 2810; C.S., s. 3927.)

§ 162-4: Repealed by Session Laws 1979, c. 518.

§ 162-5. Vacancy filled; duties performed by coroner or chief deputy.

If any vacancy occurs in the office of sheriff, the coroner of the county shall execute all process directed to the sheriff until the first meeting of the county commissioners next succeeding such vacancy, when the board shall elect a sheriff to supply the vacancy for the residue of the term, who shall possess the same qualifications, enter into the same bond, and be subject to removal, as the sheriff regularly elected. If the board should fail to fill such vacancy, the coroner shall continue to discharge the duties of sheriff until it shall be filled.

In those counties where the office of coroner has been abolished, the chief deputy sheriff, or if there is no chief deputy, then the senior deputy in years of service, shall perform all the duties of the sheriff until the county commissioners appoint some person to fill the unexpired term. In all counties the regular deputy sheriffs shall, during the interim of the vacancy, continue to perform their duties with full authority. CASE NOTES

Appointment by Commissioners for Unexpired Term Only. — In case of a vacancy in the sheriff's office, it is within the power of the board of county commissioners to appoint for the unexpired term only. People ex rel. Worley v. Smith, 81 N.C. 304 (1879).

Appointment by Commissioners Where Sheriff-Elect Fails to Qualify. — Where a sheriff-elect failed to qualify as sheriff for the

term to which he had been elected, it became the duty of the board of commissioners forthwith to elect some suitable person in the county as sheriff for the unexpired term. Lenoir County v. Taylor, 190 N.C. 336, 130 S.E. 25 (1925).

As Where Incumbent Is in Arrears on Reelection. — It is the duty of the county commissioners to declare the sheriff's office

vacant, and appoint someone for the unexpired term, whenever the incumbent thereof is found to be, on reelection, in arrears in his settlement of the public taxes. *People ex rel. McNeill v. Green*, 75 N.C. 329 (1876).

Commissioners' Appointee Held Entitled to Office. — Where S was appointed sheriff in 1875, to fill a vacancy, and held the office until May, 1877, and in November, 1876, an election was held, and upon the result of certain legal proceedings in May, 1877, M was declared to be elected sheriff, but M failed to give bond, and the county commissioners declared a vacancy and appointed B to fill the same, it was held that S had no right to hold over until the next popular election, but that B was entitled to the office, having been elected by the commissioners. *State ex rel. Sneed v. Bullock*, 80 N.C. 132 (1879).

Upon the insanity of the sheriff, his right to exercise the office ceases and the agency of his deputies is terminated, and his committal to a hospital for the insane and the appointment of a guardian for him are certainly at least prima facie evidence of such insanity. *Somers v. Board of Comm'rs*, 123 N.C. 582, 31 S.E. 873 (1898).

Collection of Taxes When Sheriff Be-

comes Insane. — Upon the prima facie ascertainment of the insanity of the sheriff, or by inquisition of lunacy, the commissioners may declare the office vacant, under this section, but their failure to do so merely authorizes the coroner to perform the duties of sheriff proper, until such declaration, and does not cast upon him the right to collect the taxes, which goes to the sheriff's bondsmen for the current list, and after that devolves upon a tax collector chosen by the county commissioners. *Somers v. Board of Comm'rs*, 123 N.C. 582, 31 S.E. 873 (1898). See also, *Greer v. City of Asheville*, 114 N.C. 678, 19 S.E. 635 (1894).

Upon the declaration of insanity, the sureties of the sheriff have no more rights than would have gone to them upon his death to collect the tax list then in his hands, and the commissioners are vested with the power of electing a tax collector for the ensuing year, unless and until the sheriff should be restored to reason. *Somers v. Board of Comm'rs*, 123 N.C. 582, 31 S.E. 873 (1898). See also, *Perry v. Campbell*, 63 N.C. 257 (1869); *McNeill v. Sommers*, 96 N.C. 467, 2 S.E. 161 (1887).

§ 162-5.1. Vacancy filled in certain counties; duties performed by coroner or chief deputy.

If any vacancy occurs in the office of sheriff, the coroner of the county shall execute all process directed to the sheriff until the board shall elect a sheriff to supply the vacancy for the residue of the term, who shall possess the same qualifications, enter into the same bond, and be subject to removal, as the sheriff regularly elected. If the sheriff were reelected as a nominee of a political party, the board of commissioners shall consult the county executive committee of that political party before filling the vacancy, and shall elect the person recommended by the county executive committee of that party, if the party makes a recommendation within 30 days of the occurrence of the vacancy. If the board should fail to fill such vacancy, the coroner shall continue to discharge the duties of sheriff until it shall be filled.

In those counties where the office of coroner has been abolished, the chief deputy sheriff, or if there is no chief deputy, then the senior deputy in years of service, shall perform all the duties of the sheriff until the county commissioners appoint some person to fill the unexpired term. In all counties the regular deputy sheriffs shall, during the interim of the vacancy, continue to perform their duties with full authority.

This section shall apply only in the following counties: Alamance, Alexander, Alleghany, Avery, Beaufort, Brunswick, Buncombe, Burke, Cabarrus, Caldwell, Carteret, Cherokee, Clay, Cleveland, Davidson, Davie, Edgecombe, Forsyth, Gaston, Graham, Guilford, Haywood, Henderson, Hyde, Jackson, Lincoln, Madison, McDowell, Mecklenburg, Moore, New Hanover, Onslow, Pender, Polk, Randolph, Richmond, Rockingham, Rutherford, Sampson, Stanly, Stokes, Surry, Transylvania, Wake, and Yancey. ARTICLE 2.

Sheriff's Bond.

§ 162-8. Bond required.

The sheriff shall furnish a bond payable to the State of North Carolina for the due execution and return of process, the payment of fees and moneys collected, and the faithful execution of his office as sheriff, which shall be conditioned as follows:

The condition of the above obligation is such that, whereas the above bounden _____ is elected and appointed sheriff of _____ County; if therefore, he shall well and truly execute and due return make of all process and precepts to him directed, and pay and satisfy all fees and sums of money by him received or levied by virtue of any process into the proper office into which the same, by the tenor thereof, ought to be paid, or to the person to whom the same shall be due, his executors, administrators, attorneys, or agents; and in all other things well and truly and faithfully execute the said office of sheriff during his continuance therein, then above obligation to be void; otherwise to remain in full force and effect.

The amount of the bond shall be determined by the board of county commissioners, but shall not exceed twenty-five thousand dollars (\$25,000). (1777, c. 118, s. 1, P.R.; 1823, c. 1223, P.R.; R.C., c. 105, s. 13; 1879, c. 109; Code, s. 2073; 1895, c. 270, ss. 1, 2; 1899, c. 54, s. 52; c. 207, s. 2; 1903, c. 12; Rev., s. 298; C.S., s. 3930; 1943, c. 543; 1983, c. 670, s. 4.)

CASE NOTES

- I. In General.
- II. Liability on Bonds.

I. IN GENERAL.

Editor's Note. — *Most of the cases below were decided under this section as it read prior to amendment by Session Laws 1983, c. 670, s. 4, under which the sheriff was to execute two bonds.*

No Right of Commissioners to Refuse Bonds. — When a sheriff-elect has fulfilled all the statutory requirements as to the execution of bonds, the county commissioners may not refuse said bonds and deprive the rightful holder of his office. *Sikes v. Commissioners of Bladen County*, 72 N.C. 34 (1875).

Where a bond made payable to the State was given by a sheriff for the discharge of public duties, but was not taken in the manner or by the persons designated by law to take it, it would nevertheless be good as a voluntary bond; being for the benefit of the State, the State would be presumed to have accepted it when it was delivered to third person for its benefit. *State ex rel. Davis v. McAlpin*, 26 N.C. 140 (1843).

Ceremony and Registration Not Essential. — The ceremony of acknowledgment in open court, and registration, are not essential to the validity of a sheriff's bond. *State ex rel. McLean v. Buchanan*, 53 N.C. 444 (1862).

Bond Held Valid as Voluntary Bond. — Where a bond made payable to the State was given by a sheriff for the discharge of public duties, but was not taken in the manner or by the persons designated by law to take it, it would nevertheless be good as a voluntary bond; being for the benefit of the State, the State would be presumed to have accepted it when it was delivered to third person for its benefit. *State ex rel. Davis v. McAlpin*, 26 N.C. 140 (1843).

If a sheriff voluntarily gives bond, with sureties, in an amount larger than prescribed by law, they will be liable for a breach thereof. *State Bank of North Carolina v. Twitty*, 9 N.C. 5 (1822); *Governor ex rel. Henderson v. Matlock*, 9 N.C. 366 (1823).

Form of Bond Held Sufficient. — A sheriff's bond to "his Excellency M.S. Captain General and Commander in Chief, in and over the State of North Carolina in the sum of \$10,000 to be paid to his Excellency, the Governor, his successor and assigns:" was a bond payable to the Governor in his official capacity, and was an official bond within the act of 1823, which was in force when it was taken. *Governor ex rel. Huggins v. Montford*, 23 N.C. 155 (1840).

Demand is not necessary before suit by county treasurer on sheriff's bond, as the sheriff is required by law to settle on or before a day certain. *McGuire v. Williams*, 123 N.C. 349, 31 S.E. 627 (1898).

As to proper relators for settlement of school taxes see *State ex rel. Tillery v. Candler*, 118 N.C. 888, 24 S.E. 709 (1896); *State ex rel. Bd. of Comm'rs v. Sutton*, 120 N.C. 298, 26 S.E. 920 (1897).

Previous Settlements Prima Facie Correct. — Previous settlements with the sheriff, when approved by the board of commissioners, are prima facie correct, and the burden of proving to the contrary rests upon them. *Commissioners of Iredell County v. White*, 123 N.C. 534, 31 S.E. 670 (1898).

The return of a sheriff that a fieri facias is satisfied is conclusive upon his sureties in an action on his official bond. *Governor ex rel. State Bank v. Twitty*, 12 N.C. 153 (1827).

Failure to Have Insolvent's Allowance Made. — Where a sheriff failed to settle for taxes within the time appointed by law and did not have allowance made him by the commissioners for insolvents at the time and in the manner prescribed by law, he could not have such allowances made by the court in an action brought against him on his official bond for the balance due by him on the tax list. *Board of Comm'rs v. Wall*, 117 N.C. 377, 23 S.E. 358 (1895).

Certified Copy as Evidence. — The office of the clerk of the superior court of the county for which one is sheriff is the proper place of deposit for the bond of such sheriff, and a copy of such bond, certified by such clerk, is competent evidence of its contents, even if the certificate does not state that it has been recorded. *State ex rel. Erwin v. Lowrance*, 64 N.C. 483 (1870).

Generally a plea in bar must be disposed of before a reference for an account can be made. *Commissioners of Iredell County v. White*, 123 N.C. 534, 31 S.E. 670 (1898).

Cited in *Governor ex rel. Arundell v. Jones*, 9 N.C. 359 (1823); *State ex rel. Cain v. Corbett*, 235 N.C. 33, 69 S.E.2d 20 (1952); *Hull v. Oldham*, 104 N.C. App. 29, 407 S.E.2d 611 (1991); *Summey v. Barker*, 142 N.C. App. 688, 544 S.E.2d 262, 2001 N.C. App. LEXIS 180 (2001); *Efrid v. Riley*, 342 F. Supp. 2d 413, 2004 U.S. Dist. LEXIS 22140 (M.D.N.C. 2004).

II. LIABILITY ON BONDS.

Liability for Wrongs Under Color of Office. — Section 109-34 (now 58-76-5) extends liability on sheriff's general official bond and imposes liability for wrongs committed under color of office. *Price v. Honeycutt*, 216 N.C. 270,

4 S.E.2d 611 (1939). See also annotations to § 58-76-5.

For cases formerly holding sureties on sheriff's official bond not liable for wrongs committed under color of office, see *Jones v. Montford*, 20 N.C. 69 (1838); *State ex rel. Martin v. Long*, 30 N.C. 415 (1848); *State ex rel. Butts v. Brown*, 33 N.C. 141 (1850); *State ex rel. Bd. of Comm'rs v. Sutton*, 120 N.C. 298, 26 S.E. 920 (1897); *North Carolina ex rel. Wimmer v. Leonard*, 68 F.2d 228 (4th Cir. 1934).

Only Duties Specifically Described Are Covered by Bond. — A sheriff and his sureties are liable on his official bond only for a breach of some duty specifically described therein. *Eaton v. Kelly*, 72 N.C. 110 (1875). But see, *Price v. Honeycutt*, 216 N.C. 270, 4 S.E.2d 611 (1939).

For cases construing general words "faithfully execute," etc., as not extending beyond duties specifically described in bond, see *Crumpler v. Governor*, 12 N.C. 52 (1826); *Governor ex rel. County Trustee v. Matlock*, 12 N.C. 214 (1827); *Davis v. Moore*, 215 N.C. 449, 2 S.E.2d 366 (1939), overruled, 217 N.C. 279, 7 S.E.2d 563 (1940).

Liability for Use of Excessive Force in Making Arrest. — Where complaint in an action against a sheriff in his official capacity and against his surety alleged that plaintiff was permanently injured by sheriff's use of excessive force in arresting him and that the arrest was wrongful and unlawful, defendants' demurrer to the complaint should have been overruled. *Price v. Honeycutt*, 216 N.C. 270, 4 S.E.2d 611 (1939).

Bond Held Broad Enough to Cover Money Collected. — A bond to serve process, collect and pay out moneys, etc., is broad enough to cover money collected for a town which it was the sheriff's duty to collect. *State ex rel. Boger v. Bradshaw*, 32 N.C. 229 (1849); *State ex rel. Prince v. McNeill*, 77 N.C. 398 (1877).

School Fund Included in County Bond. — It is immaterial whether the school fund is, strictly speaking, State taxes or county taxes, or both, as such funds are included in the "county" bond and the sheriff must account for them in settling his liability on that bond. *State ex rel. Tillery v. Candler*, 118 N.C. 888, 24 S.E. 709 (1896); *State ex rel. Bd. of Comm'rs v. Sutton*, 120 N.C. 298, 26 S.E. 920 (1897).

Settlement of One Tax Fund at Expense of Another. — Where a sheriff's settlement of one tax fund is made partially by an amount deducted from another tax fund, the settlement exonerates him and his surety from liability on the bond for the taxes settled; however, he and his sureties are liable in an action on the bond for the taxes misappropriated for such defalcation. *McGuire v. Williams*, 123 N.C. 349, 31 S.E. 627 (1898).

No Recovery of County Taxes upon Process Bond. — The county tax could not be recovered of the sheriff upon the official bond required by the Act of 1777, which was the process bond required by this section. *Governor ex rel. Campbell v. Barr*, 12 N.C. 65 (1826).

The sureties on the "process" bond are not liable for default as to county taxes. *Crumpler v. Governor*, 12 N.C. 52 (1826); *State ex rel. Bd. of Comm'rs v. Sutton*, 120 N.C. 298, 26 S.E. 920 (1897).

Bond Held Not to Cover Injury Caused by Prisoner While Unlawfully at Large as Trusty. — Where suit was brought on bond providing for liability if the sheriff failed to properly execute and return all process or properly pay all moneys received by him by virtue of any process, "and in all things well and truly and faithfully execute the said office of sheriff," the general provisions of the bond as to the sheriff's faithful performance of the duties of the office related to the specific obligations therein set out as to service and return of process, and neither the sheriff nor the sureties on his bond was liable thereon in a civil action for damages for a negligent injury inflicted by a prisoner lawfully entrusted to the custody of the sheriff while such prisoner was unlawfully permitted by the sheriff to be at large as a trusty. *Sutton v. Williams*, 199 N.C. 546, 155 S.E. 160 (1930).

Former Sheriff's Bond Held Not Breached by Act of Duty Under Successor. — Where deputy of a sheriff received the note of a married woman for collection within a magistrate's jurisdiction and failed to collect the same during the sheriff's official term, but afterwards, when acting as the deputy of his successor, collected it and failed to pay over the money, there was no breach of the former sheriff's official bond. *State ex rel. Graham v. Buchanan*, 60 N.C. 93 (1863).

Commencement of Sureties' Liability. — Where under G.S. 162-10 the board of county commissioners declared the office of sheriff vacant for his failure to give the bond required by this section and after appointing another, who likewise failed to give bond, and again appointed the former sheriff, who gave the necessary bonds and then qualified, his term was by virtue of his appointment by the board of county commissioners, and the liability of the sureties on his official bonds commenced from the time of his appointment. *Pender County v. King*, 197 N.C. 50, 147 S.E. 695 (1929).

Coverage of Bonds Limited to Years Stated. — Where an action was brought on the bonds of a sheriff given in 1872 and 1873 and conditioned only for those years, such bonds could not be enlarged to embrace a default occurring in the year 1874 on the ground that the law required a bond for the principal's whole term of office. *State ex rel. Prince v.*

McNeill, 77 N.C. 398 (1877).

What Sureties Liable for Taxes Received Under Lists Furnished Preceding Year. — A sheriff's sureties for one year are not liable for any taxes received by him under the lists furnished in the preceding year; but the sureties of that year are liable. *Fitts v. Hawkins*, 9 N.C. 394 (1823).

Where sheriff, elected in 1872, continued to exercise duties of office after failure to renew his bond and produce his receipts, and was reelected in 1874, and failed to collect and pay over the taxes for that year, it was held that he was liable on his bond of 1872. *State ex rel. Vann v. Pipkin*, 77 N.C. 408 (1877). See also *State ex rel. Moore County v. McIntosh*, 31 N.C. 307 (1848); *State ex rel. Bd. of Comm'rs v. Clarke*, 73 N.C. 255 (1875); *State ex rel. Coffield v. McNeill*, 74 N.C. 535 (1876).

Liability on Earlier Bond Not Discharged by Giving of Subsequent Bond. — The various bonds separately required to be given by the sheriff under this section impose a distinct liability on the sureties on each bond separately for the terms of office for which given; hence, where a bond is given by the same surety for the same sheriff for more than one successive term, the giving of the bond for the succeeding term does not discharge the bond previously given, nor release the surety from liability thereon, and a separate cause of action will lie against the surety on the bond for each term. *Pender County v. King*, 197 N.C. 50, 147 S.E. 695 (1929).

Coverage of Bond When New Duty Added by Statute. — Where a statute requires a bond from an officer for the faithful discharge of his duty, and a new duty is attached to the office by statute, such bond, given subsequently to the latter statute, embraces such new duty, and is a security for its performance, unless when the new duty is attached a bond is required to be given specifically for its performance. *State ex rel. Boger v. Bradshaw*, 32 N.C. 229 (1849).

Surety's Liability Not Affected by Change in Sheriff's Compensation. — The liability of a surety on a sheriff's bond given under this section is not affected by the fact that the sheriff, pending the life of the bond, has been put upon a salary instead of a fee basis or that the amount of his salary has been changed under the authority of a statute. *Pender County v. King*, 197 N.C. 50, 147 S.E. 695 (1929).

Waiver of Immunity. — In an action in which soldiers, who were shot by a sheriff's deputy, sought to hold the sheriff in his official capacity liable on the basis of respondeat superior for the alleged assault and battery committed by the deputy, the sheriff's governmental immunity was waived pursuant to G.S. 58-76-5 by the purchase of a statutorily required bond under G.S. 162-8 because the sheriff's surety was joined as a party. *Massasoit v. Carter*, 439 F. Supp. 2d 463, 2006 U.S. Dist. LEXIS 48305 (M.D.N.C. 2006).

§ 162-9. County commissioners to take and approve bonds.

The board of county commissioners in every county shall take and approve the official bond of the sheriffs, which they shall cause to be registered and the original deposited with the clerk of superior court for safekeeping. The bond shall be taken on the first Monday of December next after the election. (1806, c. 699, s. 2, P.R.; 1830, c. 5, s. 5; R.C., c. 105, s. 6; 1868, c. 20, s. 32; 1876-7, c. 276, s. 5; Code, ss. 2066, 2068; Rev., s. 2812; C.S., s. 3931; 1983, c. 670, s. 5.)

CASE NOTES

Purpose. — The evident purpose of this section is only to protect and safeguard the public revenue and to ensure its honest collection and application. *Hudson v. McArthur*, 152 N.C. 445, 67 S.E. 995 (1910).

Execution and Approval of Bond(s) Essential. — To entitle a sheriff to be inducted into office, it is essentially necessary that the bond(s) must be executed by him and approved by the county commissioners. *Dixon v. Commissioners of Beaufort*, 80 N.C. 118 (1879).

Commissioners Held Not Liable to Sureties for Failure to Demand Receipts. —

County commissioners were not liable to the sureties on the bond of a defaulting sheriff and tax collector whose defalcations they were required to pay for failure to demand sheriff's receipts in full for taxes collected the previous year before permitting him to receive the tax duplicate for the current year. *Hudson v. McArthur*, 152 N.C. 445, 67 S.E. 995 (1910).

§ 162-10. Duty of commissioners when bond insufficient.

Whenever the board of county commissioners finds that the sheriff has been unable to provide the bond prescribed by the board, the board shall give written notice to the sheriff to appear before the board within 10 days and provide a sufficient bond. If the sheriff fails to appear or provide a sufficient bond, the sheriff shall forfeit his office, and the commissioners shall elect a suitable person in the county as sheriff for the unexpired term, pursuant to G.S. 162-5 or G.S. 162-5.1, as appropriate. (1879, c. 109, s. 2; Code, s. 2074; Rev., s. 2813; C.S., s. 3932; 1983, c. 670, s. 6.)

CASE NOTES

Power to Fill Vacancy on Sheriff's Failure to Give Bond. — Upon the failure of a sheriff-elect to give bond(s) required by law, the board has power to elect some suitable person in the county as sheriff for the unexpired term. *Lenoir County v. Taylor*, 190 N.C. 336, 130 S.E. 25 (1925).

Right to Examine Sheriff and Vacate Office. — Under Art. VII, § 2, Const. 1868, the county commissioners had the right to summons the sheriff to justify or renew his official bond, whenever in fact or in their opinion the sureties had become, or were liable to become

insolvent, and it was not only the right but the duty of the commissioners to declare the office of sheriff vacant and appoint another person for the unexpired term whenever the incumbent took no notice of a summons by the commissioners to appear before them and justify or renew his bond. *People ex rel. McNeill v. Green*, 75 N.C. 329 (1876).

§ 162-11: Repealed by Session Laws 1983, c. 670, s. 7.

§ 162-12. Liability of sureties.

The sureties to a sheriff's bond shall be liable for all fines and amercements imposed on him, in the same manner as they are liable for other defaults in his official duty. (1829, c. 33; R.C., c. 105, s. 14; Code, s. 2076; Rev., s. 2815; C.S., s. 3934.)

Cross References. — As to execution of sheriff's bonds, see G.S. 162-8 and notes thereto.

CASE NOTES

Liability for Amercements. — The sureties to a sheriff's bond, with a condition in the ordinary form, are liable for an amercement of the sheriff for a default committed during his official year, even though the final judgment for the amercement may not have been rendered until after the expiration of the year. *Governor ex rel. Huggins v. Montford*, 23 N.C. 155 (1840).

Records of Proceedings for Amercement as Evidence. — The records of the proceedings against a sheriff for an amercement imposed upon him are not evidence against his sureties to prove his default, but they are admissible

against them to prove the fact of the existence of the amercement itself. *Governor ex rel. Huggins v. Montford*, 23 N.C. 155 (1840).

Judgment of an amercement against a sheriff is not conclusive against sureties on his bond. They may show that the judgment was either fraudulently or improperly obtained against their principal. *State ex rel. Parker v. Woodside*, 29 N.C. 296 (1847).

Return Conclusive. — A sheriff cannot be heard to deny or contradict his return; as to him it is conclusive, and he and the sureties upon his bond are liable to the plaintiff in the

execution for the sums so endorsed. *Walters v. Moore*, 90 N.C. 41 (1884).

ARTICLE 3.

Duties of Sheriff.

§ 162-13. To receipt for process.

Every sheriff or coroner shall, when requested, give his receipt for all original and mesne process placed in his hands for execution, to the party suing out the same, his agent or attorney; and such receipt shall be admissible as evidence of the facts therein stated, against such officer and his sureties, in any suit between the party taking the receipt and such officer and his sureties. (1848, c. 97; R.C., c. 105, s. 18; Code, s. 2081; Rev., s. 2816; C.S., s. 3935; 1995, c. 379, s. 14(d).)

I. GENERAL CONSIDERATION.

Editor's Note. — *The cases below were decided under former provisions of this section as it read prior to the 1983 amendment, which provided penalties for neglecting to make returns and for making false returns.*

"Return" Defined. — The term "return" means that the process must be brought back and produced in the court whence it issued with such endorsement as the law requires. *Watson v. Mitchell*, 108 N.C. 364, 12 S.E. 836 (1891).

The term "return" implies that the process is taken back, with such endorsements as the law requires, to the place from which it originated. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

Who May Issue Process. — Process can be issued by the mayor of a town or city to any lawful officer such as a sheriff, whose duty it then becomes to execute and make due return. *State v. Cainan*, 94 N.C. 880 (1886); *Paul v. Washington*, 134 N.C. 363, 47 S.E. 793 (1904).

Applied in *East Carolina Lumber Co. v. West*, 247 N.C. 699, 102 S.E.2d 248 (1958); *Red House Furn. Co. v. Smith*, 310 N.C. 617, 313 S.E.2d 569 (1984).

II. PENALTIES.

A. In General.

This section authorizes the following penalties and remedies: 1) An amercement nisi for \$100.00 on "motion and proof" by the party aggrieved, for failure to "execute and make due return"; 2) A *qui tam* action for penalty of \$500.00 for a "false return," one moiety to the party aggrieved, and the other to anyone who will sue for the same; 3) An action for damages by the party aggrieved; 4) An amercement nisi for \$100.00 in justices' courts, on "motion and proof" by the party aggrieved, for "neglect or refusal" to execute process of such court. *Piedmont Mfg. Co. v. Buxton*, 105 N.C. 74, 11 S.E. 264 (1890); *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

The public policy which prompted the enactment of this section is no less valid today, and the need for such a statute is no less real. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

The penalty is given to the party aggrieved chiefly as a punishment to the officer, and to stimulate him to active obedience. *Red House Furn. Co. v. Smith*, 63 N.C. App. 769, 306 S.E.2d 130 (1983), rev'd on other grounds, 310 N.C. 617, 313 S.E.2d 569 (1984).

The courts have no "dispensing power" to relieve a sheriff from the penalty im-

posed by this section. *Swain v. Phelps*, 125 N.C. 43, 34 S.E. 110 (1899); *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966); *Red House Furn. Co. v. Smith*, 63 N.C. App. 769, 306 S.E.2d 130 (1983), rev'd on other grounds, 310 N.C. 617, 313 S.E.2d 569 (1984).

This section imposes no undue hardship upon sheriffs. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966); *Red House Furn. Co. v. Smith*, 63 N.C. App. 769, 306 S.E.2d 130 (1983), rev'd on other grounds, 310 N.C. 617, 313 S.E.2d 569 (1984).

Section Not Applicable to Federal Marshal. — Motion founded upon this section could not be allowed in federal district court, as such court has no power to enforce against a federal marshal a penalty imposed by the law of this State upon a sheriff for neglect of duty. *Lowry v. Story*, 31 F. 769 (W.D.N.C. 1887).

B. Failure to Make Due Return.

Essential Elements. — Delivery of process to officer and his failure to execute its commands and make due return are essential ingredients in the criminal dereliction of duty followed by penal consequences summarily enforced. *Yeargin v. Wood*, 84 N.C. 326 (1881).

The sheriff must be diligent in both the execution and return of process or suffer the \$100.00 penalty provided in this section. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977); *Red House Furn. Co. v. Smith*, 63 N.C. App. 769, 306 S.E.2d 130 (1983), rev'd on other grounds, 310 N.C. 617, 313 S.E.2d 569 (1984).

Making Due Return Is an Affirmative Requirement. — The requirements that an officer having process in hand for service must note on the process the date received by him under G.S. 1A-1, Rule 4 and make due return thereof under G.S. 162-14 are affirmative requirements of these sections. *State v. Moore*, 230 N.C. 648, 55 S.E.2d 177 (1949).

What Constitutes Due Return. — Due return of process means a proper return, made in proper time. *Waugh v. Brittain*, 49 N.C. 470 (1857).

Due Return May Be Mixed Question of Law and Fact. — Whether, in any particular case, a due return has been made, may involve questions both of law and fact. Whether the return is a proper one in form and substance is a question of law to be decided by the court, but whether it was made in proper time is a question of fact to be decided by the jury. *Waugh v. Brittain*, 49 N.C. 470 (1857).

Whether the return was made in proper time is a question of fact to be decided by the jury. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

Section Prescribes Exclusive Method of Recovering Penalty. — The method by which a sheriff may be amerced for unlawfully failing

to execute a warrant, as prescribed by this section, is alone to be followed in an action for a penalty brought thereunder. *Walker v. Odom*, 185 N.C. 557, 118 S.E. 2 (1923).

This section provides only for an amercement, on motion, for the failure of a sheriff to make due and proper return of process. *Piedmont Mfg. Co. v. Buxton*, 105 N.C. 74, 11 S.E. 264 (1890). See also, *Harrell v. Warren*, 100 N.C. 259, 6 S.E. 777 (1888), overruled on other grounds in *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

A civil action cannot be resorted to in order to recover the penalty prescribed by this section. *Piedmont Mfg. Co. v. Buxton*, 105 N.C. 74, 11 S.E. 264 (1890).

Controlling Effect of Exemption Laws. — The provisions of the exemption laws (N.C. Const., Art. X, and the statutes passed in pursuance thereof) so modify Battle's Revisal, c. 106, G.S. 15 (now this section) as not to authorize the infliction of the penalty therein imposed for obedience to said exemption laws. *Richardson v. Wicker*, 80 N.C. 172 (1879).

An amercement is a penalty for a fixed sum without regard to the amount of plaintiff's damage. *Thompson v. Berry*, 65 N.C. 484 (1871); *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

Purpose of Penalty. — The \$100.00 is given to the plaintiff in the execution upon the theory that he is aggrieved, but chiefly as a punishment to the officer and to stimulate him to active obedience. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

Sheriff cannot be amerced if he returns an execution within the time prescribed by law, even though he fails to return the money levied thereon into court or pay it to the party or his attorney. *Davis v. Lancaster*, 5 N.C. 255 (1809); *Cockerham v. Baker*, 52 N.C. 288 (1859).

Time for Return. — Executions shall be returnable to the term (session) of the court next after that from which they bear teste; the sheriff is allowed all the days of the term (session) to return an execution, unless he be ruled, upon motion and cause shown, to return it on some intermediate day. *Person v. Newsom*, 87 N.C. 142 (1882); *Turner v. Page*, 111 N.C. 291, 16 S.E. 174 (1892).

A sheriff who fails to make return of process before the adjournment of the court to which it is returnable is subject to the penalty prescribed by statute. *Boyd v. Teague*, 111 N.C. 246, 16 S.E. 338 (1892); *Turner v. Page*, 111 N.C. 291, 16 S.E. 174 (1892).

Process Must Be Delivered 20 Days Before Session. — To bring a delinquent officer within the provisions of this section and subject him to its pains, process must be delivered to him 20 days before it is to be returned, and there must be "proof of such delivery." *Yeargin*

v. Wood, 84 N.C. 326 (1881).

Delivery of Process by Mail. — The proof was sufficient for an amercement nisi under former rulings where it was shown that the process in an envelope properly directed and with postage prepaid was deposited in the post office in time to enable it to reach its destination in the due course of the mail 20 days before the session of the court to which it was returnable. *State v. Latham*, 51 N.C. 233 (1858); *Yeargin v. Wood*, 84 N.C. 326 (1881).

If a clerk sent a writ to the sheriff of another county, enclosed in a stamped envelope, in due time to reach him in the regular course of the mails, 20 days before the sitting of the court to which it was returnable, it would be sufficient to authorize a judgment nisi for an amercement for the nonreturn of the process. *State v. Latham*, 51 N.C. 233 (1858); *Cockerham v. Baker*, 52 N.C. 288 (1859).

Making Return by Mail. — If the mail can be used as a medium by which process can be transmitted to a sheriff, so as to charge him with its reception, it would seem that he ought to be allowed to adopt the same means for making his return, at least so far as the due time of the return is involved. In *Waugh v. Brittain*, 49 N.C. 470 (1857), it was intimated that he might do so, and that he would be excused if the letter endorsing the process, with his return upon it, was properly mailed in due time. *Cockerham v. Baker*, 52 N.C. 288 (1859).

Sheriff who goes out of office before return day of writ is not subject to amercement for failure to return it. *McLin v. Hardie*, 25 N.C. 407 (1843); *State ex rel. Parker v. Woodside*, 29 N.C. 296 (1847).

Until his fees are paid or tendered, sheriff is not bound to execute process. *Johnson v. Kenneday*, 70 N.C. 435 (1874).

But Is Not Excused Thereby for Failure to Make Return. — Though a sheriff is not required to execute process until his fees are paid or tendered by the person at whose expense the service is to be rendered, he is not excused thereby for a failure to make a return of process; for, if he has any excuse for not executing the writ, he must state it in his return. *Jones v. Gupton*, 65 N.C. 48 (1871).

The highest considerations of public policy require that sheriffs shall not be negligent in the service of process committed to them. Ignorance of the officer is no excuse. Whether any damage was done to the plaintiff is immaterial. The amercement is for failure to discharge an official duty. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

It is no excuse that the sheriff has no corrupt or bad intentions and that the plaintiff is saved from any resulting injury by the voluntary appearance of the defendant. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

Endorsing Process “Served”. — While it is a better practice for officers to make their returns of process show with particularity upon whom and in what manner the process was served, their endorsement “served” implies service as the law requires, and such return, signed by the officer in his official capacity, is sufficient to show prima facie service at least; error in the date of service is immaterial. *State v. Moore*, 230 N.C. 648, 55 S.E.2d 177 (1949).

Endorsing Execution “Satisfied”. — Where a sheriff merely endorsed upon an execution the word “satisfied,” without stating what disposition he had made of the fund, the return was nevertheless sufficient in law to relieve him from an amercement for not making due return. *Wyche v. Newsom*, 87 N.C. 142 (1882).

Order Restraining Further Prosecution of Action in Which Execution Issued. — Where sheriff failed to serve execution of a judgment against defendant in summary ejectment to remove her from land because of an intervening order restraining plaintiff from further prosecuting the summary ejectment, issued in a prior pending action to try title, motion to amerce the sheriff for failure to serve the execution was properly denied, since the sheriff had shown sufficient cause for failing to serve the execution. *Massengill v. Lee*, 228 N.C. 35, 44 S.E.2d 356 (1947).

An agreement to suspend collection of the debt, or to stay the execution, as it is commonly called, even if communicated to the sheriff, gives no authority to the officers not to return the writ. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

Where a scire facias was issued on a judgment, the sheriff was liable to amercement for failure to return the process, even though the parties had agreed, while it was in the sheriff’s hands, that the collection of the money should be suspended, so as to enable them to make a full settlement. *Morrow v. Allison*, 33 N.C. 217 (1850).

Belief That Lien Was Divested by Subsequent Legislation. — A sheriff is liable to be amerced for a return on a vend. ex. of “no goods,” etc., after levy, although made in the belief that the lien has been divested by subsequent legislation. *McKeithan v. Terry*, 64 N.C. 25 (1870).

Erroneous Impression of Return Day. — It is not a defense to an action to recover the penalty prescribed by the section that sheriff had the erroneous impression that the summons was returnable at a later date, and that his failure to make his return within the time required was occasioned by endeavoring to obtain service. *Bell v. Wycoff*, 131 N.C. 245, 42 S.E. 608 (1902).

Refusal or Inability of Clerk to Receive Return. — It is not a sufficient excuse to an

officer for neglecting to return a process to the proper term (session) of the court that he had tendered it to the clerk, who had refused to receive it, nor that the clerk had died during the term (session). *Hamlin v. March*, 31 N.C. 35 (1848).

Failure to Collect Where Debtor Had No Property in Excess of Exemptions. — A sheriff was not liable to amercement for failure to have in court the amount of an execution issued on a judgment for a debt contracted prior to 1868, when the judgment debtor had no property in excess of his exemptions, under the applicable law. *Richardson v. Wicker*, 80 N.C. 172 (1879).

Officer Held Liable for Penalty. — A sheriff who had not sold property under execution nor made return on writs of venditioni exponas should be amerced. *Anonymous*, 2 N.C. 415 (1796).

A return by sheriff on a fieri facias that he had levied on goods subject to older executions, without stating whether he had sold the property seized or still held it, was not a due return, and subjected him to amercement. *Buckley v. Hampton*, 23 N.C. 322 (1840).

A return of a sheriff to a fieri facias that “he had made a levy on personal property and taken a forthcoming bond, but had not sold it, that the obligors did not deliver the property on the day, and that, after the day, it was too late to make a sale,” was not such a “due return” of the process as will exempt the sheriff for amercement. *Frost v. Rowland*, 27 N.C. 385 (1845).

Officer Held Not Liable for Penalty. — Where summons sent by mail did not reach officer until six days before the sitting of the court to which it was returnable, and he served it in two days thereafter, he was not liable to amercement. *Yeargin v. Wood*, 84 N.C. 326 (1881).

Where a sheriff endorsed upon an execution the words “debt and interest due to sheriff, costs paid into office,” and upon another the word “satisfied,” without stating what disposition he had made of the fund, the returns were held to be sufficient in law to relieve the sheriff from amercement for not making “due return.” *Person v. Newsom*, 87 N.C. 142 (1882).

Jurisdiction of Superior Court. — Where the sheriff has laid himself liable to the penalty for failure to make due return of process, the superior court has jurisdiction to give the judgment nisi on motion. *Thompson v. Berry*, 64 N.C. 79 (1870).

Party Aggrieved Is Entitled to Judgment Nisi as of Course. — Upon motion and proof that a sheriff has failed to return process delivered to him, as directed in the process and required by law, the party aggrieved is entitled, as of course, to judgment nisi against him. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

And Penalty Is Imposed Unless Sheriff Shows Cause at Next Succeeding Term to Vacate Amercement. — The penalty is imposed upon the delinquency of the sheriff for failing to make due return of the execution unless, at the next succeeding term after judgment nisi is entered against him, he shows to the court sufficient cause to vacate the tentative amercement. *Brogden Produce Co. v. Stanley*, 267 N.C. 608, 148 S.E.2d 689 (1966).

Making Judgment Nisi Absolute. — Where judgment nisi for \$100.00 is rendered against a sheriff for failure to make due return of process, and no sufficient reason is shown for such failure, the judgment should be made absolute. *C.E. Graham & Co. v. Sturgill*, 123 N.C. 384, 31 S.E. 705 (1898).

Setting Aside Judgment Absolute. — In a proceeding to enforce the statutory penalty against a sheriff for failure to make due return of process, it is not error to set aside a judgment absolute where it appears that he had no notice of the rule upon him to show cause. *Yeargin v. Wood*, 84 N.C. 326 (1881).

Amercement at Subsequent Session. — A sheriff may be amerced for a nonreturn of process at a term (session) subsequent to that at which the process was returnable. *Hyatte v. Allison*, 48 N.C. 533 (1856).

A sheriff who fails to execute and return process shall be subject to a penalty to be paid to the party aggrieved, by order of the court, on motion and proof that process was delivered to him before the sitting of the court to which it was returnable, unless the sheriff shows sufficient cause to the court for his failure "at the court next succeeding such order." And there is nothing in the statute to prevent a sheriff who does not return process from being amerced at a subsequent term (session) to that to which the return should have been made. *Halcombe v. Rowland*, 30 N.C. 240 (1848).

As to the time of trial, see *Hogg v. Bloodworth*, 1 N.C. 593 (1804).

Effect of Surplusage in Affidavit. — When a prima facie case is made against a sheriff, either upon affidavit or other sufficient proof, a rule nisi is granted as of course, and surplusage in the affidavit will not impair its effect. *Ex parte Schenck*, 63 N.C. 601 (1869).

Trial on Affidavits. — On a scire facias against a sheriff to amerce him for not returning an execution into the Supreme Court, whence it issued, issues of fact must be tried on affidavits, as the court has no power to call a jury. *Kea v. Melvin*, 48 N.C. 243 (1855).

C. False Returns.

This section applies to process issued in criminal, as well as civil, proceedings, and *Martin v. Martin*, 50 N.C. 349 (1858) and *Harrell v. Warren*, 100 N.C. 259, 6 S.E. 777 (1888)

are hereby overruled. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

A return untrue in fact is a false return within the intent and meaning of this section. *Crowder v. Jenkins*, 11 N.C. App. 57, 180 S.E.2d 482 (1971).

The importance of veracity of quasi-judicial records led to adoption of the stringent rule that every untrue return, in fact, is a false return within the purview of this section. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

Falseness in Point of Fact Essential to Liability. — For the sheriff to incur the heavy \$500.00 penalty, the return must be false in point of fact, and not false merely as importing, from facts truly stated, a wrong legal conclusion. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

To subject one to the heavy penalty of this section, the falseness must be stated as a fact and not merely by way of inference from facts. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

In order to render a sheriff liable for a false return under the section, falsehood must be found in the statement of facts in the return. *Harrell v. Warren*, 100 N.C. 259, 6 S.E. 777 (1888), overruled on other grounds in *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

A false inference in a return will render the return false only if the facts are omitted from the return. Where the facts underlying the inference or conclusion are truly stated in the return there can be no liability for a false return, even though the sheriff may still be exposed to a lesser liability for failing to execute the writ or for not making a proper and legal return. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

Conclusion That Defendant Cannot Be Found as Basis for False Return. — The conclusion found in a return that the defendant "after a due and diligent search is not to be found," without more, if untrue, may be the basis for a finding of a false return. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

A sheriff can be liable under this section for a return of criminal process which states only that a defendant "after due and diligent search is not to be found," when a jury finds, upon sufficient competent evidence, that the return is false. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

The return of "Not to be found" on a *capias*, because of defendant's being out of the State at the time the return is made, is not true if the officer had an opportunity of making the arrest previously, while the process was in his hands. *Martin v. Martin*, 50 N.C. 349 (1858), overruled on other grounds in *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977). See also, *Tomlinson v. Long*, 53 N.C. 469 (1862); *Harrell v. Warren*,

100 N.C. 259, 6 S.E. 777 (1888), overruled on other grounds in *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

Damage to Plaintiff Immaterial. — It is immaterial in a civil action for the \$500.00 penalty whether any damage was done to the plaintiff. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

The \$500.00 penalty is not intended to be a substitute for damages to an injured party, as this section allows the party aggrieved to bring a separate action for damages. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

Mistake, Inadvertence and Intent Immaterial. — Every return untrue in fact is a false return within this section, even though the officer may be mistaken in the matter or insert the fact in his return by inadvertence. It is immaterial that the officer had no selfish purpose to subserve, or was unmoved by any criminal intent. If in returning to the court his action under an execution, his return is false in its facts or any of the facts touching the things done under it, he is as well exposed to the penalty of \$500.00 as if the false facts were willfully and corruptly inserted. *Crowder v. Jenkins*, 11 N.C. App. 57, 180 S.E.2d 482 (1971); *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

If a return is false in fact, the officer's inadvertence or mistake is no excuse or protection, even though no intentional deceit was practiced. *Harrell v. Warren*, 100 N.C. 259, 6 S.E. 777 (1888), overruled on other grounds in *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

A return made by a sheriff that is false in fact, even though the officer was mistaken in the manner as to which he made his return, will nevertheless, subject him to the penalty for a false return. *Albright v. Tapscott*, 53 N.C. 473 (1862).

Officer Held Liable for False Return. — Where a sheriff returned upon a *fieri facias* two credits for money received thereon at different times, but suppressed a third credit, and marked his return not satisfied, such return was false, and subjected him to the penalty of \$500.00. *Martin v. Martin*, 50 N.C. 346 (1858).

Officer Held Not Liable for False Return. — Where a sheriff endorsed truly the day on which he received a declaration in ejectment, returnable to a county court, and returned on the same "too late to hand," although five days intervened between the day endorsed and the return day, he was not liable for the penalty for making a false return. *Hassell v. Latham*, 52 N.C. 465 (1860).

Where an execution was placed in sheriff's hands and levied by him on the goods of the defendant therein named; defendant in execution, at the time of the levy, demanded that his exemptions be allotted to him and paid the

sheriff \$2.50 in partial satisfaction of the execution; and after keeping the goods several days and receiving the \$2.50, the sheriff returned the execution, "Levy made; fees demanded for laying off exemptions and not paid; no further action taken", failure to mention the payment of \$2.50 in the return made the return defective, but did not render the sheriff liable to the penalty imposed for a false return. *Harrell v. Warren*, 100 N.C. 259, 6 S.E. 777 (1888), overruled on other grounds in *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

Where a deputy sheriff who had an order of arrest to be executed went to the house of the person named therein and, after reading to him the summons in the action, told him that he had an order of arrest for him, but after some talk, left the bond with him, on his promise to call next day and fix the matter up, as the deputy did not have or attempt to have within his control in any way the party named in the order, there was no arrest, and a return of the order "Not served" did not render the officer liable for a false return. *State ex rel. Lawrence v. Buxton*, 102 N.C. 129, 8 S.E. 774 (1889).

Where a sheriff, having in hand an order of arrest against an individual, told him that he "had better come and go with him to Jackson, and fix the matter there", but the individual refused to go with him, and the sheriff left, without taking any further action, what passed did not constitute an arrest, and therefore the sheriff was not liable for a false return in returning "not served" on the order of arrest. *State ex rel. Lawrence v. Buxton*, 102 N.C. 129, 8 S.E. 774 (1889).

Penalty to Be Enforced in Civil Action. — The action for \$500.00 penalty for "false return" is properly sought to be maintained by civil action. *Piedmont Mfg. Co. v. Buxton*, 105 N.C. 74, 11 S.E. 264 (1890).

The correct procedure under this section to recover the penalty from a sheriff for making a false return is by civil action. *Crowder v. Jenkins*, 11 N.C. App. 57, 180 S.E.2d 482 (1971).

Any person may sue for the penalty imposed upon sheriffs by this section for a false return, and need not mention in his complaint the other party to whom the statute gives one half of the recovery. *Harrell v. Warren*, 100 N.C. 259, 6 S.E. 777 (1888), overruled on other grounds, *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977). See also *Martin v. Martin*, 50 N.C. 349 (1858), overruled on other grounds, *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977); *Peebles v. Newsom*, 74 N.C. 473 (1876).

Power of Court to Allow Return to Be Amended. — A sheriff may move to amend his return of process so as to make it speak the truth even after suit has been brought for the penalty imposed for a false return, even though the amendment defeats plaintiff's right to recover such penalty. However, the sheriff does

not as a matter of law have the right to amend his return in order to correct his error, but it is within the discretion of the presiding judge to allow such amendments in meritorious cases. *Rollins v. Gibson*, 293 N.C. 73, 235 S.E.2d 159 (1977).

The court has the discretionary power, in proper cases, to allow a sheriff to amend his return of process to speak the truth, even though the amendment will defeat the penalty for a false return. *Crowder v. Jenkins*, 11 N.C. App. 57, 180 S.E.2d 482 (1971).

Where a sheriff to whom a summons issued returned it "served," and was sued for the \$500.00 penalty for false return provided for by this section, the court properly permitted him, for proper reasons set out in his affidavit, to amend this return. *Swain v. Burden*, 124 N.C. 16, 32 S.E. 319 (1899); *Swain v. Phelps*, 125 N.C. 43, 34 S.E. 110 (1899).

Amendment of Return Held Improper. — It was not proper for the trial judge to permit defendants to amend return during course of trial where plaintiff alleged and defendants admitted that the return had been marked "served by delivering a copy thereof to this plaintiff" but that the sheriff "did not serve the

original order of court upon the plaintiff," and where the parties stipulated at a pretrial conference that the return showing "that it was delivered to the plaintiff was not correct." *Crowder v. Jenkins*, 11 N.C. App. 57, 180 S.E.2d 482 (1971).

Time For Appeal Where Return Amended. — When, in an action against a sheriff for a false return, the court permits such return to be amended, the plaintiff should note his exception and, unless the amended return is admitted to be true, proceed to try the issue. An appeal before final judgment on such admission or a verdict is premature and will be dismissed. *Piedmont Mfg. Co. v. Buxton*, 105 N.C. 74, 11 S.E. 264 (1890).

When the falsity of the return was alleged and not controverted, the issue of the truth or falsity of the return was removed from the case. *Crowder v. Jenkins*, 11 N.C. App. 57, 180 S.E.2d 482 (1971).

Statute of Limitations. — Action upon sheriff's official bond to recover the penalty for a false return made more than six years previously was barred by the statute of limitations. *State ex rel. Hobbs v. Barefoot*, 104 N.C. 224, 10 S.E. 170 (1889).

OPINIONS OF ATTORNEY GENERAL

Any depository for criminal process which has been legally issued and directed to sheriff must remain within control and supervision of sheriff because it is the sheriff who is responsible, by law, for its proper

and timely service. See opinion of Attorney General to Honorable Frank W. Snapp, Jr., Senior Resident Superior Court Judge, Mecklenburg County, 58 N.C.A.G. 30 (1988).

§ 162-15. Imposition of penalty; procedure.

In any case in which a person aggrieved seeks the imposition of penalties against a sheriff for failure or neglect to perform any duty of office or for any default in office as provided in G.S. 162-12, he may proceed by motion in the cause, supported by an affidavit, in a pending action. Upon the filing of a motion in the cause the clerk shall deliver a copy of the motion and affidavit and an order to show cause to the sheriff. (1871-2, c. 74, s. 4; Code, s. 446; Rev., s. 2818; C.S., s. 3937; 1983, c. 670, s. 9.)

CASE NOTES

Editor's Note. — *The cases below were decided under this section as it read prior to amendment in 1983.*

Amercement as Remedy for Failure to Make Due Return. — Amercement, and not a civil action, is the remedy given against a sheriff for not making "due and proper" return of process. *Piedmont Mfg. Co. v. Buxton*, 105 N.C. 74, 11 S.E. 264 (1890).

Jurisdiction in Court to Which Process Returnable. — An action against a sheriff of a county other than that from which the process

issued, for making a false return, is properly brought in the courts of the county to which that process was returnable. *Watson v. Mitchell*, 108 N.C. 364, 12 S.E. 836 (1891).

Sheriff may be amerced at a subsequent term to that at which process was returnable, for not having made his return at a previous term. *Hyatte v. Allison*, 48 N.C. 533 (1856).

Failure to Make Return Not Excused by Nonpayment of Fees. — While a sheriff is not required to execute process until his fees are

paid or tendered by the person at whose instance the service is to be rendered, this does not excuse him for failure to make return of the process. *Jones v. Gupton*, 65 N.C. 48 (1871).

Rule Nisi Granted on Prima Facie Case. — Where a prima facie case is made, either upon affidavit or other sufficient proof, a rule nisi is granted as of course. *Ex parte Schenck*, 63 N.C. 601 (1869).

Return Prima Facie Correct. — The return or certificate of a ministerial officer, as to what he has done out of court, is only to be taken as prima facie true, and is not conclusive;

it may be contradicted by any evidence and shown to be false, antedated, etc. *Smith v. Lowe*, 27 N.C. 197 (1844).

Immaterial Evidence. — On the trial of an action for penalty, evidence of the true returns of the proceeds of sale endorsed upon certain other executions was immaterial and properly excluded. *Finley v. Hayes*, 81 N.C. 368 (1879).

For case holding sheriff entitled to relief from judgment for alleged failure to make due return of process, see *Francks v. Sutton*, 86 N.C. 78 (1882).

§ 162-16. Execute summons, order or judgment.

Whenever the sheriff may be required to serve or execute any summons, order or judgment, or to do any other act, he shall be bound to do so in like manner as upon process issued to him, and shall be equally liable in all respects for neglect of duty; and if the sheriff be a party, the coroner shall be bound to perform the service, as he is now bound to execute process where the sheriff is a party; and this Chapter relating to sheriffs shall apply to coroners when the sheriff is a party. Sheriffs and coroners may return process by mail. Their liabilities in respect to the execution of process shall be as prescribed by law.

In those counties where the office of coroner has been abolished, or is vacant, and in which process is required to be served or executed on the sheriff, the authority to serve or execute such process shall be vested in the clerk of court; however, the clerk of court is hereby empowered to designate and direct by appropriate order some person to act in his stead to serve or execute the same. (C.C.P., s. 354; Code, s. 598; Rev., s. 2819; C.S., s. 3938; 1971, c. 653, s. 1.)

CASE NOTES

A constable cannot serve process addressed to the sheriff, nor can a sheriff serve process addressed to a constable. *McGloughan v. Mitchell*, 126 N.C. 681, 36 S.E. 164 (1900).

Service by Coroner Where Sheriff Is a Codefendant. — In an action wherein the sheriff is a party defendant, it is proper that a summons issued against a codefendant should be addressed to and served by the coroner. *State ex rel. Battle v. Baird*, 118 N.C. 854, 24 S.E. 668 (1896).

Service By Deputy Sheriffs in an Action Against Deputy. — Where a deputy is sued for actions within the alleged scope of his duties for which the Sheriff himself may be held liable, the Sheriff clearly has an interest in the litigation, and is barred from serving process; similarly, because the Sheriff's deputies act as his agents, they cannot serve process on anyone in a case in which the Sheriff is an interested party. *Goodwin v. Furr*, 25 F. Supp. 2d 713 (M.D.N.C. 1998).

Residents failed to comply with G.S. 162-16,

and therefore a sheriff and deputy were never properly served with summons, where another deputy served both the sheriff and the deputy; such service was improper since the clerk of court never designated that deputy as her agent to serve the sheriff and the deputy. *Mabee v. Onslow County Sheriff's Dep't*, 174 N.C. App. 210, 620 S.E.2d 307, 2005 N.C. App. LEXIS 2296 (2005), cert. dismissed, — N.C. —, 629 S.E.2d 854 (2006).

Authority of Coroner Where Sheriff Insane. — The county commissioners may declare the office vacant upon the insanity of the sheriff, but their failure to do so merely authorizes the coroner to perform the duties of sheriff proper, and does not cast upon him the right to collect taxes. *State ex rel. Somers v. Board of Comm'rs*, 123 N.C. 582, 31 S.E. 873 (1898).

If a court issuing process has general jurisdiction to issue such process and the want of jurisdiction does not appear upon the face of the paper, a sheriff and his assistants may justify under it. *State v. Ferguson*, 67 N.C. 219 (1872).

§ 162-17. Duties of outgoing sheriff for unexecuted process.

It shall be the duty of any sheriff who shall have received a precept, and shall go out of office before the return day thereof, without having executed the same, to deliver same to the succeeding sheriff with sufficient time allowed for it to be executed by him. (R.C., c. 105, s. 25; Code, s. 2088; Rev., s. 2820; C.S., s. 3939; 1983, c. 670, s. 10.)

CASE NOTES

Sheriff to whom a writ has been delivered, who goes out of office before the return day of the writ, has no power to make the return on it, and therefore is not liable to amercement for not doing so. State ex rel. Parker v. Woodside, 29 N.C. 296 (1847).

Duty to Make Delivery to Successor. — It is the duty of the sheriff, going out of office, to deliver all the processes remaining in his hands to his successor. State ex rel. Parker v. Woodside, 29 N.C. 296 (1847).

§ 162-18. Payment of money collected on execution.

In all cases where a sheriff has collected money upon an execution placed in his hands, if there be no bona fide contest over the application thereof, he shall immediately pay the same to the plaintiff, or into the office of the clerk of the court from which the execution issued. (Code, s. 2080; Rev., s. 2821; C.S., s. 3940; 1983, c. 670, s. 11.)

CASE NOTES

Auditing of sheriff's account by county commissioners is prima facie evidence of its correctness, and it is impeachable only for fraud or special error. Williamson v. Jones, 127

N.C. 178, 37 S.E. 202 (1900); Commissioners of Duplin County v. Kenan, 127 N.C. 181, 37 S.E. 997 (1900).

§§ 162-20, 162-21: Repealed by Session Laws 1983, c. 670, ss. 12, 13.

§ 162-22. Custody of jail.

The sheriff shall have the care and custody of the jail in his county; and shall be, or appoint, the keeper thereof.

No law-enforcement officer or jailer who shall have the care and custody of any jail shall receive any portion of any jail fee or charge paid by or for any person confined in such jail, nor shall the compensation or remuneration of such officer be affected to any extent by the costs of goods or services furnished to any person confined in such jail. (R.C., c. 105, s. 22; Code, s. 2085; Rev., s. 2824; C.S., s. 3944; 1967, c. 581, s. 3; 1969, c. 1090; 1983, c. 670, s. 14.)

CASE NOTES

Duties of Jailer. — The duties of a jailer are those prescribed by statute and those recognized at common law. *Gowens v. Alamance County*, 216 N.C. 107, 3 S.E.2d 339 (1939).

Bailiff Is “Keeper of a Jail.” — Defendant fell within the definition of a “keeper of a jail” in the context of G.S. 162-55 because defendant worked as a courtroom bailiff whose duties included the care, custody, and maintenance of prisoners. *State v. Shepherd*, 156 N.C. App. 603, 577 S.E.2d 341, 2003 N.C. App. LEXIS 325 (2003).

Jailer Held Answerable Only to Sheriff. — Where a sheriff arrested a man on a ca. sa. and committed him to jail in custody of the jailer, and the prisoner escaped, it was held that without a bond of indemnity, the jailer was only bound to the sheriff for want of fidelity or due care in the discharge of his duty. *Turrentine v. Faucett*, 33 N.C. 652 (1850).

Sheriff has a right to take a bond from jailer to indemnify him for all losses to which he may be subjected by the escape of a prisoner while in custody of the jailer. *Turrentine v.*

Faucett, 33 N.C. 652 (1850).

Liability of Sheriff for Negligence of Deputy in Charge of Jail. — Where the evidence was sufficient to be submitted to the jury as to the negligence of a deputy in charge of a jail in causing injury to a prisoner in closing the cell door on the prisoner’s thumb, it was sufficient to be submitted to the jury as to the liability of the sheriff, since the act of the deputy was within the scope of his authority and in the line of his duty, and the liability of the sheriff for acts of his deputy is governed by the law applicable to the law of principal and agent. *Davis v. Moore*, 215 N.C. 449, 2 S.E.2d 366 (1939), overruled, 217 N.C. 279, 7 S.E.2d 563 (1940).

OPINIONS OF ATTORNEY GENERAL

Criminal Intake Center. — County manager must place Criminal Intake Center, a facility for the reception of persons charged with crime which includes detention cells for at least 48 persons, used to detain certain prisoners overnight and to house disruptive persons,

drunks, etc., under the care and custody of the sheriff. See opinion of Attorney General to Honorable Frank W. Snett, Jr., Senior Resident Superior Court Judge, Mecklenburg County, 58 N.C.A.G. 30 (1988).

§ 162-23. Prevent entering jail for lynching; county liable.

When the sheriff of any county has good reason to believe that the jail of his county is in danger of being broken or entered for the purpose of killing or injuring a prisoner placed by the law in his custody, it shall be his duty at once to call on the commissioners of the county, or some one of them, for a sufficient guard for the jail, and in such case, if the commissioner or commissioners fail to authorize the employment of necessary guards to protect the jail, and by reason of such failure the jail is entered and a prisoner killed, the county in whose jail the prisoner is confined shall be responsible in damages, to be recovered by the personal representatives of the prisoner thus killed, by action begun and prosecuted before the superior court of any county in this State. (1893, c. 461, s. 7; Rev., s. 2825; C.S., s. 3945.)

§ 162-24. Delegation of official duties.

The sheriff may not delegate to another person the final responsibility for discharging his official duties, but he may appoint a deputy or employ others to assist him in performing his official duties. (23 Hen. VI, c. 10; R.C., c. 105, s. 21; Code, s. 2084; Rev., s. 2828; C.S., s. 3946; 1983, c. 670, s. 15.)

CASE NOTES

Editor's Note. — *Most of the cases below were decided under this section as it read prior to amendment in 1983, when it prohibited a sheriff from "letting to farm" his county.*

Traffic in public offices is against good morals and contrary to public policy. *Basket v. Moss*, 115 N.C. 448, 20 S.E. 733 (1894).

This section prohibits a sheriff from letting to farm, in any manner, his county, or any part of it. *Cansler v. Penland*, 125 N.C. 578, 34 S.E. 683 (1899), rehearing dismissed, 126 N.C. 793, 36 S.E. 285 (1900).

Office Cannot Be Subject of Bargain and Sale. — The public has an interest in the proper performance of their duties by public officers, and would be prejudiced by agreements tending to impair an officer's efficiency or in any way to interfere with or disturb the due execution of the duties of the office. The office of sheriff and tax collector is one of public confidence and fidelity to a public trust, and cannot be a matter of bargain and sale. It requires good faith and duty. *Cansler v. Penland*, 125 N.C. 578, 34 S.E. 683 (1899), rehearing dismissed, 126 N.C. 793, 36 S.E. 285 (1900).

Certain Agreements to Secure Appointment Void. — Not only an agreement by A to pay to B, a public officer, an amount equal to the emoluments of the unexpired term of his office in consideration of his resignation and his influence to secure the appointment of A to the office is void, but likewise an agreement to compensate anyone for or to pay the expenses of anyone in attempting to secure such appointment. *Basket v. Moss*, 115 N.C. 448, 20 S.E. 733 (1894).

A sheriff may employ a deputy to assist him, but he cannot delegate his authority to another. *Cansler v. Penland*, 125 N.C. 578, 34 S.E. 683 (1899), rehearing dismissed, 126 N.C. 793, 36 S.E. 285 (1900).

Local Modification. — Elizabeth City:
1973, c. 487.

§ 162-39. Transfer of prisoners when necessary for safety and security; application of section to municipalities.

(a) Whenever necessary for the safety of a prisoner held in any county jail or to avoid a breach of the peace in any county or whenever prisoners are arrested in such numbers that county jail facilities are insufficient and inadequate for the housing of such prisoners, the resident judge of the superior court or any judge holding superior court in the district or any district court judge may order the prisoner transferred to a fit and secure jail in some other county where the prisoner shall be held for such length of time as the judge may direct.

(b) Whenever necessary to avoid a security risk in any county jail, or whenever prisoners are arrested in such numbers that county jail facilities are insufficient and inadequate for the housing of such prisoners, the resident

judge of the superior court or any judge holding superior court in the district or any district court judge may order the prisoner transferred to a unit of the State prison system designated by the Secretary of Correction or his authorized representative. For purposes of this subsection, a prisoner poses a security risk if the prisoner:

- (1) Poses a serious escape risk;
- (2) Exhibits violently aggressive behavior that cannot be contained and warrants a higher level of supervision;
- (3) Needs to be protected from other inmates, and the county jail facility cannot provide such protection;
- (4) Is a female or a person 18 years of age or younger, and the county jail facility does not have adequate housing for such prisoners;
- (5) Is in custody at a time when a fire or other catastrophic event has caused the county jail facility to cease or curtail operations; or
- (6) Otherwise poses an imminent danger to the staff of the county jail facility or to other prisoners in the facility.

(c) The sheriff of the county from which the prisoner is removed shall be responsible for conveying the prisoner to the jail or prison unit where he is to be held, and for returning him to the common jail of the county from which he was transferred. The return shall be made at the expiration of the time designated in the court order directing the transfer unless the judge, by appropriate order, shall direct otherwise. The sheriff or keeper of the jail of the county designated in the court order, or the officer in charge of the prison unit designated by the Secretary of Correction, shall receive and release custody of the prisoner in accordance with the terms of the court order. If a prisoner is transferred to a unit of the State prison system, the county from which the prisoner is transferred shall pay the Department of Correction for maintaining the prisoner for the time designated by the court at the per day, per inmate rate at which the Department of Correction pays a local jail for maintaining a prisoner. The county shall also pay the Department of Correction for the costs of extraordinary medical care incurred while the prisoner was in the custody of the Department of Correction, defined as follows:

- (1) Medical expenses incurred as a result of providing health care to a prisoner as an inpatient (hospitalized);
- (2) Other medical expenses when the total cost exceeds thirty-five dollars (\$35.00) per occurrence or illness as a result of providing health care to a prisoner as an outpatient (nonhospitalized); and
- (3) Cost of replacement of eyeglasses and dental prosthetic devices if those eyeglasses or devices are broken while the prisoner is incarcerated, provided the prisoner was using the eyeglasses or devices at the time of his commitment and then only if prior written consent of the county is obtained by the Department.

If the prisoner is transferred to a jail in some other county, the county from which the prisoner is transferred shall pay to the county receiving the prisoner in its jail the actual cost of maintaining the prisoner for the time designated by the court. Counties are hereby authorized to enter into contractual agreements with other counties to provide jail facilities to which prisoners may be transferred as deemed necessary under this section.

Whenever prisoners are arrested in such numbers that county jail facilities are insufficient and inadequate for the safekeeping of such prisoners, the resident judge of the superior court or any superior or district court judge holding court in the district may order the prisoners transferred to a unit of the State Department of Correction designated by the Secretary of Correction or his authorized representative, where the prisoners may be held for such length of time as the judge may direct, such detention to be in cell separate from that used for imprisonment of persons already convicted of crimes, except when

admission to an inpatient prison medical or mental health unit is required to provide services deemed necessary by a prison health care clinician. The sheriff of the county from which the prisoners are removed shall be responsible for conveying the prisoners to the prison unit or units where they are to be held, and for returning them to the common jail of the county from which they were transferred. However, if due to the number of prisoners to be conveyed the sheriff is unable to provide adequate transportation, he may request the assistance of the Department of Correction, and the Department of Correction is hereby authorized and directed to cooperate with the sheriff and provide whatever assistance is available, both in vehicles and manpower, to accomplish the conveying of the prisoners to and from the county to the designated prison unit or units. The officer in charge of the prison unit designated by the Secretary of Correction or his authorized representative shall receive and release the custody of the prisoners in accordance with the terms of the court order. The county from which the prisoners are transferred shall pay to the Department of Correction the actual cost of transporting the prisoners and the cost of maintaining the prisoners at the per day, per inmate rate at which the Department of Correction pays a local jail for maintaining a prisoner, provided, however, that a county is not required to reimburse the State for transporting or maintaining a prisoner who was a resident of another state or county at the time he was arrested. However, if the county commissioners shall certify to the Governor that the county is unable to pay the bill submitted by the State Department of Correction to the county for the services rendered, either in whole or in part, the Governor may recommend to the Council of State that the State of North Carolina assume and pay, in whole or in part, the obligation of the county to the Department of Correction, and upon approval of the Council of State the amount so approved shall be paid from Contingency and Emergency Fund to the Department of Correction.

When, due to an emergency, it is not feasible to obtain from a judge of the superior or district court a prior order of transfer, the sheriff of the county and the Department of Correction may exercise the authority hereinafter conferred; provided, however, that the sheriff shall, as soon as possible after the emergency, obtain an order from the judge authorizing the prisoners to be held in the designated place of confinement for such period as the judge may direct. All provisions of this subsection shall be applicable to municipalities whenever prisoners are arrested in such numbers that the municipal jail facilities and the county jail facilities are insufficient and inadequate for the safekeeping of the prisoners. The chief of police is hereby authorized to exercise the authority herein conferred upon the sheriff, and the municipality shall be liable for the cost of transporting and maintaining the prisoners to the same extent as a county would be unless action is taken by the Governor and Council of State as herein provided for counties which are unable to pay such costs.

(d) Whenever a prisoner held in a county jail requires medical or mental health treatment that the county decides can best be provided by the Department of Correction, the resident judge of the superior court or any judge holding superior court in the district or any district court judge may order the prisoner transferred to a unit of the State prison system designated by the Secretary of Correction or his authorized representative. The sheriff of the county from which the prisoner is removed shall be responsible for conveying the prisoner to the prison unit where he is to be held, and for returning him to the jail of the county from which he was transferred. The prisoner shall be returned when the attending medical or mental health professional determines that the prisoner may be returned safely. The officer in charge of the prison unit designated by the Secretary of Correction shall receive custody of the prisoner in accordance with the terms of the order and shall release custody of the prisoner in accordance with the instructions of the attending

medical or mental health professional. The county from which the prisoner is transferred shall pay the Department of Correction for maintaining the prisoner for the period of treatment at the per day, per inmate rate at which the Department of Correction pays a local jail for maintaining a prisoner, and for extraordinary medical expenses as set forth in subsection (c) of this section.

(e) The number of county prisoners incarcerated in the State prison system pursuant to safekeeping orders from the various counties pursuant to subsection (b) of this section or for medical or mental health treatment pursuant to subsection (d) of this section may not exceed 200 at any given time unless authorized by the Secretary of Correction. The Secretary may refuse to accept any safekeeper and may return any safekeeper transferred under a safekeeping order when this capacity limit is reached. (1957, c. 1265; 1967, c. 996, ss. 13, 15; 1969, cc. 462, 1130; 1973, c. 822, s. 3; c. 1262, s. 10; 1983, c. 165, ss. 1-4; 1985 (Reg. CASE NOTES

Failure to Furnish Nonelective Medical Care to Safekeepers Upheld. — Failure to furnish nonessential, elective medical care to so-called “safekeepers,” prisoners whose terms are not yet fixed by reason of appeals or because they have not yet been tried and who are considered still to be county prisoners although they may be housed in Department prisons, is both reasonable and rational and free from constitutional infirmity. *Kersh v. Bounds*, 501 F.2d 585 (4th Cir. 1974), cert. denied, 420 U.S. 925, 95 S. Ct. 1120, 43 L. Ed. 2d 394 (1975).

Treatment of Defendant Whose Conviction Is Reversed on Appeal. — Where the Court of Appeals reversed defendant's conviction, and where after receiving a copy of the Court of Appeals' certified judgment the Department of Correction released defendant to the custody of the county jail, but on the same

day, the county jailer obtained a safekeeping order transferring defendant back to the custody of the Department of Correction, the Secretary of the Department of Correction was not responsible for failing to implement a policy directing Department of Correction employees as to the proper manner with which to deal with prisoners whose convictions had been overturned on appeal; the Department personnel were not on notice of the circumstances leading to the issuance of the safekeeping order and had no reason to question its sufficiency, and given the lack of discretion allowed to the Department and State law, there was no reasonable way that the Secretary could have detailed a policy that would have avoided defendant's misfortunes. *Allen v. Lowder*, 875 F.2d 82 (4th Cir. 1989).

§ 162-40. When jail destroyed, transfer of prisoners provided for.

When the jail of any county is destroyed by fire or other accident, any judicial officer of such county may cause all prisoners then confined therein to be brought before him. Upon the production of the process under which any prisoner was confined, such judicial officer shall order his commitment to the jail of any adjacent county. The sheriff or other officer of the county deputized for that purpose shall obey the order; and the sheriff or keeper of the common jail of such adjacent county shall receive such prisoners consistent with those provisions of G.S. 162-38. (1835, c. 2, s. 1; R.C., c. 87, s. 2; Code, s. 3457; Rev., s. 1351; C.S., s. 1355; 1973, c. 57, s. 3; c. 822, s. 3; 1983, c. 670, s. 18.)

§ 162-40.1. Reimbursement for transfer of prisoners.

The county receiving prisoners pursuant to G.S. 162-38, 162-39 and 162-40 shall be reimbursed at the usual jail fee rate for each 24 hours of confinement or part thereof by the county from which the prisoner is transferred. (1983, c. 670, s. 19.)

§ 162-50. Penalties.

Upon a finding that the sheriff, personally or through his lawful deputies, has willfully failed or neglected to perform any duty imposed by this Chapter, or has made any false return, he shall be subject to damages of not more than five hundred dollars (\$500.00), and such damages recovered shall be paid to the person aggrieved. Nothing in this section bars an independent action for damages by the person aggrieved. (1983, c. 670, s. 21.)

§ 162-55. Injury to prisoner by jailer.

If the keeper of a jail shall do, or cause to be done, any wrong or injury to the prisoners committed to his custody, contrary to law, he shall not only pay treble damages to the person injured, but shall be guilty of a Class 1 misdemeanor. CASE NOTES

Bailiff Is "Keeper of a Jail." — Person who works as a courtroom bailiff falls within the statute's definition of a "keeper of a jail" where the person's duties include the care, custody, and maintenance of prisoners; thus, it was proper to deny defendant's motion to dismiss the charge of injury to prisoner by jailer because defendant's duties as a courtroom bailiff were such that defendant could be considered the "keeper of a jail." *State v. Shepherd*, 156 N.C. App. 603, 577 S.E.2d 341, 2003 N.C. App. LEXIS 325 (2003).

Criminal Negligence Required for Treble Damages. — A jailer's negligent failure to protect a prisoner from assaults by other inmates was not criminal conduct, absent any intent by jailer that the prisoner be harmed, and because only those acts amounting to crimes yield treble civil damages, prisoner would not be entitled to treble damages for such an assault. *Letchworth v. Gay*, 874 F. Supp. 107 (E.D.N.C. 1995).

Evidence Sufficient for Jury. — Evidence that plaintiff's thumb had inadvertently been placed against the door jamb when deputy sheriff started to close door of cell, and that when plaintiff pushed against the door to release his thumb the deputy pushed the door shut with his shoulder, thereby cutting off plaintiff's thumb, was sufficient to be submit-

ted to the jury on the issue of the deputy's negligent injury to plaintiff. *Davis v. Moore*, 215 N.C. 449, 2 S.E.2d 366 (1939), overruled on other grounds in *Dunn v. Swanson*, 217 N.C. 279, 7 S.E.2d 563 (1940), decided under former § 14-260.

Dismissal of a claim was not warranted where a plaintiff sufficiently alleged that defendants were deliberately indifferent a pretrial detainee's rights to receive adequate medical care following a head injury incurred while in jail, which resulted in the pretrial detainee suffering severe and permanent brain damage; plaintiff alleged that defendants knew or should have known of the explicit instructions not to permit the pretrial detainee to go to sleep, and an order from the emergency physician to transport the pretrial detainee to the hospital. *Layman v. Alexander*, 294 F. Supp. 2d 784, 2003 U.S. Dist. LEXIS 22056 (W.D.N.C. 2003).

Summary judgment was denied to defendant sheriff and officers, where plaintiff suffered a severe brain injury while in their custody, and there was sufficient evidence of deliberate and reckless indifference to his medical needs under State and federal law. *Layman v. Alexander*, 343 F. Supp. 2d 483, 2004 U.S. Dist. LEXIS 23464 (W.D.N.C. 2004).

§ 162-56. Place of confinement.

Persons committed to the custody of a sheriff shall be confined in the facilities designated by law for such confinement, and shall not be confined in any other place. Nothing herein shall be construed to prohibit or limit the authority of a sheriff to house prisoners committed to his custody in quarters, approved by the Department of Health and Human Services, other than the county jail. (1795, c. 433, s. 4; R.C., c. 87, s. 16; Code, s. 3471; Rev., s. 3660; C.S., s. 4408; 1983, c. 631, s. 2; 1997-443, s. 11A.118(a).)

1983, c. 631, s. 3, as G.S. 162-57, effective June 28, 1983.

§ 162-58. Counties may work prisoners.

The board of commissioners of the several counties may enact by resolution all necessary rules and regulations for work on projects to benefit units of State or local government by persons convicted of misdemeanors or felonies and imprisoned in the local confinement facilities or satellite jail/work release units of their respective counties. The sheriff shall approve rules and regulations enacted by the board. Prisoners working under this section shall be supervised by county employees or by the sheriff. The rules enacted by the board of county commissioners and approved by the sheriff shall specify a procedure for ensuring that county employees supervising prisoners pursuant to this section be provided with notice that the persons placed under their supervision are inmates from a local confinement facility or a satellite jail/work release unit. (1991 (Reg. Sess., 1992), c. 841, s. 1; 2002-159, s. 54.)

§ 162-59. Person having custody to approve prisoners for work.

No prisoner shall perform work pursuant to G.S. 162-58 unless the prisoner has been approved for the work by the person having custody of the prisoner. The decision to approve a prisoner for work shall be based on the prisoner's history of violence, if any, past criminal convictions, and current sentence. For purposes of this section, the person having custody of the prisoner is the sheriff, except that when the prisoner is confined in a district confinement facility the person having custody of the prisoner is the jail administrator. The person having custody of the prisoner may use his discretion to revoke his approval at any time and to return the prisoner to the local confinement facility or satellite jail/work release unit. Neither the person having custody of the prisoner nor any jailer may be held liable for the actions of any prisoner, including those actions committed during and after the escape of a prisoner, while the prisoner is outside their supervision pursuant to this section. (1991 (Reg. Sess., 1992), c. 841, s. 1.)

§ 162-59.1. Person having custody to approve prisoners for participation in education and other programs.

The person having custody of a prisoner convicted of a misdemeanor offense may approve that prisoner's participation in a general education development diploma program (GED program) or in any other education, rehabilitation, or training program. The person having custody of the prisoner may revoke this approval at any time. For purposes of this section, the person having custody of the prisoner is the sheriff, except that when the prisoner is confined in a district confinement facility the person having custody of the prisoner is the jail administrator. (2001-200, s. 1.)

§ 162-60. Reduction in sentence allowed for work, education, and other programs.

(a) A prisoner who has faithfully performed the duties assigned to the prisoner under G.S. 162-58 is entitled to a reduction in the prisoner's sentence of four days for each 30 days of work performed.

(b) A prisoner who is convicted of a misdemeanor offense and housed in a local confinement facility and who faithfully participates in a general education development diploma program (GED program) or in any other education, rehabilitation, or training program is entitled to a reduction in the prisoner's sentence of four days for each 30 days of classes attended, up to the maximum credit allowed under G.S. 15A-1340.20(d).

(c) The person having custody of the prisoner, as defined in G.S. 162-59, is the sole judge as to whether the prisoner has faithfully performed the assigned duties under G.S. 162-58 or has faithfully participated in a GED program or other education, rehabilitation, or training program under subsection (b) of this section. A prisoner who escapes or attempts to escape while performing work pursuant to G.S. 162-58 or while participating in a GED program or other education, rehabilitation, or training program shall forfeit any reduction in sentence that the prisoner would have been entitled to under this section. (1991 (Reg. Sess., 1992), c. 841, s. 1; 1993, c. 538, s. 36; 1994, Ex. Sess., c. 24, s. 14(b); 1993 (Reg. Sess., 1994), c. 767, s. 2; 2001-200, s. 2.)

§ 162-61. Liability of county.

The county working prisoners pursuant to G.S. 162-58 shall remain liable for emergency medical services for those prisoners pursuant to G.S. 153A-224

while the prisoners are working. The county working the prisoners shall be liable to third parties for injuries incurred by the third parties through the negligence of the working prisoners to the same extent as the county is liable for the actions of its employees. Chapters 96 and 97 of the General Statutes shall have no application to prisoners working pursuant to G.S. 162-58. (1991 (Reg. Sess., 1992), c. 841, s. 1.)

§ 162-62. Legal status of prisoners.

(a) When any person charged with a felony or an impaired driving offense is confined for any period in a county jail, local confinement facility, district confinement facility, or satellite jail/work release unit, the administrator or other person in charge of the facility shall attempt to determine if the prisoner is a legal resident of the United States by an inquiry of the prisoner, or by examination of any relevant documents, or both.

(b) If the administrator or other person in charge of the facility is unable to determine if that prisoner is a legal resident or citizen of the United States or its territories, the administrator or other person in charge of the facility holding the prisoner, where possible, shall make a query through the Division of Criminal Information (DCI) system to the Law Enforcement Support Center (LESC) of Immigration and Customs Enforcement of the United States Department of Homeland Security. If the LESC determines that the prisoner has not been lawfully admitted to the United States, the United States Department of Homeland Security will have been notified of the prisoner's status and confinement at the facility by its receipt of the DCI query from the facility.

(c) Nothing in this section shall be construed to deny bond to a prisoner or to prevent a prisoner from being released from confinement when that prisoner is otherwise eligible for release.

(d) The administrator or other person in charge of the facility shall annually report the number of queries performed under subsection (b) of this section and the results of those queries to the Governor's Crime Commission of the Department of Crime Control and Public Safety. The Governor's Crime Commission shall make the reports available to the public. (2007-494, s. 1.)

ARTICLE 1.*Water and Sewer Authorities.***§ 162A-1. Title.**

This Article shall be known and may be cited as the "North Carolina Water and Sewer Authorities Act." (1955, c. 1195, s. 1; 1971, c. 892, s. 1.)

Funds for Local Government Water and Sewer Improvement Grants. — Session Laws 2007-323, s. 13.13A, provides for the use of certain funds appropriated to the Rural Economic Development Center, Inc. for the 2007-2008 fiscal year for wastewater-related and public water system-related projects. See note at G.S. 160A-311.

Editor's Note. — Session Laws 1989, c. 708, s. 2, provided: "(a) Any contract made or entered into, prior to the date of ratification of this Act, by a city, a county, or a water and sewer authority created under Article 1 of Chapter 162A of the General Statutes which would have been valid under G.S. 160A-20, subsections (a), (b), (c), and (f), as rewritten by this Act, is hereby validated, ratified, and confirmed. Furthermore, such a contract may not be held invalid because it contains a nonsubstitution clause, or because no public hearing was advertised and held on the contract, or both.

(b) Any contract made or entered into, prior to the date of ratification of this Act, by a city, a

county, or a water and sewer authority created under Article 1 of Chapter 162A of the General Statutes which would have been valid under subsection (a) of this Section 2 or under G.S. 160A-20 as it existed prior to the ratification of this Act or as rewritten by this Act, except that the Local Government Commission did not approve the contract, is hereby validated, ratified, and confirmed."

The Act was ratified August 1, 1989.

Session Laws 1989, c. 708, s. 3 provided: "Nothing in this Act shall be interpreted to limit or restrict the authority of cities, counties, or water and sewer authorities created under Article 1 of Chapter 162A of the General Statutes to purchase, improve, or finance the purchase or improvement of real or personal property pursuant to any other applicable law, whether general, special, or local."

CASE NOTES

Agreements Not Prohibited. — Nothing in Chapter 162A indicates it was designed to restrict the broad grant of authority to local governmental units for interlocal cooperation; therefore, an agreement to construct a water distribution facility was not prohibited because units of local government were permitted to enter into contracts under G.S. 160A-461. *Caswell County v. Town of Yanceyville*, 170 N.C. App. 124, 611 S.E.2d 451, 2005 N.C. App. LEXIS 898 (2005).

Authority Could Discriminate Regarding Rates. — Water and Sewer Authority formed pursuant to this section was subject to the common-law rule that it could not charge rates that would constitute an unwarranted

discrimination among the parties it was formed to serve; however, based on a substantial difference between the position of one county vis-à-vis the Authority and the position of the other members, the Authority had the right to charge a rate to that county different from the rate it charged other members. § 162A-3. Procedure for creation; certificate of incorporation; certification of principal office and officers.

(a) The governing body of a single county or the governing bodies of any two or more political subdivisions may by resolution signify their determination to organize an authority under the provisions of this Article. Each of such resolutions shall be adopted after a public hearing thereon, notice of which hearing shall be given by publication at least once, not less than 10 days prior to the date fixed for such hearing, in a newspaper having a general circulation in the political subdivision. Such notice shall contain a brief statement of the substance of the proposed resolution, shall set forth the proposed articles of incorporation of the authority and shall state the time and place of the public hearing to be held thereof. No such political subdivision shall be required to make any other publication of such resolution under the provisions of any other law.

(a1) If an authority is organized by three or more political subdivisions, it may include in its organization nonprofit water corporations. The board of directors of a nonprofit water corporation must signify the corporation's determination to participate in the organization of the authority by adopting a resolution that meets the requirements of subsection (b) of this section. The nonprofit water corporation is not subject to the notice and public hearing requirements of subsection (a) of this section. For all other purposes of this Article, the nonprofit water corporation shall be considered to be a political subdivision.

(a2) If an authority is organized by three or more political subdivisions, it may include in its organization the State of North Carolina. The State of North Carolina is not subject to the notice and public hearing requirements of

subsection (a) of this section. For purposes of this Article, the State of North Carolina shall be a political subdivision and its governing body shall be the Council of State.

(b) Each such resolution shall include articles of incorporation which shall set forth:

- (1) The name of the authority;
- (2) A statement that such authority is organized under this Article;
- (3) The names of the organizing political subdivisions; and
- (4) The names and addresses of the first members of the authority appointed by the organizing political subdivisions.

(c) A certified copy of each of such resolutions signifying the determination to organize an authority under the provisions of this Article shall be filed with the Secretary of State of North Carolina, together with proof of publication of the notice of hearing on each of such resolutions. If the Secretary of State finds that the resolutions, including the articles of incorporation, conform to the provisions of this Article and that the notices of hearing were properly published, he shall file such resolutions and proofs of publication in his office and shall issue a certificate of incorporation under the seal of the State and shall record the same in an appropriate book of record in his office. The issuance of such certificate of incorporation by the Secretary of State shall constitute the authority a public body and body politic and corporate of the State of North Carolina. Said certificate of incorporation shall be conclusive evidence of the fact that such authority has been duly created and established under the provisions of this Article.

(d) When the authority has been duly organized and its officers elected as herein provided the secretary of the authority shall certify to the Secretary of State the names and addresses of such officers as well as the address of the principal office of the authority. Editor's Note. — Session Laws 2001-224, s. 3, provides: "The creation of any Water and Sewer Authority under Article 1 of Chapter 162A of the General Statutes on or after July 1, 2000, but before this act became law, that

§ 162A-3.1. Alternative procedure for creation.

(a) As an alternative to the procedure set forth in G.S. 162A-3, the governing body of a single county or the governing bodies of any two or more political subdivisions may by resolution signify their determination to organize an authority under the provisions of this section of this Article. Each of such resolutions shall be adopted after a public hearing thereon, notice of which hearing shall be given by publication at least once, not less than 10 days prior to the date fixed for such hearing, in a newspaper having a general circulation in the political subdivision. Such notice shall contain a brief statement of the substance of the proposed resolution, shall set forth the proposed articles of incorporation of the authority and shall state the time and place of the public hearing. No such political subdivision shall be required to make any other publication of such resolution under the provisions of any other law.

(a1) If an authority is organized by three or more political subdivisions, it may include in its organization nonprofit water corporations. The board of directors of a nonprofit water corporation must signify the corporation's determination to participate in the organization of the authority by adopting a resolution that meets the requirements of subsection (b) of this section. The nonprofit water corporation is not subject to the notice and public hearing requirements of subsection (a) of this section. For all other purposes of this Article, the nonprofit water corporation shall be considered to be a political subdivision.

(a2) If an authority is organized by three or more political subdivisions, it may include in its organization the State of North Carolina. The State of North Carolina is not subject to the notice and public hearing requirements of subsection (a) of this section. For purposes of this Article, the State of North Carolina shall be a political subdivision and its governing body shall be the Council of State.

(b) Each such resolution shall include articles of incorporation which shall set forth:

- (1) The name of the authority;
- (2) A statement that such authority is organized under this section of this Article;
- (3) The names of the organizing political subdivisions;
- (4) The names and addresses of the members of the authority appointed by the organizing political subdivisions; and
- (5) A statement that members of the authority will be limited to such members as may be appointed from time to time by the organizing political subdivisions.

(c) A certified copy of each of such resolutions signifying the determination to organize an authority under the provisions of this section of this Article shall be filed with the Secretary of State of North Carolina, together with proof of publication of the notice of hearing on each of such resolutions. If the Secretary of State finds that the resolutions, including the articles of incorporation, conform to the provisions of this section of this Article and that the notices of hearing were properly published, he shall file such resolutions and proofs of publication in his office and shall issue a certificate of incorporation under the seal of the State and shall record the same in an appropriate book of record in his office. The issuance of such certificate of incorporation by the Secretary of State shall constitute the authority a public body and body politic and corporate of the State of North Carolina. Said certificate of incorporation shall be conclusive evidence of the fact that such authority has been duly created and established under the provisions of this section of this Article.

(d) When the authority has been duly organized and its officers elected as herein provided the secretary of the authority shall certify to the Secretary of State the names and addresses of such officers as well as the address of the principal office of the authority. Editor's Note. — Session Laws 2001-224, s. 3, provides: "The creation of any Water and Sewer Authority under Article 1 of Chapter 162A of the General Statutes on or after July 1, 2000, but before this act became law, that

§ 162A-4. Withdrawal from authority; joinder of new subdivision.

(a) Whenever an authority has been organized under the provisions of this Chapter, any political subdivision may withdraw therefrom at any time prior to the creation of any obligations by the authority, and any political subdivision not having joined in the original organization may, with the consent of the authority, join the authority; provided, that any political subdivision not having joined the original organization shall have the right upon reasonable terms and conditions, whether the authority shall consent thereto or not, to join the authority if the authority's water system or sewer system, or any part thereof is situated within the boundaries of the political subdivision or of the county within which the political subdivision is located; provided, further, that any political subdivision authorized to join the authority by G.S. 162A-5.1 may do so without the consent of the authority.

(b) Any political subdivision desiring to withdraw from or to join an existing authority shall signify its desire by resolution adopted after a public hearing thereon, notice of which hearing shall be given in the manner and at the time provided in G.S. 162A-3 or 162A-3.1, as appropriate. (c) A certified copy of each such resolution signifying the desire of a political subdivision to withdraw from or to join an existing authority, together with proof of publication of the notice of hearing on each such resolution and, in cases where such resolution provides for the political subdivision joining the authority, certified copies of the resolution of the governing bodies creating the authority consenting to such joining shall be filed with the Secretary of State of North Carolina. If the Secretary of State finds that the resolutions conform to the provisions of this Article and that the notices of hearing were properly published, he shall file such resolutions and proofs of publication in his office and shall issue a certificate of withdrawal, or a certificate of joinder, as the case may be, and shall record the same in an appropriate book of record in his office. The withdrawal or joining shall become effective upon the issuance of such certificate, and such certificate shall be conclusive evidence thereof. § 162A-5. Members of authority; organization; quorum.

(a) Each authority organized under this Article shall consist of the number of members as may be agreed upon by the participating political subdivisions, such members to be selected by the respective political subdivision. A proportionate number (as nearly as can be) of members of the authority first appointed shall have terms expiring one year, two years and three years respectively from the date on which the creation of the authority becomes

effective. Successor members and members appointed by a political subdivision subsequently joining the authority shall each be appointed for a term of three years, but any person appointed to fill the vacancy shall be appointed to serve only for the unexpired term and any member may be reappointed; provided, however, that a political subdivision subsequently joining an authority created under G.S. 162A-3.1, or under the provisions of G.S. 162A-3 other than subsection (a1), shall not have the right to appoint any members to such authority. Appointments of successor members shall, in each instance, be made by the governing body of the political subdivision appointing the member whose successor is to be appointed. Any member of the authority may be removed, with or without cause, by the governing body appointing said member. This subsection does not apply in the case of an authority that a city joins under G.S. 162A-5.1.

(b) Each authority organized under this Article that a city has joined under G.S. 162A-5.1 shall consist of the number of members provided by that section, such members to be selected as provided by that section. Two each of the members of the authority first appointed after a city has joined under G.S. 162A-5.1 shall have terms expiring one year and two years respectively from the date on which the certificate of joinder was issued, and three of the members of the authority first appointed after a city has joined under G.S. 162A-5.1 shall have terms expiring three years from the date on which the certificate of joinder was issued. Such designation shall be made by the authority by lot at the meeting where members take their oaths of office. Successor members shall each be appointed for a term of three years to commence on the day that the terms of the prior members' terms expire, but any person appointed to fill a vacancy shall be appointed to serve only for the unexpired term and any member may be reappointed. Appointments of successor members shall, in each instance, be made by the governing body of the political subdivision appointing the member whose successor is to be appointed. Any member of the authority may be removed, with or without cause, by the governing body appointing said member.

(c) Each member of the authority before entering upon his duties shall take and subscribe an oath or affirmation to support the Constitution of the United States and of this State and to discharge faithfully the duties of his office, and a record of each such oath shall be filed with the secretary of the authority.

The authority shall select one of its members as chairman and another as vice-chairman and shall also select a secretary and a treasurer who may but need not be members of the authority. The offices of secretary and treasurer may be combined. The terms of office of the chairman, vice-chairman, secretary and treasurer shall be as provided in the bylaws of the authority.

A majority of the members of the authority shall constitute a quorum and the affirmative vote of a majority of all of the members of the authority shall be necessary for any action taken by the authority. No vacancy in the membership of the authority shall impair the right of a quorum to exercise all the rights and perform all of the duties of the authority. The members of the authority may be paid a per diem compensation set by the authority which per diem may not exceed the total amount of four thousand dollars (\$4,000) annually, and shall be reimbursed for the amount of actual expenses incurred by them in the performance of their duties. (1955, c. 1195, s. 5; 1969, c. 850; 1971, c. 892, s. 1; 1975, c. 224, ss. 3, 4; 1995, c. 207, s. 3; 1999-456, s. 43; 2001-224, s. 2.1; 2005-127, s. 2; 2006-226, s. 29.)

Editor's Note. — Session Laws 2005-127, s. 3, as amended by Session Laws 2006-226, s. 29, provides that for each water and sewer authority organized under Article 1 of Chapter 162A of the General Statutes, G.S. 162A-5(c) applies on

the first day of the fiscal year of the authority that begins on or after June 29, 2005.

Effect of Amendments. — Session Laws 2005-127, s. 2, as amended by Session Laws 2006-226, s. 29, effective June 29, 2005, and

applicable on the first day of the fiscal year of the authority that begins after that date, substituted "four thousand dollars (\$4,000)" for

"two thousand dollars (\$2,000)" in the last paragraph of subsection (c).

§ 162A-5.1. Political subdivision allowed to join certain authorities.

(a) As used in this section, "city" means a city, town, or incorporated village.

(b) When an authority was organized under G.S. 162A-3.1 by one county and one city, and the majority of the authority's water customers are located within a city which is not the city that was one of the two original organizers, then that city may join the authority and appoint members as provided by this section.

(c) A city joining the authority under this section shall do so in accordance with the procedures of G.S. 162A-4. The resolution shall become effective upon the issuance of a certificate of joinder under G.S. 162A-4(c).

(d) When a city joins an authority under this section, then effective on a date set in the resolution, but not earlier than the first day of the second calendar month after the issuance of the certificate of joinder under G.S. 162A-4(c), the terms of office of all the members of the authority are terminated, and the authority shall consist of members appointed as follows:

- (1) Two members appointed by the governing board of the city joining the authority under this section. These members must be residents of that city.
- (2) One member appointed by the governing board of the city that was one of the two original organizers. That member must be a resident of that city.
- (3) One member appointed by the board of commissioners of the county that was one of the two original organizers. This member must be a resident of a household served by the authority's water system.
- (4) One member appointed by the board of commissioners of the county that was one of the two original organizers. This member must be a resident of a household served by a sewer system operated by the authority, but may not be a resident of a household served by the authority's water system.
- (5) One member appointed by the board of commissioners of the county that was one of the two original organizers. This member must be a resident of a household served by the authority's water system which is located outside the corporate limits of any municipality.
- (6) One member appointed by the board of commissioners of the county that was one of the two original organizers. That member must be a resident of the city that has the second highest number of residential water customers served by the authority. (1995, c. 207, s. 1.)

- (14a) To make special assessments against benefited property within the area served or to be served by the authority for the purpose of constructing, reconstructing, extending, or otherwise improving water systems or sanitary collection, treatment, and sewage disposal systems, in the same manner that a county may make special assessments under authority of Chapter 153A, Article 9, except that the language appearing in G.S. 153A-185 reading as follows: "A county may not assess property within a city pursuant to subdivision (1) or (2) of this section unless the governing board of the city has by resolution approved the project," shall not apply to assessments levied by Water and Sewer Authorities established pursuant to Chapter 162A, Article 1, of the General Statutes. For the purposes of this paragraph, references in Chapter 153A, Article 9, to the "county," the "board of county commissioners," "the board" or a specific county official or employee are deemed to refer, respectively, to the authority and to the official or employee of the authority who performs most nearly the same duties performed by the specified county official or employee.

Assessment rolls after being confirmed shall be filed for registration in the office of the Register of Deeds of the county in which the property being assessed is located, and the term "county tax collector" wherever used in G.S. 153A-195 and G.S. 153A-196, shall mean the Executive Director or other administrative officer designated by the authority to perform the functions described in said sections of the statute.

- (14b) To provide for the defense of civil and criminal actions and payment of civil judgments against employees and officers or former employees and officers and members or former members of the governing body as authorized by G.S. 160A-167, as amended.
- (14c) To adopt ordinances to regulate and control the discharge of sewage or stormwater into any sewerage system owned or operated by the authority, to adopt ordinances concerning stormwater management programs designed to protect water quality by controlling the level of pollutants in and the quantity and flow of stormwater, and to adopt ordinances to regulate and control structural and natural stormwater and drainage systems of all types. Prior to the adoption of any such ordinance or any amendment to any such ordinance, the authority shall first pass a declaration of intent to adopt such ordinance or amendment. The declaration of intent shall describe the ordinance which it is proposed that the authority adopt. The declaration of intent shall be submitted to each governing body for review and comment. The authority shall consider any comment or suggestions offered by any governing body with respect to the proposed ordinance or amendment. Thereafter, the authority shall be authorized to adopt such ordinance or amendment to it at any time after 60 days following the submission of the declaration of intent to each governing body.
- (14d) To require the owners of developed property on which there are situated one or more residential dwelling units or commercial estab-

lishments located within the jurisdiction of the authority and within a reasonable distance of any waterline or sewer collection line owned, leased as lessee, or operated by the authority to connect the property with the waterline, sewer connection line, or both and fix charges for the connections. The power granted by this subdivision may be exercised by an authority only to the extent that the service, whether water, sewer, or a combination thereof, to be provided by the authority is not then being provided to the improved property by any other political subdivision or by a public utility regulated by the North Carolina Utilities Commission pursuant to Chapter 62 of the General Statutes. In the case of improved property that would qualify for the issuance of a building permit for the construction of one or more residential dwelling units or commercial establishments and where the authority has installed water or sewer lines or a combination thereof directly available to the property, the authority may require payment of a periodic availability charge, not to exceed the minimum periodic service charge for properties that are connected. This subdivision applies only to a water and sewer authority whose membership includes part or all of a county that has a population of at least 40,000 according to the most recent annual population estimates certified by the State Budget Officer.

(15) To do all acts and things necessary or convenient to carry out the powers granted by this Article.

(16) To purchase real or personal property as provided by G.S. 160A-20, in addition to any other method allowed under this Article.

(b) In addition to the powers given under subsection (a) of this section, an authority created under G.S. 162A-3.1 and its participating political subdivisions may enter into agreements obligating these subdivisions to make payments to the authority for treated water delivered or made available or expected to be delivered or made available by the authority, regardless of whether treated water is actually delivered or made available. Such payments may be designed to cover the authority's operating costs (including debt service and related amounts) by allocating those costs among the participating political subdivisions and by requiring these subdivisions to pay additional amounts to make up for the nonpayment of defaulting subdivisions. The participating political subdivisions may agree to budget for and appropriate such payments. Such payment obligations may be made absolute, unconditional, and irrevocable and required to be performed strictly in accordance with the terms of such agreements and without abatement or reduction under all circumstances whatsoever, including whether or not any facility of the authority is completed, operable or operating and, notwithstanding the suspension, interruption, interference, reduction or curtailment of the output of any such facility or the treated water contracted for, and such obligations may be made subject to no reduction, whether by offset or otherwise, and not conditioned upon the performance or nonperformance of the authority or any participating political subdivision under any agreement. Such payment obligations are in consideration of any output or capacity that may at any time be available from facilities of the authority. The participating political subdivisions may agree to make such payments from limited or specified sources. To the extent such payments relate to debt service of the authority and related amounts, they may not be made from any moneys derived from exercise by the participating political subdivisions of their taxing power, and such payment obligations shall not constitute a pledge of such taxing power. The participating political subdivisions may agree (i) not to pledge or encumber any source of payment and (ii) to operate (including fixing rates and charges) in a manner that enables them to make such payments from such sources. The participating

political subdivisions may also secure such payment obligations with a pledge of or lien upon any such sources of payment. Notwithstanding the provisions of G.S. 162A-9 or any other law to the contrary, an authority entering into any such agreement need not fix rates, fees and other charges for its services except as provided herein, and such rates, fees and charges need not be uniform through the authority's service areas. Notwithstanding the provisions of G.S. 160A-322 or any other law to the contrary, agreements described herein may have a term not exceeding 50 years. Notwithstanding any law to the contrary, the execution and effectiveness of any agreement authorized hereby shall not be subject to any authorizations or approvals by any entity except the parties thereto. Each authority and its participating political subdivisions shall have the power to do all acts and things necessary or convenient to carry out the powers granted by this subsection.

(c) In addition to the powers given under subsection (a) of this section, an authority that holds a certificate issued after December 1, 1991, by the Environmental Management Commission under G.S. 162A-7 (repealed) may acquire property by the power of eminent domain or by gift, purchase, grant, exchange, lease, or any other lawful method for one or more of the following purposes:

- (1) To relocate a road or to construct a road necessitated by construction of water supply project.
- (2) To establish, extend, enlarge, or improve storm sewer and drainage systems and works, or sewer and septic tank lines and systems.
- (3) To establish drainage programs and programs to prevent obstructions to the natural flow of streams, creeks and natural water channels or to improve drainage facilities. The authority contained in this subdivision is in addition to any authority contained in Chapter 156 of the General Statutes.
- (4) To acquire property for wetlands mitigation. (1955, c. 1195, s. 6; 1969, c. 850; 1971, c. 892, s. 1; 1979, c. 804; 1983, c. 525, s. 5; c. 820, s. 1; 1987 (Reg. Sess., 1988), c. 981, s. 2; 1989, c. 517; 1993 (Reg. Sess., 1994), c. 696, s. 8.1; 1995, c. 509, s. 113; c. 511, s. 1; 1997-436, s. 1; 2000-70, s. 6; 2004-203, s. 5(n).)

Editor's Note. — Section 3 of Session Laws 1989, c. 517 provided that the act "shall have the effect of validating the acquisition of any property theretofore acquired by any water and sewer authority by any of the methods authorized by this revision of G.S. subdivision 162A-6(10) by Section 1 of this act."

Section 162A-7, referred to in this section, was repealed by Session Laws 1993, c. 348, s. 6, effective January 1, 1994.

Session Laws 1995, c. 511, which amended this section, in s. 5 provides: "It is the express purpose of this act to provide additional and alternative powers to political subdivisions and

authorities affected by this act and to provide additional and alternative methods by which the functions affected by this act may be performed. This act is not intended, and shall not be construed, to derogate, limit, or repeal any power now existing under any other law, whether general, special, or local."

Session Laws 1995, c. 511, which amended this section, in s. 6 provides: "All general, special, or local laws, or parts thereof, inconsistent with the provisions of this act are declared to be inapplicable to the provisions of this act."

§ 162A-6.1. Privacy of employee personnel records.

(a) Notwithstanding the provisions of G.S. 132-6 or any other law concerning access to public records, personnel files of employees, former employees, or applicants for employment maintained by an authority are subject to inspection and may be disclosed only as provided by this section. For purposes of this section, an employee's personnel file consists of any information in any form gathered by the authority with respect to that employee and, by way of illustration but not limitation, relating to his application, selection or nonselection, performance, promotions, demotions, transfers, suspension and other disciplinary actions, evaluation forms, leave, salary, and termination of employment. As used in this section, "employee" includes former employees of the authority.

(b) The following information with respect to each authority employee is a matter of public record: name; age; date of original employment or appointment to the service; the terms of any contract by which the employee is employed whether written or oral, past and current, to the extent that the authority has the written contract or a record of the oral contract in its possession; current position title; current salary; date and amount of the most recent increase or decrease in salary; date of the most recent promotion, demotion, transfer, suspension, separation, or other change in position classification; and the office to which the employee is currently assigned. For the purposes of this subsection, the term "salary" includes pay, benefits, incentives, bonuses, and deferred and all other forms of compensation paid by the employing entity. The authority shall determine in what form and by whom this information will be maintained. Any person may have access to this information for the purpose of inspection, examination, and copying, during regular business hours, subject only to such rules and regulations for the safekeeping of public records as the authority may have adopted. Any person denied access to this information may apply to the appropriate division of the General Court of Justice for an order compelling disclosure, and the court shall have jurisdiction to issue such orders.

(c) All information contained in an authority employee's personnel file, other than the information made public by subsection (b) of this section, is confidential and shall be open to inspection only in the following instances:

- (1) The employee or his duly authorized agent may examine all portions of his personnel file except (i) letters of reference solicited prior to employment, and (ii) information concerning a medical disability,

- mental or physical, that a prudent physician would not divulge to his patient.
- (2) A licensed physician designated in writing by the employee may examine the employee's medical record.
 - (3) An authority employee having supervisory authority over the employee may examine all material in the employee's personnel file.
 - (4) By order of a court of competent jurisdiction, any person may examine such portion of an employee's personnel file as may be ordered by the court.
 - (5) An official of an agency of the State or federal government, or any political subdivision of the State, may inspect any portion of a personnel file when such inspection is deemed by the official having custody of such records to be inspected to be necessary and essential to the pursuance of a proper function of the inspecting agency, but no information shall be divulged for the purpose of assisting in a criminal prosecution (of the employee), or for the purpose of assisting in an investigation of (the employee's) tax liability. However, the official having custody of such records may release the name, address, and telephone number from a personnel file for the purpose of assisting in a criminal investigation.
 - (6) An employee may sign a written release, to be placed with his personnel file, that permits the person with custody of the file to provide, either in person, by telephone, or by mail, information specified in the release to prospective employers, educational institutions, or other persons specified in the release.
 - (7) The chief administrative officer, with concurrence of the authority, may inform any person of the employment or nonemployment, promotion, demotion, suspension or other disciplinary action, reinstatement, transfer, or termination of an authority employee and the reasons for that personnel action. Before releasing the information, the chief administrative officer or authority shall determine in writing that the release is essential to maintaining public confidence in the administration of authority services or to maintaining the level and quality of authority services. This written determination shall be retained in the office of the chief administrative officer or the secretary of the authority, and is a record available for public inspection and shall become part of the employee's personnel file.
- (d) Even if considered part of an employee's personnel file, the following information need not be disclosed to an employee nor to any other person:
- (1) Testing or examination material used solely to determine individual qualifications for appointment, employment, or promotion in the authority's service, when disclosure would compromise the objectivity or the fairness of the testing or examination process.
 - (2) Investigative reports or memoranda and other information concerning the investigation of possible criminal actions of an employee, until the investigation is completed and no criminal action taken, or until the criminal action is concluded.
 - (3) Information that might identify an undercover law enforcement officer or a law enforcement informer.
 - (4) Notes, preliminary drafts, and internal communications concerning an employee. In the event such materials are used for any official personnel decision, then the employee or his duly authorized agent shall have a right to inspect such materials.
- (e) The authority may permit access, subject to limitations it may impose, to selected personnel files by a professional representative of a training, research, or academic institution if that person certifies that that person will not release

information identifying the employees whose files are opened and that the information will be used solely for statistical, research, or teaching purposes. This certification shall be retained by the authority as long as each personnel file examined is retained.

(f) An authority that maintains personnel files containing information other than the information mentioned in subsection (b) of this section shall establish procedures whereby an employee, who objects to material in his file on grounds that it is inaccurate or misleading, may seek to have the material removed from the file or may place in the file a statement relating to the material.

(g) A public official or employee who knowingly, willfully, and with malice permits any person to have access to information contained in a personnel file, except as is permitted by this section, is guilty of a Class 2 misdemeanor and is punishable only by a fine not to exceed five hundred dollars (\$500.00).

(h) Any person not specifically authorized by this section to have access to a personnel file designated as confidential, who shall:

(1) Knowingly and willfully examine in its official filing place; or

(2) Remove or copy

any portion of a confidential personnel file shall be guilty of a Class 2 misdemeanor and is punishable only by a fine not to exceed five hundred dollars (\$500.00). (1993, c. 505, s. 1; 1994, Ex. Sess., c. 14, ss. 69, 70; 2007-508, s. 8.)

Editor's Note. — Session Laws 1993, c. 505, s. 2 originally enacted subsections (d) through (h) as subsections (c1) through (f). The subsections were redesignated at the direction of the Revisor of Statutes.

Effect of Amendments. — Session Laws 2007-508, s. 8, effective August 30, 2007, in subsection (b), inserted “the terms of any contract... in its possession” in the first sentence, and added the second sentence.

Cross References. — As to regulation of surface water transfers, see now G.S. 143-215.22L.

§ 162A-8. Revenue bonds.

A water and sewer authority shall have power from time to time to issue revenue bonds under the Local Government Revenue Bond Act. (1955, c. 1195, s. 7; 1969, c. 850; 1971, c. 780, s. 32; c. 892, s. 1.)

Cross References. — For the Local Government Revenue Bond Act, see G.S. 159-43 et seq.

§ 162A-9. Rates and charges; contracts for water or services; deposits; delinquent charges.

(a) An authority may establish and revise a schedule of rates, fees, and other charges for the use of and for the services furnished or to be furnished by any water system or sewer system or parts thereof owned or operated by the authority. The rates, fees, and charges established under this subsection are not subject to supervision or regulation by any bureau, board, commission, or other agency of the State or of any political subdivision.

Before an authority sets or revises rates, fees, or other charges for stormwater management programs and structural or natural stormwater and drainage system service, the authority shall hold a public hearing on the matter. At least seven days before the hearing, the authority shall publish

notice of the public hearing in a newspaper having general circulation in the area. An authority may impose rates, fees, or other charges for stormwater management programs and stormwater and drainage system service on a person even though the person has not entered into a contract to receive the service.

Rates, fees, and charges shall be fixed and revised so that the revenues of the authority, together with any other available funds, will be sufficient at all times:

- (1) To pay the cost of maintaining, repairing, and operating the systems or parts thereof owned or operated by the authority, including reserves for such purposes, and including provision for the payment of principal of and interest on indebtedness of a political subdivision or of political subdivisions which payment shall have been assumed by the authority, and
- (2) To pay the principal of and the interest on all bonds issued by the authority under the provisions of this Article as the same shall become due and payable and to provide reserves therefor.

The fees established under this subsection must be made applicable throughout the service area. Schedules of rates, fees, charges, and penalties for providing stormwater management programs and structural and natural stormwater and drainage system service may vary according to whether the property served is residential, commercial, or industrial property, the property's use, the size of the property, the area of impervious surfaces on the property, the quantity and quality of the runoff from the property, the characteristics of the watershed into which stormwater from the property drains, and other factors that affect the stormwater drainage system. Rates, fees, and charges imposed under this subsection for stormwater management programs and stormwater and drainage system service may not exceed the authority's cost of providing a stormwater management program and a structural and natural stormwater and drainage system. The authority's cost of providing a stormwater management program and a structural and natural stormwater and drainage system includes any costs necessary to assure that all aspects of stormwater quality and quantity are managed in accordance with federal and State laws, regulations, and rules.

No stormwater utility fee may be levied under this subsection whenever two or more units of local government operate separate stormwater management programs or separate structural and natural stormwater and drainage system services in the same area within a county. However, two or more units of local government may allocate among themselves the functions, duties, powers, and responsibilities for jointly operating a stormwater management program and structural and natural stormwater and drainage system service in the same area within a county, provided that only one unit may levy a fee for the service within the joint service area. For purposes of this subsection, a unit of local government shall include a regional authority providing stormwater management programs and structural and natural stormwater and drainage system services.

(b) Notwithstanding any of the foregoing provisions of this section, the authority may enter into contracts relating to the collection, treatment or disposal of sewage or the purchase or sale of water which shall not be subject to revision except in accordance with their terms.

(c) In order to insure the payment of such rates, fees and charges as the same shall become due and payable, the authority may do the following in addition to exercising any other remedies which it may have:

- (1) Require reasonable advance deposits to be made with it to be subject to application to the payment of delinquent rates, fees and charges.
- (2) At the expiration of 30 days after any rates, fees and charges become delinquent, discontinue supplying water or the services and facilities of any water system or sewer system of the authority.

- (3) Specify the order in which partial payments are to be applied when a bill covers more than one service. (1955, c. 1195, s. 8; 1971, c. 892, s. 1; 1989 (Reg. Sess., 1990), c. 1004, s. 45; 1991, c. 591, s. 4; 1991 (Reg. Sess., 1992), c. 1007, s. 47; 2000-70, s. 7.)

CASE NOTES

Liability of City for Hydrant Fees. — Even absent statutory or express contractual liability to pay for fire protection, justice and equity required city to pay fire hydrant fees to a water and sewer authority where the authority intended to maintain hydrants for the city's use, the city granted a 60-year franchise to the authority to install and maintain hydrants, free service was explicitly proscribed, the city knew of the hydrant charges, and the city paid such

charges until the rate was increased. The law would imply a promise by the city to pay for such service. Otherwise, it would be unjustly enriched at the expense of the authority. *Orange Water & Sewer Auth. v. Town of Carrboro*, 58 N.C. § 162A-9.1. Adoption and enforcement of ordinances.

(a) An authority shall have the same power as a city under G.S. 160A-175 to assess civil fines and penalties for violation of its ordinances; and, an authority may seek and recover injunctive relief to insure compliance with its ordinances as provided by this section.

(b) An ordinance may provide that its violation shall subject the offender to a civil penalty of not more than one thousand dollars (\$1,000) per violation, to be recovered by the authority in a civil action in the nature of debt if the offender does not pay the penalty within a prescribed period of time after he has been cited for violation of the ordinance. Any person assessed a civil penalty by the authority shall be notified of the assessment by registered or certified mail, and the notice shall specify the reasons for the assessment of the civil penalty. If the person assessed fails to pay the amount of the assessment to the authority within 30 days after receipt of such notice, or such longer period, not to exceed 180 days, as the authority may specify, the authority may institute a civil action in the General Court of Justice of the county in which the violation occurred, or, in the discretion of the authority, in the General Court of Justice of the county in which the person has his or its principal place of business, to recover the amount of the assessment. The validity of the authority's action in assessing the violator may be appealed directly to the General Court of Justice in the county in which the violation occurred, or may be raised at any time in the action to recover the assessment. No failure to contest directly the validity of the authority's action in levying the assessment shall preclude the person assessed from later raising the issue of validity in any action to collect the assessment.

(c) An ordinance may provide that it may be enforced, and it may be enforced, by any appropriate equitable remedy issuing from a court of competent jurisdiction. In such cases, the General Court of Justice shall have jurisdiction and authority to issue such orders as may be appropriate to enforce the ordinances of the authority, and it shall not be a defense to the application made by the authority therefor that there is an adequate remedy at law.

(d) Subject to the express terms of any ordinance, an ordinance adopted by the authority may be enforced by any one, all or a combination of the remedies authorized and prescribed by this section.

(e) An ordinance may provide, when appropriate, that each day's continuing violation thereof shall constitute and be a separate and distinct offense. (1983, c. 820, s. 2.)

§ 162A-10: Repealed by Session Laws 1971, c. 780, s. 33.

§ 162A-11. Moneys received deemed trust funds.

All moneys received pursuant to the authority of this Article shall be deemed to be trust funds, to be held and applied solely as provided in this Article. The resolution authorizing the issuance of bonds or the trust agreement securing such bonds shall provide that any officer to whom, or bank, trust company or fiscal agent to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this Article and such resolution or trust agreement may provide. (1955, c. 1195, s. 10; 1971, c. 892, s. 1.)

§ 162A-12. Bondholder's remedies.

Any holder of revenue bonds issued under the provisions of this Article or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by the resolution authorizing the issuance of such bonds or such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this Article or by such resolution or trust agreement to be performed by the authority or by any officer thereof, including the fixing, charging and collecting of rates, fees and charges for the use of or for the services and facilities furnished by a water system or sewer system. (1955, c. 1195, s. 11; 1971, c. 892, s. 1.)

§ 162A-13. Refunding bonds.

Each authority is hereby authorized to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The authority is further authorized to issue from time to time revenue bonds of the authority for the combined purpose of

- (1) Refunding any revenue bonds or revenue refunding bonds of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and
- (2) Paying all or any part of the cost of acquiring or constructing any additional water system or sewer system or part thereof, or any improvements, extensions or enlargements of any water system or sewer system.

The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the authority with respect to the same, shall be governed by the foregoing provisions of this Article insofar as the same may be applicable. (1955, c. 1195, s. 12; 1971, c. 892, s. 1.)

§ 162A-14. Conveyances and contracts between political subdivisions and authority.

The governing body of any political subdivision is hereby authorized and empowered:

- (1) Pursuant to the provisions of G.S. 160A-274 and subject to the approval of the Local Government Commission, except for action taken hereunder by any State agency, to transfer jurisdiction over, and to lease, lend, grant or convey to an authority upon the request of the authority, upon such terms and conditions as the governing body of such political subdivision may agree with the authority as reasonable and fair, the whole or any part of any existing water system or sewer system or such real or personal property as may be necessary or desirable in connection with the acquisition, construction, reconstruction, improvement, extension, enlargement, equipment, repair, maintenance or operation of any water system or sewer system or part thereof by the authority, including public roads and other property already devoted to public use;
- (2) To make and enter into contracts or agreements with an authority, upon such terms and conditions and for such periods as are agreed to by the governing body of such political subdivision and the authority;
 - a. For the collection, treatment or disposal of sewage by the authority or for the purchase of a supply of water from the authority;
 - b. For the collecting by such political subdivision or by the authority of fees, rates or charges for water furnished to such political subdivision or to its inhabitants and for the services and facilities rendered to such political subdivision or to its inhabitants by any water system or sewer system of the authority, and for the enforcement of delinquent charges for such water, services and facilities;
 - c. For shutting off the supply of water furnished by any water system owned or operated by such political subdivision in the event that the owner, tenant or occupant of any premises utilizing such water shall fail to pay any rates, fees or charges for the use of or for the services furnished by any sewer system of the authority, within the time or times specified in such contract; and
 - d. For requiring the owners of developed property on which there are situated one or more residential dwelling units or commercial establishments located within the corporate limits of the political subdivision and located within a reasonable distance of any waterline or sewer connection line owned, leased as lessee, or operated by the authority to connect to the line and collecting, on behalf of the authority, charges for the connections and requiring, as a condition to the issuance of any development permit or building permit by the political subdivision, evidence that any impact fee by the authority has been paid by or on behalf of the applicant for the permit.
- (3) To fix, and revise from time to time, rates, fees and other charges for water and for the services furnished or to be furnished by any water system or sewer system of the authority, or parts thereof, under any contract between the authority and such political subdivision, and to pledge all or any part of the proceeds of such rates, fees and charges to the payment of any obligation of such political subdivision under such contract; and
- (4) In its discretion, to submit to the qualified electors under the election laws applicable to such political subdivision any contract or agreement which such governing body is authorized to make and enter into with the authority under the provisions of this Article. This act is not intended, and

shall not be construed, to derogate, limit, or repeal any power now existing under any other law, whether general, special, or local."

Session Laws 1995, c. 511, which amended this section, in s. 6 provides: "All general, special, or local laws, or parts thereof, inconsistent with the provisions of this act are declared to be inapplicable to the provisions of this act."

§ 162A-15. Services to authority by private water companies; records of water taken by authority; reports to the Commission.

Each private water company which is supplying water to the owners, lessees or tenants of real property which is or will be served by any sewer system of an authority is authorized to act as the billing and collecting agent of the authority for any rates, fees or charges imposed by the authority for the services rendered by such sewer system. Any such company shall, if requested by an authority furnish to the authority copies of its regular periodic meter reading and water consumption records and other pertinent data as may be required for the authority to act as its own billing and collecting agent. The authority shall pay to such water company the reasonable additional cost of clerical services and other expenses incurred by the water company in rendering such services to the authority. The authority shall by means of suitable measuring and recording devices and facilities record the quantity of water taken daily by it from any stream or reservoir and make monthly reports of such daily recordings to the Commission. (1955, c. 1195, s. 14; 1989 (Reg. Sess., 1990), c. 1004, s. 46.)

§ 162A-16. Contributions or advances to authority by political subdivisions.

Any political subdivision is hereby authorized to make contributions or advances to an authority, from any moneys which may be available for such purpose, to provide for the preliminary expenses of such authority in carrying out the provisions of this Article. Any such advances may be repaid to such political subdivisions from the proceeds of bonds issued by such authority under this Article. (1955, c. 1195, s. 15; 1971, c. 892, s. 1.)

§ 162A-17. Article regarded as supplemental.

This Article shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this Article need not comply with the requirements of any other law applicable to the issuance of bonds. (1955, c. 1195, s. 16; 1971, c. 892, s. 1.)

§ 162A-18. Actions against authority by riparian owners.

Any riparian owner alleging an injury as a result of any act of an authority created under this Article may maintain an action for relief against the acts of the authority either in the county where the lands of such riparian owner lie or in the county in which the principal office of the authority is maintained. (1955, c. 1195, s. 161/2; 1971, c. 892, s. 1.)

§ 162A-19. Inconsistent laws declared inapplicable.

ARTICLE 2.

Regional Water Supply Planning.

§ 162A-20. Title.

This Article shall be known and may be cited as the “Regional Water Supply Planning Act of 1971.” (1971, c. 892, s. 1.)

CASE NOTES

§ 162A-21. Preamble.

The Legislative Research Commission was directed by Senate Resolution 875 of the 1969 General Assembly to study and report to the 1971 General Assembly on the need for legislation “concerning local and regional water supplies (including sources of water, and organization and administration of water systems).” Pursuant to said Resolution a report was prepared and adopted by the Legislative Research Commission in 1970 concerning local and regional water supplies. In this report the Legislative Research Commission made the following findings concerning the need for planning and developing regional water supply systems in order to provide adequate supplies of high quality water to the citizens of North Carolina, of which the General Assembly hereby takes cognizance:

- (1) The existing pattern of public water supply development in North Carolina is dominated by many small systems serving few customers. Of the 1,782 public water systems of record on July 1, 1970, according to Department of Health and Human Services statistics, over eighty percent (80%) were serving less than 1,000 people each. These small systems are often underfinanced, inadequately designed and maintained, difficult to coordinate with nearby regional systems, and generally inferior to systems serving larger communities as regards adequacy of source, facilities and quality. The situation which has developed reflects a need for better planning at both State and local levels.
- (2) The State’s population balance is steadily changing. Sparsely populated counties are losing residents to the more densely populated counties, while the State’s total population is increasing. As this trend continues, small towns and communities will find it increasingly difficult to build and maintain public water supply systems. Also, as urban centers expand, and embrace relatively large geographical areas, economic factors will dictate that regional water systems be developed to serve these centers and to meet the demands of commercial and industrial development. It is estimated that countywide or regional water systems are needed now by 50 counties.
- (3) If the future public water supply needs of the State are to be met, a change in the existing pattern of public water supply development

and management must be undertaken. Regional planning and development is an immediate need. The creation of countywide or regional water supplies, with adequate interconnections, is necessary in order to provide an adequate supply of high quality water to the State's citizens, to make supplies less vulnerable to recurring drought conditions, and to have systems large enough to justify the costs of adequate facilities and of proper operation and maintenance.

- (4) The State should provide a framework for comprehensive planning of regional water supply systems, and for the orderly coordination of local actions, so as to make the most efficient use of available water resources and economies of scale for construction, operation and maintenance. The State should also provide financial assistance to local governments and regional authorities in order to assist with the cost of developing comprehensive regional plans, and countywide plans compatible with a regional system. (1971, c. 892, s. 1; 1973, c. 476, s. 128; 1997-443, s. 11A.118(a).)

Editor's Note. — Session Laws 2007-518, s. 1(a), provides: "The Environmental Review Commission, with the assistance of the Department of Environment and Natural Resources, shall study the allocation of surface water resources and their availability and maintenance in the State, including issues related to the transfer of water from one river basin to another, the withdrawal of water for consumptive use, and the accuracy and tolerance of equipment used to measure the flow of water transferred from one river basin to another river basin. The Commission shall evaluate the benefits of establishing formal and informal procedures for negotiating transfers of water from one river basin to another. The Commission shall also study and recommend measures to: (i) ensure that the purposes of the Regional Water Supply Planning Act of 1971, as set out in G.S. 162A-21, are fulfilled; (ii) provide for a comprehensive system for regulating surface water withdrawals for consumptive and

nonconsumptive uses; (iii) provide for the establishment of a statewide plan for water resources development projects; (iv) provide for adequate resources for the Department so that it may develop and implement a comprehensive approach to water resources management; (v) ensure that all State laws regulating water resources are consistent with and fully integrated into the comprehensive system for regulating surface water withdrawals and the statewide plan for water resources development projects; and (vi) ensure that potential interstate conflicts related to water resources are avoided or minimized. In the conduct of this study, the Environmental Review Commission may employ independent consultants as provided in G.S. 120-32.02 and G.S. 120-70.44. The Environmental Review Commission may submit an interim report to the 2008 Regular Session of the General Assembly and shall submit a final report of its findings and recommendations, including any legislative proposals, to the 2009 General Assembly."

Water Supply, Inc. v. City of Wilmington, 97 N.C. App. 400, 388 S.E.2d 608 (1990).

§ 162A-22. Definition of regional water supply system.

For the purposes of this Article "a regional water supply system" is defined as a public water supply system of a municipality, county, sanitary district, or other political subdivision of the State, or combination thereof, which provides, is intended to provide, or is capable of providing an adequate and safe supply of water to a substantial portion of the population within a county, or to a substantial water service area in a region composed of all or parts of two or more counties, or to a metropolitan area in two or more counties. (1971, c. 892, s. 1.)

§ 162A-23. State role and functions relating to local and regional water supply planning.

(a) It should be the role of State government to provide a framework for comprehensive planning of regional water supply systems, and for the orderly coordination of local actions relating to water supply, so as to make possible the most efficient use of water resources and to help realize economies of scale in water supply systems. To these ends, it shall be the function of State government to:

- (1) Identify major sources of raw water supply for regional systems, and raw water interconnections as may be desirable and feasible.
- (2) Identify areas suitable for the development of regional systems.
- (3) Establish priorities for regionalization.
- (4) Develop plans for connecting proposed regional systems to major sources of supply, and for such finished water interconnections as may be desirable and feasible.
- (5) Review and approve plans for proposed regional systems, and for proposed municipal and countywide systems which are compatible with a regional plan.
- (6) Administer a State program of financial assistance to local governments and regional planning agencies for the development of comprehensive plans for regional water systems, or county systems compatible with regional plans.
- (7) Provide technical assistance to local and regional planning agencies, and to consulting engineering firms.

(b) Responsibility for carrying out the role of State government in regional water supply planning shall be assigned to the Department of Environment and Natural Resources. (1971, c. 892, s. 1; 1973, c. 476, s. 128; 1989, c. 727, s. 212; 1997-443, s. 11A.123.)

§ 162A-24. Regional Water Supply Planning Revolving Fund established; conditions and procedures.

(a) There is established under the control and direction of the Department of Administration a Regional Water Supply Planning Revolving Fund, to consist of any moneys that may be appropriated for use through the fund by the General Assembly or that may be made available to it from any other source. The Department may make advances from the fund to any county, municipality, sanitary district, or to counties and municipalities acting collectively or jointly as a regional water authority, for the purpose of meeting the cost of advance planning and engineering work necessary or desirable for the development of a comprehensive plan for a regional water supply system as defined in this Article. Such advances shall be subject to repayment by the recipient to the Department from the proceeds of bonds or other obligations for the regional water supply system, or from other funds available to the recipient including grants, except when, in the judgment of the Department of Environment and Natural Resources, a proposed plan for development and construction of a countywide or other regional water system is not feasible because of design and construction factors or because available sources of raw water supply are inadequate or because construction of a proposed system is not economically feasible, (but not if the applicant decides not to proceed with construction that has been planned and which the Department of Environment and Natural Resources have declared to be feasible).

(b) The Department of Administration shall not make any advance pursuant to this section without first referring the application and proposal to the Department of Environment and Natural Resources for determination as to whether the following conditions have been met:

- (1) The proposed area is suitable for development of a regional water supply system from the standpoint of present and projected populations, industrial growth potential, and present and future sources of raw water.
 - (2) The applicant proposes to undertake long-range comprehensive planning to meet present and projected needs for high quality water service through the construction of a regional water supply system as defined in this Article. The determination by the Department of Environment and Natural Resources that the proposed system would be a "regional system," as defined by this Article, shall be conclusive.
 - (3) The applicant proposes to coordinate planning of the regional water supply with land-use planning in the area, in order that both planning efforts will be compatible.
 - (4) The applicant proposes to employ an engineer licensed to practice in the State of North Carolina to prepare a comprehensive regional water supply plan, which plan will provide detailed information on source or sources of water to meet projected domestic and industrial water demands; proposed system, including raw water intake(s), treatment plant, storage facilities, distribution system, and other waterworks appurtenances; proposed interconnections with existing systems, and provisions for interconnections with other county, municipal and regional systems; phased development of systems to achieve ultimate objectives if economic feasibility is in question; projected water service areas; proposed equipment; estimates of cost and projected revenues; and methods of financing.
- (c) In addition to the above conditions, the Department of Administration shall not make any advance to any applicant until the following conditions have also been met:
- (1) The Department has determined that there is a reasonable prospect of federal (or State) aid in the financing of the projected work if the undertaking is one that will be dependent upon federal (or State) aid.
 - (2) The Department has received firm assurances from the applicant that the works or project, if feasible, will be undertaken.
- (d) All advances made pursuant to this section shall be repaid in full, within one year of the start of construction on the projected system, or within six months after the issuance of bonds for the financing of construction of the system, or within six years from the date of the making of the advance, whichever comes first. The Department may, in its discretion, require the repayment of any advance in installments.
- (e) The Department of Administration may adopt such rules and regulations with respect to the making of applications or the receipt of advances as are consistent with the terms and purpose of this section.
- (f) The provisions of Chapter 159 of the General Statutes of North Carolina (Local Government Acts) shall not apply to advances made from the Regional Water Supply Planning Revolving Fund as authorized in this Article. (1971, c. 892, s. 1; 1973, c. 476, s. 128; 1989, c. 727, ss. 213, 214; 1997-443, s. 11A.123.)

§ 162A-25. Construction of Article.

This Article shall be construed as providing supplemental authority in addition to the powers of the Department of Environment and Natural Resources under Chapter 130A and Articles 21 and 38 of Chapter 143 of the General Statutes, the powers of the North Carolina Utilities Commission under Chapter 62 of the General Statutes, and any other provisions of law

concerning local and regional water supplies. (1971, c. 892, s. 1; 1973, c. 476, s. 128; 1989, c. 727, s. 215; 1997-443, s. 11A.123.)

§ 162A-26. Title.

This Article shall be known and may be cited as the “Regional Sewage Disposal Planning Act of 1971.” (1971, c. 870, s. 1.)

§ 162A-27. Definitions of “regional sewage disposal system” and “comprehensive planning.”

For the purposes of this Article “regional sewage disposal system” is defined as a public sewage disposal system of a municipality, county, sanitary district, or other political subdivision of the State, or combination thereof, which provides, is intended to provide, or is capable of providing adequate collection, treatment, purification and disposal of sewage to a substantial portion of the population within a county, or a region composed of all or parts of two or more counties, or to a metropolitan area in two or more counties. “Comprehensive planning” is defined as that planning which is a prerequisite for qualifying for receipt of federal and/or State grant funds for preparation of plans and specifications and for actual construction of regional sewage disposal systems. (1971, c. 870, s. 1; 1975, c. 251, s. 1.)

§ 162A-28. Role and function of Environmental Management Commission.

The North Carolina Environmental Management Commission, in order to provide a framework for comprehensive planning of regional sewage disposal systems and for orderly coordination of local actions relating to sewage disposal, to make possible the most efficient disposal of sewage and to help realize economies of scale in sewage disposal systems, shall perform the following functions:

- (1) Identify major sources of sewage for regional systems and sewer system interconnections as may be desirable and feasible.
- (2) Identify geographical areas of the State suitable for the development of regional sewage disposal systems that meet federal and State grant requirements.
- (3) Establish priorities for regionalization.
- (4) Develop plans for connecting proposed regional sewage disposal systems to major sources of sewage and for such sewer system interconnections as may be desirable and feasible.
- (5) Review and approve plans for proposed regional sewage disposal systems and for proposed municipal and countywide systems which are compatible with a regional plan.
- (6) Administer a State program of financial assistance to local governments and regional planning agencies for the development of comprehensive plans for regional sewage disposal systems or county systems compatible with regional plans.

- (7) Provide technical assistance to local and regional planning agencies and to consulting engineering firms. (1971, c. 870, s. 1; 1973, c. 1262, s. 23; 1975, c. 251, s. 2.)

The determination by the Department of Environment and Natural Resources, that the proposed system would be a "regional system," as defined by this Article, shall be conclusive.
- (3) The applicant proposes to coordinate planning of the regional sewage disposal system with land-use planning in the area, in order that both planning efforts will be compatible.
- (4) The applicant proposes to employ an engineer licensed to practice in the State of North Carolina to prepare a comprehensive regional sewage disposal plan, which plan will provide detailed information on the source or sources of sewage; the proposed system, including all facilities and appurtenances thereto for the collection, transmission, treatment, purification and disposal of sewage; any proposed interconnection with existing systems, and provisions for interconnections with other county, municipal and regional systems; the phased development of systems to achieve ultimate objectives if economic feasibility is in question; projected sewage disposal service areas;

proposed equipment; estimates of cost and projected revenues; and methods of financing.

(c) In addition to the above conditions, the Department of Administration shall not make any advance to any applicant until the following conditions have also been met:

- (1) The Department has determined that there is a reasonable prospect of federal (or State) aid in the financing of the projected work if the undertaking is one that will be dependent upon federal (or State) aid.
- (2) The Department has received firm assurances from the applicant that the work or project, if feasible, will be undertaken.
- (3) The applicant has furnished evidence that it does not have funds available to finance the plan.

(d) All advances made pursuant to this section shall be repaid in full, upon receipt of any sewage disposal facilities planning grant funds from federal or State sources, or within one year of the start of construction on the projected system, or within six months after the issuance of bonds for the financing of construction of the system, or within six years from the date of the making of the advance, whichever comes first. The Department may, in its discretion, require the repayment of any advance in installments.

(e) The Department of Administration may adopt such rules and regulations with respect to the making of applications or the receipt of advances as are consistent with the terms and purpose of this section.

(f) The provisions of Chapter 159 of the General Statutes of North Carolina (Local Government Acts) shall not apply to advances made from the Regional Sewage Disposal Planning Revolving Fund as authorized in this Article. § 162A-33. Procedure for creation; resolutions and petitions for creation; notice to and action by Commission for Public Health; notice and public hearing; resolutions creating districts; actions to set aside proceedings.

Any two or more political subdivisions in a county, or any political subdivision or subdivisions, including any existing water or sewer district, and any unincorporated area or areas located within the same county, which political subdivisions or areas need not be contiguous, may petition the board of commissioners for the creation of a metropolitan water district under the provisions of this Article by filing with the board of commissioners:

- (1) A resolution of the governing body of each such political subdivision stating the necessity for the creation of a metropolitan water district under the provisions of this Article in order to preserve and promote the public health and welfare within the area of the proposed district, and requesting the creation of a metropolitan water district having the boundaries set forth in said resolution, and
- (2) If any unincorporated area is to be included in such district, a petition, signed by not less than fifteen per centum (15%) of the voters resident within such area, defining the boundaries of such area, stating the necessity for the creation of a metropolitan water district under the provisions of this Article in order to preserve and promote the public health and welfare within the proposed district, and requesting the creation of a metropolitan water district having the boundaries set forth in such petition for such district.

If any water district, sewer district or special purpose district shall encompass wholly or in part within its boundaries a city or town, no such water district, sewer district or special purpose district may petition for inclusion within a metropolitan water district unless the governing body of such city or town shall approve such petition or shall also petition for its inclusion within such metropolitan water district.

Upon the receipt of such resolutions and petitions requesting the creation of a metropolitan water district, the board of commissioners, through its chairman shall notify the Department of Environment and Natural Resources of the receipt of such resolutions and petitions, and shall request that a representative of the Department of Environment and Natural Resources hold a joint public hearing with the board of commissioners concerning the creation of the proposed metropolitan water district. The Secretary of Environment and Natural Resources and the chairman of the board of commissioners shall name a time and place within the proposed district at which the public hearing shall be held. The chairman of the board of commissioners shall give prior notice of such hearing by posting a notice at the courthouse door of the county and also by publication in a newspaper circulating in the proposed district at least once a week for four successive weeks, the first publication to be at least 30 days prior to such hearing. In the event all matters pertaining to the creation of such metropolitan water district cannot be concluded at such hearing, such hearing may be continued to a time and place within the proposed district determined by the board of commissioners with the concurrence of the representative of the Department of Environment and Natural Resources.

If, after such hearing, the Commission for Public Health and the board of commissioners shall deem it advisable to comply with the request of such resolutions and petitions, and determine that the preservation and promotion of the public health and welfare in the area or areas described in such resolutions and petitions require that a metropolitan water district should be created and established, the Commission for Public Health shall adopt a

resolution to that effect, defining the boundaries of such district and declaring the territory within such boundaries to be a metropolitan water district under the name and style of “_____ Metropolitan Water District of _____ County”; provided that the Commission for Public Health may make minor deviations in the boundaries from those prescribed in the resolutions and petitions upon the Commission for Public Health determining that such deviations are advisable in the interest of the public health, provided no such district shall include any political subdivision which has not petitioned for inclusion as provided for in this Article.

The Commission for Public Health shall cause copies of the resolution creating the metropolitan water district to be sent to the board of commissioners and to the governing body of each political subdivision included in the district. The board of commissioners shall cause a copy of such resolution of the Commission for Public Health to be published in a newspaper circulating within the district once in each of two successive weeks, and a notice substantially in the following form shall be published with such resolution:

“The foregoing resolution was passed by the Commission for Public Health on the _____ day of _____, _____, and was first published on the _____ day of _____, _____.

Any action or proceeding questioning the validity of said resolution or the creation of the metropolitan water district therein described must be commenced within 30 days after the first publication of said resolution.

Clerk, Board of Commissioners for _____ County.”

Any action or proceeding in any court to set aside a resolution creating a metropolitan water district or to obtain any other relief upon the ground that such resolution or any proceeding or action taken with respect to the creation of such district is invalid, must be commenced within 30 days after the first publication of the resolution and said notice. After the expiration of such period of limitation, no right of action or defense founded upon the invalidity of the resolution or the creation of the metropolitan water district therein described shall be asserted, nor shall the validity of the resolution or of the creation of such metropolitan water district be open to question in any court upon any ground whatever, except in an action or proceeding commenced within such period.

Notwithstanding the provisions of G.S. 160-2(6), after the creation of a water district pursuant to the provisions of this Article a municipality or other political subdivision which owns or operates an existing water system or sewer system may lease, contract, assign or convey such system or systems to the district under and subject to such terms and conditions and for such considerations as it may deem advisable for the general welfare and benefit of its citizens. (1971, c. 815, s. 3; 1973, c. 476, s. 128; 1985, c. 462, s. 16; 1989, c. 727, s. 219(40); 1989 (Reg. Sess., 1990), c. 1004, s. 19(b); 1997-443, s. 11A.123; 1999-456, s. 59; 2007-182, s. 2.)

Editor’s Note. — Section 160-2, referred to in this section, was repealed by Session Laws 1971, c. 698, s. 2. See now Chapter 160A.

Effect of Amendments. — Session Laws

2007-182, s. 2, effective July 5, 2007, substituted “Commission for Public Health” for “Commission for Health Services” in the section heading and throughout the section.

§ 162A-34. District board; composition, appointment, term, oaths and removal of members; organization; meetings; quorum; compensation and expenses of members.

(a) Immediately after the creation of the district, the board of commissioners shall appoint three members of the district board and the governing body of each political subdivision included in the district shall appoint one member, except that if any city or town has a population, according to the latest decennial census, in excess of the total population of the remaining cities and towns within the district, or where there are no other cities or towns involved, if the census population is in excess of the total population of the remainder of the district, the governing body shall appoint three members. No appointment of a member of the district board shall be made by or in behalf of any political subdivision of which the board of commissioners shall be the governing body, the three appointees designated by the board of commissioners shall be selected from within the district and shall be deemed to represent all such political subdivisions. The members of the district board first appointed shall have terms expiring one year, two years and three years, respectively, from the date of adoption of the resolution of the Commission for Public Health creating the district, as the board of commissioners shall determine, provided that of the three members appointed by any governing body, not more than one such member shall be appointed for a three-year term. Successive members shall each be appointed to serve only for the unexpired term and any member of the district board may be reappointed. Appointments of successor members shall, in each instance, be made by the governing body making the initial appointment or appointments. All members shall serve until their successors have been duly appointed and qualified, and any member of the district board may be removed for cause by the governing body appointing him.

Each member of the district board before entering upon his duties shall take and subscribe an oath or affirmation to support the Constitution and laws of the United States and of this State and to discharge faithfully the duties of his office, and a record of each such oath shall be filed with the clerk of the board of commissioners.

The district board shall elect one of its members as chairman and another as vice-chairman and shall appoint a secretary and a treasurer who may but need not be members of the district board. The offices of secretary and treasurer may be combined. The terms of office of the chairman, vice-chairman, secretary and treasurer shall be as provided in the bylaws of the district board.

The district board shall meet regularly at such places and dates as determined by the board. Special meetings may be called by the chairman on his own initiative and shall be called by him upon request of two or more members of the board. All members shall be notified in writing at least 24 hours in advance of such meeting. A majority of the members of the district board shall constitute a quorum and the affirmative vote of a majority of the members of the district board present at any meeting thereof shall be necessary for any action taken by the district board. No vacancy in the membership of the district board shall impair the right of a quorum to exercise all the rights and perform all the duties of the district board. Each member including the chairman shall be entitled to vote on any question. The members of the district board may receive compensation in an amount to be determined by the board, but not to exceed ten dollars (\$10.00) for each meeting attended, and may be reimbursed the amount of actual expenses incurred by them in the performance of their duties.

(b) Any metropolitan water district wholly within the corporate limits of two or more municipalities shall be governed by a district board consisting of

members appointed by the governing body of each political subdivision (municipal corporation) included wholly or partially in the district and an additional at-large member appointed by the other members of the district board as provided in this subsection. The governing body of each constituent municipality shall initially appoint two members from its qualified electors, one for a term expiring the first day of July after the first succeeding regular election in which municipal officers shall be elected by the municipality from which he is appointed, and the other for a term expiring the first day of July after the second succeeding regular election of municipal officers in the municipality. Thereafter, subsequent to each ensuing regular election of municipal officers the governing body of each municipal corporation composing any part of the metropolitan water district shall appoint one member to the district board for a term of four years beginning on the first day of July. The one additional at-large member of the district board shall be a qualified elector of a constituent municipality of the district and appointed initially and quadrennially thereafter by majority vote of the other district board membership for a term of four years which shall expire on the first day of August in every fourth calendar year thereafter.

Any vacancy in district board membership shall be filled by appointment of the original appointing authority for the remainder of the unexpired term.

The provisions of subsection (a) in particular and of this Article generally not inconsistent with this subsection shall also apply.

(c) In those cases where a district is created which includes a municipality which owns an existing water and sewer system and where the county commissioners are acting as or have been appointed as trustees of a separate water or sewer system, or both which will be included within the district along with an existing municipal system, the district board shall be comprised of seven members designated as follows: three county commissioners and three members of the city council of the municipality, said members to be selected by majority vote of the governing body on which they serve. These six members of the district board shall appoint a seventh member who shall also serve as chairman of the district board and whose term shall automatically expire upon the seating of either a new board of commissioners, or of a new council of the municipality.

The chairman of the district board will be eligible, however, for reappointment, upon the expiration of his or her current term, by the next district board selected upon and after the seating of either a new board of commissioners or new council of the municipality. The chairman of the district board shall take and subscribe an oath or affirmation to support the Constitution and laws of the United States and of this State, and to discharge faithfully the duties of his office, and a record of each such oath shall be filed with the clerk of the board of commissioners and the clerk of the municipality. The other six members will serve upon said board corollary to the responsibilities and duties of their respective elective offices and such service upon the district board will not constitute the holding of a public office. No compensation shall be paid to any member of the district board except for the chairman, and his compensation shall be fixed by the remaining six members. Except as provided above, no additional oath or affirmation shall be required of the members of the district board. No county commissioner or member of the council of the municipality shall continue to serve upon the district board subsequent to the termination of his or her current elective term, except upon reelection to said office.

The district board shall appoint a secretary and a treasurer who will not be members of the district board. The terms of office of the secretary and treasurer shall be as provided in the bylaws of the district board and the compensation of said officers shall be fixed by the district board. The treasurer shall furnish bond in some security company authorized to do business in

North Carolina, the amount to be fixed by the district board in a sum not less than five thousand dollars (\$5,000), which bond shall be approved by the district board and shall be continued upon the faithful performance of his duties. Every official, employee or agent of the district who handles or has custody of more than one hundred dollars (\$100.00) of such district funds at any time, shall before assuming his duties as such be required to furnish bond in some security company authorized to do business in North Carolina, the amount to be fixed by the district board, which bond shall be approved by the district board and shall be continued upon the faithful performance of his duties in an amount sufficient to protect the district. All bonds required by this section shall be filed with the clerk of the municipality.

The district board shall meet regularly and no less than monthly, at such places and dates as determined by the board. Special meetings may be called by the chairman on his own initiative and shall be called by him upon request of two or more members of the board. All members shall be notified in writing at least 24 hours in advance of any meeting. A majority of the members of the district board shall constitute a quorum and the affirmative vote of a majority of the district board present at any meeting thereof shall be necessary for any action taken by the district board. No vacancy in the membership of the district board shall impair the right of a quorum to exercise all the rights and perform all the duties of the district board. Each member, including the chairman, shall be entitled to vote upon any question.

Any vacancy in district board membership, except that of the chairman, shall be filled by appointment of the original appointing authority for the remainder of the unexpired term. Each governing body may, by majority vote, replace at any time its representatives on said district board. (1971, c. 815, s. 4; 1973, c. 476, s. 128; 2007-182, s. 2.)

Effect of Amendments. — Session Laws 2007-182, s. 2, effective July 5, 2007, substituted “Commission for Public Health” for “Com-

mission for Health Services” in the first paragraph of subsection (a).

§ 162A-35. Procedure for inclusion of additional political subdivision or unincorporated area; notice and hearing; elections; actions questioning validity of elections.

If, at any time subsequent to the creation of a district, there shall be filed with the district board a resolution of the governing body of a political subdivision, or a petition, signed by not less than fifteen per centum (15%) of the voters resident within an unincorporated area, requesting inclusion in the district of such political subdivision or unincorporated area, and if the district board shall favor the inclusion in the district of such political subdivision or unincorporated area, the district board shall notify the board of commissioners and the board of commissioners, through its chairman, shall thereupon request that a representative of the Department of Environment and Natural Resources hold a joint public hearing with the board of commissioners concerning the inclusion of such political subdivision or unincorporated area in the district. The Secretary of Environment and Natural Resources and the chairman of the board of commissioners shall name a time and place within the district at which the public hearing shall be held. The chairman of the board of commissioners shall give prior notice of such hearing by posting a notice at the courthouse door of the county and also by publication in a newspaper circulating in the district and in any such political subdivision or unincorporated area at least once a week for four successive weeks, the first publication to be at least 30 days prior to such hearing. In the event all matters pertaining

to the inclusion of such political subdivision or unincorporated area cannot be included at such hearing, such hearing may be continued to a time and place within the district determined by the board of commissioners with the concurrence of the representative of the Department of Environment and Natural Resources.

If, after such hearing, the Commission for Public Health and the board of commissioners shall determine that the preservation and promotion of the public health and welfare require that such political subdivision or unincorporated area be included in the district, the Commission for Public Health shall adopt a resolution to that effect, defining the boundaries of the district including such political subdivision or unincorporated area which has filed a resolution or petition as provided for in this section, and declaring such political subdivision or unincorporated area to be included in the district, subject to the approval, as to the inclusion of such political subdivision, of a majority of the qualified voters of such political subdivision, or as to the inclusion of such unincorporated area, of a majority of the qualified voters of such unincorporated area, voting at an election thereon to be called and held in such political subdivision or unincorporated area. When an election is required to be held within both a political subdivision and an unincorporated area, a separate election shall be called and held for the unincorporated area and a separate election shall be called and held for the political subdivision. Such separate elections, although independent one from the other, shall be called and held within each political subdivision and within the unincorporated area simultaneously on the same date.

If, at or prior to such public hearing, there shall be filed with the district board a petition signed by not less than fifteen percent (15%) of the registered voters of the district requesting an election to be held on the question of including the political subdivision or unincorporated area in the district, the district board shall certify the petition and if found adequate, shall request the county board of elections to hold the election in the district. The election in the district may be held at the same time as the election in the political subdivision or unincorporated area seeking to become a part of the district.

The county board of elections shall give notice of the elections as required in G.S. 163-33(8) and shall conduct the election in the unincorporated area and within the political subdivision unless there is a municipal board of elections which conducts the elections for the municipality.

The cost of the election in the district shall be paid by the district board and the cost of the municipal election by the municipality. The county shall pay the cost of an election in the unincorporated area. The governing body of the political subdivision shall file an accurate description of its boundaries, and those persons signing the petition for an unincorporated area shall file an accurate description of its boundaries with the board of elections at the time the petition is filed with the district board.

The elections shall be held and conducted in accordance with the applicable provisions of Articles 23 and 24 of Chapter 163 of the General Statutes.

The ballot shall contain the words:

“FOR inclusion in the _____ Metropolitan Water District of _____
County that area known as _____.”

“AGAINST inclusion in the _____ Metropolitan Water District of _____
County that area known as _____.”

If a majority of the votes cast in a political subdivision or unincorporated areas proposed to be included are in favor of inclusion, and a majority of the votes cast in the district favor inclusion, then from and after the date of the certification of the results such area or areas shall be a part of the district and subject to the debts of the district.

The results of the elections shall be certified to the district board.

If no election is required to be held in the district, then a favorable vote for inclusion in the political subdivision or unincorporated area shall be deemed to include such area or political subdivision as a part of the district and they shall be subject to the debts of the district.

No right of action or defense founded upon the invalidity of any such election shall be asserted, or open to question in any court upon any grounds unless the action or proceeding is commenced within 30 days after the results have been certified by the board of elections. (1971, c. 815, s. 5; 1973, c. 476, s. 128; 1981, c. 185; 1985, c. 462, s. 17; 1989, c. 727, s. 219(41); 1997-443, s. 11A.123; 2007-182, s. 2.)

Effect of Amendments. — Session Laws 2007-182, s. 2, effective July 5, 2007, twice substituted “Commission for Public Health” for

“Commission for Health Services” in the second paragraph.

§ 162A-37. Bonds and notes authorized.

A metropolitan water district may from time to time issue bonds and notes under the Local Government Finance Act. (1971, c. 780, s. 37.5; c. 815, s. 7; 1973, c. 494, s. 46.)

§§ 162A-38 through 162A-44: Repealed by Session Laws 1971, c. 780, s. 37.5; 1973, c. 494, s. 46.

§ 162A-45. Determination of tax rate by district board; levy and collection of tax; remittance and deposit of funds.

After each assessment for taxes following the creation of the district, the board of commissioners shall file with the district board the valuation of assessable property within the district. The district board shall then determine the amount of funds to be raised by taxation for the ensuing year in excess of available funds to provide for the payment of the interest on and the principal of all outstanding general obligation bonds as the same shall become due and payable, to pay the cost of maintaining, repairing and operating any water system or sewerage system or both, and to pay all obligations incurred by the district in the performance of its lawful undertakings and functions.

The district board shall determine the number of cents per one hundred dollars (\$100.00) necessary to raise said amount and certify such rate to the board of commissioners. The board of commissioners in its next annual levy shall include the number of cents per one hundred dollars (\$100.00) certified by the district board in the levy against all taxable property within the district, which tax shall be collected as other county taxes are collected, and every month the amount of tax so collected shall be remitted to the district board and deposited by the district board in a separate account in a bank in the State of North Carolina. Such levy may include an amount for reimbursing the county for the additional cost to the county of levying and collecting such taxes, pursuant to such formula as may be agreed upon by the district board and the board of commissioners, to be deducted from the collections and stated with each remittance to the district board. §§ 162A-46 through 162A-48: Repealed by Session Laws 1971, c. 780, s. 37.5; 1973, c. 494, s. 46.

§ 162A-49. Rates and charges for services.

The district board may fix, and may revise from time to time, rents, rates, fees and other charges for the use of land for the services furnished or to be furnished by any water system or sewerage system or both. Such rents, rates, fees and charges shall not be subject to supervision or regulation by any bureau, board, commission, or other agency of the State or of any political subdivision. Any such rents, rates, fees and charges pledged to the payment of revenue bonds of the district shall be fixed and revised so that the revenues of

the water system or sewerage system or both, together with any other available funds, shall be sufficient at all times to pay the cost of maintaining, repairing and operating the water system or the sewerage system or both, the revenues of which are pledged to the payment of such revenue bonds, including reserves for such purposes, and to pay the interest on and the principal of such revenue bonds as the same shall become due and payable and to provide reserves therefor. If any such rents, rates, fees and charges are pledged to the payment of any general obligation bonds issued under this Article, such rents, rates, fees and charges shall be fixed and revised so as to comply with the requirements of such pledge. The district board may provide methods for collection of such rents, rates, fees and charges and measures for enforcement of collection thereof, including penalties and the denial or discontinuance of service. (1971, c. 815, s. 19.)

Any such election upon a contract or agreement, may, at the discretion of the governing body, be called and held under the election laws applicable to the issuance of bonds by such political subdivision. (1971, c. 815, s. 23.)

§ 162A-54. Rights-of-way and easements in streets and highways.

A right-of-way or easement in, along, or across any State highway system road, or street, and along or across any city or town street within a district is hereby granted to a district in case such right-of-way is found by the district board to be necessary or convenient for carrying out any of the work of the district. Any work done in, along, or across any State highway system, road, street, or property shall be done in accordance with the rules and regulations and any reasonable requirements of the Department of Transportation, and any work done in, along, or across any municipal street or property shall be done in accordance with any reasonable requirements of the municipal governing body. The district board shall make every effort to cooperate with the planning agency, if any, in the location and construction of a proposed facility authorized under this Article. The district board created under the authority of this Article is hereby directed, wherever possible, to coordinate its plans for the construction of a water system or sewerage system or both, with the overall plans for the development of the planning area, if such district is located wholly or in part within a county, municipal or regional planning area; provided, however, that the approval of any such county, municipal or regional planning board as to any such plan of the district shall not be required. (1971, c. 815, s. 25.)

§ 162A-56. Advances by political subdivisions for preliminary expenses of districts.

Any political subdivision is hereby authorized to make advances, from any moneys that may be available for such purpose, in connection with the creation of such district and to provide for the preliminary expenses of such district.

Any such advances may be repaid to such political subdivision from the proceeds of bonds issued by said district or from other available funds of said district. (1971, c. 815, s. 26.)

§ 162A-57. Article regarded as supplemental.

This Article shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of bonds under the provisions of this Article need not comply with the requirements of any other law applicable to the issuance of bonds except as herein provided. (1971, c. 815, s. 27.)

§ 162A-58. Inconsistent laws declared inapplicable.

All general, special or local laws, or parts thereof inconsistent herewith are hereby declared to be inapplicable, unless otherwise specified, to the provisions of this Article. § 162A-66. Procedure for creation; resolutions and petitions for creation; notice to and action by the Environmental Management Commission; notice and public hearing; resolutions creating districts; actions to set aside proceedings.

Any two or more political subdivisions in one or more counties, or any political subdivision or subdivisions and any unincorporated area or areas located within one or more counties, which political subdivisions or areas need not be contiguous, may petition for the creation of a metropolitan sewerage district under the provisions of this Article by filing with the board or boards of commissioners of the county or counties within which the proposed district will lie:

(1) A resolution of the governing body of each such political subdivision stating the necessity for the creation of a metropolitan sewerage district under the provisions of this Article in order to preserve and promote the public health and welfare within the area of the proposed district, and requesting the creation of a metropolitan sewerage district having the boundaries set forth in said resolution, and

(2) If any unincorporated area is to be included in such district, a petition, signed by not less than fifty-one per centum (51%) of the qualified voters resident within such area, defining the boundaries of such area, stating the necessity for the creation of a metropolitan sewerage district under the provisions of this Article in order to preserve and promote the public health and welfare within the proposed district,

and requesting the creation of a metropolitan sewerage district having the boundaries set forth in such petition for such district.

Upon the receipt of such resolutions and petitions requesting the creation of a metropolitan sewerage district, the board or boards of commissioners, through the chairman thereof, shall notify the North Carolina Environmental Management Commission of the receipt of such resolutions and petitions, and shall request that a representative of the Environmental Management Commission hold a joint public hearing with the board or boards of commissioners concerning the creation of the proposed metropolitan sewerage district. The chairman of the Environmental Management Commission and the chairman or chairmen of the board or boards of commissioners shall name a time and place within the proposed district at which the public hearing shall be held; provided, however, that where a proposed district lies within more than one county, the public hearing shall be held in the county within which the greater portion of the proposed district lies. The chairman or chairmen of the board or boards of commissioners shall give prior notice of such hearing by posting a notice at least 30 days prior to the hearing at the courthouse of the county or counties within which the district will lie and also by publication at least once a week for four successive weeks in a newspaper having general circulation in the proposed district, the first publication to be at least 30 days prior to such hearing. In the event all matters pertaining to the creation of such metropolitan sewerage district cannot be concluded at such hearing, such hearing may be continued to a time and place within the proposed district determined by the board or boards of commissioners with the concurrence of the representative of the Environmental Management Commission.

If, after such hearing, the Environmental Management Commission and the board or boards of commissioners shall deem it advisable to comply with the request of such resolutions and petitions, and determine that the creation of a metropolitan sewerage district would preserve and promote the public health and welfare in the area or areas described in such resolutions and petitions, the Environmental Management Commission shall adopt a resolution to that effect, defining the boundaries of such district and declaring the territory within such boundaries to be a metropolitan sewerage district under the name and style of "_____ Metropolitan Sewerage District of _____ [County] [Counties]"; provided, that the Environmental Management Commission may make minor deviations in the boundaries from those prescribed in the resolutions and petitions upon determination by the Environmental Management Commission that such deviations are advisable in the interest of the public health, and provided no such district shall include any political subdivision which has not petitioned for inclusion as provided in this Article.

The Environmental Management Commission shall cause copies of the resolution creating the metropolitan sewerage district to be sent to the board or boards of commissioners and to the governing body of each political subdivision included in the district. The board or boards of commissioners shall cause a copy of such resolution of the Environmental Management Commission to be published in a newspaper circulating within the district once in each of two successive weeks, and a notice substantially in the following form shall be published with such resolution:

The foregoing resolution was passed by the North Carolina Environmental Management Commission on the _____ day of _____, _____, and was first published on the _____ day of _____, _____.

Any action or proceeding questioning the validity of said resolution or the creation of the metropolitan sewerage district therein described must be commenced within 30 days after the first publication of said resolution.

CASE NOTES

The legislature has the sole power to create municipal corporations. The courts do not have that power. *State ex rel. Dyer v. City of Leaksville*, 275 N.C. 41, 165 S.E.2d 201 (1969).

Municipal corporations are political subdivisions of the State, created as convenient agencies for exercising such of the governmental powers of the State as may be entrusted to them. *State ex rel. Dyer v. City of Leaksville*, 275 N.C. 41, 165 S.E.2d 201 (1969).

The number, nature, and duration of the powers conferred upon municipal corporations and the territory over which they shall be exercised rests in the absolute discretion of the State. The State, therefore, at its pleasure, may modify or withdraw all such powers, expand or contract the territorial area, unite the

whole or a part of it with another municipality, or repeal the charter and destroy the corporation. In all these respects the State is supreme, and its legislative body, conforming its action to the State Constitution, may do as it will, unrestrained by any provision of the Constitution of the United States. *State ex rel. Dyer v. City of Leaksville*, 275 N.C. 41, 165 S.E.2d 201 (1969).

The governing body acts for the subdivision. *Scarborough v. Adams*, 264 N.C. 631, 142 S.E.2d 608 (1965).

If No Subdivision, Majority of Freeholders Must Sign Petition. — If there is no subdivision and no governing body to act for the subdivision, a majority of the freeholders must sign the petition. *Scarborough v. Adams*, 264 N.C. 631, 142 S.E.2d 608 (1965).

§ 162A-67. District board; composition, appointment, terms, oaths and removal of members; organization; meetings; quorum; compensation and expenses of members.

(a) Appointment of Board for District Lying Wholly or Partly outside City or Town Limits. — The district board of a metropolitan sewerage district lying in whole or in part outside the corporate limits of a city or town shall be appointed immediately after the creation of the district in the following manner:

- (1) If the district lies entirely within one county with a population of 25,000 or more, the board of commissioners of that county shall appoint to the district board three members who are qualified voters residing within the district. The initial members so appointed shall have terms expiring one year, two years and three years, respectively, from the date of adoption of the resolution of the Environmental Management Commission creating the district, and the board of commissioners shall designate the length of the term of each initial member. Successor members shall be appointed for a term of three years.

- (1a) If the district lies entirely within one county with a population of less than 25,000, the board of commissioners of that county shall appoint to the district board five members who are qualified voters residing within the district. Of the initial members so appointed, one shall

have a term expiring at the end of one year, two shall have terms expiring at the end of two years, and two shall have terms expiring at the end of three years from the date of adoption of the resolution of the Environmental Management Commission creating the district. In making initial appointments, the board of commissioners shall specify whether a member is to serve a term of one, two, or three years. Successor members shall be appointed for a term of three years.

- (2) If the district lies in two counties, the board of commissioners of the county in which the largest portion of the district lies shall appoint to the district board two qualified voters residing in the county and district to serve for terms of one year and three years, respectively. The board of commissioners of the county in which the lesser portion of the district lies shall appoint to the district board one qualified voter residing in the county and district to serve for a term of two years. All successor members shall be appointed for a term of three years.
- (3) If the district lies in three or more counties, the board of commissioners of each such county shall appoint one member of the district board. Each member so appointed shall be a qualified voter residing in the district and of the county from which he is appointed and shall serve for a term of three years. Successor members shall be appointed for a term of three years.
- (4) The governing body of each political subdivision, other than counties, lying in whole or in part within the district, shall appoint one member of the district board. No appointment of a member of the district board shall be made by or in behalf of any political subdivision of which the board or boards of commissioners shall be the governing body. If any city or town within the district shall have a population, as determined from the latest decennial census, greater than that of all other political subdivisions (other than counties) and unincorporated areas within the district, the governing body of any such city or town shall appoint three members. All members and their successors appointed by the governing bodies of political subdivisions other than counties shall serve for a term of three years and shall be qualified voters residing in the district and the political subdivision from which they are appointed.

(b) Appointment of Board for District Lying Wholly within City or Town Limits. — Any district lying entirely within the corporate limits of two or more cities or towns shall be governed by a district board consisting solely of members appointed by the governing bodies of such cities or towns and, in addition, one member elected by the appointed members of the district board. The governing body of each constituent city or town of the district shall appoint to the district board two qualified voters residing in the district and the city or town. The members so appointed shall elect, by majority vote, one additional member who shall be a qualified voter residing in the district and one of the constituent cities or towns.

One of the two members initially appointed by the governing body of each constituent city or town shall serve for a term which shall expire 30 days following the next regular election held for election of the governing body by which the member was appointed; and the other member shall serve for a term which shall expire two years thereafter. Successor members shall serve for a term of four years.

The member elected by the district board and his successors in office shall serve for a term of four years.

(c) Reappointment; Vacancies; Removal; Term. — Members of a district board may be reappointed. If a vacancy shall occur on a district board, the

governing body which appointed the member who previously filled the vacancy shall appoint a new member who shall serve for the remainder of the unexpired term. Any member of a district board may be removed for cause by the governing board that appointed him. All members shall serve until their successors have been duly appointed and qualified.

(d) District Board Procedures. — Each member of the district board, before entering upon his duties, shall take and subscribe an oath or affirmation to support the Constitution and laws of the United States and of this State and to discharge faithfully the duties of his office; and a record of each such oath shall be filed with the clerk or clerks of the board or boards of commissioners.

The district board shall elect one of its members as chairman and another as vice-chairman and shall appoint a secretary and a treasurer who may, but need not, be members of the district board. The officers [offices] of secretary and treasurer may be combined. The district board may also appoint an assistant secretary and an assistant treasurer or, if the office is combined, an assistant secretary-treasurer who may, but need not, be members of the district board. The terms of office of the chairman, vice-chairman, secretary, treasurer, assistant secretary, and assistant treasurer shall be as provided in the bylaws of the district board.

The district board shall meet regularly at such places and dates as are determined by the board. Special meetings may be called by the chairman on his own initiative and shall be called by him upon request of two or more members of the board. All members shall be notified in writing at least 24 hours in advance of such meeting. A majority of the members of the district board shall constitute a quorum, and the affirmative vote of a majority of the members of the district board present at any meeting thereof shall be necessary for any action taken by the district board. No vacancy in the membership of the district board shall impair the right of a quorum to exercise all the rights and perform all the duties of the district board. Each member, including the chairman, shall be entitled to vote on any question. The members of the district board may receive compensation in an amount to be determined by the board, but not to exceed that compensation paid to members of Occupational Licensing Boards as provided in G.S. 93B-5(a) for each meeting of the board attended and for attendance at each regularly scheduled committee meeting of the board. The members of the district board may also be reimbursed the amount of actual expenses incurred by them in the performance of their duties. This act is not intended, and shall not be construed, to derogate, limit, or repeal any power now existing under any other law, whether general, special, or local."

Session Laws 1995, c. 511, which amended this section, in s. 6 provides: "All general, special, or local laws, or parts thereof, inconsistent with the provisions of this act are declared to be inapplicable to the provisions of this act."

Session Laws 1995, c. 511, effective July 29, 1995, in s. 8 provides: "The board of commis-

sioners of a county that makes appointments to a metropolitan sewerage district board (i) that is in existence prior to the date this act becomes effective and (ii) the membership of which is increased from three to five as a result to the enactment of G.S. 162A-67(a)(1) by Section 2.1 of this act, shall appoint two additional members to the metropolitan sewerage district board within 90 days of the date this act becomes effective. The two additional members shall be appointed to initial terms:

"(1) Of at least one year each.

"(2) That expire on the same day and month that the terms of the three original members expire.

"(3) So that no more than two of the five terms shall expire in the same year."

§ 162A-68. Procedure for inclusion of additional political subdivision or unincorporated area; notice and hearing; elections; actions to set aside proceedings.

(a) If, at any time subsequent to the creation of a district, there shall be filed with the district board a resolution of the governing body of a political subdivision, or a petition, signed by not less than fifty-one per centum (51%) of the qualified voters resident within an unincorporated area, requesting inclusion in the district of such political subdivision or unincorporated area, and if the district board shall favor the inclusion in the district of such political subdivision or unincorporated area, the district board shall notify the board or boards of commissioners of the county or counties within which the district lies and shall file with the board or boards of commissioners and with the Environmental Management Commission a report setting forth the plans of the district for extending sewerage service to the political subdivision or unincorporated area. The report shall include:

- (1) A map or maps of the district and adjacent territory showing the present and proposed boundaries of the district; the existing major sewer interceptors and outfalls; and the proposed extension of such interceptors and outfalls.
- (2) A statement setting forth the plans of the district for extending sewerage services to the territory proposed to be included, which plans shall:
 - a. Provide for extending sewerage service to the territory included on substantially the same basis and in the same manner as such services are provided within the rest of the district prior to inclusion of the new territory.
 - b. Set forth a proposed time schedule for extending sewerage service to the territory proposed to be included.
 - c. Set forth the estimated cost of extending sewerage service to the territory proposed to be included; the method by which the district proposes to finance the extension; the outstanding existing indebtedness of the district, if any; and the valuation of assessable property within the district and within the territory proposed to be included.
 - d. Contain a declaration of intent of the district board to conform with the plans set forth in the report in extending sewerage services to the territory proposed to be included; and a certification by the chairman of the district board to the effect that the matters and things set forth in the report are true to his knowledge or belief.

(b) The board or boards of commissioners, through the chairmen thereof, shall thereupon request that a representative of the Environmental Management Commission hold a joint public meeting with the board or boards of commissioners concerning the inclusion of a political subdivision or an unincorporated area in the district. The chairman of the Environmental Management Commission and the chairman or chairmen of the board or boards of commissioners shall name a time and place within the district at which the public hearing shall be held. The chairman or chairmen of the board or boards of commissioners shall give prior notice of such hearing by posting a notice at the courthouse door of the county or counties at least 30 days prior to the hearing and also by publication at least once a week for four successive weeks in a newspaper having general circulation in the district and in any such political subdivision or unincorporated area, the first publication to be at least 30 days prior to such hearing. In the event all matters pertaining to the inclusion of such political subdivision or unincorporated area cannot be

included at such hearing, such hearing may be continued to a time and place within the district determined by the board or boards of commissioners with the concurrence of the representative of the Environmental Management Commission.

(c) If, after such hearing, the Environmental Management Commission and the board or boards of commissioners shall determine that the inclusion of the political subdivision or unincorporated area in the district will preserve and promote the public health and welfare, the Environmental Management Commission shall adopt a resolution to that effect, defining the boundaries of the district, including the political subdivision or unincorporated area which has filed a resolution or petition as provided for in this section, and declaring such political subdivision or unincorporated area to be included in the district.

(d) If, at or prior to such public hearing, there shall be filed with the district board a petition, signed by not less than ten per centum (10%) of the qualified voters residing in the district, requesting an election to be held therein on the question of including the political subdivision or unincorporated area, the district board shall certify a copy of such petition to the board or boards of commissioners, and the board or boards of commissioners shall request the county board or boards of elections to submit such question to the qualified voters within the district in accordance with the applicable provisions of Chapter 163 of the General Statutes; provided, that the election shall not be held unless the Environmental Management Commission has adopted a resolution approving the inclusion of the political subdivision or unincorporated area in the district.

Notice of such election, which shall contain a statement of the boundaries of the territory proposed to be included in the district and the boundaries of the district after inclusion, shall be given by publication once a week for three successive weeks in a newspaper or newspapers having general circulation within the district, the first publication to be at least 30 days prior to the election.

(e) Notice of the resolution of the Environmental Management Commission, or in the event that an election pursuant to this section is held, notice of the results of the election, approving the inclusion of the political subdivision or unincorporated area within the district shall be published as provided in G.S. 162A-66.

(f) Any action or proceeding in any court to set aside a resolution of the Environmental Management Commission or an election approving the inclusion of a political subdivision or unincorporated area within a district or to obtain any other relief upon the ground that such resolution or election or any proceeding or action taken with respect to the inclusion of the political subdivision or unincorporated area within the district is invalid, must be commenced within 30 days after the first publication of the notice. After the expiration of such period of limitation, no right of action or defense founded upon the invalidity of the resolution or the election or the inclusion of the political subdivision or unincorporated area in the district shall be asserted, nor shall the validity of the resolution or the election or the inclusion of the political subdivision or unincorporated area be open to question in any court upon any ground whatever, except in an action or proceeding commenced within such period.

(g) Any political subdivision or unincorporated area included within an existing district by resolution of the Environmental Management Commission or by such resolution and election shall be subject to all debts of the district.

(h) The annexation by a city or town within a metropolitan sewerage district of an area lying outside such district shall not be construed as the inclusion within the district of an additional political subdivision or unincorporated area within the meaning of the provisions of this section; but any such areas so

annexed shall become a part of the district and shall be subject to all debts thereof.

(i) Immediately following the inclusion of any additional political subdivision within an existing district, members representing such additional political subdivision shall be appointed to the district board in the manner provided in G.S. 162A-67. Any additional unincorporated area that is included within an existing district shall be represented by the members representing the county in which the unincorporated area lies except that:

- (1) If inclusion of the additional unincorporated area extends the district into more than one county, members representing the unincorporated area in the new county shall be appointed in accordance with G.S. 162A-67(a)(2) immediately following the inclusion of the additional area.
- (2) If the inclusion of the additional unincorporated area has the effect of changing the county in which the largest portion of the district lies, new members representing the county comprising the larger portion of the district shall be appointed in accordance with G.S. 162A-67(a)(2) immediately following the inclusion, and no reappointment shall be made by the county in which the lesser portion of the district lies upon expiration of the first term of a member representing that county following the inclusion.

The terms of office of the members first appointed to represent such additional subdivision or area may be varied for a period not to exceed six months from the terms provided for in G.S. 162A-67, so that the appointment of successors to such members may more nearly coincide with the appointment of successors to members of the existing board; and all successor members shall be appointed for the terms provided for in G.S. 162A-67. (1961, c. 795, s. 5; 1973, c. 512, s. 3; c. 822, s. 4; c. 1262, s. 23; 1977, c. 764, s. 2; 1991 (Reg. Sess., 1992), c. 954, s. 1.)

Sewer Service. — Trial court's judgment upholding an ordinance which the City of Asheville (North Carolina) passed to annex property was reversed because the court failed to recognize that the city's plan for providing services to the area it proposed to annex did not provide statutorily required sewer service.

CASE NOTES

Applied in *Scarborough v. Adams*, 264 N.C. 631, 142 S.E.2d 608 (1965).

§ 162A-70. Bonds and notes authorized.

A metropolitan sewerage district shall have power from time to time to issue bonds and notes under the Local Government Finance Act. (1961, c. 795, s. 7; 1971, c. 780, s. 30; 1973, c. 822, s. 4.)

§ 162A-71. Determination of tax rate by district board; levy and collection of tax; remittance and deposit of funds.

After each assessment for taxes following the creation of the district, the board or boards of commissioners shall file with the district board the valuation of assessable property within the district. The district board shall then determine the amount of funds to be raised by taxation for the ensuing year in excess of available funds to provide for the payment of interest on and the principal of all outstanding general obligation bonds as the same shall become due and payable, to pay the cost of maintaining, repairing and operating any sewerage system or systems, and to pay all obligations incurred by the district in the performance of its lawful undertakings and functions.

The district board shall determine the number of cents per one hundred dollars (\$100.00) necessary to raise said amount and certify such rate to the board or boards of commissioners. The board or boards of commissioners shall include the number of cents per one hundred dollars (\$100.00) certified by the district board in its next annual levy against all taxable property within the district, which tax shall be collected as other county taxes are collected, and every month the amount of tax so collected shall be remitted to the district board and deposited by the district board in a separate account in a bank in the State of North Carolina. Such levy may include an amount for reimbursing the county for the additional cost to the county of levying and collecting such taxes, pursuant to such formula as may be agreed upon by the district board and the board or boards of commissioners, to be deducted from the collections and stated with each remittance to the district board. The officer or officers having charge or custody of the funds of the district shall require said bank to furnish

security for protection of such deposits as provided in G.S. 159-28 and, after June 30, 1973, G.S. 159-31. (1961, c. 795, s. 15; 1973, c. 512, s. 4; c. 822, s. 4.)

§ 162A-72. Rates and charges for services.

The district board may fix, and may revise from time to time, rents, rates, fees and other charges for the use of and for the services furnished or to be furnished by any sewerage system. Such rents, rates, fees and charges shall not be subject to supervision or regulation by any bureau, board, commission, or other agency of the State or of any political subdivision. Any such rents, rates, fees and charges pledged to the payment of revenue bonds of the district shall be fixed and revised so that the revenues of the sewerage system, together with any other available funds, shall be sufficient at all times to pay the cost of maintaining, repairing and operating the sewerage system the revenues of which are pledged to the payment of such revenue bonds, including reserves for such purposes, and to pay the interest on and the principal of such revenue bonds as the same shall become due and payable and to provide reserves therefor. If any such rents, rates, fees and charges are pledged to the payment of any general obligation bonds issued under this Article, such rents, rates, fees and charges shall be fixed and revised so as to comply with the requirements of such pledge. The district board may provide methods for collection of such rents, rates, fees and charges and measures for enforcement of collection thereof, including penalties and the denial or discontinuance of service. (1961, c. 795, s. 19; 1973, c. 822, s. 4.)

§ 162A-73. Authority of governing bodies of political subdivisions.

The governing body of any political subdivision is hereby authorized and empowered:

- (1) Subject to the approval of the Local Government Commission, to transfer jurisdiction over, and to lease, lend, sell, grant or convey to a district, upon such terms and conditions as the governing body of such political subdivision may agree upon with the district board, the whole or any part of any existing sewerage system or systems or such real or personal property as may be necessary or useful in connection with the acquisition, construction, reconstruction, improvement, extension, enlargement, equipment, repair, maintenance or operation of any sewerage system by the district, including public roads and other property already devoted to public use;
- (2) To make and enter into contracts or agreements with a district, upon such terms and conditions and for such periods as such governing body and the district board may determine:
 - a. For the collection, treatment or disposal of sewage;
 - b. For the collecting by such political subdivision or by the district of rents, rates, fees or charges for the services and facilities provided to or for such political subdivision or its inhabitants by any sewerage system, and for the enforcement of collection of such rents, rates, fees and charges; and
 - c. For the imposition of penalties, including the shutting off of the supply of water furnished by any water system owned or operated by such political subdivision, in the event that the owner, tenant or occupant of any premises utilizing such water shall fail to pay any such rents, rates, fees or charges;
- (3) To fix, and revise from time to time, rents, rates, fees and other charges for the services furnished or to be furnished by a sewerage system

- under any contract between the district and such political subdivision, and to pledge all or any part of the proceeds of such rents, rates, fees and charges to the payment of any obligation of such political subdivision to the district under such contract;
- (4) To pay any obligation of such political subdivision to the district under such contract from any available funds of the political subdivision and to levy and collect a tax ad valorem for the making of any such payment; and
 - (5) In its discretion or if required by law, to submit to its qualified electors under the election laws applicable to such political subdivision any contract or agreement which such governing body is authorized to make and enter into with the district under the provisions of this Article.

Any such election upon a contract or agreement may, at the discretion of the governing body, be called and held under the election laws applicable to the issuance of bonds by such political subdivision. (1961, c. 795, s. 23; 1973, c. 822, s. 4.)

CASE NOTES

Subdivisions May Contract to Cut Off Water from Delinquent Sewerage Accounts. — A provision in contracts between a sewerage district and certain subdivisions that

the latter would cut off water from users who were delinquent in their sewerage accounts was valid. *Scarborough v. Adams*, 264 N.C. 631, 142 S.E.2d 608 (1965).

§ 162A-74. Rights-of-way and easements in streets and highways.

A right-of-way or easement in, along, or across any State highway system, road, or street, and along or across any city or town street within a district is hereby granted to a district in case such right-of-way is found by the district board to be necessary or convenient for carrying out any of the work of the district. Any work done in, along, or across any State highway system, road, street, or property shall be done in accordance with the rules and regulations and any reasonable requirements of the Department of Transportation, and any work done in, along, or across any municipal street or property shall be done in accordance with any reasonable requirements of the municipal governing body. (1961, c. 795, s. 24; 1973, c. 507, s. 5; c. 822, s. 4; 1977, c. 464, s. 34.)

§ 162A-75. Submission of preliminary plans to planning groups; cooperation with planning agencies.

Prior to the time final plans are made for the location and construction of any sewerage system, the district board shall present preliminary plans for such improvement to the county, municipal or regional planning board for their consideration, if such facility is to be located within the planning jurisdiction of any such county, municipal or regional planning group. The district board shall make every effort to cooperate with the planning agency, if any, in the location and construction of a proposed facility authorized under this Article. Any district board created under the authority of this Article is hereby directed, wherever possible, to coordinate its plans for the construction of sewerage system improvements with the overall plans for the development of the planning area, if such district is located wholly or in part within a county, municipal or regional planning area; provided, however, that the approval of any such county, municipal or regional planning board as to any such plan of the district shall not be required. (1961, c. 795, s. 25; 1973, c. 822, s. 4.)

§ 162A-76. Water system acting as billing and collecting agent for district; furnishing meter readings.

The owner or operator, including any political subdivision, of a water system supplying water to the owners, lessees or tenants of real property which is or will be served by any sewerage system owned or operated by a district is authorized to act as the billing and collecting agent of the district for any rents, rates, fees or charges imposed by the district for the services and facilities provided by such sewerage system, and such district is authorized to arrange with such owner or operator to act as the billing and collecting agent of the district for such purpose. Any such owner or operator shall, if requested by a district, furnish to the district copies of such regular periodic meter reading and water consumption records and other pertinent data as the district may require to do its own billing and collecting. The district shall pay to such owner or operator the reasonable additional expenses incurred by such owner or operator in rendering such services to the district. (1961, c. 795, s. 26; 1973, c. 822, s. 4.)

§ 162A-77. District may assume sewerage system indebtedness of political subdivision; approval of voters; actions founded upon invalidity of election; tax to pay assumed indebtedness.

A district may assume all outstanding indebtedness of any political subdivision in the district lawfully incurred for paying all or any part of the cost of a sewerage system, subject to approval thereof by a majority of the qualified voters of the district voting at an election thereon. Any such election shall be called and held in accordance with the provisions of the Local Government Finance Act, insofar as the same may be made applicable, and the returns of such election shall be canvassed and a statement of the result thereof prepared, recorded and published as provided in the Local Government Finance Act. No right of action or defense founded upon the invalidity of the election shall be asserted nor shall the validity of the election be open to question in any court upon any ground whatever, except in an action or proceeding commenced within 30 days after the publication of such statement of result. In the event that any such indebtedness of a political subdivision is assumed by the district, there shall be annually levied and collected a tax ad valorem upon all the taxable property in the district sufficient to pay such assumed indebtedness and the interest thereon as the same become due and payable; provided, however, that such tax may be reduced by the amount of other moneys actually available for such purpose. Such tax shall be determined, levied and collected in the manner provided by G.S. 162A-71 and subject to the provisions of said section.

Nothing herein shall prevent any political subdivision from levying taxes to provide for the payment of its debt service requirements as to indebtedness incurred for paying all or any part of the cost of a sewerage system if such debt service requirements shall not have been otherwise provided for. (1961, c. 795, s. 27; 1973, c. 512, s. 5; c. 822, s. 4.)

§ 162A-77.1. Special election upon the question of the merger of metropolitan sewerage districts into cities or towns.

Any district lying entirely within the corporate limits of a city or town may be merged into such city or town in accordance with the provisions of this section.

The governing body of a city or town, with the approval of the district board, shall call and conduct a special election within such city or town on the question of the merger of the district into the city or town. A vote in favor of such merger shall constitute a vote for such city or town to assume the obligations of the district. Such special election may be called and conducted by the governing body of a city or town upon its own motion after passage of a resolution of the district board requesting or approving the special election.

A new registration of voters shall not be required for the special election. The special election shall be conducted in accordance with the provisions of law applicable to regular elections in the city or town.

If a majority of the votes are in favor of the merger, then:

- (1) All property, real and personal and mixed, including accounts receivable, belonging to such district shall vest in, belong to, and be the property of, such city or town. All district boards are hereby authorized to take such actions and to execute such documents as will carry into effect the provisions and the intent of this section.
- (2) All judgments, liens, rights of liens, and causes of action of any nature in favor of such district shall vest in and remain and inure to the benefit of such city or town.
- (3) All taxes, assessments, sewer charges, and any other debts, charges or fees, owing to such district shall be owed to and collected by such city or town.
- (4) All actions, suits and proceedings pending against, or having been instituted by, such district shall not be abated by this section or by the merger herein provided for, but all such actions, suits, and proceedings shall be continued and completed in the same manner as if merger had not occurred, and such city or town shall be a party to all such actions, suits, and proceedings in the place and stead of the district and shall pay or cause to be paid any judgments rendered against the district in any such actions, suits, or proceedings. No new process need be served in any such action, suit, or proceeding.
- (5) All obligations of the district, including outstanding indebtedness, shall be assumed by such city or town, and all such obligations and outstanding indebtedness shall constitute obligations and indebtedness of such city or town, and the full faith and credit of such city or town shall be deemed to be pledged for the punctual payment of the principal of and the interest on any general obligation bonds or bond anticipation notes of such district, and all the taxable property within such city or town, as well as that formerly located within the district, shall be and remain subject to taxation for such payment.
- (6) All ordinances, rules, regulations, and policies of such district shall continue in full force and effect until repealed or amended by the governing body of such city or town.
- (7) Such district shall be abolished, and shall no longer be constituted a public body or a body politic and corporate, except for the purposes of carrying into effect the provisions and the intent of this section.

If a majority of the votes are against the merger, then such merger shall not be effective unless approved by a majority of the qualified voters who vote thereon in a subsequent special election conducted under authority of this section.

Any action or proceeding in any court to set aside a special election held under authority of this section or the result thereof, or to obtain any other relief upon the ground that such election or any proceeding or action taken with respect to the holding of such election is invalid, must be commenced within 30 days after the day of such special election. After the expiration of such period of limitation, no right of action or defense founded upon the

invalidity of the election or the result thereof shall be asserted, nor shall the validity of the election or of the result thereof be open to question in any court upon any ground whatever, except in an action or proceeding commenced within such period. (1975, c. 448.)

§ 162A-78. Advances by political subdivisions for preliminary expenses of districts.

Any political subdivision is hereby authorized to make advances, from any moneys that may be available for such purpose, in connection with the creation of such district and to provide for the preliminary expenses of such district. Any such advances may be repaid to such political subdivision from the proceeds of bonds issued by such district or from other available funds of the district. (1961, c. 795, s. 28; 1973, c. 822, s. 4.)

§ 162A-79. Article regarded as supplemental.

This Article shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of bonds under the provisions of this Article need not comply with the requirements of any other law applicable to the issuance of bonds except as herein provided. (1961, c. 795, s. 29; 1973, c. 822, s. 4.)

§ 162A-80. Inconsistent laws declared inapplicable.

All general, special or local laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable, unless otherwise specified, to the provisions of this Article. (1961, c. 795, s. 30; 1973, c. 822, s. 4.)

CASE NOTES

Applied in *Scarborough v. Adams*, 264 N.C. 631, 142 S.E.2d 608 (1965).

§ 162A-81. Adoption and enforcement of ordinances.

(a) A district shall have the same power as a city under G.S. 160A-175 to assess civil fines and penalties for violation of its ordinances, and may secure injunctions to further insure compliance with its ordinances as provided by this section.

(b) An ordinance may provide that its violation shall subject the offender to a civil penalty of not more than one thousand dollars (\$1,000) to be recovered by the district in a civil action in the nature of debt if the offender does not pay the penalty within a prescribed period of time after he has been cited for violation of the ordinance. Any person assessed a civil penalty by the district shall be notified of the assessment by registered or certified mail, and the notice shall specify the reasons for the assessment. If the person assessed fails to pay the amount of the assessment to the district within 30 days after receipt of notice, or such longer period, not to exceed 180 days, as the district may specify, the district may institute a civil action in the General Court of Justice of the county in which the violation occurred or, in the discretion of the district, in the General Court of Justice of the county in which the person assessed has his or its principal place of business, to recover the amount of the assessment.

The validity of the district's action may be appealed directly to General Court of Justice in the county in which the violation occurred, or may be raised at any time in the action to recover the assessment. Neither failure to contest the district's action directly nor failure to raise the issue of validity in the action to recover an assessment precludes the other.

(c) An ordinance may provide that it may be enforced by an appropriate equitable remedy issuing from court of competent jurisdiction. In such case, the General Court of Justice shall have jurisdiction to issue such orders as may be appropriate and it shall not be a defense to the application of the district for equitable relief that there is an adequate remedy at law.

(d) Subject to the express terms of an ordinance, a district ordinance may be enforced by any one, all, or a combination of the remedies authorized and prescribed by this section.

(e) An ordinance may provide, when appropriate, that each day's continuing violation shall be a separate and distinct offense. (1983, c. 333, s. 4.)

ARTICLE 6.

County Water and Sewer Districts.

§ 162A-86. Filling vacancies in the General Assembly.

(a) The board of commissioners of any county may create a county water and sewer district.

(a1) The governing board of a consolidated city-county, as defined by G.S. 160B-2(1), may create a water and sewer district pursuant to this Article. For the purposes of this Article, the term "board of county commissioners" shall also mean the governing board of a consolidated city-county and the term "county water and sewer district" also means a water and sewer district created by the governing board of a consolidated city-county.

(b) Before creating such a district, the board of commissioners shall hold a public hearing. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall set forth a description of the territory to be included within the proposed district. The notice shall be published once a week for three weeks in a newspaper that circulates in the proposed district and in addition shall be posted in at least three public places in the district. The notice shall be posted and published the first time not less than 20 days before the hearing.

(b1) Before creating such a district, the board of commissioners shall hold a public hearing. Notice of the hearing shall state the date, hour, and place of the hearing and its subject and shall set forth a description of the territory to be included within the proposed district. The notice shall be published once in a newspaper that circulates in the proposed district and in addition shall be posted in at least three public places in the district. The notice shall be posted and published not more than 30 nor less than 14 days before the hearing. The newspaper notice and the public hearing may cover more than one district covered by this subsection.

This subsection applies only when the local Health Director or the State Health Director has certified that there is a present or imminent serious public health hazard caused by the failure of a low-pressure pipe sewer system within the area of the proposed district, and in such case the board of commissioners may proceed either under subsection (a) of this section or under this subsection.

(c) At the public hearing, the commissioners shall hear all interested persons and may adjourn the hearing from time to time. (1977, c. 466, s. 1; 1979, c. 624, ss. 2, 3; 1993 (Reg. Sess., 1994), c. 696, s. 1; c. 714, s. 1; 1995, c. 461, s. 7.)

§ 162A-87. Creation of district; standards; limitation of actions.

(a) Following the public hearing, the board of commissioners may, by resolution, create a county water and sewer district if the board finds that:

- (1) There is a demonstrable need for providing in the district water services, or sewer services, or both;
- (2) The residents of all the territory to be included in the district will benefit from the district’s creation; and
- (3) It is economically feasible to provide the proposed service or services in the district without unreasonable or burdensome annual tax levies.

Territory lying within the corporate limits of a city or town may not be included in the district unless the governing body of the city or town agrees by resolution to such inclusion. Otherwise, the board of commissioners may define as the district all or any portion of the territory described in the notice of the public hearing.

(b) Upon adoption of a resolution creating a county water and sewer district, the board of commissioners shall cause the resolution to be published once in each of two successive weeks in the newspaper in which the notices of the hearing were published. In addition, the commissioners shall cause to be published with the resolution a notice in substantially the following form:

“The foregoing resolution was adopted by the _____ County Board of Commissioners on _____ and was first published on _____.

Any action or proceeding questioning the validity of this resolution or the creation of the _____ Water and Sewer District of _____ County or the inclusion in the district of any of the territory described in the resolution must be commenced within 30 days after the first publication of the resolution.

Clerk, _____ County Board of Commissioners”

Any action or proceeding in any court to set aside a resolution creating a county water and sewer district, or questioning the validity of such a resolution, the creation of such a district, or the inclusion in such a district of any of the territory described in the resolution creating the district must be commenced within 30 days after the first publication of the resolution and notice. After the expiration of this period of limitation, no right of action or defense founded upon the invalidity of the resolution, the creation of the district, or the inclusion of any territory in the district may be asserted, nor may the validity of the resolution, the creation of the district, or the inclusion of the territory be open to question in any court upon any ground whatever, except in an action or proceeding commenced within that period.

Notwithstanding any other provision of this section, in the case of any county water and sewer districts created under G.S. 162A-86(b1):

- (1) A resolution may cover the creation of more than one district;
- (2) The board of commissioners shall cause the resolution to be published once in the newspaper in which the notice of the hearing was published; and
- (3) References in this subsection to “30 days” are instead “21 days”. (1977, c. 466, s. 1; 1979, c. 624, s. 4; 1993 (Reg. Sess., 1994), c. 696, s. 2; c. 714, s. 2.)

§ 162A-87.1. Extension of water and sewer districts.

(a) Standards. — The board of commissioners may, by resolution, annex territory to any water and sewer district upon a finding that:

- (1) The area to be annexed is contiguous to the district, with at least one eighth of the area’s aggregate external boundary coincident with the existing boundary of the district;
- (2) The residents of the territory to be annexed will benefit from the annexation; and
- (3) It is economically feasible to provide the proposed service or services in the annexed district without unreasonable or burdensome annual tax levies.

(b) Annexation by Petition. — The board of commissioners may, by resolution, extend by annexation the boundaries of any water or sewer district when one hundred percent (100%) of the real property owners of the area to be annexed have petitioned the board for annexation to the water and sewer district.

(c) Annexation of Property within a City or Sanitary District. — Territory lying within the corporate limits of a city or sanitary district may not be annexed to a water and sewer district unless the governing body of the city or sanitary district agrees, by resolution, to the annexation.

(d) Report. — Before the public hearing required by subsection (e) of this section, the board of commissioners shall have prepared a report containing:

- (1) A map of the water and sewer district and the adjacent territory, showing the present and proposed boundaries of the district; and
- (2) A statement showing that the area to be annexed meets the standards and requirements established in subsections (a), (b), or (c) of this section.

The report shall be available for public inspection in the office of the clerk of the board of commissioners for at least two weeks before the date of the public hearing required by subsection (e) of this section.

(e) Hearing and Notice. — The board of commissioners shall hold a public hearing before adopting any resolution extending the boundaries of a water and sewer district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a statement that the report

required by subsection (d) of this section is available for inspection in the office of the clerk of the board of commissioners. The notice shall be published at least once not less than one week before the date of the hearing. In addition, unless the hearing is because of a petition for annexation submitted under subsection (b) of this section, the notice shall be mailed, at least four weeks before the date of the hearing, to the owners, as shown by the county tax records as of the preceding January 1, of all property located within the area to be annexed. The notice may be mailed by any class of U.S. mail which is fully prepaid. The person designated by the board of commissioners to mail the notice shall certify to the board of commissioners that the mailing has been completed, and his certificate shall be conclusive in the absence of fraud.

(f) **Effective Date.** — The resolution extending the boundaries of the district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board of commissioners. (1985, c. 627, s. 1; 1989, c. 543.)

§ 162A-87.1A. Initial boundaries of district.

(a) The initial boundaries of a district may exclude areas contained solely within the external boundaries of the district.

(b) The initial boundaries of a district may include noncontiguous portions, as long as the closest distance from a noncontiguous piece to the part of the district containing the greatest area does not exceed one mile.

(c) This section does not invalidate any district created prior to the effective date of this section. (1993 (Reg. Sess., 1994), c. 696, s. 3; c. 714, s. 3.)

§ 162A-87.1B. Transfer of State-owned property from one district to another.

If any property owned by the State is located in a county water and sewer district, the board of commissioners of that county by resolution may transfer the property to another county water and sewer district in that county. This section only applies if the State acquired the property from the county. Any such resolution shall become effective on the date specified in the resolution, and a copy of the resolution shall be sent to the Department of Administration. (2005-127, s. 1; 2006-226, s. 29.)

Editor's Note. — Session Laws 2005-127, s. 3, as amended by Session Laws 2006-226, s. 29, made this section effective June 29, 2005. For each water and sewer authority organized un-

der Article 1 of Chapter 162A of the General Statutes, G.S. 162A-5(c) applies on the first day of the fiscal year of the authority that begins on or after June 29, 2005.

§ 162A-87.2. Abolition of water and sewer districts.

(a) Upon finding that there is no longer a need for a water and sewer district and that there are no outstanding bonds or notes issued to finance projects in the district, the board of commissioners may, by resolution, abolish that district. The board of commissioners shall hold a public hearing before adopting a resolution abolishing a district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall be published at least once not less than one week before the date of the hearing. The abolition of any water and sewer district shall take effect at the end of a fiscal year following passage of the resolution, as determined by the board of commissioners.

(b) If the:

(1) Terms of any contract between a county water and sewer district and a city provide that upon certain conditions, all the property of the district is conveyed to that city; and

(2) District has at the time of abolition no existing bonds or notes issued as authorized by G.S. 162A-90 to finance projects in the district,

then such contract may also provide that no earlier than such conveyance the district may be abolished by action of the governing board of the city. If the district has any other indebtedness, a contract providing for conveyance of all of the assets of a district to a city must provide for assumption of such other indebtedness by the city. If the district is owed any assessments, then the right to collect such assessments becomes that of the city. The governing board of the city shall hold a public hearing before adopting a resolution abolishing a district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall be published at least once not less than one week before the date of the hearing. The abolition of any water and sewer district shall take effect at the end of a fiscal year of the district following passage of the resolution, as determined by the governing board. This subsection applies only to a county water and sewer district created under G.S. 162A-86(b1).

(c) If the:

(1) Terms of any contract between a county water and sewer district and a private person provide that upon certain conditions, all the property of the district is conveyed to that private person; and

(2) District has at the time of abolition no existing bonds or notes issued as authorized by G.S. 162A-90 to finance projects in the district,

such contract may also provide that no earlier than such conveyance the district may be abolished by action of the Utilities Commission. If the district has any other indebtedness, a contract providing for conveyance of all of the assets of a district to a private person must provide for assumption of such other indebtedness by the private person. If the district is owed any assessments, then the private person may collect the assessment under the same procedures as if it was the district. The Utilities Commission shall hold a public hearing before adopting a resolution abolishing a district. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall be published at least once not less than one week before the date of the hearing. The abolition of any water and sewer district shall take effect at the end of a fiscal year of the district following passage of the resolution, as determined by the Utilities Commission. This subsection applies only to a county water and sewer district created under G.S. 162A-86(b1).

(d) Any resolution of abolition adopted under this section on or after the effective date of this section shall be filed with the Secretary of State. (1985, c. 627, s. 2; 1993 (Reg. Sess., 1994), c. 696, s. 4; c. 714, s. 4.)

§ 162A-87.3. Services outside the district.

(a) A county water and sewer district may provide water or sewer services, or both, to customers outside the district, but in no case shall the county water and sewer district be held liable for damages to those outside the district for failure to furnish such services.

(b) A county water and sewer district may provide a different schedule of rents, rates, fees, and charges for services provided outside the district.

(c) A county water and sewer district may not extend service to customers lying within the corporate limits of a city or sanitary district unless the governing body of a city or sanitary district agrees, by resolution, to the extension.

(d) A county water and sewer district may not extend service to customers lying within another county unless the board of commissioners of that county agrees, by resolution, to the extension. (1989, c. 726, s. 1.)

§ 162A-88. District is a municipal corporation.

The inhabitants of a county water and sewer district created pursuant to this Article are a body corporate and politic by the name specified by the board of commissioners. Under that name they are vested with all the property and rights of property belonging to the corporation; have perpetual succession; may sue and be sued; may contract and be contracted with; may acquire and hold any property, real and personal, devised, bequeathed, sold, or in any manner conveyed, dedicated to, or otherwise acquired by them, and from time to time may hold, invest, sell, or dispose of the same; may have a common seal and alter and renew it at will; may establish, revise and collect rates, fees or other charges and penalties for the use of or the services furnished or to be furnished by any sanitary sewer system, water system or sanitary sewer and water system of the district; and may exercise those powers conferred on them by this Article. (1977, c. 466, s. 1; 1979, c. 624, s. 5.)

CASE NOTES

Purpose. — The very purpose of G.S. 162A-88 is to clarify that a county water and sewer district created pursuant to G.S. 162A-86 is effectively a municipal corporation. *Homebuilders Ass'n v. City of Charlotte*, 336 N.C. 37, 442 S.E.2d 45 (1994).

Broad Powers Granted to Water and Sewer Districts. — The legislature has granted broad powers to water and sewer districts, some of which are set forth in this section. *McNeill v. Harnett County*, 327 N.C. 552, 398 S.E.2d 475 (1990).

Powers Granted to Sewer District and County Under Chapter 153A, Article 15. — In addition to those powers granted to sewer district in this section, county, as operator of a public enterprise, is clothed with those powers set forth in Chapter 153A, Article 15, including the power to mandate connections and to fix charges for those connections under G.S. 153A-284. The plain wording of G.S. 153A-284 clearly supports this conclusion. *McNeill v. Harnett County*, 327 N.C. 552, 398 S.E.2d 475 (1990).

Water and sewer districts may contract with counties to carry out their purposes. *McNeill v. Harnett County*, 327 N.C. 552, 398 S.E.2d 475 (1990).

Power of County to Exercise Rights, Powers and Functions Granted to Water and Sewer Districts. — Pursuant to an interlocal cooperative agreement and pursuant to authority granted in Article 15 of Chapter 153A, a county may, among other things, operate a water and/or sewer system for and on

behalf of another unit of local government, such as a water and sewer district, and in conjunction therewith may exercise those rights, powers, and functions granted to water and sewer districts as found in this section and those rights, powers, and functions granted to counties in Ch. 153A, Art. 15. *McNeill v. Harnett County*, 327 N.C. 552, 398 S.E.2d 475 (1990).

Financing a Project by Charging for Services "To Be Furnished." — A local government is not required to use an assessment procedure to finance a project, and a sewer district may effectively finance a project through its authority to charge for services "to be furnished" pursuant to this section. *McNeill v. Harnett County*, 327 N.C. 552, 398 S.E.2d 475 (1990).

User Fees Are Not Limited. — The provisions of this section authorizing user fees for services "to be furnished" is not limited to the financing of maintenance and improvements of existing customers. *McNeill v. Harnett County*, 327 N.C. 552, 398 S.E.2d 475 (1990).

Annexation of Water and Sewer District. — Trial court did not err in holding that city could lawfully annex part of water and sewer district, even though a water and sewer district under this chapter is termed a municipal corporation; a water and sewer district is a municipal corporation organized for a special purpose, which does not qualify as a municipal corporation for purposes of Chapter 160A. *Thrash v. City of Asheville*, 95 N.C. App. 457, 383 S.E.2d 657 (1989), rev'd on other grounds, 327 N.C. 251, 393 S.E.2d 842 (1990).

§ 162A-88.1. Contracts with private entities.

A county water and sewer district may contract with and appropriate money to any person, association, or corporation, in order to carry out any public purpose that the county water and sewer district is authorized by law to engage in. (1993 (Reg. Sess., 1994), c. 696, s. 5; c. 714, s. 5.)

§ 162A-89. Governing body of district; powers.

(a) The board of commissioners of the county in which a county water and sewer district is created is the governing body of the district.

(b) The governing board of a consolidated city-county in which a water and sewer district is created is the governing body of the district. (1977, c. 466, s. 1; 1995, c. 461, s. 8.)

ARTICLE 1.

In General.

§ 162B-1. Designated emergency location of government.

The governing body of each political subdivision of this State is hereby authorized to designate by ordinance, resolution or other manner, alternate sites or places, within or without the territorial limits of such political subdivision and within or without this State, as the emergency location of government. (1959, c. 349.)

§ 162B-2. Emergency meetings.

Whenever the Governor and Council of State acting together declare an emergency to exist by reason of actual or impending hostile attack upon the State of North Carolina and, due to the emergency so declared, it becomes imprudent or impossible to conduct the affairs of local government at the regular or usual place or places thereof, the governing body of each political subdivision of this State is hereby authorized to meet from time to time upon call of the presiding officer or a majority of the members thereof at the designated emergency location of government during the period of the emergency and until the emergency is declared terminated by the Governor and Council of State. (1959, c. 349.)

§ 162B-3. Emergency public business; nature and conduct.

Whenever the public business of any political subdivision is being conducted at a designated emergency location outside the territorial limits thereof, the members of the governing body may exercise such executive and legislative powers and functions as are pertinent to continued operation of the local government upon return to within the respective political subdivision. Any action taken by any local governing body at a designated emergency location

shall apply and be effective only within the territorial limits of the political subdivision which such governing body represents. During the period of time in which the public business is being conducted at a designated emergency location, the governing body may, when emergency conditions make impossible compliance with legally prescribed procedural requirements relating to the conduct of meetings and transaction of business, waive such compliance by adoption of an ordinance or resolution reciting the facts and conditions showing the impossibility of compliance. (1959, c. 349.)

§ 162B-4. Provisions of Article control over local law.

The provisions of this Article shall be effective in the event it shall be employed notwithstanding any statutory, charter or ordinance provision to the contrary or in conflict herewith. (1959, c. 349.)

ARTICLE 2.

Emergency Interim Succession to Local Offices.

§ 162B-5. Short title.

This Article shall be known and may be cited as the North Carolina "Emergency Interim Local Government Executive Succession Act of 1959." (1959, c. 314, s. 1.)

§ 162B-6. Policy and purpose.

Because of the existing possibility of attack upon the State of North Carolina of unprecedented size and destructiveness, and in order, in the event of such an attack, to assure continuity of local government through legally constituted leadership, authority and responsibility in offices of political subdivisions of the State of North Carolina; to provide for the effective operation of local governments during an emergency; and to facilitate the early resumption of functions temporarily suspended, it is found and declared to be necessary to provide for emergency interim succession to governmental offices of political subdivisions in the event the incumbents thereof and their deputies, assistants or other subordinate officers authorized, pursuant to law, to exercise all of the powers and discharge the duties of such offices (hereinafter referred to as deputies) are unavailable to perform the duties and functions of such offices. (1959, c. 314, s. 2.)

§ 162B-7. Definitions.

Unless otherwise clearly required by the context, as used in this Article:

- (1) "Attack" means any attack or series of attacks by an enemy of the United States upon the State of North Carolina causing, or which may cause, substantial damage or injury to civilian property or persons in the State in any manner by sabotage or by the use of bombs, missiles, shellfire, or atomic, radiological, chemical, bacteriological or biological means or other weapons or processes.
- (2) "Emergency interim successor" means a person designated pursuant to this Article, in the event the officer is unavailable, to exercise the powers and discharge the duties of an office until a successor is appointed or elected and qualified as may be provided by the statutes, charters and ordinances or until the lawful incumbent is able to

resume the exercise of the powers and discharge the duties of the office.

- (3) "Office" includes all local offices, the powers and duties of which are defined by statutes, charters and ordinances.
- (4) "Political subdivision" includes counties, cities, towns, townships, districts, authorities and other municipal corporations and entities whether organized and existing under charter or general law.
- (5) "Unavailable" means either that a vacancy in office exists and there is no deputy authorized to exercise all of the powers and discharge the duties of the office, or that the lawful incumbent of the office (including any deputy exercising the powers and discharging the duties of an office because of a vacancy) and his duly authorized deputy are absent or unable to exercise the powers and discharge the duties of the office. (1959, c. 314, s. 3.)

§ 162B-8. Enabling authority for emergency interim successors for local offices.

With respect to local offices for which the governing bodies of cities, towns, townships, and counties may enact resolutions or ordinances relative to the manner in which vacancies will be filled or temporary appointments to office made, such governing bodies are hereby authorized to enact resolutions or ordinances providing for emergency interim successors to offices of the aforementioned governmental units. Such resolutions and ordinances shall not be inconsistent with the provisions of this Article. (1959, c. 314, s. 4.)

§ 162B-9. Emergency interim successors for local officers.

The provisions of this section shall be applicable to officers of political subdivisions (including, but not limited to counties, cities, towns and townships as well as school, fire, drainage and other municipal corporate districts) not included in G.S. 162B-8. Such governing bodies, pursuant to such regulations as they may adopt, shall upon approval of this Article, designate by title (if feasible) or by named person, emergency interim successors and specify their order of succession. The local governing body shall review and revise, as necessary, designations made pursuant to this Article to insure their current status. The governing body will designate a sufficient number of persons so that there will be not less than three, nor more than seven, deputies or emergency interim successors or combination thereof at any time. In the event that any officer of any political subdivision (or his deputy provided for pursuant to law) is unavailable, the powers of the office shall be exercised and duties shall be discharged by his designated emergency interim successors in the order specified. The emergency interim successor shall exercise the powers and discharge the duties of the office to which designated until such time as a vacancy which may exist shall be filled in accordance with the Constitution or statutes; or until the officer (or his deputy or a preceding emergency interim successor) again becomes available to exercise the powers and discharge the duties of his office. (1959, c. 314, s. 5.)

§ 162B-10. Formalities of taking office.

At the time of their assumption of office, emergency interim successors shall take such oath as may be required for them to exercise the powers and discharge the duties of the office to which they may succeed. Notwithstanding any other provision of law, no person, as a prerequisite to the exercise of the powers or discharge of the duties of an office to which he succeeds, shall be

required to comply with any other provision of law relative to taking office. (1959, c. 314, s. 6.)

§ 162B-11. Period in which authority may be exercised.

Emergency interim successors, authorized to act pursuant to this Article, are empowered to exercise the powers and discharge the duties of an office as herein authorized only after an attack upon the State of North Carolina, as defined herein, has occurred. The local governing body, by a duly adopted resolution, may at any time terminate the authority of said emergency interim successors to exercise the powers and discharge the duties of office as herein provided. (1959, c. 314, s. 7.)

§ 162B-12. Removal of designees.

Until such time as the persons designated as emergency interim successors are authorized to exercise the powers and discharge the duties of an office in accordance with this Article, including G.S. 162B-11 hereof, said persons shall serve in their designated capacities at the pleasure of the designating authority and may be removed or replaced by said designating authority at any time, with or without cause. (1959, c. 314, s. 8.)

§ 162B-13. Disputes.

Any dispute concerning a question of fact arising under this Article with respect to an office in any political subdivision shall be adjudicated by the local governing body and their decision shall be final. (1959, c. 314, s. 9.)

Local Modification to Former §§ 163-118 to 163-147. — Session Laws 1945, c. 894, repealed former Article 19, relating to primaries, insofar as its provisions applied to the nomination of Democratic candidates for the General Assembly and county offices in Mitchell County. Session Laws 1957, c. 826, as amended by Session Laws 1959, c. 621, s. 2, provided that the former Article should not apply to nominations of Democratic candidates for county offices and members of the House of Representatives in Cherokee County, but that such candidates should be nominated by convention of the Democratic Party. Session Laws 1961, c. 484, provided that the former Article should not apply to nominations of Republican candidates for county offices and members of the General Assembly in Cherokee County, but that such candidates should be nominated by convention of the Republican Party. Session Laws 1953, c. 1069, as amended by Session Laws 1959, c. 238, made the former Article applicable to Watauga County. Editor's Note. — Session Laws 1967, c. 775, which rewrote this Chapter, provided in s. 2 for the repeal of all laws and clauses of laws in conflict with the act, "except local and special acts relating to primaries and elections."

An amendment to this and other sections by Session Laws 1981, c. 504, ss. 11 to 13, was made effective upon certification of approval of the constitutional amendments proposed by ss. 1 to 3 of the act. The constitutional amendments were submitted to the people at an election held June 29, 1982, and were defeated. Therefore, the 1981 amendment to this section never went into effect.

Amendments to this and other sections by Session Laws 1985, c. 768 were made contingent on approval by the voters of the constitutional amendments proposed by c. 768. Since the proposed constitutional amendments were defeated by a vote of the people on May 6, 1986, the amendments to this section by Session Laws 1985, c. 768 never went into effect.

Session Laws 1991, Ex. Sess., c. 1, which was submitted to the Attorney General of the United States pursuant to Section 5 of the Voting Rights Act of 1965, as amended (42 U.S.C. 1973c), received preclearance from the United States Department of Justice on January 3, 1992.

Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 5, effective January 1, 1995, and applicable to all primaries and elections occurring on or after that date, provides: "Wherever the term 'registrar' appears in Chapter 163 of the General Statutes, the term shall be changed to read 'chief judge'."

Session Laws 1996, Second Extra Session, c. 9, s. 23, provides: "Part 1 of this act becomes effective only if Parts 1 and 2 of this act are both effective under section 5 of the Voting Rights Act of 1965." Preclearance was received from the U.S. Department of Justice by letter dated October 1, 1996.

Session Laws 1996, Second Extra Session, c.

9, s. 24, made the amendment thereby effective upon ratification, and applicable beginning with the 1996 elections, except that Sections 1 and 2 of that act shall be applied to the 1994 general election and the results of that election validated and confirmed under those sections. The Act was ratified August 2, 1996.

Subsection (d), added by Session Laws 2003-434, 1st Ex. Sess., s. 6, effective November 25, 2003, is applicable to any case pending on or after that date, to any case regardless of when the case was filed, and to any action of a court affecting the validity of an act apportioning or redistricting State legislative or congressional districts.

Session Laws 2005-425, s. 4, provides: "Sections 1.1 and 1.2 of this act become effective

January 1, 2006, and apply to fees assessed or collected on or after that date. Section 2 becomes effective January 1, 2006, and applies to cases filed on or after that date. Sections 3.1 and 3.2 of this act are effective when they become law. Judges elected in 2006 and thereafter take office accordingly, and as provided by Section 10 of Article VI of the North Carolina Constitution and G.S. 128-7, those in office on the first Monday in December of 2006 or 2008 shall continue until their successors' terms begin and are duly qualified."

If the office of Governor or Lieutenant Governor shall become vacant, the provisions of G.S. 147-11.1 shall apply. Each such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 60 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired four-year term: Provided, that when a vacancy occurs in any of the

offices named in this section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an acting officer to perform the duties of that office until a person is appointed or elected pursuant to this section and Article III, Section 7 of the State Constitution, to fill the vacancy and is qualified. (1901, c. 89, ss. 4, 73; Rev., s. 4299; C.S., s. 5920; 1967, c. 775, s. 1; 1983, c. 324, s. 1; 1985 (Reg. Sess., 1986), c. 920, s. 5.)

Editor's Note. — Session Laws 1985 (Reg. Sess., 1986), c. 920, s. 5, effective January 1, 1987, but only upon approval by the voters of

the constitutional amendments set forth in Session Laws 1985 (Reg. Sess., 1986), c. 920, ss. 1 and 2, substituted "60 days" for "30 days" in the third sentence. The constitutional amendments were approved at the election held November 4, 1986.

§ 163-9. Filling vacancies in State and district judicial offices.

(a) Vacancies occurring in the offices of Justice of the Supreme Court, judge of the Court of Appeals, and judge of the superior court for causes other than expiration of term shall be filled by appointment of the Governor. An appointee to the office of Justice of the Supreme Court or judge of the Court of Appeals shall hold office until January 1 next following the election for members of the General Assembly that is held more than 60 days after the vacancy occurs, at which time an election shall be held for an eight-year term and until a successor is elected and qualified.

(b) Except for judges specified in the next paragraph of this subsection, an appointee to the office of judge of superior court shall hold his place until the next election for members of the General Assembly that is held more than 60 days after the vacancy occurs, at which time an election shall be held to fill the unexpired term of the office.

Appointees for judges of the superior court from any district:

- (1) With only one resident judge; or
- (2) In which no county is subject to section 5 of the Voting Rights Act of 1965,

shall hold the office until the next election of members of the General Assembly that is held more than 60 days after the vacancy occurs, at which time an election shall be held to fill an eight-year term.

(c) When the unexpired term of the office in which the vacancy has occurred expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office.

(d) Vacancies in the office of district judge which occur before the expiration of a term shall not be filled by election. Vacancies in the office of district judge shall be filled in accordance with G.S. 7A-142. Session Laws 1995, c. 98, s. 2, effective May 23, 1995, specified the terms of all duly elected judges of the Supreme Court and Judges of the Court of Appeals who were not already serving full eight year terms of office.

CASE NOTES

Constitutionality. — This section, insofar as it provides for elections of judges to fill only the unexpired portions of eight-year terms, is authorized by N.C. Const., Art. IV, § 19; therefore, it does not violate N.C. Const., Art. IV,

§ 16, providing that judges "shall be elected ... and shall hold office for terms of eight years." *Brannon v. North Carolina State Bd. of Elections*, 331 N.C. 335, 416 S.E.2d 390 (1992).

§ 163-10. Filling vacancy in office of district attorney.

Any vacancy occurring in the office of district attorney for causes other than expiration of term shall be filled by appointment of the Governor. An appointee shall hold his place until the next election for members of the General Assembly that is held more than 60 days after the vacancy occurs, at which time an election shall be held to fill the unexpired term of the office: Provided, that when the unexpired term of the office in which the vacancy has occurred expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. Editor's Note. — Session Laws 1985 (Reg. Sess., 1986), c. 920, s. 7, effective January 1, 1987, but only upon approval by the voters of

the constitutional amendments set forth in Session Laws 1985 (Reg. Sess., 1986), c. 920, ss. 1 and 2, substituted "60 days" for "30 days" in the second sentence. The constitutional amendments were approved at the election held November 4, 1986.

§ 163-11. Filling vacancies in the General Assembly.

(a) If a vacancy shall occur in the General Assembly by death, resignation, or otherwise than by expiration of term, the Governor shall immediately appoint for the unexpired part of the term the person recommended by the political party executive committee provided by this section. The Governor shall make the appointment within seven days of receiving the recommendation of the appropriate committee. If the Governor fails to make the appointment within the required period, he shall be presumed to have made the appointment and the legislative body to which the appointee was recommended is directed to seat the appointee as a member in good standing for the duration of the unexpired term.

(b) If the district consists solely of one county and includes all of that county, the Governor shall appoint the person recommended by the county executive committee of the political party with which the vacating member was affiliated

when elected, it being the party executive committee of the county which the vacating member was resident.

(c) If the district consists solely of one county but includes less than all of the county, the Governor shall appoint the person recommended by the county executive committee of the political party with which the vacating member was affiliated when elected, it being the county executive committee of the county which the vacating member was resident, provided that in voting only those county executive committee members who reside in the district shall be eligible to vote.

(d) If the district consists of more than one county, the Governor shall appoint for the unexpired portion of the term the person recommended by the State House of Representatives district committee or the Senatorial district committee of the political party with which the vacating member was affiliated when elected. In the case where all of a county is included within a district, the county convention or county executive committee of that political party shall elect or appoint at least one member from that county to serve on the State House of Representatives district executive committee or State Senatorial district executive committee. In the case where only part of a county is included within a district, the county convention or county executive committee of that political party shall elect or appoint at least one member from that county to serve on the State House of Representatives district committee or the State Senatorial district committee, but only the delegates to the county convention or the members of the county executive committee who reside in the district may vote in electing the district committee member. When the State House of Representatives district committee or the State Senatorial district committee meets, a member shall be entitled to cast for his county (or the part of his county within the district) one vote for each 300 persons or major fraction thereof residing within that county, or in the case where less than the whole county is in the district one vote for each 300 persons or major fraction thereof residing in that part of the district within the county.

A county convention or county executive committee may elect more than one member to the district committee but in the event that more than one member is selected from that county, then each member shall cast an equal share of the votes allotted to the county.

(e) No person is eligible for appointment to fill a vacancy in the Senate or the House of Representatives under this section, unless that person would have been qualified to vote as an elector for that office if an election were to be held on the date of appointment. This section is intended to implement the provisions of Section 8 of Article VI of the Constitution. (1901, c. 89, s. 74; Rev., s. 4298; C.S., s. 5919; 1947, c. 505, s. 1; 1953, c. 1191, s. 1; 1967, c. 775, s. 1; 1973, c. 35; 1981 (Reg. Sess., 1982), c. 1265, s. 3; 2007-391, s. 27(b).)

§ 163-19. State Board of Elections; appointment; term of office; vacancies; oath of office.

All of the terms of office of the present members of the State Board of Elections shall expire on May 1, 1969, or when their successors in office are appointed and qualified.

The State Board of Elections shall consist of five registered voters whose terms of office shall begin on May 1, 1969, and shall continue for four years, and until their successors are appointed and qualified. The Governor shall appoint the members of this Board and likewise shall appoint their successors every four years at the expiration of each four-year term. Not more than three members of the Board shall be members of the same political party. The Governor shall appoint the members from a list of nominees submitted to him by the State party chairman of each of the two political parties having the highest number of registered affiliates as reflected by the latest registration statistics published by the State Board of Elections. Each party chairman shall submit a list of five nominees who are affiliated with that political party.

Any vacancy occurring in the Board shall be filled by the Governor, and the person so appointed shall fill the unexpired term. The Governor shall fill the vacancy from a list of three nominees submitted to him by the State party chairman of the political party that nominated the vacating member as provided by the preceding paragraph. The three nominees must be affiliated with that political party.

At the first meeting held after new appointments are made, the members of the State Board of Elections shall take the following oath:

"I, _____, do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State, and that I will well and truly execute the duties of the office of member of the State Board of Elections according to the best of my knowledge and ability, according to law, so help me, God."

After taking the prescribed oath, the Board shall organize by electing one of its members chairman and another secretary.

No person shall be eligible to serve as a member of the State Board of Elections who holds any elective or appointive office under the government of the United States, or of the State of North Carolina or any political subdivision thereof. No person who holds any office in a political party, or organization, or who is a candidate for nomination or election to any office, or who is a campaign manager or treasurer of any candidate in a primary or election shall be eligible to serve as a member of the State Board of Elections. Session Laws 2005-276, s. 46.5 is a severability clause.

Session Laws 2006-262, s. 5, provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

§ 163-20. Meetings of Board; quorum; minutes.

(a) Call of Meeting. — The State Board of Elections shall meet at the call of the chairman whenever necessary to discharge the duties and functions imposed upon it by this Chapter. The chairman shall call a meeting of the Board upon the written application or applications of any two members thereof. If there is no chairman, or if the chairman does not call a meeting within three days after receiving a written request or requests from two members, any three members of the Board shall have power to call a meeting of the Board, and any duties imposed or powers conferred on the Board by this Chapter may be performed or exercised at that meeting, although the time for performing or exercising the same prescribed by this Chapter may have expired.

(b) Place of Meeting. — Except as provided in subsection (c), below, the State Board of Elections shall meet in its offices in the City of Raleigh, or at another place in Raleigh to be designated by the chairman. However, subject to the limitation imposed by subsection (c), below, upon the prior written request of any four members, the State Board of Elections shall meet at any other place in the State designated by the four members.

(c) Meetings to Investigate Alleged Violations of This Chapter. — When called upon to investigate or hear sworn alleged violations of this Chapter, the State Board of Elections shall meet and hear the matter in the county in which the violations are alleged to have occurred.

(d) Quorum. — A majority of the members constitutes a quorum for the transaction of business by the State Board of Elections. If any member of the Board fails to attend a meeting, and by reason thereof there is no quorum, the members present shall adjourn from day to day for not more than three days, by the end of which time, if there is no quorum, the Governor may summarily remove any member failing to attend and appoint his successor.

(e) Minutes. — The State Board of Elections shall keep minutes recording all proceedings and findings at each of its meetings. The minutes shall be recorded in a book which shall be kept in the office of the Board in Raleigh. CASE NOTES

Venue of State Board of Elections. — Members of State Board of Elections reside in Wake County for venue purposes, since it is there that they act in their capacities as members of the State Board. *Republican Party v. Martin*, 682 F. Supp. 834 (M.D.N.C. 1988).

The mere fact of the State Board's supervi-

sory role, does not give it an official residence in each of the 100 counties in this state where county boards of elections are located for purposes of venue. *Republican Party v. Martin*, 682 F. Supp. 834 (M.D.N.C. 1988).

Cited in *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

§ 163-21. Compensation of Board members.

The members of the State Board of Elections shall be compensated for the time they are actually engaged in the discharge of their duties and for their traveling and other expenses necessary and incidental to the discharge of their duties in accordance with the provisions of Chapter 138 of the General Statutes. (1901, c. 89, s. 7; Rev., ss. 2760, 4301; C.S., s. 5922; 1933, c. 165, s. 1; 1967, c. 775, s. 1.)

§ 163-22. Powers and duties of State Board of Elections.

(a) The State Board of Elections shall have general supervision over the primaries and elections in the State, and it shall have authority to make such reasonable rules and regulations with respect to the conduct of primaries and elections as it may deem advisable so long as they do not conflict with any provisions of this Chapter.

(b) From time to time, the Board shall publish and furnish to the county and municipal boards of elections and other election officials a sufficient number of indexed copies of all election laws and Board rules and regulations then in force. It shall also publish, issue, and distribute to the electorate such materials explanatory of primary and election laws and procedures as the Board shall deem necessary.

(c) The State Board of Elections shall appoint, in the manner provided by law, all members of the county boards of elections and advise them and municipal elections board members as to the proper methods of conducting primaries and elections. The Board shall require such reports from the county and municipal boards and election officers as are provided by law, or as are deemed necessary by the Board, and shall compel observance of the requirements of the election laws by county and municipal boards of elections and other election officers. In performing these duties, the Board shall have the right to hear and act on complaints arising by petition or otherwise, on the failure or neglect of a county or municipal board of elections to comply with any part of the election laws imposing duties upon such a board. The State Board of Elections shall have power to remove from office any member of a county or municipal board of elections for incompetency, neglect or failure to perform duties, fraud, or for any other satisfactory cause. Before exercising this power, the State Board shall notify the county or municipal board member affected and give him an opportunity to be heard. When any county board member shall be removed by the State Board of Elections, the vacancy occurring shall be filled by the State Board of Elections. When any municipal board member shall be removed by the State Board of Elections, the vacancy occurring shall be filled by the city council of the city appointing members of that board.

(d) The State Board of Elections shall investigate when necessary or advisable, the administration of election laws, frauds and irregularities in elections in any county and municipality and special district, and shall report violations of the election laws to the Attorney General or district attorney or prosecutor of the district for further investigation and prosecution.

(e) The State Board of Elections shall determine, in the manner provided by law, the form and content of ballots, instruction sheets, pollbooks, tally sheets, abstract and return forms, certificates of election, and other forms to be used in primaries and elections. The Board shall furnish to the county boards of elections the registration application forms required pursuant to G.S. 163-82.3. The State Board of Elections shall direct the county boards of elections to purchase a sufficient quantity of all forms attendant to the registration and elections process. In addition, the State Board shall provide a source of supply from which the county boards of elections may purchase the quantity of pollbooks needed for the execution of its responsibilities. In the preparation of ballots, pollbooks, abstract and return forms, and all other forms, the State Board of Elections may call to its aid the Attorney General of the State, and it shall be the duty of the Attorney General to advise and aid in the preparation of these books, ballots and forms.

(f) The State Board of Elections shall prepare, print, distribute to the county and municipal boards of elections all ballots for use in any primary or election held in the State which the law provides shall be printed and furnished by the State to the counties. The Board shall instruct the county boards of elections as to the printing of county and local ballots.

(g) The State Board of Elections shall certify to the appropriate county boards of elections the names of candidates for district offices who have filed notice of candidacy with the Board and whose names are required to be printed on county ballots.

(h) It shall be the duty of the State Board of Elections to tabulate the primary and election returns, to declare the results, and to prepare abstracts of the votes cast in each county in the State for offices which, according to law, shall be tabulated by the Board.

(i) The State Board of Elections shall make recommendations to the Governor and legislature relative to the conduct and administration of the primaries and elections in the State as it may deem advisable.

(j) Notwithstanding the provisions of any other section of this Chapter, the State Board of Elections is empowered to have access to any ballot boxes and their contents, any voting machines and their contents, any registration records, pollbooks, voter authorization cards or voter lists, any lists of absentee voters, any lists of presidential registrants under the Voting Rights Act of 1965 as amended, and any other voting equipment or similar records, books or lists in any precinct, county, municipality or electoral district over whose elections it has jurisdiction or for whose elections it has responsibility.

(k) Notwithstanding the provisions contained in Article 20 or Article 21 of Chapter 163 the State Board of Elections shall be authorized, by resolution adopted prior to the printing of the primary ballots, to reduce the time by which absentee ballots are required to be printed and distributed for the primary election from 50 days to 45 days. This authority shall not be authorized for absentee ballots to be voted in the general election.

(l) Notwithstanding any other provision of law, in order to obtain judicial review of any decision of the State Board of Elections rendered in the performance of its duties or in the exercise of its powers under this Chapter, the person seeking review must file his petition in the Superior Court of Wake County.

(m) Repealed by Session Laws 2001-398, s. 4, effective January 1, 2002.

(n) The State Board of Elections shall provide specific training to county boards of elections regarding rules for registering students.

(o) The State Board of Elections shall promulgate minimum requirements for the number of pollbooks, voting machines and curbside ballots to be available at each precinct, such that more of such will be available at general elections and a sufficient number will be available to allow voting without excessive delay. The State Board of Elections shall provide for a training and screening program for chief judges and judges. The State Board of Elections shall provide additional testing of voting machines to ensure that they operate properly even with complicated ballots.

The State Board of Elections shall require counties with voting systems to have sufficient personnel available on election day with technical expertise to make repairs in such equipment, to investigate election day problems, and assist in curbside voting. (1901, c. 89, ss. 7, 11; Rev., ss. 4302, 4305; 1913, c. 138; C.S., ss. 5923, 5926; 1921, c. 181, s. 1; 1923, c. 196; 1933, c. 165, ss. 1, 2; 1945, c. 982; 1953, c. 410, s. 2; 1967, c. 775, s. 1; 1973, c. 47, s. 2; c. 793, s. 2; 1975, c. 19, s. 65; 1977, c. 661, s. 6; 1979, c. 411, s. 1; 1981, c. 556; 1985 (Reg. Sess., 1986), c. 986, ss. 2, 3; 1987, c. 485, ss. 2, 5; c. 509, s. 9; c. 642, s. 3; 1989, c. 635, s. 5; 1991, c. 727, ss. 5.2, 7; 1993 (Reg. Sess., 1994), c. 762, s. 12; 1995, c. 509, s. 114; 1999-424, s. 7(a); 2001-398, s. 4.)

Editor's Note. — Section 4 of Session Laws 1985 (Reg. Sess., 1986), c. 986, provided that ss. 2 and 3 thereof, which amended subsection (k), would expire with respect to primaries and elections held on or after December 31, 1986.

Session Laws 1985 (Reg. Sess., 1986), c. 987, ss. 2, 3 made the same changes to this section as c. 986, but was only to become effective if the U.S. Attorney General interposed objection to Session Laws 1985 (Reg. Sess., 1986), c. 986 as

to the fact that such bill provided for designating vacancies for all unexpired terms separately from full terms. Chapter 987 also provided that the act would expire with respect to primaries and elections held on or after December 31, 1986. Objection to c. 986 was not made. Moreover, Session Laws 1987, c. 509, s. 9 repealed Session Laws 1985 (Reg. Sess., 1986), c. 987. Therefore, c. 987 never went into effect.

Session Laws 2005-323, s. 8, provides: "The State Board of Elections shall recommend a model code of ethics for members and employees of county boards of elections and of the

State Board of Elections. The code shall address the appropriate relations between those members and staff and vendors who do business or seek to do business with boards of elections in North Carolina. It shall address how to avoid both the reality and the appearance of conflicts of interest and impropriety. The State Board shall report its recommended code to the Joint Select Committee on Electronic Voting Systems and to the Joint Legislative Commission on Governmental Operations no later than 60 days after this act becomes law."

CASE NOTES

Supervisory and Other Powers. — The State Board of Elections has general supervision over the primaries and elections in the State, with authority to promulgate legally consistent rules and regulations for their conduct and to compel the observance of the election laws by county boards of elections, and the duty of the Board to canvass the returns and declare the county does not affect its supervisory power, which perforce must be exercised prior to the final acceptance of the returns made by the county boards. *Burgin v. North Carolina State Bd. of Elections*, 214 N.C. 140, 198 S.E. 592 (1938).

The General Assembly has given the State Board of Elections power to supervise primaries and general elections to the end that, insofar as possible, the results in primary and general elections in this State will not be influenced or tainted with fraud, corruption or other illegal conduct on the part of election officials or others. *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

Power to Make Rules and Regulations Not in Conflict with Law. — The General Assembly has conferred upon the State Board of Elections power to make reasonable rules and regulations for carrying into effect the law it was created to administer, but has annexed to the grant of this power the express limitation that such rules and regulations must not conflict with any provisions of such law. This specific restriction would have been inseparably wedded to the authority granted even if the statutes had been silent with respect to it, because the Constitution forbids the legislature to delegate the power to make law to any other body. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

Authority to Hear and Act on Complaints. — The legislature has mandated that the State Board of Elections shall compel observance of the election laws. To do so, the State Board of Elections must have authority to hear and act on complaints, whether they arise by

petitions filed in accordance with the rules and regulations promulgated by the Board or otherwise. In re Judicial Review by Republican Candidates, 45 N.C. App. 556, 264 S.E.2d 338, cert. denied, 299 N.C. 736, 267 S.E.2d 672 (1980).

The authority of the State Board to conduct a public inquiry into an election in a certain county and enter an order calling for a new election was not dependent upon a protest having been previously filed. In re Judicial Review by Republican Candidates, 45 N.C. App. 556, 264 S.E.2d 338, cert. denied, 299 N.C. 736, 267 S.E.2d 672 (1980).

Investigation of Frauds Is Not Limited to Reporting Them for Further Investigation. — Subdivision (11) of former G.S. 163-10 (subsection (d) of this section) does not limit the authority of the State Board of Elections merely to an investigation of alleged "frauds and irregularities in elections in any county" for the sole purpose of making a report of such frauds and irregularities to the Attorney General or district attorney for further investigation and prosecution. *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

And State Board May Direct County Board to Amend Returns. — The State Board of Elections, which is a quasi-judicial agency, may, in a primary or election in a multiple county district, investigate alleged frauds and irregularities in elections in any county upon appeal from a county board or upon a protest filed in apt time with the State Board of Elections, may take such action as the findings of fact may justify, and may direct a county board of elections to amend its returns in accordance therewith. *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

Persons Entitled to Notice of Inquiry. — The procedure contemplated by subsection (d) of this section is not the type of procedure contemplated by Article 3 of the Administrative Procedure Act, G.S. 150A-23 et seq. (now G.S. 150B-23 et seq.); however there can be no doubt but that persons elected to county offices in the

election to be inquired into are entitled to notice. In re Judicial Review by Republican Candidates, 45 N.C. App. 556, 264 S.E.2d 338, cert. denied, 299 N.C. 736, 267 S.E.2d 672 (1980).

Venue of State Board of Elections. — The mere fact of the State Board's supervisory role does not give it an official residence in each of the 100 counties in this state where county boards of elections are located for purposes of venue. *Republican Party v. Martin*, 682 F. Supp. 834 (M.D.N.C. 1988).

Notice of Hearing Held Sufficient. — Notice published in a newspaper and provided to each member of the county board of elections and each candidate whose name appeared on the ballot for a county office that a public hearing would be held at a specified time and place to inquire into the processes relative to a general election conducted in the county, particularly the processes involving absentee ballots, was sufficient to comply with due process, it not being necessary for the State Board of Elections to particularize any charges in the notice of public hearing. In re Judicial Review by Republican Candidates, 45 N.C. App. 556,

264 S.E.2d 338, cert. denied, 299 N.C. 736, 267 S.E.2d 672 (1980).

Decision of Board Held Not Made on Unlawful Procedure. — A decision of the State Board of Elections ordering a new election for certain offices in Clay County was not made on "unlawful procedure" without findings of fact where the chairman orally announced the Board's decision on December 6, 1978, to order a new election because of irregularities in assistance rendered to persons who voted by absentee ballots and in the collection and return of voted absentee ballots; a written decision was filed on the same day incorporating the oral decision; an order was entered December 14, 1978, setting a date for the new election and setting out the rules and procedure for its conduct; and on February 13, 1979, the State Board filed a written order containing its findings of fact and conclusions of law. In re Judicial Review by Republican Candidates, 45 N.C. App. 556, 264 S.E.2d 338, cert. denied, 299 N.C. 736, 267 S.E.2d 672 (1980).

§ 163-22.1: Repealed by Session Laws 2001-398, s. 2, effective January 1, 2002.

§ 163-22.2. Power of State Board to promulgate temporary rules and regulations.

In the event any portion of Chapter 163 of the General Statutes or any State election law or form of election of any county board of commissioners, local board of education, or city officer is held unconstitutional or invalid by a State or federal court or is unenforceable because of objection interposed by the United States Justice Department under the Voting Rights Act of 1965 and such ruling adversely affects the conduct and holding of any pending primary or election, the State Board of Elections shall have authority to make reasonable interim rules and regulations with respect to the pending primary or election as it deems advisable so long as they do not conflict with any provisions of Chapter 163 of the General Statutes and such rules and regulations shall become null and void 60 days after the convening of the next regular session of the General Assembly. The State Board of Elections shall also be authorized, upon recommendation of the Attorney General, to enter into agreement with the courts in lieu of protracted litigation until such time as the General Assembly convenes. (1981, c. 741; 1982, 2nd Ex. Sess., c. 3, s. 19.1; c. 1265, ss. 1, 2; 1985, c. 563, s. 15; 1986, Ex. Sess., c. 3, s. 1.)

§ 163-23. Powers of chairman in execution of Board duties.

In the performance of the duties enumerated in this Chapter, the chairman of the State Board of Elections shall have power to administer oaths, issue subpoenas, summon witnesses, and compel the production of papers, books, records and other evidence. Such order shall be executed by any sheriff to whom the same shall be delivered, or if a sheriff shall not be present, or shall refuse to act, by any other person who shall be deputed by the State Board of Elections in writing, and the keeper of the jail shall receive the person so committed and safely keep him for such time as shall be mentioned in the commitment: Provided, that any person committed under the provisions of this section shall have the right to post a two hundred dollar (\$200.00) bond with the clerk of the superior court and appeal to the superior court for a trial on the merits of his commitment. § 163-25. Authority of State Board to assist in litigation.

It is further stipulated that the State Board of Elections shall not be authorized under this provision to enter into any litigation in assistance to counties, except in those instances where the uniform administration of Chapter 163 of the General Statutes of North Carolina has been, or would be threatened.

The Attorney General shall provide the State Board of Elections with legal assistance in execution of its authority under this section or, in his discretion, recommend that private counsel be employed.

In every county of the State there shall be a county board of elections, to consist of three persons of good moral character who are registered voters in the county in which they are to act. Members of county boards of elections shall be appointed by the State Board of Elections on the last Tuesday in June 1985, and every two years thereafter, and their terms of office shall continue for two years from the specified date of appointment and until their successors are appointed and qualified. Not more than two members of the county board of elections shall belong to the same political party.

No person shall be eligible to serve as a member of a county board of elections who holds any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof.

No person who holds any office in a state, congressional district, county or precinct political party or organization, or who is a campaign manager or treasurer of any candidate or political party in a primary or election, shall be eligible to serve as a member of a county board of elections, provided however that the position of delegate to a political party convention shall not be considered an office for the purpose of this section.

No person shall be eligible to serve as a member of a county board of elections who is a candidate for nomination or election.

No person shall be eligible to serve as a member of a county board of elections who is the wife, husband, son, son-in-law, daughter, daughter-in-law, mother, mother-in-law, father, father-in-law, sister, sister-in-law, brother, brother-in-law, aunt, uncle, niece, or nephew of any candidate for nomination or election. Upon any member of the board of elections becoming ineligible, that member's seat shall be declared vacant. This paragraph only applies if the county board of elections is conducting the election for which the relative is a candidate.

The State chairman of each political party shall have the right to recommend to the State Board of Elections three registered voters in each county for appointment to the board of elections for that county. If such recommendations are received by the Board 15 or more days before the last Tuesday in June

1985, and each two years thereafter, it shall be the duty of the State Board of Elections to appoint the county boards from the names thus recommended.

Whenever a vacancy occurs in the membership of a county board of elections for any cause the State chairman of the political party of the vacating member shall have the right to recommend two registered voters of the affected county for such office, and it shall be the duty of the State Board of Elections to fill the vacancy from the names thus recommended.

At the meeting of the county board of elections required by G.S. 163-31 to be held on Tuesday following the third Monday in July in the year of their appointment the members shall take the following oath of office:

"I, _____, do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State, not inconsistent with the Constitution of the United States; and that I will well and truly execute the duties of the office of member of the _____ County Board of Elections to the best of my knowledge and ability, according to law; so help me God."

Each member of the county board of elections shall attend each instructional meeting held pursuant to G.S. 163-46, unless excused for good cause by the chairman of the board, and shall be paid the sum of twenty-five dollars (\$25.00) per day for attending each of those meetings. In each county of the State the members of the county board of elections shall meet at the courthouse or board office at noon on the Tuesday following the third Monday in July in the year of their appointment by the State Board of Elections and, after taking the oath of office provided in G.S. 163-30, they shall organize by electing one member chairman and another member secretary of the county board of elections. A majority of the members shall constitute a quorum for the

transaction of board business. The chairman shall notify, or cause to be notified, all members regarding every meeting to be held by the board.

The county board of elections shall keep minutes recording all proceedings and findings at each of its meetings. The minutes shall be recorded in a book which shall be kept in the board office and it shall be the responsibility of the secretary, elected by the board, to keep the required minute book current and accurate. Local Modification to Former § 163-12.

— Hyde, Iredell and Nash: 1941, c. 305, s. 2.

§ 163-33. Powers and duties of county boards of elections.

The county boards of elections within their respective jurisdictions shall exercise all powers granted to such boards in this Chapter, and they shall perform all the duties imposed upon them by law, which shall include the following:

- (1) To make and issue such rules, regulations, and instructions, not inconsistent with law or the rules established by the State Board of Elections, as it may deem necessary for the guidance of election officers and voters.
- (2) To appoint all chief judges, judges, assistants, and other officers of elections, and designate the precinct in which each shall serve; and, after notice and hearing, to remove any chief judge, judge of elections, assistant, or other officer of election appointed by it for incompetency, failure to discharge the duties of office, failure to qualify within the

time prescribed by law, fraud, or for any other satisfactory cause. In exercising the powers and duties of this subdivision, the board may act only when a majority of its members are present at any meeting at which such powers or duties are exercised.

- (3) To investigate irregularities, nonperformance of duties, and violations of laws by election officers and other persons, and to report violations to the State Board of Elections. In exercising the powers and duties of this subdivision, the board may act only when a majority of its members are present at any meeting at which such powers or duties are exercised. Provided that in any hearing on an irregularity no board of elections shall consider as evidence the testimony of a voter who cast a ballot, which ballot that voter was not eligible to cast, as to how that voter voted on that ballot.
- (4) As provided in G.S. 163-128, to establish, define, provide, rearrange, discontinue, and combine election precincts as it may deem expedient, and to fix and provide for places of registration and for holding primaries and elections.
- (5) To review, examine, and certify the sufficiency and validity of petitions and nomination papers.
- (6) To advertise and contract for the printing of ballots and other supplies used in registration and elections; and to provide for the delivery of ballots, pollbooks, and other required papers and materials to the voting places.
- (7) To provide for the purchase, preservation, and maintenance of voting booths, ballot boxes, registration and pollbooks, maps, flags, cards of instruction, and other forms, papers, and equipment used in registration, nominations, and elections; and to cause the voting places to be suitably provided with voting booths and other supplies required by law.
- (8) To provide for the issuance of all notices, advertisements, and publications concerning elections required by law. If the election is on a State bond issue, an amendment to the Constitution, or approval of an act submitted to the voters of the State, the State Board of Elections shall reimburse the county boards of elections for their reasonable additional costs in placing such notices, advertisements, and publications. In addition, the county board of elections shall give notice at least 20 days prior to the date on which the registration books or records are closed that there will be a primary, general or special election, the date on which it will be held, and the hours the voting places will be open for voting in that election. The notice also shall describe the nature and type of election, and the issues, if any, to be submitted to the voters at that election. Notice shall be given by advertisement at least once weekly during the 20-day period in a newspaper having general circulation in the county and by posting a copy of the notice at the courthouse door. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice. This subdivision shall not apply in the case of bond elections called under the provisions of Chapter 159.
- (9) To receive the returns of primaries and elections, canvass the returns, make abstracts thereof, transmit such abstracts to the proper authorities, and to issue certificates of election to county officers and members of the General Assembly except those elected in districts composed of more than one county.
- (10) To appoint and remove the board's clerk, assistant clerks, and other employees; and to appoint and remove precinct transfer assistants as provided in G.S. 163-82.15(g).

- (11) To prepare and submit to the proper appropriating officers a budget estimating the cost of elections for the ensuing fiscal year.
- (12) To perform such other duties as may be prescribed by this Chapter or the rules of the State Board of Elections.
- (13) Notwithstanding the provisions of any other section of this Chapter, to have access to any ballot boxes and their contents, any voting machines and their contents, any registration records, pollbooks, voter authorization cards or voter lists, any lists of absentee voters, any lists of presidential registrants under the Voting Rights Act of 1965 as amended, and any other voting equipment or similar records, books or lists in any precinct or municipality over whose elections it has jurisdiction or for whose elections it has responsibility. Session Laws 2005-323, s. 8, provides: "The State Board of Elections shall recommend a model code of ethics for members and employees of county boards of elections and of the State Board of Elections. The code shall address the appropriate relations between those members and staff and vendors who do business or seek to do business with boards of elections in North Carolina. It shall address how to avoid both the reality and the appearance of conflicts of interest and impropriety. The State Board shall report its recommended code to the Joint Select Committee on Electronic Voting Systems and to the Joint Legislative Commission on Governmental Operations no later than 60 days after this act becomes law."

CASE NOTES

County Board Must Act as Body. — When the State Board of Elections instructs certain county boards of elections to amend their respective returns in accordance with the State Board's rulings on protests challenging the validity of certain ballots, it is necessary for the county boards to hear the challenges and make the amended returns acting as a body in a duly assembled legal session; action taken and amended returns made by two members of the county board of each county, respectively, without notice to the third member, are void as a matter of law. *Burgin v. North Carolina State Bd. of Elections*, 214 N.C. 140, 198 S.E. 592 (1938).

Action against three county boards of elections challenging method of electing North Carolina superior court judges would be dismissed, since the county boards have no authority to act in a manner inconsistent with the statute governing election of

superior court judges. They merely act in a ministerial capacity and can only carry out duties as detailed by statute and the State Board. *Republican Party v. Martin*, 682 F. Supp. 834 (M.D.N.C. 1988).

Burden of Proof on Challenger of Referendum. — The appellants, who challenged a citywide referendum allowing the sale of mixed beverages, failed to meet their burden of showing that absent the alleged voting irregularities, the referendum would have failed, where the appellants argued that if the five disclosed illegal votes were subtracted, and the five undisclosed illegal votes ignored, the result would have been a tie, 4996 in favor and 4996 against, and the referendum proposition would have failed; because the election occurred prior to the enactment of the amendment to this section, the appellants should have set forth evidence that they objected to the five voters' failure to testify or attempted to compel such testimony.

§ 163-33.1. Power of chairman to administer oaths.

The chairman of the county board of elections is authorized to administer to election officials specified in Articles 4, 5, and 20 of this Chapter the required oath, and may also administer the required oath to witnesses appearing before the county board at a duly called public hearing. (1981, c. 154; 2007-391, s. 5.)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is

effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2007-391, s. 5, substituted "Articles 4, 5, and 20 of this Chapter" for "G.S. 163-80." For effective date, see Editor's Notes.

§ 163-33.2. Chairman and county board to examine voting machines.

Prior to each primary and general election the chairman and members of the county board of elections, in counties where voting machines are used, shall test vote, in a reasonable number of combinations, no less than ten percent (10%) of all voting machines programmed for each primary or election, such machines to be selected at random by the board after programming has been completed, and further, the board shall record the serial numbers of the machines test voted in the official minutes of the board. In the alternative, the board may cause the test voting required herein to be performed by persons qualified to program and test voting equipment. (1981, c. 303.)

§ 163-33.3. County board of elections littering notification.

At the time an individual files with a county board of elections a notice of candidacy pursuant to G.S. 163-106, 163-112, 163-291, or 163-294.2, is certified to a county board of elections by a political party executive committee to fill a nomination vacancy pursuant to G.S. 163-114, qualifies with a county board of elections as an unaffiliated or write-in candidate pursuant to Article 11 of this Chapter, or formally initiates with a county board of elections a candidacy pursuant to any statute or local act, the county board of elections shall notify the candidate of the provisions concerning campaign signs in G.S. 136-32 and G.S. 14-156 and the rules adopted by the Department of Transportation pursuant to G.S. 136-18. (2001-512, s. 8.)

Editor's Note. — Session Laws 2001-512, s. 15, provides: "This act shall not be construed to obligate the General Assembly to appropriate any funds to implement the provisions of this

act. Every agency to which this act applies shall implement the provisions of this act from funds otherwise appropriated or available to the agency."

§ 163-34. Power of county board of elections to maintain order.

Each county board of elections shall possess full power to maintain order, and to enforce obedience to its lawful commands during its sessions, and shall be constituted an inferior court for that purpose. If any person shall refuse to obey the lawful commands of any county board of elections, or by disorderly

conduct in its hearing or presence shall interrupt or disturb its proceedings, it may, by an order in writing, signed by its chairman, and attested by its secretary, commit the person so offending to the common jail of the county for a period not exceeding 30 days. Such order shall be executed by any sheriff to whom the same shall be delivered, or if a sheriff shall not be present, or shall refuse to act, by any other person who shall be deputed by the county board of elections in writing, and the keeper of the jail shall receive the person so committed and safely keep him for such time as shall be mentioned in the commitment: Provided, that any person committed under the provisions of this section shall have the right to post a two hundred dollar (\$200.00) bond with the clerk of the superior court and appeal to the superior court for a trial on the merits of his commitment. (1901, c. 89, s. 72; Rev., s. 4376; C.S., s. 5977; 1955, c. 871, s. 4; 1967, c. 775, s. 1; 2004-203, s. 57.)

§ 163-35. Director of elections to county board of elections; appointment; compensation; duties; dismissal.

(a) In the event a vacancy occurs in the office of county director of elections in any of the county boards of elections in this State, the county board of elections shall submit the name of the person it recommends to fill the vacancy, in accordance with provisions specified in this section, to the Executive Director of the State Board of Elections who shall issue a letter of appointment. A person shall not serve as a director of elections if he:

- (1) Holds any elective public office;
- (2) Is a candidate for any office in a primary or election;
- (3) Holds any office in a political party or committee thereof;
- (4) Is a campaign chairman or finance chairman for any candidate for public office or serves on any campaign committee for any candidate;
- (5) Has been convicted of a felony in any court unless his rights of citizenship have been restored pursuant to the provisions of Chapter 13 of the General Statutes of North Carolina;
- (6) Has been removed at any time by the State Board of Elections following a public hearing; or
- (7) Is a member or a spouse, child, spouse of child, parent, sister, or brother of a member of the county board of elections by whom he would be employed.

(b) Appointment, Duties; Termination. — Upon receipt of a nomination from the county board of elections stating that the nominee for director of elections is submitted for appointment upon majority selection by the county board of elections the Executive Director shall issue a letter of appointment of such nominee to the chairman of the county board of elections within 10 days after receipt of the nomination. Thereafter, the county board of elections shall enter in its official minutes the specified duties, responsibilities and designated authority assigned to the director by the county board of elections. A copy of the specified duties, responsibilities and designated authority assigned to the director shall be filed with the State Board of Elections.

The county board of elections may, by petition signed by a majority of the board, recommend to the Executive Director of the State Board of Elections the termination of the employment of the county board's director of elections. The petition shall clearly state the reasons for termination. Upon receipt of the petition, the Executive Director shall forward a copy of the petition by certified mail, return receipt requested, to the county director of elections involved. The county director of elections may reply to the petition within 15 days of receipt thereof. Within 20 days of receipt of the county director of elections' reply or the expiration of the time period allowed for the filing of the reply, the State

Executive Director shall render a decision as to the termination or retention of the county director of elections. The decision of the Executive Director of the State Board of Elections shall be final unless the decision is, within 20 days from the official date on which it was made, deferred by the State Board of Elections. If the State Board defers the decision, then the State Board shall make a final decision on the termination after giving the county director of elections an opportunity to be heard and to present witnesses and information to the State Board, and then notify the Executive Director of its decision in writing. Any one or more members of the State Board designated by the remaining members of the State Board may conduct the hearing and make a final determination on the termination. For the purposes of this subsection, the member(s) designated by the remaining members of the State Board shall possess the same authority conferred upon the chairman pursuant to G.S. 163-23. If the decision, rendered after the hearing, results in concurrence with the decision entered by the Executive Director, the decision becomes final. If the decision rendered after the hearing is contrary to that entered by the Executive Director, then the Executive Director shall, within 15 days from the written notification, enter an amended decision consistent with the results of the decision by the State Board of Elections or its designated member(s).

Upon majority vote on the recommendation of the Executive Director, the State Board of Elections may initiate proceedings for the termination of a county director of elections for just cause. If the State Board votes to initiate proceedings for termination, the State Board shall state the reasons for the termination in writing and send a copy by certified mail, return receipt requested, to the county director of elections. The director has 15 days to reply in writing to the notice. The State Board of Elections shall also notify the chair of the county board of elections and the chair of the county board of commissioners that the State Board has initiated termination proceedings. The State Board shall make a final decision on the termination after giving the county director of elections an opportunity to be heard, present witnesses, and provide information to the State Board. Any one or more members of the State Board designated by the remaining members of the State Board may conduct the hearing and make a final decision. For the purposes of this subsection, the member(s) designated by the remaining members of the State Board shall possess the same authority conferred upon the chairman pursuant to G.S. 163-23.

A county director of elections may be suspended, with pay, without warning for causes relating to personal conduct detrimental to service to the county or to the State Board of Elections, pending the giving of written reasons, in order to avoid the undue disruption of work or to protect the safety of persons or property or for other serious reasons. Any suspension may be initiated by the Executive Director but may not be for more than five days. Upon placing a county director of elections on suspension, the Executive Director shall, as soon as possible, reduce to writing the reasons for the suspension and forward copies to the county director of elections, the members of the county board of elections, the chair of the county board of commissioners, and the State Board of Elections. If no action for termination has been taken within five days, the county director of elections shall be fully reinstated.

Termination of any county director of elections shall comply with this subsection.

(c) Compensation of Directors of Elections. — Compensation paid to directors of elections in all counties maintaining full-time registration (five days per week) shall be in the form of a salary in an amount recommended by the county board of elections and approved by the Board of County Commissioners and shall be commensurate with the salary paid to directors in counties similarly situated and similar in population and number of registered voters.

The Board of County Commissioners in each county, whether or not the county maintains full-time or modified full-time registration, shall compensate the director of elections at a minimum rate of twelve dollars (\$12.00) per hour for hours worked in attendance to his or her duties as prescribed by law, including rules and regulations adopted by the State Board of Elections. In addition, the county shall pay to the director an hourly wage of at least twelve dollars (\$12.00) per hour for all hours worked in excess of those prescribed in rules and regulations adopted by the State Board of Elections, when such additional hours have been approved by the county board of elections and such approval has been recorded in the official minutes of the county board of elections.

In addition to the compensation provided for herein, the director of elections to the county board of elections shall be granted the same vacation leave, sick leave, and petty leave as granted to all other county employees. It shall also be the responsibility of the Board of County Commissioners to appropriate sufficient funds to compensate a replacement for the director of elections when authorized leave is taken.

(d) Duties. — The director of elections may be empowered by the county board of elections to perform such administrative duties as might be assigned by the board and the chairman. In addition, the director of elections may be authorized by the chairman to execute the responsibilities devolving upon the chairman provided such authorization by any chairman shall in no way transfer the responsibility for compliance with the law. The chairman shall remain liable for proper execution of all matters specifically assigned to him by law.

The county board of elections shall have authority, by resolution adopted by majority vote, to delegate to its director of elections so much of the administrative detail of the election functions, duties, and work of the board, its officers and members, as is now, or may hereafter be vested in the board or its members as the county board of elections may see fit: Provided, that the board shall not delegate to a director of elections any of its quasi-judicial or policy-making duties and authority. Within the limitations imposed upon him by the resolution of the county board of elections the acts of a properly appointed director of elections shall be deemed to be the acts of the county board of elections, its officers and members.

(e) Training and Certification. — The State Board of Elections shall conduct a training program consisting of four weeks for each new county director of elections. The director shall complete that program. Each director appointed after May 1995 shall successfully complete a certification program as provided in G.S. 163-82.24(b) within three years after appointment or by January 1, 2003, whichever occurs later. CASE NOTES

As to determination of compensation under subsection (c) of this section as it read prior to the 1977 amendments to this section, see *Goodman v. Wilkes County Bd. of Comm'rs*, 37 N.C. App. 226, 245 S.E.2d 590 (1978).

Where a county supervisor of elections agreed that she retired and was rehired as a county employee, but was not rehired by the county board of elections or the North

Carolina Board of Elections, the supervisor was not re-appointed after retirement under the procedures in G.S. 163-35(a); therefore, the North Carolina Board of Elections could end the supervisor's employment without following the procedures in § 163-35(b). *Revels v. Robeson County Bd. of Elections*, 167 N.C. App. 358, 605 S.E.2d 219, 2004 N.C. App. LEXIS 2167 (2004).

§ 163-36. Modified full-time offices.

The State Board of Elections shall promulgate rules permitting counties that have fewer than 6,501 registered voters to operate a modified full-time elections office to the extent that the operation of a full-time office is not necessary. Nothing in this section shall preclude any county from keeping an elections office open at hours consistent with the hours observed by other county offices. (1993 (Reg. Sess., 1994), c. 762, s. 6; 1999-426, s. 8(a).)

ARTICLE 5.

Precinct Election Officials.

§ 163-41. Precinct chief judges and judges of election; appointment; terms of office; qualifications; vacancies; oaths of office.

(a) Appointment of Chief Judge and Judges. — At the meeting required by G.S. 163-31 to be held on the Tuesday following the third Monday in August of the year in which they are appointed, the county board of elections shall appoint one person to act as chief judge and two other persons to act as judges of election for each precinct in the county. Their terms of office shall continue for two years from the specified date of appointment and until their successors are appointed and qualified, except that if a nonresident of the precinct is appointed as chief judge or judge for a precinct, that person’s term of office shall end if the board of elections appoints a qualified resident of the precinct of the same party to replace the nonresident chief judge or judge. It shall be their duty to conduct the primaries and elections within their respective precincts. Persons appointed to these offices must be registered voters and residents of the county in which the precinct is located, of good repute, and able to read and write. Not more than one judge in each precinct shall belong to the same political party as the chief judge.

The term “precinct official” shall mean chief judges and judges appointed pursuant to this section, and all assistants appointed pursuant to G.S. 163-42, unless the context of a statute clearly indicates a more restrictive meaning.

No person shall be eligible to serve as a precinct official, as that term is defined above, who holds any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof.

No person shall be eligible to serve as a precinct official who is a candidate for nomination or election.

No person shall be eligible to serve as a precinct official who holds any office in a state, congressional district, county, or precinct political party or political organization, or who is a manager or treasurer for any candidate or political party, provided however that the position of delegate to a political party convention shall not be considered an office for the purpose of this subsection.

The chairman of each political party in the county where possible shall recommend two registered voters in each precinct who are otherwise qualified, are residents of the precinct, have good moral character, and are able to read and write, for appointment as chief judge in the precinct, and he shall also recommend where possible the same number of similarly qualified voters for appointment as judges of election in that precinct. If such recommendations are received by the county board of elections no later than the fifth day preceding the date on which appointments are to be made, it must make precinct appointments from the names of those recommended. Provided that if only one name is submitted by the fifth day preceding the date on which appointments are to be made, by a party for judge of election by the chairman of one of the two political parties in the county having the greatest numbers of registered voters in the State, the county board of elections must appoint that person.

If the recommendations of the party chairs for chief judge or judge in a precinct are insufficient, the county board of elections by unanimous vote of all of its members may name to serve as chief judge or judge in that precinct registered voters in that precinct who were not recommended by the party chairs. If, after diligently seeking to fill the positions with registered voters of the precinct, the county board still has an insufficient number of officials for the precinct, the county board by unanimous vote of all of its members may appoint to the positions registered voters in other precincts in the same county who meet the qualifications other than residence to be precinct officials in the precinct, provided that where possible the county board shall seek and adopt the recommendation of the county chairman of the political party affected. In making its appointments, the county board shall assure, wherever possible, that no precinct has a chief judge and judges all of whom are registered with the same party. In no instance shall the county board appoint nonresidents of the precinct to a majority of the three positions of chief judge and judge in a precinct.

If, at any time other than on the day of a primary or election, a chief judge or judge of election shall be removed from office, or shall die or resign, or if for any other cause there be a vacancy in a precinct election office, the chairman of the county board of elections shall appoint another in his place, promptly notifying him of his appointment. If at all possible, the chairman of the county board of elections shall consult with the county chairman of the political party of the vacating official, and if the chairman of the county political party nominates a qualified voter of that precinct to fill the vacancy, the chairman of the county board of elections shall appoint that person. In filling such a vacancy, the chairman shall appoint a person who belongs to the same political party as that to which the vacating member belonged when appointed. If the chairman of the county board of elections did not appoint a person upon recommendation of the chairman of the party to fill such a vacancy, then the term of office of the person appointed to fill the vacancy shall expire upon the conclusion of the next canvass held by the county board of elections under this

Chapter, and any successor must be a person nominated by the chairman of the party of the vacating officer.

If any person appointed chief judge shall fail to be present at the voting place at the hour of opening the polls on primary or election day, or if a vacancy in that office shall occur on primary or election day for any reason whatever, the precinct judges of election shall appoint another to act as chief judge until such time as the chairman of the county board of elections shall appoint to fill the vacancy. If such appointment by the chairman of the county board of elections is not a person nominated by the county chairman of the political party of the vacating officer, then the term of office of the person appointed to fill the vacancy shall expire upon the conclusion of the next canvass held by the county board of elections under this Chapter. If a judge of election shall fail to be present at the voting place at the hour of opening the polls on primary or election day, or if a vacancy in that office shall occur on primary or election day for any reason whatever, the chief judge shall appoint another to act as judge until such time as the chairman of the county board of elections shall appoint to fill the vacancy. Persons appointed to fill vacancies shall, whenever possible, be chosen from the same political party as the person whose vacancy is being filled, and all such appointees shall be sworn before acting.

As soon as practicable, following their training as prescribed in G.S. 163-82.24, each chief judge and judge of election shall take and subscribe the following oath of office to be administered by an officer authorized to administer oaths and file it with the county board of elections:

"I, _____, do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State not inconsistent with the Constitution of the United States; that I will administer the duties of my office as chief judge of (judge of election in) _____ precinct, _____ County, without fear or favor; that I will not in any manner request or seek to persuade or induce any voter to vote for or against any particular candidate or proposition; and that I will not keep or make any memorandum of anything occurring within a voting booth, unless I am called upon to testify in a judicial proceeding for a violation of the election laws of this State; so help me, God."

Notwithstanding the previous paragraph, a person appointed chief judge by the judges of election under this section, or appointed judge of election by the chief judge under this section may take the oath of office immediately upon appointment.

Before the opening of the polls on the morning of the primary or election, the chief judge shall administer the oath set out in the preceding paragraph to each assistant, and any judge of election not previously sworn, substituting for the words "chief judge of" the words "assistant in" or "judge of election in" whichever is appropriate.

(b) Special Registration Commissioners Abolished; Optional Training. — The office of special registration commissioner is abolished. The State Board of Elections and county boards of elections may provide training to persons assisting in voter registration.

(b1) Repealed by Session Laws 1985, c. 387, s. 1.1.

(c) Publication of Names of Precinct Officials. — Immediately after appointing chief judges and judges as herein provided, the county board of elections shall publish the names of the persons appointed in some newspaper having general circulation in the county or, in lieu thereof, at the courthouse door, and shall notify each person appointed of his appointment, either by letter or by having a notice served upon him by the sheriff. Notice may additionally be

made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice. shall be a chief judge under G.S. 163-41."

CASE NOTES

The board of elections had no authority to appoint two registrars (now chief judges) from the same party in the same voting precinct. *Mullen v. Morrow*, 123 N.C. 773, 31 S.E. 1003 (1898).

Irregular Appointments Held Insufficient to Void Election. — Where neither the regular registrar of a precinct nor the person appointed registrar (now chief judge) for one day under former G.S. 163-17 resided in the area in which the special annexation election

was held, nevertheless, they were at least de facto registrars during the time they served as such, and in the absence of any evidence that the result of the election was affected thereby, their appointments would be deemed irregularities but insufficient to void the election. *McPherson v. City Council of Burlington*, 249 N.C. 569, 107 S.E.2d 147 (1959).

OPINIONS OF ATTORNEY GENERAL

Special Registration Commissioners. — Under Session Laws 1985, c. 387, each county is required to appoint at least one special registration commissioner per 2,500 residents from each political party (Democrat and Republican). However, no county is required to appoint more than 100 special registration commissioners from each political party, and each county must appoint at least five from each party. See opinion of Attorney General to Mr.

Alex K. Brock, Executive Secretary-Director (now the Executive Director), State Board of Elections, 55 N.C.A.G. 5 (1985).

County election boards may appoint special registration commissioners in numbers exceeding statutory requirements. See opinion of Attorney General to Mr. Alex K. Brock, Executive Secretary-Director (now the Executive Director), State Board of Elections, 55 N.C.A.G. 5 (1985).

§ 163-41.1. Certain relatives prohibited from serving together.

(a) The following categories of relatives are prohibited from serving as precinct officials of the same precinct: spouse, child, spouse of a child, sister or brother.

(b) No precinct official who is the wife, husband, mother, father, son, daughter, brother or sister of any candidate for nomination or election may serve as precinct official during any primary or election in which such candidate participates. The county board of elections shall temporarily disqualify any such official for the specific primary or election involved and shall have authority to appoint a substitute official, from the same political party, to

serve only during the primary or election at which such conflict exists. (1975, c. 745; 1979, c. 411, s. 2.)

§ 163-41.2. Discharge of precinct official unlawful.

(a) No employer may discharge or demote any employee because the employee has been appointed as a precinct official and is serving as a precinct official on election day or canvass day.

(b) An employee discharged or demoted in violation of this section shall be entitled to be reinstated to that employee's former position. The burden of proof shall be upon the employee.

(c) The statute of limitations for actions under this section shall be one year pursuant to G.S. 1-54.

(d) This section does not apply unless the employee provides the employer with not less than 30 days written notice, before the date the leave is to begin, of the employee's intention to take leave to serve as a precinct official.

(e) As used in this section, "precinct official" has the same meaning as in G.S. 163-41(a). (2001-169, s. 1.)

§ 163-42. Assistants at polls; appointment; term of office; qualifications; oath of office.

Each county and municipal board of elections is authorized, in its discretion, to appoint two or more assistants for each precinct to aid the chief judge and judges. Not more than two assistants shall be appointed in precincts having 500 or less registered voters. Assistants shall be qualified voters of the county in which the precinct is located. When the board of elections determines that assistants are needed in a precinct an equal number shall be appointed from different political parties, unless the requirement as to party affiliation cannot be met because of an insufficient number of voters of different political parties within the county.

In the discretion of the county board of elections, a precinct assistant may serve less than the full day prescribed for chief judges and judges in G.S. 163-47(a).

The chairman of each political party in the county shall have the right to recommend from three to 10 registered voters in each precinct for appointment as precinct assistants in that precinct. If the recommendations are received by it no later than the thirtieth day prior to the primary or election, the board shall make appointments of the precinct assistants for each precinct from the names thus recommended. If the recommendations of the party chairs for precinct assistant in a precinct are insufficient, the county board of elections by unanimous vote of all of its members may name to serve as precinct assistant in that precinct registered voters in that precinct who were not recommended by the party chairs. If, after diligently seeking to fill the positions with registered voters of the precinct, the county board still has an insufficient number of precinct assistants for the precinct, the county board by unanimous vote of all of its members may appoint to the positions registered voters in other precincts in the same county who meet the qualifications other than residence to be precinct officials in the precinct. In making its appointments, the county board shall assure, wherever possible, that no precinct has precinct officials all of whom are registered with the same party. In no instance shall the county board appoint nonresidents of the precinct to a majority of the positions as precinct assistant in a precinct.

In addition, a county board of elections by unanimous vote of all of its members may appoint any registered voter in the county as emergency election-day assistant, as long as that voter is otherwise qualified to be a

precinct official. The State Board of Elections shall determine for each election the number of emergency election-day assistants each county may have, based on population, expected turnout, and complexity of election duties. The county board by unanimous vote of all of its members may assign emergency election-day assistants on the day of the election to any precinct in the county where the number of precinct officials is insufficient because of an emergency occurring within 48 hours of the opening of the polls that prevents an appointed precinct official from serving. A person appointed to serve as emergency election-day assistant shall be trained and paid like other precinct assistants in accordance with G.S. 163-46. A county board of elections shall apportion the appointments as emergency election-day assistant among registrants of each political party so as to make possible the staffing of each precinct with officials of more than one party, and the county board shall make assignments so that no precinct has precinct officials all of whom are registered with the same party.

Before entering upon the duties of the office, each assistant shall take the oath prescribed in G.S. 163-41(a) to be administered by the chief judge of the precinct for which the assistant is appointed. Assistants serve for the particular primary or election for which they are appointed, unless the county board of elections appoints them for a term to expire on the date appointments are to be made pursuant to G.S. 163-41. (1929, c. 164, s. 35; 1933, c. 165, s. 24; 1953, c. 1191, s. 3; 1967, c. 775, s. 1; 1973, c. 793, s. 95; c. 1359, ss. 1-3; 1975, c. 19, s. 67; 1977, c. 95, ss. 1, 2; 1981, c. 954, s. 3; 1983, c. 617, s. 4; 1985, c. 563, ss. 8, 8.1; 1993 (Reg. Sess., 1994), c. 762, s. 17; 1995 (Reg. Sess., 1996), c. 554, s. 1; c. 734, s. 2.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December

31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

OPINIONS OF ATTORNEY GENERAL

Appointment of Assistants in Each Precinct. — See opinion of Attorney General to Mr.

Alex Brock, Executive Secretary, State Board of Elections, 40 N.C.A.G. 291 (1970).

§ 163-42.1. Student election assistants.

A student of at least 17 years of age at the time of any election or primary in which the student works shall be eligible to be appointed as a student election assistant. To be eligible a student must have all the following qualifications:

- (1) Be a United States citizen.
- (2) Be a resident of the county in which the student is appointed.
- (3) Be enrolled in a secondary educational institution, including a home school as defined in G.S. 115C-563(a), with an exemplary academic record as determined by that institution.
- (4) Be recommended by the principal or director of the secondary educational institution in which the student is enrolled.
- (5) Have the consent of a parent, legal custodian, or guardian.

The county board of elections may appoint student election assistants, following guidelines which shall be issued by the State Board of Elections. No more than two student election assistants shall be assigned to any voting place. Every student election assistant shall work under the direct supervision of the election judges. The student election assistants shall attend the same training as a precinct assistant, shall be sworn in the same manner as a precinct assistant, and shall be compensated in the same manner as precinct assistants. The county board of elections shall prescribe the duties of a student election assistant, following guidelines which shall be issued by the State

Board of Elections. Under no circumstances may students ineligible to register to vote be appointed and act as precinct judges or observers in any election. The date of birth of a student election assistant shall be kept confidential. (2003-278, s. 1; 2004-127, s. 17(e).)

§ 163-43. Ballot counters; appointment; qualifications; oath of office.

The county board of elections of any county may authorize the use of precinct ballot counters to aid the chief judges and judges of election in the counting of ballots in any precinct or precincts within the county. The county board of elections shall appoint the ballot counters it authorizes for each precinct or, in its discretion, the board may delegate authority to make such appointments to the precinct chief judge, specifying the number of ballot counters to be appointed for each precinct. A ballot counter must be a resident of the county in which the precinct is located.

No person shall be eligible to serve as a ballot counter, who holds any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof.

No person shall be eligible to serve as a ballot counter, who serves as chairman of a state, congressional district, county, or precinct political party or political organization.

No person who is the wife, husband, mother, father, son, daughter, brother or sister of any candidate for nomination or election may serve as ballot counter during any primary or election in which such candidate qualifies.

No person shall be eligible to serve as a ballot counter who is a candidate for nomination or election.

Upon acceptance of appointment, each ballot counter shall appear before the precinct chief judge at the voting place immediately at the close of the polls on the day of the primary or election and take the following oath to be administered by the chief judge:

"I, _____, do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain and defend the Constitution of said State not inconsistent with the Constitution of the United States; that I will honestly discharge the duties of ballot counter in _____ precinct, _____ County for primary (or election) held this day, and that I will fairly and honestly tabulate the votes cast in said primary (or election); so help me, God."

The names and addresses of all ballot counters serving in any precinct, whether appointed by the county board of elections or by the chief judge, shall be reported by the chief judge to the county board of elections at the county canvass following the primary or election. (1953, c. 843; 1955, c. 800; 1963, c. 303, s. 1; 1967, c. 775, s. 1; 1981, c. 954, s. 5; 1985, c. 563, s. 10.1; 1993 (Reg. Sess., 1994), c. 762, s. 18; 1995 (Reg. Sess., 1996), c. 734, s. 3.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December

31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

§ 163-44: Repealed by Session Laws 1973, c. 793, s. 13.

§ 163-45. Observers; appointment.

The chair of each political party in the county shall have the right to designate two observers to attend each voting place at each primary and election and such observers may, at the option of the designating party chair, be relieved during the day of the primary or election after serving no less than four hours and provided the list required by this section to be filed by each chair contains the names of all persons authorized to represent such chair's political party. Not more than two observers from the same political party shall be permitted in the voting enclosure at any time. This right shall not extend to the chair of a political party during a primary unless that party is participating in the primary. In any election in which an unaffiliated candidate is named on the ballot, the candidate or the candidate's campaign manager shall have the right to appoint two observers for each voting place consistent with the provisions specified herein. Persons appointed as observers must be registered voters of the county for which appointed and must have good moral character. No person who is a candidate on the ballot in a primary or election may serve as an observer or runner in that primary or election. Observers shall take no oath of office.

Individuals authorized to appoint observers must submit in writing to the chief judge of each precinct a signed list of the observers appointed for that precinct. Individuals authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to any primary or general election, submit in writing to the chair of the county board of elections two signed copies of a list of observers appointed by them, designating the precinct for which each observer is appointed. Before the opening of the voting place on the day of a primary or general election, the chair shall deliver one copy of the list to the chief judge for each affected precinct. The chair shall retain the other copy. The chair, or the chief judge and judges for each affected precinct, may for good cause reject any appointee and require that another be appointed. The names of any persons appointed in place of those persons rejected shall be furnished in writing to the chief judge of each affected precinct no later than the time for opening the voting place on the day of any primary or general election, either by the chair of the county board of elections or the person making the substitute appointment.

If party chairs appoint observers at one-stop sites under G.S. 163-227.2, those party chairs shall provide a list of the observers appointed before 10:00 A.M. on the fifth day before the observer is to observe.

An observer shall do no electioneering at the voting place, and shall in no manner impede the voting process or interfere or communicate with or observe any voter in casting a ballot, but, subject to these restrictions, the chief judge and judges of elections shall permit the observer to make such observation and take such notes as the observer may desire.

Whether or not the observer attends to the polls for the requisite time provided by this section, each observer shall be entitled to obtain at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart, a list of the persons who have voted in the precinct so far in that election day. Counties that use an "authorization to vote document" instead of poll books may comply with the requirement in the previous sentence by permitting each observer to inspect election records so that the observer may create a list of persons who have voted in the precinct so far that election day; each observer shall be entitled to make the inspection at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart.

Instead of having an observer receive the voting list, the county party chair may send a runner to do so, even if an observer has not been appointed for that

precinct. The runner may be the precinct party chair or any person named by the county party chair. Each county party chair using runners in an election shall provide to the county board of elections before 10:00 A.M. on the fifth day before election day a list of the runners to be used. That party chair must notify the chair of the county board of elections or the board chair's designee of the names of all runners to be used in each precinct before the runner goes to the precinct. The runner may receive a voter list from the precinct on the same schedule as an observer. Whether obtained by observer or runner, each party is entitled to only one voter list at each of the scheduled times. No runner may enter the voting enclosure except when necessary to announce that runner's presence and to receive the list. The runner must leave immediately after being provided with the list. (1929, c. 164, s. 36; 1953, c. 843; 1955, c. 800; c. 871, s. 7; 1959, c. 616, s. 2; 1963, c. 303, s. 1; 1967, c. 775, s. 1; 1973, c. 793, ss. 14, 94; 1977, c. 453; 1991, c. 727, s. 3; 1993 (Reg. Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December 31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2005-428, s. 1(a), effective January 1, 2006, and

applicable to all primaries and elections held on or after that date, substituted "chair" for "chairman" throughout the section; in the first paragraph, added the penultimate sentence; in the third paragraph, substituted "the observer" for "him" and "he"; in the last paragraph, added the language "Instead of having an observer ... being provided with the list."; and made minor stylistic changes throughout.

Session Laws 2007-391, s. 22, added the third paragraph; and in the last paragraph, added "even if an observer has not been appointed for that precinct" at the end of the first sentence, and added the third sentence. For effective date, see Editor's Notes.

OPINIONS OF ATTORNEY GENERAL

Use of Video Cameras and Cellular Telephones by Observers. — Videotaping of voters by observers designated by a political party pursuant to this section is outside their permissible statutory activities and is inconsistent with the right of voters to vote by secret ballot,

but the discreet use of cellular phones is permissible. See opinion of Attorney General to Gary O. Bartlett, Executive Secretary-Director (now the Executive Director), State Board of Elections, 1998 N.C.A.G. 43 (10/22/98).

§ 163-46. Compensation of precinct officials and assistants.

The precinct chief judge shall be paid the state minimum wage for his services on the day of a primary, special or general election. Judges of election shall each be paid the state minimum wage for their services on the day of a primary, special or general election. Assistants, appointed pursuant to G.S. 163-42, shall each be paid the state minimum wage for their services on the day of a primary, special or general election. Ballot counters appointed pursuant to G.S. 163-43 shall be paid a minimum of five dollars (\$5.00) for their services on the day of a primary, general or special election. If an election official is being paid an hourly wage or daily fee on an election day and the official is performing additional election duties away from the assigned precinct voting place, the official shall not be entitled to any additional monies for those services, except for reimbursable expenses in performing the services.

If the county board of elections requests the presence of a chief judge or judge at the county canvass, the chief judge shall be paid the sum of twenty dollars

(\$20.00) per day and judges shall be paid the sum of fifteen dollars (\$15.00) per day. If the county board of elections requests a precinct official, including chief judge or judge, to personally deliver official ballots or other official materials to the county board of elections, the precinct official shall be paid the sum of twenty dollars (\$20.00) per day and judges shall be paid the sum of fifteen dollars (\$15.00) per day.

The chairman of the county board of elections, along with the director of elections, shall conduct an instructional meeting prior to each primary and general election which shall be attended by each chief judge and judge of election, unless excused by the chairman, and such precinct election officials shall be paid the sum of fifteen dollars (\$15.00) for attending the instructional meetings required by this section.

In its discretion, the board of county commissioners of any county may provide funds with which the county board of elections may pay chief judges, judges, assistants, and ballot counters in addition to the amounts specified in this section. Observers shall be paid no compensation for their services.

A person appointed to serve as chief judge, or judge of election when a previously appointed chief judge or judge fails to appear at the voting place or leaves his post on the day of an election or primary shall be paid the same compensation as the chief judge or judge appointed prior to that date.

For the purpose of this section, the phrase "the State minimum wage," means the amount set by G.S. 95-25.3(a). For the purpose of this section, no other provision of Article 2A of Chapter 95 of the General Statutes shall apply. Session Laws 2001-398, s. 16, provides: "The State Board of Elections shall adopt temporary rules pursuant to G.S. 150B-21.1(a5) prior to the first election following the effective date of this act."

§ 163-47. Powers and duties of chief judges and judges of election.

(a) The chief judges and judges of election shall conduct the primaries and elections within their respective precincts fairly and impartially, and they shall enforce peace and good order in and about the place of registration and voting. On the day of each primary and general and special election, the precinct chief judge and judges shall remain at the voting place from the time fixed by law for the commencement of their duties there until they have completed all those duties, and they shall not separate nor shall any one of them leave the voting place except for unavoidable necessity.

(b) On the day of an election or primary, the chief judge shall have charge of the registration list for the purpose of passing on the registration of persons who present themselves at the polls to vote.

(c) The chief judge and judges shall hear challenges of the right of registered voters to vote as provided by law.

(d) The chief judge and judges shall count the votes cast in their precincts and make such returns of the same as is provided by law.

(e) The chief judge and judges shall make such an accounting to the chairman of the county board of elections for ballots and for election supplies as is required by law.

(f) The chief judge and judges of election shall act by a majority vote on all matters not assigned specifically by law to the chief judge or to a judge. (1901, c. 89, s. 41; Rev., s. 4312; C.S., s. 5933; 1933, c. 165, s. 3; 1939, c. 263, s. 31/2; 1947, c. 505, s. 3; 1967, c. 775, s. 1; 1973, c. 793, s. 17; 1993 (Reg. Sess., 1994), c. 762, s. 4.)

Editor’s Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, shall be a chief judge under G.S. 163-41.”

CASE NOTES

Absence of Judges. — Under former statute, in the absence of fraud it was not material to the validity of an election that the persons appointed judges to hold it electioneered or were absent from their posts at different times during the day. *Wilson v. Peterson*, 69 N.C. 113 (1873).

§ 163-48. Maintenance of order at place of registration and voting.

The chief judge and judges of election shall enforce peace and good order in and about the place of registration and voting. They shall especially keep open and unobstructed the place at which voters or persons seeking to register or vote have access to the place of registration and voting. They shall prevent and stop improper practices and attempts to obstruct, intimidate, or interfere with any person in registering or voting. They shall protect challenger and witnesses against molestation and violence in the performance of their duties, and they may eject from the place of registration or voting any challenger or witness for violation of any provisions of the election laws. They shall prevent riots, violence, tumult, or disorder.

In the discharge of the duties prescribed in the preceding paragraph of this section, the chief judge and judges may call upon the sheriff, the police, or other peace officers to aid them in enforcing the law. They may order the arrest of any person violating any provision of the election laws, but such arrest shall not prevent the person arrested from registering or voting if he is entitled to do so. The sheriff, police officers, and other officers of the peace shall immediately obey and aid in the enforcement of any lawful order made by the precinct election officials in the enforcement of the election laws. The chief judge and judges of election of any precinct, or any two of such election officials, shall have the authority to deputize any person or persons as police officers to aid in maintaining order at the place of registration or voting. (1901, c. 89, s. 72; Rev., s. 4376; C.S., s. 5977; 1955, c. 871, s. 4; 1967, c. 775, s. 1; 1993 (Reg. Sess., 1994), c. 762, s. 21.)

SUBCHAPTER III. QUALIFYING TO VOTE.

ARTICLE 6.

*Qualifications of Voters.***§ 163-54. Registration a prerequisite to voting.**

Only such persons as are legally registered shall be entitled to vote in any primary or election held under this Chapter. (1901, c. 89, s. 12; Rev., s. 4317; C.S., s. 5938; 1967, c. 775, s. 1.)

CASE NOTES

Statute requiring registration must be complied with to constitute one a qualified voter. *Smith v. City of Wilmington*, 98 N.C. 343, 4 S.E. 489 (1887); *Pace v. Raleigh*, 140 N.C. 65, 52 S.E. 277 (1905).

When duly made, registration is prima facie evidence of the right to vote. *State ex rel. DeBerry v. Nicholson*, 102 N.C. 465, 9 S.E. 545 (1889); *State ex rel. Hampton v. Waldrop*, 104 N.C. 453, 10 S.E. 694 (1889).

§ 163-55. Qualifications to vote; exclusion from electoral franchise.

(a) **Residence Period for State Elections.** — Every person born in the United States, and every person who has been naturalized, and who shall have resided in the State of North Carolina and in the precinct, ward, or other election district in which the person offers to vote for 30 days next preceding an election, shall, if otherwise qualified as prescribed in this Chapter, be qualified to vote in any election held in this State. Removal from one precinct, ward, or other election district to another in this State shall not operate to deprive any person of the right to vote in the precinct, ward, or other election district from which he has removed until 30 days after the person's removal.

Except as provided in G.S. 163-59, the following classes of persons shall not be allowed to vote in this State:

- (1) Persons under 18 years of age.
- (2) Any person adjudged guilty of a felony against this State or the United States, or adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, unless that person shall be first restored to the rights of citizenship in the manner prescribed by law.

(b) **Precincts and Election Districts.** — For purposes of qualification to vote in an election, a person's residence in a precinct, ward, or election district shall be determined in accordance with G.S. 163-57. When an election district encompasses more than one precinct, then for purposes of those offices to be elected from that election district a person shall also be deemed to be resident in the election district which includes the precinct in which that person resides. An election district may include a portion of a county, an entire county, a portion of the State, or the entire State. When a precinct has been divided among two or more election districts for purposes of elections to certain offices, then with respect to elections to those offices a person shall be deemed to be resident in only that election district which includes the area of the precinct in which that person resides. Qualification to vote in referenda shall be treated the same as qualification for elections to fill offices. (19th amendt. U.S. Const.; amendt. State Const., 1920; 1901, c. 89, ss. 14, 15; Rev., ss. 4315, 4316; C.S., ss. 5936, 5937; Ex. Sess. 1920, c. 18, s. 1; 1933, c. 165, s. 4; 1945, c. 758, s. 7; 1955,

Editor's Note. — Session Laws 2005-2, s. 1, provides: "The General Assembly makes the following findings:

"(1) In 2003, the General Assembly enacted S.L. 2003-226, which contained a number of changes to the State's election laws, designed in part to implement provisions of the federal Help America Vote Act of 2002 (HAVA) in such a way as to avoid having separate laws for federal and State elections and otherwise to encourage and expand the exercise of the franchise. One such enactment was codified as G.S. 163-166.11, which spells out procedures for the casting of provisional official ballots. A voter's eligibility to cast a provisional official ballot depends on being a registered voter in the jurisdiction in which the voter seeks to vote. The 'jurisdiction' in which a voter in North Carolina registers to vote is the county. This is the unmistakable meaning of G.S. 163-82.1 and has not heretofore been challenged or questioned.

"(2) In S.L. 2003-226, the General Assembly expressly stated its intent to 'ensure that the State of North Carolina has a system for all elections that complies with the requirements for federal elections set forth in' HAVA. It was then and is now the intent of the General Assembly that the provisions of HAVA be broadly construed and that they be implemented in North Carolina in a manner to ensure a unified system of federal and State elections in compliance with HAVA.

"(3) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that any individual who is a registered voter in a county but whose name does not appear on the official list of registered voters at the voting place at which that voter appears be allowed to cast a provisional official ballot.

"(4) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that all provisional ballots be counted for all those ballot items for which a voter was eligible to vote. In enacting G.S. 163-166.11 in 2003, the General Assembly was fully mindful of and intended to reinforce the fact that prior statutory enactments in 2001 had already recognized the right of a voter to cast a provisional ballot and to have that ballot counted for all items for which that voter was eligible to vote. See G.S. 163-182.2(a)(4). Even prior to 2003, the General Statutes recognized the right of a registered voter to cast a provisional ballot and to have that ballot counted for

all those items for which the voter was duly qualified to vote.

"(5) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that the State Board of Elections act in a manner that would result in a single system for federal and State elections, rather than one system for federal elections and another for State elections. In enacting G.S. 163-166.11 in 2003, the General Assembly was mindful of and intended to reinforce the fact that it had already provided in 2001 in G.S. 163-166.7(c)(6) that the State Board of Elections would adopt rules to ensure that voters 'not clearly eligible to vote in the precinct but who seek to vote there are given proper assistance in voting a provisional official ballot or guidance to another voting place where they are eligible to vote.' The possibility of out-of-precinct provisional voting was thus recognized by the General Assembly as early as 2001.

"(6) The law regarding provisional ballots does not rest solely on G.S. 163-82.15(e), which addresses the narrow circumstance of 'Unreported Move[s] to Another Precinct Within the County.' Though that statute mentions two ways in which precinct officials may process registrants, it is not exclusive. G.S. 163-82.15(e) is part of the statutory Article on voter registration, rather than on voting, and should be read in that context. It was enacted in 1994, before provisional voting was codified in North Carolina. The enactment of G.S. 163-166.7(c)(6) in 2001 is the authority giving the State Board of Elections the duty to apply the broader laws of provisional voting, including G.S. 163-166.11. Any reading of G.S. 163-166.11 that would limit that statute's provisions to the narrower class of voting situations governed by the earlier enacted provisions of G.S. 163-82.15(e) would ignore the long-standing principle of statutory construction that statutes relating to the same subject matter should be reconciled in such a manner as to effect the scope and meaning of the later enactment and read in a manner that would tend most completely to secure the rights of all persons affected by the legislation. It was then and is now the intent of the General Assembly in enacting G.S. 163-166.11 to expand the exercise of the franchise, not to limit it or to restrict it by the terms of earlier and narrower enactments.

"(7) The State Board of Elections and all county boards of elections were following the intent of the General Assembly when they administered G.S. 163-166.11 and the earlier enacted statutes in G.S. 163-182.2(a)(4) and G.S. 163-166.7(c)(6) to count in whole or in part ballots cast by registered voters in the county

who voted outside their resident precincts in the July 20, 2004, Primary, the August 17, 2004, Second Primary, and the November 2, 2004, General Election.

"(8) Several hundred thousand registered North Carolina voters cast ballots outside their resident precincts during the one-stop absentee balloting ('early voting') period pursuant to G.S. 163-227.2 prior to the General Election in November 2004, during the two primaries in 2004, and then on the date of the General Election in November 2004. There is no statutory basis upon which to distinguish out-of-precinct voting that occurred on the date of the General Election in November 2004 from out-of-precinct voting that occurred during the First and Second Primaries in 2004 or that occurred during the period of one-stop absentee ('early') voting prior to the General Election of 2004.

"(9) The General Assembly takes note of the fact that of those registered voters who happened to vote provisional ballots outside their resident precincts on the day of the November 2004 General Election, a disproportionately high percentage were African-American.

"(10) The General Assembly notes that in addition to provisional voting on the date of the General Election pursuant to G.S. 163-166.11, the General Statutes abound with provisions that allow voters to cast votes outside their resident precincts:

"a. Civilian absentee voting by mail, G.S. 163-226.

"b. Military and overseas citizens absentee voting, G.S. 163-245.

"c. One-stop absentee (early) voting, G.S. 163-227.2.

"d. Voting in a voting place on a lot adjacent to the precinct, G.S. 163-128.

"e. Temporarily voting in an adjacent precinct, G.S. 163-128.

"f. Voting in a precinct outside the voting place where no suitable facility exists inside it or adjacent to it, G.S. 163-130.1.

"g. Voting at a central location in the county by voters who no longer live in the precinct where their name is listed on registration lists, G.S. 163-82.15(e).

"All those provisions were enacted prior to G.S. 163-166.11. Most were enacted decades before. As many as 1,000,000 people in North Carolina may have cast out-of-precinct votes using all out-of-precinct methods in 2004.

"(11) It would be fundamentally unfair to discount the provisional official ballots cast by properly registered and duly qualified voters voting and acting in reliance on the statutes adopted by the General Assembly and administered by the State Board of Elections in accordance with its intent. Moreover, to subtract such ballots only from the count for the General Election of 2004 without also doing so for the First or Second Primaries of 2004 would create a bizarre result in which out-of-precinct provisional ballots are allowed to count for some elections but not others. The General Assembly did not and does not now intend to create such a system.

"(12) Even if the State Board of Elections had misread the language and intent of the General Statutes concerning provisional voting, which it did not do, it has been the long-standing and hitherto unquestioned law of this State, confirmed by prior decisions of the North Carolina Supreme Court, that an innocent voter's ballot shall not be disqualified because of errors or omissions by elections officials. This fundamental principle was adopted by Justice Samuel J. Ervin Jr. in the case of *Owens v. Chaplin*, 228 N.C. 705 (1948) using the following language:

"We can conceive of no principle which permits the disfranchisement of innocent voters for the mistake, or even the willful misconduct, of election officials in performing the duty cast upon them. The object of elections is to ascertain the popular will, and not to thwart it. The object of election laws is to secure the rights of duly-qualified electors, and not to defeat them."

"See also *Appeal of Judicial Review by Republican Candidates for Election in Clay County*, 45 N.C. App. 556 (1980).

"The General Assembly endorses and reaffirms this fundamental principle.

"(13) It is the will of the people, as expressed through their representatives in the General Assembly, that the validity of the primaries and elections conducted in 2004 and certified by a county board of elections or the State Board of Elections, not be called into question by retroactively revisiting the propriety of provisional ballots cast by duly registered voters of a county.

"(14) To avoid all doubt and remove any possible future question as to the General Assembly's plain intent with respect to the subject of provisional voting, and to avoid misinterpretation of any other statute, the General Assembly enacts Sections 2 through 5 of this act."

CASE NOTES

A state may constitutionally continue the "historic exclusion" of felons from the franchise without regard to whether such exclusion can pass muster under the equal protection clause, because U.S. Const., Amend. XIV expressly allows the exclusion of felons from the franchise without reduction of representation. *Fincher v. Scott*, 352 F. Supp. 117 (M.D.N.C. 1972), *aff'd*, 411 U.S. 961, 93 S. Ct. 2151, 36 L. Ed. 2d 681 (1973).

Argument that denial of right to vote for being a convicted felon is cruel and unusual punishment is without merit. *Fincher v. Scott*, 352 F. Supp. 117 (M.D.N.C. 1972), *aff'd*, 411 U.S. 961, 93 S. Ct. 2151, 36 L. Ed. 2d 681 (1973).

Former One-Year Residency Requirement Unconstitutional. — The former one-year durational residency requirement necessary in order to register to vote in a local North Carolina election was violative of the equal protection clause of U.S. Const., Amend. XIV. *Andrews v. Cody*, 327 F. Supp. 793 (M.D.N.C. 1971), *aff'd*, 405 U.S. 1034, 92 S. Ct. 1306, 31 L. Ed. 2d 576 (1972).

Residence of University Student for Voting Purposes. — The fact that one is a student in a university does not entitle him to vote where the university is situated, nor does it of itself prevent his voting there. A student who intends to remain in his college community only until graduation should not for that reason alone be denied the right to vote in that community. Insofar as *Hall v. Wake County Bd. of Elections*, 280 N.C. 600, 187 S.E.2d 52 (1972), may be interpreted to the contrary, it is modified accordingly. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

Provisional Ballots Cast in Incorrect Precinct. — North Carolina Board of Elections, pursuant to G.S. 163-82.15(e), improperly counted provisional ballots cast by voters on election day in a general election at precincts other than the voter's correct precinct of residence. *James v. § 163-56: Repealed by Session Laws 1973, c. 793, s. 19.

§ 163-57. Residence defined for registration and voting.

All election officials in determining the residence of a person offering to register or vote, shall be governed by the following rules, so far as they may apply:

- (1) That place shall be considered the residence of a person in which that person's habitation is fixed, and to which, whenever that person is absent, that person has the intention of returning.
 - a. In the event that a person's habitation is divided by a State, county, municipal, precinct, ward, or other election district, then the location of the bedroom or usual sleeping area for that person with respect to the location of the boundary line at issue shall be controlling as the residency of that person.
 - b. If the person disputes the determination of residency, the person may request a hearing before the county board of elections making the determination of residency. The procedures for notice

- of hearing and the conduct of the hearing shall be as provided in G.S. 163-86. The presentation of an accurate and current determination of a person's residence and the boundary line at issue by map or other means available shall constitute prima facie evidence of the geographic location of the residence of that person.
- c. In the event that a person's residence is not a traditional residence associated with real property, then the location of the usual sleeping area for that person shall be controlling as to the residency of that person. Residence shall be broadly construed to provide all persons with the opportunity to register and to vote, including stating a mailing address different from residence address.
 - (2) A person shall not be considered to have lost that person's residence if that person leaves home and goes into another state, county, municipality, precinct, ward, or other election district of this State, for temporary purposes only, with the intention of returning.
 - (3) A person shall not be considered to have gained a residence in any county, municipality, precinct, ward, or other election district of this State, into which that person comes for temporary purposes only, without the intention of making that county, municipality, precinct, ward, or other election district a permanent place of abode.
 - (4) If a person removes to another state or county, municipality, precinct, ward, or other election district within this State, with the intention of making that state, county, municipality, precinct, ward, or other election district a permanent residence, that person shall be considered to have lost residence in the state, county, municipality, precinct, ward, or other election district from which that person has removed.
 - (5) If a person removes to another state or county, municipality, precinct, ward, or other election district within this State, with the intention of remaining there an indefinite time and making that state, county, municipality, precinct, ward, or other election district that person's place of residence, that person shall be considered to have lost that person's place of residence in this State, county, municipality, precinct, ward, or other election district from which that person has removed, notwithstanding that person may entertain an intention to return at some future time.
 - (6) If a person goes into another state, county, municipality, precinct, ward, or other election district, or into the District of Columbia, and while there exercises the right of a citizen by voting in an election, that person shall be considered to have lost residence in that State, county, municipality, precinct, ward, or other election district from which that person removed.
 - (7) School teachers who remove to a county, municipality, precinct, ward, or other election district in this State for the purpose of teaching in the schools of that county temporarily and with the intention or expectation of returning during vacation periods to live where their parents or other relatives reside in this State and who do not have the intention of becoming residents of the county, municipality, precinct, ward, or other election district to which they have moved to teach, for purposes of registration and voting shall be considered residents of the county, municipality, precinct, ward, or other election district in which their parents or other relatives reside.
 - (8) If a person removes to the District of Columbia or other federal territory to engage in the government service, that person shall not be considered to have lost residence in this State during the period of such service unless that person votes in the place to which the person

removed, and the place at which that person resided at the time of that person's removal shall be considered and held to be the place of residence.

- (9) If a person removes to a county, municipality, precinct, ward, or other election district to engage in the service of the State government, that person shall not be considered to have lost residence in the county, municipality, precinct, ward, or other election district from which that person removed, unless that person votes in the place to which the person removed, and the place at which that person resided at the time of that person's removal shall be considered and held to be the place of residence.
- (9a) The establishment of a secondary residence by an elected official outside the district of the elected official shall not constitute prima facie evidence of a change of residence.
- (10) For the purpose of voting a spouse shall be eligible to establish a separate domicile.
- (11) So long as a student intends to make the student's home in the community where the student is physically present for the purpose of attending school while the student is attending school and has no intent to return to the student's former home after graduation, the student may claim the college community as the student's domicile. The student need not also intend to stay in the college community beyond graduation in order to establish domicile there. This subdivision is intended to codify the case law. (19th amendt. Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December 31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

Session Laws 2006-262, s. 5, provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws

2005-428, s. 3(b), effective January 1, 2006, and applicable to all primaries and elections held on or after that date, added subdivisions (1)a. and (1)b.; substituted "county, municipality, precinct, ward, or other election district" for "state or county/county" throughout the section; and in subdivision (7), substituted "where" for "in the county in which," and inserted "in this State" following "reside."

Session Laws 2006-262, s. 2.1, effective August 27, 2006, in subdivision (1), inserted "that person" near the end of the introductory paragraph and added subdivision (1)c.

CASE NOTES

- I. In General.
- II. Residence of Students.

I. IN GENERAL.

This section defines residence for registration and voting, and incorporates the caselaw on the subject of domicile. *Hall v. Wake County Bd. of Elections*, 280 N.C. 600, 187 S.E.2d 52 (1972).

"Residence" Is Synonymous with Domicile. — Residence as a prerequisite to the right to vote in this State, within the purview of N.C. Const., Art. VI, § 2, is synonymous with domicile, which denotes a permanent dwelling place to which a person, when absent, intends to

return. *State ex rel. Owens v. Chaplin*, 228 N.C. 705, 47 S.E.2d 12, rehearing denied, 229 N.C. 797, 48 S.E.2d 37 (1948). See also, *State ex rel. Hannon v. Grizzard*, 89 N.C. 115 (1883).

"Residence," when used in the election law, means domicile. *Hall v. Wake County Bd. of Elections*, 280 N.C. 600, 187 S.E.2d 52 (1972).

Meaning of "Residence" Is Judicial Question. — The meaning of the term "residence" for voting purposes, as used in N.C. Const., Art. VI, § 2, is a judicial question, and cannot be made a matter of legislative construction, because the legislature cannot prescribe any qualifications for voters different from those found in the organic law. *State ex rel. Owens v. Chaplin*, 228 N.C. 705, 47 S.E.2d 12, rehearing denied, 229 N.C. 797, 48 S.E.2d 37 (1948).

Test of Domicile. — A person has domicile for voting purposes at a given place if he (1) has abandoned his prior home, (2) has a present intention to make that place his home, and (3) has no intention presently to leave that place. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

Evidence of Domicile. — A person's testimony regarding his intention with respect to acquiring a new domicile or retaining his old one is competent evidence, but it is not conclusive of the question. All of the surrounding circumstances and the conduct of the person must be taken into consideration. *Hall v. Wake County Bd. of Elections*, 280 N.C. 600, 187 S.E.2d 52 (1972).

Domicile can be proved by various kinds of direct and circumstantial evidence. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

As to evidence of length of residence and domicile, see *People ex rel. Boyer v. Teague*, 106 N.C. 576, 11 S.E. 665 (1890).

Right of teachers in a locality to vote therein depends on whether they were residents therein only for the scholastic year. A question is incompetent that asks them of their intention to make the locality their legal residence, since the answer involves a question of law as to what constitutes a sufficient legal residence to qualify them to vote. *State ex rel. Gower v. Carter*, 195 N.C. 697, 143 S.E. 513 (1928).

Indefiniteness of intention to return to county of domicile is insufficient to establish loss of voting residence, where no other has been acquired or intended. *State ex rel. Owens v. Chaplin*, 229 N.C. 797, 48 S.E.2d 37 (1948).

Evidence Held Insufficient to Show Loss of Domicile. — Uncontroverted testimony which disclosed that electors whose votes were challenged on the ground of nonresidence left their homes and moved to another state or to another county in this State for temporary purposes, but that at no time did they intend to

make the other state or the other county in this State a permanent home, was insufficient to support a finding that they had lost their domicile in the county for the purpose of voting. *State ex rel. Owens v. Chaplin*, 228 N.C. 705, 47 S.E.2d 12, rehearing denied, 229 N.C. 797, 48 S.E.2d 37 (1948).

Domicile Not Properly Established. — Board of Elections erred in determining that defendant was a qualified candidate in an election because he was not legally registered to vote in the ward as he had not properly established domicile. *Farnsworth v. Jones*, 114 N.C. App. 182, 441 S.E.2d 597 (1994).

Applied in *Webb v. Nolan*, 361 F. Supp. 418 (M.D.N.C. 1972).

II. RESIDENCE OF STUDENTS.

There is a rebuttable presumption that a student who leaves his parents' home for college is not a resident for voting purposes of the place where the college is located. The effect of this presumption is to place the burden of going forward with some proof of residence on a student seeking to register to vote. As with other persons, the student has the burden of persuasion on the issue. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

The presumption is that a student who leaves his parents' home to enter college is not domiciled in the college town to which he goes; however, this presumption is rebuttable. *Hall v. Wake County Bd. of Elections*, 280 N.C. 600, 187 S.E.2d 52 (1972).

Rebuttable presumption regarding students' domicile does not treat students differently from the rest of the population, but is merely a specialized statement of the general rule that the burden of proof is on one alleging a change in domicile. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

And there is no denial of equal protection in the use of the rebuttable presumption that a student who leaves his parents' home to go to college is not domiciled in the place where the college is located. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

Student need not intend to stay in college community beyond graduation to establish domicile there. — A student who intends to remain in college community only until graduation should not for that reason alone be denied the right to vote in that community. Insofar as *Hall v. Wake County Bd. of Elections*, 280 N.C. 600, 187 S.E.2d 52 (1972), may be interpreted to the contrary, it is modified accordingly. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

Test of Student's Domicile. — A student is entitled to register to vote at the place where he is attending school if he can show by his declarations and by objective facts that he (1) has

abandoned his prior home, (2) has a present intention of making the place where he is attending school his home, and (3) intends to remain in the college town at least as long as he is a student there and until he acquires a new domicile. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

A student's residence for voting purposes is a question of fact dependent upon the circumstances of each individual's case. There is no permissible manner for making group determinations of residence. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

Whether a student's voting residence is at the location of the college he is attending or at the location where he lived before he entered college is a question of fact which depends upon the circumstances of each individual case. *Hall v. Wake County Bd. of Elections*, 280 N.C. 600, 187 S.E.2d 52 (1972).

Registrar (now chief judge) is not bound by student's mere statements as to his intent, no more than he is bound by the statements of anyone seeking to register to vote. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

It is reasonable for election officials to inquire of students seeking to register more thoroughly than of other persons. This additional screening procedure is not an impermissible attempt to "fence out" a segment of the community because of the way they may vote, but is instead a permissible attempt to determine who are members of the relevant community. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

In order to determine whether in fact a student has abandoned his prior home and presently intends to make the college town his home and intends to remain in the college town at least as long as he is a student there, a registrar (now chief judge) should make inquiry of students more searching and extensive than

may generally be necessary with respect to other residents. The kinds of questions that should be asked are generally set out in *Hall v. Wake County Bd. of Elections*, 280 N.C. 600, 187 S.E.2d 52 (1972). A registrar is not limited to these questions. One that should be asked of all persons seeking to register is "Are you now registered to vote, and, if so, where?" *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

Constitutionality of Inquiry. — The use of direct and circumstantial evidence, including the results of inquiries into a student's ownership of property, vacation plans, etc., to determine the domicile of the student is not an unjustifiable intrusion into the private affairs of students attempting to register to vote, and is not an attempt to make unconstitutional classifications on the basis of wealth, travel, and property ownership. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

Constitutionality of Use of Questionnaire. — The use of a questionnaire and the application of a presumption of nonresidency in order to place the burden of producing some evidence of residency upon student seeking to register is constitutionally permissible, where the practices and guidelines utilized are not devices to keep students who are legal residents from voting, but rather are designed to help registrars (now chief judges) obtain the necessary facts to determine whether a student is entitled to vote in a particular locality. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

Courts May Order That Inquiries of Students Follow a Set Questionnaire. — If necessary to ensure that registrars (now chief judges) comply with the law and make the necessary inquiries as to residence, a court may order that their inquiries be in the form of a questionnaire to be devised by the court or by the county board of elections under the court's supervision. *Lloyd v. Babb*, 296 N.C. 416, 251 S.E.2d 843 (1979).

§ 163-58: Repealed by Session Laws 1985, c. 563, s. 3.

§ 163-59. Right to participate or vote in party primary.

No person shall be entitled to vote or otherwise participate in the primary election of any political party unless he:

- (1) Is a registered voter, and
- (2) Has declared and has had recorded on the registration book or record the fact that he affiliates with the political party in whose primary he proposes to vote or participate, and
- (3) Is in good faith a member of that party.

Notwithstanding the previous paragraph, any unaffiliated voter who is authorized under G.S. 163-119 may also vote in the primary if the voter is otherwise eligible to vote in that primary except for subdivisions (2) and (3) of the previous paragraph.

Any person who will become qualified by age to register and vote in the general election or regular municipal election for which the primary is held,

even though not so qualified by the date of the primary, shall be entitled to register for the primary and general or regular municipal election prior to the primary and then to vote in the primary after being registered. Such person may register not earlier than 60 days nor later than the last day for making application to register under G.S. 163-82.6(c) prior to the primary. In addition, persons who will become qualified by age to register and vote in the general election or regular municipal election for which the primary is held, who do not register during the special period may register to vote after such period as if they were qualified on the basis of age, but until they are qualified by age to vote, they may vote only in primary elections. (1915, c. 101, s. 5; 1917, c. 218; C.S., s. 6027; 1959, c. 1203, s. 6; 1967, c. 775, s. 1; 1971, c. 1166, s. 4; 1973, c. 793, s. 20; 1981, c. 33, s. 1; 1983, c. 324, s. 3; 1987, c. 408, s. 4; c. 457, s. 1; 1991 (Reg. Sess., 1992), c. 1032, s. 5; 1993 (Reg. Sess., 1994), c. 762, s. 23; 2007-391, s. 28.)

Session Laws 2007-391, s. 39, provides: “Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007].”

Effect of Amendments. — Session Laws 2007-391, s. 28, deleted “or residence” following “qualified by age” in the first sentence of the last paragraph. For effective date, see Editor’s Notes.

CASE NOTES

Nonmembers. — G.S. 163-59, which applied to the primary elections of district court judges, was not unconstitutional as plaintiff’s rights were not violated by plaintiff’s exclusion from the particular party primary; the State could legitimately allow political parties to

close their primaries to nonmembers. *Neier v. State*, 151 N.C. App. 228, 565 S.E.2d 229, 2002 N.C. App. LEXIS 716 (2002).

OPINIONS OF ATTORNEY GENERAL

Elected member of town council who ceases to reside in town may not continue to serve on town council. See opinion of Attorney General to Mr. John C. Wessell, III, Town Attorney, Surf City (Pender County), 58 N.C.A.G. 28 (1988).

Section 160A-63 Provides for Filling Vacancy Created by Official’s Departure. —

Upon arriving at a determination that an elected town official has removed his residence to another electoral jurisdiction, a town council, pursuant to the provisions of G.S. 160A-63, may fill the vacancy created by the official’s departure. ARTICLE 7A.

Registration of Voters.

§ 163-82.1. General principles of voter registration.

(a) Prerequisite to Voting. — No person shall be permitted to vote who has not been registered under the provisions of this Article or registered as previously provided by law.

(b) County Board’s Duty to Register. — A county board of elections shall register, in accordance with this Article, every person qualified to vote in that county who makes an application in accordance with this Article.

(c) Permanent Registration. — Every person registered to vote by a county board of elections in accordance with this Article shall remain registered until:

- (1) The registrant requests in writing to the county board of elections to be removed from the list of registered voters; or
- (2) The registrant becomes disqualified through death, conviction of a felony, or removal out of the county; or
- (3) The county board of elections determines, through the procedure outlined in G.S. 163-82.14, that it can no longer confirm where the voter resides. (1953, c. 843; 1955, c. 800; 1963, c. 303, s. 1; 1965, c. 1116, s. 1; 1967, c. 775, s. 1; 1973, c. 793, s. 25; 1975, c. 395; 1981, c. 39, s. 1; c. 87, s. 1; c. 308, s. 1; 1985, c. 211, ss. 1, 2; 1993 (Reg. CASE NOTES

Editor’s Note. — *The cases cited below were decided under former G.S. 163-72 and prior law.*

Power of General Assembly to Enact Registration Laws. — While the General Assembly cannot add to the qualifications prescribed by the Constitution for voters, it has the power, and it is its duty, to enact such registration laws as will protect the rights of duly qualified voters, and no person is entitled to vote until he has complied with the requirements of those laws. *Harris v. Scarborough*, 110 N.C. 232, 14 S.E. 737 (1892), overruled on other grounds, *State ex rel. Quinn v. Lattimore*, 120

N.C. 426, 26 S.E. 640 (1897).

But a vote received and deposited by the judges of election is presumed to be a legal vote, although the voter may not have complied with the requirements of the registration law; and it then devolves upon the party contesting to show that it was an illegal vote and this cannot be shown by showing that the registration law had not been complied with. *State ex rel. Quinn v. Lattimore*, 120 N.C. 426, 26 S.E. 640 (1897).

Requirements of the Registration Act are Mandatory. — *Harris v. Scarborough*, 110 N.C. 232, 14 S.E. 737 (1892), overruled on other

grounds, *State ex rel. Quinn v. Lattimore*, 120 N.C. 426, 26 S.E. 640 (1897).

But Right to Register Differs from Right to Reject a Vote. — But, while a party offering to vote without registration may be refused for not complying with the registration law, if the party is allowed to vote and his vote is received and deposited, the vote will not afterwards be held to be illegal if he is otherwise qualified to vote. *State ex rel. Quinn v. Lattimore*, 120 N.C. 426, 26 S.E. 640 (1897).

Denial of registration and voting to persons qualified to vote vitiates the election, particularly where it would affect the result, even though the denial was by accident or mistake. *McDowell v. Rutherford Ry. Constr. Co.*, 96 N.C. 514, 2 S.E. 351 (1887). See also, *Perry v. Whitaker*, 17 N.C. 475 (1874); *People ex rel. Van Bokkelen v. Canaday*, 73 N.C. 198, 21 Am. R. 465 (1875).

Effect of Irregularities. — Where the disregard of constitutional or statutory directions does not affect the result, it does not warrant a rejection of the vote. If none are incompetent to vote, the registration must be accepted as the act of a public officer, which entitles the electors to vote, notwithstanding irregularities as to administering the oath, the registrar's (now

chief judge's) appointment, etc. *State ex rel. DeBerry v. Nicholson*, 102 N.C. 465, 9 S.E. 545 (1889).

Registration by One Other Than Registrar. — The fact that a qualified voter was registered by a third person, with whom the registrar (now chief judge) had left the books, does not disqualify him to vote, where such registration has been accepted as sufficient by the registrar. *State ex rel. Quinn v. Lattimore*, 120 N.C. 426, 26 S.E. 638 (1897).

Article VI, § 2, Const., 1868, was satisfied by an oath to support the federal and state Constitutions. All valid laws, whether State or national, were included by implication. *State ex rel. DeBerry v. Nicholson*, 102 N.C. 465, 9 S.E. 545 (1889).

Failure to administer oath would not invalidate a school tax election to determine whether such tax should be levied, in the absence of fraud or improper motive. *Gibson v. Board of Comm'rs*, 163 N.C. 510, 79 S.E. 976 (1913).

It will be presumed that the oath was taken with uplifted hand in the absence of direct evidence to the contrary. *State ex rel. DeBerry v. Nicholson*, 102 N.C. 465, 9 S.E. 545 (1889).

§ 163-82.2. Chief State Election Official.

The Executive Director of the State Board of Elections is the "Chief State Election Official" of North Carolina for purposes of P.L. 103-31, The National Voter Registration Act of 1993, subsequently referred to in this Article as the "National Voter Registration Act". As such the Executive Director is responsible for coordination of State responsibilities under the National Voter Registration Act. (1993 (Reg. Sess., 1994), c. 762, s. 2; 2001-319, s. 11.)

§ 163-82.3. Voter registration application forms.

(a) **Form Developed by State Board of Elections.** — The State Board of Elections shall develop an application form for voter registration. Any person may use the form to apply to do any of the following:

- (1) Register to vote;
- (2) Change party affiliation or unaffiliated status;
- (3) Report a change of address within a county;
- (4) Report a change of name.

The county board of elections for the county where the applicant resides shall accept the form as application for any of those purposes if the form is submitted as set out in G.S. 163-82.3.

(b) **Interstate Form.** — The county board of elections where an applicant resides shall accept as application for any of the purposes set out in subsection (a) of this section the interstate registration form designed by the Federal Election Commission pursuant to section 9 of the National Voter Registration Act, if the interstate form is submitted in accordance with G.S. 163-82.6.

(c) **Agency Application Form.** — The county board of elections where an applicant resides shall accept as application for any of the purposes set out in subsection (a) of this section a form developed pursuant to G.S. 163-82.19 or G.S. 163-82.20. (1991 (Reg. Sess., 1992), c. 1044, s. 18(a); 1993, c. 74, s. 1; 1993 (Reg. Sess., 1994), c. 762, s. 2.)

§ 163-82.4. Contents of application form.

(a) Information Requested of Applicant. — The form required by G.S. 163-82.3(a) shall request the applicant's:

- (1) Name,
- (2) Date of birth,
- (3) Residence address,
- (4) County of residence,
- (5) Date of application,
- (6) Gender,
- (7) Race,
- (7a) Ethnicity,
- (8) Political party affiliation, if any, in accordance with subsection (c) of this section,
- (9) Telephone number (to assist the county board of elections in contacting the voter if needed in processing the application),
- (10) Drivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant's social security number,

and any other information the State Board finds is necessary to enable officials of the county where the person resides to satisfactorily process the application. The form shall require the applicant to state whether currently registered to vote anywhere, and at what address, so that any prior registration can be cancelled. The portions of the form concerning race and ethnicity shall include as a choice any category shown by the most recent decennial federal census to compose at least one percent (1%) of the total population of North Carolina. The county board shall make a diligent effort to complete for the registration records any information requested on the form that the applicant does not complete, but no application shall be denied because an applicant does not state race, ethnicity, gender, or telephone number. The application shall conspicuously state that provision of the applicant's telephone number is optional. If the county board maintains voter records on computer, the free list provided under this subsection shall include telephone numbers if the county board enters the telephone number into its computer records of voters.

(a1) No Drivers License or Social Security Number Issued. — The State Board shall assign a unique identifier number to an applicant for voter registration if the applicant has not been issued either a current and valid drivers license or a social security number. That unique identifier number shall serve to identify that applicant for voter registration purposes.

(b) Notice of Requirements, Attestation, Notice of Penalty, and Notice of Confidentiality. — The form required by G.S. 163-82.3(a) shall contain, in uniform type, the following:

- (1) A statement that specifies each eligibility requirement (including citizenship) and an attestation that the applicant meets each such requirement, with a requirement for the signature of the applicant, under penalty of a Class I felony under G.S. 163-275(13).
- (2) A statement that, if the applicant declines to register to vote, the fact that the applicant has declined to register will remain confidential and will be used only for voter registration purposes.
- (3) A statement that, if the applicant does register to vote, the office at which the applicant submits a voter registration application will remain confidential and will be used only for voter registration purposes.

(c) Party Affiliation or Unaffiliated Status. — The application form described in G.S. 163-82.3(a) shall provide a place for the applicant to state a preference to be affiliated with one of the political parties in G.S. 163-96, or a

preference to be an “unaffiliated” voter. Every person who applies to register shall state his preference. If the applicant fails to declare a preference for a party or for unaffiliated status, that person shall be listed as “unaffiliated”, except that if the person is already registered to vote in the county and that person’s registration already contains a party affiliation, the county board shall not change the registrant’s status to “unaffiliated” unless the registrant clearly indicates a desire in accordance with G.S. 163-82.17 for such a change. An unaffiliated registrant shall not be eligible to vote in any political party primary, except as provided in G.S. 163-119, but may vote in any other primary or general election. The application form shall so state.

(d) **Citizenship and Age Questions.** — Voter registration application forms shall include all of the following:

- (1) The question “Are you a citizen of the United States of America?” and boxes for the applicant to check to indicate whether the applicant is or is not a citizen of the United States.
- (2) The question “Will you be 18 years of age on or before election day?” and boxes for the applicant to check to indicate whether the applicant will be 18 years of age or older on election day.
- (3) The statement “If you checked ‘no’ in response to either of these questions, do not complete this form.”

(e) **Correcting Registration Forms.** — If the voter fails to complete any required item on the voter registration form but provides enough information on the form to enable the county board of elections to identify and contact the voter, the voter shall be notified of the omission and given the opportunity to complete the form at least by 5:00 P.M. on the day before the county canvass as set in G.S. 163-182.5(b). If the voter corrects that omission within that time and is determined by the county board of elections to be eligible to vote, the board shall permit the voter to vote. If the information is not corrected by election day, the voter shall be allowed to vote a provisional official ballot. If the correct information is provided to the county board of elections by at least 5:00 P.M. on the day before the county canvass, the board shall count any portion of the provisional official ballot that the voter is eligible to vote. Session Laws 1999-453, s. 11, contains a severability clause.

Session Laws 2003-226, s. 1, provides: “The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the

federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

“In certain other areas of the election statutes and other laws, the General Assembly

finds that the statutes must be amended to comply with the Help America Vote Act.”

cept as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007].”

Effect of Amendments. — Session Laws 2007-391, s. 20, rewrote subsection (e). For effective date, see Editor’s Notes.

§ 163-82.5. Distribution of application forms.

The State Board of Elections shall make the forms described in G.S. 163-82.3 available for distribution through governmental and private entities, with particular emphasis on making them available for organized voter registration drives. (1991 (Reg. Sess., 1992), c. 1044, s. 18(a); 1993, c. 74, s. 1; 1993 (Reg. Sess., 1994), c. 762, s. 2.)

§ 163-82.6. Acceptance of application forms.

(a) **How the Form May Be Submitted.** — The county board of elections shall accept any form described in G.S. 163-82.3 if the applicant submits the form by mail, facsimile transmission, transmission of a scanned document, or in person. The applicant may delegate the submission of the form to another person. Any person who communicates to an applicant acceptance of that delegation shall deliver that form so that it is received by the appropriate county board of elections in time to satisfy the registration deadline in subdivision (1) or (2) of subsection (c) of this section for the next election. It shall be a Class 2 misdemeanor for any person to communicate to the applicant acceptance of that delegation and then fail to make a good faith effort to deliver the form so that it is received by the county board of elections in time to satisfy the registration deadline in subdivision (1) or (2) of subsection (c) of this section for the next election. It shall be an affirmative defense to a charge of failing to make a good faith effort to deliver a delegated form by the registration deadline that the delegatee informed the applicant that the form would not likely be delivered in time for the applicant to vote in the next election. It shall be a Class 2 misdemeanor for any person to sell or attempt to sell a completed voter registration form or to condition its delivery upon payment.

(a1) **Misdemeanors.** — It shall be a Class 2 misdemeanor for any person to do any of the following:

- (1) To communicate to the applicant acceptance of the delegation described in subsection (a) of this section and then fail to make a good faith effort to deliver the form so that it is received by the county board of elections in time to satisfy the registration deadline in subdivision (1) or (2) of subsection (c) of this section for the next election. It shall be an affirmative defense to a charge of failing to make a good faith effort to deliver a delegated form by the registration deadline that the delegatee informed the applicant that the form would not likely be delivered in time for the applicant to vote in the next election.
- (2) To sell or attempt to sell a completed voter registration form or to condition its delivery upon payment.
- (3) To change a person’s information on a voter registration form prior to its delivery to a county board of elections.
- (4) To coerce a person into marking a party affiliation other than the party affiliation the person desires.
- (5) To offer a person a voter registration form that has a party affiliation premarked unless the person receiving the form has requested the premarking.

(b) Signature. — The form shall be valid only if signed by the applicant. An electronically captured image of the signature of a voter on an electronic voter registration form offered by a State agency shall be considered a valid signature for all purposes for which a signature on a paper voter registration form is used.

(c) Registration Deadlines for an Election. — In order to be valid for an election, except as provided in G.S. 163-82.6A, the form:

- (1) If submitted by mail, must be postmarked at least 25 days before the election, except that any mailed application on which the postmark is missing or unclear is validly submitted if received in the mail not later than 20 days before the election,
- (2) If submitted in person, by facsimile transmission, or by transmission of a scanned document, must be received by the county board of elections by a time established by that board, but no earlier than 5:00 P.M., on the twenty-fifth day before the election,
- (3) If submitted through a delegatee who violates the duty set forth in subsection (a) of this section, must be signed by the applicant and given to the delegatee not later than 25 days before the election, except as provided in subsection (d) of this section.

(c1) If the application is submitted by facsimile transmission or transmission of a scanned document, a permanent copy of the completed, signed form shall be delivered to the county board no later than 20 days before the election.

(d) Instances When Person May Register and Vote on Election Day. — If a person has become qualified to register and vote between the twenty-fifth day before an election and election day, then that person may apply to register on election day by submitting an application form described in G.S. 163-82.3(a) or (b) to:

- (1) A member of the county board of elections;
- (2) The county director of elections; or
- (3) The chief judge or a judge of the precinct in which the person is eligible to vote,

and, if the application is approved, that person may vote the same day. The official in subdivisions (1) through (3) of this subsection to whom the application is submitted shall decide whether the applicant is eligible to vote. The applicant shall present to the official written or documentary evidence that the applicant is the person he represents himself to be. The official, if in doubt as to the right of the applicant to register, may require other evidence satisfactory to that official as to the applicant's qualifications. If the official determines that the person is eligible, the person shall be permitted to vote in the election and the county board shall add the person's name to the list of registered voters. If the official denies the application, the person shall be permitted to vote a challenged ballot under the provisions of G.S. 163-88.1, and may appeal the denial to the full county board of elections. The State Board of Elections shall promulgate rules for the county boards of elections to follow in hearing appeals for denial of election day applications to register. No person shall be permitted to register on the day of a second primary unless he shall have become qualified to register and vote between the date of the first primary and the date of the succeeding second primary.

(e) For purposes of subsection (d) of this section, persons who "become qualified to register and vote" during a time period:

- (1) Include those who during that time period are naturalized as citizens of the United States or who are restored to citizenship after a conviction of a felony; but
- (2) Do not include persons who reach the age of 18 during that time period, if those persons were eligible to register while 17 years old during an earlier period. (1901, c. 89, ss. 18, 21; Rev., ss. 4322, 4323;

Sess., 1994), c. 762, s. 2; 1995, c. 243, s. 1; 1997-456, s. 27; 1999-426, s. 1(a), (b); 2001-315, s. 1; 2001-319, s. 6(a); 2003-226, s. 4; 2004-127, s. 9(a); 2007-253, s. 2; 2007-391, s. 16(a).)

Editor's Note. — Former subsection (d) of this section was renumbered as subsections (d) and (e) pursuant to Session Laws 1997-456, s. 27 which authorized the Revisor of Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election officials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

Session Laws 2007-253, s. 4, provides: "The State Board of Elections shall monitor the implementation of this act and determine the feasibility and timetable for expanding same-day registration and voting to all voting places on Election Day. The State Board shall report its findings no later than March 1, 2009, to the Joint Legislative Commission on Governmental

Operations of the General Assembly."

Session Laws 2007-253, s. 5, provides: "Sections 1, 2, and 3 of this act become effective as follows:

"(1) If preclearance under Section 5 of the Voting Rights Act of 1965 is obtained before September 1, 2007, those sections are effective with regard to registration and voting for any primary or election held on or after October 9, 2007.

"(2) If preclearance is obtained during September 2007, those sections are effective with regard to registration and voting for any primary or election held on or after November 6, 2007.

"(3) If preclearance is obtained on or after October 1, 2007, those sections are effective with regard to registration and voting for any primary or election held on or after the 60th day after preclearance is obtained." Session Laws 2007-253 received preclearance from the U.S. Department of Justice by letter dated August 16, 2007.

Effect of Amendments. — Session Laws 2007-253, s. 2, effective with regard to registration and voting for primaries or elections held on or after October 9, 2007, inserted "except as provided in G.S. 163-82.6A" in subsection (c). For effective date, see Editor's Notes.

Session Laws 2007-391, s. 16(a), effective December 1, 2007, and applicable to any offense committed on or after that date, rewrote former subsection (a), dividing it into present subsections (a) and (a1); in subsection (a1), added "to do any of the following" at the end of the introductory paragraph, inserted "described in subsection (a) of this section" in subdivision (a1)(1), deleted "It shall be a Class 2 misdemeanor for any person" preceding "To sell" in subdivision (a1)(2), added subdivisions (a1)(3) through (5), and made minor stylistic changes.

Editor's Note. — *The cases cited below were decided under former G.S. 163-67 and prior law.*

Time for Books to Remain Open Under Former Law. — Where the charter of a city or

town provided that for the issuance of bonds an election should be held "under the rules and regulations presented by law for regular elections," it referred to former G.S. 163-31, requiring that the books of registration should be

kept open for twenty days, and construing that section in connection with G.S. 160-37 (now repealed) it was held that the former was for the purpose of a new and original registration, and the latter, in providing for only seven days, was for the purpose of revising the registration books so that electors might be registered whose names were not on the former books. *Hardee v. City of Henderson*, 170 N.C. 572, 87 S.E. 498 (1916).

Registration on Day of Election. —

Where a person otherwise legally qualified, who had not been allowed to register because at that time he had not been a resident of the State for one year, but who became qualified in that respect on or before the day of election, asked to be allowed to register on election day and tendered his ballot, such vote should have been received. *State ex rel. Quinn v. Lattimore*, 120 N.C. 426, 26 S.E. 638 (1897).

Compliance Held Sufficient. — The statutory requirement that the registration be kept open and accessible for a specified time is

regarded as essential by the courts in passing upon the validity of bonds to be issued by a municipality; but where it appeared that the books were afterwards opened for a time actually sufficient to afford all an opportunity to register, though short of the legal period, and it further appeared that the election had been hotly contested by both sides, it would be deemed sufficient. *Hill v. Skinner*, 169 N.C. 405, 86 S.E. 351 (1915).

Failure to keep registry open for twenty days, as required by former G.S. 163-31, for the purposes of issuance of bonds in a special school district, did not of itself render invalid the issuance of the bonds accordingly approved, when it appeared that the matter was fully known and discussed, opportunity was offered every voter to register, there was nothing to show that every elector desiring to vote had not done so, and there was no opposition to the measure manifested. *Hammond v. McRae*, 182 N.C. 747, 110 S.E. 102 (1921).

§ 163-82.6A. In-person registration and voting at one-stop sites.

(a) **Who May Register in Person.** — In accordance with the provisions in this section, an individual who is qualified to register to vote may register in person and then vote at a one-stop voting site in the person's county of residence during the period for one-stop voting provided under G.S. 163-227.2. For purposes of this section, a one-stop voting site includes the county board of elections office, if that office is used for one-stop voting.

(b) **Both Attestation and Proof of Residence Required.** — To register and vote under this section, the person shall do both of the following:

- (1) Complete a voter registration form as prescribed in G.S. 163-82.4, including the attestation requirement of G.S. 163-82.4(b) that the person meets each eligibility requirement. Such attestation is signed under penalty of a Class I felony under G.S. 163-275(13); and
- (2) Provide proof of residence by presenting any of the following valid documents that show the person's current name and current residence address: a North Carolina drivers license, a photo identification from a government agency, or any of the documents listed in G.S. 163-166.12(a)(2). The State Board of Elections may designate additional documents or methods that suffice and shall prescribe procedures for establishing proof of residence.

(c) **Voting With Retrievable Ballot.** — A person who registers under this section shall vote a retrievable absentee ballot as provided in G.S. 163-227.2 immediately after registering. If a person declines to vote immediately, the registration shall be processed, and the person may later vote at a one-stop voting site under this section in the same election.

(d) **Verification of Registration; Counting of Ballot.** — Within two business days of the person's registration under this section, the county board of elections in conjunction with the State Board of Elections shall verify the North Carolina drivers license or Social Security number in accordance with G.S. 163-82.12, update the statewide registration database and search for possible duplicate registrations, and proceed under G.S. 163-82.7 to verify the person's address. The person's vote shall be counted unless the county board

determines that the applicant is not qualified to vote in accordance with the provisions of this Chapter.

(e) **Change of Registration at One-Stop Voting Site.** — A person who is already registered to vote in the county may update the information in the registration record in accordance with procedures prescribed by the State Board of Elections, but an individual's party affiliation may not be changed during the one-stop voting period before any first or second partisan primary in which the individual is eligible to vote. (2007-253, s. 1.)

Editor's Note. — Session Laws 2007-253, s. 4, provides: "The State Board of Elections shall monitor the implementation of this act and determine the feasibility and timetable for expanding same-day registration and voting to all voting places on Election Day. The State Board shall report its findings no later than March 1, 2009, to the Joint Legislative Commission on Governmental Operations of the General Assembly."

Session Laws 2007-253, s. 5, makes this section effective with regard to registration and voting for primaries or elections held on or after October 9, 2007.

Session Laws 2007-253, s. 5, provides: "Sections 1, 2, and 3 of this act become effective as follows:

"(1) If preclearance under Section 5 of the Voting Rights Act of 1965 is obtained before September 1, 2007, those sections are effective

with regard to registration and voting for any primary or election held on or after October 9, 2007.

"(2) If preclearance is obtained during September 2007, those sections are effective with regard to registration and voting for any primary or election held on or after November 6, 2007.

"(3) If preclearance is obtained on or after October 1, 2007, those sections are effective with regard to registration and voting for any primary or election held on or after the 60th day after preclearance is obtained.

"The remainder of this act is effective when it becomes law. The State Board of Elections may adopt any necessary procedures to implement this act at any time after this act becomes law."

Session Laws 2007-253 received preclearance from the U.S. Department of Justice by letter dated August 16, 2007.

§ 163-82.7. Verification of qualifications and address of applicant; denial or approval of application.

(a) **Tentative Determination of Qualification.** — When a county board of elections receives an application for registration submitted pursuant to G.S. 163-82.6, the board either:

- (1) Shall make a determination that the applicant is not qualified to vote at the address given, or
- (2) Shall make a tentative determination that the applicant is qualified to vote at the address given, subject to the mail verification notice procedure outlined in subsection (c) of this section

within a reasonable time after receiving the application.

(b) **Denial of Registration.** — If the county board of elections makes a determination pursuant to subsection (a) of this section that the applicant is not qualified to vote at the address given, the board shall send, by certified mail, a notice of denial of registration. The notice of denial shall contain the date on which registration was denied, and shall be mailed within two business days after denial. The notice of denial shall inform the applicant of alternatives that the applicant may pursue to exercise the franchise. If the applicant disagrees with the denial, the applicant may appeal the decision under G.S. 163-82.18.

(c) **Verification of Address by Mail.** — If the county board of elections tentatively determines that the applicant is qualified to vote at the address given, then the county board shall send a notice to the applicant, by nonforwardable mail, at the address the applicant provides on the application form. The notice shall state that the county will register the applicant to vote if the Postal Service does not return the notice as undeliverable to the county

board. The notice shall also inform the applicant of the precinct and voting place to which the applicant will be assigned if registered.

(d) Approval of Application. — If the Postal Service does not return the notice as undeliverable, the county board shall register the applicant to vote.

(e) Second Notice if First Notice Is Returned as Undeliverable. — If the Postal Service returns the notice as undeliverable, the county board shall send a second notice by nonforwardable mail to the same address to which the first was sent. If the second notice is not returned as undeliverable, the county board shall register the applicant to vote.

(f) Denial of Application Based on Lack of Verification of Address. — If the Postal Service returns as undeliverable the notice sent by nonforwardable mail pursuant to subsection (e) of this section, the county board shall deny the application. The county board need not try to notify the applicant further.

(g) Voting When Verification Process Is Incomplete. — In cases where an election occurs before the process of verification outlined in this section has had time to be completed, the county board of elections shall be guided by the following rules:

- (1) If the county board has made a tentative determination that an applicant is qualified to vote under subsection (a) of this section, then that person shall not be denied the right to vote in person in an election unless the Postal Service has returned as undeliverable two notices to the applicant: one mailed pursuant to subsection (c) of this section and one mailed pursuant to subsection (e) of this section. This subdivision does not preclude a challenge to the voter's qualifications under Article 8 of this Chapter.
- (2) If the Postal Service has returned as undeliverable a notice sent within 25 days before the election to the applicant under subsection (c) of this section, then the applicant may vote only in person in that first election and may not vote by absentee ballot except in person under G.S. 163-227.2. The county board of elections shall establish a procedure at the voting site for:
 - a. Obtaining the correct address of any person described in this subdivision who appears to vote in person; and
 - b. Assuring that the person votes in the proper place and in the proper contests.

If a notice mailed under subsection (c) or subsection (e) of this section is returned as undeliverable after a person has already voted by absentee ballot, then that person's ballot may be challenged in accordance with G.S. 163-89.

- (3) If a notice sent pursuant to subsection (c) or (e) of this section is returned by the Postal Service as undeliverable after a person has already voted in an election, then the county board shall treat the person as a registered voter but shall send a confirmation mailing pursuant to G.S. 163-82.14(d)(2) and remove or retain the person on the registration records in accordance with that subdivision. (1991 (Reg. Sess., 1992), c. 1044, s. 18(a); 1993, c. 74, s. 1; 1993 (Reg. Sess., 1994), c. 762, s. 2; 1999-455, s. 16.)

CASE NOTES

Editor's Note. — *The cases cited below were decided under former G.S. 163-72 and prior law.*

Inquiry as to Qualifications of Voters. — Registrars (now chief judges) of election may ask an elector if he had resided in the State 12 months next preceding the election (now 30

days) and four months in the district in which he offers to vote (now also 30 days). They may ask an elector as to his age and residence, as well as the township and county from whence he removed, in the case of a removal since the last election, and as to the name by which he is commonly known. If, in reply to such questions,

the elector answers that he is 21 (now 18) years old, and has resided in the State 12 months (now 30 days) and in the county four months (now also 30 days) preceding the election, it is the duty of the registrar, upon his taking the prescribed oath, to record his name as a voter; but bystanders may require him to be sworn as to his residence. In re Reid, 119 N.C. 641, 26 S.E. 337 (1896).

Sufficiency of Response as to Residence.

— In answer to the question of residence the designation of the county of residence is sufficient, but the designation of the state merely is insufficient. *Harris v. Scarborough*, 110 N.C. 232, 14 S.E. 737 (1892), overruled on other grounds, *State ex rel. Quinn v. Lattimore*, 120 N.C. 426, 26 S.E. 638 (1897).

§ 163-82.8. Voter registration cards.

(a) **Authority to Issue Card.** — With the approval of the board of county commissioners, the county board of elections may issue to each voter in the county a voter registration card, or may issue cards to all voters registered after January 1, 1995.

(b) **Content and Format of Card.** — At a minimum, the voter registration card shall:

- (1) List the voter's name, address, and voting place;
- (2) Contain the address and telephone number of the county board of elections, along with blanks to report a change of address within the county, change of name, and change of party affiliation; and
- (3) Be wallet size.

No voter registration card may be issued by a county board of elections unless the State Board of Elections has approved the format of the card.

(c) **Ways County Board and Registrant May Use Card.** — If the county board of elections issues voter registration cards, the county board may use that card as a notice of tentative approval of the voter's application pursuant to G.S. 163-82.7(c), provided that the mailing contains the statements and information required in that subsection. The county board may also satisfy the requirements of G.S. 163-82.15(b), 163-82.16(b), or 163-82.17(b) by sending the registrant a replacement of the voter registration card to verify change of address, change of name, or change of party affiliation. A registrant may use the card to report a change of address, change of name, or change of party affiliation, satisfying G.S. 163-82.15, 163-82.16, or 163-82.17.

(d) **Card as Evidence of Registration.** — A voter registration card shall be evidence of registration but shall not preclude a challenge as permitted by law.

(e) **Display of Card May Not Be Required to Vote.** — No county board of elections may require that a voter registration card be displayed in order to vote. (1901, c. 89, ss. 18, 21; Rev., ss. 4322, 4323; C.S., ss. 5946, 5947; 1923, c. 111, s. 3; 1933, c. 165, s. 5; 1947, c. 475; 1953, c. 843; 1955, c. 800; 1957, c. 784, ss. 3, 4; 1961, c. 382; 1963, c. 303, ss. 1, 2; 1967, c. 761, s. 3; c. 775, s. 1; 1969, c. 750, ss. 1, 2; 1977, c. 626, s. 1; 1979, c. 539, s. 5; c. 766, s. 2; 1981, c. 33, s. 2; 1981 (Reg. § 163-82.9. Cancellation of prior registration.

If an applicant indicates on an application form described in G.S. 163-82.3 a current registration to vote in any other county, municipality, or state, the county board of elections, upon registering the person to vote, shall send a notice to the appropriate officials in the other county, municipality, or state and shall ask them to cancel the person's voter registration there. If an applicant completes an application form described in G.S. 163-82.3 except that the applicant neglects to complete the portion of the form that authorizes cancellation of previous registration in another county, the State Board of Elections shall notify the county board of elections in the previous county of the new

registration, and the board in the previous county shall cancel the registration. The State Board of Elections shall adopt rules to prevent disenfranchisement in the implementation of this section. Those rules shall include adequate notice to the person whose previous registration is to be cancelled. (1973, c. 793, s. 28; c. 1223, s. 4; 1977, c. 265, s. 3; 1983, c. 411, ss. 1, 2; 1993 (Reg. Sess., 1994), c. 762, s. 2; 1995, c. 509, s. 115; 2005-428, s. 9.)

Effect of Amendments. — Session Laws 2005-428, s. 9, effective January 1, 2006, and applicable to all primaries and elections held on

or after that date, added the last three sentences.

§ 163-82.10. Official record of voter registration.

(a) Official Record. — The State voter registration system is the official voter registration list for the conduct of all elections in the State. A completed and signed registration application form, if available, described in G.S. 163-82.3, once approved by the county board of elections, becomes backup to the official registration record of the voter. Full or partial social security numbers, dates of birth, the identity of the public agency at which the voter registered under G.S. 163-82.20, and drivers license numbers that may be generated in the voter registration process, by either the State Board of Elections or a county board of elections, are confidential and shall not be considered public records and subject to disclosure to the general public under Chapter 132 of the General Statutes. Cumulative data based on those items of information may be publicly disclosed as long as information about any individual cannot be discerned from the disclosed data. Disclosure of information in violation of this subsection shall not give rise to a civil cause of action. This limitation of liability does not apply to the disclosure of information in violation of this subsection as a result of gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The signature of the voter, either on the paper application or an electronically captured image of it, may be viewed by the public but may not be copied or traced except by election officials for election administration purposes. Any such copy or tracing is not a public record. The county board of elections shall maintain custody of any paper hard copy registration records of voters in the county and shall keep them in a place where they are secure.

(a1) Paperless, Instant Electronic Transfer. — The application described in G.S. 163-82.3 may be either a paper hard copy or an electronic document.

(b) Access to Registration Records. — Upon request by that person, the county board of elections shall provide to any person a list of the registered voters of the county or of any precinct or precincts in the county. The county board may furnish selective lists according to party affiliation, gender, race, date of registration, precinct name, precinct identification code, congressional district, senate district, representative district, and, where applicable, county commissioner district, city governing board district, fire district, soil and water conservation district, and voter history including primary, general, and special districts, or any other reasonable category. No list produced under this section shall contain a voter's date of birth. However, lists may be produced according to voters' ages. Both the following shall apply to all counties:

- (1) The county board of elections shall make the voter registration information available to the public on electronic or magnetic medium. For purposes of this section, "electronic or magnetic medium" means any of the media in use by the State Board of Elections at the time of the request.
- (2) Information requested on electronic or magnetic medium shall contain the following: voter name, county voter identification number, resi-

dential address, mailing address, sex, race, age but not date of birth, party affiliation, precinct name, precinct identification code, congressional district, senate district, representative district, and, where applicable, county commissioner district, city governing board district, fire district, soil and water conservation district, and any other district information available, and voter history including primary, general, and special districts, or any other reasonable category.

The county board shall require each person to whom a list is furnished to reimburse the board for the actual cost incurred in preparing it, except as provided in subsection (c) of this section. Actual cost for the purpose of this section shall not include the cost of any equipment or any imputed overhead expenses. When furnishing information under this subsection to a purchaser on a magnetic medium provided by the county board or the purchaser, the county board may impose a service charge of up to twenty-five dollars (\$25.00).

(c) Free Lists. — A county board shall provide, upon written request, one free list of all the registered voters in the county to the State chair of each political party and to the county chair of each political party once in every odd-numbered year, once during the first six calendar months of every even-numbered year, and once during the latter six calendar months of every even-numbered year. Each free list shall include the name, address, gender, age but not date of birth, race, political affiliation, voting history, precinct, precinct name, precinct identification code, congressional district, senate district, representative district, and, where applicable, county commissioner district, city governing board district, fire district, soil and water conservation district, and voter history including primary, general, and special districts of each registered voter. All free lists shall be provided as soon as practicable on one of any electronic or magnetic media, but no later than 30 days after written request. Each State party chair shall provide the information on the media received from the county boards or a copy of the media containing the data itself to candidates of that party who request the data in writing. As used in this section, “political party” means a political party as defined in G.S. 163-96.

(d) Exception for Address of Certain Registered Voters. — Notwithstanding subsections (b) and (c) of this section, if a registered voter submits to the county board of elections a copy of a protective order without attachments, if any, issued to that person under G.S. 50B-3 or a lawful order of any court of competent jurisdiction restricting the access or contact of one or more persons with a registered voter or a current and valid Address Confidentiality Program authorization card issued pursuant to the provisions of Chapter 15C of the General Statutes, accompanied by a signed statement that the voter has good reason to believe that the physical safety of the voter or a member of the voter’s family residing with the voter would be jeopardized if the voter’s address were open to public inspection, that voter’s address is a public record but shall be kept confidential as long as the protective order remains in effect or the voter remains a certified program participant in the Address Confidentiality Program. That voter’s name, precinct, and the other data contained in that voter’s registration record shall remain a public record. That voter’s signed statement submitted under this subsection is a public record but shall be kept confidential as long as the protective order remains in effect or the voter remains a certified program participant in the Address Confidentiality Program. It is the responsibility of the voter to provide the county board with a copy of the valid protective order in effect or a current and valid Address Confidentiality Program authorization card issued pursuant to the provisions of Chapter 15C of the General Statutes. The voter’s actual address shall be used for any election-related purpose by any board of elections. That voter’s address shall be available for inspection by a law enforcement agency or by a person identified in a court order, if inspection of the address by that person is directed

by that court order. It shall not be a violation of this section if the address of a voter who is participating in the Address Confidentiality Program is discovered by a member of the public in public records disclosed by a county board of elections prior to December 1, 2001. Addresses required to be kept confidential by this section shall not be made available to the jury commission under the provisions of G.S. 9-2. (1901, c. 89, s. 83; Rev., s. 4382; C.S., s. 6016; 1931, c. 80; 1939, c. 263, s. 31/2; 1949, c. 916, ss. 6, 7; 1953, c. 843; 1955, c. 800; 1959, c. 883; 1963, c. 303, s. 1; 1965, c. 1116, s. 1; 1967, c. 775, s. 1; 1973, c. 793, ss. 22, 25; 1975, c. 12; c. 395; 1979, 2nd Sess., c. 1242; 1981, c. 39, s. 1; c. 87, s. 1; c. 308, s. 1; c. 656; 1983, c. 218, ss. 1, 2; 1985, c. 211, ss. 1, 2; c. 472, s. 1; 1993 (Reg. § 163-82.10B. Confidentiality of date of birth.

Boards of elections shall keep confidential the date of birth of every voter-registration applicant and registered voter, except in the following situations:

- (1) When a voter has filed notice of candidacy for elective office under G.S. 163-106, 163-122, 163-123, or 163-294.2, or 163-323, has been nominated as a candidate under G.S. 163-98 or G.S. 163-114, or has otherwise formally become a candidate for elective office. The exception of this subdivision does not extend to an individual who meets the definition of "candidate" only by beginning a tentative candidacy by receiving funds or making payments or giving consent to someone else to receive funds or transfer something of value for the purpose of exploring a candidacy.
- (2) When a voter is serving in an elective office.
- (3) When a voter has been challenged pursuant to Article 8 of this Chapter.
- (4) When a voter-registration applicant or registered voter expressly authorizes in writing the disclosure of that individual's date of birth.

The disclosure of an individual's age does not constitute disclosure of date of birth in violation of this section.

The county board of elections shall give precinct officials access to a voter's date of birth where necessary for election administration, consistent with the duty to keep dates of birth confidential.

Disclosure of a date of birth in violation of this section shall not give rise to a civil cause of action. This limitation of liability does not apply to the disclosure of a date of birth in violation of this subsection as a result of gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. (2004-127, s. 17(a).)

§ 163-82.11. Establishment of statewide computerized voter registration.

(a) **Statewide System as Official List.** — The State Board of Elections shall develop and implement a statewide computerized voter registration system to facilitate voter registration and to provide a central database containing voter registration information for each county. The system shall serve as the single system for storing and managing the official list of registered voters in the State. The system shall serve as the official voter registration list for the conduct of all elections in the State. The system shall encompass both software development and purchasing of the necessary hardware for the central and distributed-network systems.

(b) **Uses of Statewide System.** — The State Board of Elections shall develop and implement the system so that each county board of elections can do all the following:

- (1) Verify that an applicant to register in its county is not also registered in another county.
- (2) Be notified automatically that a registered voter in its county has registered to vote in another county.
- (3) Receive automatically data about a person who has applied to vote at a drivers license office or at another public agency that is authorized to accept voter registration applications.

(c) **Compliance With Federal Law.** — The State Board of Elections shall update the statewide computerized voter registration list and database to meet the requirements of section 303(a) of the Help America Vote Act of 2002 and to reflect changes when citizenship rights are restored under G.S. 13-1.

(d) **Role of County and State Boards of Elections.** — Each county board of elections shall be responsible for registering voters within its county according to law. Each county board of elections shall maintain its records by using the statewide computerized voter registration system in accordance with rules promulgated by the State Board of Elections. Each county board of elections shall enter through the computer system all additions, deletions, and changes in its list of registered voters promptly to the statewide computer system.

(e) **Cooperation on List for Jury Commission.** — The State Board of Elections shall assist the Division of Motor Vehicles in providing to the county jury commission of each county, as required by G.S. 20-43.4, a list of all registered voters in the county and all persons in the county with drivers license records. The list of registered voters provided by the State Board of Elections shall not include any registered voter who has been inactive for eight years or more. (1993 (Reg. Sess., 1994), c. 762, s. 2; 2003-226, s. 6; 2007-512, s. 4.)

Sess., 1994), c. 769, ss. 16 and 16.1, provided for a needs assessment and requirements analysis for computerized voter registration, Session Laws 1995, c. 507, s. 13.2 provided for the promulgation of rules for a statewide computerized voter registration system, and Session Laws 1997-443, s. 31, provided for a statewide data elections management system to prescribe data format, data communication, and data content standards.

Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election officials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

Effect of Amendments. — Session Laws 2007-512, s. 4, effective October 1, 2007, added the last sentence in subsection (e).

§ 163-82.12. Promulgation of guidelines relating to computerized voter registration.

The State Board of Elections shall make all guidelines necessary to administer the statewide voter registration system established by this Article. All county boards of elections shall follow these guidelines and cooperate with the State Board of Elections in implementing guidelines. These guidelines shall include provisions for all of the following:

- (1) Establishing, developing, and maintaining a computerized central voter registration file.

- (2) Linking the central file through a network with computerized voter registration files in each of the counties.
- (3) Interacting with the computerized drivers license records of the Division of Motor Vehicles and with the computerized records of other public agencies authorized to accept voter registration applications.
- (4) Protecting and securing the data.
- (5) Converting current voter registration records in the counties in computer files that can be used on the statewide computerized registration system.
- (6) Enabling the statewide system to determine whether the voter identification information provided by an individual is valid.
- (7) Enabling the statewide system to interact electronically with the Division of Motor Vehicles system to validate identification information.
- (8) Enabling the Division of Motor Vehicles to provide real-time interface for the validation of the drivers license number and last four digits of the social security number.
- (8b) Notifying voter-registration applicants whose drivers license or last four digits of social security number does not result in a validation, attempting to resolve the discrepancy, initiating investigations under G.S. 163-33(3) or challenges under Article 8 of this Chapter where warranted, and notifying any voters of the requirement under G.S. 163-166.2(b2) to present identification when voting.
- (9) Enabling the statewide system to assign a unique identifier to each legally registered voter in the State.
- (10) Enabling the State Board of Elections to assist the Division of Motor Vehicles in providing to the jury commission of each county, as required by G.S. 20-43.4, a list of all registered voters in the county and all persons in the county with drivers license records.

These guidelines shall not be considered to be rules subject to Article 2A of Chapter 150B of the General Statutes. However, the State Board shall publish in the North Carolina Register the guidelines and any changes to them after adoption, with that publication noted as information helpful to the public under G.S. 150B-21.17(a)(6). Copies of those guidelines shall be made available to the public upon request or otherwise by the State Board. (1993 (Reg. Sess., 1994), c. 762, s. 2; 2003-226, s. 7(a); 2007-391, s. 21(b).)

Effect of Amendments. — Session Laws 2007-391, s. 21(b), added subdivision (8b). For effective date, see Editor's Notes.

§ 163-82.13. Access to statewide voter registration file.

(a) Free Copy for Political Parties. — Beginning January 1, 1996, the State Board of Elections shall make available free of charge, upon written request, one magnetic copy of the statewide computerized voter registration file to the chairman of each political party as defined in G.S. 163-96 as soon as practicable after the close of registration before every statewide primary and election. The file made available to the political party chairmen shall contain the name, address, gender, age but not date of birth, race, voting history, political affiliation, and precinct of every registered voter in the State. If a county board enters telephone numbers into its computer lists of registered voters, then the free list provided under this subsection shall include telephone numbers.

(b) Copies for Sale to Others. — Beginning January 1, 1996, the State Board of Elections shall sell, upon written request, to other public and private organizations and persons magnetic copies of the statewide computerized voter registration file. The State Board of Elections may sell selective lists of registered voters according to county, congressional or legislative district, party affiliation, gender, age but not date of birth, race, date of registration, or any other reasonable category, or a combination of categories. The State Board of Elections shall require all persons to whom any list is furnished under this subsection to reimburse the board for the actual cost incurred in preparing it. (1993 (Reg. Sess., 1994), c. 762, s. 2; 2004-127, s. 17(d).)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 769, ss. 16 and 16.1, provided for a needs assessment and requirements analysis for computerized voter registration, Session Laws 1995, c. 507, s. 13.2 provided for the promulgation of rules for a statewide comput-

erized voter registration system, and Session Laws 1997-443, s. 31, provided for a statewide data elections management system to prescribe data format, data communication, and data content standards.

§ 163-82.14. List maintenance.

(a) Uniform Program. — The State Board of Elections shall adopt a uniform program that makes a reasonable effort:

- (1) To remove the names of ineligible voters from the official lists of eligible voters, and
- (2) To update the addresses and other necessary data of persons who remain on the official lists of eligible voters.

That program shall be nondiscriminatory and shall comply with the provisions of the Voting Rights Act of 1965, as amended, and with the provisions of the National Voter Registration Act. The State Board of Elections, in addition to the methods set forth in this section, may use other methods toward the ends set forth in subdivisions (1) and (2) of this subsection, including address-updating services provided by the Postal Service. Each county board of elections shall conduct systematic efforts to remove names from its list of registered voters in accordance with this section and with the program adopted by the State Board. The county boards of elections shall complete their list maintenance mailing program by April 15 of every odd-numbered year, unless the State Board of Elections approves a different date for the county.

(b) Death. — The Department of Health and Human Services shall furnish free of charge to the State Board of Elections every month, in a format prescribed by the State Board of Elections, the names of deceased persons who

were residents of the State. The State Board of Elections shall distribute every month to each county board of elections the names on that list of deceased persons who were residents of that county. The Department of Health and Human Services shall base each list upon information supplied by death certifications it received during the preceding month. Upon the receipt of those names, each county board of elections shall remove from its voter registration records any person the list shows to be dead. The county board need not send any notice to the address of the person so removed.

(c) Conviction of a Felony. —

- (1) Report of Conviction Within the State. — The State Board of Elections, on or before the fifteenth day of every month, shall report to the county board of elections of that county the name, county of residence, and residence address if available, of each individual against whom a final judgment of conviction of a felony has been entered in that county in the preceding calendar month.
- (2) Report of Federal Conviction. — The Executive Director of the State Board of Elections, upon receipt of a notice of conviction sent by a United States Attorney pursuant to section 8(g) of the National Voter Registration Act, shall notify the appropriate county boards of elections of the conviction.
- (3) County Board's Duty Upon Receiving Report of Conviction. — When a county board of elections receives a notice pursuant to subdivision (1) or (2) of this subsection relating to a resident of that county and that person is registered to vote in that county, the board shall, after giving 30 days' written notice to the voter at his registration address, and if the voter makes no objection, remove the person's name from its registration records. If the voter notifies the county board of elections of his objection to the removal within 30 days of the notice, the chairman of the board of elections shall enter a challenge under G.S. 163-85(c)(5), and the notice the county board received pursuant to this subsection shall be prima facie evidence for the preliminary hearing that the registrant was convicted of a felony.

(d) Change of Address. — A county board of elections shall conduct a systematic program to remove from its list of registered voters those who have moved out of the county, and to update the registration records of persons who have moved within the county. The county board shall remove a person from its list if the registrant:

- (1) Gives confirmation in writing of a change of address for voting purposes out of the county. "Confirmation in writing" for purposes of this subdivision shall include:
 - a. A report to the county board from the Department of Transportation or from a voter registration agency listed in G.S. 163-82.20 that the voter has reported a change of address for voting purposes outside the county;
 - b. A notice of cancellation received under G.S. 163-82.9; or
 - c. A notice of cancellation received from an election jurisdiction outside the State.
- (2) Fails to respond to a confirmation mailing sent by the county board in accordance with this subdivision and does not vote or appear to vote in an election beginning on the date of the notice and ending on the day after the date of the second general election for the United States House of Representatives that occurs after the date of the notice. A county board sends a confirmation notice in accordance with this subdivision if the notice:
 - a. Is a postage prepaid and preaddressed return card, sent by forwardable mail, on which the registrant may state current address;

- b. Contains or is accompanied by a notice to the effect that if the registrant did not change residence but remained in the county, the registrant should return the card not later than the deadline for registration by mail in G.S. 163-82.6(c)(1); and
- c. Contains or is accompanied by information as to how the registrant may continue to be eligible to vote if the registrant has moved outside the county.

A county board shall send a confirmation mailing in accordance with this subdivision to every registrant after every congressional election if the county board has not confirmed the registrant's address by another means.

- (3) Any registrant who is removed from the list of registered voters pursuant to this subsection shall be reinstated if the voter appears to vote and gives oral or written affirmation that the voter has not moved out of the county but has maintained residence continuously within the county. That person shall be allowed to vote as provided in G.S. 163-82.15(f). (1953, c. 843; 1955, c. 800; 1963, c. 303, s. 1; 1965, c. 1116, s. 1; 1967, c. 775, s. 1; 1973, c. 793, ss. 25, 28; c. 1223, s. 4; 1975, c. 395; 1977, c. 265, s. 3; 1981, c. 39, s. 1; c. 87, s. 1; c. 308, s. 1; 1983, c. 411, ss. 1, 2; 1985, c. 211, ss. 1, 2; 1987, c. 691, s. 1; 1993 (Reg. Sess., 1994), c. 762, s. 2; 1997-443, s. 11A.117; 1999-453, s. 7(a), (b); 2001-319, ss. 8(a), 11; 2005-428, s. 14; 2007-391, ss. 18, 32.)

Editor's Note. — Subdivision (d)(3), added by Session Laws 2005-428, s. 14, effective September 22, 2005, is applicable to all primaries and elections held on or after that date.

Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2007-391, ss. 18 and 32, added the last sentence in subsection (a); and in subdivision (c)(1), substituted "State Board of Elections" for "clerk of superior court," and deleted the former last sentence, which read: "Any county board of elections receiving such a report about an individual who is a resident of another county in this State shall forward a copy of that report to the board of elections of that county as soon as possible." For effective date, see Editor's Notes.

§ 163-82.15. Change of address within the county.

(a) **Registrant's Duty to Report.** — No registered voter shall be required to re-register upon moving from one precinct to another within the same county. Instead, a registrant shall notify the county board of the change of address by the close of registration for an election as set out in G.S. 163-82.6(c). In addition to any other method allowed by G.S. 163-82.6, the form may be submitted by electronic facsimile, under the same deadlines as if it had been submitted in person. The registrant shall make the notification by means of a voter registration form as described in G.S. 163-82.3, or by another written notice, signed by the registrant, that includes the registrant's full name, former residence address, new residence address, and the registrant's attestation that the registrant moved at least 30 days before the next primary or election from the old to the new address.

(b) **Verification of New Address by Mail.** — When a county board of elections receives a notice that a registrant in that county has changed residence within the same county, the county board shall send a notice, by nonforwardable mail, to the registrant at the new address. The notice shall inform the registrant of any new precinct and voting place that will result from the change of address, and it shall state whether the registrant shall vote at the new voting place during the upcoming election or at a later election. If the Postal Service returns

the county board's notice to the registrant as undeliverable, the county board shall either:

- (1) Send a second notice by nonforwardable mail to the new address and, if it is returned as undeliverable, send to the registrant's old address a confirmation notice as described in G.S. 163-82.14(d)(2); or
- (2) Send to the registrant's old address a confirmation notice as described in G.S. 163-82.14(d)(2) without first sending a second nonforwardable notice to the new address.

In either case, if the registrant does not respond to the confirmation notice as described in G.S. 163-82.14(d)(2), then the county board shall proceed with the removal of the registrant from the list of voters in accordance with G.S. 163-82.14(d).

(c) **Board's Duty to Make Change.** — If the county board confirms the registrant's new address in accordance with subsection (b) of this section, the county board shall as soon as practical change the record to reflect the new address.

(d) **Unreported Move Within the Same Precinct.** — A registrant who has moved from one address to another within the same precinct shall, notwithstanding failure to notify the county board of the change of address before an election, be permitted to vote at the voting place of that precinct upon oral or written affirmation by the registrant of the change of address before a precinct official at that voting place.

(e) **Unreported Move to Another Precinct Within the County.** — If a registrant has moved from an address in one precinct to an address in another precinct within the same county more than 30 days before an election and has failed to notify the county board of the change of address before the close of registration for that election, the county board shall permit that person to vote in that election. The county board shall permit the registrant described in this subsection to vote at the registrant's new precinct, upon the registrant's written affirmation of the new address, or, if the registrant prefers, at a central location in the county to be chosen by the county board. If the registrant appears at the old precinct, the precinct officials there shall send the registrant to the new precinct or, if the registrant prefers, to the central location, according to rules which shall be prescribed by the State Board of Elections. At the new precinct, the registrant shall be processed by a precinct transfer assistant, according to rules which shall be prescribed by the State Board of Elections. Any voter subject to this subsection may instead vote a provisional ballot according to the provisions of G.S. 163-166.11.

(f) **When Registrant Disputes Registration Records.** — If the registration records indicate that the registrant has moved outside the precinct, but the registrant denies having moved from the address within the precinct previously shown on the records, the registrant shall be permitted to vote at the voting place for the precinct where the registrant claims to reside, if the registrant gives oral or written affirmation before a precinct official at that voting place.

(g) **Precinct Transfer Assistants.** — The county board of elections shall either designate a board employee or appoint other persons to serve as precinct transfer assistants to receive the election-day transfers of the voters described in subsection (e) of this section. In addition, board members and employees may perform the duties of precinct transfer assistants. The State Board of Elections shall promulgate uniform rules to carry out the provisions of this section, and shall define in those rules the duties of the precinct transfer assistant. (1979, c. 135, s. 2; 1983, c. 392, s. 2; 1984, Ex. Sess., c. 3, ss. 1, 2; 1987, c. 549, s. 1; 1989, c. 427; 1991, c. 12, s. 1; 1991 (Reg. Sess., 1992), c. 1032, s. 3; 1993 (Reg. Sess., 1994), c. 762, s. 2; 2001-314, s. 1; 2005-2, s. 3; 2006-262, s. 2.)

Editor's Note. — Session Laws 2005-2, s. 1, provides: "The General Assembly makes the following findings:

"(1) In 2003, the General Assembly enacted S.L. 2003-226, which contained a number of changes to the State's election laws, designed in part to implement provisions of the federal Help America Vote Act of 2002 (HAVA) in such a way as to avoid having separate laws for federal and State elections and otherwise to encourage and expand the exercise of the franchise. One such enactment was codified as G.S. 163-166.11, which spells out procedures for the casting of provisional official ballots. A voter's eligibility to cast a provisional official ballot depends on being a registered voter in the jurisdiction in which the voter seeks to vote. The 'jurisdiction' in which a voter in North Carolina registers to vote is the county. This is the unmistakable meaning of G.S. 163-82.1 and has not heretofore been challenged or questioned.

"(2) In S.L. 2003-226, the General Assembly expressly stated its intent to 'ensure that the State of North Carolina has a system for all elections that complies with the requirements for federal elections set forth in' HAVA. It was then and is now the intent of the General Assembly that the provisions of HAVA be broadly construed and that they be implemented in North Carolina in a manner to ensure a unified system of federal and State elections in compliance with HAVA.

"(3) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that any individual who is a registered voter in a county but whose name does not appear on the official list of registered voters at the voting place at which that voter appears be allowed to cast a provisional official ballot.

"(4) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that all provisional ballots be counted for all those ballot items for which a voter was eligible to vote. In enacting G.S. 163-166.11 in 2003, the General Assembly was fully mindful of and intended to reinforce the fact that prior statutory enactments in 2001 had already recognized the right of a voter to cast a provisional ballot and to have that ballot counted for all items for which that voter was eligible to vote. See G.S. 163-182.2(a)(4). Even prior to 2003, the General Statutes recognized the right of a registered voter to cast a provisional ballot and to have that ballot counted for all those items for which the voter was duly qualified to vote.

"(5) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that the State Board of Elections act in a manner that would result in a single system for federal and State elections, rather

than one system for federal elections and another for State elections. In enacting G.S. 163-166.11 in 2003, the General Assembly was mindful of and intended to reinforce the fact that it had already provided in 2001 in G.S. 163-166.7(c)(6) that the State Board of Elections would adopt rules to ensure that voters 'not clearly eligible to vote in the precinct but who seek to vote there are given proper assistance in voting a provisional official ballot or guidance to another voting place where they are eligible to vote.' The possibility of out-of-precinct provisional voting was thus recognized by the General Assembly as early as 2001.

"(6) The law regarding provisional ballots does not rest solely on G.S. 163-82.15(e), which addresses the narrow circumstance of 'Unreported Move[s] to Another Precinct Within the County.' Though that statute mentions two ways in which precinct officials may process registrants, it is not exclusive. G.S. 163-82.15(e) is part of the statutory Article on voter registration, rather than on voting, and should be read in that context. It was enacted in 1994, before provisional voting was codified in North Carolina. The enactment of G.S. 163-166.7(c)(6) in 2001 is the authority giving the State Board of Elections the duty to apply the broader laws of provisional voting, including G.S. 163-166.11. Any reading of G.S. 163-166.11 that would limit that statute's provisions to the narrower class of voting situations governed by the earlier enacted provisions of G.S. 163-82.15(e) would ignore the long-standing principle of statutory construction that statutes relating to the same subject matter should be reconciled in such a manner as to effect the scope and meaning of the later enactment and read in a manner that would tend most completely to secure the rights of all persons affected by the legislation. It was then and is now the intent of the General Assembly in enacting G.S. 163-166.11 to expand the exercise of the franchise, not to limit it or to restrict it by the terms of earlier and narrower enactments.

"(7) The State Board of Elections and all county boards of elections were following the intent of the General Assembly when they administered G.S. 163-166.11 and the earlier enacted statutes in G.S. 163-182.2(a)(4) and G.S. 163-166.7(c)(6) to count in whole or in part ballots cast by registered voters in the county who voted outside their resident precincts in the July 20, 2004, Primary, the August 17, 2004, Second Primary, and the November 2, 2004, General Election.

"(8) Several hundred thousand registered North Carolina voters cast ballots outside their resident precincts during the one-stop absentee balloting ('early voting') period pursuant to G.S. 163-227.2 prior to the General Election in November 2004, during the two primaries in 2004, and then on the date of the General Election in

November 2004. There is no statutory basis upon which to distinguish out-of-precinct voting that occurred on the date of the General Election in November 2004 from out-of-precinct voting that occurred during the First and Second Primaries in 2004 or that occurred during the period of one-stop absentee ('early') voting prior to the General Election of 2004.

"(9) The General Assembly takes note of the fact that of those registered voters who happened to vote provisional ballots outside their resident precincts on the day of the November 2004 General Election, a disproportionately high percentage were African-American.

"(10) The General Assembly notes that in addition to provisional voting on the date of the General Election pursuant to G.S. 163-166.11, the General Statutes abound with provisions that allow voters to cast votes outside their resident precincts:

"a. Civilian absentee voting by mail, G.S. 163-226.

"b. Military and overseas citizens absentee voting, G.S. 163-245.

"c. One-stop absentee (early) voting, G.S. 163-227.2.

"d. Voting in a voting place on a lot adjacent to the precinct, G.S. 163-128.

"e. Temporarily voting in an adjacent precinct, G.S. 163-128.

"f. Voting in a precinct outside the voting place where no suitable facility exists inside it or adjacent to it, G.S. 163-130.1.

"g. Voting at a central location in the county by voters who no longer live in the precinct where their name is listed on registration lists, G.S. 163-82.15(e).

"All those provisions were enacted prior to G.S. 163-166.11. Most were enacted decades before. As many as 1,000,000 people in North Carolina may have cast out-of-precinct votes using all out-of-precinct methods in 2004.

"(11) It would be fundamentally unfair to discount the provisional official ballots cast by properly registered and duly qualified voters voting and acting in reliance on the statutes adopted by the General Assembly and administered by the State Board of Elections in accordance with its intent. Moreover, to subtract such ballots only from the count for the General Election of 2004 without also doing so for the First or Second Primaries of 2004 would create a bizarre result in which out-of-precinct provisional ballots are allowed to count for some elections but not others. The General Assembly did not and does not now intend to create such a system.

"(12) Even if the State Board of Elections had misread the language and intent of the General

Statutes concerning provisional voting, which it did not do, it has been the long-standing and hitherto unquestioned law of this State, confirmed by prior decisions of the North Carolina Supreme Court, that an innocent voter's ballot shall not be disqualified because of errors or omissions by elections officials. This fundamental principle was adopted by Justice Samuel J. Ervin Jr. in the case of *Owens v. Chaplin*, 228 N.C. 705 (1948) using the following language:

"We can conceive of no principle which permits the disfranchisement of innocent voters for the mistake, or even the willful misconduct, of election officials in performing the duty cast upon them. The object of elections is to ascertain the popular will, and not to thwart it. The object of election laws is to secure the rights of duly-qualified electors, and not to defeat them."

"See also *Appeal of Judicial Review by Republican Candidates for Election in Clay County*, 45 N.C. App. 556 (1980).

"The General Assembly endorses and reaffirms this fundamental principle.

"(13) It is the will of the people, as expressed through their representatives in the General Assembly, that the validity of the primaries and elections conducted in 2004 and certified by a county board of elections or the State Board of Elections, not be called into question by retroactively revisiting the propriety of provisional ballots cast by duly registered voters of a county.

"(14) To avoid all doubt and remove any possible future question as to the General Assembly's plain intent with respect to the subject of provisional voting, and to avoid misinterpretation of any other statute, the General Assembly enacts Sections 2 through 5 of this act."

Subsection (e), as amended by Session Laws 2005-2, s. 3, effective March 2, 2005, which added the last sentence, is applicable to all elections held after January 1, 2004.

Session Laws 2006-262, s. 5, provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-262, s. 2, effective August 27, 2006, substituted "the registrant's attestation that the registrant moved at least 30 days before the next primary or election" for "date of moving" near the end of the last sentence in subsection (a).

CASE NOTES

Provisional Ballots Cast in Incorrect Precinct. — North Carolina Board of Elections, pursuant to G.S. 163-82.15(e), improperly counted provisional ballots cast by voters

on election day in a general election at precincts other than the voter's correct precinct of residence. *James v. Bartlett*, 359 N.C. 260, 607 S.E.2d 638, 2005 N.C. LEXIS 146 (2005).

§ 163-82.15A. Administrative change of registration when county line is adjusted.

When a boundary between counties is established by legislation or under G.S. 153A-18, the Executive Director shall direct the county boards of elections involved to administratively change the voter registration of any voter whose county of residence is altered by the establishment of the boundary. The voter shall not be required to submit a new application to register, and the provisions of G.S. 163-57 shall apply to the determination of residency. The Executive Director shall prescribe a method of notifying the voter of the change of county registration, the correct precinct, and other relevant information. (2005-428, s. 3(a).)

Editor's Note. — Session Laws 2005-428, s. 18, made this section effective January 1, 2006,

and applicable to all primaries and elections held on or after that date.

§ 163-82.16. Change of name.

(a) **Registrant's Duty to Report.** — If the name of a registrant is changed in accordance with G.S. 48-1-104, G.S. 50-12, or Chapter 101 of the General Statutes, or if a married registrant assumes the last name of the registrant's spouse, the registrant shall not be required to re-register, but shall report the change of name to the county board not later than the last day for applying to register to vote for an election in G.S. 163-82.6. The registrant shall report the change on a form described in G.S. 163-82.3 or on a voter registration card described in G.S. 163-82.8 or in another written statement that is signed, contains the registrant's full names, old and new, and the registrant's current residence address.

(b) **Verification of New Name by Mail.** — When a county board of elections receives a notice of name change from a registrant in that county, the county board shall send a notice, by nonforwardable mail, to the registrant's residence address. The notice shall state that the registrant's records will be changed to reflect the new name if the registrant does not respond that the name change is incorrect. If the Postal Service returns the county board's notice to the registrant as undeliverable, the county board shall send to the registrant's residence address a confirmation notice as described in G.S. 163-82.14(d)(2).

If the registrant does not respond to the confirmation notice as described in G.S. 163-82.14(d)(2), then the county board shall proceed with the removal of the registrant from the list of voters in accordance with G.S. 163-82.14(d).

(c) **Board's Duty to Make Change.** — If the county board confirms the registrant's address in accordance with subsection (b) of this section and the registrant does not deny making the application for the name change, the county board shall as soon as practical change the record of the registrant's name to conform to that stated in the application.

(d) **Unreported Name Change.** — A registrant who has not reported a name change in accordance with subsection (a) of this section shall be permitted to vote if the registrant reports the name change to the chief judge at the voting place, or to the county board along with the voter's application for an absentee ballot. (1979, c. 480; 1981, c. 33, s. 3; 1989 (Reg. Sess., 1990), c. 991, s. 3; 1991

(Reg. Sess., 1992), c. 1032, s. 2; 1993 (Reg. Sess., 1994), c. 762, s. 2; 1995, c. 457, s. 9.)

§ 163-82.17. Change of party affiliation.

(a) Registrant's Duty to Report. — Any registrant who desires to have the record of his party affiliation or unaffiliated status changed on the registration list shall, no later than the last day for making application to register under G.S. 163-82.6 before the election, indicate the change on an application form as described in G.S. 163-82.3 or on a voter registration card described in G.S. 163-82.8. No registrant shall be permitted to change party affiliation or unaffiliated status for a primary, second primary, or special or general election after the deadline for registration applications for that election as set out in G.S. 163-82.6.

(b) Verification of Affiliation Change by Mail. — When a county board of elections receives a notice of change of party affiliation or unaffiliated status from a registrant in that county, the county board shall send a notice, by nonforwardable mail, to the registrant's residence address. The notice shall state that the registrant's records will be changed to reflect the change of status if the registrant does not respond by stating that he does not desire a change in status. The notice shall also inform the registrant of the time that the change of affiliation status will occur, and shall explain the provisions of subsection (d) of this section. If the Postal Service returns the county board's notice to the registrant as undeliverable, the county board shall send to the registrant's residence address a confirmation notice as described in G.S. 163-82.14(d)(2). If the registrant does not respond to the confirmation notice as described in G.S. 163-82.14(d)(2), then the county board shall proceed with the removal of the registrant from the list of voters in accordance with G.S. 163-82.14(d).

(c) Board's Duty to Make Change. — If the county board confirms the registrant's address in accordance with subsection (b) of this section and the registrant does not deny making the application to change affiliated or unaffiliated status, the county board of elections shall as soon as practical change the record of the registrant's party affiliation, or unaffiliated status, to conform to that stated in the application. Thereafter the voter shall be considered registered and qualified to vote in accordance with the change, except as provided in subsection (d) of this section.

(d) Deadline to Change Status Before Primary. — If a registrant applies to change party affiliation or unaffiliated status later than the last day for applying to register under G.S. 163-82.6 before a primary, the registrant shall not be entitled to vote in the primary of a party in which the registrant's status on that last day did not entitle the registrant to vote.

(e) Authority of County Board or Director to Make Correction. — If at any time the chairman or director of elections of the county board of elections is satisfied that an error has been made in designating the party affiliation of any voter on the registration records, then the chairman or director of elections of the county board of elections shall make the necessary correction after receiving from the voter a sworn statement as to the error and the correct status. CASE NOTES

Editor’s Note. — *The case cited below was decided under former G.S. 163-74 and prior law.*

Requiring oath to support future candidates violates the principle of freedom of conscience. *Clark v. Meyland*, 261 N.C. 140, 134 S.E.2d 168 (1964).

The legislature is without power to shackle a voter’s conscience by requiring an oath requiring an elector to vote for future candidates as a price to pay for his right to participate in his party’s primary. *Clark v. Meyland*, 261 N.C. 140, 134 S.E.2d 168 (1964).

And Denies Free Ballot. — An oath to support future candidates denies a free ballot, one that is cast according to the dictates of the voter’s judgment. *Clark v. Meyland*, 261 N.C. 140, 134 S.E.2d 168 (1964).

And Participation in Primary Cannot Be Denied for Refusal to Take Unconstitutional Oath. — Membership in a party and a right to participate in its primary may not be

denied an elector simply because he refuses to take an oath to vote in a manner which violates the constitutional provision that elections shall be free. *Clark v. Meyland*, 261 N.C. 140, 134 S.E.2d 168 (1964).

Any elector who offers sufficient proof of his intent, in good faith, to change his party affiliation, cannot be required to bind himself by an oath, the violation of which, if not sufficient to brand him as a felon, would certainly be sufficient to operate as a deterrent to his exercising a free choice among available candidates in the election, even by casting a write-in ballot. *Clark v. Meyland*, 261 N.C. 140, 134 S.E.2d 168 (1964).

Good Faith of Party Change Subject to Challenge. — When a member of either party desires to change his party affiliation, the good faith of the change is a proper subject of inquiry and challenge. *Clark v. Meyland*, 261 N.C. 140, 134 S.E.2d 168 (1964).

§ 163-82.18. Appeal from denial of registration.

(a) **Right to Appeal.** — Any applicant who receives notice of denial of registration pursuant to G.S. 163-82.7 may appeal the denial within five days after receipt of the notice of denial. The county board of elections shall promptly set a date for a public hearing. The notice of appeal shall be in writing and shall be signed by the appealing party, shall include the appealing party’s name, date of birth, address, and reasons for the appeal.

(b) **Hearing Before County Board of Elections.** — The county board of elections shall set a date and time for a public hearing and shall notify the appealing party. Every person appealing to the county board of elections from denial of registration shall be entitled to a prompt and fair hearing on the question of the denied applicant’s right and qualifications to register as a voter. All cases on appeal to a county board of elections shall be heard de novo.

Two members of the county board of elections shall constitute a quorum for the purpose of hearing appeals on questions of registration. The decision of a majority of the members of the board shall be the decision of the board. The board shall be authorized to subpoena witnesses and to compel their attendance and testimony under oath, and it is further authorized to subpoena papers and documents relevant to any matters pending before the board.

If at the hearing the board shall find that the person appealing from a denial of registration meets all requirements of law for registration as a voter in the county, the board shall enter an order directing that the appellant be registered and assign the appellant to the appropriate precinct. Not later than five days after an appeal is heard before the county board of elections, the board shall give written notice of its decision to the appealing party.

(c) **Appeal to Superior Court.** — Any person aggrieved by a final decision of a county board of elections denying registration may at any time within 10 days from the date on which he receives notice of the decision appeal to the superior court of the county in which the board is located. Upon such an

appeal, the appealing party shall be the plaintiff and the county board of elections shall be the defendant, and the matter shall be heard de novo in the superior court in the manner in which other civil actions are tried and disposed of in that court.

If the decision of the court is that the order of the county board of elections shall be set aside, then the court shall enter its order so providing and adjudging that the plaintiff is entitled to be registered as a qualified voter in the precinct in which he originally made application to register, and in such case the plaintiff's name shall be entered in the registration book of that precinct. The court shall not order the registration of any person in a precinct in which he did not apply to register prior to the proceeding in court.

From the judgment of the superior court an appeal may be taken to the appellate division in the same manner as other appeals are taken from judgments of that court in civil actions. (1957, c. 287, dd. 2-4; 1967, c. 775, s. 1; 1969, c. 44, s. 82; 1981, c. 542, ss. 1, 2; 1993 (Reg. Sess., 1994), c. 762, s. 2.)

§ 163-82.19. Voter registration at drivers license offices; coordination on data interface.

(a) Voter Registration at Drivers License Offices. — The Division of Motor Vehicles shall, pursuant to the rules adopted by the State Board of Elections, modify its forms so that any eligible person who applies for original issuance, renewal or correction of a drivers license, or special identification card issued under G.S. 20-37.7 may, on a part of the form, complete an application to register to vote or to update his registration if the voter has changed his address or moved from one precinct to another or from one county to another. The person taking the application shall ask if the applicant is a citizen of the United States. If the applicant states that the applicant is not a citizen of the United States, or declines to answer the question, the person taking the application shall inform the applicant that it is a felony for a person who is not a citizen of the United States to apply to register to vote. Any person who willfully and knowingly and with fraudulent intent gives false information on the application is guilty of a Class I felony. The application shall state in clear language the penalty for violation of this section. The necessary forms shall be prescribed by the State Board of Elections. The form must ask for the previous voter registration address of the voter, if any. If a previous address is listed, and it is not in the county of residence of the applicant, the appropriate county board of elections shall treat the application as an authorization to cancel the previous registration and also process it as such under the procedures of G.S. 163-82.9. If a previous address is listed and that address is in the county where the voter applies to register, the application shall be processed as if it had been submitted under G.S. 163-82.9.

Registration shall become effective as provided in G.S. 163-82.7. Applications to register to vote accepted at a drivers license office under this section until the deadline established in G.S. 163-82.6(c)(2) shall be treated as timely made for an election, and no person who completes an application at that drivers license office shall be denied the vote in that election for failure to apply earlier than that deadline.

All applications shall be forwarded by the Department of Transportation to the appropriate board of elections not later than five business days after the date of acceptance, according to rules which shall be promulgated by the State Board of Elections. Those rules shall provide for a paperless, instant, electronic transfer of applications to the appropriate board of elections.

(b) Coordination on Data Interface. — The Department of Transportation jointly with the State Board of Elections shall develop and operate a computerized interface to match information in the database of the statewide voter

registration system with the drivers license information in the Division of Motor Vehicles to the extent required to enable the State Board of Elections and the Department of Transportation to verify the accuracy of the information provided on applications for voter registration, whether the applications were received at drivers license offices or elsewhere. The Department of Transportation and the State Board shall implement the provisions of this subsection so as to comply with section 303 of the Help America Vote Act of 2002. The Department of Transportation shall enter into an agreement with the Commissioner of Social Security so as to comply with section 303 of the Help America Vote Act of 2002. (1983, c. 854, s. 1; 1991 (Reg. Sess., 1992), c. 1044, s. 19(a); 1993, c. 74, s. 2; 1993 (Reg. Sess., 1994), c. 762, s. 2; 1998-149, s. 11.1; 2001-319, s. 7(a); 2003-226, s. 7(b).)

Editor's Note. — Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election offi-

cials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

§ 163-82.20. Voter registration at other public agencies.

(a) Voter Registration Agencies. — Every office in this State which accepts:

- (1) Applications for a program of public assistance under Article 2 of Chapter 108A of the General Statutes or under Article 13 of Chapter 130A of the General Statutes;
- (2) Applications for State-funded State or local government programs primarily engaged in providing services to persons with disabilities, with such office designated by the State Board of Elections; or

is designated as a voter registration agency for purposes of this section.

(b) Duties of Voter Registration Agencies. — A voter registration agency described in subsection (a) of this section shall, unless the applicant declines, in writing, to register to vote:

- (1) Distribute with each application for service or assistance, and with each recertification, renewal, or change of address relating to such service or assistance:
 - a. The voter registration application form described in G.S. 163-82.3(a) or (b); or
 - b. The voter registration agency's own form, if it is substantially equivalent to the form described in G.S. 163-82.3(a) or (b) and has been approved by the State Board of Elections, provided that the agency's own form may be a detachable part of the agency's paper application or may be a paperless computer process, as long as the applicant is required to sign an attestation as part of the application to register.
- (2) Provide a form that contains the elements required by section 7(a)(6)(B) of the National Voter Registration Act; and
- (3) Provide to each applicant who does not decline to register to vote the same degree of assistance with regard to the completion of the

registration application as is provided by the office with regard to the completion of its own forms.

(c) Provided that voter registration agencies designated under subdivision (a)(3) of this section shall only be required to provide the services set out in this subsection to applicants for new claims, reopened claims, and changes of address under Chapter 96 of the General Statutes, the Employment Security Law.

(d) Home Registration for Disabled. — If a voter registration agency provides services to a person with disability at the person's home, the voter registration agency shall provide the services described in subsection (b) of this section at the person's home.

(e) Prohibitions. — Any person providing any service under subsection (b) of this section shall not:

- (1) Seek to influence an applicant's political preference or party registration, except that this shall not be construed to prevent the notice provided by G.S. 163-82.4(c) to be given if the applicant refuses to declare his party affiliation;
- (2) Display any such political preference or party allegiance;
- (3) Make any statement to an applicant or take any action the purpose or effect of which is to discourage the applicant from registering to vote; or
- (4) Make any statement to an applicant or take any action the purpose or effect of which is to lead the applicant to believe that a decision to register or not to register has any bearing on the availability of services or benefits.

(f) Confidentiality of Declination to Register. — No information relating to a declination to register to vote in connection with an application made at a voter registration agency may be used for any purpose other than voter registration.

(g) Transmittal From Agency to Board of Elections. — Any voter registration application completed at a voter registration agency shall be accepted by that agency in lieu of the applicant's mailing the application. Any such application so received shall be transmitted to the appropriate board of elections not later than five business days after acceptance, according to rules which shall be promulgated by the State Board of Elections.

(h) Twenty-Five-Day Deadline for an Election. — Applications to register accepted by a voter registration agency shall entitle a registrant to vote in any primary, general, or special election unless the registrant shall have made application later than the twenty-fifth calendar day immediately preceding such primary, general, or special election, provided that nothing shall prohibit voter registration agencies from continuing to accept applications during that period.

(i) Ineligible Applications Prohibited. — No person shall make application to register to vote under this section if that person is ineligible to vote on account of age, citizenship, lack of residence for the period of time provided by law, or because of conviction of a felony. (1993 (Reg. Sess., 1994), c. 762, s. 2; 1995, c. 507, s. 25.10(c); 1995 (Reg. Sess., 1996), c. 608, s. 1.)

Editor's Note. — Subsections (b1) and (c) (c) through (i) at the direction of the Revisor of through (h) were redesignated as subsections Statutes.

§ 163-82.20A. Voter registration upon restoration of citizenship.

The State Board of Elections, the Department of Correction, and the Administrative Office of the Courts shall jointly develop and implement educational programs and procedures for persons to apply to register to vote at

the time they are restored to citizenship and all filings required have been completed under Chapter 13 of the General Statutes. Those procedures shall be designed to do both of the following:

(1) Inform the person that the restoration of rights removes the person's disqualification from voting, but that in order to vote the person must register to vote.

(2) Provide an opportunity to that person to register to vote.

At a minimum, the program shall include a written notice to the person whose citizenship has been restored, informing that person that the person may now register to vote, with a voter registration form enclosed with the notice. (2007-391, s. 26(a).)

Editor's Note. — Session Laws 2007-391, s. 26(b) made this section effective October 1, 2007.

§ 163-82.21. Voter registration at military recruitment offices.

The Executive Director, jointly with the Department of Defense, shall develop and implement procedures for persons to apply to register to vote at recruitment offices of the armed forces of the United States in compliance with section 7(c) of the National Voter Registration Act. (1993 (Reg. Sess., 1994), c. 762, s. 2; 2001-319, s. 11.)

§ 163-82.22. Voter registration at public libraries.

Every library covered by G.S. 153A-272 shall make available to the public the application forms described in G.S. 163-82.3, and shall keep a sufficient supply of the forms so that they are always available. Every library covered by G.S. 153A-272 shall designate at least one employee to assist voter registration applicants in completing the form during all times that the library is open. (1975, c. 234, s. 1; 1977, c. 626, s. 1; 1983, c. 588, ss. 2, 3; c. 707; 1991 (Reg. Sess., 1992), c. 973, ss. 1, 2; c. 1044, s. 19(b); 1993, c. 74, s. 2; 1993 (Reg. Sess., 1994), c. 762, s. 2.)

§ 163-82.23. Voter registration at public high schools.

Every public high school shall make available to its students and others who are eligible to register to vote the application forms described in G.S. 163-82.3, and shall keep a sufficient supply of the forms so that they are always available. A local board of education may, but is not required to, designate high school employees to assist in completing the forms. Only employees who volunteer for this duty may be designated by boards of education. (1975, c. 234, s. 1; 1977, c. 626, s. 1; 1983, c. 588, ss. 2, 3; c. 707; 1991 (Reg. ARTICLE 8.

Challenges.

§ 163-84. Time for challenge other than on day of primary or election.

The registration records of each county shall be open to inspection by any registered voter of the county, including any chief judge or judge of elections, during the normal business hours of the county board of elections on the days when the board's office is open. At those times the right of any person to register, remain registered, or vote shall be subject to objection and challenge. (1901, c. 89, s. 19; Rev., s. 4339; C.S., s. 5972; 1929, c. 164, s. 36; 1953, c. 843; 1955, c. 800; c. 871, s. 7; 1959, c. 616, s. 2; 1963, c. 303, s. 1; 1967, c. 775, s. 1; 1973, c. 793, s. 33; 1993 (Reg. CASE NOTES

Remedy for Irregular Registration. — Where it was alleged that the registration of voters in a primary municipal election was irregular and fraudulent, and the statute and charter of the city under which the election was to be held provided for challenge to voters so

registered, mandamus to compel a proper registration would not be issued, as there was an adequate remedy at law by way of challenge provided by statute. *Glenn v. Culbreth*, 197 N.C. 675, 150 S.E. 332 (1929).

§ 163-85. Challenge procedure other than on day of primary or election.

(a) **Right to Challenge; When Challenge May Be Made.** — Any registered voter of the county may challenge the right of any person to register, remain registered or vote in such county. No such challenge may be made after the twenty-fifth day before each primary, general, or special election.

(b) **Challenges Shall Be Made to the County Board of Elections.** — Each challenge shall be made separately, in writing, under oath and on forms prescribed by the State Board of Elections, and shall specify the reasons why the challenged voter is not entitled to register, remain registered, or vote. When a challenge is made, the board of elections shall cause the word "challenged" to be written in pencil on the registration records of the voter challenged. The challenge shall be signed by the challenger and shall set forth the challenger's address.

(c) **Grounds for Challenge.** — Such challenge may be made only for one or more of the following reasons:

- (1) That a person is not a resident of the State of North Carolina, or
- (2) That a person is not a resident of the county in which the person is registered, provided that no such challenge may be made if the person removed his residency and the period of removal has been less than 30 days, or
- (3) That a person is not a resident of the precinct in which the person is registered, provided that no such challenge may be made if the person removed his residency and the period of removal has been less than 30 days, or
- (4) That a person is not 18 years of age, or if the challenge is made within 60 days before a primary, that the person will not be 18 years of age by the next general election, or
- (5) That a person has been adjudged guilty of a felony and is ineligible to vote under G.S. 163-55(2), or
- (6), (7) Repealed by Session Laws 1985, c. 563, ss. 11.1, 11.2.
- (7a) That a person is dead,
- (8) That a person is not a citizen of the United States, or
- (9) With respect to municipal registration only, that a person is not a resident of the municipality in which the person is registered.

(d) **Preliminary Hearing.** — When a challenge is made, the county board of election shall schedule a preliminary hearing on the challenge, and shall take

such testimony under oath and receive such other evidence proffered by the challenger as may be offered. The burden of proof shall be on the challenger, and if no testimony is presented, the board shall dismiss the challenge. If the challenger presents evidence and if the board finds that probable cause exists that the person challenged is not qualified to vote, then the board shall schedule a hearing on the challenge.

(e) **Prima Facie Evidence That Voter No Longer Resides in Precinct.** — The presentation of a letter mailed by returnable first-class mail to the voter at the address listed on the voter registration card and returned because the person does not live at the address shall constitute prima facie evidence that the person no longer resides in the precinct. (1901, c. 89, s. 19; Rev., s. 4339; C.S., s. 5972; 1953, c. 843; 1955, c. 800; 1963, c. 303, s. 1; 1967, c. 775, s. 1; 1973, c. 793, s. 34; 1979, c. 357, s. 1; 1985, c. 563, ss. 11-11.2, 11.5; c. 589, s. 60; 1993 (Reg. Sess., 1994), c. 762, s. 25.)

CASE NOTES

An action for malicious prosecution would not lie where defendants challenged plaintiff's right to vote under subsection (a) of this section, as actions for malicious prosecution based on administrative proceedings have been limited to instances where there is a type of confinement or interference with the right to earn a livelihood.

§ 163-86. Hearing on challenge.

(a) A challenge made under G.S. 163-85 shall be heard and decided before the date of the next primary or election, except that if the board finds that because of the number of challenges, it cannot hold all hearings before the date of the election, it may order the challenges to be heard and decided at the next time the challenged person appears and seeks to vote, as if the challenge had been filed under G.S. 163-87. Unless the hearing is ordered held under G.S. 163-87, it shall be heard and decided by the board of elections.

(b) At least 10 days prior to the hearing scheduled under G.S. 163-86(c), the board of elections shall mail by first-class mail, a written notice of the challenge to the challenged voter, to the address of the voter listed in the registration records of the county. The notice shall state succinctly the grounds asserted, and shall state the time and place of the hearing. If the hearing is to be held at the polls, the notice shall state that fact and shall list the date of the next scheduled election, the location of the voter's polling place, and the time the polls will be open. A copy of the notice shall be sent to the person making the challenge and to the chairman of each political party in the county.

(c) At the time and place set for the hearing on a challenge entered prior to the date of a primary or election, the county board of elections shall explain to the challenged registrant the qualifications for registration and voting in this State. The board chairman, or in his absence the board secretary, shall then administer the following oath to the challenged registrant:

"You swear (or affirm) that the statements and information you shall give in this hearing with respect to your identity and qualifications to be registered and to vote shall be the truth, the whole truth, and nothing but the truth, so help you, God."

After swearing the challenged registrant, the board shall examine him as to his qualifications to be registered and to vote. If the challenged registrant insists that he is qualified, the board shall tender to him the following oath or affirmation:

“You do solemnly swear (or affirm) that you are a citizen of the United States; that you are at least 18 years of age or will become 18 by the date of the next general election; that you have or will have resided in this State and in the precinct for which registered for 30 days by the date of the next general election; that you are not disqualified from voting by the Constitution or the laws of this State; that your name is _____, and that in such name you were duly registered as a voter of _____ precinct; and that you are the person you represent yourself to be, so help you, God.”

If the challenged registrant refuses to take the tendered oath, or submit to the board the affidavit required by subsection (d), below, the challenge shall be sustained. If the challenged registrant takes the tendered oath, the board may, nevertheless, sustain the challenge if it finds the challenged registrant is not a legal voter.

The board, in conducting hearings on challenges, shall have authority to subpoena any witnesses it may deem appropriate, and administer the necessary oaths or affirmations to all witnesses brought before it to testify to the qualifications of the persons challenged.

(d) Appearance by Challenged Registrant. — The challenged registrant shall appear in person at the challenge hearing. If he is unable to appear in person, he may be represented by another person and must tender to the county board of elections an affidavit that he is a citizen of the United States, is at least 18 years of age or will become 18 by the date of the next general election, has or will have resided in this State and in the precinct for which registered for 30 days by the date of the next general election, is not disqualified from voting by the Constitution or laws of this State, is named _____ and was duly registered as a voter of _____ precinct in such name, and is the person represented to be by the affidavit. (1901, c. 89, s. 22; Rev., s. 4340; C.S., s. 5973; 1955, c. 871, s. 2; 1967, c. 775, s. 1; 1971, c. 1231, s. 1; 1973, c. 793, s. 35; 1979, c. 357, s. 2.)

§ 163-87. Challenges allowed on day of primary or election.

On the day of a primary or election, at the time a registered voter offers to vote, any other registered voter of the precinct may exercise the right of challenge, and when he does so may enter the voting enclosure to make the challenge, but he shall retire therefrom as soon as the challenge is heard.

On the day of a primary or election, any other registered voter of the precinct may challenge a person for one or more of the following reasons:

- (1) One or more of the reasons listed in G.S. 163-85(c).
- (2) That the person has already voted in that primary or election.

- (3) That the person presenting himself to vote is not who he represents himself to be.
- (4) If the challenge is made with respect to voting in a partisan primary, that the person is a registered voter of another political party.

The chief judge, judge, or assistant appointed under G.S. 163-41 or 163-42 may enter challenges under this section against voters in the precinct for which appointed regardless of the place of residence of the chief judge, judge, or assistant.

If a person is challenged under this subsection, and the challenge is sustained under G.S. 163-85(c)(3), the voter may still transfer his registration under G.S. 163-82.15(e) if eligible under that section, and the registration shall not be cancelled under G.S. 163-90.2(a) if the transfer is made. A person who has transferred his registration under G.S. 163-82.15(e) may be challenged at the precinct to which the registration is being transferred. (1915, c. 101, s. 11; 1917, c. 218; C.S., s. 6031; 1921, c. 181, s. 6; 1923, c. 111, s. 14; 1929, c. 164, s. 36; 1953, c. 843; 1955, c. 800; c. 871, s. 7; 1959, c. 616, s. 2; c. 1203, s. 7; 1963, c. 303, s. 1; 1967, c. 775, s. 1; 1985, c. 563, ss. 11.4, 14; 1987, c. 408, s. 7; 1993 (Reg. Sess., 1994), c. 762, s. 26; 1995 (Reg. Sess., 1996), c. 734, s. 4; 2006-262, s. 3(a).)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December 31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

Session Laws 2006-262, s. 5, provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-262, s. 3(a), effective August 27, 2006, added subdivision (4); deleted the former third paragraph which read: "On the day of a party primary, any voter of the precinct who is regis-

tered as a member of the political party conducting the primary may, at the time any registrant proposes to vote, challenge his right to vote upon the ground that he does not affiliate with the party conducting the primary or does not in good faith intend to support the candidates nominated in that party's primary, and it shall be the duty of the chief judge and judges of election to determine whether or not the challenged registrant has a right to vote in that primary according to the procedures prescribed in G.S. 163-88; provided that no challenge may be made on the grounds specified in the paragraph against an unaffiliated voter voting in the primary under G.S. 163-74(a1)."; and made minor punctuation changes.

CASE NOTES

Voter Not Compelled to Continue to Support Candidates of Party in Whose Primary He Voted. — The right of a qualified elector to vote in party primaries is confined to the primary of the existing political party with which he affiliates at the time of the holding of the primary. But the voter is not deprived of complete liberty of conscience or conduct in the future, in the event he rightly or wrongly comes to the conclusion subsequent to the primary

that it is no longer desirable for him to support the candidates of the party in whose primary he has voted. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

§ 163-88. Hearing on challenge made on day of primary or election.

A challenge entered on the day of a primary or election shall be heard and decided by the chief judge and judges of election of the precinct in which the challenged registrant is registered before the polls are closed on the day the challenge is made. When the challenge is heard the precinct officials conducting the hearing shall explain to the challenged registrant the qualifications for registration and voting in this State, and shall examine him as to his qualifications to be registered and to vote. If the challenged registrant insists that he is qualified, and if, by sworn testimony, he shall prove his identity with the person in whose name he offers to vote and his continued residence in the precinct since he was registered, one of the judges of election or the chief judge shall tender to him the following oath or affirmation, omitting the portions in brackets if the challenge is heard on the day of an election other than a primary:

“You do solemnly swear (or affirm) that you are a citizen of the United States; that you are at least 18 years of age [or will become 18 by the date of the next general election]; that you have [or will have] resided in this State and in the precinct for which registered for 30 days [by the date of the next general election]; that you are not disqualified from voting by the Constitution and laws of this State; that your name is _____, and that in such name you were duly registered as a voter of this precinct; that you are the person you represent yourself to be; [that you are affiliated with the _____ party]; and that you have not voted in this [primary] election at this or any other voting place. So help you, God.”

If the challenged registrant refuses to take the tendered oath, the challenge shall be sustained, and the precinct officials conducting the hearing shall mark the registration records to reflect their decision, and they shall erase the challenged registrant's name from the pollbook if it has been entered therein. If the challenged registrant takes the tendered oath, the precinct officials conducting the hearing may, nevertheless, sustain the challenge unless they are satisfied that the challenged registrant is a legal voter. If they are satisfied that he is a legal voter, they shall overrule the challenge and permit him to vote. Whenever any person's vote is received after having taken the oath prescribed in this section, the chief judge or one of the judges of election shall write on the registration record and on the pollbook opposite the registrant's name the word “sworn.”

Precinct election officials conducting hearings on challenges on the day of a primary or election shall have authority to administer the necessary oaths or affirmations to all witnesses brought before them to testify to the qualifications of the person challenged.

A letter or postal card mailed by returnable mail and returned by the United States Postal Service purportedly because the person no longer lives at that address or because a forwarding order has expired shall not be admissible evidence in a challenge heard under this section which was made under G.S. 163-87. (1901, c. 89, s. 22; Rev., s. 4340; C.S., s. 5973; 1955, c. 871, s. 2; 1967, c. 775, s. 1; 1971, c. 1231, s. 1; 1973, c. 1223, s. 6; 1985, c. 380, ss. 1, 1.1; 1993 (Reg. Sess., 1994), c. 762, s. 27.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: “Any person who on December 31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41.”

(b) Any person requesting a challenged ballot shall have the letter "C" entered at the appropriate place on the voter's permanent registration record. The voter's name shall be entered on a separate page in the pollbook entitled "Challenged Ballot," and serially numbered. The challenged ballot shall be the same type of ballot used for absentee voters, and the chief judge shall write across the top of the ballot "Challenged Ballot # ____," and shall insert the same serial number as entered in the pollbook. The chief judge shall deliver to such voter a challenged ballot together with an envelope marked "Challenged Ballot" and serially numbered. The challenged voter shall forthwith mark the ballot in the presence of the chief judge in such manner that the chief judge shall not know how the ballot is marked. He shall then fold the ballot in the presence of the chief judge so as to conceal the markings and deposit and seal it in the serially numbered envelope. He shall then deliver such envelope to the chief judge. The chief judge shall retain all such envelopes in an envelope provided by the county board of elections, which he shall seal immediately after the polls close, and deliver to the board chairman at the canvass.

(c) The chairman of the county board of elections shall preserve such ballots in the sealed envelopes for a period of six months after the election. However, in the case of a contested election, either party to such action may request the court to order that the sealed envelopes containing challenged ballots be delivered to the board of elections by the chairman. If so ordered, the board of elections shall then convene and consider each challenged ballot and rule as to which ballots shall be counted. In such consideration, the board may take such further evidence as it deems necessary, and shall have the power of subpoena. If any ballots are ordered to be counted, they shall be added to the vote totals. (1979, c. 357, s. 3; 1993 (Reg. Sess., 1994), c. 762, s. 28.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December 31, 1994, was a registrar under G.S. 163-41

shall be a chief judge under G.S. 163-41."

§ 163-89. Procedures for challenging absentee ballots.

(a) **Time for Challenge.** — The absentee ballot of any voter may be challenged on the day of any statewide primary or general election or county bond election beginning no earlier than noon and ending no later than 5:00 P.M., or by the chief judge at the time of closing of the polls as provided in G.S. 163-232 and G.S. 163-251(b).

(b) **Who May Challenge.** — Any registered voter of the same precinct as the absentee voter may challenge that voter's absentee ballot.

(c) **Form and Nature of Challenge.** — Each challenged absentee ballot shall be challenged separately. The burden of proof shall be on the challenger. Each challenge shall be made in writing and, if they are available, shall be made on

forms prescribed by the State Board of Elections. Each challenge shall specify the reasons why the ballot does not comply with the provisions of this Article or why the absentee voter is not legally entitled to vote in the particular primary or election. The challenge shall be signed by the challenger.

(d) To Whom Challenge Addressed; to Whom Challenge Delivered. — Each challenge shall be addressed to the county board of elections. It may be filed with the board at its offices or with the chief judge of the precinct in which the challenger and absentee voter are registered. If it is delivered to the chief judge, the chief judge shall personally deliver the challenge to the chairman of the county board of elections on the day of the county canvass.

(e) Hearing Procedure. — All challenges filed under this section shall be heard by the county board of elections on the day set for the canvass of the returns. All members of the board shall attend the canvass and all members shall be present for the hearing of challenges to absentee ballots.

Before the board hears a challenge to an absentee ballot, the chairman shall mark the word “challenged” after the voter’s name in the register of absentee ballot applications and ballots issued and in the pollbook of absentee voters.

The board then shall hear the challenger’s reasons for the challenge, and it shall make its decision without opening the container-return envelope or removing the ballots from it.

The board shall have authority to administer the necessary oaths or affirmations to all witnesses brought before it to testify to the qualifications of the voter challenged or to the validity or invalidity of the ballot.

If the challenge is sustained, the chairman shall mark the word “sustained” after the word “challenged” following the voter’s name in the register of absentee ballot applications and ballots issued and in the pollbook of absentee voters; the voter’s ballots shall not be counted; and the container-return envelope shall not be opened but shall be marked “Challenge Sustained.” All envelopes so marked shall be preserved intact by the chairman for a period of six months from canvass day or longer if any contest then is pending concerning the validity of any absentee ballot.

If the challenge is overruled, the absentee ballots shall be removed from the container-return envelopes and counted by the board of elections, and the board shall adjust the appropriate abstracts of returns to show that the ballots have been counted and tallied in the manner provided for unchallenged absentee ballots.

If the challenge was delivered to the board by the chief judge of the precinct and was sustained, the board shall reopen the appropriate ballot boxes, remove such ballots, determine how those ballots were voted, deduct such ballots from the returns, and adjust the appropriate abstracts of returns.

Any voter whose ballots have been challenged may, either personally or through an authorized representative, appear before the board at the hearing on the challenge and present evidence as to the validity of the ballot. (1939, c. 159, ss. 8, 9; 1945, c. 758, s. 8; 1953, c. 1114; 1963, c. 547, s. 8; 1965, c. 871; 1967, c. 775, s. 1; 1973, c. 536, s. 4; 1993 (Reg. Sess., 1994), c. 762, s. 29.)

Editor’s Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: “Any person who on December 31, 1994, was a registrar under G.S. 163-41

shall be a chief judge under G.S. 163-41.”

§ 163-90. Challenge as felon; answer not to be used on prosecution.

If any registered voter is challenged as having been convicted of any crime which excludes him from the right of suffrage, he shall be required to answer any question in relation to the alleged conviction, but his answers to such questions shall not be used against him in any criminal prosecution. (1901, c. 89, s. 71; Rev., s. 3388; C.S., s. 5974; 1967, c. 775, s. 1.)

§ 163-90.1. Burden of proof.

(a) Challenges shall not be made indiscriminately and may only be made if the challenger knows, suspects or reasonably believes such a person not to be qualified and entitled to vote.

(b) No challenge shall be sustained unless the challenge is substantiated by affirmative proof. In the absence of such proof, the presumption shall be that the voter is properly registered or affiliated. (1979, c. 357, s. 4.)

§ 163-90.2. Action when challenge sustained, overruled, or dismissed.

(a) When any challenge is sustained for any cause listed under G.S. 163-85(c), the board shall cancel or correct the voter registration of the voter. The board shall maintain such record for at least six months and during the pendency of any appeal. The challenged ballot shall be counted for any ballot items for which the challenged voter is eligible to vote, as if it were a provisional official ballot under the provisions of G.S. 163-166.11(4).

(b) Repealed by Session Laws 2006-252, s. 3(b), effective August 27, 2006.

(c) When any challenge made under G.S. 163-85 is overruled or dismissed, the board shall erase the word “challenged” which appears on the person’s registration records.

(d) A decision by a county board of elections on any challenge made under the provisions of this Article shall be appealable to the Superior Court of the county in which the offices of that board are located within 10 days. Only those persons against whom a challenge is sustained or persons who have made a challenge which is overruled shall have standing to file such appeal. (1979, c. 357, s. 4; 1987 (Reg. Sess., 1988), c. 1028, s. 11; 2006-262, s. 3(b).)

Editor’s Note. — Session Laws 2006-262, s. 5, provides: “Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions.”

Effect of Amendments. — Session Laws

2006-262, s. 3(b), effective August 27, 2006, in subsection (a), inserted “or correct”, substituted “voter. The board” for “voter and shall remove his card from the book, but”, and added the last sentence; and deleted former subsection (b) which read: “When any challenge heard under G.S. 163-88 or 163-89 is sustained on the ground that the voter is not affiliated with the political party shown on his registration record, the board shall change the voter’s party affiliation to ‘unaffiliated.’”

§ 163-90.3. Making false affidavit perjury.

Any person who shall knowingly make any false affidavit or shall knowingly swear or affirm falsely to any matter or thing required by the terms of this

Article to be sworn or affirmed shall be guilty of a Class I felony. (1979, c. 357, s. 4; 1987, c. 565, s. 2.)

(b) With respect to the adoption of the complaint procedure under this section, the State Board of Elections is exempt from the requirements of Article 2A of Chapter 150B of the General Statutes. Prior to adoption or amendment of the complaint procedure under this section, the State Board of Elections shall complete all of the following:

- (1) Publish the proposed plan in the North Carolina Register at least 30 days prior to the adoption of the final complaint procedure.
- (2) Accept oral and written comments on the proposed complaint procedure.
- (3) Hold at least one public hearing on the proposed complaint procedure.

(c) Hearings and final determinations of complaints filed under the procedure adopted pursuant to this section are not subject to Articles 3 and 4 of Chapter 150B of the General Statutes. (2003-226, s. 17(a).)

Editor’s Note. — Session Laws 2003-226, s. 1, provides: “The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

cials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

“In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act.”

SUBCHAPTER IV. POLITICAL PARTIES.

ARTICLE 9.

Political Party Definition.

§ 163-96. “Political party” defined; creation of new party.

(a) Definition. — A political party within the meaning of the election laws of this State shall be either:

- (1) Any group of voters which, at the last preceding general State election, polled for its candidate for Governor, or for presidential electors, at least two percent (2%) of the entire vote cast in the State for Governor or for presidential electors; or

- (2) Any group of voters which shall have filed with the State Board of Elections petitions for the formulation of a new political party which are signed by registered and qualified voters in this State equal in number to two percent (2%) of the total number of voters who voted in the most recent general election for Governor. Also the petition must be signed by at least 200 registered voters from each of four congressional districts in North Carolina. To be effective, the petitioners must file their petitions with the State Board of Elections before 12:00 noon on the first day of June preceding the day on which is to be held the first general State election in which the new political party desires to participate. The State Board of Elections shall forthwith determine the sufficiency of petitions filed with it and shall immediately communicate its determination to the State chairman of the proposed new political party.

(b) Petitions for New Political Party. — Petitions for the creation of a new political party shall contain on the heading of each page of the petition in bold print or all in capital letters the words: "THE UNDERSIGNED REGISTERED VOTERS IN _____ COUNTY HEREBY PETITION FOR THE FORMATION OF A NEW POLITICAL PARTY TO BE NAMED _____ AND WHOSE STATE CHAIRMAN IS _____, RESIDING AT _____ AND WHO CAN BE REACHED BY TELEPHONE AT _____."

All printing required to appear on the heading of the petition shall be in type no smaller than 10 point or in all capital letters, double spaced typewriter size. In addition to the form of the petition, the organizers and petition circulators shall inform the signers of the general purpose and intent of the new party.

The petitions must specify the name selected for the proposed political party. The State Board of Elections shall reject petitions for the formation of a new party if the name chosen contains any word that appears in the name of any existing political party recognized in this State or if, in the Board's opinion, the name is so similar to that of an existing political party recognized in this State as to confuse or mislead the voters at an election.

The petitions must state the name and address of the State chairman of the proposed new political party.

(b1) Each petition shall be presented to the chairman of the board of elections of the county in which the signatures were obtained, and it shall be the chairman's duty:

- (1) To examine the signatures on the petition and place a check mark on the petition by the name of each signer who is qualified and registered to vote in his county.
- (2) To attach to the petition his signed certificate
 - a. Stating that the signatures on the petition have been checked against the registration records and
 - b. Indicating the number found qualified and registered to vote in his county.
- (3) To return each petition, together with the certificate required by the preceding subdivision, to the person who presented it to him for checking.

The group of petitioners shall submit the petitions to the chairman of the county board of elections in the county in which the signatures were obtained no later than 5:00 P.M. on the fifteenth day preceding the date the petitions are due to be filed with the State Board of Elections as provided in subsection (a)(2) of this section. Provided the petitions are timely submitted, the chairman of the county board of elections shall proceed to examine and verify the signatures under the provisions of this subsection. Verification shall be completed within two weeks from the date such petitions are presented.

(c) Repealed by Session Laws 1983, c. 576, s. 3. (1901, c. 89, s. 85; Rev., s. 4292; 1915, c. 101, s. 31; 1917, c. 218; C.S., ss. 5913, 6052; 1933, c. 165, ss. 1,

17; 1949, c. 671, ss. 1, 2; 1967, c. 775, s. 1; 1975, c. 179; 1979, c. 411, s. 3; 1981, c. 219, ss. 1-3; 1983, c. 576, ss. 1-3; 1997-456, s. 27; 1999-424, s. 5(a); 2004-127, s. 14; 2006-234, s. 1.)

Editor's Note. — Subsection (b) of this section was renumbered as subsections (b) and (b1) pursuant to Session Law 1997-456, s. 27 which authorized the Revisor of Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

This section was amended by Session Laws 1999-424, s. 5(a), in the coded bill drafting format provided by G.S. 120-20.1. The prefatory language of s. 5(a) only referenced subsection (b) of this section, but amendments were also made to subsection (b1). This section is set out in the form above, incorporating the amendments to subsections (b) and (b1), at the

direction of the Revisor of Statutes.

Effect of Amendments. — Session Laws 2006-234, s. 1, effective January 1, 2007, and applicable to all primaries and elections held on or after January 1, 2007, substituted "two percent (2%)" for "ten percent (10%)" near the end of subdivision (a)(1).

CASE NOTES

Ballot Access Rules Constitutional. — The ballot access rules in this section do not constitutionally burden rights guaranteed by the First and Fourteenth Amendments. *McLaughlin v. North Carolina Bd. of Elections*, 65 F.3d 1215 (4th Cir. 1995).

Mandatory Ballot Petition Language Constitutional. — The State's mandatory ballot petition language in subsection (b) is not unconstitutional merely because it could conceivably mislead some individuals and could have been crafted more adroitly, because either the factfinder must be persuaded that protected expressive, political, and associational rights have in fact been invaded, or the court must be able to conclude as a matter of law that such is the inevitable consequence. *McLaughlin v. North Carolina Bd. of Elections*, 65 F.3d 1215 (4th Cir. 1995).

Discrimination Against Independent Candidates Unconstitutional. — North Carolina grossly discriminated against those who chose to pursue their candidacies as independents rather than by forming a new political party in requiring a group of voters seeking a place on the ballot as a new party to submit petitions signed by only 10,000 voters, less than one sixteenth the number required of an independent candidate, and furthermore, in requiring a candidate desiring to run in the North Carolina Presidential Preference Primary to submit only 10,000 signatures; since the State asserted no compelling interest for such disparate treatment, that portion of G.S. 163-122 which required an independent candidate for president to file written petitions signed by qualified voters equal in number to 10 percent of those who voted for Governor in the last

gubernatorial election was an unconstitutional infringement upon the rights of such candidate and his supporters to associate for the advancement of political beliefs, to cast their votes effectively, and to enjoy equal protection under law. *Greaves v. State Bd. of Elections*, 508 F. Supp. 78 (E.D.N.C. 1980), decided prior to 1981 amendment to § 163-122.

Signature Verification Fee and Notarization Requirement Unconstitutional. — The dual combination of the signature verification fee and the notarization requirement clearly, unduly burdens minor party resources and violates equal protection. The State should be enjoined from enforcing the fourth paragraph of this section and the further requirement that the county board of elections "shall require a fee of five cents (5¢) for each signature appearing" on the petitions. *McLaughlin v. North Carolina Bd. of Elections*, 850 F. Supp. 373 (M.D.N.C. 1994), *aff'd*, 65 F.3d 1215 (4th Cir. 1995).

Constitutionality of "Intend to Organize" Language. — The "intend to organize" language of subsection (b) does not impose an unconstitutional restriction on voter-signers in signing petitions. *McLaughlin v. North Carolina Bd. of Elections*, 850 F. Supp. 373 (M.D.N.C. 1994), *aff'd*, 65 F.3d 1215 (4th Cir. 1995).

Injunction against Requirement That Petition Signatories Become Party Members. — The State Board of Elections was enjoined from enforcing portions of subsection (b) of this section against a new political party which required its petitions for 1982 ballot positions to contain a clause to the effect that any signatories to the petition would automati-

ically become members of the new party despite other affiliations. The Board was enjoined as the party's likelihood of success in challenging the subsection's legality under U.S. Const., Amends. I and XIV was likely and the balance of the hardships was on the party given the near date of the election. *North Carolina Socialist Workers Party v. North Carolina State Bd. of Elections*, 538 F. Supp. 864 (E.D.N.C. 1982).

The primary laws have no application to new political parties created by petition. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

This section and §§ 163-98, 163-122 and 163-151(2) are not available to candidate denied access to primary election ballot under G.S. 163-107. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975).

Effect of Section on Third Political Parties. — By directing that a political party cannot run a candidate for election to any office in the state unless it garners the petition support of 2% of the electorate or the votes of 10%, this section and G.S. 163-97 have combined so far to ensure that any small party must expend great effort to obtain statewide and local ballot access before each gubernatorial and presidential election only to lose that access in toto immediately thereafter. *McLaughlin v. North Carolina Bd. of Elections*, 65 F.3d 1215 (4th Cir. 1995).

Any qualified voter has the legal right to sign a petition for the creation of a new political party, irrespective of whether such voter has participated in the primary election

of an existing political party during the year in which the petition is signed, and regulations of the State Board of Elections are invalid if they undertake to establish and enforce the rule that a qualified voter is ineligible to join in a petition for the creation of a new political party during a year in which he has voted in the primary election of an existing political party. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

Duty of State Board of Elections. — Upon the filing of a petition for the creation of a new political party, it is the duty of the State Board of Elections, in the first instance, to determine whether the petition is in accordance with the statutory requirements. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

Notice and Hearing Required before Rejection of Petition. — Manifestly the statutes creating the State Board of Elections and defining its duties contemplate that the Board shall give petitioners for the creation of a new political party notice and an opportunity to be heard in support of their petition before rejecting it or adjudging it insufficient. Indeed, notice and hearing in such case are necessary to meet the constitutional requirement of due process of law. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

Cited in Republican Party v. Hunt, 841 F. Supp. 722 (E.D.N.C.), *aff'd sub nom. Republican Party v. North Carolina State Bd. of Elections*, 27 F.3d 563 (4th Cir. 1994); *New Alliance Party v. North Carolina State Bd. of Elections*, 697 F. Supp. 904 (E.D.N.C. 1988).

§ 163-97. Termination of status as political party.

When any political party fails to meet the test set forth in G.S. 163-96(a)(1), it shall cease to be a political party within the meaning of the primary and general election laws and all other provisions of this Chapter. (1901, c. 89, s. 85; Rev., s. 4292; C.S., s. 5913; 1933, c. 165, s. 1; 1949, c. 671, s. 1; 1967, c. 775, s. 1; 2006-234, s. 2.)

Effect of Amendments. — Session Laws 2006-234, s. 2, effective January 1, 2007, and applicable to all primaries and elections held on or after January 1, 2007, substituted "meet the test set forth in G.S. 163-96(a)(1)" for "poll for

its candidate for governor, or for presidential electors, at least ten percent (10%) of the entire vote case in the State for governor or for presidential electors at a general election" near the beginning of the section.

CASE NOTES

Constitutionality of Two-Tier System. — A two-tier system differentiating between ballot access and ballot retention for major parties and minor parties is a reasonable and legitimate one for the state to impose, and is not unconstitutional. *McLaughlin v. North Carolina Bd. of Elections*, 850 F. Supp. 373

(M.D.N.C. 1994), *aff'd*, 65 F.3d 1215 (4th Cir. 1995).

Effect of Section on Third Political Parties. — By directing that a political party cannot run a candidate for election to any office in the state unless it garners the petition support of 2% of the electorate or the votes of 10%,

section 163-96 and this section have combined so far to ensure that any small party must expend great effort to obtain statewide and local ballot access before each gubernatorial

and presidential election only to lose that access in toto immediately thereafter. *McLaughlin v. North Carolina Bd. of Elections*, 65 F.3d 1215 (4th Cir. 1995).

§ 163-97.1. Voters affiliated with expired political party.

The State Board of Elections shall be authorized to promulgate appropriate procedures to order the county boards of elections to change the registration affiliation of all voters who are recorded on the voter registration books as being affiliated with a political party which has lost its legal status as provided in G.S. 163-97. The State Board of Elections shall not implement the authority contained in this section earlier than 90 days following the certification of the election in which the political party failed to continue its legal status as provided in G.S. 163-97. All voters affiliated with such expired political party shall be changed to “unaffiliated designation” by the State Board’s order and all such registrants shall be entitled to declare a political party affiliation as provided in G.S. 163-82.17. (1975, c. 789; 1977, c. 408, s. 1; 2004-127, s. 10.)

CASE NOTES

Constitutionality. — There is nothing unconstitutional in the state purging the designation of an “expired political party” from its records pursuant to this section. *McLaughlin v. North Carolina Bd. of Elections*, 850 F. Supp. 373 (M.D.N.C. 1994), *aff’d*, 65 F.3d 1215 (4th Cir. 1995).

State’s Administrative Interests Out-

weigh Burden on Affected Parties. — The State’s interests in administrative simplicity that are advanced by the forced voter disaffiliation provision of this section outweigh the small burden that provision imposes upon affected parties’ associational interests. *McLaughlin v. North Carolina Bd. of Elections*, 65 F.3d 1215 (4th Cir. 1995).

§ 163-98. General election participation by new political party.

In the first general election following the date on which a new political party qualifies under the provisions of G.S. 163-96, it shall be entitled to have the names of its candidates for national, State, congressional, and local offices printed on the official ballots upon paying a filing fee equal to that provided for candidates for the office in G.S. 163-107 or upon complying with the alternative available to candidates for the office in G.S. 163-107.1.

For the first general election following the date on which it qualifies under G.S. 163-96, a new political party shall select its candidates by party convention. Following adjournment of the nominating convention, but not later than the first day of July prior to the general election, the president of the convention shall certify to the State Board of Elections the names of persons chosen in the convention as the new party’s candidates in the ensuing general election. The State Board of Elections shall print names thus certified on the appropriate ballots as the nominees of the new party. The State Board of Elections shall send to each county board of elections the list of any new party candidates so that the county board can add those names to the appropriate ballot. (1901, c. 89, s. 85; Rev., s. 4292; C.S., s. 5913; 1933, c. 165, s. 1; 1949, c. 671, s. 1; 1967, c. 775, s. 1; 1979, c. 411, s. 4; 2002-159, s. 55(b); 2006-234, s. 3.)

Effect of Amendments. — Session Laws 2006-234, s. 3, effective January 1, 2007, and applicable to all primaries and elections held on or after January 1, 2007, added “upon paying a filing fee equal to that provided for candidates

for the office in G.S. 163-107 or upon complying with the alternative available to candidates for the office in G.S. 163-107.1” at the end of the first sentence of the first paragraph; and deleted “for State, congressional, and national

offices" following "party's candidates" near the end of the first sentence of the second paragraph.

CASE NOTES

This section and §§ 163-96, 163-122 and 163-151(2) are not available to candidate denied access to primary election ballot under G.S. 163-107. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975).

Exclusion of Candidates' Names from Local Ballots Held Unconstitutional. — This section, insofar as it prohibits the names of candidates for offices other than state, congressional and national from being printed on official ballots, violates the Constitution of the United States. *New Alliance Party v. North*

Carolina State Bd. of Elections, 697 F. Supp. 904 (E.D.N.C. 1988).

No legitimate state or local concern is promoted by prohibiting the placement on ballots of the names of candidates for county and local offices while at the same time allowing the placement on the ballot of the names of candidates for state offices. *New Alliance Party v. § 163-99. Use of schools and other public buildings for political meetings.

The governing authority having control over schools or other public buildings which have facilities for group meetings, or where polling places are located, is hereby authorized and directed to permit the use of such buildings without charge, except custodial and utility fees, by political parties, as defined in G.S. 163-96, for the express purpose of annual or biennial precinct meetings and county and district conventions. Provided, that the use of such buildings by political parties shall not be permitted at times when school is in session or which would interfere with normal school activities or functions normally carried on in such school buildings, and such use shall be subject to reasonable rules and regulations of the school boards and other governing authorities. SUBCHAPTER V. NOMINATION OF CANDIDATES.

ARTICLE 10.

Primary Elections.

§ 163-104. Primaries governed by general election laws; authority of State Board of Elections to modify time schedule.

Unless otherwise provided in this Chapter, primary elections shall be conducted as far as practicable in accordance with the general election laws of this State. All provisions of this Chapter and of other laws governing elections, not inconsistent with this Article and other provisions of law dealing specifically with primaries, shall apply as fully to primary elections and to the acts and things done thereunder as to general elections. Nevertheless, for purposes of primary elections the State Board of Elections may, by general rule, modify

the general election law time schedule with regard to ascertaining, declaring, and reporting results.

All acts made criminal if committed in connection with a general election shall likewise be criminal, with the same punishment, when committed in a primary election held under the provisions of this Chapter. (1915, c. 101, s. 3; 1917, c. 218; C.S., s. 6020; 1967, c. 775, s. 1.)

Local Modification to Former §§ 163-117 to 163-147. — Session Laws 1945, c. 894, repealed former Article 19, relating to primaries, insofar as its provisions apply to the nomination of Democratic candidates for the General Assembly and county offices in Mitchell County. Session Laws 1945, c. 894, was repealed by Session Laws 1979, c. 210, which provides that this Article is applicable in Mitchell County.

Session Laws 1957, c. 826, as amended by Session Laws 1959, c. 621, s. 2, provided that the former Article should not apply to nominations of Democratic candidates for county offices and members of the House of Representatives in Cherokee County, but such candidates should be nominated by convention of the Democratic Party.

Session Laws 1961, c. 484, provided that the former Article should not apply to nominations of Republican candidates for county offices and members of the General Assembly in Cherokee County, but such candidates should be nominated by conventions of the Republican Party.

Session Laws 1953, c. 1069, as amended by Session Laws 1959, c. 238, made the former Article applicable to Watauga County.

Session Laws 1955, c. 439, to the extent provided, made the former Article applicable to Yancey County.

Session Laws 1955, c. 442, made the former Article applicable to the Counties of Avery, Madison, Mitchell and Yancey for the purpose of nominating Democratic candidates for the state senates.

CASE NOTES

As to constitutionality of former article, see *McLean v. Durham County Bd. of Elections*, 222 N.C. 6, 21 S.E.2d 842 (1942).

For construction of former article, see *Phillips v. Slaughter*, 209 N.C. 543, 183 S.E. 897 (1936); *McLean v. Durham County Bd. of Elections*, 222 N.C. 6, 21 S.E.2d 842 (1942).

The manifest purposes of the primary system set up by our laws is to secure to the members of an existing political party freedom of choice of candidates, and to confine the right of qualified electors to vote in party primaries to the primary of the existing political party of which they are members at the time of the holding of such primary. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

Primary and Regular Elections Distinguished. — There is a well-defined distinction

between a primary election and a regular election. A primary election is a means provided by law whereby members of a political party select by ballot candidates or nominees for office, whereas a regular election is a means whereby officers are elected and public offices are filled according to established rules of law. In short, a primary election is merely a mode of choosing candidates of political parties, whereas a regular election is the final choice of the entire electorate. *Rider v. Lenoir County*, 236 N.C. 620, 73 S.E.2d 913 (1953); *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

The primary laws have no application to new political parties created by petition. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

§ 163-105. Payment of expense of conducting primary elections.

The expense of printing and distributing the poll and registration books, blanks, and ballots for those offices required by G.S. 163-109(b) to be furnished by the State, and the per diem and expenses of the State Board of Elections while engaged in the discharge of primary election duties imposed by law upon that Board, shall be paid by the State.

The expenses of printing and distributing the ballots for those offices required by G.S. 163-109(c) to be furnished by counties, and the per diem (or salary) and expenses of the county board of elections and the chief judges and

judges of election, while engaged in the discharge of primary election duties imposed by law upon them, shall be paid by the counties. (1915, c. 101, s. 7; 1917, c. 218; C.S., s. 6026; 1927, c. 260, s. 21; 1933, c. 165, s. 14; 1967, c. 775, s. 1; 1985, c. 563, s. 1; 1993 (Reg. Sess., 1994), c. 762, s. 30.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December 31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 73 provides in part: "Prosecutions for, or sentences based on, offenses occurring before

the effective date of any section of this act are not abated or affected by this act and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this act remain applicable to those prosecutions or sentences."

G.S. 163-109, referred to above, has been repealed.

§ 163-106. Notices of candidacy; pledge; with whom filed; date for filing; withdrawal.

(a) Notice and Pledge. — No one shall be voted for in a primary election without having filed a notice of candidacy with the appropriate board of elections, State or county, as required by this section. To this end every candidate for selection as the nominee of a political party shall file with and place in the possession of the board of elections specified in subsection (c) of this section, a notice and pledge in the following form:

"Date _____

I hereby file notice as a candidate for nomination as _____ in the _____ party primary election to be held on _____, _____ I affiliate with the _____ party, (and I certify that I am now registered on the registration records of the precinct in which I reside as an affiliate of the _____ party.)

I pledge that if I am defeated in the primary, I will not run for any office as a write-in candidate in the next general election.

Signed _____
(Name of Candidate)

Witness:

(Title of witness)"

Each candidate shall sign the notice of candidacy in the presence of the chairman or secretary of the board of elections, State or county, with which the candidate files. In the alternative, a candidate may have the candidate's signature on the notice of candidacy acknowledged and certified to by an officer authorized to take acknowledgments and administer oaths, in which case the candidate may mail or deliver by commercial courier service the candidate's notice of candidacy to the appropriate board of elections.

In signing the notice of candidacy the candidate shall use only that candidate's legal name and may use any nickname by which he is commonly known. A candidate may also, in lieu of that candidate's legal first name and legal middle initial or middle name (if any) sign a nickname, provided that the candidate appends to the notice of candidacy an affidavit that the candidate has been commonly known by that nickname for at least five years prior to the date of making the affidavit. The candidate shall also include with the affidavit the way that candidate's name (as permitted by law) should be listed on the ballot if another candidate with the same last name files a notice of candidacy for that office.

A notice of candidacy signed by an agent or any person other than the candidate shall be invalid.

Prior to the date on which candidates may commence filing, the State Board of Elections shall print and furnish, at State expense, to each county board of elections a sufficient number of the notice of candidacy forms prescribed by this subsection for use by candidates required to file with county boards of elections.

(a1) Disclosure of Felony Conviction. — At the same time the candidate files notice of candidacy under this section, the candidate shall file with the same office a statement answering the following question: “Have you ever been convicted of a felony?” The State Board of Elections shall adapt the notice of candidacy form to include the statement required by this subsection. The form shall make clear that a felony conviction need not be disclosed if the conviction was dismissed as a result of reversal on appeal or resulted in a pardon of innocence or expungement. The form shall require a candidate who answers “yes” to the question to provide the name of the offense, the date of conviction, the date of the restoration of citizenship rights, and the county and state of conviction. The form shall require the candidate to swear or affirm that the statements on the form are true, correct, and complete to the best of the candidate’s knowledge or belief. The form shall be available as a public record in the office of the board of elections where the candidate files notice of candidacy and shall contain an explanation that a prior felony conviction does not preclude holding elective office if the candidate’s rights of citizenship have been restored. This subsection shall also apply to individuals who become candidates for election by the people under G.S. 163-114, 163-122, 163-123, 163-98, 115C-37, 130A-50, Article 24 of Chapter 163 of the General Statutes, or any other statute or local act. Those individuals shall complete the question at the time the documents are filed initiating their candidacy. The State Board of Elections shall adapt those documents to include the statement required by this subsection. If an individual does not complete the statement required by this subsection, the board of elections accepting the filing shall notify the individual of the omission, and the individual shall have 48 hours after notice to complete the statement. If the individual does not complete the statement at the time of filing or within 48 hours after the notice, the individual’s filing is not complete, the individual’s name shall not appear on the ballot as a candidate, and votes for the individual shall not be counted. It is a Class I felony to complete the form knowing that information as to felony conviction or restoration of citizenship is untrue. This subsection shall not apply to candidates required by G.S. 138A-22(d) to file Statements of Economic Interest.

(b) Eligibility to File. — No person shall be permitted to file as a candidate in a primary if, at the time he offers to file notice of candidacy, he is registered on the appropriate registration book or record as an affiliate of a political party other than that in whose primary he is attempting to file. No person who has changed his political party affiliation or who has changed from unaffiliated status to party affiliation as permitted in G.S. 163-82.17, shall be permitted to file as a candidate in the primary of the party to which he changed unless he has been affiliated with the political party in which he seeks to be a candidate for at least 90 days prior to the filing date for the office for which he desires to file his notice of candidacy.

A person registered as “unaffiliated” shall be ineligible to file as a candidate in a party primary election.

(c) Time for Filing Notice of Candidacy. — Candidates seeking party primary nominations for the following offices shall file their notice of candidacy with the State Board of Elections no earlier than 12:00 noon on the second Monday in February and no later than 12:00 noon on the last business day in February preceding the primary:

Governor
Lieutenant Governor

All State executive officers

United States Senators

Members of the House of Representatives of the United States

District attorneys

Candidates seeking party primary nominations for the following offices shall file their notice of candidacy with the county board of elections no earlier than 12:00 noon on the second Monday in February and no later than 12:00 noon on the last business day in February preceding the primary:

State Senators

Members of the State House of Representatives

All county offices.

(d) Notice of Candidacy for Certain Offices to Indicate Vacancy. — In any primary in which there are two vacancies for United States Senator from North Carolina, each candidate shall, at the time of filing notice of candidacy, file with the State Board of Elections a written statement designating the vacancy to which he seeks nomination. Votes cast for a candidate shall be effective only for his nomination to the vacancy for which he has given notice of candidacy as provided in this subsection.

(e) Withdrawal of Notice of Candidacy. — Any person who has filed notice of candidacy for an office shall have the right to withdraw it at any time prior to the date on which the right to file for that office expires under the terms of subsection (c) of this section. If a candidate does not withdraw before the filing deadline, except as provided in G.S. 163-112, his name shall be printed on the primary ballot, any votes for him shall be counted, and he shall not be refunded his filing fee.

(f) Candidates required to file their notice of candidacy with the State Board of Elections under subsection (c) of this section shall file along with their notice a certificate signed by the chairman of the board of elections or the director of elections of the county in which they are registered to vote, stating that the person is registered to vote in that county, stating the party with which the person is affiliated, and that the person has not changed his affiliation from another party or from unaffiliated within three months prior to the filing deadline under subsection (c) of this section. In issuing such certificate, the chairman or director shall check the registration records of the county to verify such information. During the period commencing 36 hours immediately preceding the filing deadline the State Board of Elections shall accept, on a conditional basis, the notice of candidacy of a candidate who has failed to secure the verification ordered herein subject to receipt of verification no later than three days following the filing deadline. The State Board of Elections shall prescribe the form for such certificate, and distribute it to each county board of elections no later than the last Monday in December of each odd-numbered year.

(g) When any candidate files a notice of candidacy with a board of elections under subsection (c) of this section or under G.S. 163-291(2), the board of elections shall, immediately upon receipt of the notice of candidacy, inspect the registration records of the county, and cancel the notice of candidacy of any person who does not meet the constitutional or statutory qualifications for the office, including residency.

The board shall give notice of cancellation to any candidate whose notice of candidacy has been cancelled under this subsection by mail or by having the notice served on him by the sheriff, and to any other candidate filing for the same office. A candidate who has been adversely affected by a cancellation or another candidate for the same office affected by a substantiation under this subsection may request a hearing on the cancellation. If the candidate requests a hearing, the hearing shall be conducted in accordance with Article 11B of Chapter 163 of the General Statutes.

(h) No person may file a notice of candidacy for more than one office described in subsection (c) of this section for any one election. If a person has filed a notice of candidacy with a board of elections under this section for one office, then a notice of candidacy may not later be filed for any other office under this section when the election is on the same date unless the notice of candidacy for the first office is withdrawn under subsection (e) of this section; provided that this subsection shall not apply unless the deadline for filing notices of candidacy for both offices is the same. Notwithstanding this subsection, a person may file a notice of candidacy for a full term as United States Senator, and also file a notice of candidacy for the remainder of the unexpired term of that same seat in an election held under G.S. 163-12, and may file a notice of candidacy for a full term as a member of the United States House of Representatives, and also file a notice of candidacy for the remainder of the unexpired term in an election held under G.S. 163-13.

CASE NOTES

The trial court properly refused to declare this section and § 163-323 unconstitutional although, taken together, they created a "loophole" which allowed a candidate to

run for a superior court seat and another office on the same election day, regardless of the filing periods; the provisions did not create a benefit to lawyers while denying non-lawyers the equal

protection of the law, did not remove the election process from the hands of the voters, and did not allow dual officeholding in violation of Art. VI, § 9 of the North Carolina Constitution, although they did allow dual candidacy. *Comer v. Ammons*, 135 N.C. App. 531, 522 S.E.2d 77, 1999 N.C. App. LEXIS 1179 (1999).

As to unconstitutionality of selectively adopted and applied numbered seat law of former G.S. 163-117, which in conjunction with this section made a candidate for the House or Senate decide whom he was going to run against by creating separate offices out of seats in a multi-member district and making votes effective only for the seat for which he filed, see *Dunston v. Scott*, 336 F. Supp. 206 (E.D.N.C. 1972).

1987 Amendment Held Constitutional. — The provisions in Session Laws 1987, c. 509, which amended this section, did not violate the North Carolina Constitution. *State ex rel. Martin v. Preston*, 325 N.C. 438, 385 S.E.2d 473 (1989).

Failure to Preclear Acts. — Where superior court judges were elected pursuant to Session Laws 1965, c. 262, Session Laws 1967, c. 997, Session Laws 1977, cc. 1119, 1130 and 1238, and Session Laws 1983, c. 1109, and such legislative acts had not been precleared by the Attorney General as required by section 5 of the Voting Rights Act of 1965, 42 U.S.C. § 1973c, the federal district court would enjoin such elections retroactively in those counties subject to section 5 of the Voting Rights Act; the fact that an election law deals with the election of members of the judiciary does not remove it from the ambit of section 5 of the Voting Rights Act. *Haith v. Martin*, 618 F. Supp. 410 (E.D.N.C. 1985), *aff'd*, 477 U.S. 901, 106 S. Ct. 3268, 91 L. Ed. 2d 559 (1986).

Where there are two vacancies for the office of Associate Justice of the Supreme Court to be filled at the general election, a notice of candidacy for the nomination of a party which does not specify to which of the vacancies the candidate is asking the nomination is fatally defective. *Ingle v. State Bd. of Elections*, 226 N.C. 454, 38 S.E.2d 566 (1946).

Obligation Imposed upon Candidate by Former Law. — Former G.S. 163-119 attempted to place upon a candidate seeking nomination to public office in the primary election of an existing political party an obligation

to adhere to such existing political party for at least a limited time in the future. *States' Rights Democratic Party v. State Bd. of Elections*, 229 N.C. 179, 49 S.E.2d 379 (1948).

Action Against County Board Improper. — Action challenging refusal to place candidate on primary election ballot, brought against a county board of elections and its individual members, would be dismissed on the ground that the defendants were not proper parties to such action, because the state statute requires that candidates for Congress file with the State Board of Elections, and the county board has no authority to accept or reject such applications. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975).

Action against three county boards of elections challenging method of electing North Carolina superior court judges would be dismissed, since the county boards have no authority to act in a manner inconsistent with the statute governing election of superior court judges. They merely act in a ministerial capacity and can only carry out duties as detailed by statute and the State Board. *Republican Party v. Martin*, 682 F. Supp. 834 (M.D.N.C. 1988).

Timeliness of Motion to Enjoin Elections. — Plaintiffs initiated motion to enjoin judicial elections prior to the inception of the electoral process, providing the court the opportunity to effectively remedy any defect prior to significant and potentially detrimental reliance on the present electoral scheme by defendants and potential candidates. *Republican Party v. Hunt*, 841 F. Supp. 722 (E.D.N.C.), *aff'd sub nom. Republican Party v. North Carolina State Bd. of Elections*, 27 F.3d 563 (4th Cir. 1994).

Harm to Political Party Justified Preliminary by Injunction. — Plaintiffs, political party, made a sufficient showing that they had been and would continue to be irreparably harmed by the present superior court electoral process, and because corresponding harm to defendants upon the granting of this provisional relief was minor, plaintiff's motion for preliminary injunction modifying superior court elections was granted. *Republican Party v. Hunt*, 841 F. Supp. 722 (E.D.N.C.), *aff'd sub nom. Republican Party v. North Carolina State Bd. of Elections*, 27 F.3d 563 (4th Cir. 1994).

§ 163-107. Filing fees required of candidates in primary; refunds.

(a) **Fee Schedule.** — At the time of filing a notice of candidacy, each candidate shall pay to the board of elections with which he files under the provisions of G.S. 163-106 a filing fee for the office he seeks in the amount specified in the following tabulation:

Office Sought	Amount of Filing Fee
Governor	One percent (1%) of the annual salary of the office sought
Lieutenant Governor	One percent (1%) of the annual salary of the office sought
All State executive offices	One percent (1%) of the annual salary of the office sought
All District Attorneys of the General Court of Justice	One percent (1%) of the annual salary of the office sought
United States Senator	One percent (1%) of the annual salary of the office sought

(b) Refund of Fees. — If any person who has filed a notice of candidacy and paid the filing fee prescribed in subsection (a) of this section, withdraws his notice of candidacy within the period prescribed in G.S. 163-106(e), he shall be entitled to have the fee he paid refunded. If the fee was paid to the State Board of Elections, the chairman of that board shall cause a warrant to be drawn on the Treasurer of the State for the refund payment. If the fee was paid to a county board of elections, the chairman of the Board shall certify to the county finance officer that the refund should be made, and the county finance officer shall make the refund in accordance with the provisions of the Local Government Budget and Fiscal Control Act. If any person who has filed a notice of candidacy and paid the filing fee prescribed in subsection (a) of this section dies prior to the date of the primary election provided by G.S. 163-1, the personal representative of the estate shall be entitled to have the fee refunded if application is made to the board of elections to which the fee was paid no later than one year after the date of death, and refund shall be made in the same manner as in withdrawal of notice of candidacy.

If any person files a notice of candidacy and pays a filing fee to a board of elections other than that with which he is required to file under the provisions of G.S. 163-106(e), he shall be entitled to have the fee refunded in the manner prescribed in this subsection if he requests the refund before the date on which the right to file for that office expires under the provisions of G.S. 163-106(e). CASE NOTES

Constitutionality. — Since there were no alternative means of access to the primary ballot in North Carolina, this section was held constitutionally invalid. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975), (decided under this chapter as it stood before the enactment of § 163-107.1).

By requiring candidates to shoulder the costs of conducting primary elections through filing fees and by providing no reasonable alternative means of access to the ballot, the State erected a system that utilized the criterion of ability to pay as a condition to being on the ballot, thus excluding some candidates otherwise qualified and denying an undetermined number of voters the opportunity to vote for candidates of their choice. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975), (decided under this Chapter as it stood before the enactment of § 163-107.1).

In the absence of reasonable alternative means of ballot access, a state may not, consis-

tent with constitutional standards, require from an indigent candidate filing fees he cannot pay. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975), (decided under this Chapter as it stood before the enactment of § 163-107.1).

Sections 163-96, 163-98, 163-122 and 163-151(2) are not available to candidate denied access to primary election ballot under this section. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975).

Filing Fee Is Not a Tax. — The filing fee is in no sense a tax within the meaning of N.C. Const., Art. II, § 23, or a local law as condemned by N.C. Const., Art. II, § 24. *McLean v. Durham County Bd. of Elections*, 222 N.C. 6, 21 S.E.2d 842 (1942).

§ 163-107.1. Petition in lieu of payment of filing fee.

(a) Any qualified voter who seeks nomination in the party primary of the political party with which he affiliates may, in lieu of payment of any filing fee required for the office he seeks, file a written petition requesting him to be a candidate for a specified office with the appropriate board of elections, State, county or municipal.

(b) If the candidate is seeking the office of United States Senator, Governor, Lieutenant Governor, or any State executive officer, the petition must be signed by 10,000 registered voters who are members of the political party in whose primary the candidate desires to run, except that in the case of a political party as defined by G.S. 163-96(a)(2) which will be making nominations by primary election, the petition must be signed by ten percent (10%) of the registered voters of the State who are affiliated with the same political party in whose primary the candidate desires to run, or in the alternative, the petition shall be signed by no less than 10,000 registered voters regardless of the voter's political party affiliation, whichever requirement is greater. The petition must be filed with the State Board of Elections not later than 12:00 noon on Monday preceding the filing deadline before the primary in which he seeks to run. The names on the petition shall be verified by the board of

elections of the county where the signer is registered, and the petition must be presented to the county board of elections at least 15 days before the petition is due to be filed with the State Board of Elections. When a proper petition has been filed, the candidate's name shall be printed on the primary ballot.

(c) County, Municipal and District Primaries. — If the candidate is seeking one of the offices set forth in G.S. 163-106(c) but which is not listed in subsection (b) of this section, or a municipal or any other office requiring a partisan primary which is not set forth in G.S. 163-106(c) or (d), he shall file a written petition with the appropriate board of elections no later than 12:00 noon on Monday preceding the filing deadline before the primary. The petition shall be signed by ten percent (10%) of the registered voters of the election area in which the office will be voted for, who are affiliated with the same political party in whose primary the candidate desires to run, or in the alternative, the petition shall be signed by no less than 200 registered voters regardless of said voter's political party affiliation, whichever requirement is greater. The board of elections shall verify the names on the petition, and if the petition is found to be sufficient, the candidate's name shall be printed on the appropriate primary ballot. Petitions for candidates for member of the U.S. House of Representatives, District Attorney, and members of the State House of Representatives from multi-county districts or members of the State Senate from multi-county districts must be presented to the county board of elections for verification at least 15 days before the petition is due to be filed with the State Board of Elections, and such petition must be filed with the State Board of Elections no later than 12:00 noon on Monday preceding the filing deadline. The State Board of Elections may adopt rules to implement this section and to provide standard petition forms.

(d) Nonpartisan Primaries and Elections. — Any qualified voter who seeks to be a candidate in any nonpartisan primary or election may, in lieu of payment of the filing fee required, file a written petition signed by ten percent (10%) of the registered voters in the election area in which the office will be voted for with the appropriate board of elections. Any qualified voter may sign the petition. The petition shall state the candidate's name, address and the office which he is seeking. The petition must be filed with the appropriate board of elections no later than 60 days prior to the filing deadline for the primary or election, and if found to be sufficient, the candidate's name shall be printed on the ballot. Local Modification. — Anson County Board of Commissioners: 1991 (Reg. Sess., 1992), c. 781, s. 10 (but shall only be enforced as provided by Section 5 of the Voting Rights Act of 1965).

Editor's Note. — Session Laws 1991, Ex. Sess., c. 1, which was submitted to the Attorney General of the United States pursuant to Section 5 of the Voting Rights Act of 1965, as amended (42 U.S.C. 1973c), received preclearance from the United States Department of Justice on January 3, 1992.

Session Laws 1994, Extra Session, c. 1, s. 4(a) provides that the provisions of G.S. 163-107.1 do not apply to any offices covered by c. 1 (positions as superior court judge, district court

judge, and district attorney in certain Districts) in the 1994 primary.

Session Laws 1996, Second Extra Session, c. 9, s. 23, provides: "Part 1 of this act becomes effective only if Parts 1 and 2 of this act are both effective under section 5 of the Voting Rights Act of 1965." Preclearance was received from the U.S. Department of Justice by letter dated October 1, 1996.

Session Laws 2002-158, s. 15, contains a severability clause.

Session Laws 2002-158, s. 15.1, states that nothing in this act obligates the General Assembly to appropriate funds to implement the provisions of the act now or in the future.

§ 163-108. Certification of notices of candidacy.

(a) Within three days after the time for filing notices of candidacy with the State Board of Elections under the provisions of G.S. 163-106(c) has expired, the chairman or secretary of that Board shall certify to the Secretary of State the name, address, and party affiliation of each person who has filed with the State Board of Elections, indicating in each instance the office sought.

(b) No later than 10 days after the time for filing notices of candidacy under the provisions of G.S. 163-106(c) has expired, the chairman of the State Board of Elections shall certify to the chairman of the county board of elections in each county in the appropriate district the names of candidates for nomination to the following offices who have filed the required notice and pledge and paid the required filing fee to the State Board of Elections, so that their names may be printed on the official county ballots: Superior court judge, district court judge, and district attorney.

(c) In representative districts composed of more than one county and in multi-county senatorial districts the chairman or secretary of the county board of elections in each county shall, within three days after the time for filing notices of candidacy under the provisions of G.S. 163-106(c) has expired, certify to the State Board of Elections (i) the names of all candidates who have filed notice of candidacy in his county for member of the State Senate, or, if such is the fact, that no candidates have filed in his county for that office, and (ii) the names of all candidates who have filed notice of candidacy in his county for the office of member of the State House of Representatives or, if such is the fact, that no candidates have filed in his county for that office. The chairman of the county board of elections shall forward a copy of this report to the chairman of the board of elections of each of the other counties in the representative or senatorial district. Within 10 days after the time for filing notices of candidacy for those offices has expired the chairman or secretary of the State Board of Elections shall certify to the chairman of the county board of elections in each county of each multi-county representative or senatorial district the names of all candidates for the House of Representatives and Senate which must be printed on the county ballots.

§ 163-108.1. Nomination of members of House of Representatives.

Chapter 826, Session Laws of 1957; Chapter 484, Session Laws of 1961; Chapter 621, Session Laws of 1959; Chapter 894, Session Laws of 1945; Chapter 442, Session Laws of 1955; Chapter 103, Public-Local Laws of 1941; Chapter 439, Session Laws of 1955; Chapter 238, Session Laws of 1959; and all other special and local acts providing for the nomination of candidates for the State House of Representatives by convention in any county, are modified and amended as follows: In the several representative districts of the State containing two or more counties, each political party shall nominate candi-

dates for membership in the State House of Representatives according to the provisions of the statewide primary law, Article 19 [Article 10], Chapter 163 of the General Statutes of North Carolina, or by district convention of the party when so provided by law. In a county assigned to a multi-county representative district, no political party shall nominate candidates for the State House of Representatives by party convention for the single county. (1966, Ex. Sess., c. 5, s. 16.)

Editor's Note. — The statewide primary law, referred to in this section, is now found in Article 10 of this Chapter.

§ 163-109: Repealed by Session Laws 2002-159, s. 55.(j), effective January 1, 2003, and applicable to all primaries and elections held on or after that date.

§ 163-110. Candidates declared nominees without primary.

If a nominee for a single office is to be selected and only one candidate of a political party files for that office, or if nominees for two or more offices (constituting a group) are to be selected, and only the number of candidates equal to the number of the positions to be filled file for a political party for said offices, then the appropriate board of elections shall, upon the expiration of the filing period for said office, declare such persons as the nominees or nominee of that party, and the names shall not be printed on the primary ballot, but shall be printed on the general election ballot as candidate for that political party for that office. For the following offices, this declaration shall be made by the county board of elections with which the aspirant filed notice of candidacy: All county offices, State Senators in single-county senatorial districts, and members of the State House of Representatives in single-county representative districts. For all other offices, this declaration shall be made by the State Board of Elections. (1915, c. 101, ss. 13, 19; 1917, c. 218; C.S., ss. 6033, 6039; 1966, Ex. Sess., c. 5, ss. 9, 11; 1967, c. 775, s. 1; 1973, c. 793, s. 42; 1975, c. 19, s. 68; 1981, c. 220, ss. 1, 2.)

§ 163-111. Determination of primary results; second primaries.

(a) **Nomination Determined by Substantial Plurality; Definition of Substantial Plurality.** — Except as otherwise provided in this section, nominations in primary elections shall be determined by a substantial plurality of the votes cast. A substantial plurality within the meaning of this section shall be determined as follows:

- (1) If a nominee for a single office is to be selected, and there is more than one person seeking nomination, the substantial plurality shall be ascertained by multiplying the total vote cast for all aspirants by forty percent (40%). Any excess of the sum so ascertained shall be a substantial plurality, and the aspirant who obtains a substantial plurality shall be declared the nominee. If two candidates receive a substantial plurality, the candidate receiving the highest vote shall be declared the nominee.
- (2) If nominees for two or more offices (constituting a group) are to be selected, and there are more persons seeking nomination than there are offices, the substantial plurality shall be ascertained by dividing

the total vote cast for all aspirants by the number of positions to be filled, and by multiplying the result by forty percent (40%). Any excess of the sum so ascertained shall be a substantial plurality, and the aspirants who obtain a substantial plurality shall be declared the nominees. If more candidates obtain a substantial plurality than there are positions to be filled, those having the highest vote (equal to the number of positions to be filled) shall be declared the nominees.

(b) Right to Demand Second Primary. — If an insufficient number of aspirants receive a substantial plurality of the votes cast for a given office or group of offices in a primary, a second primary, subject to the conditions specified in this section, shall be held:

(1) If a nominee for a single office is to be selected and no aspirant receives a substantial plurality of the votes cast, the aspirant receiving the highest number of votes shall be declared nominated by the appropriate board of elections unless the aspirant receiving the second highest number of votes shall request a second primary in accordance with the provisions of subsection (c) of this section. In the second primary only the two aspirants who received the highest and next highest number of votes shall be voted for.

(2) If nominees for two or more offices (constituting a group) are to be selected and aspirants for some or all of the positions within the group do not receive a substantial plurality of the votes, those candidates equal in number to the positions remaining to be filled and having the highest number of votes shall be declared the nominees unless some one or all of the aspirants equal in number to the positions remaining to be filled and having the second highest number of votes shall request a second primary in accordance with the provisions of subsection (c) of this section. In the second primary to select nominees for the positions in the group remaining to be filled, the names of all those candidates receiving the highest number of votes and all those receiving the second highest number of votes and demanding a second primary shall be printed on the ballot.

(c) Procedure for Requesting Second Primary. —

(1) A candidate who is apparently entitled to demand a second primary, according to the unofficial results, for one of the offices listed below, and desiring to do so, shall file a request for a second primary in writing with the Executive Director of the State Board of Elections no later than 12:00 noon on the ninth day (including Saturdays and Sundays) following the date on which the primary was conducted, and such request shall be subject to the certification of the official results by the State Board of Elections. If the vote certification by the State Board of Elections determines that a candidate who was not originally thought to be eligible to call for a second primary is in fact eligible to call for a second primary, the Executive Director of the State Board of Elections shall immediately notify such candidate and permit him to exercise any options available to him within a 48-hour period following the notification:

Governor,
Lieutenant Governor,
All State executive officers,
District Attorneys of the General Court of Justice,
United States Senators,
Members of the United States House of Representatives,
State Senators in multi-county senatorial districts, and
Members of the State House of Representatives in multi-county representative districts.

- (2) A candidate who is apparently entitled to demand a second primary, according to the unofficial results, for one of the offices listed below and desiring to do so, shall file a request for a second primary in writing with the chairman or director of the county board of elections no later than 12:00 noon on the ninth day (including Saturdays and Sundays) following the date on which the primary was conducted, and such request shall be subject to the certification of the official results by the county board of elections:

State Senators in single-county senatorial districts,
Members of the State House of Representatives in single-county representative districts, and
All county officers.

- (3) Immediately upon receipt of a request for a second primary the appropriate board of elections, State or county, shall notify all candidates entitled to participate in the second primary, by telephone followed by written notice, that a second primary has been requested and of the date of the second primary.
- (d) Tie Votes; How Determined. —

- (1) In the event of a tie for the highest number of votes in a first primary between two candidates for party nomination for a single county, or single-county legislative district office, the board of elections of the county in which the two candidates were voted for shall conduct a recount and declare the results. If the recount shows a tie vote, a second primary shall be held on the date prescribed in subsection (e) of this section between the two candidates having an equal vote, unless one of the aspirants, within three days after the result of the recount has been officially declared, files a written notice of withdrawal with the board of elections with which he filed notice of candidacy. Should that be done, the remaining aspirant shall be declared the nominee. In the event of a tie for the highest number of votes in a first primary among more than two candidates for party nomination for one of the offices mentioned in this subdivision, no recount shall be held, but all of the tied candidates shall be entered in a second primary.
- (2) In the event of a tie for the highest number of votes in a first primary between two candidates for a State office, for United States Senator, or for any district office (including State Senator in a multi-county senatorial district and member of the State House of Representatives in a multi-county representative district), no recount shall be held solely by reason of the tie, but the two candidates having an equal vote shall be entered in a second primary to be held on the date prescribed in subsection (e) of this section, unless one of the two candidates files a written notice of withdrawal with the State Board of Elections within three days after the result of the first primary has been officially declared and published. Should that be done, the remaining aspirant shall be declared the nominee. In the event of a tie for the highest number of votes in a first primary among more than two candidates for party nomination for one of the offices mentioned in this subdivision, no recount shall be held, but all of the tied candidates shall be entered in a second primary.
- (3) In the event one candidate receives the highest number of votes cast in a first primary, but short of a substantial plurality, and two or more of the other candidates receive the second highest number of votes cast in an equal number, the proper board of elections shall declare the candidate having the highest vote to be the party nominee, unless all but one of the tied candidates give written notice of withdrawal to the

proper board of elections within three days after the result of the first primary has been officially declared. If all but one of the tied candidates withdraw within the prescribed three-day period, and the remaining candidate demands a second primary in accordance with the provisions of subsection (c) of this section, a second primary shall be held between the candidate who received the highest vote and the remaining candidate who received the second highest vote.

(e) **Date of Second Primary; Procedures.** — If a second primary is required under the provisions of this section, the appropriate board of elections, State or county, shall order that it be held seven weeks after the first primary.

There shall be no registration of voters between the dates of the first and second primaries. Persons whose qualifications to register and vote mature after the day of the first primary and before the day of the second primary may register on the day of the second primary and, when thus registered, shall be entitled to vote in the second primary. The second primary is a continuation of the first primary and any voter who files a proper and timely written affirmation of change of address within the county under the provisions of G.S. 163-82.15, in the first primary may vote in the second primary without having to refile that written affirmation if he is otherwise qualified to vote in the second primary. Subject to this provision for registration, the second primary shall be held under the laws, rules, and regulations provided for the first primary.

(f) **No Third Primary Permitted.** — In no case shall there be a third primary. The candidates receiving the highest number of votes in the second primary shall be nominated. If in a second primary there is a tie for the highest number of votes between two candidates, the proper party executive committee shall select the party nominee for the office in accordance with the provisions of G.S. 163-114. highest vote, under a majority, should file a request in writing with the appropriate board of elections for a second primary, entitled the one receiving the highest number of votes to be the candidate of the party to the office, upon the failure of the one receiving the next highest vote to comply with the provision within the time stated. *Johnston v. Board of Elections*, 172 N.C. 162, 90 S.E. 143 (1916).

Enforcement of Board's Duty by Mandamus. — Where a candidate for membership in the General Assembly who received the next highest vote in a legalized primary, but less than a majority of the votes cast, failed to give written notice to the board of elections for a second primary within the time prescribed, and after duly declaring the result of the election the board ordered the second primary, the board's ministerial duty of recognizing the one receiving the highest vote as the candidate and putting his name on the ticket as such would be enforced by mandamus. *Johnston v. Board of Elections*, 172 N.C. 162, 90 S.E. 143 (1916).

Showing Required of Plaintiff Seeking

Mandamus. — The plaintiff in proceedings for mandamus to compel county board of elections to declare him the successful candidate of his party in a primary election or to declare that he was entitled to a second primary involving himself and another candidate for the same office must show the denial of a present, clear legal right by the failure of such board to have done so. *Umstead v. Board of Elections*, 192 N.C. 139, 134 S.E. 409 (1926).

In order for a candidate for the party nomination for the legislature to obtain a writ of mandamus against the county board of elections to compel the ordering of a second primary, he must show that his opponents, who received the larger number of votes did not receive a majority of the votes cast for said nomination, and he must have timely filed with the county board of elections a written request that the second primary be called by it. *Umstead v. Board of Elections*, 192 N.C. 139, 134 S.E. 409 (1926).

Verification by the chairman of the county board of elections shall be completed within two weeks from the date such petitions are presented.

Each petition shall be presented to the chairman or director of the county board of elections. The chairman shall examine, or cause to be examined, the names on the petition and the procedure for certification shall be the same as specified in (1) above.
- (4) If the office is a partisan municipal office, file written petitions with the chairman or director of the county board of elections in the county wherein the municipality is located supporting his candidacy for a specified municipal office. These petitions must be filed with the county board of elections on or before the time and date specified in G.S. 163-296 and must be signed by the number of qualified voters specified in G.S. 163-296. The procedure for certification shall be the same as specified in (1) above.

Upon compliance with the provisions of (1), (2), (3), or (4) of this subsection, the board of elections with which the petitions have been timely filed shall cause the unaffiliated candidate's name to be printed on the general election ballots in accordance with Article 14A of this Chapter.

An individual whose name appeared on the ballot in a primary election preliminary to the general election shall not be eligible to have his name placed on the general election ballot as an unaffiliated candidate for the same office in that year.

(b) Form of Petition. — Petitions requesting an unaffiliated candidate to be placed on the general election ballot shall contain on the heading of each page of the petition in bold print or in all capital letters the words: "THE UNDERSIGNED REGISTERED VOTERS IN _____ COUNTY HEREBY PETITION ON BEHALF OF _____ AS AN UNAFFILIATED CANDIDATE FOR THE OFFICE OF _____ IN THE NEXT GENERAL ELECTION. THE UNDERSIGNED HEREBY PETITION THAT SUBJECT CANDIDATE BE PLACED ON THE APPROPRIATE BALLOT UPON COMPLIANCE WITH THE PROVISIONS CONTAINED IN G.S. 163-122."

(d) When any person files a petition with a board of elections under this section, the board of elections shall, immediately upon receipt of the petition, inspect the registration records of the county and cancel the petition of any

person who does not meet the constitutional or statutory qualifications for the office, including residency.

The board shall give notice of cancellation to any person whose petition has been cancelled under this subsection by mail or by having the notice served on that person by the sheriff and to any other candidate filing for the same office. Session Laws 2007-391, s. 8(a), in subdivision (a)(2), substituted "under the jurisdiction of the State Board of Elections under G.S. 163-182.4(b)" for "comprised of two or more counties" and "that voter's" for "his" in the first sentence of subdivision (a)(2). For effective date, see Editor's Notes.

Session Laws 2007-484, s. 21, effective August 30, 2007, substituted "Article 14A of this Chapter" for "G.S. 163-140" at the end of the next to last paragraph of subsection (a).

CASE NOTES

Subdivision (a)(3) of this section, unconstitutional upon the rights of the plaintiff to associate for the advancement of his political beliefs and to cast his votes effectively. *Obie v. North Carolina State Bd. of Elections*, 762 F. Supp. 119 (E.D.N.C. 1991).

Ten Percent Requirement for Independent Candidates Held Unconstitutional. — North Carolina grossly discriminated against those who chose to pursue their candidacies as

independents rather than by forming a new political party in requiring a group of voters seeking a place on the ballot as a new party to submit petitions signed by only 10,000 voters, less than one sixteenth the number required of an independent candidate, and furthermore, in requiring a candidate desiring to run in the North Carolina Presidential Preference Primary to submit only 10,000 signatures; since the State asserted no compelling interest for

such disparate treatment, that portion of subsection (1) of this section which required an independent candidate for president to file written petitions signed by qualified voters equal in number to 10 percent of those who voted for Governor in the last gubernatorial election was an unconstitutional infringement upon the rights of such candidate and his supporters to associate for the advancement of political beliefs, to cast their votes effectively, and to enjoy equal protection under law. *Greaves v. State Bd. of Elections*, 508 F. Supp. 78 (E.D.N.C. 1980), decided prior to 1981 amendment.

Justiciability of Candidate's Challenges to Filing Deadline and Petition Requirements. — Challenge to the filing deadline under G.S. 163-122 as applied, based on the extension of the deadline due to the postponement of a statewide primary, was denied as non-justiciable because a candidate and his supporters did not suffer an actual injury and there was no live controversy; however, a challenge to the statute's petition strictures was justiciable as meeting the "capable of repetition, yet evading review" exception to mootness, but the evidence on the record was not sufficient to examine the question on summary judgment. *Delaney v. Bartlett*, — F. Supp. 2d —, 2003 U.S. Dist. LEXIS 24059 (M.D.N.C. Dec. 24, 2003).

Filing Deadline Held Unconstitutional. — The former filing deadline contained in this section, requiring an independent candidate's petition to be submitted by the last Friday in April before the general election, did not serve a compelling state interest and was an unconsti-

tutional restriction on the rights of independent candidates and their supporters to associate for the advancement of political beliefs, to cast their votes effectively, and to enjoy equal protection under law, since such deadline did not protect the integrity of the ballot and resulted in disparate treatment of independent and party candidates. *Greaves v. State Bd. of Elections*, 508 F. Supp. 78 (E.D.N.C. 1980), decided prior to 1981 amendment.

Because this section totally prohibits the "sore loser" from running as an independent, former early filing deadline for independent candidates (the last Friday in April before the general election) could not be said to be "necessary" to the accomplishment of the same goal. *Greaves v. State Bd. of Elections*, 508 F. Supp. 78 (E.D.N.C. 1980), decided prior to 1981 amendment.

An independent candidate for President had standing to challenge the filing deadline established by this section, where he chose to submit his petition in timely fashion and face rejection for failure to gather required number of signatures, because it curtailed his ability to collect the number of signatures required to place his name on the ballot. *Greaves v. State Bd. of Elections*, 508 F. Supp. 78 (E.D.N.C. 1980), decided prior to 1981 amendment.

This section and §§ 163-96, 163-98 and 163-151(2) are not available to candidate denied access to primary election ballot under § 163-107. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975).

§ 163-123. Declaration of intent and petitions for write-in candidates in partisan elections.

(a) Procedure for Qualifying as a Write-In Candidate. — Any qualified voter who seeks to have write-in votes for him counted in a general election shall file a declaration of intent in accordance with subsection (b) of this section and petition(s) in accordance with subsection (c) of this section.

(b) Declaration of Intent. — The applicant for write-in candidacy shall file his declaration of intent at the same time and with the same board of elections as his petition, as set out in subsection (c) of this section. The declaration shall contain:

- (1) Applicant's name,
- (2) Applicant's residential address,
- (3) Declaration of applicant's intent to be a write-in candidate,
- (4) Title of the office sought,
- (5) Date of the election,
- (6) Date of the declaration,
- (7) Applicant's signature.

(c) Petitions for Write-in Candidacy. — An applicant for write-in candidacy shall:

- (1) If the office is a statewide office, file written petitions with the State Board of Elections supporting his candidacy for a specified office.

These petitions shall be filed on or before noon on the 90th day before the general election. They shall be signed by 500 qualified voters of the State. No later than 5:00 p.m. on the fifteenth day preceding the date the petitions are due to be filed with the State Board of Elections, each petition shall be presented to the board of elections of the county in which the signatures were obtained. A petition presented to a county board of elections shall contain only names of voters registered in that county. Provided the petitions are timely submitted, the chairman of the county board of elections shall examine the names on the petition and place a check mark by the name of each signer who is qualified and registered to vote in his county. The chairman of the county board shall attach to the petition his signed certificate. On his certificate the chairman shall state that the signatures on the petition have been checked against the registration records and shall indicate the number of signers who are qualified and registered to vote in his county and eligible to vote for that office. The chairman shall return each petition, together with the certificate required in this section, to the person who presented it to him for checking. The chairman of the county board shall complete the verification within two weeks from the date the petition is presented.

- (2) If the office is a district office under the jurisdiction of the State Board of Elections under G.S. 163-182.4(b), file written petitions with the State Board of Elections supporting that applicant's candidacy for a specified office. These petitions must be filed with the State Board of Elections on or before noon on the 90th day before the general election and must be signed by 250 qualified voters. Before being filed with the State Board of Elections, each petition shall be presented to the board of elections of the county in which the signatures were obtained. A petition presented to a county board of elections shall contain only names of voters registered in that county who are eligible to vote for that office. The chairman of the county board shall examine the names on the petition and the procedure for certification shall be the same as specified in subdivision (1).
- (3) If the office is a county office, or is a school administrative unit office elected on a partisan basis, or is a legislative district consisting of a single county or a portion of a county, file written petitions with the county board of elections supporting his candidacy for a specified office. A petition presented to a county board of elections shall contain only names of voters registered in that county. These petitions must be filed on or before noon on the 90th day before the general election and must be signed by 100 qualified voters who are eligible to vote for the office, unless fewer than 5,000 persons are eligible to vote for the office as shown by the most recent records of the appropriate board of elections. If fewer than 5,000 persons are eligible to vote for the office, an applicant's petition must be signed by not less than one percent (1%) of those registered voters. Before being filed with the county board of elections, each petition shall be presented to the county board of elections for examination. The chairman of the county board of elections shall examine the names on the petition and the procedure for certification shall be the same as specified in subdivision (1).

(d) Form of Petition. — Petitions requesting the qualification of a write-in candidate in a general election shall contain on the heading of each page of the petition in bold print or in capital letters the words: "THE UNDERSIGNED REGISTERED VOTERS IN _____ COUNTY HEREBY PETITION ON BEHALF OF _____ AS A WRITE-IN CANDIDATE IN THE NEXT GENERAL ELECTION. THE UN-

DERSIGNED HEREBY PETITION THAT SUBJECT CANDIDATE BE PLACED ON THE LIST OF QUALIFIED WRITE-IN CANDIDATES WHOSE VOTES ARE TO BE COUNTED AND RECORDED IN ACCORDANCE WITH G.S. 163-123.”

(e) Defeated Primary Candidate. — No person whose name appeared on the ballot in a primary election preliminary to the general election shall be eligible to have votes counted for him as a write-in candidate for the same office in that year.

(f) Counting and Recording of Votes. — If a qualified voter has complied with the provisions of subsections (a), (b), and (c) and is not excluded by subsection (e), the board of elections with which petition has been filed shall count votes for him according to the procedures set out in G.S. 163-182.1, and the appropriate board of elections shall record those votes on the official abstract. Write-in votes for names other than those of qualified write-in candidates shall not be counted for any purpose and shall not be recorded on the abstract.

(f1) When any person files a petition with a board of elections under this section, the board of elections shall, immediately upon receipt of the petition, inspect the registration records of the county and cancel the petition of any person who does not meet the constitutional or statutory qualifications for the office, including residency.

The board shall give notice of cancellation to any person whose petition has been cancelled under this subsection by mail or by having the notice served on that person by the sheriff. A person whose petition has been cancelled or another candidate for the same office affected by a substantiation under this subsection may request a hearing on the issue of constitutional or statutory qualifications for the office. If the person requests a hearing, the hearing shall be conducted in accordance with Article 11B of Chapter 163 of the General Statutes.

(g) Municipal and Nonpartisan Elections Excluded. — This section does not apply to municipal elections conducted under Subchapter IX of Chapter 163 of the General Statutes, and does not apply to nonpartisan elections except for elections under Article 25 of this Chapter. (1987, c. 393, ss. 1; 2; 1989, c. 92, s. 1; 1999-424, s. 5(c); 2001-319, s. 9(a); 2001-398, s. 7; 2001-403, s. 12; 2002-158, s. 13; 2004-127, s. 7; 2006-155, s. 4; 2007-391, s. 8(b).)

Editor’s Note. — Session Laws 2002-158, s. 15, contains a severability clause.

Session Laws 2002-158, s. 15.1, states that nothing in this act obligates the General Assembly to appropriate funds to implement the provisions of the act now or in the future.

This section was amended by Session Laws 2002-158, s. 13, in the coded bill drafting format provided by G.S. 120-20.1. The words “and district court judge” were part of subsection (g) as it existed prior to the 2002 amendment and were not addressed by Session Laws 2002-158, but were subsequently deleted by Session Laws 2004-127, s. 7.

Session Laws 2006-155, s. 7, is a severability clause.

Session Laws 2007-391, s. 1(c), provides: “This act becomes effective December 1, 2007,

and applies to offenses committed on or after that date.”

Session Laws 2007-391, s. 39, provides: “Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007].”

Effect of Amendments. — Session Laws 2006-155, s. 4, effective January 1, 2007, and applicable to actions filed on or after January 1, 2007, added subsection (f1).

Session Laws 2007-391, s. 8(b), in subdivision (c)(2), substituted “under the jurisdiction of the State Board of Elections under G.S. 163-182.4(b)” for “comprising all or part of two or more counties” and “that applicant’s” for “his” in the first sentence. For effective date, see Editor’s Notes.

Editor's Note. — Session Laws 2006-155, s. 7, is a severability clause.

Session Laws 2006-155, s. 8, made this Article effective January 1, 2007, and applicable to actions filed on or after January 1, 2007.

Effect of Amendments. — Session Laws 2006-259, s. 48(a), effective January 1, 2007,

substituted “the appropriate statute for any elective office in this State” for “Article 10 of Chapter 163 of the General Statutes or having filed a petition under Article 11 of Chapter 163 of the General Statutes” at the end of subdivision (2).

§ 163-127.2. When and how a challenge to a candidate may be made.

- (a) When. — A challenge to a candidate may be filed under this Article with the board of elections receiving the notice of the candidacy or petition no later than 10 business days after the close of the filing period for notice of candidacy or petition.
- (b) How. — The challenge must be made in a verified affidavit by a challenger, based on reasonable suspicion or belief of the facts stated. Grounds for filing a challenge are that the candidate does not meet the constitutional or statutory qualifications for the office, including residency.
- (c) If Defect Discovered After Deadline, Protest Available. — If a challenger discovers one or more grounds for challenging a candidate after the deadline in subsection (a) of this section, the grounds may be the basis for a protest under G.S. 163-182.9. (2006-155, s. 1.)

§ 163-127.3. Panel to conduct the hearing on a challenge.

Upon filing of a challenge, a panel shall hear the challenge, as follows:

- (1) Single county. — If the district for the office subject to the challenge covers territory in all or part of only one county, the panel shall be the county board of elections of that county.

- (2) Multicounty but less than entire State. — If the district for the office subject to the challenge contains territory in more than one county but is less than the entire State, the Board shall appoint a panel within two business days after the challenge is filed. The panel shall consist of at least one member of the county board of elections in each county in the district of the office. The panel shall have an odd number of members, no fewer than three and no more than five. In appointing members to the panel, the Board shall appoint members from each county in proportion to the relative total number of registered voters of the counties in the district for the office. If the district for the office subject to the challenge covers more than five counties, the panel shall consist of five members with at least one member from the county receiving the notice of candidacy or petition and at least one member from the county of residency of the challenger. The Board shall, to the extent possible, appoint members affiliated with different political parties in proportion to the representation of those parties on the county boards of elections in the district for the office. The Board shall designate a chair for the panel. A meeting of the Board to appoint a panel under this subdivision shall be treated as an emergency meeting for purposes of G.S. 143-318.12.
- (3) Entire State. — If the district for the office subject to the challenge consists of the entire State, the panel shall be the Board. (2006-155, s. 1.)

Editor's Note. — This section, as enacted, contained a subsection (a) but no subsection (b). The subsection (a) designation has been re-

moved at the direction of the Revisor of Statutes.

§ 163-127.4. Conduct of hearing by panel.

(a) The panel conducting a hearing under this Article shall do all of the following:

- (1) Within five business days after the challenge is filed, designate and announce the time of the hearing and the facility where the hearing will be held. The hearing shall be held at a location in the district reasonably convenient to the public, and shall preferably be held in the county receiving the notice of the candidacy or petition. If the district for the office covers only part of a county, the hearing shall be at a location in the county convenient to residents of the district, but need not be in the district.
- (2) Allow for depositions prior to the hearing, if requested by the challenger or candidate before the time of the hearing is designated and announced.
- (3) Issue subpoenas for witnesses or documents, or both, upon request of the parties or upon its own motion.
- (4) Render a written decision within 20 business days after the challenge is filed and serve that written decision on the parties.

(b) Notice of Hearing. — The panel shall give notice of the hearing to the challenger, to the candidate, other candidates filing or petitioning to be elected to the same office, to the county chair of each political party in every county in the district for the office, and to those persons who have requested to be notified. Each person given notice shall also be given a copy of the challenge or a summary of its allegations.

Failure to comply with the notice requirements in this subsection shall not delay the holding of a hearing nor invalidate the results if the individuals required by this section to be notified have been notified.

(c) Conduct of Hearing. — The hearing under this Article shall be conducted as follows:

- (1) The panel may allow evidence to be presented at the hearing in the form of affidavits supporting documents, or it may examine witnesses. The chair or any two members of the panel may subpoena witnesses or documents. The parties shall be allowed to issue subpoenas for witnesses or documents, or both, including a subpoena of the candidate. Each witness must be placed under oath before testifying. The Board shall provide the wording of the oath to the panel.
- (2) The panel may receive evidence at the hearing from any person with information concerning the subject of the challenge, and such presentation of evidence shall be subject to Chapter 8C of the General Statutes. The challenger shall be permitted to present evidence at the hearing, but the challenger shall not be required to testify unless subpoenaed by a party. The panel may allow evidence to be presented by a person who is present.
- (3) The hearing shall be recorded by a reporter or by mechanical means, and the full record of the hearing shall be preserved by the panel until directed otherwise by the Board.

(d) Findings of Fact and Conclusions of Law by Panel. — The panel shall make a written decision on each challenge by separately stating findings of facts, conclusions of law, and an order.

(e) Rules by Board. — The Board shall adopt rules providing for adequate notice to parties, scheduling of hearings, and the timing of deliberations and issuance of decisions. (2006-155, s. 1.)

§ 163-127.5. Burden of proof.

(a) The burden of proof shall be upon the candidate, who must show by a preponderance of the evidence of the record as a whole that he or she is qualified to be a candidate for the office.

(b) If the challenge is based upon a question of residency, the candidate must show all of the following:

- (1) An actual abandonment of the first domicile, coupled with an intent not to return to the first domicile.
- (2) The acquisition of a new domicile by actual residence at another place.
- (3) The intent of making the newer domicile a permanent domicile. (2006-155, s. 1.)

§ 163-127.6. Appeals.

(a) Appeals from Single or Multicounty Panel. — The decision of a panel created under G.S. 163-127.3(1) or G.S. 163-127.3(2) may be appealed as of right to the Board by any of the following:

- (1) The challenger.
- (2) A candidate adversely affected by the panel's decision.

Appeal must be taken within two business days after the panel serves the written decision on the parties. The written appeal must be delivered or deposited in the mail to the Board by the end of the second business day after the written decision was filed by the panel. The Board shall prescribe forms for filing appeals from a panel's decision in a challenge. The Board shall base its appellate decision on the whole record of the hearing conducted by the panel and render its opinion on an expedited basis. From the final order or decision by the Board under this subsection, appeal as of right lies directly to the Court of Appeals. Appeal shall be filed no later than two business days after the Board files its final order or decision in its office.

(b) Appeals from Statewide Panel. — The decision of a panel created under G.S. 163-127.3(3) may be appealed as of right to the Court of Appeals by any of the following:

(1) The challenger.

(2) A candidate adversely affected by the panel's decision.

Appeal must be taken within two business days after the panel files the written decision. The written appeal must be delivered or deposited in the mail to the Court of Appeals by the end of the second business day after the written decision was filed by the panel. (2006-155, s. 1.)

Editor's Note. — The references throughout this section to G.S. 163-127.3(a)(1), (a)(2), and (a)(3) have been changed to G.S. 163-127.3(1), (2), and (3), respectively, at the direction of the Revisor of Statutes.

Session Laws 2006-155, s. 6, provides: "The North Carolina Supreme Court is respectfully requested to adopt rules necessary to implement the provisions as to appeal in G.S. 163-127.6."

SUBCHAPTER VI. CONDUCT OF PRIMARIES AND ELECTIONS.

ARTICLE 12.

Precincts and Voting Places.

§ 163-128. Election precincts and voting places established or altered.

(a) Each county shall be divided into a convenient number of precincts for the purpose of voting. Upon a resolution adopted by the county board of elections and approved by the Executive Director of the State Board of Elections voters from a given precinct may be temporarily transferred, for the purpose of voting, to an adjacent precinct. Any such transfers shall be for the period of time equal only to the term of office of the county board of elections making such transfer. When such a resolution has been adopted by the county board of elections to assign voters from more than one precinct to the same precinct, then the county board of elections shall maintain separate registration and voting records, consistent with the procedure prescribed by the State Board of Elections, so as to properly identify the precinct in which such voters reside. The polling place for a precinct shall be located within the precinct or on a lot or tract adjoining the precinct.

Except as provided by Article 12A of this Chapter, the county board of elections shall have power from time to time, by resolution, to establish, alter, discontinue, or create such new election precincts or voting places as it may deem expedient. Upon adoption of a resolution establishing, altering, discontinuing, or creating a precinct or voting place, the board shall give 45 days' notice thereof prior to the next primary or election. Notice shall be given by advertisement in a newspaper having general circulation in the county, by posting a copy of the resolution at the courthouse door and at the office of the county board of elections, and by mailing a copy of the resolution to the chairman of every political party in the county. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice. No later than 30 days prior to the primary or election, the county board of elections shall mail a notice of precinct change to each registered voter who as a result of the change will be assigned to a different voting place.

(b) Each county board of elections shall prepare a map of the county on which the precinct boundaries are drawn or described, shall revise the map when boundaries are changed, and shall keep a copy of the current map on file and posted for public inspection at the office of the Board of Elections, and shall file a copy with the State Board of Elections. Editor's Note. — At the direction of the Revisor of Statutes, the bracketed reference to "Executive Director" was inserted in subsection (a) to update the reference to the current title.

Session Laws 2001-319, s. 11, effective July 28, 2001, provides: "The Revisor of Statutes shall change the term "Executive Secretary-Director" and the term "State Executive Secretary-Director" to "Executive Director" wherever it appears in the General Statutes in reference to the State Board of Elections Executive Secretary-Director." Subsection (a) of this section contains a reference to "Secretary-Director of the State Board of Elections."

Effect of Amendments. — Session Laws 2006-264, s. 20, effective August 27, 2006, substituted "Executive Director" for "Secretary-Director" in the second sentence of the first paragraph of subsection (a).

CASE NOTES

Applied in *James v. Bartlett*, 359 N.C. 260, 607 S.E.2d 638, 2005 N.C. LEXIS 146 (2005).

§ 163-129. Structure at voting place; marking off limits of voting place.

At the voting place in each precinct established under the provisions of G.S. 163-128, the county board of elections shall provide or procure by lease or otherwise a suitable structure or part of a structure in which registration and voting may be conducted. To this end, the county board of elections shall be entitled to demand and use any school or other State, county, or municipal building, or a part thereof, or any other building, or a part thereof, which is supported or maintained, in whole or in part by or through tax revenues provided, however, that this section shall not be construed to permit any board of elections to demand and use any tax exempt church property for such purposes without the express consent of the individual church involved, for the purpose of conducting registration and voting for any primary or election, and it may require that the requisitioned premises, or a part thereof, be vacated for these purposes.

If a county board of elections requires that a tax-supported building be used as a voting place, that county board of elections may require that those in control of that building provide parking that is adequate for voters at the precinct, as determined by the county board of elections.

The county board of elections shall inspect each precinct voting place to ascertain how it should be arranged for voting purposes, and shall direct the chief judge and judges of any precinct to define the voting place by roping off the area or otherwise enclosing it or by marking its boundaries. The boundaries of the voting place shall at any point lie no more than 100 feet from each ballot box or voting machine. The space so roped off or enclosed or marked for

the voting place may contain area both inside and outside the structure in which registration and voting are to take place. (1929, c. 164, s. 17; 1967, c. 775, s. 1; 1973, c. 793, s. 54; 1983, c. 411, s. 3; 1993 (Reg. Sess., 1994), c. 762, s. 34; 1999-426, s. 5(a).)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December

31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

OPINIONS OF ATTORNEY GENERAL

Use of Public Facility for Voting. — A county board of elections has the authority to demand and use a part of a public facility or a facility supported in part through tax revenues for voting on primary or election days, even over the objection of those otherwise in control

of the public facility; however, in exercising this authority, it is incumbent on the board of elections to act for the benefit of the public. See opinion of Attorney General to Angie Crews, Director of Elections, Surry County Board of Elections, 2000 N.C. AG LEXIS 29 (4/14/2000).

§ 163-130. Satellite voting places.

A county board of elections may, upon approval of a request submitted in writing to the State Board of Elections, establish a plan whereby elderly or disabled voters in a precinct may vote at designated sites within the precinct other than the regular voting place for that precinct. The State Board of Elections shall approve a county board's proposed plan if:

- (1) All the satellite voting places to be used are listed in the county's written request;
- (2) The plan will in the State Board's judgment overcome a barrier to voting by the elderly or disabled;
- (3) Adequate security against fraud is provided for; and
- (4) The plan does not unfairly favor or disfavor voters with regard to race or party affiliation. (1991 (Reg. Sess., 1992), c. 1032, s. 10.)

§ 163-130.1. Out-of-precinct voting places.

A county board of elections, by unanimous vote of all its members, may establish a voting place for a precinct that is located outside that precinct. The county board's proposal is subject to approval by the Executive Director of the State Board of Elections. The county board shall submit its proposal in writing to the Executive Director. Approval by the Executive Director of the county's proposed plan shall be conditioned upon the county board of elections' demonstrating that:

- (1) No facilities adequate to serve as a voting place are located in the precinct;
- (2) Adequate notification and publicity are provided to notify voters in the precinct of the new polling location;
- (3) The plan does not unfairly favor or disfavor voters with regard to race or party affiliation;
- (4) The new voting place meets all requirements for voting places including accessibility for elderly and disabled voters; and
- (5) The proposal provides adequately for security against fraud.

Any approval granted by the Executive Director for a voting place outside the precinct is effective only for one primary and election and must be reevaluated by the county board of elections and the Executive Director annually to determine whether it is still the only available alternative for that precinct. (1999-426, s. 3(a); 2001-319, ss. 3(a), 11.)

§ 163-130.2. Temporary use of two voting places for certain precincts.

A county board of elections, by unanimous vote of all its members, may propose to designate two voting places to be used temporarily for the same precinct. The temporary designation of a voting place shall continue only for the term of office of the county board of elections making the designation. For any precinct that is temporarily given two voting places, the county board shall assign every voter to one or the other of those voting places.

The county board’s proposal is subject to approval by the Executive Director of the State Board of Elections. The county board shall submit its proposal in writing to the Executive Director. The Executive Director shall approve that proposal only if it finds all of the following:

- (1) That the precinct has more registered voters than can adequately be accommodated by any single potential voting place available for the precinct.
- (2) That no boundary line that complies with Article 12A of this Chapter can be identified that adequately divides the precinct.
- (3) That the county board can account for, by street address number, the location of every registered voter in the precinct and fix that voter’s residence with certainty on a map.
- (4) That no more than three other precincts in the same county will have two voting places.
- (5) That both voting places for the precinct would have adequate facilities for the elderly and disabled.
- (6) That the proposal provides adequately for security against fraud.
- (7) That the proposal does not unfairly favor or disfavor voters with regard to race or party affiliation.

The county board shall designate a full set of precinct officials, in the manner set forth in Article 5 of this Chapter, for each voting place designated for the precinct. (1999-426, s. 4(a); 2001-319, ss. 4(a), 4(b), 11.)

Session Laws 2001-319, s. 4(b), amends Session Laws 1999-426, s. 4(b), which made this section effective January 2, 2000, and provided for its expiration on January 2, 2002, by deleting the sunset provision.

§ 163-131. Accessible polling places.

(a) The State Board of Elections shall promulgate rules to assure that any disabled or elderly voter assigned to an inaccessible polling place, upon advance request of such voter, will be assigned to an accessible polling place. Such rules should allow the request to be made in advance of the day of the election.

(b) Words in this section have the meanings prescribed by P.L. 98-435, except that the term “disabled” in this section has the same meaning as “handicapped” in P.L. 98-435. (1999-424, s. 3(b).)

ARTICLE 12A.

Precinct Boundaries.

§ 163-132.1. Participation in 2000 Census Redistricting Data Program of the United States Bureau of the Census.

(a) Purpose. — The State of North Carolina shall participate in the 2000 Census Redistricting Data Program, conducted pursuant to P.L. 94-171, of the United States Bureau of the Census, including Phase I (Block Boundary Suggestion Program) and Phase II (concerning the designation of precincts on 2000 Census maps or databases), so that the State will receive 2000 Census data by voting precinct and be able to revise districts at all levels without splitting precincts and in compliance with the United States and North Carolina Constitutions and the Voting Rights Act of 1965, as amended.

(b) Phase I (Block Boundary Suggestion Program). — The State shall participate in the Block Boundary Suggestion Program of the United States Bureau of the Census so that the maps the Census Bureau will use in the 2000 Census will contain adequate features to permit reporting of Census data by precinct for use in the 2001 redistricting efforts. The Legislative Services Office shall send preliminary maps produced by the Census Bureau in preparation for the 2000 Census, as soon as practical after the maps are available, to the county boards of elections to determine which of their precincts have boundaries that are not coterminous with a physical feature, a current township boundary, or a current municipal boundary, as shown on those preliminary 2000 Census maps. The Legislative Services Office shall:

- (1) Assist county boards of elections in identifying the precincts with boundaries not shown on the preliminary Census maps and in identifying physical features the county boards may wish to have available for future precinct boundaries;
- (2) Place those boundaries and features on maps deemed appropriate by the State Board;
- (3) Request the U.S. Census Bureau to hold for census block identification in the 2000 U.S. Census all physical features the county boards have identified as current or potential precinct boundaries; and
- (4) Request the U.S. Census Bureau to hold for census block identification in the 2000 U.S. Census all other physical features already on 1990 Census maps.

(c) Phase II. — The State shall participate in Phase II of the 2000 Census Redistricting Data Program so that, to the extent practical, the precinct boundaries of all North Carolina counties will appear on the 2000 Census maps or database. The State’s effort shall be conducted as follows:

- (1) By January 1, 1998, or as soon thereafter as they become available, the Legislative Services Office shall provide the county boards of

- elections with access, on paper or electronically, to the Census Bureau's maps for Phase II of the Census Redistricting Data Program.
- (2) After receiving the maps, the county boards of elections shall designate their precinct lines along the lines the Census Bureau indicates on the maps it will hold as block boundaries for the 2000 Census. Where necessary, the county boards of elections shall alter precincts, including any precincts approved under the provisions of G.S. 163-132.1A, 163-132.2, or 163-132.3 or designated by local act, to conform to lines the Census Bureau indicates it will hold as Census block boundaries as shown on the official block maps to be used for the 2000 Census and to consist only of contiguous territory. The county boards of elections, at a time deemed necessary by the Executive Director of the State Board of Elections, shall file with the Legislative Services Office the maps on which they have designated their precincts pursuant to this subsection.
 - (3) After examining the maps, the Legislative Services Office shall submit to the Executive Director of the State Board of Elections its opinion as to whether the county board of elections has complied with the provisions of this subsection, with notations as to where those boundaries do not comply with these standards.
 - (4) If the Executive Director determines that the county board of elections has complied, he shall approve the precinct boundaries as filed and those precincts shall be the official precincts.
 - (5) If the Executive Director determines that the county board of elections has not complied, he shall not approve those precinct boundaries but shall alter the precinct boundaries so that each precinct consists solely of contiguous territory and that each precinct's boundaries are coterminous with 2000 Census block boundaries nearest to the precinct boundaries shown by the county boards on the maps. These altered precincts shall then be the official precincts.
 - (6) Upon the adoption of a resolution by a county board of elections and instead of altering precinct lines as required by G.S. 163-132.1(c)(5), the Executive Director may combine for Census reporting purposes only two or more adjacent precincts of the county into a Combined Reporting Unit, if the Executive Director finds that:
 - a. The boundaries of the Combined Reporting Unit conform with the Census block boundaries as shown on the official block maps to be used in the 2000 Census;
 - b. The Combined Reporting Unit consists only of contiguous territory;
 - c. The precincts of which the Combined Reporting Unit consists were bounded as of January 1, 1996, by ridgelines, as certified on official county maps by the county manager of the relevant county, or if there is no county manager the chair of the board of commissioners, and the boundaries failed to comply with subdivision (2) of this subsection only because those ridgelines were unrecognized as Census block boundaries in the 2000 official Census maps;
 - d. The Combined Reporting Unit does not contain a majority of the territory of more than one township; and
 - e. To alter those precinct boundaries would result in significant voter dislocation.

If the Executive Director recognizes a Combined Reporting Unit for specific precincts, the official boundaries of those individual precincts forming the Combined Reporting Unit shall be those which the Legislative Services Office submitted to the Executive Director under subdivision (3) of this subsection.

- (7) The Executive Director shall file the completed maps with the Census Bureau and request that the Census Bureau provide summaries of 2000 Census data by precinct and Combined Reporting Units.

(d) Freezing of Precincts. —

- (1) Notwithstanding the provisions of G.S. 163-132.3, after the Executive Director approves the precincts in accordance with subsection (c) of this section and before January 2, 2002, no county board of elections may establish, alter, discontinue, or create any precinct except by division of one precinct into two or more precincts using lines that the Census Bureau has indicated it will use as 2000 Census block boundaries for that division. Provided that, whenever an annexation ordinance adopted under Parts 1, 2, or 3 of Article 4A of Chapter 160A of the General Statutes, or a local act of the General Assembly annexing property to a municipality, becomes effective during the period beginning with the date of the annexation as reported through the U.S. Census Bureau's 1998 Boundary and Annexation Survey or a subsequent edition of that survey and ending January 2, 2002, and any part of the boundary of the area being annexed which is actually contiguous to the city is also a precinct boundary for elections administered by the county board of elections then the county board of elections may exercise one of the following options:
- a. Direct by resolution that the annexed area is automatically moved into the "city precinct", provided that if the annexed area is adjacent to more than one city precinct, the board of elections shall place the area in any one or more of the adjacent city precincts.
 - b. Adopt a resolution moving the precinct boundary to a line that the Census Bureau has indicated it will use as a 2000 block boundary.
- (2) The Executive Director of the State Board of Elections may permit during the freeze a correction to a county's precincts as they were approved pursuant to subsection (c) of this section where one of the following sets of conditions is present:
- a. A precinct was designated pursuant to subsection (c) inaccurately, and the United States Bureau of the Census agrees to include the corrected precinct on its database for the 2000 Census.
 - b. The boundary of a precinct designated pursuant to subsection (c) of this section was subsequently removed by the United States Bureau of the Census as an acceptable feature for a precinct line based upon a determination by the Bureau that the feature did not exist as shown, and the county board of elections agrees by resolution to an alternative boundary for the precinct on a feature the Bureau does find acceptable.
- (3) The county board of elections may move a precinct line from a township line to another line the Census Bureau has indicated will be a 2000 block boundary if a Boundary and Annexation Survey issued during the freeze shows that the township line has moved to a location the county board of elections considers unsuitable. This subdivision does not apply if local legislation enacted by the General Assembly governs the relationship between a county's township lines and precinct lines.
- (4) The county board of elections shall submit any proposed change made during the freeze under this subsection to the Legislative Services Office, which shall review the proposal and write a letter advising the Executive Director of its opinion as to the legal compliance of the proposal. If the proposal complies with the law, the Executive Director shall approve the proposal. No newly created or altered precinct

boundary is effective until approved by the Executive Director as being in compliance with the provisions of this subsection.

(d1) Right to Postpone Effective Date Until January 1, 2000. — A county board of elections may postpone the effective date of the precincts designated in Phase II until January 1, 2000.

(d2) Special Permission to Postpone Effective Date Until January 1, 2001. — The Executive Director may permit a county board of elections to postpone the effective date of precinct lines designated under Phase II until January 1, 2001, upon written application by the county board of elections, if the Executive Director finds both of the following:

- (1) That the Phase II-designated lines would create a split precinct in 2000 for county commissioner, board of education, judicial, State legislative, or congressional district elections and that a split could be avoided by using the pre-Phase II precinct.
- (2) That the county can provide reasonably reliable voter registration data for April and October of 2000 by the Phase II-designated precincts.

In granting an exception under this subsection, the Executive Director shall allow an exception only for the precincts that would result in splits and for any adjacent precincts for which pre-Phase II precincts must be used to avoid geographic overlap or discontinuity. Every county board of elections granted an exception under this subsection shall provide to the State Board of Elections voter registration data for April and October of 2000 by the Phase II-designated precincts.

(e) Municipal and Township Boundaries. — Notwithstanding the provisions of subsections (c) and (d) of this section, the county boards of elections may designate precinct boundaries on municipal or township boundaries that are not designated on the 2000 official Census block maps, according to directives promulgated by the Executive Director of the State Board of Elections and adopted to insure that all precincts shall be included on the 2000 Census database.

(f) Additional Rules. — In addition to the directives promulgated by the Executive Director of the State Board of Elections under G.S. 163-132.4, the Legislative Services Commission may promulgate rules to implement this section. (1985, c. 757, s. 205(a); 1987 (Reg. Sess., 1988), c. 1074, s. 2; 1993 (Reg. Sess., 1994), c. 762, s. 69; 1995, c. 423, s. 2; 1999-227, s. 1; 2000-140, s. 81; 2001-319, s. 11; 2005-428, s. 16; 2006-264, s. 75.5(a).)

Editor's Note. — This section, which was enacted by Session Laws 1985, c. 757, s. 205(a) and repealed by Session Laws 1987 (Reg. Sess., 1988), c. 1074, s. 2, was reenacted and rewritten by Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 69, effective upon ratification and applicable to all primaries and elections occurring on or after the date of ratification. Session Laws 1993 (Reg. Sess., 1994), c. 762 was ratified July 16, 1994.

Session Laws 2005-428, s. 16, effective September 22, 2005, and applicable to all primaries and elections held on or after that date, in the

section heading, substituted "2010" for "2000"; in subsection (a), deleted "including Phase I (Block Boundary Suggestion Program) and Phase II (concerning the designation of precincts on 2000 Census maps or databases)" following "Bureau of the Census" and twice substituted "2010" for "2000"; and repealed subsections (b) through (e). Session Laws 2006-264, s. 75.5(a), repealed Session Laws 2005-428, s. 16, effective August 27, 2006. The section, as set out above, appears as it did prior to the 2005 amendments.

§ 163-132.1A: Repealed by Session Laws 1999-227, s. 1, effective June 25, 1999.

§ 163-132.1B. Participation in 2010 Census Redistricting Data Program of the United States Bureau of the Census.

(a) Purpose. — The State of North Carolina shall participate in the 2010 Census Redistricting Data Program, conducted pursuant to P.L. 94-171, of the United States Bureau of the Census, so that the State will receive 2010 Census data by voting precinct and be able to revise districts at all levels without splitting precincts and in compliance with the United States and North Carolina Constitutions and the Voting Rights Act of 1965, as amended.

(a1) Reporting of Voting Tabulation Districts. — The Executive Director of the State Board of Elections shall report to the Bureau of the Census as this State's voting tabulation districts the voting precincts as of January 1, 2008. Before making that report, the Executive Director shall consult with the Legislative Services Office concerning the accuracy of the voting precincts to be reported. The Legislative Services Office shall submit to the Executive Director its opinion as to whether the description of the precincts to be reported to the Bureau of the Census is accurate. The Executive Director shall submit the report to the Bureau of the Census in time to comply with the deadlines of that Bureau for the 2010 Census Redistricting Data Program.

(a2) Reporting From Unchanged Voting Tabulation Districts. — After January 1, 2008, every county board of elections shall report all election returns by voting tabulation districts as required by G.S. 163-132.5G. For purposes of this section and G.S. 163-132.5G, "voting tabulation districts" shall be the precincts as of January 1, 2008. No county board of elections may alter the voting tabulation districts reported to the Census Bureau by the Executive Director of the State Board of Elections. The county board of elections may change the boundaries of the county's precincts so that those precincts differ from the county's voting tabulation districts, but only to the extent permitted by G.S. 163-132.3.

(b) Additional Rules. — In addition to directives promulgated by the Executive Director of the State Board of Elections under G.S. 163-132.4, the Legislative Services Commission may promulgate rules to implement this section. (2006-264, s. 75.5(b); 2007-391, s. 6(a).)

Editor's Note. — Session Laws 2006-264, s. 103, made this section effective August 27, 2006.

Session Laws 2007-391, s. 6(g), effective August 19, 2007, provides: "This section becomes effective only if any funds necessary to imple-

ment it are appropriated." Funds were appropriated in Session Laws 2007-323, s. 25.1(a)(1).

Effect of Amendments. — Session Laws 2007-391, s. 6(a), effective August 19, 2007, added subsections (a1) and (a2).

§ 163-132.2: Repealed by Session Laws 1999-227, s. 1, effective June 25, 1999.

§ 163-132.3. Alterations to approved precinct boundaries.

(a) No county board of elections may change any precinct boundary unless the Executive Director of the State Board of Elections determines that the county board has a current capability of complying with G.S. 163-132.1B(a2) by reporting all election returns by voting tabulation district as required by G.S. 163-132.5G. If the Executive Director so determines, the county board may make any changes to precinct boundaries, provided that all proposed new precincts shall consist solely of contiguous territory. The State Board of Elections may set uniform standards for precinct boundaries, which the county boards of elections shall follow. The county board of elections shall report every

change in precinct boundary to the Executive Director in a format required by the Executive Director.

The county boards of elections shall report precinct boundary changes to the Executive Director in the manner the Executive Director directs. No newly created or altered precinct boundary is effective until approved by the Executive Director of the State Board as being in compliance with this section.

(b) The Executive Director of the State Board of Elections shall examine the maps of the proposed new or altered precincts and any required written descriptions. If the Executive Director of the State Board determines that all precinct boundaries are in compliance with this section, the Executive Director of the State Board shall approve the maps and written descriptions as filed and these precincts shall be the official precincts.

(c) If the Executive Director of the State Board determines that the proposed precinct boundaries are not in compliance with subsection (a) of this section, the Executive Director shall not approve those precinct boundaries. The Executive Director shall notify the county board of elections of his disapproval specifying the reasons. The county board of elections may then resubmit new precinct maps and written descriptions to cure the reasons for their disapproval.

(d) Repealed by Session Laws 2004-127, s. 1(a), effective August 15, 2004, and applicable to precincts established or changed on or after that date.

(e) Repealed by Session Laws 2007-391, s. 6(b), effective January 1, 2008. (1985, c. 757, s. 205(a); 1987 (Reg. Sess., 1988), c. 1074, s. 2; 1991 (Reg. Sess., 1992), c. 927, s. 1; 1993, c. 352, s. 3; 1993 (Reg. Sess., 1994), c. 762, s. 71; 1995, c. 423, ss. 2, 3; 1999-227, ss. 1, 2; 2001-319, ss. 10.1, 11; 2001-487, s. 96; 2002-159, s. 56; 2003-434, 1st Ex. Local Modification. — Avery: 1997-217; Mitchell County Board of Elections: 1997-183, s. 1.

Editor's Note. — Session Laws 1991 (Reg. Sess., 1992), c. 927, which amended this section in s. 5 provides: "Notwithstanding the provisions of G.S. 163-132.3, as amended by Section 1 of this act, the validity of the boundaries of a precinct of a county subject to G.S. 163-132.1A which consists of noncontiguous territory as of January 1, 1992, shall not be affected by the provisions of G.S. 163-132.3; provided, however, that any change to the boundaries of that precinct after that date shall be subject to G.S. 163-132.3, as amended by this act. Notwithstanding the preceding sentence, not later than January 1, 1997, the relevant count board of elections shall change any nonconforming precinct to eliminate noncontiguous territory in a precinct."

Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 73 provides in part: "Prosecutions for, or sentences based on, offenses occurring before the effective date of any section of this act are not abated or affected by this act and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this act remain applicable to those prosecutions or sentences."

Session Laws 1999-227, s. 2 provides that notwithstanding Session Laws 1995, c. 423, ss.

2 and 3, the version of G.S. 163-132.3 contained in Session Laws 1999-227, s. 1 is effective upon Session Laws 1999-227 becoming law and does not expire. To the extent it is inconsistent with the provisions of Session Laws 1999-227, Session Laws 1995, c. 423, s. 3 is repealed. (Session Laws 1995, c. 423, s. 3 would have made changes to this section effective January 2, 2000; most of these changes were also made by Session Laws 1999-227, s. 1.)

Session Laws 2003-434, 1st Ex. Sess., s. 15 is a severability clause.

Subsections (a), (d), and (e), as amended by Session Laws 2004-127, s. 1(a), effective August 15, 2004, are applicable to precincts established or changed on or after that date.

Session Laws 2007-391, s. 6(f) provides: "Subsections 7(b) through 7(e) of this section become effective January 1, 2008. The remainder of the section is effective when this act becomes law." At the direction of the Revisor of Statutes, Session Laws 2007-391, subsections 6(b) through 6(e) are being given effect January 1, 2008.

Session Laws 2007-391, s. 6(g) provides: "This section becomes effective only if any funds necessary to implement it are appropriated." Funds were appropriated in Session Laws 2007-323, s. 25.1(a)(1).

Effect of Amendments. — Session Laws 2007-391, s. 6(b), effective January 1, 2008,

rewrote subsections (a) and (b); and repealed former subsection (e).

§ 163-132.3A. Alterations to precinct names.

No county board of elections shall assign to any precinct a name that has been used after January 1, 1999, for a precinct comprising different territory. That requirement does not apply to a precinct change made under G.S. 163-132.3(a)(3). The county board of elections shall submit to the Executive Director of the State Board of Elections for approval every proposed change to a precinct name, and the Executive Director shall approve a name change only if it complies with this section. (2004-127, s. 1(b).)

Editor's Note. — Session Laws 2004-127, s. 2004, and applicable to precincts established or 1(c), made this section effective August 15, changed on or after that date.

§ 163-132.4. Directives.

The Executive Director of the State Board of Elections may promulgate directives concerning its duties and those of the county boards of elections under this Article. (1985, c. 757, s. 205(a); 1987 (Reg. Sess., 1988), c. 1074, s. 2; 2001-319, s. 11.)

§ 163-132.5. Cooperation of State and local agencies.

The Office of State Budget and Management, the Department of Transportation and county and municipal planning departments shall cooperate and assist the Legislative Services Office, the Executive Director of the State Board of Elections and the county boards of elections in the implementation of this Article. (1985, c. 757, s. 205(a); 1987, c. 715, s. 4; 1987 (Reg. Sess., 1988), c. 1074, s. 2; 1989, c. 440, s. 3, c. 770, s. 75.3; 2000-140, ss. 93.1(c); 2001-319, s. 11; 2001-424, s. 12.2(b).)

§ 163-132.5A: Repealed by Session Laws 1991 (Regular Session, 1992), c. 927, s. 1.

§ 163-132.5B. Exemption from Administrative Procedure Act.

The State Board of Elections is exempt from the provisions of Chapter 150B of the General Statutes while acting under the authority of this Article. Appeals from a final decision of the Executive Director of the State Board of Elections under this Article shall be taken to the State Board of Elections within 30 days of that decision. The State Board shall approve, disapprove or modify the Executive Director's decision within 30 days of receipt of notice of appeal. Failure of the State Board to act within 30 days of receipt of notice of appeal shall constitute a final decision approving that of the Executive Director. Sess., 1988), c. 1074, s. 2; 2001-319, s. 11.)

Editor's Note. — Session Laws 2001-319, s. 11, provides: "The Revisor of Statutes shall change the term 'Executive Secretary-Director' and the term 'State Executive Secretary-Direc-

Secretary” and the term “Executive Secretary’s” have also been changed to “Executive Director” at the direction of the Revisor of Statutes.

(b) Precinct boundaries established, retained or changed under this Article, or changed to follow a district line where a precinct has been divided in a districting plan, may cross township lines. (1987, c. 715, s. 4; 1989, c. 440, s. 5; 1991 (Reg. Sess., 1992), c. 927, s. 1; 1995, c. 423, s. 2.)

(1991 (Reg. Sess., 1992), c. 927, s. 1; 2007-391, s. 6(e).)

Editor’s Note. — Session Laws 2007-391, s. 6(f) provides: “Subsections 7(b) through 7(e) of this section become effective January 1, 2008. The remainder of the section is effective when this act becomes law.” At the direction of the Revisor of Statutes, Session Laws 2007-391, subsections 6(b) through 6(e) are being given effect January 1, 2008.

“This section becomes effective only if any funds necessary to implement it are appropriated.” Funds were appropriated in Session Laws 2007-323, s. 25.1(a)(1).

Effect of Amendments. — Session Laws 2007-391, s. 6(e), effective January 1, 2008, substituted “voting tabulation district” for “precinct” in the section catchline and in the section.

Session Laws 2007-391, s. 6(g) provides:

§ 163-132.5G. Voting data maintained by voting tabulation district.

Each county board of elections shall maintain voting data by voting tabulation district as provided in G.S. 163-132.1B so that voting tabulation district returns for each item on the ballot shall include the votes cast by all residents of the voting tabulation district who voted, regardless of where they voted. The county board shall not be required to report returns by voting tabulation district for voters who voted other than at their precinct voting place on election day until 60 days after the election. In reporting returns, the county board shall not compromise the secrecy of an individual’s ballot. The

60-day deadline for reporting returns by voting tabulation district does not relieve the county board of the duty to report all returns as soon as practicable after the election according to other categories specified by the State Board of Elections. The State Board of Elections shall adopt rules for the enforcement of this section. (2001-466, s. 2; 2003-183, s. 1; 2005-323, s. 1(e); 2007-391, s. 6(c).)

Editor's Note. — Session Laws 2005-256, s. 1, as amended by Session Laws 2005-305, s. 4.1, provides: "With the approval of the State Board of Elections, the Orange County Board of Elections may conduct a pilot program in Chapel Hill Township for any or all primaries or elections occurring prior to January 1, 2007, where the requirements of this section prevail over any other requirement concerning voting at one-stop sites or on election day. The pilot program shall consist of continuing one-stop voting as provided in G.S. 163-227.2 on election day as the method of voting. Voting places, whether during the one-stop period or on election day, shall be known as voting centers. The pilot program consists of the following elements:

"(1) Any voter properly registered in Chapel Hill Township may vote at any voting center during the one-stop period established in G.S. 163-227.2 or on election day.

"(2) On election day, the only places open to vote in Chapel Hill Township are those designated as voting centers.

"(3) All voting centers shall have a Web-based or online connection to the voter registration system so that voter registration information and voting history can be checked in a timely manner to ensure against any voter voting more than once.

"(4) Notwithstanding G.S. 163-227.2(e1), the State Board of Elections shall determine which ballots must be made retrievable and identifiable to the county board of elections in order to ensure that the vote count by eligible voters is accurate. If any vote need not be identifiable, it shall not be made so, notwithstanding G.S. 163-227.2(e1).

"(5) The Plan of Implementation may provide a different system for voter sign-in than the regular one-stop process which requires completion of an absentee ballot application, but the process must be auditable. As required by G.S. 163-166.7, the voter, before voting, shall sign that voter's name on the pollbook, other voting record, or voter authorization document. As provided by G.S. 163-166.7, if the voter is unable to sign, a voting center official shall enter the person's name on the same document before the voter votes. A voter at a voting center shall be entitled to the same assistance as a voter at a voting place on election day under G.S. 163-166.8.

"(6) A larger number of voting centers may be open on election day than during the earlier

part of the one-stop period.

"(7) Election returns shall be reported by regular precinct as well as by voting center. Notwithstanding G.S. 163-132.5G, for primary elections in 2006, those returns by regular precinct shall be reported by May 1, 2007, and for the 2006 general election those returns by regular precinct shall be reported by March 1, 2007. G.S. 163-132.5G shall not apply to elections held in 2005 under this act.

"(8) Notwithstanding G.S. 163-227.2(g), the State Board of Elections may allow the county board of elections during the regular one-stop voting period to designate voting centers in commercial buildings that are not public buildings.

"(9) Notwithstanding G.S. 163-227.2(g), on election day any building may be designated as a voting center, but the office of the county board of elections does not have to be designated as a voting center.

"(10) Notwithstanding G.S. 163-227.2(g), officials appointed pursuant to G.S. 163-41, 163-42, and 163-42.1 may be assigned to staff the voting centers. The Plan of Implementation shall provide for appointment of election officials at voting centers so that political parties have a similar opportunity to recommend officials as if there were precinct polling places.

"(11) The Plan of Implementation may for administrative purposes treat the entire township as one precinct with multiple voting places on election day, but a voter must, when appearing to vote, report any change of address.

"(12) Before voting centers may be used under this section, a Plan of Implementation must be approved unanimously by the county board of elections and then approved by the Executive Director of the State Board of Elections. Prior to adoption, the county board of elections shall conduct a public hearing and notify the county chair of each political party under Article 9 of Chapter 163 of the General Statutes. The county board of elections shall develop an outreach and education campaign to inform voters about the changes in voting locations.

"(13) If any polling place that had been a satellite voting place in 2004 under G.S. 163-130 is designated as a voting center, the county board of elections may provide in its Plan of Implementation that only voters assigned to the satellite voting place may vote at the voting center there, and that such voters may not vote at any other voting center on election day."

Session Laws 2005-256, s. 1.1, as added by

Session Laws 2005-305, s. 4.2, provides: “If no elections are conducted under this act in 2005, then any or all elections occurring in 2007 may also be held under this act in addition to those in 2006.”

Session Laws 2005-256, s. 2, provides: “The State Board of Elections shall closely monitor the pilot program and report its findings and recommendations to the General Assembly at its 2005 Regular Session in 2006, and to the 2007 Regular Session of the General Assembly.”

Session Laws 2005-323, s. 9, provides: “The State Board of Elections may conduct, for primaries and elections in 2006 only, experiments with voting systems that use a means in addition to paper to fulfill the backup record and voter verification requirements of G.S. 163-165.7(a)(4) and G.S. 163-165.7(a)(5), as enacted by this act. The pilot program may be conducted in no more than nine counties. The county boards of elections shall cooperate in conducting the pilot program. The pilot program shall be conducted according to the following requirements:

“(1) The experiment may be conducted in no more than two voting sites per county. The voting sites may include election-day voting places or one-stop sites.

“(2) At each voting site in which the experiment is conducted, voters must have a choice of voting on the experimental voting system or on a voting system that is not part of the experiment.

“(3) Each experimental voting system shall include an additional means for the voter to verify the choices that the voter makes in the electronically cast ballot, which means shall also provide for an additional count. That additional means may utilize audio technology, digital scanners, or some other material or technology that shall record the voters’ choices but shall not record any image of any part of the voter.

“(4) On each voting machine or unit used in the experiment, the voting system shall comply with all the applicable requirements of G.S. 163-165.7, including the requirement in G.S. 163-165.7(a)(4) that a DRE system must generate a paper backup record of each individual vote cast electronically and the requirement in

G.S. 163-165.7(a)(5) that the paper record generated by the DRE system must be viewable by the voter before the vote is cast electronically and that the system allow the voter to correct any discrepancy between the electronic vote and the paper record before the vote is cast. On every machine or unit, the experimental means to fulfill those functions shall be used in addition to, rather than instead of, the required paper means.

“(5) For all votes cast on an experimental voting system under the pilot, there shall be, in addition to an electronic count, a full hand-to-eye paper count and a full comparison count of the experimental verification technology.

“The State Board of Elections shall report the results of the pilot program, together with its recommendations, to the 2007 General Assembly and to the Joint Legislative Commission on Governmental Operations by February 1, 2007.”

Session Laws 2005-323, s. 10, provides, in part: “The requirement for testing a voting system in an election provided in G.S. 163-165.9(a)(3), as enacted in Section 4 of this act, does not apply to any voting system acquired before January 1, 2008, as long as the voting system is demonstrated in a public forum in the county. Notwithstanding G.S. 163-132.5G, as amended by this act, voting data by precinct shall be reported for the general elections of 2006 by March 1, 2007, and for the primary elections of 2006 by May 1, 2007.”

Session Laws 2007-391, s. 6(f) provides: “Subsections 7(b) through 7(e) of this section become effective January 1, 2008. The remainder of the section is effective when this act becomes law.” At the direction of the Revisor of Statutes, Session Laws 2007-391, subsections 6(b) through 6(e) are being given effect January 1, 2008.

Session Laws 2007-391, s. 6(g), provides: “This section becomes effective only if any funds necessary to implement it are appropriated.” Funds were appropriated in Session Laws 2007-323, s. 25.1(a)(1).

Effect of Amendments. — Session Laws 2007-391, s. 6(c), effective January 1, 2008, substituted “voting tabulation district” for “precinct” in the section catchline and rewrote the section.

Editor's Note. — Repealed G.S. 163-154 had been repealed by Session Laws 1981, c. 559. Repealed G.S. 163-157 to 163-159 had been reserved for future codification purposes.

Session Laws 2001-288, s. 1, effective with respect to all primaries, elections, and referenda held on or after August 1, 2001, and expiring January 1, 2012, unless extended by legislation before that date, enacted G.S. 163-140.2, regarding ballot instructions in English and Spanish. Session Laws 2001-288, s. 2, provided that if Senate Bill 17 becomes law, then G.S. 163-140.2 is recodified as G.S. 163-165.5A. Senate Bill 17 is now Session Laws 2001-460, approved November 14, 2001, and effective January 1, 2002.

Session Laws 2001-292, s. 1, effective August 10, 2001, amended G.S. 163-153, regarding access to voting enclosures, by inserting "except as provided in subdivision (3a) of this section" following "A near relative of the voter, but" in subdivision (3) and inserting new subdivision (3a), which read, "Minor children of the voter under the age of 18, or minor children under the age of 18 in the care of the voter, but only while accompanying the voter and while under the control of the voter." Subsequently, Session Laws 2001-460, s. 1, repealed this Article, in-

cluding G.S. 163-153, effective January 1, 2002.

Session Laws 2001-310, s. 1, effective July 28, 2001, and applicable to primaries, elections, and referenda conducted on or after that date, enacted G.S. 163-140.3, regarding Punch-Card ballots. Session Laws 2001-310, s. 2, also effective July 28, 2001, enacted G.S. 163-140.4, regarding Butterfly ballots. Session Laws 2001-310, s. 3, provided that if Senate Bill 17 becomes law, then effective January 1, 2002, these sections are recodified as G.S. 163-165.4A and G.S. 163-165.4B respectively. Senate Bill 17 is now Session Laws 2001-460, approved November 14, 2001.

Session Laws 2001-353, s. 8, effective August 10, 2001, amended G.S. 163-145 by adding "except that at all voting places there shall be a curtained or otherwise private area where a voter may mark the ballot unobserved." Subsequently, Session Laws 2001-460, s. 1, repealed this Article, including G.S. 163-145, effective January 1, 2002.

Session Laws 2001-403, ss. 6, 9, and 10, effective January 1, 2002, would have amended G.S. 163-135 and 163-140 to make this Article also applicable to district court judges. Subsequently, Session Laws 2001-460, ss. 1 and 11, also effective January 1, 2002, repealed this Article and repealed ss. 9 and 10 of Session Laws 2001-403; thus, the amendments by Session Laws 2001-403 were never given effect.

Part 1. Definitions.

§ 163-165. Definitions.

In addition to the definitions stated below, the definitions set forth in Article 15A of Chapter 163 of the General Statutes also apply to this Article. As used in this Article:

- (1) “Ballot” means an instrument on which a voter indicates a choice so that it may be recorded as a vote for or against a certain candidate or referendum proposal. The term “ballot ” may include a paper ballot to be counted by hand, a paper ballot to be counted on an electronic scanner, the face of a lever voting machine, the image on a direct record electronic unit, or a ballot used on any other voting system.
- (2) “Ballot item” means a single item on a ballot in which the voters are to choose between or among the candidates or proposals listed.
- (3) “Ballot style” means the version of a ballot within a jurisdiction that an individual voter is eligible to vote. For example, in a county that uses essentially the same official ballot, a group office such as county commissioner may be divided into districts so that different voters in the same county vote for commissioner in different districts. The different versions of the county’s official ballot containing only those district ballot items one individual voter may vote are the county’s different ballot styles.
- (4) “Election” means the event in which voters cast votes in ballot items concerning proposals or candidates for office in this State or the United States. The term includes primaries, general elections, referenda, and special elections.
- (5) “Official ballot” means a ballot that has been certified by the State Board of Elections and produced by or with the approval of the county board of elections. The term does not include a sample ballot or a specimen ballot.
- (6) “Provisional official ballot” means an official ballot that is voted and then placed in an envelope that contains an affidavit signed by the voter certifying identity and eligibility to vote. Except for its envelope, a provisional official ballot shall not be marked to make it identifiable to the voter.
- (7) “Referendum” means the event in which voters cast votes for or against ballot questions other than the election of candidates to office.
- (8) “Voting booth” means the private space in which a voter is to mark an official ballot.
- (9) “Voting enclosure” means the room within the voting place that is used for voting.
- (10) “Voting place” means the building that contains the voting enclosure.
- (11) “Voting system” means a system of casting and tabulating ballots. The term includes systems of paper ballots counted by hand as well as systems utilizing mechanical and electronic voting equipment. (2001-460, s. 3; 2001-466, s. 3(a), (b); 2002-159, s. 21(h); 2006-262, s. 4.)

Voter Paper Trail Study. — Session Laws 2004-161, ss. 12.1 through 12.4, created the Electronic Voting Systems Study Commission. Session Laws 2004-161, s. 12.2, provides: “The Electronic Voting Systems Study Commission shall study the issue of whether direct record electronic (DRE) voting systems should be prohibited in North Carolina unless each unit of the system produces a voter-verifiable paper record that is suitable for a recount or a manual audit and that is equivalent or superior to the paper record produced by a paper ballot system.”

“In conducting the study, the Commission shall consider DRE voting systems, compliance with the Help America Vote Act of 2002 (HAVA) and with voting-systems standards to be adopted under HAVA, including providing sufficient opportunity for access and participation, and privacy and independence, to all voters regardless of disability. The Commission shall consider any other issue related to the use of electronic voting systems. The Commission shall make a final report to the 2005 General Assembly upon its convening. The report shall contain the Commission’s findings and recommendations. The Commission shall terminate on the earlier of the filing of its final report or the convening of the 2005 General Assembly.”

Editor’s note. — Session Laws 2001-460, s. 3 enacted this Article as Article 13A. At the direction of the Revisor of Statutes, Article 13A followed repealed Article 14 in order to maintain numerical order in the section numbers. Subsequently, Session Laws 2002-159, s. 21(h), effective October 11, 2002, recodified Article 13A as Article 14A.

Section 163-165 had been reserved for future codification purposes under Article 14, which was repealed by Session Laws 2001-460, s. 1, effective January 1, 2002.

Session Laws 2006-262, s. 5 provides: “Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions.”

Effect of Amendments. — Session Laws 2006-262, s. 4, effective January 1, 2007, added the last sentence in subdivision (6).

Part 2. Ballots and Voting Systems.

§ 163-165.1. Scope and general rules.

(a) Scope. — This Article shall apply to all elections in this State.

(b) Requirements of Official Ballots in Voting. — In any election conducted under this Article:

(1) All voting shall be by official ballot.

(2) Only votes cast on an official ballot shall be counted.

(c) Compliance With This Article. — All ballots shall comply with the provisions of this Article.

(d) Other Uses Prohibited. — An official ballot shall not be used for any purpose not authorized by this Article.

(e) Voted ballots and paper and electronic records of individual voted ballots shall be treated as confidential, and no person other than elections officials performing their duties may have access to voted ballots or paper or electronic records of individual voted ballots except by court order or order of the appropriate board of elections as part of the resolution of an election protest or investigation of an alleged election irregularity or violation. Voted ballots and paper and electronic records of individual voted ballots shall not be disclosed to members of the public in such a way as to disclose how a particular voter voted, unless a court orders otherwise. Any person who has access to an official voted

ballot or record and knowingly discloses in violation of this section how an individual has voted that ballot is guilty of a Class 1 misdemeanor. (2001-460, s. 3; 2002-159, s. 55(o); 2005-323, s. 1(f); 2007-391, s. 9(a).)

Effect of Amendments. — Session Laws 2007-391, s. 9(a), effective December 1, 2007, and applicable to any offense occurring on or

after that date, in subsection (e), inserted the references to “electronic” in the first two sentences, and added the last sentence.

§ 163-165.2. Sample ballots.

(a) **County Board to Produce and Distribute Sample Ballots.** — The county board of elections shall produce sample ballots, in all the necessary ballot styles of the official ballot, for every election to be held in the county. The sample ballots shall be given an appearance that clearly distinguishes them from official ballots. The county board shall distribute sample ballots to the chief judge of every precinct in which the election is to be conducted. The chief judge shall post a sample ballot in the voting place and may use it for instructional purposes. The county board of elections may use the sample ballot for other informational purposes.

(b) **Document Resembling an Official Ballot to Contain Disclaimer.** — No person other than a board of elections shall produce or disseminate a document substantially resembling an official ballot unless the document contains on its face a prominent statement that the document was not produced by a board of elections and is not an official ballot. (2001-460, s. 3.)

§ 163-165.3. Responsibilities for preparing official ballots.

(a) **State Board Responsibilities.** — The State Board of Elections shall certify the official ballots and voter instructions to be used in every election that is subject to this Article. In conducting its certification, the State Board shall adhere to the following:

- (1) No later than January 31 of every calendar year, the State Board shall establish a schedule for the certification of all official ballots and instructions during that year. The schedule shall include a time for county boards of elections to submit their official ballots and instructions to the State Board for certification and times for the State Board to complete the certification.
- (2) The State Board of Elections shall compose model ballot instructions, which county boards of elections may amend subject to approval by the State Board as part of the certification process. The State Board of Elections may permit a county board of elections to place instructions elsewhere than on the official ballot itself, where placing them on the official ballot would be impractical.
- (3) With regard only to multicounty ballot items on the official ballot, the State Board shall certify the accuracy of the content on the official ballot.
- (4) With regard to the entire official ballot, the State Board shall certify that the content and arrangement of the official ballot are in substantial compliance with the provisions of this Article and standards adopted by the State Board.
- (5) The State Board shall proofread the official ballot of every county, if practical, prior to final production.
- (6) The State Board is not required to certify or review every official ballot style in the county but may require county boards to submit and may review a composite official ballot showing races that will appear in every district in the county.

The State Board shall be responsible for all ballot coding and shall contract with a qualified vendor or supervise trained election staff to produce the data necessary for equipment programming.

(b) County Board Responsibilities. — Each county board of elections shall prepare and produce official ballots for all elections in that county. The county board of elections shall submit the format of each official ballot and set of instructions to the State Board of Elections for review and certification in accordance with the schedule established by the State Board. The county board of elections shall follow the directions of the State Board in placing candidates, referenda, and other material on official ballots and in placing instructions.

(c) Late Changes in Ballots. — The State Board shall promulgate rules for late changes in ballots. The rules shall provide for the reprinting, where practical, of official ballots as a result of replacement candidates to fill vacancies in accordance with G.S. 163-114 or other late changes. If an official ballot is not reprinted, a vote for a candidate who has been replaced in accordance with G.S. 163-114 will count for the replacement candidate.

(d) Special Ballots. — The State Board of Elections, with the approval of a county board of elections, may produce special official ballots, such as those for disabled voters, where production by the State Board would be more practical than production by the county board. (2001-460, s. 3; 2007-391, s. 24(a).)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Session Laws 2007-391, s. 24(b), provides: "This section becomes effective only if any funds necessary to implement it are appropri-

ated." Funds were appropriated in Session Laws 2007-323, s. 25.1(a)(3).

Effect of Amendments. — Session Laws 2007-391, s. 24(a), in subsection (a), substituted "Responsibilities" for "to Certify Official Ballots and Instructions to Voters" in the catchline and added the last paragraph; and substituted "Responsibilities" for "to Prepare and Produce Official Ballots and Instructions" in the subsection (b) catchline. For effective date, see Editor's Notes.

CASE NOTES

Procedure for Election of Superior Court Judges Upheld. — A superior court judge is a hybrid official with both local and statewide functions and authority, and there is a reasonable basis for election procedure requiring him to be nominated in the primary election and elected in the general election by statewide vote, which serves and achieves a legitimate state purpose and is not arbitrary and capricious. *Holshouser v. Scott*, 335 F. Supp. 928 (M.D.N.C. 1971), *aff'd*, 409 U.S. 807, 93 S. Ct. 43, 34 L. Ed. 2d 68 (1972).

Requiring regular superior court judges to be nominated in the primary election by districts and elected in the general election by statewide vote does not deny equal protection of the laws. *Holshouser v. Scott*, 335 F. Supp. 928 (M.D.N.C. 1971), *aff'd*, 409 U.S. 807, 93 S. Ct. 43, 34 L. Ed. 2d 68 (1972).

The one man, one vote rule does not apply to the state judiciary, and therefore a mere showing of a disparity among the voters or in the population figures of the district would not be sufficient to strike down the election procedure for superior court judges. A showing of an arbitrary and capricious or invidious action or distinction between citizens and voters would be required. *Holshouser v. Scott*, 335 F. Supp. 928 (M.D.N.C. 1971), *aff'd*, 409 U.S. 807, 93 S. Ct. 43, 34 L. Ed. 2d 68 (1972).

It is the duty of the county board of elections to keep official ballots in its possession until delivery to the local officials. *State v. Abernethy*, 220 N.C. 226, 17 S.E.2d 25 (1941).

§ 163-165.4. Standards for official ballots.

The State Board of Elections shall seek to ensure that official ballots throughout the State have all the following characteristics:

- (1) Are readily understandable by voters.
- (2) Present all candidates and questions in a fair and nondiscriminatory manner.
- (3) Allow every voter to cast a vote in every ballot item without difficulty.
- (4) Facilitate an accurate vote count.
- (5) Are uniform in content and format, subject to varied presentations required or made desirable by different voting systems. (2001-460, s. 3.)

§ 163-165.4A. Punch-card ballots and lever machines.

(a) No ballot may be used in any referendum, primary, or other election as an official ballot if it requires the voter to punch out a hole with a stylus or other tool.

(a1) No lever machine voting system may be used in any referendum, primary, or other election as a means of voting the official ballot. A “lever machine voting system” is a voting system on which the voter casts a vote by pressing a lever and the vote is mechanically recorded by the machine.

(b) In any counties that used punch-card ballots as official ballots or lever machines in the election of November 2000, and in any municipalities located in those counties, this section becomes effective January 1, 2006. It is the intent of the General Assembly that any county that uses county funds to replace voting equipment to satisfy this section shall be given priority in appropriations to counties for voting equipment. (2001-310, ss. 1, 3; 2003-226, s. 12.)

Editor’s Note. — Session Laws 2001-310, s. 3, provides: “If Senate Bill 17, 2001 Regular Session of the General Assembly, becomes law, then effective January 1, 2002, G.S. 163-140.3, as enacted by this act, is recodified as G.S. 163-165.4A, and G.S. 163-140.4, as enacted by this act, is recodified as G.S. 163-165.4B.” Senate Bill 17 is Session Laws 2001-460.

Session Laws 2001-310, s. 4, provides in part: “Section 1 of this act is effective when it becomes law and applies to primaries, elections, and referenda conducted on or after that date. Nothing in this act shall obligate the General Assembly to appropriate funds to implement this act.”

Session Laws 2003-226, s. 1, provides: “The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the

federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

“The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election officials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

“In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act.”

§ 163-165.4B. Butterfly ballots.

No butterfly ballot may be used as an official ballot in any referendum, primary, or other election. The term “butterfly ballot” means a ballot having more than one column listing ballot choices that share a common column for designating those choices. (2001-310, ss. 2, 3.)

Editor’s Note. — Session Laws 2001-310, s. 3, provides: “If Senate Bill 17, 2001 Regular Session of the General Assembly, becomes law, then effective January 1, 2002, G.S. 163-140.3,

as enacted by this act, is recodified as G.S. 163-165.4A, and G.S. 163-140.4, as enacted by this act, is recodified as G.S. 163-165.4B.” Senate Bill 17 is Session Laws 2001-460.

Session Laws 2001-310, s. 4, provides in part: Assembly to appropriate funds to implement
 “Nothing in this act shall obligate the General this act.”

§ 163-165.5. Contents of official ballots.

Each official ballot shall contain all the following elements:

- (1) The heading prescribed by the State Board of Elections. The heading shall include the term “Official Ballot”.
- (2) The title of each office to be voted on and the number of seats to be filled in each ballot item.
- (3) The names of the candidates as they appear on their notice of candidacy filed pursuant to G.S. 163-106 or G.S. 163-323, or on petition forms filed in accordance with G.S. 163-122. No title, appendage, or appellation indicating rank, status, or position shall be printed on the official ballot in connection with the candidate’s name. Candidates, however, may use the title Mr., Mrs., Miss, or Ms. Nicknames shall be permitted on an official ballot if used in the notice of candidacy or qualifying petition, but the nickname shall appear according to standards adopted by the State Board of Elections. Those standards shall allow the presentation of legitimate nicknames in ways that do not mislead the voter or unduly advertise the candidacy. In the case of candidates for presidential elector, the official ballot shall not contain the names of the candidates for elector but instead shall contain the nominees for President and Vice President which the candidates for elector represent. The State Board of Elections shall establish a review procedure that local boards of elections shall follow to ensure that candidates’ names appear on the official ballot in accordance with this subdivision.
- (4) Party designations in partisan ballot items.
- (5) A means by which the voter may cast write-in votes, as provided in G.S. 163-123. No space for write-ins is required unless a write-in candidate has qualified under G.S. 163-123 or unless the ballot item is exempt from G.S. 163-123.
- (6) Instructions to voters, unless the State Board of Elections allows instructions to be placed elsewhere than on the official ballot.
- (7) The printed title and facsimile signature of the chair of the county board of elections. (2001-460, s. 3; 2003-209, s. 1; 2007-391, s. 10.)

Editor’s Note. — Session Laws 2007-391, s. 1(c), provides: “This act becomes effective December 1, 2007, and applies to offenses committed on or after that date.”

Session Laws 2007-391, s. 39, provides: “Except as otherwise provided in this act, this act is

effective when it becomes law [August 19, 2007].”

Effect of Amendments. — Session Laws 2007-391, s. 10, added the last sentence in subdivision (5). For effective date, see Editor’s Notes.

§ 163-165.5A. (Effective until January 1, 2012) Ballot instructions in English and Spanish.

In every county or municipality where the Hispanic population exceeds six percent (6%), in accordance with the most recent decennial federal census, all instructions to the voter for ballots shall be printed in both English and Spanish. The State Board of Elections shall prepare a Spanish translation of ballot instructions for local boards of elections. (2001-288, ss. 1, 2.)

Editor’s Note. — Session Laws 2001-288, s. 3 makes this section effective with respect to all primaries, elections, and referenda held on or

after August 1, 2001, and provides that it expires January 1, 2012, unless extended by legislation enacted before that date.

Session Laws 2001-288, s. 2 provides that if Senate Bill 17 of the 2001 Session of the General Assembly is enacted, then G.S. 163-140.2,

as enacted by Section 1 of this act, is recodified as G.S. 163-165.5A. Senate Bill 17 is Session Laws 2001-460.

§ 163-165.5B. Ballots may be combined.

Notwithstanding any other statute or local act, a county board of elections, with the approval of the State Board of Elections, may combine ballot items on the same official ballot. (2007-391, s. 7.)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

§ 163-165.6. Arrangement of official ballots.

(a) Order of Precedence Generally. — Candidate ballot items shall be arranged on the official ballot before referenda.

(b) Order of Precedence for Candidate Ballot Items. — The State Board of Elections shall promulgate rules prescribing the order of offices to be voted on the official ballot. Those rules shall adhere to the following guidelines:

- (1) Federal offices shall be listed before State and local offices. Member of the United States House of Representatives shall be listed immediately after United States Senator.
- (2) State and local offices shall be listed according to the size of the electorate.
- (3) Partisan offices, regardless of the size of the constituency, shall be listed before nonpartisan offices.
- (4) When offices are in the same class, they shall be listed in alphabetical order by office name, or in numerical or alphabetical order by district name. Governor and Lieutenant Governor, in that order, shall be listed before other Council of State offices. Mayor shall be listed before other citywide offices. Chair of a board, where elected separately, shall be listed before other board seats having the same electorate. Chief Justice shall be listed before Associate Justices.
- (5) Ballot items for full terms of an office shall be listed before ballot items for partial terms of the same office.

(c) Order of Candidates on Primary Official Ballots. — The order in which candidates shall appear on a county's official ballots in any primary ballot item shall be determined by the county board of elections using a process designed by the State Board of Elections for random selection.

(d) Order of Party Candidates on General Election Official Ballot. — Candidates in any ballot item on a general election official ballot shall appear in the following order:

- (1) Nominees of political parties that reflect at least five percent (5%) of statewide voter registration, according to the most recent statistical report published by the State Board of Elections, in alphabetical order by party and in alphabetical order within the party.
- (2) Nominees of other political parties, in alphabetical order by party and in alphabetical order within the party.
- (3) Unaffiliated candidates, in alphabetical order.

(e) Straight-Party Voting. — Each official ballot shall be arranged so that the voter may cast one vote for a party's nominees for all offices except President and Vice President. A vote for President and Vice President shall be cast separately from a straight-party vote. The official ballot shall be prepared so that a voter may cast a straight-party vote, but then make an exception to

that straight-party vote by voting for a candidate not nominated by that party or by voting for fewer than all the candidates nominated by that party. Instructions for general election ballots shall clearly advise voters of the rules in this subsection and of the statutes providing for the counting of ballots.

(f) **Write-In Voting.** — Each official ballot shall be so arranged so that voters may cast write-in votes for candidates except where prohibited by G.S. 163-123 or other statutes governing write-in votes. Instructions for general election ballots shall clearly advise voters of the rules of this subsection and of the statutes governing write-in voting.

(g) **Order of Precedence for Referenda.** — The referendum questions to be voted on shall be arranged on the official ballot in the following order:

- (1) Proposed amendments to the North Carolina Constitution, in the chronological order in which the proposals were approved by the General Assembly.
- (2) Other referenda to be voted on by all voters in the State, in the chronological order in which the proposals were approved by the General Assembly.
- (3) Referenda to be voted on by fewer than all the voters in the State, in the chronological order of the acts by which the referenda were properly authorized. (2001-460, s. 3; 2002-158, s. 14.)

Editor's Note. — Session Laws 2002-158, s. 15, contains a severability clause.

Session Laws 2002-158, s. 15.1, states that

nothing in this act obligates the General Assembly to appropriate funds to implement the provisions of the act now or in the future.

CASE NOTES

Editor's Note. — *The cases below were decided under former Article 13, which was repealed by Session Laws 2001-460, s. 1.*

The right of a candidate to have his name printed on the official ballot is dependent upon his becoming a nominee in the required manner. *McLean v. Durham County Bd. of Elections*, 222 N.C. 6, 21 S.E.2d 842 (1942).

The one man, one vote rule does not apply to the state judiciary, and therefore a mere showing of a disparity among the voters or in the population figures of the district would not be sufficient to strike down the election procedure for superior court judges. A showing of an arbitrary and capricious or invidious action or distinction between citizens and voters would be required. *Holshouser v. Scott*, 335 F. Supp. 928 (M.D.N.C. 1971).

Procedure for Election of Superior Court Judges Upheld. — A superior court judge is a hybrid official with both local and statewide functions and authority, and there is a reasonable basis for election procedure requiring him to be nominated in the primary election and elected in the general election by statewide vote, which serves and achieves a legitimate state purpose and is not arbitrary and capricious. *Holshouser v. Scott*, 335 F.

Supp. 928 (M.D.N.C. 1971), aff'd, 409 U.S. 807, 93 S. Ct. 43, 34 L. Ed. 2d 68 (1972).

Requiring regular superior court judges to be nominated in the primary election by districts and elected in the general election by statewide vote does not deny equal protection of the laws. *Holshouser v. Scott*, 335 F. Supp. 928 (M.D.N.C. 1971), aff'd, 409 U.S. 807, 93 S. Ct. 43, 34 L. Ed. 2d 68 (1972).

Failure of ballots to comply fully with the statutory requirements of this section (former § 163-140) pertaining to the printing of the ballots did not constitute a violation of the due process clause, where there was no indication that the failure was other than simple negligence on the part of election officials, and where the ballots used in the election sufficiently complied with the state law so that voters should not have been confused or deceived. *Hendon v. North Carolina State Bd. of Elections*, 710 F.2d 177 (4th Cir. 1983).

Violation of the "sufficient ballot space" portion of this section (former § 163-165.6) would not vitiate an election unless the violation altered the outcome of the election. In re *Cleveland County Comm'rs*, 56 N.C. App. 187, 287 S.E.2d 451 (1982).

Applied in *Hendon v. North Carolina State Bd. of Elections*, 710 F.2d 177 (4th Cir. 1983).

§ 163-165.7. Voting systems: powers and duties of State Board of Elections.

(a) Only voting systems that have been certified by the State Board of Elections in accordance with the procedures and subject to the standards set forth in this section and that have not been subsequently decertified shall be permitted for use in elections in this State. Those certified voting systems shall be valid in any election held in the State or in any county, municipality, or other electoral district in the State. Subject to all other applicable rules adopted by the State Board of Elections and, with respect to federal elections, subject to all applicable federal regulations governing voting systems, paper ballots marked by the voter and counted by hand shall be deemed a certified voting system. The State Board of Elections shall certify optical scan voting systems, optical scan with ballot markers voting systems, and direct record electronic voting systems if any of those systems meet all applicable requirements of federal and State law. The State Board may certify additional voting systems only if they meet the requirements of the request for proposal process set forth in this section and only if they generate either a paper ballot or a paper record by which voters may verify their votes before casting them and which provides a backup means of counting the vote that the voter casts. Those voting systems may include optical scan and direct record electronic (DRE) voting systems. In consultation with the Office of Information Technology Services, the State Board shall develop the requests for proposal subject to the provisions of this Chapter and other applicable State laws. Among other requirements, the request for proposal shall require at least all of the following elements:

- (1) That the vendor post a bond or letter of credit to cover damages resulting from defects in the voting system. Damages shall include, among other items, any costs of conducting a new election attributable to those defects.
- (2) That the voting system comply with all federal requirements for voting systems.
- (3) That the voting system must have the capacity to include in voting tabulation district returns the votes cast by voters outside of the voter's voting tabulation district as required by G.S. 163-132.5G.
- (4) With respect to electronic voting systems, that the voting system generate a paper record of each individual vote cast, which paper record shall be maintained in a secure fashion and shall serve as a backup record for purposes of any hand-to-eye count, hand-to-eye recount, or other audit. Electronic systems that employ optical scan technology to count paper ballots shall be deemed to satisfy this requirement.
- (5) With respect to DRE voting systems, that the paper record generated by the system be viewable by the voter before the vote is cast electronically, and that the system permit the voter to correct any discrepancy between the electronic vote and the paper record before the vote is cast.
- (6) With respect to all voting systems using electronic means, that the vendor provide access to all of any information required to be placed in escrow by a vendor pursuant to G.S. 163-165.9A for review and examination by the State Board of Elections; the Office of Information Technology Services; the State chairs of each political party recognized under G.S. 163-96; the purchasing county; and designees as provided in subdivision (9) of subsection (d) of this section.
- (7) That the vendor must quote a statewide uniform price for each unit of the equipment.
- (8) That the vendor must separately agree with the purchasing county that if it is granted a contract to provide software for an electronic

voting system but fails to debug, modify, repair, or update the software as agreed or in the event of the vendor having bankruptcy filed for or against it, the source code described in G.S. 163-165.9A(a) shall be turned over to the purchasing county by the escrow agent chosen under G.S. 163-165.9A(a)(1) for the purposes of continuing use of the software for the period of the contract and for permitting access to the persons described in subdivision (6) of this subsection for the purpose of reviewing the source code.

In its request for proposal, the State Board of Elections shall address the mandatory terms of the contract for the purchase of the voting system and the maintenance and training related to that voting system.

If a voting system was acquired or upgraded by a county before August 1, 2005, the county shall not be required to go through the purchasing process described in this subsection if the county can demonstrate to the State Board of Elections compliance with the requirements in subdivisions (1) through (6) and subdivision (8) of this subsection, where those requirements are applicable to the type of voting system involved. If the county cannot demonstrate to the State Board of Elections that the voting system is in compliance with those subdivisions, the county board shall not use the system in an election during or after 2006, and the county shall be subject to the purchasing requirements of this subsection.

(a) Federal Assistance. — The State Board may use guidelines, information, testing reports, certification, decertification, recertification, and any relevant data produced by the Election Assistance Commission, its Standards Board, its Board of Advisors, or the Technical Guidelines Development Committee as established in Title II of the Help America Vote Act of 2002 with regard to any action or investigation the State Board may take concerning a voting system. The State Board may use, for the purposes of voting system certification, laboratories accredited by the Election Assistance Commission under the provisions of section 231(2) of the Help America Vote Act of 2002.

(b) The State Board may also, upon notice and hearing, decertify types, makes, and models of voting systems. Upon decertifying a type, make, or model of voting system, the State Board shall determine the process by which the decertified system is discontinued in any county. A county may appeal a decision by the State Board concerning the process by which the decertified system is discontinued in that county to the Superior Court of Wake County. The county has 30 days from the time it receives notice of the State Board's decision on the process by which the decertified system is discontinued in that county to make that appeal.

(c) Prior to certifying a voting system, the State Board of Elections shall review, or designate an independent expert to review, all source code made available by the vendor pursuant to this section and certify only those voting systems compliant with State and federal law. At a minimum, the State Board's review shall include a review of security, application vulnerability, application code, wireless security, security policy and processes, security/privacy program management, technology infrastructure and security controls, security organization and governance, and operational effectiveness, as applicable to that voting system. Any portion of the report containing specific information related to any trade secret as designated pursuant to G.S. 132-1.2 shall be confidential and shall be accessed only under the rules adopted pursuant to subdivision (9) of subsection (d) of this section. The State Board may hear and discuss the report of any such review under G.S. 143-318.11(a)(1).

(d) Subject to the provisions of this Chapter, the State Board of Elections shall prescribe rules for the adoption, handling, operation, and honest use of certified voting systems, including all of the following:

- (1) Procedures for county boards of elections to utilize when recommending the purchase of a certified voting system for use in that county.
- (2) Form of official ballot labels to be used on voting systems.
- (3) Operation and manner of voting on voting systems.
- (4) Instruction of precinct officials in the use of voting systems.
- (5) Instruction of voters in the use of voting systems.
- (6) Assistance to voters using voting systems.
- (7) Duties of custodians of voting systems.
- (8) Examination and testing of voting systems in a public forum in the county before and after use in an election.
- (9) Notwithstanding G.S. 132-1.2, procedures for the review and examination of any information placed in escrow by a vendor pursuant to G.S. 163-165.9A by only the following persons:
 - a. State Board of Elections.
 - b. Office of Information Technology Services.
 - c. The State chairs of each political party recognized under G.S. 163-96.
 - d. The purchasing county.

Each person listed in sub-subdivisions a. through d. of this subdivision may designate up to three persons as that person's agents to review and examine the information. No person shall designate under this subdivision a business competitor of the vendor whose proprietary information is being reviewed and examined. For purposes of this review and examination, any designees under this subdivision and the State party chairs shall be treated as public officials under G.S. 132-2.

- (10) With respect to electronic voting systems, procedures to maintain the integrity of both the electronic vote count and the paper record. Those procedures shall at a minimum include procedures to protect against the alteration of the paper record after a machine vote has been recorded and procedures to prevent removal by the voter from the voting enclosure of any paper record or copy of an individually voted ballot or of any other device or item whose removal from the voting enclosure could permit compromise of the integrity of either the machine count or the paper record.

- (11) Compliance with section 301 of the Help America Vote Act of 2002.

Any rules adopted under this subsection shall be in conjunction with procedures and standards adopted under G.S. 163-182.1, are exempt from Chapter 150B of the General Statutes, and are subject to the same procedures for notice and publication set forth in G.S. 163-182.1.

(e) The State Board of Elections shall facilitate training and support of the voting systems utilized by the counties. (2001-460, s. 3; 2003-226, s. 11; 2005-323, s. 1(a)-(d); 2006-264, s. 76(a); 2007-391, s. 6(d).)

Editor's Note. — Session Laws 2005-323, s. 8, provides: "The State Board of Elections shall recommend a model code of ethics for members and employees of county boards of elections and of the State Board of Elections. The code shall address the appropriate relations between those members and staff and vendors who do business or seek to do business with boards of elections in North Carolina. It shall address how to avoid both the reality and the appearance of conflicts of interest and impropriety. The State Board shall report its recommended code to the Joint Select Committee on Electronic Voting Systems and to the Joint Legisla-

tive Commission on Governmental Operations no later than 60 days after this act becomes law."

Session Laws 2005-323, s. 9, provides: "The State Board of Elections may conduct, for primaries and elections in 2006 only, experiments with voting systems that use a means in addition to paper to fulfill the backup record and voter verification requirements of G.S. 163-165.7(a)(4) and G.S. 163-165.7(a)(5), as enacted by this act. The pilot program may be conducted in no more than nine counties. The county boards of elections shall cooperate in conducting the pilot program. The pilot pro-

gram shall be conducted according to the following requirements:

“(1) The experiment may be conducted in no more than two voting sites per county. The voting sites may include election-day voting places or one-stop sites.

“(2) At each voting site in which the experiment is conducted, voters must have a choice of voting on the experimental voting system or on a voting system that is not part of the experiment.

“(3) Each experimental voting system shall include an additional means for the voter to verify the choices that the voter makes in the electronically cast ballot, which means shall also provide for an additional count. That additional means may utilize audio technology, digital scanners, or some other material or technology that shall record the voters’ choices but shall not record any image of any part of the voter.

“(4) On each voting machine or unit used in the experiment, the voting system shall comply with all the applicable requirements of G.S. 163-165.7, including the requirement in G.S. 163-165.7(a)(4) that a DRE system must generate a paper backup record of each individual vote cast electronically and the requirement in G.S. 163-165.7(a)(5) that the paper record generated by the DRE system must be viewable by the voter before the vote is cast electronically and that the system allow the voter to correct any discrepancy between the electronic vote and the paper record before the vote is cast. On every machine or unit, the experimental means to fulfill those functions shall be used in addition to, rather than instead of, the required paper means.

“(5) For all votes cast on an experimental voting system under the pilot, there shall be, in addition to an electronic count, a full hand-to-eye paper count and a full comparison count of the experimental verification technology.

“The State Board of Elections shall report the results of the pilot program, together with its recommendations, to the 2007 General Assembly and to the Joint Legislative Commission on Governmental Operations by February 1, 2007.”

Session Laws 2006-192, s. 1(a) and (b), provides: “(a) The State Board of Elections shall select local jurisdictions in which to conduct a pilot program during the 2007 and 2008 elections for local offices using instant runoff voting. The State Board shall select:

“(1) Up to 10 cities for the 2007 elections.

“(2) Up to 10 counties for the 2008 elections.

“In selecting those local jurisdictions, the State Board shall seek diversity of population size, regional location, and demographic composition. The pilot shall be conducted only with the concurrence of the county board of elections that conducts elections for the local jurisdiction.

If a city is selected that has voters in more than one county, the concurrence of all the county boards of elections that conduct that city’s elections is required. The pilot program shall consist of using instant runoff voting as the method for determining the winner or winners of a partisan primary or a nonpartisan election that normally uses nonpartisan election and runoff or nonpartisan primary and election. Instant runoff voting may also be used to determine results in an election where nonpartisan plurality elections are normally used, but only if the governing board of the local jurisdiction concurs.

“As used in this section, ‘instant runoff voting’ means a system in which voters rank up to three of the candidates by order of preference, first, second, or third. If the candidate with the most first-choice votes receives the threshold of victory of the first-choice votes, that candidate wins. If no candidate receives the threshold of victory of first-choice votes, the two candidates with the greatest number of first-choice votes advance to a second round of counting. In this round, each ballot counts as a vote for whichever of the two final candidates is ranked highest by the voter. The candidate with the most votes in the second round wins the election.

“The threshold of victory of first-choice votes for a partisan primary shall be forty percent (40%) plus one vote. The threshold of victory for a nonpartisan election and runoff or nonpartisan primary and election shall be a majority of the vote. The threshold of victory in a contest that normally uses nonpartisan plurality shall be determined by the State Board with the concurrence of the county board of elections and the local governing board.

“If more than one seat is to be filled in the same race, the voter votes the same way as if one seat were to be filled. The counting is the same as when one seat is to be filled, with one or two rounds as needed, except that counting is done separately for each seat to be filled. The first counting results in the first winner. Then the second count proceeds without the name of the first winner. This process results in the second winner. For each additional seat to be filled, an additional count is done without the names of the candidates who have already won.

“Other details of instant runoff voting are as described in House Bill 1024 (First Edition) of the 2005 Regular Session of the General Assembly, with modifications the State Board deems necessary, in primaries and/or elections for city offices, for county offices, or for both. Those modifications may include giving the voter more than three choices in case of multi-seat contests. The State Board shall not use instant runoff voting in a primary or election for an office unless the entire electorate for the office uses the same method.

“(b) The State Board of Elections shall closely monitor the pilot program established in this section and report its findings and recommendations to the 2007 General Assembly.”

Session Laws 2007-391, s. 6(f) provides: “Subsections 7(b) through 7(e) of this section become effective January 1, 2008. The remainder of the section is effective when this act becomes law.” At the direction of the Revisor of Statutes, Session Laws 2007-391, subsections 6(b) through 6(e) are being given effect January 1, 2008.

Session Laws 2007-391, s. 6(g), provides: “This section becomes effective only if any funds necessary to implement it are appropriated.” Funds were appropriated in Session Laws 2007-323, s. 25.1(a)(1).

Effect of Amendments. — Session Laws 2003-226, s. 11, effective January 1, 2006, and

applicable with respect to all primaries and elections held on or after that date, in the first paragraph, inserted the third and fourth sentences; and added subdivision (9).

Session Laws 2005-323, s. 1(a), effective August 1, 2005, and applicable to any voting systems upgraded or acquired on or after that date and to all voting systems used in the State during any election during or after 2006, rewrote the section.

Session Laws 2005-323, s. 1(c) and (d), effective January 1, 2006, added subsection (a1) and subdivision (d)(11).

Session Laws 2006-264, s. 76(a), effective August 27, 2006, rewrote the last paragraph of subsection (a).

Session Laws 2007-391, s. 6(d), effective January 1, 2008, substituted “voting tabulation district” for “precinct” twice in subdivision (a)(3).

§ 163-165.8. Voting systems: powers and duties of board of county commissioners.

The board of county commissioners, with the approval of the county board of elections, may adopt and acquire only a voting system of a type, make, and model certified by the State Board of Elections for use in some or all voting places in the county at some or all elections.

The board of county commissioners may decline to adopt and acquire any voting system recommended by the county board of elections but may not adopt and acquire any voting system that has not been approved by the county board of elections. Article 8 of Chapter 143 of the General Statutes does not apply to the purchase of a voting system certified by the State Board of Elections. (2001-460, s. 3; 2005-323, s. 3.)

Editor’s Note. — Session Laws 2005-323, s. 8, provides: “The State Board of Elections shall recommend a model code of ethics for members and employees of county boards of elections and of the State Board of Elections. The code shall address the appropriate relations between those members and staff and vendors who do business or seek to do business with boards of elections in North Carolina. It shall address

how to avoid both the reality and the appearance of conflicts of interest and impropriety. The State Board shall report its recommended code to the Joint Select Committee on Electronic Voting Systems and to the Joint Legislative Commission on Governmental Operations no later than 60 days after this act becomes law.”

§ 163-165.9. Voting systems: powers and duties of county board of elections.

(a) Before approving the adoption and acquisition of any voting system by the board of county commissioners, the county board of elections shall do all of the following:

- (1) Recommend to the board of county commissioners which type of voting system should be acquired by the county.
- (2) Witness a demonstration, in that county or at a site designated by the State Board of Elections, of the type of voting system to be recommended and also witness a demonstration of at least one other type of voting system certified by the State Board of Elections.
- (3) Test, during an election, the proposed voting system in at least one precinct in the county where the voting system would be used if adopted.

(b) After the acquisition of any voting system, the county board of elections shall comply with any requirements of the State Board of Elections regarding training and support of the voting system by completing all of the following:

- (1) The county board of elections shall comply with all specifications of its voting system vendor for ballot printers. The county board of elections is authorized to contract with noncertified ballot printing vendors, so long as the noncertified ballot printing vendor meets all specifications and all quality assurance requirements as set by the State Board of Elections.
- (2) The county board of elections shall maintain software license and maintenance agreements necessary to maintain the warranty of its voting system. (2001-460, s. 3; 2005-323, s. 4; 2007-391, s. 25.)

Editor's Note. — Session Laws 2005-323, s. 8, provides: "The State Board of Elections shall recommend a model code of ethics for members and employees of county boards of elections and of the State Board of Elections. The code shall address the appropriate relations between those members and staff and vendors who do business or seek to do business with boards of elections in North Carolina. It shall address how to avoid both the reality and the appearance of conflicts of interest and impropriety. The State Board shall report its recommended code to the Joint Select Committee on Electronic Voting Systems and to the Joint Legislative Commission on Governmental Operations no later than 60 days after this act becomes law."

Session Laws 2005-323, s. 10, provides, in part: "The requirement for testing a voting system in an election provided in G.S. 163-165.9(a)(3), as enacted in Section 4 of this act, does not apply to any voting system acquired

before January 1, 2008, as long as the voting system is demonstrated in a public forum in the county. Notwithstanding G.S. 163-132.5G, as amended by this act, voting data by precinct shall be reported for the general elections of 2006 by March 1, 2007, and for the primary elections of 2006 by May 1, 2007."

Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2007-391, s. 25, in subsection (b), added "by completing all of the following" at the end of the introductory paragraph, and added subdivisions (b)(1) and (b)(2). For effective date, see Editor's Notes.

§ 163-165.9A. Voting systems: requirements for voting systems vendors; penalties.

(a) Duties of Vendor. — Every vendor that has a contract to provide a voting system in North Carolina shall do all of the following:

- (1) The vendor shall place in escrow with an independent escrow agent approved by the State Board of Elections all software that is relevant to functionality, setup, configuration, and operation of the voting system, including, but not limited to, a complete copy of the source and executable code, build scripts, object libraries, application program interfaces, and complete documentation of all aspects of the system including, but not limited to, compiling instructions, design documentation, technical documentation, user documentation, hardware and software specifications, drawings, records, and data. The State Board of Elections may require in its request for proposal that additional items be escrowed, and if any vendor that agrees in a contract to escrow additional items, those items shall be subject to the provisions of this section. The documentation shall include a list of programmers responsible for creating the software and a sworn affidavit that the source code includes all relevant program statements in low-level and high-level languages.
- (2) The vendor shall notify the State Board of Elections of any change in any item required to be escrowed by subdivision (1) of this subsection.

- (3) The chief executive officer of the vendor shall sign a sworn affidavit that the source code and other material in escrow is the same being used in its voting systems in this State. The chief executive officer shall ensure that the statement is true on a continuing basis.
- (4) The vendor shall promptly notify the State Board of Elections and the county board of elections of any county using its voting system of any decertification of the same system in any state, of any defect in the same system known to have occurred anywhere, and of any relevant defect known to have occurred in similar systems.
- (5) The vendor shall maintain an office in North Carolina with staff to service the contract.

(b) Penalties. — Willful violation of any of the duties in subsection (a) of this section is a Class G felony. Substitution of source code into an operating voting system without notification as provided by subdivision (a)(2) of this section is a Class I felony. In addition to any other applicable penalties, violations of this section are subject to a civil penalty to be assessed by the State Board of Elections in its discretion in an amount of up to one hundred thousand dollars (\$100,000) per violation. A civil penalty assessed under this section shall be subject to the provisions of G.S. 163-278.34(e). (2005-323, s. 2(a).)

Editor's Note. — Session Laws 2005-323, s. 10, made this section effective August 26, 2005, and applicable with respect to purchase or upgrade of any voting system on or after August 1, 2005.

Session Laws 2005-323, s. 8, provides: "The State Board of Elections shall recommend a model code of ethics for members and employees of county boards of elections and of the State Board of Elections. The code shall address the appropriate relations between those

members and staff and vendors who do business or seek to do business with boards of elections in North Carolina. It shall address how to avoid both the reality and the appearance of conflicts of interest and impropriety. The State Board shall report its recommended code to the Joint Select Committee on Electronic Voting Systems and to the Joint Legislative Commission on Governmental Operations no later than 60 days after this act becomes law."

§ 163-165.10. Adequacy of voting system for each precinct.

The county board of elections shall make available for each precinct voting place an adequate quantity of official ballots or equipment. When the board of county commissioners has decided to adopt and purchase or lease a voting system for voting places under the provisions of G.S. 165-165.8, the board of county commissioners shall, as soon as practical, provide for each of those voting places sufficient equipment of the approved voting system in complete working order. If it is impractical to furnish each voting place with the equipment of the approved voting system, that which has been obtained may be placed in voting places chosen by the county board of elections. In that case, the county board of elections shall choose the voting places and allocate the equipment in a way that as nearly as practicable provides equal access to the voting system for each voter. The county board of elections shall appoint as many voting system custodians as may be necessary for the proper preparation of the system for each election and for its maintenance, storage, and care. The Executive Director of the State Board of Elections may permit a county board of elections to provide more than one type of voting system in a precinct, but only upon a finding that doing so is necessary to comply with federal or State law. (2001-460, s. 3; 2005-428, s. 2.)

Part 3. Procedures at the voting place.

§ **163-166:** Repealed by Session Laws 1997-443, s. 31.

§ **163-166.01. Hours for voting.**

In every election, the voting place shall be open at 6:30 A.M. and shall be closed at 7:30 P.M. In extraordinary circumstances, the county board of elections may direct that the polls remain open until 8:30 P.M. If any voter is in line to vote at the time the polls are closed, that voter shall be permitted to vote. No voter shall be permitted to vote who arrives at the voting place after the closing of the polls.

Any voter who votes after the statutory poll closing time of 7:30 P.M. by virtue of a federal or State court order or any other lawful order, including an order of a county board of elections, shall be allowed to vote, under the provisions of that order, only by using a provisional official ballot. Any special provisional official ballots cast under this section shall be separated, counted, and held apart from other provisional ballots cast by other voters not under the effect of the order extending the closing time of the voting place. If the court order has not been reversed or stayed by the time of the county canvass, the total for that category of provisional ballots shall be added to the official canvass. (2001-460, s. 3; 2003-226, s. 14.)

Editor's Note. — Session Laws 2001-460, s. 3, enacted this section as G.S. 163-166; it was recodified as G.S. 163-166.01 at the direction of the Revisor of Statutes. Former G.S. 163-166, which was formerly codified under Article 14, had been repealed by Session Laws 1997-443, s. 31.

Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the educa-

tion and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election officials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

§ **163-166.1. Duties of county board of elections.**

The county board of elections shall:

- (1) Provide for the timely delivery to each voting place of the supplies, records, and equipment necessary for the conduct of the election.
- (2) Ensure that adequate procedures are in place at each voting place for a safe, secure, fair, and honest election.
- (3) Respond to precinct officials' questions and problems where necessary. (2001-460, s. 3.)

§ **163-166.2. Arrangement of the voting enclosure.**

Each voting enclosure shall contain at a minimum:

- (1) A sufficient number of private spaces for all voters to mark their official ballots in secrecy.

 - a. The checking of voter registration records.

- b. The distribution of official ballots.
- c. Private discussion with voters concerning irregular situations.
- (3) A telephone or some facility for communication with the county board of elections.

The equipment and furniture in the voting enclosure shall be arranged so that it can be generally seen from the public space of the enclosure. (2001-460, s. 3.)

§ 163-166.3. Limited access to the voting enclosure.

(a) **Persons Who May Enter Voting Enclosure.** — During the time allowed for voting in the voting place, only the following persons may enter the voting enclosure:

- (1) An election official.
- (2) An observer appointed pursuant to G.S. 163-45.
- (2a) A runner appointed pursuant to G.S. 163-45, but only to the extent necessary to announce that runner's presence and to receive the voter list as provided in G.S. 163-45.
- (3) A person seeking to vote in that voting place on that day but only while in the process of voting or seeking to vote.
- (4) A voter in that precinct while entering or explaining a challenge pursuant to G.S. 163-87 or G.S. 163-88.
- (5) A person authorized under G.S. 163-166.8 to assist a voter but, except as provided in subdivision (6) of this section, only while assisting that voter.
- (6) Minor children of the voter under the age of 18, or minor children under the age of 18 in the care of the voter, but only while accompanying the voter and while under the control of the voter.
- (7) Persons conducting or participating in a simulated election within the voting place or voting enclosure, if that simulated election is approved by the county board of elections.
- (8) Any other person determined by election officials to have an urgent need to enter the voting enclosure but only to the extent necessary to address that need.

(b) **Photographing Voters Prohibited.** — No person shall photograph, videotape, or otherwise record the image of any voter within the voting enclosure, except with the permission of both the voter and the chief judge of the precinct. If the voter is a candidate, only the permission of the voter is required. This subsection shall also apply to one-stop sites under G.S. 163-227.2. This subsection does not apply to cameras used as a regular part of the security of the facility that is a voting place or one-stop site.

(c) **Photographing Voted Ballot Prohibited.** — No person shall photograph, videotape, or otherwise record the image of a voted official ballot for any purpose not otherwise permitted under law. (2001-460, s. 3; 2005-428, s. 1(b); 2007-391, s. 23.)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws

2005-428, s. 1(b), effective January 1, 2006, and applicable to all primaries and elections held on or after that date, added subdivision (2a).

OPINIONS OF ATTORNEY GENERAL

Editor's Note. — *The opinion below was decided under prior similar law.*

Use of Video Cameras and Cellular Telephones by Observers. — Videotaping of voters by observers designated by a political party is outside their permissible statutory activities

and is inconsistent with the right of voters to vote by secret ballot, but the discreet use of cellular phones is permissible. See opinion of Attorney General to Gary O. Bartlett, Executive Secretary-Director, State Board of Elections, 1998 N.C.A.G. 43 (10/22/98).

§ 163-166.4. Limitation on activity in the voting place and in a buffer zone around it.

(a) Buffer Zone and Adjacent Area for Election-Related Activity. — No person or group of persons shall hinder access, harass others, distribute campaign literature, place political advertising, solicit votes, or otherwise engage in election-related activity in the voting place or in a buffer zone which shall be prescribed by the county board of elections around the voting place. In determining the dimensions of that buffer zone for each voting place, the county board of elections shall, where practical, set the limit at 50 feet from the door of entrance to the voting place, measured when that door is closed, but in no event shall it set the limit at more than 50 feet or at less than 25 feet. Except as provided in subsection (b), the county board of elections shall also provide an area adjacent to the buffer zone for each voting place in which persons or groups of persons may distribute campaign literature, place political advertising, solicit votes, or otherwise engage in election-related activity.

(b) Special Agreements About Election-Related Activity. — The Executive Director of the State Board of Elections may grant special permission for a county board of elections to enter into an agreement with the owners or managers of a nonpublic building to use the building as a voting place on the condition that election-related activity as described in subsection (a) of this section not be permitted on their property adjacent to the buffer zone, if the Executive Director finds all of the following:

- (1) That no other suitable voting place can be secured for the precinct.
- (2) That the county board will require the chief judge of the precinct to monitor the grounds around the voting place to ensure that the restriction on election-related activity shall apply to all candidates and parties equally.
- (3) That the pattern of voting places subject to agreements under this subsection does not disproportionately favor any party, racial or ethnic group, or candidate.

An agreement under this subsection shall be valid for as long as the nonpublic building is used as a voting place.

(c) Notice About Buffer Zone. — No later than 30 days before each election, the county board of elections shall make available to the public the following information concerning each voting place:

- (1) The door from which the buffer zone is measured.
- (2) The distance the buffer zone extends from that door.
- (3) Any available information concerning where political activity, including sign placement, is permitted beyond the buffer zone.

(d) Buffer Zone at One-Stop Sites. — The provisions of this section shall apply to one-stop voting sites in G.S. 163-227.2, except that the notice in subsection (c) of this section shall be provided no later than 10 days before the opening of one-stop voting at the site. (2001-460, s. 3; 2003-365, s. 1; 2007-391, s. 13.)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2007-391, s. 13, added subsection (d). For effective date, see Editor's Notes.

CASE NOTES

Editor's Note. — *The cases below were decided under former Article 13, which was repealed by Session Laws 2001-460, s. 1.*

Local Modification Held Invalid under Voting Rights Act. — Session Laws 1969, c. 1039, is inoperable in Cumberland, Franklin, Guilford and Vance Counties. *Clayton v. North Carolina State Bd. of Elections*, 317 F. Supp. 915 (E.D.N.C. 1970).

Session Laws 1969, c. 1039, changed electioneering practices in the four counties covered by the Voting Rights Act in 1969 from what they had been on November 1, 1964. This change was a change in "standard, practice, or procedure with respect to voting" within the meaning of section 5 of the Voting Rights Act. *Clayton v. North Carolina State Bd. of Elections*, 317 F. Supp. 915 (E.D.N.C. 1970).

There is no possible basis to explain, or any state of facts to justify, the difference in treatment between the counties to which Session

Laws 1969, c. 1039, is applicable and the 94 counties which are governed by prior law. Therefore, Session Laws 1969, c. 1039, denies equal protection of the laws. *Clayton v. North Carolina State Bd. of Elections*, 317 F. Supp. 915 (E.D.N.C. 1970).

The right to vote includes the right to be educated on the candidates and propositions for which a vote is to be cast. To increase the closest distribution points to the circumference of a circle having a 500 foot radius rather than the circumference of a circle having a 50 foot radius would result in a greatly increased burden on political parties and render more difficult the distribution of campaign literature to persons converging on the polling place. More importantly, distributions to far fewer voters would be accomplished under Session Laws 1969, c. 1039, than previously. *Clayton v. North Carolina State Bd. of Elections*, 317 F. Supp. 915 (E.D.N.C. 1970).

§ 163-166.5. Procedures at voting place before voting begins.

The State Board of Elections shall promulgate rules for precinct officials to set up the voting place before voting begins. Those rules shall emphasize:

- (1) Continual participation or monitoring by officials of more than one party.
- (2) Security of official ballots, records, and equipment.
- (3) The appearance as well as the reality of care, efficiency, impartiality, and honest election administration.

The county boards of elections and precinct officials shall adhere to those procedures. (2001-460, s. 3.)

§ 163-166.6. Designation of tasks.

The State Board of Elections shall promulgate rules for the delegation of tasks among the election officials at each precinct. Those rules shall emphasize:

- (1) The need to place primary managerial responsibility upon the chief judge.
- (2) The need to have maximum multiparty participation in all duties where questions of partisan partiality might be raised.
- (3) The need to provide flexibility of management to the county board of elections and to the chief judge, in consideration of different abilities of officials, the different availability of officials, and the different needs of voters precinct by precinct. (2001-460, s. 3.)

§ 163-166.7. Voting procedures.

(a) Checking Registration. — A person seeking to vote shall enter the voting enclosure through the appropriate entrance. A precinct official assigned to check registration shall at once ask the voter to state current name and residence address. The voter shall answer by stating current name and residence address. In a primary election, that voter shall also be asked to state, and shall state, the political party with which the voter is affiliated or, if unaffiliated, the authorizing party in which the voter wishes to vote. After examination, that official shall state whether that voter is duly registered to vote in that precinct and shall direct that voter to the voting equipment or to the official assigned to distribute official ballots. If a precinct official states that the person is duly registered, the person shall sign the pollbook, other voting record, or voter authorization document in accordance with subsection (c) of this section before voting.

(b) Distribution of Official Ballots. — If the voter is found to be duly registered and has not been successfully challenged, the official assigned to distribute the official ballots shall hand the voter the official ballot that voter is entitled to vote, or that voter shall be directed to the voting equipment that contains the official ballot. No voter in a primary shall be permitted to vote in more than one party's primary. The precinct officials shall provide the voter with any information the voter requests to enable that voter to vote as that voter desires.

(c) The State Board of Elections shall promulgate rules for the process of voting. Those rules shall emphasize the appearance as well as the reality of dignity, good order, impartiality, and the convenience and privacy of the voter. Those rules, at a minimum, shall include procedures to ensure that all the following occur:

- (1) The voting system remains secure throughout the period voting is being conducted.
- (2) Only properly voted official ballots or paper records of individual voted ballots are introduced into the voting system.
- (3) Except as provided by G.S. 163-166.9, no official ballots leave the voting enclosure during the time voting is being conducted there. The rules shall also provide that during that time no one shall remove from the voting enclosure any paper record or copy of an individually voted ballot or of any other device or item whose removal from the voting enclosure could permit compromise of the integrity of either the machine count or the paper record.
- (4) All improperly voted official ballots or paper records of individual voted ballots are returned to the precinct officials and marked as spoiled.
- (5) Voters leave the voting place promptly after voting.
- (6) Voters not clearly eligible to vote in the precinct but who seek to vote there are given proper assistance in voting a provisional official ballot or guidance to another voting place where they are eligible to vote.
- (7) Information gleaned through the voting process that would be helpful to the accurate maintenance of the voter registration records is recorded and delivered to the county board of elections.
- (8) The registration records are kept secure. The State Board of Elections shall permit the use of electronic registration records in the voting place in lieu of or in addition to a paper pollbook or other registration record.
- (9) Party observers are given access as provided by G.S. 163-45 to current information about which voters have voted.
- (10) The voter, before voting, shall sign that voter's name on the pollbook, other voting record, or voter authorization document. If the voter is

unable to sign, a precinct official shall enter the person's name on the same document before the voter votes. (2001-460, s. 3; 2003-226, s. 14.1; 2005-323, s. 1(a1); 2005-428, s. 12.)

Editor's Note. — Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election officials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

Session Laws 2005-323, s. 8, provides: "The State Board of Elections shall recommend a model code of ethics for members and employees of county boards of elections and of the State Board of Elections. The code shall address the appropriate relations between those members and staff and vendors who do business or seek to do business with boards of elections in North Carolina. It shall address how to avoid both the reality and the appearance of conflicts of interest and impropriety. The State Board shall report its recommended code to the Joint Select Committee on Electronic Voting Systems and to the Joint Legislative Commission on Governmental Operations no later than 60 days after this act becomes law."

CASE NOTES

Editor's Note. — *The cases below were decided under former Article 13, which was repealed by Session Laws 2001-460, s. 1.*

Right of Voter to Make Ballot Public. — The provision of the state Constitution providing that elections by the people shall be by ballot (see N.C. Const., Art. VI, § 5) means that the elector has the right to put his ballot in the box and to refuse to disclose for whom he voted, but this privilege of voting a secret ballot is entirely a personal one. Hence, the voter has the right at the time of voting to voluntarily make his ballot public. *Jenkins v. State Bd. of Elections*, 180 N.C. 169, 104 S.E. 346 (1920).

Election Held Not Vitiating by Short Absence of Officer in Charge. — Fact that one of the officers appointed to conduct an election

was absent a short time from the polls, during which time no vote was cast and the ballot boxes were not tampered with, nor was any opportunity afforded for tampering with them, did not vitiate election. *State ex rel. DeBerry v. Nicholson*, 102 N.C. 465, 9 S.E. 545 (1889).

Inquiry as to Voter's Qualifications Rests with Election Officials. — The law does not contemplate that a watcher or any other person, when he challenges a voter at the polls, may take charge and conduct a hearing with respect to the voter's right to vote. The inquiry with respect to the voter's qualifications to vote rests with the election officials. *Overton v. Mayor & City Comm'rs*, 253 N.C. 306, 116 S.E.2d 808 (1960).

§ 163-166.7A. Voter education and information.

(a) Posting the Information. — For each election that involves candidates for federal or State office, each county board of elections shall post at each active voting place the following information in a manner and format approved by the State Board of Elections:

- (1) A sample ballot as required by G.S. 163-165.2.
- (2) The date of the election and the hours the voting place will be open.
- (3) Instructions on how to vote, including how to cast a vote or correct a vote on the voting systems available for use in that voting place.
- (4) Instructions on how to cast a provisional ballot.
- (5) Instructions to mail-in registrants and first-time voters on how to comply with the requirements in section 303(b) of the Help America Vote Act of 2002 concerning voter identifications.

- (6) General information on voting rights under applicable federal and State law, including information on the right of an individual to cast a provisional ballot and instructions on how to contact the appropriate officials if the voter believes those rights have been violated.
- (7) General information on federal and State laws that prohibit acts of fraud and misrepresentation as to voting and elections.

(b) Intent. — The posting required by subsection (a) of this section is intended to meet the mandate of the voting information requirements in section 302(b) of the Help America Vote Act of 2002. (2003-226, s. 8.)

Editor's Note. — Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election offi-

cials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

§ 163-166.8. Assistance to voters.

(a) Any registered voter qualified to vote in the election shall be entitled to assistance with entering and exiting the voting booth and in preparing ballots in accordance with the following rules:

- (1) Any voter is entitled to assistance from the voter's spouse, brother, sister, parent, grandparent, child, grandchild, mother-in-law, father-in-law, daughter-in-law, son-in-law, stepparent, or stepchild, as chosen by the voter.
- (2) A voter in any of the following four categories is entitled to assistance from a person of the voter's choice, other than the voter's employer or agent of that employer or an officer or agent of the voter's union:
 - a. A voter who, on account of physical disability, is unable to enter the voting booth without assistance.
 - b. A voter who, on account of physical disability, is unable to mark a ballot without assistance.
 - c. A voter who, on account of illiteracy, is unable to mark a ballot without assistance.
 - d. A voter who, on account of blindness, is unable to enter the voting booth or mark a ballot without assistance.

(b) A qualified voter seeking assistance in an election shall, upon arriving at the voting place, request permission from the chief judge to have assistance, stating the reasons. If the chief judge determines that such assistance is appropriate, the chief judge shall ask the voter to point out and identify the person the voter desires to provide such assistance. If the identified person meets the criteria in subsection (a) of this section, the chief judge shall request the person indicated to render the assistance. The chief judge, one of the judges, or one of the assistants may provide aid to the voter if so requested, if the election official is not prohibited by subdivision (a) (2) of this section. Under no circumstances shall any precinct official be assigned to assist a voter qualified for assistance, who was not specified by the voter.

(c) A person rendering assistance to a voter in an election shall be admitted to the voting booth with the voter being assisted. The State Board of Elections

shall promulgate rules governing voter assistance, and those rules shall adhere to the following guidelines:

- (1) The person rendering assistance shall not in any manner seek to persuade or induce any voter to cast any vote in any particular way.
- (2) The person rendering assistance shall not make or keep any memorandum of anything which occurs within the voting booth.
- (3) The person rendering assistance shall not, directly or indirectly, reveal to any person how the assisted voter marked ballots, unless the person rendering assistance is called upon to testify in a judicial proceeding for a violation of the election laws. (2001-460, s. 3.)

CASE NOTES

Editor's Note. — *The case below was decided under former Article 13, which was repealed by Session Laws 2001-460, s. 1.*

Violations. — It was a violation of a former version of G.S. 163-172 for a judge of elections to mark the ballots for voters without any request for assistance by the voters, or, in the

event of a request for assistance, to fail to return the marked ballot to the voter in order that the voter might see how it was marked before putting it in the ballot box. *Overton v. Mayor & City Comm'rs*, 253 N.C. 306, 116 S.E.2d 808 (1960).

§ 163-166.9. Curbside voting.

In any election or referendum, if any qualified voter is able to travel to the voting place, but because of age or physical disability and physical barriers encountered at the voting place is unable to enter the voting enclosure to vote in person without physical assistance, that voter shall be allowed to vote either in the vehicle conveying that voter or in the immediate proximity of the voting place. The State Board of Elections shall promulgate rules for the administration of this section. (2001-460, s. 3.)

§ 163-166.10. Procedures after the close of voting.

The State Board of Elections shall promulgate rules for closing the voting place and delivering voting information to the county board of elections for counting, canvassing, and record maintenance. Those rules shall emphasize the need for the appearance as well as the reality of security, accuracy, participation by representatives of more than one political party, openness of the process to public inspection, and honesty. The rules, at a minimum, shall include procedures to ensure all of the following:

- (1) The return and accurate accounting of all official ballots, regular, provisional, voted, unvoted, and spoiled, according to the provisions of Article 15A of this Chapter.
- (2) The certification of ballots and voter-authorization documents by precinct officials of more than one political party.
- (3) The delivery to the county board of elections of registration documents and information gleaned through the voting process that would be helpful in the accurate maintenance of the voter registration records.
- (4) The return to the county board of all issued equipment.
- (5) The restoration of the voting place to the condition in which it was found. (2001-460, ss. 3, 3.1.)

Editor's Note. — Session Laws 2001-460, s. 3.1, effective January 1, 2002, contingent on Senate Bill 14 becoming law, substituted "Arti-

cle 15A" for "Articles 15 and 16" in subdivision (1). Senate Bill 14 is now Session Laws 2001-398.

§ 163-166.11. Provisional voting requirements.

If an individual seeking to vote claims to be a registered voter in a jurisdiction as provided in G.S. 163-82.1 and though eligible to vote in the election does not appear on the official list of eligible registered voters in the voting place, that individual may cast a provisional official ballot as follows:

- (1) An election official at the voting place shall notify the individual that the individual may cast a provisional official ballot in that election.
- (2) The individual may cast a provisional official ballot at that voting place upon executing a written affirmation before an election official at the voting place, stating that the individual is a registered voter in the jurisdiction as provided in G.S. 163-82.1 in which the individual seeks to vote and is eligible to vote in that election.
- (2a) A voter who has moved within the county more than 30 days before election day but has not reported the move to the board of elections shall not be required on that account to vote a provisional ballot at the one-stop site, as long as the one-stop site has available all the information necessary to determine whether a voter is registered to vote in the county and which ballot the voter is eligible to vote based on the voter's proper residence address. The voter with that kind of unreported move shall be allowed to vote the same kind of absentee ballot as other one-stop voters as provided in G.S. 163-227.2(e2).
- (3) At the time the individual casts the provisional official ballot, the election officials shall provide the individual written information stating that anyone casting a provisional official ballot can ascertain whether and to what extent the ballot was counted and, if the ballot was not counted in whole or in part, the reason it was not counted. The State Board of Elections or the county board of elections shall establish a system for so informing a provisional voter. It shall make the system available to every provisional voter without charge, and it shall build into it reasonable procedures to protect the security, confidentiality, and integrity of the voter's personal information and vote.
- (4) The cast provisional official ballot and the written affirmation shall be secured by election officials at the voting place according to guidelines and procedures adopted by the State Board of Elections. At the close of the polls, election officials shall transmit the provisional official ballots cast at that voting place to the county board of elections for prompt verification according to guidelines and procedures adopted by the State Board of Elections.
- (5) The county board of elections shall count the individual's provisional official ballot for all ballot items on which it determines that the individual was eligible under State or federal law to vote. (2003-226, s. 15; 2005-2, s. 4; 2005-428, s. 6(b).)

Editor's Note. — Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election offi-

cials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

Session Laws 2005-2, s. 1, provides: "The

General Assembly makes the following findings:

“(1) In 2003, the General Assembly enacted S.L. 2003-226, which contained a number of changes to the State’s election laws, designed in part to implement provisions of the federal Help America Vote Act of 2002 (HAVA) in such a way as to avoid having separate laws for federal and State elections and otherwise to encourage and expand the exercise of the franchise. One such enactment was codified as G.S. 163-166.11, which spells out procedures for the casting of provisional official ballots. A voter’s eligibility to cast a provisional official ballot depends on being a registered voter in the jurisdiction in which the voter seeks to vote. The ‘jurisdiction’ in which a voter in North Carolina registers to vote is the county. This is the unmistakable meaning of G.S. 163-82.1 and has not heretofore been challenged or questioned.

“(2) In S.L. 2003-226, the General Assembly expressly stated its intent to ‘ensure that the State of North Carolina has a system for all elections that complies with the requirements for federal elections set forth in’ HAVA. It was then and is now the intent of the General Assembly that the provisions of HAVA be broadly construed and that they be implemented in North Carolina in a manner to ensure a unified system of federal and State elections in compliance with HAVA.

“(3) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that any individual who is a registered voter in a county but whose name does not appear on the official list of registered voters at the voting place at which that voter appears be allowed to cast a provisional official ballot.

“(4) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that all provisional ballots be counted for all those ballot items for which a voter was eligible to vote. In enacting G.S. 163-166.11 in 2003, the General Assembly was fully mindful of and intended to reinforce the fact that prior statutory enactments in 2001 had already recognized the right of a voter to cast a provisional ballot and to have that ballot counted for all items for which that voter was eligible to vote. See G.S. 163-182.2(a)(4). Even prior to 2003, the General Statutes recognized the right of a registered voter to cast a provisional ballot and to have that ballot counted for all those items for which the voter was duly qualified to vote.

“(5) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that the State Board of Elections act in a manner that would result in a single system for federal and State elections, rather than one system for federal elections and an-

other for State elections. In enacting G.S. 163-166.11 in 2003, the General Assembly was mindful of and intended to reinforce the fact that it had already provided in 2001 in G.S. 163-166.7(c)(6) that the State Board of Elections would adopt rules to ensure that voters ‘not clearly eligible to vote in the precinct but who seek to vote there are given proper assistance in voting a provisional official ballot or guidance to another voting place where they are eligible to vote.’ The possibility of out-of-precinct provisional voting was thus recognized by the General Assembly as early as 2001.

“(6) The law regarding provisional ballots does not rest solely on G.S. 163-82.15(e), which addresses the narrow circumstance of ‘Unreported Move[s] to Another Precinct Within the County.’ Though that statute mentions two ways in which precinct officials may process registrants, it is not exclusive. G.S. 163-82.15(e) is part of the statutory Article on voter registration, rather than on voting, and should be read in that context. It was enacted in 1994, before provisional voting was codified in North Carolina. The enactment of G.S. 163-166.7(c)(6) in 2001 is the authority giving the State Board of Elections the duty to apply the broader laws of provisional voting, including G.S. 163-166.11. Any reading of G.S. 163-166.11 that would limit that statute’s provisions to the narrower class of voting situations governed by the earlier enacted provisions of G.S. 163-82.15(e) would ignore the long-standing principle of statutory construction that statutes relating to the same subject matter should be reconciled in such a manner as to effect the scope and meaning of the later enactment and read in a manner that would tend most completely to secure the rights of all persons affected by the legislation. It was then and is now the intent of the General Assembly in enacting G.S. 163-166.11 to expand the exercise of the franchise, not to limit it or to restrict it by the terms of earlier and narrower enactments.

“(7) The State Board of Elections and all county boards of elections were following the intent of the General Assembly when they administered G.S. 163-166.11 and the earlier enacted statutes in G.S. 163-182.2(a)(4) and G.S. 163-166.7(c)(6) to count in whole or in part ballots cast by registered voters in the county who voted outside their resident precincts in the July 20, 2004, Primary, the August 17, 2004, Second Primary, and the November 2, 2004, General Election.

“(8) Several hundred thousand registered North Carolina voters cast ballots outside their resident precincts during the one-stop absentee balloting (‘early voting’) period pursuant to G.S. 163-227.2 prior to the General Election in November 2004, during the two primaries in 2004, and then on the date of the General Election in November 2004. There is no statutory basis

upon which to distinguish out-of-precinct voting that occurred on the date of the General Election in November 2004 from out-of-precinct voting that occurred during the First and Second Primaries in 2004 or that occurred during the period of one-stop absentee ('early') voting prior to the General Election of 2004.

"(9) The General Assembly takes note of the fact that of those registered voters who happened to vote provisional ballots outside their resident precincts on the day of the November 2004 General Election, a disproportionately high percentage were African-American.

"(10) The General Assembly notes that in addition to provisional voting on the date of the General Election pursuant to G.S. 163-166.11, the General Statutes abound with provisions that allow voters to cast votes outside their resident precincts:

"a. Civilian absentee voting by mail, G.S. 163-226.

"b. Military and overseas citizens absentee voting, G.S. 163-245.

"c. One-stop absentee (early) voting, G.S. 163-227.2.

"d. Voting in a voting place on a lot adjacent to the precinct, G.S. 163-128.

"e. Temporarily voting in an adjacent precinct, G.S. 163-128.

"f. Voting in a precinct outside the voting place where no suitable facility exists inside it or adjacent to it, G.S. 163-130.1.

"g. Voting at a central location in the county by voters who no longer live in the precinct where their name is listed on registration lists, G.S. 163-82.15(e).

"All those provisions were enacted prior to G.S. 163-166.11. Most were enacted decades before. As many as 1,000,000 people in North Carolina may have cast out-of-precinct votes using all out-of-precinct methods in 2004.

"(11) It would be fundamentally unfair to discount the provisional official ballots cast by properly registered and duly qualified voters voting and acting in reliance on the statutes adopted by the General Assembly and administered by the State Board of Elections in accordance with its intent. Moreover, to subtract such ballots only from the count for the General Election of 2004 without also doing so for the

First or Second Primaries of 2004 would create a bizarre result in which out-of-precinct provisional ballots are allowed to count for some elections but not others. The General Assembly did not and does not now intend to create such a system.

"(12) Even if the State Board of Elections had misread the language and intent of the General Statutes concerning provisional voting, which it did not do, it has been the long-standing and hitherto unquestioned law of this State, confirmed by prior decisions of the North Carolina Supreme Court, that an innocent voter's ballot shall not be disqualified because of errors or omissions by elections officials. This fundamental principle was adopted by Justice Samuel J. Ervin Jr. in the case of *Owens v. Chaplin*, 228 N.C. 705 (1948) using the following language:

'We can conceive of no principle which permits the disfranchisement of innocent voters for the mistake, or even the willful misconduct, of election officials in performing the duty cast upon them. The object of elections is to ascertain the popular will, and not to thwart it. The object of election laws is to secure the rights of duly-qualified electors, and not to defeat them.'

"See also *Appeal of Judicial Review by Republican Candidates for Election in Clay County*, 45 N.C. App. 556 (1980).

"The General Assembly endorses and reaffirms this fundamental principle.

"(13) It is the will of the people, as expressed through their representatives in the General Assembly, that the validity of the primaries and elections conducted in 2004 and certified by a county board of elections or the State Board of Elections, not be called into question by retroactively revisiting the propriety of provisional ballots cast by duly registered voters of a county.

"(14) To avoid all doubt and remove any possible future question as to the General Assembly's plain intent with respect to the subject of provisional voting, and to avoid misinterpretation of any other statute, the General Assembly enacts Sections 2 through 5 of this act."

Subdivision (2a), added by Session Laws 2005-428, s. 6(b), effective September 22, 2005, is applicable to all primaries and elections held on or after that date.

CASE NOTES

Provisional Ballots Cast in Incorrect Precinct. — North Carolina Board of Elections, pursuant to G.S. 163-82.15(e), improperly counted provisional ballots cast by voters

on election day in a general election at precincts other than the voter's correct precinct of residence. *James v. Bartlett*, 359 N.C. 260, 607 S.E.2d 638, 2005 N.C. LEXIS 146 (2005).

§ 163-166.12. Requirements for certain voters who register by mail.

(a) Voting in Person. — An individual who has registered to vote by mail on or after January 1, 2003, and has not previously voted in an election that includes a ballot item for federal office in North Carolina, shall present to a local election official at a voting place before voting there one of the following:

- (1) A current and valid photo identification.
- (2) A copy of one of the following documents that shows the name and address of the voter: a current utility bill, bank statement, government check, paycheck, or other government document.

(b) Voting Mail-In Absentee. — An individual who has registered to vote by mail on or after January 1, 2003, and has not previously voted in an election that includes a ballot item for federal office in North Carolina, in order to cast a mail-in absentee vote, shall submit with the mailed-in absentee ballot one of the following:

- (1) A copy of a current and valid photo identification.
- (2) A copy of one of the following documents that shows the name and address of the voter: a current utility bill, bank statement, government check, paycheck, or other government document.

(b1) The county board of elections shall note the type of identification proof submitted by the voter under the provisions of subsection (a) or (b) of this section and may dispose of the tendered copy of identification proof as soon as the type of proof is noted in the voter registration records.

(b2) Voting When Identification Numbers Do Not Match. — Regardless of whether an individual has registered by mail or by another method, if the individual has provided with the registration form a drivers license number or last four digits of a Social Security number but the computer validation of the number as required by G.S. 163-82.12 did not result in a match, and the number has not been otherwise validated by the board of elections, in the first election in which the individual votes that individual shall submit with the ballot the form of identification described in subsection (a) or subsection (b) of this section, depending upon whether the ballot is voted in person or absentee. If that identification is provided and the board of elections does not determine that the individual is otherwise ineligible to vote a ballot, the failure of identification numbers to match shall not prevent that individual from registering to vote and having that individual's vote counted. If the individual registers and votes under G.S. 163-82.6A, the identification documents required in that section, rather than those described in subsection (a) or (b) of this section, apply.

(c) The Right to Vote Provisionally. — If an individual is required under subsection (a), (b), or (b2) of this section to present identification in order to vote, but that individual does not present the required identification, that individual may vote a provisional official ballot. If the voter is at the voting place, the voter may vote provisionally there without unnecessary delay. If the voter is voting by mail-in absentee ballot, the mailed ballot without the required identification shall be treated as a provisional official ballot.

(d) Exemptions. — This section does not apply to any of the following:

- (1) An individual who registers by mail and submits as part of the registration application either of the following:
 - a. A copy of a current and valid photo identification.
 - b. A copy of one of the following documents that shows the name and address of the voter: a current utility bill, bank statement, government check, paycheck, or other government document.
- (2) An individual who registers by mail and submits as part of the registration application the individual's drivers license number or at

least the last four digits of the individual's social security number where an election official matches either or both of the numbers submitted with an existing State identification record bearing the same number, name, and date of birth contained in the submitted registration. If any individual's number does not match, the individual shall provide identification as required in subsection (b2) of this section in the first election in which the individual votes.

- (3) An individual who is entitled to vote by absentee ballot under the Uniformed and Overseas Citizens Absentee Voting Act.
- (4) An individual who is entitled to vote otherwise than in person under section 3(b)(2)(B)(ii) of the Voting Accessibility for the Elderly and Handicapped Act.
- (5) An individual who is entitled to vote otherwise than in person under any other federal law. (2003-226, s. 16; 2004-127, s. 3; 2007-391, s. 21(a).)

Editor's Note. — Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and training of precinct officials and other election officials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to

meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2007-391, s. 21(a), added subsection (b2); substituted "(a), (b), or (b2)" for "(a) or (b)" in subsection (c); and added the last sentence in (d)(2). For effective date, see Editor's Notes.

*Counting Official Ballots, Canvassing Votes, Hearing Protests,
and Certifying Results.***§ 163-182. Definitions.**

In addition to the definitions stated below, the definitions set forth in Article 13A of Chapter 163 of the General Statutes also apply to this Article. As used in this Article, the following definitions apply:

- (1) "Abstract" means a document signed by the members of the board of elections showing the votes for each candidate and ballot proposal on the official ballot in the election. The abstract shall show a total number of votes for each candidate in each precinct and a total for each candidate in the county. It shall also show the number of votes for each candidate among the absentee official ballots, among the provisional official ballots, and in any other category of official ballots that is not otherwise reported.
- (2) "Certificate of election" means a document prepared by the official or body with the legal authority to do so, conferring upon a candidate the right to assume an elective office as a result of being elected to it.
- (3) "Composite abstract" means a document signed by the members of the State Board of Elections showing the total number of votes for each candidate and ballot proposal and the number of votes in each county. A composite abstract does not include precinct returns.
- (4) "Protest" means a complaint concerning the conduct of an election which, if supported by sufficient evidence, may require remedy by one or more of the following:
 - a. A correction in the returns.
 - b. A discretionary recount as provided in G.S. 163-182.7.
 - c. A new election as provided in G.S. 163-182.13. (2001-398, s. 3.)

Editor's Note. — At the direction of the Revisor of Statutes, subdivisions (2) and (3) have been redesignated as subdivisions (3) and (2), respectively, to maintain alphabetical order.

Session Laws 2001-398, s. 16, provides: "The State Board of Elections shall adopt temporary rules pursuant to G.S. 150B-21.1(a5) prior to the first election following the effective date of this act."

Former G.S. 163-182 had been reserved for future codification purposes under Article 15, which was repealed by Session Laws 2001-398, s. 1, effective January 1, 2002.

pari materia with primary election law, see *Phillips v. Slaughter*, 209 N.C. 543, 183 S.E. 897 (1935); *McLean v. Durham County Bd. of Elections*, 222 N.C. 6, 21 S.E.2d 842 (1942).

§ 163-182.1. Principles and rules for counting official ballots.

(a) General Principles That Shall Apply. — The following general principles shall apply in the counting of official ballots, whether the initial count or any recount:

- (1) Only official ballots shall be counted.
 - (2) No official ballot shall be rejected because of technical errors in marking it, unless it is impossible to clearly determine the voter's choice.
 - (3) If it is impossible to clearly determine a voter's choice in a ballot item, the official ballot shall not be counted for that ballot item, but shall be counted in all other ballot items in which the voter's choice can be clearly determined.
 - (4) If an official ballot is marked in a ballot item with more choices than there are offices to be filled or propositions that may prevail, the official ballot shall not be counted for that ballot item, but shall be counted in all other ballot items in which there is no overvote and the voter's choice can be clearly determined.
 - (5) If an official ballot is rejected by a scanner or other counting machine, but human counters can clearly determine the voter's choice, the official ballot shall be counted by hand and eye.
 - (6) Write-in votes shall not be counted in party primaries or in referenda, but shall be counted in general elections if all of the following are true:
 - a. The write-in vote is written by the voter or by a person authorized to assist the voter pursuant to G.S. 163-166.8.
 - b. The write-in vote is not cast for a candidate who has failed to qualify under G.S. 163-123 as a write-in candidate.
 - c. The voter's choice can be clearly determined.
 - (7) Straight-party ticket and split-ticket votes shall be counted in general elections according to the following guidelines:
 - a. If a voter casts a vote for a straight-party ticket, that vote shall be counted for all the candidates of that party, other than those for President and Vice President, in the partisan ballot items on that official ballot except as otherwise provided in this subdivision.
 - b. If a voter casts a vote for a straight-party ticket and also votes in a partisan ballot item for a candidate not of that party, the official ballot shall be counted in that ballot item only for the individually marked candidate. In partisan ballot items where no mark is made for an individual candidate, the official ballot shall be counted for the candidates of the party whose straight ticket the voter voted.
 - c. If a voter casts a vote for a straight-party ticket and also casts a write-in vote in any partisan ballot item, the straight-party ticket vote shall not control the way the official ballot is counted in that ballot item, except to the extent it would control in the case of crossover voting under this subdivision. The following principles shall apply:
 1. If the write-in vote is proper under subdivision (6) of this subsection, that write-in candidate shall receive a vote.
 2. If the write-in vote is not proper under subdivision (6) of this subsection and no other candidate is individually marked in that ballot item, then no vote shall be counted in that ballot item.
 3. If the straight-ticket voter casts both write-in votes and individually marked votes for ballot candidates in a ballot item, then the write-in and individually marked votes shall be counted unless the write-in is not proper under subdivision (6) of this subsection or an overvote results.
- (b) Procedures and Standards. — The State Board of Elections shall adopt uniform and nondiscriminatory procedures and standards for voting systems. The standards shall define what constitutes a vote and what will be counted as

a vote for each category of voting system used in the State. The State Board shall adopt those procedures and standards at a meeting occurring not earlier than 15 days after the State Board gives notice of the meeting. The procedures and standards adopted shall apply to all elections occurring in the State and shall be subject to amendment or repeal by the State Board acting at any meeting where notice that the action has been proposed has been given at least 15 days before the meeting. These procedures and standards shall not be considered to be rules subject to Article 2A of Chapter 150B of the General Statutes. However, the State Board shall publish in the North Carolina Register the procedures and standards and any changes to them after adoption, with that publication noted as information helpful to the public under G.S. 150B-21.17(a)(6). Copies of those procedures and standards shall be made available to the public upon request or otherwise by the State Board. For optical scan and direct record electronic voting systems, and for any other voting systems in which ballots are counted other than on paper by hand and eye, those procedures and standards shall do both of the following:

- (1) Provide for a sample hand-to-eye count of the paper ballots or paper records of a statewide ballot item in every county. The presidential ballot item shall be the subject of the sampling in a presidential election. If there is no statewide ballot item, the State Board shall provide a process for selecting district or local ballot items to adequately sample the electorate. The State Board shall approve in an open meeting the procedure for randomly selecting the sample precincts for each election. The random selection of precincts for any county shall be done publicly after the initial count of election returns for that county is publicly released or 24 hours after the polls close on election day, whichever is earlier. The sample chosen by the State Board shall be of one or more full precincts, full counts of mailed absentee ballots, full counts of one or more one-stop early voting sites, or a combination. The size of the sample of each category shall be chosen to produce a statistically significant result and shall be chosen after consultation with a statistician. The actual units shall be chosen at random. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count, the hand-to-eye count shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count. If the discrepancy between the hand-to-eye count and the mechanical or electronic count is significant, a complete hand-to-eye count shall be conducted.
- (2) Provide that if the voter selects votes for more than the number of candidates to be elected or proposals to be approved in a ballot item, the voting system shall do all the following:
 - a. Notify the voter that the voter has selected more than the correct number of candidates or proposals in the ballot item.
 - b. Notify the voter before the vote is accepted and counted of the effect of casting overvotes in the ballot item.
 - c. Provide the voter with the opportunity to correct the official ballot before it is accepted and counted. (2001-398, s. 3; 2003-226, s. 13; 2005-323, s. 5(a); 2006-192, s. 7(a); 2006-264, s. 76(b).)

Editor's Note. — Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of

2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

"The General Assembly finds that the education and training of election officials as required by G.S. 163-82.34 has met and continues to meet the mandate for the education and train-

ing of precinct officials and other election officials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

Effect of Amendments. — Session Laws 2003-226, s. 13, effective January 1, 2006, and applicable with respect to all primaries and elections held on or after that date, rewrote subsection (b).

Session Laws 2005-323, s. 5(a), effective January 1, 2006, in subsection (b), divided the former first paragraph into the present first paragraph and present subdivision (2), redesignated former subdivisions (1) through (3) as present subdivisions a. through c., added subdivision (1), and rewrote the last sentence at the end of the introductory paragraph.

Session Laws 2006-192, s. 7(a), effective August 3, 2006, added the fourth and fifth sentences in subdivision (b)(1).

Session Laws 2006-264, s. 76(b), effective August 27, 2006, in the fourth (now seventh sentence) sentence of subdivision (b)(1), inserted "one or more", inserted "mailed", substituted "full counts of one or more" for "and full counts", and substituted "sites, or a combination" for "sites" at the end.

CASE NOTES

Editor's Note. — *The cases below were decided under former Articles 13 and 15.*

Constitutionality of Anti-Single Shot Law. — Selective and arbitrary application of the anti-single shot law formerly set forth in this section [former G.S. 163-151] in some districts and not in others denied to the voters of North Carolina the equal protection of the laws and was unconstitutional, as the state showed no justification or even rationale for discriminating between voters of covered and exempted areas. Such an unexplained classification was inherently suspect and failed even the ordinary test of equal protection. *Dunston v. Scott*, 336 F. Supp. 206 (E.D.N.C. 1972).

The anti-single shot law formerly contained in this section [former G.S. 163-151] denied to voters in North Carolina the equal protection of the laws, because it allowed voters to single shot vote in some areas of the state while prohibiting this manner of voting in others, and the state showed no justification for this discrimination. *Dunston v. Scott*, 336 F. Supp. 206 (E.D.N.C. 1972).

Legislative directive to count an improperly split ballot as a vote for the straight party ticket is unconstitutional. — This provision of the statute [former G.S. 163-151] denies the equal protection of the laws to both the voter and the opponent of the candidate named on the straight party ticket. *Hendon v. North Carolina State Bd. of Elections*, 710 F.2d 177 (4th Cir. 1983).

This provision of the statute [former G.S. 163-170] denies the equal protection of the laws to both the voter and the opponent of the candidate named on the straight party ticket. *Hendon v. North Carolina State Bd. of Elections*, 710 F.2d 177 (4th Cir. 1983).

Although subdivision (5)a of this section [former § 163-151] is not facially unconsti-

tutional, it may turn out to be unconstitutionally applied if (1) the electronic punch card system (CES) and optically scanned paper ballot system (Airmac) can be programmed to record split tickets in substantially the same manner as voting machines, and (2) the State offers no rational explanation for requiring voters who are furnished the CES and Airmac systems to suffer a much more onerous burden than voters who are furnished voting machines. *Hendon v. North Carolina State Bd. of Elections*, 710 F.2d 177 (4th Cir. 1983).

Treatment of Amendments Under Voting Rights Act. — Every amendment to the anti-single shot law formerly contained in this section [former G.S. 163-151], whether an addition or deletion, which affected any part of one or more of the 39 counties covered by the Voting Rights Act of 1965 should have been submitted to the Attorney General of the United States or been the subject of a declaratory judgment action as outlined by 42 U.S.C. § 1973c. *Dunston v. Scott*, 336 F. Supp. 206 (E.D.N.C. 1972).

Write-in provisions of this section [former § 163-151] are not available to candidate denied access to primary election ballot under § 163-107, nor are the provisions of G.S. 163-96, 163-98 and 163-122. *Brown v. North Carolina State Bd. of Elections*, 394 F. Supp. 359 (W.D.N.C. 1975).

Extrinsic Evidence to Determine Voter's Choice. — If a write-in candidate's name is on the ballot, but not in exact accordance with mandatory statutory requirements, the court may look to extrinsic evidence to see if the voter's choice can be determined. *In re Manteo Town Election*, 117 N.C. App. 213, 450 S.E.2d 519 (1994).

Ballots which had no name written on them did not express an intention of the voter's

choice because they did not contain a write-in candidate's name, a variation of his name, or any name at all, and completely disregarded the requirements of this section [former G.S. 163-151] and former G.S. 163-170, or the instructions on the ballot. In *re* Manteo Town Election, 117 N.C. App. 213, 450 S.E.2d 519 (1994).

Evidence as to Which of Two Candidates with Same Name Intended. — If there are two candidates for different offices who have the same name, and a ticket is found in the ballot box having that name and no other on it, it may be proved by extrinsic evidence for which of the candidates it was given. *Wilson v. Peterson*, 69 N.C. 113 (1873).

Ballots Held Improperly Rejected. — The statute [former G.S. 163-170] does not contemplate throwing out the whole ballot for voting one ticket for too many candidates. Hence, a ballot for one claiming the office of register of deeds, which was thrown out because it contained two unmarked names, instead of one, for the office of recorder of the county, was improv-

erly rejected as a vote for register, since the elector's choice for such office was properly indicated. *Bray v. Baxter*, 171 N.C. 6, 86 S.E. 163 (1915).

A ballot the only defect of which was that it contained unmarked names of four persons for the office of county commissioner, while only three commissioners were to be elected, was improperly rejected. *Bray v. Baxter*, 171 N.C. 6, 86 S.E. 163 (1915).

Ballots which had no name written on them did not express an intention of the voter's choice because they did not contain a write-in candidate's name, a variation of his name, or any name at all, and completely disregarded the requirements of former G.S. 163-151 and 163-170, or the instructions on the ballot. In *re* Manteo Town Election, 117 N.C. App. 213, 450 S.E.2d 519 (1994).

Applied in *In re Cleveland County Comm'rs*, 56 N.C. App. 187, 287 S.E.2d 451 (1982).

§ 163-182.2. Initial counting of official ballots.

(a) The initial counting of official ballots shall be conducted according to the following principles:

- (1) Vote counting at the precinct shall occur immediately after the polls close and shall be continuous until completed.
- (2) Vote counting at the precinct shall be conducted with the participation of precinct officials of all political parties then present. Vote counting at the county board of elections shall be conducted in the presence or under the supervision of board members of all political parties then present.
- (3) Any member of the public wishing to witness the vote count at any level shall be allowed to do so. No witness shall interfere with the orderly counting of the official ballots. Witnesses shall not participate in the official counting of official ballots.
- (4) Provisional official ballots shall be counted by the county board of elections before the canvass. If the county board finds that an individual voting a provisional official ballot is not eligible to vote in one or more ballot items on the official ballot, the board shall not count the official ballot in those ballot items, but shall count the official ballot in any ballot items for which the individual is eligible to vote. Eligibility shall be determined by whether the voter is registered in the county as provided in G.S. 163-82.1 and whether the voter is qualified by residency to vote in the election district as provided in G.S. 163-55 and G.S. 163-57. If a voter was properly registered to vote in the election by the county board, no mistake of an election official in giving the voter a ballot or in failing to comply with G.S. 163-82.15 or G.S. 163-166.11 shall serve to prevent the counting of the vote on any ballot item the voter was eligible by registration and qualified by residency to vote.
- (5) Precinct officials shall provide a preliminary report of the vote counting to the county board of elections as quickly as possible. The preliminary report shall be unofficial and has no binding effect upon the official county canvass to follow.

- (6) In counties that use any certified mechanical or electronic voting system, subject to the sample counts under G.S. 163-182.1 and subdivision (1a) of subsection (b) of this section, and of a hand-to-eye recount under G.S. 163-182.7 and G.S. 163-182.7A, a board of elections shall rely in its canvass on the mechanical or electronic count of the vote rather than the full hand-to-eye count of the paper ballots or records. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count or recount, the hand-to-eye count or recount shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count.

(b) The State Board of Elections shall promulgate rules for the initial counting of official ballots. All election officials shall be governed by those rules. In promulgating those rules, the State Board shall adhere to the following guidelines:

- (1) For each voting system used, the rules shall specify the role of precinct officials and of the county board of elections in the initial counting of official ballots.
- (1a) For optical scan and direct record electronic voting systems, and for any other voting systems in which ballots are counted other than on paper by hand and eye, those rules shall provide for a sample hand-to-eye count of the paper ballots or paper records of a sampling of a statewide ballot item in every county. The presidential ballot item shall be the subject of the sampling in a presidential election. If there is no statewide ballot item, the State Board shall provide a process for selecting district or local ballot items to adequately sample the electorate. The State Board shall approve in an open meeting the procedure for randomly selecting the sample precincts for each election. The random selection of precincts for any county shall be done publicly after the initial count of election returns for that county is publicly released or 24 hours after the polls close on election day, whichever is earlier. The sample chosen by the State Board shall be of one or more full precincts, full counts of mailed absentee ballots, and full counts of one or more one-stop early voting sites. The size of the sample of each category shall be chosen to produce a statistically significant result and shall be chosen after consultation with a statistician. The actual units shall be chosen at random. In the event of a material discrepancy between the electronic or mechanical count and a hand-to-eye count, the hand-to-eye count shall control, except where paper ballots or records have been lost or destroyed or where there is another reasonable basis to conclude that the hand-to-eye count is not the true count. If the discrepancy between the hand-to-eye count and the mechanical or electronic count is significant, a complete hand-to-eye count shall be conducted. The sample count need not be done on election night.
- (2) The rules shall provide for accurate unofficial reporting of the results from the precinct to the county board of elections with reasonable speed on the night of the election.
- (3) The rules shall provide for the prompt and secure transmission of official ballots from the voting place to the county board of elections. The State Board shall direct the county boards of elections in the application of the principles and rules in individual circumstances. (2001-398, s. 3; 2005-2, s. 5; 2005-323, s. 5(b); 2006-192, s. 7(b); 2006-264, s. 76(c).)

Editor's Note. — Session Laws 2005-2, s. 1, provides: "The General Assembly makes the following findings:

"(1) In 2003, the General Assembly enacted S.L. 2003-226, which contained a number of changes to the State's election laws, designed in part to implement provisions of the federal Help America Vote Act of 2002 (HAVA) in such a way as to avoid having separate laws for federal and State elections and otherwise to encourage and expand the exercise of the franchise. One such enactment was codified as G.S. 163-166.11, which spells out procedures for the casting of provisional official ballots. A voter's eligibility to cast a provisional official ballot depends on being a registered voter in the jurisdiction in which the voter seeks to vote. The 'jurisdiction' in which a voter in North Carolina registers to vote is the county. This is the unmistakable meaning of G.S. 163-82.1 and has not heretofore been challenged or questioned.

"(2) In S.L. 2003-226, the General Assembly expressly stated its intent to 'ensure that the State of North Carolina has a system for all elections that complies with the requirements for federal elections set forth in' HAVA. It was then and is now the intent of the General Assembly that the provisions of HAVA be broadly construed and that they be implemented in North Carolina in a manner to ensure a unified system of federal and State elections in compliance with HAVA.

"(3) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that any individual who is a registered voter in a county but whose name does not appear on the official list of registered voters at the voting place at which that voter appears be allowed to cast a provisional official ballot.

"(4) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that all provisional ballots be counted for all those ballot items for which a voter was eligible to vote. In enacting G.S. 163-166.11 in 2003, the General Assembly was fully mindful of and intended to reinforce the fact that prior statutory enactments in 2001 had already recognized the right of a voter to cast a provisional ballot and to have that ballot counted for all items for which that voter was eligible to vote. See G.S. 163-182.2(a)(4). Even prior to 2003, the General Statutes recognized the right of a registered voter to cast a provisional ballot and to have that ballot counted for all those items for which the voter was duly qualified to vote.

"(5) When it enacted G.S. 163-166.11, it was then and is now the intent of the General Assembly that the State Board of Elections act in a manner that would result in a single system for federal and State elections, rather

than one system for federal elections and another for State elections. In enacting G.S. 163-166.11 in 2003, the General Assembly was mindful of and intended to reinforce the fact that it had already provided in 2001 in G.S. 163-166.7(c)(6) that the State Board of Elections would adopt rules to ensure that voters 'not clearly eligible to vote in the precinct but who seek to vote there are given proper assistance in voting a provisional official ballot or guidance to another voting place where they are eligible to vote.' The possibility of out-of-precinct provisional voting was thus recognized by the General Assembly as early as 2001.

"(6) The law regarding provisional ballots does not rest solely on G.S. 163-82.15(e), which addresses the narrow circumstance of 'Unreported Move[s] to Another Precinct Within the County.' Though that statute mentions two ways in which precinct officials may process registrants, it is not exclusive. G.S. 163-82.15(e) is part of the statutory Article on voter registration, rather than on voting, and should be read in that context. It was enacted in 1994, before provisional voting was codified in North Carolina. The enactment of G.S. 163-166.7(c)(6) in 2001 is the authority giving the State Board of Elections the duty to apply the broader laws of provisional voting, including G.S. 163-166.11. Any reading of G.S. 163-166.11 that would limit that statute's provisions to the narrower class of voting situations governed by the earlier enacted provisions of G.S. 163-82.15(e) would ignore the long-standing principle of statutory construction that statutes relating to the same subject matter should be reconciled in such a manner as to effect the scope and meaning of the later enactment and read in a manner that would tend most completely to secure the rights of all persons affected by the legislation. It was then and is now the intent of the General Assembly in enacting G.S. 163-166.11 to expand the exercise of the franchise, not to limit it or to restrict it by the terms of earlier and narrower enactments.

"(7) The State Board of Elections and all county boards of elections were following the intent of the General Assembly when they administered G.S. 163-166.11 and the earlier enacted statutes in G.S. 163-182.2(a)(4) and G.S. 163-166.7(c)(6) to count in whole or in part ballots cast by registered voters in the county who voted outside their resident precincts in the July 20, 2004, Primary, the August 17, 2004, Second Primary, and the November 2, 2004, General Election.

"(8) Several hundred thousand registered North Carolina voters cast ballots outside their resident precincts during the one-stop absentee balloting ('early voting') period pursuant to G.S. 163-227.2 prior to the General Election in November 2004, during the two primaries in 2004, and then on the date of the General Election in

November 2004. There is no statutory basis upon which to distinguish out-of-precinct voting that occurred on the date of the General Election in November 2004 from out-of-precinct voting that occurred during the First and Second Primaries in 2004 or that occurred during the period of one-stop absentee ('early') voting prior to the General Election of 2004.

"(9) The General Assembly takes note of the fact that of those registered voters who happened to vote provisional ballots outside their resident precincts on the day of the November 2004 General Election, a disproportionately high percentage were African-American.

"(10) The General Assembly notes that in addition to provisional voting on the date of the General Election pursuant to G.S. 163-166.11, the General Statutes abound with provisions that allow voters to cast votes outside their resident precincts:

"a. Civilian absentee voting by mail, G.S. 163-226.

"b. Military and overseas citizens absentee voting, G.S. 163-245.

"c. One-stop absentee (early) voting, G.S. 163-227.2.

"d. Voting in a voting place on a lot adjacent to the precinct, G.S. 163-128.

"e. Temporarily voting in an adjacent precinct, G.S. 163-128.

"f. Voting in a precinct outside the voting place where no suitable facility exists inside it or adjacent to it, G.S. 163-130.1.

"g. Voting at a central location in the county by voters who no longer live in the precinct where their name is listed on registration lists, G.S. 163-82.15(e).

"All those provisions were enacted prior to G.S. 163-166.11. Most were enacted decades before. As many as 1,000,000 people in North Carolina may have cast out-of-precinct votes using all out-of-precinct methods in 2004.

"(11) It would be fundamentally unfair to discount the provisional official ballots cast by properly registered and duly qualified voters voting and acting in reliance on the statutes adopted by the General Assembly and administered by the State Board of Elections in accordance with its intent. Moreover, to subtract such ballots only from the count for the General Election of 2004 without also doing so for the First or Second Primaries of 2004 would create a bizarre result in which out-of-precinct provisional ballots are allowed to count for some

elections but not others. The General Assembly did not and does not now intend to create such a system.

"(12) Even if the State Board of Elections had misread the language and intent of the General Statutes concerning provisional voting, which it did not do, it has been the long-standing and hitherto unquestioned law of this State, confirmed by prior decisions of the North Carolina Supreme Court, that an innocent voter's ballot shall not be disqualified because of errors or omissions by elections officials. This fundamental principle was adopted by Justice Samuel J. Ervin Jr. in the case of *Owens v. Chaplin*, 228 N.C. 705 (1948) using the following language:

'We can conceive of no principle which permits the disfranchisement of innocent voters for the mistake, or even the willful misconduct, of election officials in performing the duty cast upon them. The object of elections is to ascertain the popular will, and not to thwart it. The object of election laws is to secure the rights of duly-qualified electors, and not to defeat them.'

"See also *Appeal of Judicial Review by Republican Candidates for Election in Clay County*, 45 N.C. App. 556 (1980).

"The General Assembly endorses and reaffirms this fundamental principle.

"(13) It is the will of the people, as expressed through their representatives in the General Assembly, that the validity of the primaries and elections conducted in 2004 and certified by a county board of elections or the State Board of Elections, not be called into question by retroactively revisiting the propriety of provisional ballots cast by duly registered voters of a county.

"(14) To avoid all doubt and remove any possible future question as to the General Assembly's plain intent with respect to the subject of provisional voting, and to avoid misinterpretation of any other statute, the General Assembly enacts Sections 2 through 5 of this act."

Effect of Amendments. — Session Laws 2005-323, s. 5(b), effective January 1, 2006, added subdivisions (a)(6) and (b)(1a).

Session Laws 2006-192, s. 7(b), effective August 3, 2006, added the fourth and fifth sentences in subdivision (b)(1a).

Session Laws 2006-264, s. 76(c), effective August 27, 2006, in subdivision (b)(1a), in the fourth sentence, inserted "one or more" twice and "mailed" preceding "absentee ballots", and added the last sentence.

CASE NOTES

Editor's Note. — *The case below was decided under former Article 15, which was repealed by Session Laws 2001-398, s. 1.*

Counting by Persons Other Than Offic-

ers of Election. — While it is irregular to permit persons other than the officers of election to count the ballots, yet, unless it appears affirmatively that the count was not correct,

that fact will not be allowed to vitiate the election, especially when the judges accepted and certified the result thus ascertained as true. *Roberts v. Calvert*, 98 N.C. 580, 4 S.E. 127 (1887).

§ 163-182.3. Responsibility of chief judge.

The chief judge of each precinct shall be responsible for the adherence of the precinct officials to the State Board rules for counting, reporting, and transmitting official ballots. (2001-398, s. 3.)

§ 163-182.4. Jurisdiction for certain ballot items.

(a) Jurisdiction of County Board of Elections. — As used in this Article, the county board of elections shall have jurisdiction over the following:

- (1) Offices of that county, including clerk of superior court and register of deeds.
- (2) Membership in either house of the General Assembly from a district lying entirely within that county.
- (3) Offices of municipalities, unless the municipality has a valid board of election.
- (4) Referenda in which only residents of that county are eligible to vote.

(b) Jurisdiction of State Board of Elections. — As used in this Article, the State Board of Elections shall have jurisdiction over the following:

- (1) National offices.
- (2) State offices.
- (3) District offices (including General Assembly seats) in which the district lies in more than one county.
- (4) Superior court judge, district court judge, and district attorney, regardless of whether the district lies entirely in one county or in more than one county.
- (5) Referenda in which residents of more than one county are eligible to vote.

(c) For the purposes of this Article, having jurisdiction shall mean that the appropriate board shall do all of the following with regard to the ballot item:

- (1) Canvass for the entire electorate for the ballot item.
- (2) Prepare abstracts or composite abstracts for the entire electorate for the ballot item.
- (3) Issue certificates of nomination and election. (2001-398, s. 3.)

§ 163-182.5. Canvassing votes.

(a) The Canvass. — As used in this Article, the term “canvass” means the entire process of determining that the votes have been counted and tabulated correctly, culminating in the authentication of the official election results. The board of elections conducting a canvass has authority to send for papers and persons and to examine them and pass upon the legality of disputed ballots.

(b) Canvassing by County Board of Elections. — The county board of elections shall meet at 11:00 A.M. on the tenth day after every election held on the same day as a general election in November of the even-numbered year, and at 11:00 A.M. on the seventh day after every other election, to complete the canvass of votes cast and to authenticate the count in every ballot item in the county by determining that the votes have been counted and tabulated correctly. If, despite due diligence by election officials, the initial counting of all the votes has not been completed by that time, the county board may hold the canvass meeting a reasonable time thereafter. The canvass meeting shall be at the county board of elections office, unless the county board, by unanimous

vote of all its members, designates another site within the county. The county board shall examine the returns from precincts, from absentee official ballots, from the sample hand-to-eye paper ballot counts, and from provisional official ballots and shall conduct the canvass.

(c) Canvassing by State Board of Elections. — After each general election, the State Board of Elections shall meet at 11:00 A.M. on the Tuesday three weeks after election day to complete the canvass of votes cast in all ballot items within the jurisdiction of the State Board of Elections and to authenticate the count in every ballot item in the county by determining that the votes have been counted and tabulated correctly. After each primary, the State Board shall fix the date of its canvass meeting. If, by the time of its scheduled canvass meeting, the State Board has not received the county canvasses, the State Board may adjourn for not more than 10 days to secure the missing abstracts. In obtaining them, the State Board is authorized to secure the originals or copies from the appropriate clerks of superior court or county boards of elections, at the expense of the counties. (2001-398, s. 3; 2003-278, s. 10(a); 2005-323, s. 5(c); 2005-428, s. 11(a).)

Effect of Amendments. — Session Laws 2005-323, s. 5(c), effective January 1, 2006, inserted “from the sample hand-to-eye paper ballot counts” in the last sentence of subsection (b).

Session Laws 2005-428, s. 11(a), effective January 1, 2006, and applicable to all prima-

ries and elections held on or after that date, in the first sentence of subsection (b), substituted “tenth” for “seventh” and inserted “held on the same day as a general election in November of the even-numbered year, and at 11:00 A.M. on the seventh day after every other election.”

CASE NOTES

Editor’s Note. — *The cases below were decided under former Articles 15 and 16, which were repealed by Session Laws 2001-398, s. 1.*

Judicial Powers of County Board. — The county board of canvassers (now the county board of elections) is vested with statutory authority to pass judicially upon all facts relative to the election and to determine judicially and declare the results, and the courts will not interfere with the exercise of this discretion, except in an action to try title to the office by quo warranto. *Britt v. Board of Canvassers*, 172 N.C. 797, 90 S.E. 1005 (1916).

Canvass of Primary and Election Returns for County Offices by County Board. — A county board of elections is the proper agency to canvass the returns in a primary for the selection of party nominees for county offices, as well as in a general election to fill such offices. *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

Authority to Conduct Recount in Primary Election. — Where a candidate in a primary election, prior to the time fixed for the county board of elections to canvass the returns, suggested errors in tabulating ballots in certain precincts because persons not legally qualified acted as counters and tabulators, but made no assertion that any person voted who was not entitled to vote or that any qualified elector was prevented from voting, and filed a written request for recount, the county board

had the authority, in the exercise of its judgment and discretion in good faith, to order and conduct a recount of the ballots cast and to certify the candidate having the majority of the votes as ascertained by such recount as the nominee of the party, notwithstanding that the returns of the precinct officials were regular upon their face. *Strickland v. Hill*, 253 N.C. 198, 116 S.E.2d 463 (1960).

Access to Ballot Boxes. — Former version of G.S. 163-143, similar to the last paragraph of this section [former G.S. 163-175], applied only “when, on account of errors in tabulating returns or filling out blanks,” the result of the election could not be accurately known, and conferred no authority on the courts to investigate and pass upon the methods or manner in which the primary might have been conducted. *Brown v. Costen*, 176 N.C. 63, 96 S.E. 659 (1918).

Returns made by the precinct officials constitute only a preliminary step in ascertaining the results of an election, and such returns must be canvassed and declared by the board of canvassers (now the board of elections) as an essential part of the election machinery. *Ledwell v. Proctor*, 221 N.C. 161, 19 S.E.2d 234 (1942).

Correction of Tabulations by Registrar and Judges of Election. — In a primary for county officers, the registrar (now chief judge) and judges of election may correct their tabu-

lation of the results to the county board of elections before the latter has judicially determined the results, as the duties of the latter board are continuous, and such powers are not *functus officio* until they have finally determined the results of the election. *Bell v. County Bd. of Elections*, 188 N.C. 311, 124 S.E. 311 (1924).

Supplementary Returns After Adjournments of Registrar and Judges. — Additional or supplemental returns made up by the county board of canvassers (now the county board of elections) after the registrar and poll holders (now the chief judge and judges) had fully performed their duties and adjourned, and without calling them together for reconsideration as a body, should not be given effect by the courts. *Britt v. Board of Canvassers*, 172 N.C. 797, 90 S.E. 1005 (1916).

Result as Declared by Board Prima Facie Correct. — In proceedings in the nature of a quo warranto to determine the respective rights of the parties contesting for an office, the result of the election, as declared by the county board of canvassers (now the county board of elections), must be taken as *prima facie* correct. *State ex rel. Robertson v. Jackson*, 183 N.C. 695, 110 S.E. 593 (1922).

The finding by the board of canvassers (now the county board of elections) as to the number of votes received by a contestant in an election is *prima facie* correct. *State ex rel. Jones v. Flynt*, 159 N.C. 87, 74 S.E. 817 (1912).

There is a final and conclusive presumption in favor of the correctness of the result of an election, as declared by the proper officials, until the issues raised by the pleadings have been tried and disposed of before the jury. *Wallace v. Salisbury*, 147 N.C. 58, 60 S.E. 713 (1908).

Decisions of Board Subject to Collateral Attack. — The decisions or judgments of the county board of canvassers (now the county board of elections) are not of such conclusiveness or finality as to exclude collateral attack, and the use of the word "judicially" in the statute [former G.S. 163-175] does not affect the construction. *State ex rel. Barnett v. Midgett*, 151 N.C. 1, 65 S.E. 441 (1909).

Quo Warranto as Remedy to Determine Correctness of Election Result. — The correctness of the result of the election of a clerk of the superior court, determined and declared by the county board of canvassers (now the county board of elections), can be investigated, passed upon and determined in a civil action in the nature of a quo warranto, and such is the proper remedy. *State ex rel. Barnett v. Midgett*, 151 N.C. 1, 65 S.E. 441 (1909).

Jurisdiction of Superior Court in Quo Warranto. — The act of the county canvassers (now the county board of elections) in declaring the result of an election to public office cannot

have the effect of ousting the jurisdiction of the superior court in quo warranto or information in the nature thereof. *Harkrader v. Lawrence*, 190 N.C. 441, 130 S.E. 35 (1925).

As to use of mandamus to reconvene board to require board to complete its labors, see *Britt v. Board of Canvassers*, 172 N.C. 797, 90 S.E. 1005 (1916).

Mandamus by Candidate. — Where county board of elections has assumed to pass upon the qualifications of the electors voting in a primary for the selection of a party candidate for a county office, and in so doing has declared certain of the electors disqualified and has accordingly changed its returns and declared the one appearing to have received a smaller vote as the choice of the party as a candidate, an action will lie by the one appearing to have received the larger vote against the county board, to compel them, by mandamus, to tabulate the returns made by the registrars (now chief judges) and judges of the precinct, and then to publish and declare the same as the result of the election. *Rowland v. Board of Elections*, 184 N.C. 78, 113 S.E. 629 (1922).

State Board of Elections has general supervision over primaries and elections in the State, with authority to promulgate legally consistent rules and regulations for their conduct and to compel the observance of the election laws by county boards of election. *Burgin v. North Carolina State Bd. of Elections*, 214 N.C. 140, 198 S.E. 592 (1938).

Supervisory Power Not Affected by Canvassing Duties. — The duty of the State Board to canvass returns and declare the count does not affect its supervisory power, which perforce must be exercised prior to the final acceptance of the returns made by the county boards. *Burgin v. North Carolina State Bd. of Elections*, 214 N.C. 140, 198 S.E. 592 (1938).

The fact that, after the returns are in, the State Board of Elections is to canvass the returns and determine who has been nominated or elected is not to be construed as a denial or negation of its supervisory powers, which perforce are to be exercised prior to the final acceptance of the several returns. *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

Canvass of Primary Returns in Multi-County Senatorial District. — The State Board of Elections is the appropriate agency to canvass and judicially declare the results of a primary for the nomination of a candidate in a senatorial district composed of more than one county. A county board of elections in a multiple county senatorial district has no such power. *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

The courts will not undertake to control the State Board in exercising its duty of general supervision so long as such supervision conforms to the rudiments of fair play and

the statutes on the subject. *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

Review of State Board's Decision. — When the State Board of Elections obtained jurisdiction of an election protest upon an appeal from a single county in a multiple county

senatorial district, or by the filing in apt time of a protest directly with the State Board of Elections, its decision could only be reviewed in the manner prescribed by former G.S. 143-306 et seq. (now repealed). *Ponder v. Joslin*, 262 N.C. 496, 138 S.E.2d 143 (1964).

§ 163-182.6. Abstracts.

(a) Abstracts to Be Prepared by County Board of Elections. — As soon as the county canvass has been completed, the county board of elections shall prepare abstracts of all the ballot items in a form prescribed by the State Board of Elections. The county board shall prepare those abstracts in triplicate originals. The county board shall retain one of the triplicate originals, and shall distribute one each to the clerk of superior court for the county and the State Board of Elections. The State Highway Patrol may, upon request of the State Board of Elections, be responsible for the delivery of the abstracts from each county to the State Board of Elections. The State Board of Elections shall forward the original abstract it receives to the Secretary of State.

(b) Composite Abstracts to Be Prepared by the State Board of Elections. — As soon as the State canvass has been completed, the State Board shall prepare composite abstracts of all those ballot items. It shall prepare those composite abstracts in duplicate originals. It shall retain one of the originals and shall send the other original to the Secretary of State.

(c) Duty of the Secretary of State. — The Secretary of State shall maintain the certified copies of abstracts received from the county and State boards of elections. The Secretary shall keep the abstracts in a form readily accessible and useful to the public.

(d) Forms by State Board of Elections. — The State Board of Elections shall prescribe forms for all abstracts. Those forms shall be uniform and shall, at a minimum, state the name of each candidate and the office sought and each referendum proposal, the number of votes cast for each candidate and proposal, the candidate or proposal determined to have prevailed, and a statement authenticating the count. (2001-398, s. 3.)

CASE NOTES

Editor's Note. — *The case below was decided under former Article 15, which was repealed by Session Laws 2001-398, s. 1.*

As to admissibility of abstract as substantive evidence, see *State ex rel. Freeman v. Ponder*, 234 N.C. 294, 67 S.E.2d 292 (1951).

§ 163-182.7. Ordering recounts.

(a) Discretionary Recounts. — The county board of elections or the State Board of Elections may order a recount when necessary to complete the canvass in an election. The county board may not order a recount where the State Board of Elections has already denied a recount to the petitioner.

(b) Mandatory Recounts for Ballot Items Within the Jurisdiction of the County Board of Elections. — In a ballot item within the jurisdiction of the county board of elections, a candidate shall have the right to demand a recount of the votes if the difference between the votes for that candidate and the votes for a prevailing candidate is not more than one percent (1%) of the total votes cast in the ballot item, or in the case of a multiseat ballot item not more than one percent (1%) of the votes cast for those two candidates. The demand for a recount must be made in writing and must be received by the county board of elections by 5:00 P.M. on the first business day after the canvass. The recount shall be conducted under the supervision of the county board of elections.

(c) **Mandatory Recounts for Ballot Items Within the Jurisdiction of the State Board of Elections.** — In a ballot item within the jurisdiction of the State Board of Elections, a candidate shall have the right to demand a recount of the votes if the difference between the votes for that candidate and the votes for a prevailing candidate are not more than the following:

- (1) For a nonstatewide ballot item, one percent (1%) of the total votes cast in the ballot item, or in the case of a multiseat ballot item, one percent (1%) of the votes cast for those two candidates.
- (2) For a statewide ballot item, one-half of one percent (0.5%) of the votes cast in the ballot item, or 10,000 votes, whichever is less.

The demand for a recount must be in writing and must be received by the State Board of Elections by noon on the second business day after the county canvass. If at that time the available returns show a candidate not entitled to a mandatory recount, but the Executive Director determines subsequently that the margin is within the threshold set out in this subsection, the Executive Director shall notify the eligible candidate immediately and that candidate shall be entitled to a recount if that candidate so demands within 48 hours of notice. The recount shall be conducted under the supervision of the State Board of Elections.

(d) **Rules for Conducting Recounts.** — The State Board of Elections shall promulgate rules for conducting recounts. Those rules shall be subject to the following guidelines:

- (1) The rules shall specify, with respect to each type of voting system, when and to what extent the recount shall consist of machine recounts and hand-to-eye recounts. Hand-to-eye recounts shall also be ordered as provided by G.S. 163-182.7A.
- (2) The rules shall provide guidance in interpretation of the voter’s choice.
- (3) The rules shall specify how the goals of multipartisan participation, opportunity for public observation, and good order shall be balanced. (2001-398, s. 3; 2003-278, ss. 10(b), 10(c); 2005-323, s. 6(a); 2005-428, s. 11(b).)

Effect of Amendments. — Session Laws 2005-323, s. 6(a), effective January 1, 2006, in subdivision (c)(2), deleted “or in the case of a multiseat ballot item, one-half of one percent (0.5%) of the votes cast for those two candidates,” following “in the ballot item”; and added the second sentence of subdivision (d)(1).

Session Laws 2005-428, s. 11(b), effective January 1, 2006, and applicable to all prima-

ries and elections held on or after that date, in the second sentence of subsection (b), inserted “business” preceding “day after the canvass”; and in the second paragraph of subsection (c), in the first sentence, substituted “business day after the county canvass” for “Thursday after the election” and in the second sentence, “at that time” for “on that Thursday.”

§ 163-182.7A. Additional provisions for hand-to-eye recounts.

(a) The rules promulgated by the State Board of Elections for recounts shall provide that if the initial recount is not hand-to-eye, and if the recount does not reverse the results, the candidate who had originally been entitled to a recount may, within 24 hours of the completion of the first recount, demand a second recount on a hand-to-eye basis in a sample of precincts. If the initial recount was not hand-to-eye and it reversed the results, the candidate who had initially been the winner shall have the same right to ask for a hand-to-eye recount in a sample of precincts.

That sample shall be all the ballots in three percent (3%) of the precincts casting ballots in each county in the jurisdiction of the office, rounded up to the next whole number of precincts. For the purpose of that calculation, each one-stop (early) voting site shall be considered to be a precinct. The precincts

to be recounted by a hand-to-eye count shall be chosen at random within each county. If the results of the hand-to-eye recount differ from the previous results within those precincts to the extent that extrapolating the amount of the change to the entire jurisdiction (based on the proportion of ballots recounted to the total votes cast for that office) would result in the reversing of the results, then the State Board of Elections shall order a hand-to-eye recount of the entire jurisdiction in which the election is held. There shall be no cost to the candidate for that recount in the entire jurisdiction.

(b) Recounts under this section shall be governed by rules adopted under G.S. 163-182.7(d).

(c) No complete hand-to-eye recount shall be conducted under this section if one has already been done under another provision of law. (2005-323, s. 6(b).)

Editor's Note. — Session Laws 2005-323, s. 6(c), made this section effective January 1, 2006.

§ 163-182.8. Determining result in case of a tie.

If the count, upon completion of canvass by the proper board of elections, shows a tie vote other than in a primary, the tie shall be resolved as follows:

- (1) If more than 5,000 voters cast official ballots in the ballot item, the State Board of Elections shall order a new election in which only the candidates or positions tied will be on the official ballot. The State Board of Elections shall set the schedule for publication of the notice, preparation of absentee official ballots, and the other actions necessary to conduct the election. Eligibility to vote in the new election shall be determined by the voter's eligibility at the time of the new election.
- (2) If 5,000 or fewer voters cast official ballots in the ballot item, the board of elections with jurisdiction to certify the election shall break the tie by a method of random selection to be determined by the State Board of Elections. (2001-398, s. 3.)

§ 163-182.9. Filing an election protest.

(a) Who May File a Protest With County Board. — A protest concerning the conduct of an election may be filed with the county board of elections by any registered voter who was eligible to vote in the election or by any person who was a candidate for nomination or election in the election.

(b) How Protest May Be Filed. — The following principles shall apply to the filing of election protests with the county board of elections:

- (1) The protest shall be in writing and shall be signed by the protester. It shall include the protester's name, address, and telephone number and a statement that the person is a registered voter in the jurisdiction or a candidate.
- (2) The protest shall state whether the protest concerns the manner in which votes were counted and results tabulated or concerns some other irregularity.
- (3) The protest shall state what remedy the protester is seeking.
- (4) The timing for filing a protest shall be as follows:
 - a. If the protest concerns the manner in which votes were counted or results tabulated, the protest shall be filed before the beginning of the county board of election's canvass meeting.
 - b. If the protest concerns the manner in which votes were counted or results tabulated and the protest states good cause for delay in

filing, the protest may be filed until 5:00 P.M. on the second business day after the county board of elections has completed its canvass and declared the results.

- c. If the protest concerns an irregularity other than vote counting or result tabulation, the protest shall be filed no later than 5:00 P.M. on the second business day after the county board has completed its canvass and declared the results.
- d. If the protest concerns an irregularity on a matter other than vote counting or result tabulation and the protest is filed before election day, the protest proceedings shall be stayed, unless a party defending against the protest moves otherwise, until after election day if any one of the following conditions exists:
 - 1. The ballot has been printed.
 - 2. The voter registration deadline for that election has passed.
 - 3. Any of the proceedings will occur within 30 days before election day.

(c) State Board to Prescribe Forms. — The State Board of Elections shall prescribe forms for filing protests. (2001-398, s. 3; 2005-428, s. 4.)

Effect of Amendments. — Session Laws 2005-428, s. 4, effective January 1, 2006, and applicable to all primaries and elections held on or after that date, substituted “5:00 P.M. on the second business day” for “6:00 P.M. on the second day” in subdivisions (b)(4)b. and (b)(4)c.

CASE NOTES

Applied in *James v. Bartlett*, 359 N.C. 260, 607 S.E.2d 638, 2005 N.C. LEXIS 146 (2005).

§ 163-182.10. Consideration of protest by county board of elections.

(a) Preliminary Consideration. — The following principles shall apply to the initial consideration of election protests by the county board of elections:

- (1) The county board shall, as soon as possible after the protest is filed, meet to determine whether the protest substantially complies with G.S. 163-182.9 and whether it establishes probable cause to believe that a violation of election law or irregularity or misconduct has occurred. If the board determines that one or both requirements are not met, the board shall dismiss the protest. The board shall notify both the protester and the State Board of Elections. The protester may file an amended protest or may appeal to the State Board. If the board determines that both requirements are met, it shall schedule a hearing.
- (2) If a protest was filed before the canvass and concerns the counting and tabulating of votes, the county board shall resolve the protest before the canvass is completed. If necessary to provide time to resolve the protest, the county board may recess the canvass meeting, but shall not delay the completion of the canvass for more than three days unless approved by the State Board of Elections. Resolution of the protest shall not delay the canvass of ballot items unaffected by the protest. The appeal of a dismissal shall not delay the canvass.
- (3) If a protest concerns an irregularity other than the counting or tabulating of votes, that protest shall not delay the canvass.

(b) Notice of Hearing. — The county board shall give notice of the protest hearing to the protester, any candidate likely to be affected, any election official alleged to have acted improperly, and those persons likely to have a significant

interest in the resolution of the protest. Each person given notice shall also be given a copy of the protest or a summary of its allegations. The manner of notice shall be as follows:

- (1) If the protest concerns the manner in which the votes were counted or the results tabulated, the protester shall be told at the time of filing that the protest will be heard at the time of the canvass. Others shall be notified as far in advance of the canvass as time permits.
- (2) If the protest concerns a matter other than the manner in which votes were counted or results tabulated, the county board shall comply with rules to be promulgated by the State Board of Elections concerning reasonable notice of the hearing.

Failure to comply with the notice requirements in this subsection shall not delay the holding of a hearing nor invalidate the results if it appears reasonably likely that all interested persons were aware of the hearing and had an opportunity to be heard.

(c) Conduct of Hearing. — The following principles shall apply to the conduct of a protest hearing before the county board of elections:

- (1) The county board may allow evidence to be presented at the hearing in the form of affidavits or it may examine witnesses. The chair or any two members of the board may subpoena witnesses or documents. Each witness must be placed under oath before testifying.
- (2) The county board may receive evidence at the hearing from any person with information concerning the subject of the protest. The person who made the protest shall be permitted to present allegations and introduce evidence at the hearing. Any other person to whom notice of hearing was given, if present, shall be permitted to present evidence. The board may allow evidence by affidavit. The board may permit evidence to be presented by a person to whom notice was not given, if the person apparently has a significant interest in the resolution of the protest that is not adequately represented by other participants.
- (3) The hearing shall be recorded by a reporter or by mechanical means, and the full record of the hearing shall be preserved by the county board until directed otherwise by the State Board.

(d) Findings of Fact and Conclusions of Law by County Board. — The county board shall make a written decision on each protest which shall state separately each of the following:

- (1) Findings of fact. — The findings of fact shall be based exclusively on the evidence and on matters officially noticed. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting them.
- (2) Conclusions of law. — The conclusions the county board may state, and their consequences for the board's order, are as follows:
 - a. "The protest should be dismissed because it does not substantially comply with G.S. 163-182.9." If the board makes this conclusion, it shall order the protest dismissed.
 - b. "The protest should be dismissed because there is not substantial evidence of a violation of the election law or other irregularity or misconduct." If the county board makes this conclusion, it shall order the protest dismissed.
 - c. "The protest should be dismissed because there is not substantial evidence of any violation, irregularity, or misconduct sufficient to cast doubt on the results of the election." If the county board makes this conclusion, it shall order the protest dismissed.
 - d. "There is substantial evidence to believe that a violation of the election law or other irregularity or misconduct did occur, and might have affected the outcome of the election, but the board is

unable to finally determine the effect because the election was a multicounty election.” If the county board makes this conclusion, it shall order that the protest and the county board’s decision be sent to the State Board for action by it.

- e. “There is substantial evidence to believe that a violation of the election law or other irregularity or misconduct did occur and that it was sufficiently serious to cast doubt on the apparent results of the election.” If the county board makes this conclusion, it may order any of the following as appropriate:

1. That the vote total as stated in the precinct return or result of the canvass be corrected and new results declared.
2. That votes be recounted.
3. That the protest and the county board’s decision be sent to the State Board for action by it.
4. Any other action within the authority of the county board.

- (3) An order. — Depending on the conclusion reached by the county board, its order shall be as directed in subdivision (c)(2). If the county board is not able to determine what law is applicable to the Findings of Fact, it may send its findings of fact to the State Board for it to determine the applicable law.

(e) Rules by State Board of Elections. — The State Board of Elections shall promulgate rules providing for adequate notice to parties, scheduling of hearings, and the timing of deliberations and issuance of decision. (2001-398, s. 3.)

- (2) A candidate or elected official adversely affected by the county board’s decision.
- (3) Any other person who participated in the hearing and has a significant interest adversely affected by the county board’s decision.

Written notice of the appeal must be given to the county board within 24 hours after the county board files the written decision at its office. The appeal to the State Board must be in writing. The appeal must be delivered or deposited in the mail, addressed to the State Board, by the appropriate one of the following: (i) the end of the second day after the day the decision was filed by the county board in its office, if the decision concerns a first primary; or (ii) the end of the fifth day after the day the decision was filed in the county board office, if the decision concerns an election other than a first primary.

The State Board shall prescribe forms for filing appeals from the county board.

(b) Consideration of Appeal by State Board. — In its consideration of an appeal from a decision of a county board of elections on a protest, the State Board of Elections may do any of the following:

- (1) Decide the appeal on the basis of the record from the county board, as long as the county board has made part of the record a transcript of the evidentiary hearing.

- (2) Request the county board or any interested person to supplement the record from the county board, and then decide the appeal on the basis of that supplemented record.
- (3) Receive additional evidence and then decide the appeal on the basis of the record and that additional evidence.
- (4) Hold its own hearing on the protest and resolve the protest on the basis of that hearing.
- (5) Remand the matter to the county board for further proceedings in compliance with an order of the State Board.

The State Board shall follow the procedures set forth in subsections (c) and (d) of G.S. 163-182.10 except where they are clearly inapplicable.

§ 163-182.12. Authority of State Board of Elections over protests.

The State Board of Elections may consider protests that were not filed in compliance with G.S. 163-182.9, may initiate and consider complaints on its own motion, may intervene and take jurisdiction over protests pending before a county board, and may take any other action necessary to assure that an election is determined without taint of fraud or corruption and without irregularities that may have changed the result of an election. Where a known group of voters cast votes that were lost beyond retrieval or where a known group of voters was given an incorrect ballot style, the State Board of Elections may authorize a county board of elections to allow those voters to recast their votes during a period of two weeks after the canvass by the State Board of Elections required in G.S. 163-182.5(c). If there is no State Board canvass after the election, the State Board may authorize the county board to allow the recasting of votes during the two weeks after the county canvass set in G.S. 163-182.5(a). If the State Board approves a recasting of votes under this section, any procedures the county board uses to contact those voters and allow them to recast their votes shall be subject to approval by the State Board. Those recast votes shall be added to the returns and included in the canvass. The recasting of those votes shall not be deemed a new election for purposes of G.S. 163-182.13. § 163-182.13. New elections.

(a) When State Board May Order New Election. — The State Board of Elections may order a new election, upon agreement of at least four of its members, in the case of any one or more of the following:

- (1) Ineligible voters sufficient in number to change the outcome of the election were allowed to vote in the election, and it is not possible from examination of the official ballots to determine how those ineligible voters voted and to correct the totals.
- (2) Eligible voters sufficient in number to change the outcome of the election were improperly prevented from voting.
- (3) Other irregularities affected a sufficient number of votes to change the outcome of the election.
- (4) Irregularities or improprieties occurred to such an extent that they taint the results of the entire election and cast doubt on its fairness.

(b) State Board to Set Procedures. — The State Board of Elections shall determine when a new election shall be held and shall set the schedule for publication of the notice, preparation of absentee official ballots, and the other actions necessary to conduct the election.

(c) Eligibility to Vote in New Election. — Eligibility to vote in the new election shall be determined by the voter's eligibility at the time of the new election, except that in a primary, no person who voted in the initial primary of one party shall vote in the new election in the primary of another party. The State Board of Elections shall promulgate rules to effect the provisions of this subsection.

(d) Jurisdiction in Which New Election Held. — The new election shall be held in the entire jurisdiction in which the original election was held.

(e) Which Candidates to Be on Official Ballot. — All the candidates who were listed on the official ballot in the original election shall be listed in the same order on the official ballot for the new election, except in either of the following:

- (1) If a candidate dies or otherwise becomes ineligible between the time of the original election and the new election, that candidate may be replaced in the same manner as if the vacancy occurred before the original election.
- (2) If the election is for a multiseat office, and the irregularities could not have affected the election of one or more of the leading vote getters, the new election, upon agreement of at least four members of the State Board, may be held among only those remaining candidates whose election could have been affected by the irregularities.

(f) Tie Votes. — If ineligible voters voted in an election and it is possible to determine from the official ballots the way in which those votes were cast and to correct the results, and consequently the election ends in a tie, the provisions of G.S. 163-182.8 concerning tie votes shall apply. (2001-398, s. 3; 2003-278, s. 8(a).)

§ 163-182.13A. Contested elections for Council of State offices.

(a) Application of Procedures. — A contested election for any elective office established by Article III of the Constitution shall be determined by joint ballot of both houses of the General Assembly under Article VI, Section 5 of the Constitution in accordance with the provisions of this section. Except as provided by this section, the provisions of Article 3 of Chapter 120 shall apply to contested elections under this section and shall govern standing, notice of intent to contest, answers, service of process, evidence, the petition, procedures, grounds, and relief except as provided in this section. All filings shall be with the Principal Clerk of the House of Representatives.

(c) Jurisdiction. — When a contest arises out of the general election, the General Assembly elected at the same time shall hear and decide it. Any other contest shall be heard by the General Assembly sitting at the time of the election.

(d) Committee. — A contest filed under this section shall initially be heard before a select committee consisting of five Senators appointed by the President Pro Tempore and five Representatives appointed by the Speaker of the House of Representatives. Not more than three members of the Senate appointed by the President Pro Tempore shall be members of the same political party. Not more than three members of the House of Representatives appointed by the Speaker shall be members of the same political party. That committee shall have the same power as a committee under Article 3 of Chapter 120 and may adopt supplemental rules as necessary to govern its proceedings. The committee shall report its findings as to the law and the facts and make recommendations to the General Assembly for its action.

(e) Final Determination. — The final determination on the recommendations of the committee shall be made by the General Assembly, both houses sitting in joint session in the Hall of the House of Representatives, with the Speaker of the House of Representatives presiding. The vote shall be taken as provided by Article VI, Section 5 of the Constitution. In order to find for the contestant or contestee and order the contestant or contestee elected, the vote on the joint ballot must include the affirmative vote of a majority of the members of the General Assembly voting on the issue. The ballots shall be in writing and are subject to the provisions of G.S. 143-318.13(b).

(f) Basis for Decision. —

- (1) If the contest is as to the eligibility or qualifications of the contestee, the General Assembly shall determine if the contestee is eligible and qualified. If it determines that the contestee is not eligible or not qualified, it shall order a new election.
- (2) If the contest is as to the conduct or results of the election, the General Assembly shall determine which candidate received the highest number of votes. If it can determine which candidate received the highest number of votes, it shall declare that candidate to be elected. If it cannot determine which candidate received the highest number of votes, it may order a new election, or may order such other relief as may be necessary and proper. If it determines that two or more candidates shall be equal and highest in votes, the provisions of G.S. 147-4 shall apply.

(g) Final Determination. — A copy of the final determination of the General Assembly under this section shall be filed with the Secretary of State and with the State Board of Elections.

(j) Judicial Proceedings Abated. — Notwithstanding any other provision of law, upon the initiation of a contest under this Article, any judicial proceedings involving either the contestant or the contestee encompassing the issues set forth in the notice of intent or an answer thereto concerning the election that is the subject of the contest shall abate. The clerk shall file a copy of the notice of intent and final determination with the court in any judicial proceeding pending prior to the filing of the notice of intent.

(k) General Assembly Determination Not Reviewable. — The decision of the General Assembly in determining the contest of the election pursuant to this section may not be reviewed by the General Court of Justice.

(l) Definition. — As used in this section, “contest” means a challenge to the apparent election for any elective office established by Article III of the Constitution or to request the decision of an undecided election to any elective office established by Article III of the Constitution, where the challenge or the request is filed in accordance with the timing and procedures of this section. (2005-3, s. 3(a).)

(a) Final Decision. — A copy of the final decision of the State Board of Elections on an election protest shall be served on the parties personally or by certified mail. A decision to order a new election is considered a final decision for purposes of seeking review of the decision.

(b) Timing of Right of Appeal. — Except in the case of a general or special election to either house of the General Assembly or to an office established by Article III of the Constitution, an aggrieved party has the right to appeal the final decision to the Superior Court of Wake County within 10 days of the date of service.

After the decision by the State Board of Elections has been served on the parties, the certification of nomination or election or the results of the referendum shall issue pursuant to G.S. 163-182.15 unless an appealing party obtains a stay of the certification from the Superior Court of Wake County within 10 days after the date of service. The court shall not issue a stay of certification unless the petitioner shows the court that the petitioner has appealed the decision of the State Board of Elections, that the petitioner is an aggrieved party, and that the petitioner is likely to prevail in the appeal.

(c) Contests for General Assembly and Executive Branch Offices. — In the case of a general or special election to either house of the General Assembly or to an office established by Article III of the Constitution, an unsuccessful candidate has the right to appeal the final decision to the General Assembly in accordance with Article 3 of Chapter 120 and G.S. 163-182.13A, as appropriate.

(b) The names and boundaries of precincts (voting tabulation districts), tracts, block groups, and blocks specified in this section are as they were legally

defined and recognized in the 2000 United States Census. Boundaries are as shown on the Redistricting Census 2000 TIGER Files, with modifications made by the Legislative Services Office on its computer database as of May 1, 2001, to reflect precincts divided or renamed as outlined in subsection (c) of this section. However, in Robeson County PHILADEPLUS is, in fact, PHILADELPHUS, and in Vance County SANDY SCREEK is, in fact, SANDY CREEK. If the boundary line between Iredell and Mecklenburg Counties in the Redistricting Census 2000 TIGER Files conflicts with that provided by Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429, Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429 prevails to the extent of the conflict.

(c) The Legislative Services Office modified on its computer database some of the precincts shown on the Redistricting Census 2000 TIGER Files to reflect precincts divided or renamed by county boards of elections after the TIGER Files were completed. As a result, precincts are shown differently on the Legislative Services Office computer database from the TIGER Files in the following counties:

(d) If any precinct boundary is changed, that change shall not change the boundary of a congressional district, which shall remain the same.

(e) If this section does not specifically assign any area within North Carolina to a district, and the area is:

- (1) Entirely surrounded by a single district, the area shall be deemed to have been assigned to that district.
- (2) Contiguous to two or more districts, the area shall be deemed to have been assigned to that district which contains the least population according to the 2000 United States Census.
- (3) Contiguous to only one district and to another state or the Atlantic Ocean, the area shall be deemed to have been assigned to that district. (Rev., s. 4366; 1911, c. 97; C.S., s. 6004; 1931, c. 216; 1941, c. 3; 1961, c. 864; 1966, Ex. Sess., c. 7, s. 1; 1967, c. 775, s. 1; c. 1109; 1971, c. 257; 1981, c. 894; 1982, Ex. Editor's Note. — Subsection (a) of this section is set out as amended by Session Laws 1997-11, s. 2, because of the decision in *Hunt v. Cromartie*, 526 U.S. 541, 119 S. Ct. 1545, 143 L. Ed. 2d 731 (1999), and because of Session Laws 1998-2, s. 1.1. Session Laws 1991, Ex. Sess., c. 7, which rewrote subsection (a), which was submitted to the Attorney General of the United States pursuant to Section 5 of the Voting Rights Act of 1965, as amended (42 U.S.C. 1973c), and which received preclearance from the United States Department of Justice was held unconstitutional in *Shaw v. Hunt*, 517 U.S. 899, 116 S. Ct. 1894, 135 L. Ed. 2d 207 (1996).

Session Laws 1997-11, s. 1, as amended by Session Laws 1997-456, s. 52, effective August 29, 1997, repealed Session Laws 1991, Ex. Sess., c. 7, s. 1.

Cromartie v. Hunt, 34 F. Supp. 2d 1029 (E.D.N.C. 1998), held that G.S. 163-201(a), as amended by Session Laws 1997-11, s. 1, was unconstitutional. Session Laws 1998-2, s. 1, adopted a redistricting plan in response, but s. 1.1 provided that the plan adopted in s. 1 was effective for elections in years 1998 and 2000 unless the United States Supreme Court re-

versed the decision of the District Court holding G.S. 163-201(a) unconstitutional. The decision of the District Court was reversed by the United States Supreme Court in *Hunt v. Cromartie*, 526 U.S. 541, 119 S. Ct. 1545, 143 L. Ed. 2d 731 (1999).

Subsection (c) of this section was renumbered as subdivisions (c)(1) through (c)(6) pursuant to Session Laws 1997-456, s. 27, which authorized the Revisor of Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

Session Laws 1998-164, s. 1(a), established a special reserve fund, "Reserve for Attorneys Fees in the Case of Pope v. Hunt," in the Office of State Budget and Management to compensate the law firm of Maupin Taylor & Ellis, P.A., for its representation of Art Pope and others in the case of *Pope v. Hunt*, (see *Shaw v. Hunt*, 154 F.3d 161 (4th Cir. 1998)), which challenged the congressional redistricting plan adopted by the 1991 General Assembly. Section 1(b) appropriated \$550,000 from the General Fund to the Office of State Budget and Management for fiscal year 1998-99, and provided that the Director of the Budget allocate the funds pursu-

ant to the order entered in that case. Section 1(c) provided that any funds remaining in the reserve after the firm of Maupin Taylor & Ellis, P.A., has been compensated are to revert to the General Fund.

Session Laws 2001-479, which amended this section and which was submitted to the Attorney General of the United States pursuant to Section 5 of the Voting Rights Act of 1965, as amended (42 U.S.C. 1973c), received

preclearance from the United States Department of Justice on February 15, 2002.

CASE NOTES

Editor's Note. — See the editor's note regarding *Hunt v. Cromartie*, 526 U.S. 541, 119 S. Ct. 1545, 143 L. Ed. 2d 731 (1999).

Constitutionality. — The General Assembly's motivation in drawing the boundaries of a congressional district was a disputed question of fact, and summary judgement in favor of plaintiffs who challenged its motivation as unconstitutional racial gerrymandering was not appropriate, where the congressional districting plan was race-neutral on its face, and the State succeeded in showing that other reasonable inferences could be drawn from the undisputed facts than the plan was based upon racial motivation. *Hunt v. Cromartie*, 526 U.S. 541, 119 S. Ct. 1545, 143 L. Ed. 2d 731 (1999).

Redistricting plan revised to include a second majority-black district after the United States Attorney General objected to the original plan submitted by the General Assembly for preclearance under G.S. 5 of the Voting Rights Act of 1965, 42 U.S.C. § 1973c, violated the equal protection clause of the U.S. Const., Amend. XIV, because race was the legislature's predominant consideration in determining the second majority-black district's shape and placement; and because the plan was not narrowly tailored to serve a compelling state interest, i.e., avoiding liability for minority vote dilution *Shaw v. Hunt*, 517 U.S. 899, 116 S. Ct. 1894, 135 L. Ed. 2d 207 (1996).

Voters who sought injunctive relief against implementation of reapportionment plan had stated a claim under the equal protection clause of the U.S. Const. Amend. XIV, by alleging that the reapportionment plan was so irrational on its face that the plan could be under-

stood only as an effort to segregate voters into separate voting districts because of their race, and that the separation lacked sufficient justification. *Shaw v. Reno*, 509 U.S. 630, 113 S. Ct. 2816, 125 L. Ed. 2d 511 (1993).

As the variance between the enacted legislative plan and a rejected alternative plan was insubstantial and de minimis, and the legislature made a good faith effort to equitably reapportion, this section was constitutional and not in violation of the equal protection clause of U.S. Const., Amend. XIV. *Drum v. Scott*, 337 F. Supp. 588 (M.D.N.C. 1972).

The Act of the 1967 session of the legislature reapportioning congressional districts met minimum federal constitutional standards. *Drum v. Seawell*, 271 F. Supp. 193 (M.D.N.C. 1967).

For case holding former apportionment unconstitutional, see *Drum v. Seawell*, 249 F. Supp. 877 (M.D.N.C. 1965), aff'd, 383 U.S. 831, 86 S. Ct. 1237, 16 L. Ed. 2d 298 (1966).

Practical and Rational Equality Required. — While rigid mathematical standards are not the sine qua non of constitutional validity, practical and rational equality is required. Such equality recognizes only minor deviations which may occur in the recognition of rational and legitimate factors, free from the taint of arbitrariness, irrationality and discrimination. *Drum v. Seawell*, 250 F. Supp. 922 (M.D.N.C. 1966).

Stricter adherence to equality of population between districts may more logically be required in congressional than in state legislative representation. *Drum v. Seawell*, 250 F. Supp. 922 (M.D.N.C. 1966), aff'd, 383 U.S. 831, 86 S. Ct. 1237, 16 L. Ed. 2d 298 (1966).

§ 163-201.1. Severability of congressional apportionment acts.

If any provision of any act of the General Assembly that apportions congressional districts is held invalid by any court of competent jurisdiction, the invalidity shall not affect other provisions that can be given effect without the invalid provision; and to this end the provisions of any said act are severable. (1981, c. 771, s. 2.)

§ 163-201.2. Dividing precincts in congressional apportionment acts restricted.

(a) An act of the General Assembly that apportions congressional districts after the return of a census may not divide precincts unless an act that apportioned congressional districts after the return of that same census has been rejected by the United States Department of Justice or the District Court for the District of Columbia under section 5 of the Voting Rights Act of 1965.

(b) If an act that apportioned congressional districts has been rejected by the United States Department of Justice or the District Court for the District of Columbia under section 5 of the Voting Rights Act of 1965, then a subsequent act may only divide the minimum number of precincts necessary to obtain approval of the act under section 5 of the Voting Rights Act of 1965.

(c) This section does not prevent the General Assembly from taking any action to comply with federal law or the Constitution of the United States. (1995, c. 355, s. 2.)

Editor's Note. — The United States Department of Justice interposed objection to Session Laws 1995, c. 355, which enacted this section.

§ 163-202. Election after reapportionment of members of House of Representatives.

Whenever, by a new apportionment of members of the United States House of Representatives, the number of Representatives from North Carolina shall be changed, and neither the Congress nor the General Assembly shall provide for electing them, the following procedures shall apply:

- (1) If the number of Representatives is increased, the Representative from each of the existing congressional districts shall be elected by the qualified voters of his district, and the additional Representatives apportioned to North Carolina shall be elected on a single ballot by the qualified voters of the whole State.
- (2) If the number of Representatives is decreased, existing congressional district lines shall be ignored, and all Representatives apportioned to North Carolina shall be elected on a single ballot by the qualified voters of the whole State. (1901, c. 89, s. 58; Rev., s. 4368; C.S., s. 6006; 1967, c. 775, s. 1.)

§ 163-209. Names of presidential electors not printed on ballots.

The names of candidates for electors of President and Vice-President nominated by any political party recognized in this State under G.S. 163-96, or nominated under G.S. 163-1(c) by a candidate for President of the United States who has qualified to have his name printed on the general election ballot as an unaffiliated candidate under G.S. 163-122, shall be filed with the Secretary of State but shall not be printed on the ballot. In the case of the unaffiliated candidate, the names of candidates for electors must be filed with the Secretary of State no later than 12:00 noon on the first Friday in August. In place of their names, there shall be printed on the ballot the names of the candidates for President and Vice-President of each political party recognized in this State, and the name of any candidate for President who has qualified to have his name printed on the general election ballot under G.S. 163-122. A candidate for President who has qualified for the general election ballot as an unaffiliated candidate under G.S. 163-122 shall, no later than 12:00 noon on the first Friday in August, file with the State Board of Elections the name of a candidate for Vice-President, whose name shall also be printed on the ballot. A vote for the candidates named on the ballot shall be a vote for the electors of the party or unaffiliated candidate by which those candidates were nominated and whose names have been filed with the Secretary of State. § 163-210. Governor to proclaim results; casting State's vote for President and Vice-President.

Upon receipt of the certifications prepared by the State Board of Elections and delivered in accordance with G.S. 163-182.15, the Secretary of State, under seal of the office, shall notify the Governor of the names of the persons elected to the office of elector for President and Vice-President of the United States as stated in the abstracts of the State Board of Elections. Thereupon, the Governor shall immediately issue a proclamation setting forth the names of the electors and instructing them to be present in the old Hall of the House of Representatives in the State Capitol in the City of Raleigh at noon on the first Monday after the second Wednesday in December next after their election, at which time the electors shall meet and vote on behalf of the State for President and Vice-President of the United States. The Governor shall cause this proclamation to be published in the daily newspapers published in the City of Raleigh. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice. The Secretary of State is responsible for making the actual arrangements for the meeting, preparing the agenda, and inviting guests.

Before the date fixed for the meeting of the electors, the Governor shall send by registered mail to the Archivist of the United States, either three duplicate

original certificates, or one original certificate and two authenticated copies of the Certificates of Ascertainment, under the great seal of the State setting forth the names of the persons chosen as presidential electors for this State and the number of votes cast for each. These Certificates of Ascertainment should be sent as soon as possible after the election, but must be received before the Electoral College meeting. At the same time the Governor shall deliver to the electors six duplicate originals of the same certificate, each bearing the great seal of the State. At any time prior to receipt of the certificate of the Governor or within 48 hours thereafter, any person elected to the office of elector may resign by submitting his resignation, written and duly verified, to the Governor. Failure to so resign shall signify consent to serve and to cast his vote for the candidate of the political party which nominated such elector.

In case of the absence, ineligibility or resignation of any elector chosen, or if the proper number of electors shall for any cause be deficient, the first and second alternates, respectively, who were nominated under G.S. 163-1(c), shall fill the first two vacancies. If the alternates are absent, ineligible, resign, or were not chosen, or if there are more than two vacancies, then the electors present at the required meeting shall forthwith elect from the citizens of the State a sufficient number of persons to fill the deficiency, and the persons chosen shall be deemed qualified electors to vote for President and Vice-President of the United States. Presidential electors shall be paid, for attending the meeting held in the City of Raleigh on the first Monday after the second Wednesday in December next after their election, the sum of forty-four dollars (\$44.00) per day and traveling expenses at the rate of seventeen cents (17¢) per mile in going to and returning home from the required meeting. (1901, c. 89, s. 84; Rev., s. 2761; C.S., s. 3878; 1933, c. 5; 1967, c. 775, s. 1; 1979, c. 1008.)

§ 163-212. Penalty for failure of presidential elector to attend and vote.

Any presidential elector having previously signified his consent to serve as such, who fails to attend and vote for the candidate of the political party which nominated such elector, for President and Vice-President of the United States at the time and place directed in G.S. 163-210 (except in case of sickness or other unavoidable accident) shall forfeit and pay to the State five hundred dollars (\$500.00), to be recovered by the Attorney General in the Superior Court of Wake County. In addition to such forfeiture, refusal or failure to vote for the candidates of the political party which nominated such elector shall constitute a resignation from the office of elector, his vote shall not be recorded,

and the remaining electors shall forthwith fill such vacancy as hereinbefore provided.

The clear proceeds of forfeitures provided for in this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1901, c. 89, s. 83; Rev., s. 4375; C.S., s. 6013; 1933, c. 165, s. 11; 1967, c. 775, s. 1; 1969, c. 949, s. 3; 1998-215, s. 131.)

§ 163-213. Appointment of Presidential Electors by General Assembly in certain circumstances, by the Governor in certain other circumstances.

(a) Appointment by General Assembly if No Proclamation by Six Days Before Electors' Meeting Day. — As permitted by 3 U.S.C. § 2, whenever the appointment of any Presidential Elector has not been proclaimed under G.S. 163-210 before noon on the date for settling controversies specified by 3 U.S.C. § 5, and upon the call of an extra session pursuant to the North Carolina Constitution for the purposes of this section, the General Assembly may fill the position of any Presidential Electors whose election is not yet proclaimed.

(b) Appointment by Governor if No Appointment by the Day Before Electors' Meeting Day. — If the appointment of any Presidential Elector has not been proclaimed under G.S. 163-210 before noon on the date for settling controversies specified by 3 U.S.C. § 5, nor appointed by the General Assembly by noon on the day before the day set for the meeting of Presidential Electors by 3 U.S.C. § 7, then the Governor shall appoint that Elector.

(c) Standard for Decision by General Assembly and Governor. — In exercising their authority under subsections (a) and (b) of this section, the General Assembly and the Governor shall designate Electors in accord with their best judgment of the will of the electorate. The decisions of the General Assembly or Governor under subsections (a) and (b) of this section are not subject to judicial review, except to ensure that applicable statutory and constitutional procedures were followed. The judgment itself of what was the will of the electorate is not subject to judicial review.

(d) Proclamation Before Electors' Meeting Day Controls. — If the proclamation of any Presidential Elector under G.S. 163-210 is made any time before noon on the day set for the meeting of Presidential Electors by 3 U.S.C. § 7, then that proclamation shall control over an appointment made by the General Assembly or the Governor. This section does not preclude litigation otherwise provided by law to challenge the validity of the proclamation or the procedures that resulted in that proclamation. (2001-289, s. 2.)

Presidential Preference Primary Act.

§ 163-213.1. Short title.

This Article may be cited as the "Presidential Preference Primary Act." (1971, c. 225; 1975, c. 744.)

On the Tuesday after the first Monday in May, 1992, and every four years thereafter, the voters of this State shall be given an opportunity to express their preference for the person to be the presidential candidate of their political party.

Any person otherwise qualified who will become qualified by age to vote in the general election held in the same year of the presidential preference primary shall be entitled to register and vote in the presidential preference primary. Such persons may register not earlier than 60 days nor later than the last day for making application to register under G.S. 163-82.6 prior to the said primary. In addition, persons who will become qualified by age to register and vote in the general election for which the primary is held, who do not register during the special period may register to vote after such period as if they were qualified on the basis of age, but until they are qualified by age to vote, they may vote only in primary elections. OPINIONS OF ATTORNEY GENERAL

Seventeen-year-olds whose 18th birthdays would be reached prior to the presidential general election in November, 1976, could vote in the North Carolina presidential

preference primary election. See opinion of Attorney General to The Honorable Patricia S. Hunt, Member, House of Representatives, N.C. General Assembly, 45 N.C.A.G. 205 (1976).

§ 163-213.4. Nomination by State Board of Elections.

By the first Tuesday in February of the year preceding the North Carolina presidential preference primary, the chair of each political party shall submit to the State Board of Elections a list of its presidential candidates to be placed on the presidential preference primary ballot. The list must be comprised of candidates whose candidacy is generally advocated and recognized in the news media throughout the United States or in North Carolina, unless any such candidate executes and files with the chair of the political party an affidavit stating without qualification that the candidate is not and does not intend to become a candidate for nomination in the North Carolina Presidential Preference Primary Election. The State Board of Elections shall prepare and publish a list of the names of the presidential candidates submitted. The State Board

of Elections shall convene in Raleigh on the first Tuesday in March preceding the presidential preference primary election. At the meeting required by this section, the State Board of Elections shall nominate as presidential primary candidates all candidates affiliated with a political party, recognized pursuant to the provisions of Article 9 of Chapter 163 of the General Statutes, who have been submitted to the State Board of Elections. Immediately upon completion of these requirements, the Board shall release to the news media all such nominees selected. Provided, however, nothing shall prohibit the partial selection of nominees prior to the meeting required by this section, if all provisions herein have been complied with. (1971, c. 225; 1975, c. 744; 1983, c. 729; 1987, c. 81, s. 1; c. 549, s. 6.1; 1991, c. 689, s. 15(c); 2003-278, s. 9(a); 2007-391, s. 33.)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is

effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2007-391, s. 33, added the first three sentences; and rewrote the second-to-last sentence. For effective date, see Editor's Notes.

CASE NOTES

Adoption of Federal Criteria for Ensuring That Presidential Candidates Are Qualified. — Where the state determines that its resources do not permit the full investigation of the qualifications of national presidential candidates, the adoption of the federal

criteria is a permissible means for furthering the valid state interest of insuring that only viable candidates compete in the State's presidential primary elections. *LaRouche v. State Bd. of Elections*, 758 F.2d 998 (4th Cir. 1985).

§ 163-213.5. Nomination by petition.

Any person seeking the endorsement by the national political party for the office of President of the United States, or any group organized in this State on behalf of, and with the consent of, such person, may file with the State Board of Elections petitions signed by 10,000 persons who, at the time they signed are registered and qualified voters in this State and are affiliated, by such registration, with the same political party as the candidate for whom the petitions are filed. Such petitions shall be presented to the county board of elections 10 days before the filing deadline and shall be certified promptly by the chairman of the board of elections of the county in which the signatures were obtained and shall be filed by the petitioners with the State Board of Elections no later than 5:00 P.M. on the Monday prior to the date the State Board of Elections is required to meet as directed by G.S. 163-213.4.

The petitions must state the name of the candidate for nomination, along with a letter of approval signed by such candidate. Said petitions must also state the name and address of the chairman of any such group organized to circulate petitions authorized under this section. The requirement for signers of such petitions shall be the same as now required under provisions of G.S. 163-96(b)(1) and (2). The requirement of the respective chairmen of county boards of elections shall be the same as now required under the provisions of G.S. 163-96 as they relate to the chairman of the county board of elections.

The State Board of Elections shall forthwith determine the sufficiency of petitions filed with it and shall immediately communicate its determination to the chairman of such group organized to circulate petitions. The form and style of petition shall be as prescribed by the State Board of Elections. (1971, c. 225; 1975, c. 744; 2002-159, s. 55(e); 2003-278, s. 9(b); 2004-127, s. 6.)

Editor’s Note. — Section 163-96(b)(1) and (2), referred to in this section, has been repealed.

CASE NOTES

Discrimination Against Independent Candidates Unconstitutional. — North Carolina grossly discriminated against those who chose to pursue their candidacies as independent rather than by forming a new political party in requiring a group of voters seeking a place on the ballot as a new party to submit petitions signed by only 10,000 voters, less than one-sixteenth the number required of an independent candidate, and furthermore, in requiring a candidate desiring to run in the North Carolina presidential preference primary to submit only 10,000 signatures; since the State asserted no compelling interest for such dispar-

ate treatment, that portion of G.S. 163-122 which required an independent candidate for president to file written petitions signed by qualified voters equal in number to 10 percent of those who voted for Governor in the last gubernatorial election was an unconstitutional infringement upon the rights of such candidate and his supporters to associate for the advancement of political beliefs, to cast their votes effectively, and to enjoy equal protection under the law. *Greaves v. State Bd. of Elections*, 508 F. Supp. 78 (E.D.N.C. 1980), decided prior to 1981 amendment to § 163-122.

§ 163-213.6. Notification to candidates.

The State Board of Elections shall forthwith contact each person who has been nominated by the Board or by petition and notify him in writing that his name will be printed as a candidate of a specified political party on the North Carolina presidential preference primary ballot. A candidate who participates in the North Carolina presidential preference primary of a particular party shall have his name placed on the general election ballot only as a nominee of that political party. The board shall send a copy of the “Presidential Preference Primary Act” to each candidate with the notice specified above. (1971, c. 225; 1975, c. 744; 1987, c. 549, s. 6.2.)

CASE NOTES

Phrase “participates in the North Carolina presidential preference primary” might reasonably be interpreted as meaning (1) notifying the board, as required by the statute, of one’s desire to have one’s name placed on the

primary ballot, (2) actively seeking election in the primary election itself, or (3) engaging in other activity falling somewhere between those two extremes. *Anderson v. Babb*, 632 F.2d 300 (4th Cir. 1980).

§ 163-213.7. Voting in presidential preference primary; ballots.

The names of all candidates in the presidential preference primary shall appear at an appropriate place on the ballot or voting machine. In addition the State Board of Elections shall provide a category on the ballot or voting machine allowing voters in each political party to vote an “uncommitted” or “no preference” status. The voter shall be able to cast his ballot for one of the presidential candidates of a political party or for an “uncommitted” or “no preference” status, but shall not be permitted to vote for candidates or “uncommitted” status of a political party different from his registration. Persons registered as “Unaffiliated” shall not participate in the presidential primary except as provided in G.S. 163-119. (1971, c. 225; 1975, c. 744; 1993 (Reg. Sess., 1994), c. 762, s. 52; 2004-127, s. 11.)

§ 163-213.8. Allocation of delegate positions to reflect division of votes in the primary.

(a) Upon completion and certification of the primary results by the State Board of Elections, the Secretary of State shall certify the results to the State chairman of each political party.

Each political party shall allocate delegate positions in a manner which reflects the division of votes of the party primary consistent with the national party rules of that political party.

(b) In case of conflict between subsection (a) of this section and the national rules of a political party, the State executive committee of that party has the authority to resolve the conflict by adopting for that party the national rules, which shall then supercede any provision in subsection (a) of this section with which it conflicts, provided that the executive committee shall take only such action under this subsection necessary to resolve the conflict. (1971, c. 225; 1975, c. 744; 1979, c. 800; 1983, c. 216, ss. 1, 2.)

§ 163-213.9. National committee to be notified of provisions under this Article.

It shall be the responsibility of the State chairman of each political party, qualified under the laws of this State, to notify his party's national committee no later than January 30 of each year in which such presidential preference primary shall be conducted of the provisions contained under this Article. (1971, c. 225; 1975, c. 744.)

Petitions for Elections and Referenda.

§ 163-218. Registration of notice of circulation of petition.

From and after July 1, 1957, notice of circulation of a petition calling for any election or referendum shall be registered with the county board of elections with which the petition is to be filed, and the date of registration of the notice shall be the date of issuance and commencement of circulation of the petition. SUBCHAPTER VII. ABSENTEE VOTING.

ARTICLE 20.

Absentee Ballot.

§ 163-226. Who may vote an absentee ballot.

(a) Who May Vote Absentee Ballot; Generally. — Any qualified voter of the State may vote by absentee ballot in a statewide primary, general, or special election on constitutional amendments, referenda or bond proposals, and any qualified voter of a county is authorized to vote by absentee ballot in any primary or election conducted by the county board of elections, in the manner provided in this Article.

- (a1) Repealed by Session Laws 2001-337, s. 1, effective January 1, 2002.

(a2) Annual Request by Person With Sickness or Physical Disability. — If the applicant so requests and reports in the application that the voter has a sickness or physical disability that is expected to last the remainder of the calendar year, the application shall constitute a request for an absentee ballot for all of the primaries and elections held during the calendar year when the application is received.

(b) Absentee Ballots; Exceptions. — Notwithstanding the authority contained in G.S. 163-226(a), absentee ballots shall not be permitted in fire district elections.

(c) The Term "Election". — As used in this Subchapter, unless the context clearly requires otherwise, the term "election" includes a general, primary, second primary, runoff election, bond election, referendum, or special election. (1939, c. 159, s. 1; 1963, c. 457, s. 1; 1967, c. 775, s. 1; c. 952, s. 1; 1973, c. 536, s. 1; c. 1018; 1977, c. 469, s. 1; 1979, c. 140, s. 1; 1995 (Reg. CASE NOTES

Effect of Mistake or Misconduct of Election Officials. — Persons in all respects qualified to cast absentee ballots will not be disfranchised for the mistake or even willful misconduct of election officials in performing their duties, when the mistake or misconduct does not amount to coercion, fraud or imposition and it appears that the ballots expressed only the free choices of the electors themselves. State ex rel. Owens v. Chaplin, 228 N.C. 705, 47 S.E.2d 12, rehearing denied, 229 N.C. 797, 48 S.E.2d 37 (1948).

Provision of former law that election laws be construed in favor of right to vote did not apply when the elector desired to avail himself of a special privilege and did not, of his own volition, comply with the conditions precedent prescribed by the statute, which gave him the right to do so. Davis v. County Bd. of Educ., 186 N.C. 227, 119 S.E. 372 (1923).

§ 163-226.1. Absentee voting in primary.

A qualified voter may vote by absentee ballot in a partisan primary provided the qualified voter is affiliated, at the time the qualified voter makes application for absentee ballots, with the political party in whose primary the qualified voter wishes to vote, except that an unaffiliated voter may vote in a party primary if permitted under G.S. 163-119. The official registration records of the county in which the voter is registered shall be proof of whether the

qualified voter is affiliated with a political party and of the party, if any, with which the qualified voter is affiliated. (1977, c. 469, s. 1; 1999-455, s. 2.)

§ 163-226.2. Absentee voting in municipal elections.

Absentee voting by qualified voters residing in a municipality shall be in accordance with the authorization specified in G.S. 163-302. (1977, c. 469, s. 1.)

§ 163-226.3. Certain acts declared felonies.

(a) Any person who shall, in connection with absentee voting in any election held in this State, do any of the acts or things declared in this section to be unlawful, shall be guilty of a Class I felony. It shall be unlawful:

- (1) For any person except the voter's near relative or the voter's verifiable legal guardian to assist the voter to vote an absentee ballot when the voter is voting an absentee ballot other than under the procedure described in G.S. 163-227.2; provided that if there is not a near relative or legal guardian available to assist the voter, the voter may request some other person to give assistance;
- (2) For any person to assist a voter to vote an absentee ballot under the absentee voting procedure authorized by G.S. 163-227.2 except as provided in that section;
- (3) For a voter who votes an absentee ballot under the procedures authorized by G.S. 163-227.2 to vote that voter's absentee ballot outside of the voting booth or private room provided to the voter for that purpose in or adjacent to the office of the county board of elections or at the additional site provided by G.S. 163-227.2(f1), or to receive assistance except as provided in G.S. 163-227.2;
- (4) For any owner, manager, director, employee, or other person, other than the voter's near relative or verifiable legal guardian, to make a written request pursuant to G.S. 163-230.1 or an application on behalf of a registered voter who is a patient in any hospital, clinic, nursing home or rest home in this State or for any owner, manager, director, employee, or other person other than the voter's near relative or verifiable legal guardian, to mark the voter's absentee ballot or assist such a voter in marking an absentee ballot. This subdivision does not apply to members, employees, or volunteers of the county board of elections, if those members, employees, or volunteers are working as part of a multipartisan team trained and authorized by the county board of elections to assist voters with absentee ballots. Each county board of elections shall train and authorize such teams, pursuant to procedures which shall be adopted by the State Board of Elections.
- (5) Repealed by Session Laws 1987, c. 583, s. 8.
- (6) For any person to take into that person's possession for delivery to a voter or for return to a county board of elections the absentee ballot of any voter, provided, however, that this prohibition shall not apply to a voter's near relative or the voter's verifiable legal guardian;
- (7) Except as provided in subsections (1), (2), (3) and (4) of this section, G.S. 163-231(a), G.S. 163-250(a), and G.S. 163-227.2(e), for any voter to permit another person to assist the voter in marking that voter's absentee ballot, to be in the voter's presence when a voter votes an absentee ballot, or to observe the voter mark that voter's absentee ballot.

(b) The State Board of Elections or a county board of elections, upon receipt of a sworn affidavit from any qualified voter of the State or the county, as the case may be, attesting to first-person knowledge of any violation of subsection

(a) of this section, shall transmit that affidavit to the appropriate district attorney, who shall investigate and prosecute any person violating subsection (a). (1979, c. 799, s. 4; 1983, c. 331, s. 2; 1985, c. 563, s. 4; 1987, c. 565, s. 7; c. 583, ss. 8, 10; 1995, c. 243, s. 1; 1999-455, s. 3; 2005-428, s. 5(b); 2007-391, s. 29(a).)

Effect of Amendments. — Session Laws 2005-428, s. 5(b), effective January 1, 2006, and applicable to all primaries and elections held on or after that date, rewrote subdivisions (a)(2) and (a)(3).

Session Laws 2007-391, s. 29(a), effective January 1, 2008, added the last two sentences and made a minor stylistic change in subdivision (a)(4).

§ **163-227:** Repealed by Session Laws 1999-455, s. 4, effective January 1, 2000.

§ **163-227.1. Second primary; applications for absentee ballots for voting in second primary.**

A voter applying for an absentee ballot for a primary election who will be eligible to vote under this Article on the day of the primary and second primary shall be permitted by the county board of elections to indicate that fact on that voter's application and that voter shall automatically be issued an application and absentee ballot for the second primary if one is called. The county board of elections shall consider that indication a separate request for application for the second primary and, at the proper time, shall enter that voter's name in the absentee register along with the listing of other applicants for absentee ballots for the second primary.

In addition, a voter entitled to absentee ballots under the provisions of this Article who did not make application for the primary or who failed to apply for a second primary ballot at the time of application for a first primary ballot may make a written request for absentee ballots for a second primary not earlier than the day a second primary is called and not later than the date and time provided by G.S. 163-230.1.

All procedures with respect to absentee ballots in a second primary shall be the same as with respect to absentee ballots in a first primary except as otherwise provided by this section. (1973, c. 536, s. 1; 1977, c. 469, s. 1; 1981, c. 560, s. 1; 1985, c. 600, s. 3; 1999-455, s. 5.)

§ **163-227.2. Alternate procedures for requesting application for absentee ballot; "one-stop" voting procedure in board office.**

(a) Any voter eligible to vote by absentee ballot under G.S. 163-226 may request an application for absentee ballots, complete the application, and vote under the provisions of this section and of G.S. 163-82.6A, as applicable.

(a1) Repealed by Session Laws 2001-337, s. 2, effective January 1, 2002.

(b) Not earlier than the third Thursday before an election, in which absentee ballots are authorized, in which a voter seeks to vote and not later than 1:00 P.M. on the last Saturday before that election, the voter shall appear in person only at the office of the county board of elections, except as provided in subsection (g) of this section. A county board of elections shall conduct one-stop voting on the last Saturday before the election until 1:00 P.M. and may conduct it until 5:00 P.M. on that Saturday. That voter shall enter the voting enclosure at the board office through the appropriate entrance and shall at once state his or her name and place of residence to an authorized member

or employee of the board. In a primary election, the voter shall also state the political party with which the voter affiliates and in whose primary the voter desires to vote, or if the voter is an unaffiliated voter permitted to vote in the primary of a particular party under G.S. 163-119, the voter shall state the name of the authorizing political party in whose primary he wishes to vote. The board member or employee to whom the voter gives this information shall announce the name and residence of the voter in a distinct tone of voice. After examining the registration records, an employee of the board shall state whether the person seeking to vote is duly registered. If the voter is found to be registered that voter may request that the authorized member or employee of the board furnish the voter with an application form as specified in G.S. 163-227. The voter shall complete the application in the presence of the authorized member or employee of the board, and shall deliver the application to that person.

(c) If the application is properly filled out, the authorized member or employee shall enter the voter's name in the register of absentee requests, applications, and ballots issued and shall furnish the voter with the ballots to which the application for absentee ballots applies. The voter thereupon shall vote in accordance with subsection (e) of this section.

All actions required by this subsection shall be performed in the office of the board of elections, except that the voting may take place in an adjacent room as provided by subsection (e) of this section. The application under this subsection shall be signed in the presence of the chair, member, director of elections of the board, or full-time employee, authorized by the board who shall sign the application and certificate as the witness and indicate the official title held by him or her. Notwithstanding G.S. 163-231(a), in the case of this subsection, only one witness shall be required on the certificate.

(d) Only the chairman, member, employee, or director of elections of the board shall keep the voter's application for absentee ballots in a safe place, separate and apart from other applications and container-return envelopes. If the voter's application for absentee ballots is disapproved by the board, the board shall so notify the voter stating the reason for disapproval by first-class mail addressed to the voter at that voter's residence address and at the address shown in the application for absentee ballots; and the board shall enter a challenge under G.S. 163-89.

(e) The voter shall vote that voter's absentee ballot in a voting booth in the office of the county board of elections, and the county board of elections shall provide a voting booth for that purpose, provided however, that the county board of elections may in the alternative provide a private room for the voter adjacent to the office of the board, in which case the voter shall vote that voter's absentee ballot in that room. A voter at a one-stop site shall be entitled to the same assistance as a voter at a voting place on election day under G.S. 163-166.8. The State Board of Elections shall, where appropriate, adapt the rules it adopts under G.S. 163-166.8 to one-stop voting.

(e1) If a county uses a voting system with retrievable ballots, that county's board of elections may by resolution elect to conduct one-stop absentee voting according to the provisions of this subsection. In a county in which the board has opted to do so, a one-stop voter shall cast the ballot and then shall deposit the ballot in the ballot box or voting system in the same manner as if such box or system was in use in a precinct on election day. At the end of each business day, or at any time when there will be no employee or officer of the board of elections on the premises, the ballot box or system shall be secured in accordance with a plan approved by the State Board of Elections, which shall include that no additional ballots have been placed in the box or system. Any county board desiring to conduct one-stop voting according to this subsection shall submit a plan for doing so to the State Board of Elections. The State

Board shall adopt standards for conducting one-stop voting under this subsection and shall approve any county plan that adheres to its standards. The county board shall adhere to its State Board-approved plan. The plan shall provide that each one-stop ballot shall have a ballot number on it in accordance with G.S. 163-230.1(a2), or shall have an equivalent identifier to allow for retrievability. The standards shall address retrievability in one-stop voting on direct record electronic equipment where no paper ballot is used.

(e2) A voter who has moved within the county more than 30 days before election day but has not reported the move to the board of elections shall not be required on that account to vote a provisional ballot at the one-stop site, as long as the one-stop site has available all the information necessary to determine whether a voter is registered to vote in the county and which ballot the voter is eligible to vote based on the voter's proper residence address. The voter with that kind of unreported move shall be allowed to vote the same kind of absentee ballot as other one-stop voters.

(f) Notwithstanding the exception specified in G.S. 163-36, counties which operate a modified full-time office shall remain open five days each week during regular business hours consistent with daily hours presently observed by the county board of elections, commencing with the date prescribed in G.S. 163-227.2(b) and continuing until 5:00 P.M. on the Friday prior to that election and shall also be open on the last Saturday before the election. A county board may conduct one-stop absentee voting during evenings or on weekends, as long as the hours are part of a plan submitted and approved according to subsection (g) of this section. The boards of county commissioners shall provide necessary funds for the additional operation of the office during that time.

(g) Notwithstanding any other provision of this section, a county board of elections by unanimous vote of all its members may provide for one or more sites in that county for absentee ballots to be applied for and cast under this section. Every individual staffing any of those sites shall be a member or full-time employee of the county board of elections or an employee of the county board of elections whom the board has given training equivalent to that given a full-time employee. Those sites must be approved by the State Board of Elections as part of a Plan for Implementation approved by both the county board of elections and by the State Board of Elections which shall also provide adequate security of the ballots and provisions to avoid allowing persons to vote who have already voted. The Plan for Implementation shall include a provision for the presence of political party observers at each one-stop site equivalent to the provisions in G.S. 163-45 for party observers at voting places on election day. A county board of elections may propose in its Plan not to offer one-stop voting at the county board of elections office; the State Board may approve that proposal in a Plan only if the Plan includes at least one site reasonably proximate to the county board of elections office and the State Board finds that the sites in the Plan as a whole provide adequate coverage of the county's electorate. If a county board of elections has considered a proposed Plan or Plans for Implementation and has been unable to reach unanimity in favor of a Plan, a member or members of that county board of elections may petition the State Board of Elections to adopt a plan for it. If petitioned, the State Board may also receive and consider alternative petitions from another member or members of that county board. The State Board of Elections may adopt a Plan for that county. The State Board, in that plan, shall take into consideration factors including geographic, demographic, and partisan interests of that county. The State Board of Elections shall not approve, either in a Plan approved unanimously by a county board of elections or in an alternative Plan proposed by a member or members of that board, a one-stop site in a building that the county board of elections is not entitled under G.S. 163-129 to demand and use as an election-day voting place, unless the State Board of

Elections finds that other equally suitable sites were not available and that the use of the sites chosen will not unfairly advantage or disadvantage geographic, demographic, or partisan interests of that county.

(h) Notwithstanding the provisions of G.S. 163-89(a) and (b), a challenge may be entered against a voter at a one-stop site under subsection (g) of this section or during one-stop voting at the county board office. The challenge may be entered by a person conducting one-stop voting under this section or by another registered voter who resides in the same precinct as the voter being challenged. If challenged at the place where one-stop voting occurs, the voter shall be allowed to cast a ballot in the same way as other voters. The challenge shall be made on forms prescribed by the State Board of Elections. The challenge shall be heard by the county board of elections in accordance with the procedures set forth in G.S. 163-89(e).

(i) At any site where one-stop absentee voting is conducted, there shall be a curtained or otherwise private area where the voter may mark the ballot unobserved. Session Laws 2005-256, s. 1, as amended by Session Laws 2005-305, s. 4.1, provides: "With the approval of the State Board of Elections,

the Orange County Board of Elections may conduct a pilot program in Chapel Hill Township for any or all primaries or elections occurring prior to January 1, 2007, where the requirements of this section prevail over any other requirement concerning voting at one-stop sites or on election day. The pilot program shall consist of continuing one-stop voting as provided in G.S. 163-227.2 on election day as the method of voting. Voting places, whether during the one-stop period or on election day, shall be known as voting centers. The pilot program consists of the following elements:

"(1) Any voter properly registered in Chapel Hill Township may vote at any voting center during the one-stop period established in G.S. 163-227.2 or on election day.

"(2) On election day, the only places open to vote in Chapel Hill Township are those designated as voting centers.

"(3) All voting centers shall have a Web-based or online connection to the voter registration system so that voter registration information and voting history can be checked in a timely manner to ensure against any voter voting more than once.

"(4) Notwithstanding G.S. 163-227.2(e1), the State Board of Elections shall determine which ballots must be made retrievable and identifiable to the county board of elections in order to ensure that the vote count by eligible voters is accurate. If any vote need not be identifiable, it shall not be made so, notwithstanding G.S. 163-227.2(e1).

"(5) The Plan of Implementation may provide a different system for voter sign-in than the regular one-stop process which requires com-

pletion of an absentee ballot application, but the process must be auditable. As required by G.S. 163-166.7, the voter, before voting, shall sign that voter's name on the pollbook, other voting record, or voter authorization document. As provided by G.S. 163-166.7, if the voter is unable to sign, a voting center official shall enter the person's name on the same document before the voter votes. A voter at a voting center shall be entitled to the same assistance as a voter at a voting place on election day under G.S. 163-166.8.

"(6) A larger number of voting centers may be open on election day than during the earlier part of the one-stop period.

"(7) Election returns shall be reported by regular precinct as well as by voting center. Notwithstanding G.S. 163-132.5G, for primary elections in 2006, those returns by regular precinct shall be reported by May 1, 2007, and for the 2006 general election those returns by regular precinct shall be reported by March 1, 2007. G.S. 163-132.5G shall not apply to elections held in 2005 under this act.

"(8) Notwithstanding G.S. 163-227.2(g), the State Board of Elections may allow the county board of elections during the regular one-stop voting period to designate voting centers in commercial buildings that are not public buildings.

"(9) Notwithstanding G.S. 163-227.2(g), on election day any building may be designated as a voting center, but the office of the county board of elections does not have to be designated as a voting center.

"(10) Notwithstanding G.S. 163-227.2(g), officials appointed pursuant to G.S. 163-41, 163-42, and 163-42.1 may be assigned to staff the voting centers. The Plan of Implementation shall provide for appointment of election officials at voting centers so that political parties have a similar opportunity to recommend officials as if there were precinct polling places.

"(11) The Plan of Implementation may for administrative purposes treat the entire township as one precinct with multiple voting places on election day, but a voter must, when appearing to vote, report any change of address.

"(12) Before voting centers may be used under this section, a Plan of Implementation must be approved unanimously by the county board of elections and then approved by the Executive Director of the State Board of Elections. Prior to adoption, the county board of elections shall conduct a public hearing and notify the county chair of each political party under Article 9 of Chapter 163 of the General Statutes. The county board of elections shall develop an outreach and education campaign to inform voters about the changes in voting locations.

"(13) If any polling place that had been a satellite voting place in 2004 under G.S. 163-130 is designated as a voting center, the county

board of elections may provide in its Plan of Implementation that only voters assigned to the satellite voting place may vote at the voting center there, and that such voters may not vote at any other voting center on election day."

Session Laws 2005-256, s. 1.1, as added by Session Laws 2005-305, s. 4.2, provides: "If no elections are conducted under this act in 2005, then any or all elections occurring in 2007 may also be held under this act in addition to those in 2006."

Session Laws 2005-256, s. 2, provides: "The State Board of Elections shall closely monitor the pilot program and report its findings and recommendations to the General Assembly at its 2005 Regular Session in 2006, and to the 2007 Regular Session of the General Assembly."

Session Laws 2005-323, s. 9, provides: "The State Board of Elections may conduct, for primaries and elections in 2006 only, experiments with voting systems that use a means in addition to paper to fulfill the backup record and voter verification requirements of G.S. 163-165.7(a)(4) and G.S. 163-165.7(a)(5), as enacted by this act. The pilot program may be conducted in no more than nine counties. The county boards of elections shall cooperate in conducting the pilot program. The pilot program shall be conducted according to the following requirements:

"(1) The experiment may be conducted in no more than two voting sites per county. The voting sites may include election-day voting places or one-stop sites.

"(2) At each voting site in which the experiment is conducted, voters must have a choice of voting on the experimental voting system or on a voting system that is not part of the experiment.

"(3) Each experimental voting system shall include an additional means for the voter to verify the choices that the voter makes in the electronically cast ballot, which means shall also provide for an additional count. That additional means may utilize audio technology, digital scanners, or some other material or technology that shall record the voters' choices but shall not record any image of any part of the voter.

"(4) On each voting machine or unit used in the experiment, the voting system shall comply with all the applicable requirements of G.S. 163-165.7, including the requirement in G.S. 163-165.7(a)(4) that a DRE system must generate a paper backup record of each individual vote cast electronically and the requirement in G.S. 163-165.7(a)(5) that the paper record generated by the DRE system must be viewable by the voter before the vote is cast electronically and that the system allow the voter to correct any discrepancy between the electronic vote and the paper record before the vote is cast. On every machine or unit, the experimental means

to fulfill those functions shall be used in addition to, rather than instead of, the required paper means.

“(5) For all votes cast on an experimental voting system under the pilot, there shall be, in addition to an electronic count, a full hand-to-eye paper count and a full comparison count of the experimental verification technology.

“The State Board of Elections shall report the results of the pilot program, together with its recommendations, to the 2007 General Assembly and to the Joint Legislative Commission on Governmental Operations by February 1, 2007.”

Session Laws 2007-253, s. 5, provides: “Sections 1, 2, and 3 of this act become effective as follows:

“(1) If preclearance under Section 5 of the Voting Rights Act of 1965 is obtained before September 1, 2007, those sections are effective with regard to registration and voting for any primary or election held on or after October 9, 2007.

“(2) If preclearance is obtained during September 2007, those sections are effective with regard to registration and voting for any primary or election held on or after November 6, 2007.

“(3) If preclearance is obtained on or after October 1, 2007, those sections are effective with regard to registration and voting for any primary or election held on or after the 60th day after preclearance is obtained.

“The remainder of this act is effective when it

becomes law. The State Board of Elections may adopt any necessary procedures to implement this act at any time after this act becomes law.”

Session Laws 2007-253 received preclearance from the U.S. Department of Justice by letter dated August 16, 2007.

Effect of Amendments. — Session Laws 2005-428, s. 5(a), effective January 1, 2006, and applicable to all primaries and elections held on or after that date, and ss. 6(a) and 7, effective September 22, 2005, and applicable to all primaries and elections held on or after that date, in subsection (c), in the first paragraph substituted “issued and” for “issued; shall furnish the voter with the instruction sheets called for by G.S. 163-229(e); and” and in the second paragraph, substituted “chair” for “chairman”; substituted the last two sentences in subsection (e) for “If the voter needs . . . entitled to assist the voter”; and added subsection (e2).

Session Laws 2007-253, s. 3, effective with regard to registration and voting for any primary or election held on or after October 9, 2007, added “and of G.S. 163-82.6A, as applicable” at the end of subsection (a). For effective date and applicability, see Editor’s Notes.

Session Laws 2007-391, s. 34(a), effective January 1, 2008, in subsection (g), deleted the former second sentence, which read “Any site other than the county board of elections office shall be in any building or part of a building that the county board of elections is entitled under G.S. 163-129 to demand and use as a voting place,” and added the last sentence.

§ 163-227.3. Date by which absentee ballots must be available for voting.

(a) A board of elections shall provide absentee ballots of the kinds needed 50 days prior to the date on which the election shall be conducted unless 45 days is authorized by the State Board of Elections under G.S. 163-22(k) or there shall exist an appeal before the State Board or the courts not concluded, in which case the board shall provide the ballots as quickly as possible upon the conclusion of such an appeal. However, in the case of municipal elections, absentee ballots shall be made available no later than 30 days before an election. In every instance the board of elections shall exert every effort to provide absentee ballots, of the kinds needed by the date on which absentee voting is authorized to commence.

(b) **Second Primary.** — The board of elections shall provide absentee ballots, of the kinds needed, as quickly as possible after the ballot information for a second primary has been determined. (1973, c. 1275; 1977, c. 469, s. 1; 1985 (Reg. Sess., 1986), c. 986, s. 2; 1987, c. 485, ss. 2, 5; c. 509, s. 9; 1989, c. 635, s. 5; 2001-353, s. 4; 2002-159, s. 55(i).)

Editor's Note. — Section 4 of Session Laws 1985 (Reg. Sess., 1986), c. 986, provided that s. 2 thereof, which amended subsection (a), would expire with respect to primaries and elections held on or after December 31, 1986.

Session Laws 1985 (Reg. Sess., 1986), c. 987, made the same changes to this section as Session Laws 1985 (Reg. Sess., 1986), c. 986, but was only to become effective if the Attorney General of the United States interposed objec-

tion to Session Laws 1985 (Reg. Sess., 1986), c. 986 as to the fact that such bill provided for designating vacancies for all unexpired terms separately from full terms. Chapter 987 also provided that the act would expire with respect to primaries and elections held on or after December 31, 1986. Objection to c. 986 was not made. Moreover, Session Laws 1987, c. 509, s. 9 repealed Sessions Laws 1985 (Reg. Sess., 1986), c. 987. Therefore, c. 987 never went into effect.

§ 163-228. Register of absentee requests, applications, and ballots issued; a public record.

The State Board of Elections shall approve an official register in which the county board of elections in each county of the State shall record the following information:

- (1) Name of voter for whom application and ballots are being requested, and, if applicable, the name and address of the voter's near relative or verifiable legal guardian who requested the application and ballots for the voter.
- (2) Number of assigned voter's application when issued.
- (3) Precinct in which applicant is registered.
- (4) Address to which ballots are to be mailed, or, if the voter voted pursuant to G.S. 163-227.2, a notation of that fact.
- (5) Reason assigned for requesting absentee ballots.
- (6) Date request for application for ballots is received by the county board of elections.
- (7) The voter's party affiliation.
- (8) The date the ballots were mailed or delivered to the voter.
- (9) Whatever additional information and official action may be required by this Article.

The State Board of Elections may provide for the register to be kept by electronic data processing equipment, and a copy shall be printed out each business day or a supplement printed out each business day of new information.

The register of absentee requests, applications and ballots issued shall constitute a public record and shall be opened to the inspection of any registered voter of the county at any time within 50 days before and 30 days after an election in which absentee ballots were authorized, or at any other time when good and sufficient reason may be assigned for its inspection. (1939, c. 159, ss. 3, 9; 1945, c. 758, s. 8; 1953, c. 1114; 1963, c. 457, s. 3; 1965, c. 1208; 1967, c. 775, s. 1; c. 952, s. 4; 1973, c. 536, s. 1; 1977, c. 469, s. 1; 1991, c. 636, s. 21; 1999-455, s. 7.)

§ 163-229. Absentee ballots, applications on container-return envelopes, and instruction sheets.

(a) Absentee Ballot Form. — In accordance with the provisions of G.S. 163-230.1, persons entitled to vote by absentee ballot shall be furnished with official ballots.

(b) Application on Container-Return Envelope. — In time for use not later than 50 days before a statewide primary, general election or county bond election, the county board of elections shall print a sufficient number of envelopes in which persons casting absentee ballots may transmit their marked ballots to the county board of elections. Each container-return envelope shall have printed on it an application which shall be designed and

prescribed by the State Board of Elections, the voter's certification of eligibility to vote the enclosed ballot and of having voted the enclosed ballot in accordance with this Article, a space for identification of the envelope with the voter, and a space for approval by the county board of elections. The envelope shall allow reporting of a change of name as provided by G.S. 163-82.16. The container-return envelope shall be printed in accordance with the instructions of the State Board of Elections.

(c) Instruction Sheets. — In time for use not later than 50 days before a statewide primary, general or county bond election, the county board of elections shall prepare and print a sufficient number of sheets of instructions on how voters are to prepare absentee ballots and return them to the county board of elections. (1929, c. 164, s. 39; 1939, c. 159, ss. 3, 4; 1943, c. 751, s. 2; 1963, c. 457, ss. 3, 4; 1965, c. 1208; 1967, c. 775, s. 1; c. 851, s. 1; c. 952, s. 5; 1973, c. 536, s. 1; 1975, c. 844, s. 13; 1977, c. 469, s. 1; 1985, c. 562, ss. 3, 4; 1985 (Reg. Sess., 1986), c. 986, s. 2; 1987, c. 485, ss. 2, 5; c. 509, s. 9; c. 583, s. 3; 1989, c. 635, s. 5; 1995 (Reg. Sess., 1996), c. 561, s. 5; 1999-455, s. 8.)

Editor's Note. — Section 4 of Session Laws 1985 (Reg. Sess., 1986), c. 986, provided that s. 2 thereof, which amended subsections (b) and (c), would expire with respect to primaries and elections held on or after December 31, 1986.

Session Laws 1985 (Reg. Sess., 1986), c. 987, s. 2 made the same changes to this section as Session Laws 1985 (Reg. Sess., 1986), c. 986, but was only to become effective if the Attorney General of the United States interposed objection to Session Laws 1985 (Reg. Sess., 1986), c.

986 as to the fact that such bill provided for designating vacancies for all unexpired terms separately from full terms. Chapter 987 also provided that the act would expire with respect to primaries and elections held on or after December 31, 1986. Objection to c. 986 was never made. Moreover, Session Laws 1987, c. 509, s. 9 repealed Session Laws 1985 (Reg. Sess., 1986), c. 987. Therefore, c. 987 never went into effect.

§ 163-230: Repealed by Session Laws 1999-455, s. 9, effective January 1, 2000.

Cross References. — For approval of applications and delivery of absentee ballots generally, see G.S. 163-227.1 through 163-231.

§ 163-230.1. Simultaneous issuance of absentee ballots with application.

(a) A qualified voter who is eligible to vote by absentee ballot under G.S. 163-226(a) or that voter's near relative or verifiable legal guardian, shall request in writing an application for absentee ballots, so that the county board of elections receives the request not later than 5:00 P.M. on the Tuesday before the election. That written request shall be signed by the voter, the voter's near relative, or the voter's verifiable legal guardian. The county board of elections shall enter in the register of absentee requests, applications, and ballots issued the information required in G.S. 163-228 as soon as each item of that information becomes available. Upon receiving the application, the county board of elections shall cause to be mailed to that voter in a single package:

- (1) The official ballots the voter is entitled to vote;
- (2) A container-return envelope for the ballots, printed in accordance with G.S. 163-229; and
- (3) Repealed by Session Laws 1999-455, s. 10.
- (4) An instruction sheet.

The ballots, envelope, and instructions shall be mailed to the voter by the county board's chairman, member, officer, or employee as determined by the board and entered in the register as provided by this Article.

(a1) Absence for Sickness or Physical Disability. — Notwithstanding the provisions of subsection (a) of this section, if a voter expects to be unable to go to the voting place to vote in person on election day because of that voter's sickness or other physical disability, that voter or that voter's near relative or verifiable legal guardian may make written request in person for absentee ballots to the board of elections of the county in which the voter is registered after 5:00 p.m. on the Tuesday before the election but not later than 5:00 p.m. on the day before the election. The county board of elections shall enter in the register of absentee requests, applications, and ballots issued the information required in G.S. 163-228 as soon as each item of that information becomes available. The county board of elections shall personally deliver to the requester in a single package:

- (1) The official ballots the voter is entitled to vote;
- (2) A container-return envelope for the ballots, printed in accordance with G.S. 163-229; and
- (3) An instruction sheet.

(a2) Delivery of Absentee Ballots and Container-Return Envelope to Applicant. — When the county board of elections receives a request for applications and absentee ballots, the board shall promptly issue and transmit them to the voter in accordance with the following instructions:

- (1) On the top margin of each ballot the applicant is entitled to vote, the chair, a member, officer, or employee of the board of elections shall write or type the words "Absentee Ballot No. _____" or an abbreviation approved by the State Board of Elections and insert in the blank space the number assigned the applicant's application in the register of absentee requests, applications, and ballots issued. That person shall not write, type, or print any other matter upon the ballots transmitted to the absentee voter. Alternatively, the board of elections may cause to be barcoded on the ballot the voter's application number, if that barcoding system is approved by the State Board of Elections.
- (2) The chair, member, officer, or employee of the board of elections shall fold and place the ballots (identified in accordance with the preceding instruction) in a container-return envelope and write or type in the appropriate blanks thereon, in accordance with the terms of G.S. 163-229(b), the absentee voter's name, the absentee voter's application number, and the designation of the precinct in which the voter is registered. If the ballot is barcoded under this section, the envelope may be barcoded rather than having the actual number appear. The person placing the ballots in the envelopes shall leave the container-return envelope holding the ballots unsealed.
- (3) The chair, member, officer, or employee of the board of elections shall then place the unsealed container-return envelope holding the ballots together with printed instructions for voting and returning the ballots, in an envelope addressed to the voter at the post office address stated in the request, seal the envelope, and mail it at the expense of the county board of elections: Provided, that in case of a request received after 5:00 p.m. on the Tuesday before the election under the provisions of subsection (a1) of this section, in lieu of transmitting the ballots to the voter in person or by mail, the chair, member, officer, or employee of the board of elections may deliver the sealed envelope containing the instruction sheet and the container-return envelope holding the ballots to a near relative or verifiable legal guardian of the voter.

The county board of elections may receive written requests for applications earlier than 50 days prior to the election but shall not mail applications and ballots to the voter or issue applications and ballots in person earlier than 50

days prior to the election, except as provided in G.S. 163-227.2. No election official shall issue applications for absentee ballots except in compliance with this Article.

(b) The application shall be completed and signed by the voter personally, the ballots marked, the ballots sealed in the container-return envelope, and the certificate completed as provided in G.S. 163-231.

(c) At its next official meeting after return of the completed container-return envelope with the voter's ballots, the county board of elections shall determine whether the container-return envelope has been properly executed. If the board determines that the container-return envelope has been properly executed, it shall approve the application and deposit the container-return envelope with other container-return envelopes for the envelope to be opened and the ballots counted at the same time as all other container-return envelopes and absentee ballots.

(c1) Required Meeting of County Board of Elections. — During the period commencing on the third Tuesday before an election, in which absentee ballots are authorized, the county board of elections shall hold one or more public meetings each Tuesday at 5:00 p.m. for the purpose of action on applications for absentee ballots. At these meetings, the county board of elections shall pass upon applications for absentee ballots.

If the county board of elections changes the time of holding its meetings or provides for additional meetings in accordance with the terms of this subsection, notice of the change in hour and notice of the schedule of additional meetings, if any, shall be published in a newspaper circulated in the county at least 30 days prior to the election.

At the time the county board of elections makes its decision on an application for absentee ballots, the board shall enter in the appropriate column in the register of absentee requests, applications, and ballots issued opposite the name of the applicant a notation of whether the applicant's application was "Approved" or "Disapproved".

The decision of the board on the validity of an application for absentee ballots shall be final subject only to such review as may be necessary in the event of an election contest. The county board of elections shall constitute the proper official body to pass upon the validity of all applications for absentee ballots received in the county; this function shall not be performed by the chairman or any other member of the board individually.

(d) Repealed by Session Laws 1999-455, s. 10.

(e) The State Board of Elections, by rule or by instruction to the county board of elections, shall establish procedures to provide appropriate safeguards in the implementation of this section.

(f) For the purpose of this Article, "near relative" means spouse, brother, sister, parent, grandparent, child, grandchild, mother-in-law, father-in-law, daughter-in-law, son-in-law, stepparent, or stepchild. (1983, c. 304, s. 1; 1985, c. 759, ss. 5.1-5.5; 1991, c. 727, s. 6.3; 1993, c. 553, s. 67; 1995, c. 243, s. 1; 1999-455, s. 10; 2001-337, s. 3; 2002-159, s. 55(m).)

CASE NOTES

Election Held Not Vitiating by Irregular Delivery of Ballots. — The fact that the chairman of the county board of elections, in company with candidates in the election, personally delivered absentee ballots to absentee voters at their temporary residence in another state or county was insufficient, under former

G.S. 163-230, of itself, to vitiate their votes, there being no evidence remotely suggesting coercion, fraud or imposition. *State ex rel. Owens v. Chaplin*, 228 N.C. 705, 47 S.E.2d 12, rehearing denied, 229 N.C. 797, 48 S.E.2d 37 (1948).

§ 163-230.2. Method of requesting absentee ballots.

(a) Valid Types of Written Requests. — A written request for an absentee ballot as required by G.S. 163-230.1 is valid only if it is written entirely by the requester personally, or is on a form generated by the county board of elections and signed by the requester. The county board of elections shall issue a request form only to the voter seeking to vote by absentee ballot or to a person authorized by G.S. 163-230.1 to make a request for the voter. If a requester, due to disability or illiteracy, is unable to complete a written request, that requester may receive assistance in writing that request from an individual of that requester's choice.

(b) Invalid Types of Written Requests. — A request is not valid if it does not comply with subsection (a) of this section. If a county board of elections receives a request for an absentee ballot that does not comply with subsection (a) of this section, the board shall not issue an application and ballot under G.S. 163-230.1.

(c) Rules by State Board. — The State Board of Elections shall adopt rules for the enforcement of this section. (2002-159, s. 57(a).)

§ 163-231. Voting absentee ballots and transmitting them to the county board of elections.

(a) Procedure for Voting Absentee Ballots. — In the presence of two other persons who are at least 18 years of age, and who are not disqualified by G.S. 163-226.3(a)(4) or G.S. 163-237(b1), the voter shall:

- (1) Mark the voter's ballots, or cause them to be marked by one of such persons in the voter's presence according to the voter's instruction;
- (2) Fold each ballot separately, or cause each of them to be folded in the voter's presence;
- (3) Place the folded ballots in the container-return envelope and securely seal it, or have this done in the voter's presence;
- (4) Make the application printed on the container-return envelope according to the provisions of G.S. 163-229(b) and make the certificate printed on the container-return envelope according to the provisions of G.S. 163-229(b).

The persons in whose presence the ballot is marked shall at all times respect the secrecy of the ballot and the privacy of the absentee voter, unless the voter requests their assistance and they are otherwise authorized by law to give assistance. The persons in whose presence the ballot was marked shall sign the application and certificate as witnesses, and shall indicate their address. When thus executed, the sealed container-return envelope, with the ballots enclosed, shall be transmitted in accordance with the provisions of subsection (b) of this section to the county board of elections which issued the ballots.

(a1) Repealed by Session Laws 1987, c. 583, s. 1.

(b) Transmitting Executed Absentee Ballots to County Board of Elections. — The sealed container-return envelope in which executed absentee ballots have been placed shall be transmitted to the county board of elections who issued them as follows: All ballots issued under the provisions of Articles 20 and 21 of this Chapter shall be transmitted by mail or by commercial courier service, at the voter's expense, or delivered in person, or by the voter's near relative or verifiable legal guardian not later than 5:00 p.m. on the day before the statewide primary or general election or county bond election. If such ballots are received later than that hour, they shall not be accepted for unless federal law so requires. (1939, c. 159, ss. 2, 5; 1941, c. 248; 1943, c. 736; c. 751, s. 1; 1945, c. 758, s. 5; 1963, c. 457, ss. 2, 5; 1967, c. 775, s. 1; 1971, c. 1247, s. 3; 1973, c. 536, s. 1; 1977, c. 469, s. 1; 1979, c. 799, s. 5; 1985, c. 562, ss. 1, 2; 1987, c. 583, ss. 1, 2; 1989 (Reg. Sess., 1990), c. 991, s. 4; 1999-455, s. 11.)

CASE NOTES

Voters Must Be Sworn. — Where the evidence supports the findings that certain absentee voters were not sworn, the rejection of their ballots is proper. State ex rel. Owens v. Chaplin, 228 N.C. 705, 47 S.E.2d 12, rehearing denied, 229 N.C. 797, 48 S.E.2d 37 (1948).

Oaths Need Not Be Taken upon the Bible. — The fact that the oaths of absentee voters were not taken by them upon the Bible, but were taken with uplifted hands, does not invalidate their votes. State ex rel. Owens v. Chaplin, 228 N.C. 705, 47 S.E.2d 12, rehearing

denied, 229 N.C. 797, 48 S.E.2d 37 (1948).

Interest of superior court clerk in re-election, standing alone, does not disqualify him from administering oaths to absentee voters, administering the oaths being ministerial and not judicial. No later than 10:00 a.m. on election day, the county board of elections shall cause one copy of the list of executed absentee ballots, which may be a continuing countywide list or a separate list for each precinct, to be immediately deposited as “first-class” mail to the State Board of Elections. The board shall retain one copy in the board office for public inspection and the board shall cause two copies of the appropriate precinct list to be delivered to the chief judge of each precinct in the county. The county board of elections shall be authorized to call upon the sheriff of the county to distribute the list to the precincts. In addition the county board of elections shall, upon request, provide a copy of the complete list to the chairman of each political party, recognized under the provisions of G.S. 163-96, represented in the county.

The chief judge shall post one copy of the list immediately in a conspicuous location in the voting place and retain one copy until all challenges of absentee ballots have been heard by the county board of elections. Challenges shall be made to absentee ballots as provided in G.S. 163-89.

After receipt of the list of absentee voters required by this section the chief judge shall call the name of each person recorded on the list and enter an "A" in the appropriate voting square on the voter's permanent registration record, or a similar entry on the computer list used at the polls. If such person is already recorded as having voted in that election, the chief judge shall enter a challenge which shall be presented to the county board of elections for resolution by the board of elections prior to certification of results by the board.

All lists required by this section shall be retained by the county board of elections for a period of 22 months after which they may then be destroyed. § 163-233.1. Withdrawal of absentee ballots not allowed.

No person shall be permitted to withdraw an absentee ballot after such ballot has been mailed to or returned to the county board of elections. (1973, c. 536, s. 1; 1977, c. 469, s. 1.)

§ 163-234. Counting absentee ballots by county board of elections.

All absentee ballots returned to the county board of elections in the container-return envelopes shall be retained by the board to be counted by the county board of elections as herein provided.

- (1) Only those absentee ballots returned to the county board of elections no later than 5:00 p.m. on the day before election day in a properly executed container-return envelope shall be counted, except to the extent federal law requires otherwise.
- (2) The county board of elections shall meet at 5:00 p.m. on election day in the board office or other public location in the county courthouse for the purpose of counting all absentee ballots except those which have been challenged before 5:00 p.m. on election day. Any elector of the

county shall be permitted to attend the meeting and allowed to observe the counting process, provided the elector shall not in any manner interfere with the election officials in the discharge of their duties.

Provided, that the county board of elections is authorized to begin counting absentee ballots between the hours of 2:00 p.m. and 5:00 p.m. upon the adoption of a resolution at least two weeks prior to the election wherein the hour and place of counting absentee ballots shall be stated. A copy of the resolutions shall be published once a week for two weeks prior to the election, in a newspaper having general circulation in the county. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice. The count shall be continuous until completed and the members shall not separate or leave the counting place except for unavoidable necessity, except that if the count has been completed prior to the time the polls close, it shall be suspended until that time pending receipt of any additional ballots. Nothing in this section shall prohibit a county board of elections from taking preparatory steps for the count earlier than the times specified in this section, as long as the preparatory steps do not reveal to any individual not engaged in the actual count election results before the times specified in this subdivision for the count to begin. By way of illustration and not limitation, a preparatory step for the count would be the entry of tally cards from direct record electronic voting units into a computer for processing. The board shall not announce the result of the count before 7:30 p.m.

- (2a) Notwithstanding the provisions of subdivision (2) of this section, a county board of elections may, at each meeting at which it approves absentee ballot applications pursuant to G.S. 163-230.1(c) and (c1), remove those ballots from their envelopes and have them read by an optical scanning machine, without printing the totals on the scanner. The board shall complete the counting of these ballots at the times provided in subdivision (2) of this section. The State Board of Elections shall provide instructions to county boards of elections for executing this procedure, and the instructions shall be designed to ensure the accuracy of the count, the participation of board members of both parties, and the secrecy of the results before election day. This subdivision applies only in counties that use optical scan devices to count absentee ballots.
- (3) The counting of absentee ballots shall not commence until a majority and at least one board member of each political party represented on the board is present and that fact is publicly declared and entered in the official minutes of the county board.
- (4) The county board of elections may employ such assistants as deemed necessary to count the absentee ballots, but each board member present shall be responsible for and observe and supervise the opening and tallying of the ballots.
- (5) As each ballot envelope is opened, the board shall cause to be entered into a pollbook designated "Pollbook of Absentee Voters" the name of the absentee voter, or if the pollbook is computer-generated, the board shall check off the name. Preserving secrecy, the ballots shall be placed in the appropriate ballot boxes, at least one of which shall be provided for each type of ballot. The "Pollbook of Absentee Voters" shall also contain the names of all persons who voted under G.S. 163-227.2, but those names may be printed by computer for inclusion in the pollbook.

After all ballots have been placed in the boxes, the counting process shall begin.

If one-stop ballots under G.S. 163-227.2 are counted electronically, that count shall commence at the time the polls close. If one-stop ballots are paper ballots counted manually, that count shall commence at the same time as other absentee ballots are counted.

If a challenge transmitted to the board on canvass day by a chief judge is sustained, the ballots challenged and sustained shall be withdrawn from the appropriate boxes, as provided in G.S. 163-89(e).

As soon as the absentee ballots have been counted and the names of the absentee voters entered in the pollbook as required herein, the board members and assistants employed to count the absentee ballots shall each sign the pollbook immediately beneath the last absentee voter's name entered therein. The county board of elections shall be responsible for the safekeeping of the pollbook of absentee voters.

- (6) Upon completion of the counting process the board members shall cause the results of the tally to be entered on the absentee abstract prescribed by the State Board of Elections. The abstract shall be signed by the members of the board in attendance and the original mailed immediately to the State Board of Elections. The county board of elections may have a separate count on the abstract for one-stop absentee ballots under G.S. 163-227.2.
- (7) One copy of the absentee abstract shall be retained by the county board of elections and the totals appearing thereon shall be added to the final totals of all votes cast in the county for each office as determined on the official canvass.
- (8) In the event a political party does not have a member of the county board of elections present at the meeting to count absentee ballots due to illness or other cause of the member, the counting shall not commence until the county party chairman of said absent member, or a member of the party's county executive committee, is in attendance. Such person shall act as an official witness to the counting and shall sign the absentee ballot abstract as an "observer."
- (9) The county board of elections shall retain all container-return envelopes and absentee ballots, in a safe place, for at least four months, and longer if any contest is pending concerning the validity of any ballot. Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December 31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

Session Laws 2006-262, s. 5, provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective

Effect of Amendments. — Session Laws 2006-262, s. 1, effective August 27, 2006, except that any criminal penalty resulting from this act becomes effective October 1, 2006, added subdivision (2a).

§ 163-246. Provisions of Article 20 applicable except as otherwise provided; State Board of Elections to adopt regulations.

Except as otherwise provided in this Article, registration by mail and absentee voting by individuals to whom this Article is applicable shall be governed by the provisions of Article 20 of this Chapter. The intent of this Article is that each uniformed services voter receives the utmost consideration and cooperation when voting, that each valid ballot cast by that voter is duly counted, and that all qualified uniformed and overseas voters have equal opportunity to cast a vote and have it counted if it conforms with the law. For purposes of this Article, "uniformed services voter" means those individuals set forth as such in The Uniformed and Overseas Citizens Absentee Voting Act of 1986 (UOCAVA).

§ 163-247. Methods of applying for absentee ballots.

An individual entitled to exercise the rights conferred by this Article and who is absent from the county of his residence may apply for absentee ballots in either of the ways provided in this section.

- (1) Federal Postcard Application Form. — At any time prior to the statewide primary or general election in which he seeks to vote, the applicant may make and sign a written application to the County Board of Election[s] in County of Voter's Residence for absentee ballots on the postcard form specified in or promulgated by regulation under The Uniformed and Overseas Citizens Absentee Voting Act of 1986 (UOCAVA), 42 U.S.C. § 1973ff(b) and § 1973ff-3.
- (2) Application to Chairman of County Board of Elections. — In lieu of applying on the federal postcard as provided in the preceding subdivision, at any time prior to the statewide primary or general election in which he seeks to vote the applicant may make and sign a written application to the chairman of the board of elections of the county of his residence upon a form prepared and furnished him upon request by the county board of elections. This form shall require the applicant's signature and shall elicit from him:
 - a. A request for absentee ballots to be voted in a specified statewide primary or general election.
 - b. A statement of his political party affiliation if he seeks to vote by absentee ballot in a primary election.
 - c. A statement of his membership in the armed forces of the United States, or his membership in one of the other categories to which this Article is made applicable in G.S. 163-245.
 - d. A statement of the precinct in which he is registered to vote, or, if the applicant is not registered, a statement of his address before entering military or other qualifying service and the period of time he resided at that address.
 - e. A statement of the address to which the absentee ballots should be mailed.

In lieu of using a form prepared and furnished by the county board of elections, the voter may apply in an informal writing. If the written application is signed by the voter and if it contains all the information required by this subdivision, it shall be regarded as sufficient to permit the chairman of the county board of elections to act upon it.

- (3) If a single application from an absentee uniformed voter is received by an election official, it shall be considered a valid absentee ballot request with respect to all general, primary, and runoff elections for federal, State, county, or those municipal offices in which absentee ballots are allowed under the provisions of G.S. 163-302, held through the next two regularly scheduled general elections for federal office. This subdivision does not apply to a special election not involving the election of candidates, unless that special election is being held on the same day as a general or primary election. (1941, c. 346, ss. 2, 3; 1943, c. 503, s. 2; 1963, c. 457, s. 12; 1967, c. 775, s. 1; 1977, c. 265, s. 16; 1987, c. 415, s. 1; 2001-466, s. 4(c), (d); 2003-226, s. 20.)

meet the mandate for the education and training of precinct officials and other election officials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election stat-

utes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act.”

In lieu of furnishing this register, the State Board of Elections may provide for a separate military section in the register furnished under the provisions of G.S. 163-228 which shall be used for the same purpose.

Each container-return envelope shall be printed in accordance with the following instructions:

Editor's Note. — Section 4 of Session Laws 1985 (Reg. Sess., 1986), c. 986, provided that s. 2 thereof, which amended subsections (b) and (c), would expire with respect to primaries and elections held on or after December 31, 1986.

Session Laws 1985 (Reg. Sess., 1986), c. 987, made the same changes to this section as Session Laws 1985 (Reg. Sess., 1986), c. 986, but was only to become effective if the Attorney General of the United States interposed objec-

tion to Session Laws 1985 (Reg. Sess., 1986), c. 986 as to the fact that such bill provided for designating vacancies for all unexpired terms separately from full terms. Chapter 987 also provided that the act would expire with respect to primaries and elections held on or after December 31, 1986. Objection to c. 986 was not made. Moreover, Session Laws 1987, c. 509, s. 9 repealed Session Laws 1985 (Reg. Sess., 1986), c. 987. Therefore, c. 987 never went into effect.

§ 163-249. Consideration and approval of applications and issuance of absentee ballots.

The procedure to be followed in receiving applications for absentee ballots under this Article, passing upon their validity, and issuing absentee ballots shall be governed by the provisions of this section.

(1) Record of Applications Received and Ballots Issued. — Upon receipt of a voter's written application for absentee ballots in either of the forms permitted by G.S. 163-247, the chairman of the county board of

elections shall promptly enter in the register of military absentee ballot applications and ballots issued:

- a. Name of voter applying for absentee ballots.
 - b. Applicant's political party affiliation as stated in an application for ballots in a primary.
 - c. Number assigned voter's application. (Numbers assigned applications received under the provisions of this Article shall be chosen so as not to be identical with numbers assigned applications received under the provisions of Article 20.)
 - d. Precinct in which applicant is registered if he is already registered, or precinct in which applicant is registered by the chairman of the county board of elections under the provisions of subdivisions (2) and (3) of this section.
 - e. Address to which ballots are to be mailed.
 - f. Statement of basis on which applicant asserts his qualifications for obtaining absentee ballots under the provisions of this Article.
 - g. Date application for ballots is received by chairman.
- (2) Determination of Validity of Applications for Absentee Ballots; Handling Applications for Persons Not Registered. — The chairman of the county board of elections shall pass upon the validity of all applications for absentee ballots received under the provisions of this Article, and he shall not delegate this responsibility.

If the chairman finds that the applicant is a qualified voter of the county, that he is registered in the precinct stated in his application, that the assertions in his application are true, that they demonstrate that he is entitled to vote by absentee ballot under the terms of this Article, and that his application is in proper form, the chairman shall approve the application for absentee ballots.

If the chairman finds that the applicant is not registered to vote in the precinct in which he declares he is a resident, the chairman shall make a reasonable investigation as to the applicant's residence. If the chairman determines that the applicant is a resident of the precinct asserted, that he is eligible to register and vote under the Constitution and statutes of this State, and that his application is otherwise in order, the chairman shall register him according to the procedure specified in subdivision (3) of this section and approve his application for absentee ballots.

- (3) Record of Chairman's Decisions; Registration by Chairman. — At the time the chairman of the county board of elections makes his decision on an application for absentee ballots, he shall enter in the appropriate column in the register of military absentee ballot applications and ballots issued opposite the name of the applicant a notation of whether his application was "Approved" or "Disapproved." In cases in which the chairman determines that an unregistered applicant is entitled to register, he shall also note in the appropriate column of the register the designation of the precinct in which the applicant is entitled to vote. This entry shall constitute registration and shall entitle an otherwise qualified applicant to receive absentee ballots.
- (4) Delivery of Absentee Ballots and Container-Return Envelope to Applicant. — When the chairman of the county board of elections approves an application for military absentee ballots he shall promptly issue and transmit them in accordance with the following instructions:
- a. On the top margin of each ballot the applicant is entitled to vote, the chairman shall write or type the words "Absentee Ballot No _____" and insert in the blank space the number assigned the applicant's application in the register of military absentee ballot

applications and ballots issued. He shall not write, type, or print any other matter upon the ballots transmitted to the absentee voter.

- b. The chairman shall fold and place the ballots (identified in accordance with the preceding instruction) in a container-return envelope and write or type in the appropriate blanks thereon, the absentee voter's name, his application number, and the designation of the precinct in which his ballots are to be voted. The chairman shall leave the container-return envelope holding the ballots unsealed.
- c. The chairman shall then place the unsealed container-return envelope holding the ballots, together with printed instructions for voting and returning the ballots, in an envelope addressed to the applicant at the address stated in his application, seal the envelope, and mail it at the expense of the county board of elections. (1941, c. 346, ss. 2-5; 1943, c. 503, s. 3; 1963, c. 457, ss. 12, 13; 1967, c. 775, s. 1.)

§ 163-250. Voting absentee ballots and transmitting them to chairman of county board of elections.

(a) Procedure for Voting Absentee Ballots. — In the presence of two persons who are at least 18 years of age, the voter shall:

- (1) Mark his ballots, or cause them to be marked by one of such persons in his presence according to his instructions.
- (2) Fold each ballot separately, or cause each of them to be folded in his presence.
- (3) Place the folded ballots in the container-return envelope and securely seal it, or have this done in his presence.
- (4) Make and subscribe the certificate printed on the container-return envelope according to the provisions of G.S. 163-248(c).

The persons in whose presence the ballots were marked shall sign the certificate as witnesses, and shall give their addresses.

(b) Transmitting Executed Absentee Ballots to Chairman of County Board of Elections. — When executed and witnessed in accordance with the provisions of subsection (a) of this section, the sealed container-return envelope in which executed absentee ballots have been placed shall be mailed by the voter to the chairman of the county board of elections who issued them. (1941, c. 346, ss. 7-10; 1963, c. 457, s. 15; 1967, c. 775, s. 1; 1987, c. 583, s. 6.)

§ 163-251. Certified list of approved military absentee ballot applications; record of ballots received; disposition of list; list constitutes registration.

(a) Preparation of List. — The chairman of the county board of elections shall prepare, or cause to be prepared, a list in quadruplicate of all military absentee ballots returned to the county board of elections to be counted which have been approved by the county board of elections. At the end of the list the chairman shall execute the following certificate under oath:

"State of North Carolina
County of _____

I, _____, Chairman of the _____
County Board of Elections, do hereby certify that the foregoing is a list of all executed military absentee ballots to be voted in the election to be conducted on the _____ day of _____, _____, which

have been approved by the County Board of Elections. I further certify that I have issued ballots to no other persons than those listed herein and further that I have not delivered military absentee ballots to persons other than those listed herein; that this list constitutes the only precinct registration of military absentee voters whose names have not heretofore been entered on the regular registration of the appropriate precinct.

This the _____ day of _____, _____.

(Signature of Chairman of County
Board of Elections)

Sworn to and subscribed before me this _____ day of _____, _____

(Signature of Officer administering oath)

(Title of officer)"

(b) Distribution of List. — No earlier than 3:00 P.M. on the day before the election and no later than 10:00 A.M. on election day, the chairman shall cause one copy of the list of executed military absentee ballots, which may be a continuing countywide list or a separate list for each precinct, to be immediately deposited as first-class mail to the State Board of Elections. The chairman shall retain one copy in the board office for public inspection and he shall cause two copies of the appropriate precinct list to be delivered to the chief judge of each precinct in the county. The chief judge shall post one copy in the voting place and retain one copy until all challenges of absentee ballots have been heard by the county board of elections. Challenges shall be made as provided in G.S. 163-89.

After receipt of the list of absentee voters required by this section the chief judge shall call the name of each person recorded on the list and enter an "A" in the appropriate voting square on the voter's permanent registration record, if any. If such person is already recorded as having voted in that election, the chief judge shall enter a challenge which shall be presented to the chairman of the county board of elections for resolution by the board of elections prior to certification of results by the board.

(c) List Constitutes Registration. — The "List of Applicants for Military Absentee Ballots to Whom Ballots Have Been Issued" prescribed by this section, when delivered to the chief judges of the various precincts, shall constitute the only precinct registration of the military absentee voters listed thereon whose names are not already entered in the registration records of the appropriate precinct. Chief judges shall not add the names of persons listed on the military absentee list to the regular registration books of their precincts.

(d) Counting Ballots, Hearing Challenges. — The county board of elections shall count military ballots as provided for civilian absentee ballots in G.S. 163-234, and shall hear challenges as provided in G.S. 163-89. (1941, c. 346, ss. 7-10, 12, 13; 1943, c. 503, ss. 4, 5; 1963, c. 457, s. 15; 1967, c. 775, s. 1; 1973, c. 536, s. 2; 1977, c. 265, s. 17; 1979, c. 797, s. 3; 1981, c. 155, s. 2; c. 308, s. 3; 1983, c. 331, s. 4; 1993 (Reg. Sess., 1994), c. 762, ss. 56, 57; 1999-456, s. 59.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 752, s. 61, effective January 1, 1995, provides: "Any person who on December 31, 1994, was a registrar under G.S. 164-41 shall be a chief judge under G.S. 163-41."

§ 163-252: Repealed by Session Laws 1973, c. 536, s. 5.

§ 163-253. Article inapplicable to persons after change of status; reregistration not required.

Upon discharge from the armed forces of the United States or termination of any other status qualifying the voter to register and vote by absentee ballot under the provisions of this Article, the voter shall not be entitled to vote by military absentee ballot, but if the voter was registered under the provisions of this Article that voter's registration shall remain valid for the remainder of the calendar year that voter registered, and that voter shall be entitled to vote in any primary or election for the remainder of the calendar year without having to reregister. If requested by election officials, the voter shall present proof of military status at the time of registration. This section does not entitle a person to vote in North Carolina if that person has become disqualified because of change of permanent residence to another State or because of conviction of a felony. (1943, c. 503, s. 12; 1967, c. 775, s. 1; 1999-424, s. 7(k); 2001-466, s. 4(e).)

§ 163-254. Registration and voting on primary or election day.

Notwithstanding any other provisions of Chapter 163 of the General Statutes, an individual shall be permitted to register in person at any time the office of the board of elections or the voting place is open, including the day of a primary or election if that individual was absent on the day the registration records close for an election, but returns to that individual's county of residence in North Carolina thereafter, and if the absence is due to an occupation or status of that individual listed below:

- (1) Individuals serving in the armed forces of the United States, including (but not limited to) the army, the navy, the air force, the marine corps, the coast guard, the Merchant Marine, the National Oceanic and Atmospheric Administration, the commissioned corps of the Public Health Service, and members of the national guard and military reserve.

- (3) Disabled war veterans in United States government hospitals.
- (4) Civilians attached to and serving outside the United States with the armed forces of the United States.
- (5) Members of the Peace Corps.

If an individual so absent on the day registration closes shall appear in person at the voting place on election day and is otherwise eligible to vote, that individual shall be entitled to register and vote at the voting place that day, regardless of whether the person's occupation or status as outlined in subdivisions (1) through (5) of this section has changed since the close of registration. (1977, c. 93; 1999-424, s. 7(l); 2001-353, s. 3.)

Notwithstanding any other provisions of Chapter 163 of the General Statutes, any person eligible to vote an absentee ballot pursuant to G.S. 163-245 shall be permitted to vote an absentee ballot pursuant to G.S. 163-227.2 if the person has not already voted an absentee ballot which has

been returned to the board of elections, and if he will not be in the county on the day of the primary or election.

In the event an absentee application or ballot has already been mailed to such person applying to vote pursuant to G.S. 163-227.2, the board of elections shall void the application and ballot unless the voted absentee ballot has been received by the board of elections. Such person shall be eligible to vote pursuant to G.S. 163-227.2 no later than 5:00 P.M. on the day next preceding the primary, second primary or election. (1977, c. 93; 1979, c. 797, s. 4.)

§ 163-256. Regulations of State Board of Elections.

(a) The State Board of Elections shall adopt rules and regulations to carry out the intent and purpose of G.S. 163-254 and 163-255, and to ensure that a proper list of persons voting under said sections shall be maintained by the boards of elections, and to ensure proper registration records, and such rules and regulations shall not be subject to the provisions of Article 2A of Chapter 150B of the General Statutes.

(b) The State Board of Elections shall be the single office responsible for providing information concerning voter registration and absentee voting procedures to be used by absent uniformed services voters and overseas voters as to all elections and procedures relating to the use of federal write-in absentee ballots. Unless otherwise required by law, the State Board of Elections shall be responsible for maintaining contact and cooperation with the Federal Voting Assistance Program, the United States Department of Defense, and other federal entities that deal with military and overseas voting. The State Board of Elections shall, as needed, make recommendations concerning military and overseas citizen voting to the General Assembly, the Governor, and other State officials. (1977, c. 93; 1987, c. 827, s. 1; 2003-226, s. 18.)

Editor's Note. — Session Laws 2003-226, s. 1, provides: "The purpose of this act is to ensure that the State of North Carolina has a system for all North Carolina elections that complies with the requirements for federal elections set forth in the federal Help America Vote Act of 2002, Public Law 107-252, 116 Stat. 1666 (2002), codified at 42 U.S.C. §§ 15481-15485.

cials in section 254(a)(3) of the Help America Vote Act of 2002. The General Assembly further finds that the establishment, development, and continued operation of the statewide list maintenance program for voter registration set forth in G.S. 163-82.14 has met and continues to meet the mandates of section 303(a)(2) of the Help America Vote Act of 2002.

"In certain other areas of the election statutes and other laws, the General Assembly finds that the statutes must be amended to comply with the Help America Vote Act."

§ 163-257. Facsimile, electronic mail, or scanned transmission of election materials.

An applicant entitled to exercise the rights conferred by this Article may apply for registration and an absentee ballot by facsimile, electronic mail, or transmission of a scanned document if otherwise qualified to apply for and vote by absentee ballot. A county board of elections may send and receive absentee ballot applications and accept voted ballots by facsimile, electronic mail, or transmission of a scanned document from eligible electors as defined in G.S. 163-245. The State Board of Elections shall promulgate uniform rules for the use of facsimiles, electronic mail, and transmission of scanned documents in application and voting under this section, and all county boards of elections shall adhere to those rules. (1999-455, s. 20; 2004-127, s. 9(b).)

Editor's Note. — Session Laws 1999-455, s. 24, made this section applicable to elections held on or after January 1, 2000, except that the State Board of Elections may issue rules required or permitted by this act prior to that date.

The prefatory language of Session Laws 1999-455, s. 20, provided that Article 21 was amended by the addition of this section, but no Chapter for this section was specified. This section was codified in Chapter 163, Article 21, at the direction of the Revisor of Statutes.

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December 31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

Effect of Amendments. — Session Laws 2007-391, ss. 9(b) and 16(b), effective December 1, 2007, and applicable to any offense occurring on or after that date, designated the existing

provisions as subsection (a) and added subsection (b); and in subsection (a), added "Class 2 Misdemeanors" to the beginning, substituted "subsection" for "section," and added subdivision (a)(14).

CASE NOTES

Free Speech Guarantees Not Violated. — Subdivision (7), prohibiting anonymous, derogatory charges against candidates for primary or general elections, does not violate the free speech guarantees of U.S. Const., Amend. I or N.C. Const., Art. I, § 14. *State v. Petersilie*, 334 N.C. 169, 432 S.E.2d 832 (1993).

Indictment Held Insufficient. — An indictment charging that defendant unlawfully and willfully, by his own boisterous and violent conduct, disturbed a named registrar (now chief judge) while in the performance of her duties in examining a named applicant for registration was insufficient, although charg-

ing the offense in the words of the statute, since such words did not in themselves inform the accused of the specific offense of which he was accused, so as to enable him to prepare his defense or plead his conviction or acquittal as a bar to further prosecution for the same offense. *State v. Walker*, 249 N.C. 35, 105 S.E.2d 101 (1958).

ARTICLE 22A.

Regulating Contributions and Expenditures in Political Campaigns.

Part 1. In General.

§ 163-278.5. Scope of Article; severability.

The provisions of this Article apply to primaries and elections for North Carolina offices and to North Carolina referenda and do not apply to primaries and elections for federal offices or offices in other States or to non-North Carolina referenda. Any provision in this Article that regulates a non-North Carolina entity does so only to the extent that the entity's actions affect elections for North Carolina offices or North Carolina referenda.

The provisions of this Article are severable. If any provision is held invalid by a court of competent jurisdiction, the invalidity does not affect other provisions of the Article that can be given effect without the invalid provision.

This section applies to Articles 22B, 22D, 22E, 22F, 22G, 22H, and 22M of the General Statutes to the same extent that it applies to this Article. (1999-31, s. 6(a); 2000-140, s. 82; 2005-430, s. 7; 2007-349, s. 5.)

Editor's Note. — The last paragraph, as added by Session Laws 2005-430, s. 7, effective December 1, 2005, was applicable to all contributions and expenditures made or accepted on or after that date. The paragraph was subsequently amended by Session Laws 2007-349, s.

5, effective January 1, 2008.

Effect of Amendments. — Session Laws 2007-349, s. 5, effective January 1, 2008, added "22G, 22H, and 22M" and made a related stylistic change in the last paragraph of the section.

CASE NOTES

Constitutionality. — Because the monetary trigger contained in G.S. 163-278.6(14) fails to account for the overall activities of an entity and may be used as evidence of an entity's major purpose, it is unconstitutionally overbroad, however, any presumption in this context is not per se unconstitutional as this holding is limited to the major purpose presumption based entirely on a monetary standard completely untethered from the other factors iden-

tified by the United States Supreme Court in determining major purposes. The portion of G.S. 163-278.6(14) relating to the major purpose presumption is therefore substantially overbroad and invalid; however, the remaining portions of G.S. 163-278.6(14) can be severed and given effect without the invalid portion. G.S. 163-278.5. *N.C. Right to Life, Inc. v. Leake*, 344 F.3d 418, 2003 U.S. App. LEXIS 19656 (4th Cir. 2003).

§ 163-278.6. Definitions.

When used in this Article:

- (1) The term "board" means the State Board of Elections with respect to all candidates for State, legislative, and judicial offices and the county or municipal board of elections with respect to all candidates for county and municipal offices. The term means the State Board of Elections with respect to all statewide referenda and the county or municipal board of elections conducting all local referenda.
- (2) The term "broadcasting station" means any commercial radio or television station or community antenna radio or television station. Special definitions of "radio" and "television" that apply only in Part 1A of this Article are set forth in G.S. 163-278.38Z.

Transferring anything of value includes incurring an obligation to transfer anything of value. Status as a candidate for the purpose of this Article continues if the individual is receiving contributions to repay loans or cover a deficit or is making expenditures to satisfy obligations from an election already held. Special definitions of “candidate” and “candidate campaign committee” that apply only in Part 1A of this Article are set forth in G.S. 163-278.38Z.
- (5) The term “communications media” or “media” means broadcasting stations, carrier current stations, newspapers, magazines, periodicals, outdoor advertising facilities, billboards, newspaper inserts, and any person or individual whose business is polling public opinion, analyzing or predicting voter behavior or voter preferences. - (6) The terms “contribute” or “contribution” mean any advance, conveyance, deposit, distribution, transfer of funds, loan, payment, gift, pledge or subscription of money or anything of value whatsoever, to a candidate to support or oppose the nomination or election of one or more clearly identified candidates, to a political committee, to a political party, or to a referendum committee, whether or not made in an election year, and any contract, agreement, promise or other obligation, whether or not legally enforceable, to make a contribution. These terms include, without limitation, such contributions as labor or personal services, postage, publication of campaign literature or materials, in-kind transfers, loans or use of any supplies, office machinery, vehicles, aircraft, office space, or similar or related services, goods, or personal or real property. These terms also include, without limitation, the proceeds of sale of services, campaign literature and materials, wearing apparel, tickets or admission prices to campaign events such as rallies or dinners, and the proceeds of sale of any campaign-related services or goods. Notwithstanding the foregoing meanings of “contribution,” the word shall not be construed to include services provided without compensation by individuals volunteering a portion or all of their time on behalf of a candidate, political committee, or referendum committee. The term “contribution” does not include an “independent expenditure.” If:
 - a. Any individual, person, committee, association, or any other organization or group of individuals, including but not limited to, a political organization (as defined in section 527(e)(1) of the Internal Revenue Code of 1986) makes, or contracts to make, any disbursement for any electioneering communication, as defined in G.S. 163-278.80(2) and (3) and G.S. 163-278.90(2) and (3); and
 - b. That disbursement is coordinated with a candidate, an authorized political committee of that candidate, a State or local political party or committee of that party, or an agent or official of any such candidate, party, or committee

that disbursement or contracting shall be treated as a contribution to the candidate supported by the electioneering communication or that candidate's party and as an expenditure by that candidate or that candidate's party.

- (7) The term "corporation" means any corporation established under either domestic or foreign charter, and includes a corporate subsidiary and any business entity in which a corporation participates or is a stockholder, a partner or a joint venturer. The term applies regardless of whether the corporation does business in the State of North Carolina.
- (7a) The term "costs of collection" means monies spent by the State Board of Elections in the collection of the penalties levied under this Article to the extent the costs do not constitute more than fifty percent (50%) of the civil penalty. The costs are presumed to be ten percent (10%) of the civil penalty unless otherwise determined by the State Board of Elections based on the records of expenses incurred by the State Board of Elections for its collection procedures.
- (7b) The term "day" means calendar day.
- (7c) The term "election cycle" means the period of time from January 1 after an election for an office through December 31 after the election for the next term of the same office. Where the term is applied in the context of several offices with different terms, "election cycle" means the period from January 1 of an odd-numbered year through December 31 of the next even-numbered year.
- (8) The term "election" means any general or special election, a first or second primary, a run-off election, or an election to fill a vacancy. The term "election" shall not include any local or statewide referendum.
- (8a) The term "enforcement costs" means salaries, overhead, and other monies spent by the State Board of Elections in the enforcement of the penalties provisions of this Article, including the costs of investigators, attorneys, travel costs for State Board employees and its attorneys, to the extent the costs do not constitute more than fifty percent (50%) of the sum levied for the enforcement costs and civil late penalty.
- (9) The terms "expend" or "expenditure" mean any purchase, advance, conveyance, deposit, distribution, transfer of funds, loan, payment, gift, pledge or subscription of money or anything of value whatsoever, whether or not made in an election year, and any contract, agreement, promise or other obligation, whether or not legally enforceable, to make an expenditure, to support or oppose the nomination, election, or passage of one or more clearly identified candidates, or ballot measure. Supporting or opposing the election of clearly identified candidates includes supporting or opposing the candidates of a clearly identified political party. The term "expenditure" also includes any payment or other transfer made by a candidate, political committee, or referendum committee.
- (9a) The term "independently expend" or "independent expenditure" means an expenditure to support or oppose the nomination or election of one or more clearly identified candidates that is made without consultation or coordination with a candidate or agent of a candidate whose nomination or election the expenditure supports or whose opponent's nomination or election the expenditure opposes. Supporting or opposing the election of clearly identified candidates includes supporting or opposing the candidates of a clearly identified political party. A contribution is not an independent expenditure. As applied to referenda, the term "independent expenditure" applies if consultation

or coordination does not take place with a referendum committee that supports a ballot measure the expenditure supports, or a referendum committee that opposes the ballot measure the expenditure opposes.

- (10) The term “individual” means a single individual or more than one individual.
- (11) The term “insurance company” means any person whose business is making or underwriting contracts of insurance, and includes mutual insurance companies, stock insurance companies, and fraternal beneficiary associations.
- (12) The term “labor union” means any union, organization, combination or association of employees or workmen formed for the purposes of securing by united action favorable wages, improved labor conditions, better hours of labor or work-related benefits, or for handling, processing or righting grievances by employees against their employers, or for representing employees collectively or individually in dealings with their employers. The term includes any unions to which Article 10, Chapter 95 applies.
- (13) The term “person” means any business entity, corporation, insurance company, labor union, or professional association.
- (14) The term “political committee” means a combination of two or more individuals, such as any person, committee, association, organization, or other entity that makes, or accepts anything of value to make, contributions or expenditures and has one or more of the following characteristics:
 - a. Is controlled by a candidate;
 - b. Is a political party or executive committee of a political party or is controlled by a political party or executive committee of a political party;
 - c. Is created by a corporation, business entity, insurance company, labor union, or professional association pursuant to G.S. 163-278.19(b); or
 - d. Has as a major purpose to support or oppose the nomination or election of one or more clearly identified candidates.

Supporting or opposing the election of clearly identified candidates includes supporting or opposing the candidates of a clearly identified political party.

If the entity qualifies as a “political committee” under sub-subdivision a., b., c., or d. of this subdivision, it continues to be a political committee if it receives contributions or makes expenditures or maintains assets or liabilities. A political committee ceases to exist when it winds up its operations, disposes of its assets, and files its final report.

Special definitions of “political action committee” and “candidate campaign committee” that apply only in Part 1A of this Article are set forth in G.S. 163-278.38Z.

- (15) The term “political party” means any political party organized or operating in this State, whether or not that party is recognized under the provisions of G.S. 163-96. A special definition of “political party organization” that applies only in Part 1A of this Article is set forth in G.S. 163-278.38Z.
- (16) Repealed by Session Laws 1999-31, s. 4.
- (17) The term “professional association” means any trade association, group, organization, association, or collection of persons or individuals formed for the purposes of advancing, representing, improving, furthering or preserving the interests of persons or individuals having a common vocation, profession, calling, occupation, employment, or training.

The term “referendum” includes any type of municipal, county, or special district referendum and any initiative or referendum authorized by a municipal charter or local act. A recall election shall not be considered a referendum within the meaning of this Article.
- (18b) The term “referendum committee” means a combination of two or more individuals such as a committee, association, organization, or other entity or a combination of two or more business entities, corporations, insurance companies, labor unions, or professional associations such as a committee, association, organization, or other entity the primary purpose of which is to support or oppose the passage of any referendum on the ballot. If the entity qualifies as a “referendum committee” under this subdivision, it continues to be a referendum committee if it receives contributions or makes expenditures or maintains assets or liabilities. A referendum committee ceases to exist when it winds up its operations, disposes of its assets, and files its final report.
- (19) The term “treasurer” means an individual appointed by a candidate, political committee, or referendum committee as provided in G.S. 163-278.7 or G.S. 163-278.40A. Editor's Note. — Session Laws 1997-515, s. 14, is a severability clause.

Session Laws 1997-515, s. 15, provides, in part: “Prosecutions for, or sentences based on, offenses occurring before the relevant effective dates in this act are not abated or affected by this act, and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this act remain applicable to those prosecutions or sentences.”

Session Laws 2004-125, s. 6 is a severability clause.

Subdivision (7), as amended by Session Laws 2005-430, s. 10, effective December 1, 2005, is applicable to all contributions and expenditures made or accepted on or after that date.

Effect of Amendments. — Session Laws 2004-127, s. 15, as amended by Session Laws 2006-264, s. 23, effective July 26, 2004, deleted the former last sentence of subdivision (9) which read: “The special definition of ‘expenditure’ in G.S. 163-278.12A applies only in that section.”

CASE NOTES

Constitutionality. — Because subdivision (14) imposes spending restrictions and reporting requirements on groups engaging only in issue advocacy and does not limit its coverage to entities engaging in express advocacy, it violates the First Amendment and is facially unconstitutional. *North Carolina Right to Life, Inc. v. Bartlett*, 3 F. Supp. 2d 675, 1998 U.S. Dist. LEXIS 6266 (E.D.N.C. 1998), *aff'd* in part and *rev'd* in part on other grounds, 168 F.3d 705 (4th Cir. 1999), *cert. denied*, 528 U.S. 1153, 120 S. Ct. 1156, 145 L. Ed. 2d 1069 (2000).

Subsection (14) is unconstitutionally vague and overbroad in that its definition of political committee encompasses both express and issue advocacy and thus subjects groups engaged only in issue advocacy to an intrusive set of reporting requirements, placing an unacceptable burden on speech. *North Carolina Right to Life, Inc. v. Bartlett*, 168 F.3d 705, 1999 U.S. Dist. LEXIS 2350 (4th Cir. 1999), *cert. denied*, 528 U.S. 1153, 120 S. Ct. 1156, 145 L. Ed. 2d 1069 (2000).

Because the monetary trigger contained in G.S. 163-278.6(14) fails to account for the overall activities of an entity and may be used as evidence of an entity's major purpose, it is unconstitutionally overbroad, however, any presumption in this context is not *per se* unconstitutional as this holding is limited to the major purpose presumption based entirely on a monetary standard completely untethered from the other factors identified by the United States Supreme Court in determining major purposes. The portion of G.S. 163-278.6(14) relating to the major purpose presumption is therefore substantially overbroad and invalid; however, the remaining portions of G.S. 163-278.6(14) can be severed and given effect without the invalid portion. *G.S. 163-278.5. N.C. Right to Life, Inc. v. Leake*, 344 F.3d 418, 2003 U.S. App. LEXIS 19656 (4th Cir. 2003).

Context prong of G.S. 163-278.14(a)(2) is unconstitutionally vague and overbroad because it regulates issue advocacy protected by the First Amendment, it uses ambiguous time frames and unspecified distribution limitations, and it is not narrowly tailored to combat electoral corruption, and accordingly to the extent that G.S. 163-278.6(14)'s major purpose test for identifying political committees incorporates the context prong of G.S. 163-278.14(a)(2), G.S. 163-278.6(14) is also unconstitutional; however, G.S. 163-278.14(a)(2) is severable, and after such severance, the remainder of G.S. 163-278.14 is valid and enforceable, as is G.S. 163-278.6(14). *N.C. Right to Life, Inc. v. Leake*, 482 F. Supp. 2d 686, 2007

U.S. Dist. LEXIS 25876 (E.D.N.C. 2007).

Existence of Case or Controversy. — A case or controversy existed with respect to challenges by an issue advocacy nonprofit corporation, despite the State's claim that irrespective of the statute's plain language, it would allow plaintiff to engage in forms of issue advocacy without penalty; however, without a change in the statute, the plaintiff's speech remained chilled by the threat of future prosecution. *North Carolina Right to Life, Inc. v. Bartlett*, 168 F.3d 705, 1999 U.S. Dist. LEXIS 2350 (4th Cir. 1999), *cert. denied*, 528 U.S. 1153, 120 S. Ct. 1156, 145 L. Ed. 2d 1069 (2000).

Standing and Ripeness. — Plaintiff, a tax-exempt nonprofit membership corporation, had standing to challenge this section's definition of "political committee" although the statute had never been applied to it, where it was entitled to preenforcement review in light of the fact that denial of review would impose upon it the choice of either refraining from activity it believed to be constitutionally protected or engaging in such activity and facing possible prosecution; the challenge was ripe for ruling because the plaintiff's stated desire to engage in express advocacy and to spend over \$3,000 this election cycle was credible, not merely hypothetical. *North Carolina Right To Life, Inc. v. Leake*, 108 F. Supp. 2d 498, 2000 U.S. Dist. LEXIS 12164 (E.D.N.C. 2000).

Political Committee Registration Requirements Upheld. — Plaintiff, a tax-exempt nonprofit membership corporation, was denied a preliminary injunction to enjoin enforcement of North Carolina's political committee registration requirements, as provided in this section, G.S. 163-278.7 through 163-278.11 and G.S. 163-278.13, because the court found that the "major purpose" test was neither vague nor overbroad; that North Carolina's higher threshold, \$3,000 per two-year election cycle raising a rebuttable presumption that the group's major purpose is electioneering, ensured that only groups engaging in significant electioneering were presumed to be political committees; that North Carolina's express advocacy test narrowed the communications that qualify as expenditures; and that the law provided sufficient notice to and safeguards for issue advocacy groups. *North Carolina Right To Life, Inc. v. Leake*, 108 F. Supp. 2d 498, 2000 U.S. Dist. LEXIS 12164 (E.D.N.C. 2000).

§ 163-278.7. Appointment of political treasurers.

(a) Each candidate, political committee, and referendum committee shall appoint a treasurer and, under verification, report the name and address of the treasurer to the Board. A candidate may appoint himself or any other individual, including any relative except his spouse, as his treasurer, and, upon failure to file report designating a treasurer, the candidate shall be concluded to have appointed himself as treasurer and shall be required to personally fulfill the duties and responsibilities imposed upon the appointed treasurer and subject to the penalties and sanctions hereinafter provided.

(b) Each appointed treasurer shall file with the Board at the time required by G.S. 163-278.9(a)(1) a statement of organization that includes:

- (1) The Name, Address and Purpose of the Candidate, Political Committee, or Referendum Committee. — When the political committee or referendum committee is created pursuant to G.S. 163-278.19(b), the name shall be or include the name of the corporation, insurance company, business entity, labor union or professional association whose officials, employees, or members established the committee. When the political committee or referendum committee is not created pursuant to G.S. 163-278.19(b), the name shall be or include the economic interest, if identifiable, principally represented by the committee's organizers or intended to be advanced by use of the committee's receipts.
- (2) The names, addresses, and relationships of affiliated or connected candidates, political committees, referendum committees, political parties, or similar organizations;
- (3) The territorial area, scope, or jurisdiction of the candidate, political committee, or referendum committee;
- (4) The name, address, and position with the candidate or political committee of the custodian of books and accounts;
- (5) The name and party affiliation of the candidate(s) whom the committee is supporting or opposing, and the office(s) involved;
- (5a) The name of the referendum(s) which the referendum committee is supporting or opposing, and whether the committee is supporting or opposing the referendum;
- (6) The name of the political committee or political party being supported or opposed if the committee is supporting the ticket of a particular political or political party;
- (7) A listing of all banks, safety deposit boxes, or other depositories used, including the names and numbers of all accounts maintained and the numbers of all such safety deposit boxes used, provided that the Board shall keep any account number included in any report filed after March 1, 2003, and required by this Article confidential except as necessary to conduct an audit or investigation, except as required by a court of competent jurisdiction, or unless confidentiality is waived by the treasurer. Disclosure of an account number in violation of this subdivision shall not give rise to a civil cause of action. This limitation of liability does not apply to the disclosure of account numbers in violation of this subdivision as a result of gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable.
- (8) The name or names and address or addresses of any assistant treasurers appointed by the treasurer. Such assistant treasurers shall be authorized to act in the name of the candidate, political committee, or referendum committee and shall be fully responsible for any act or acts committed by the assistant treasurer. The treasurer shall be fully

liable for any violation of this Article committed by any assistant treasurer; and

- (9) Any other information which might be requested by the Board that deals with the campaign organization of the candidate or referendum committee.

(c) Any change in information previously submitted in a statement of organization shall be reported to the Board within a 10-day period following the change.

(d) A candidate, political committee or referendum committee may remove his or its treasurer. In case of the death, resignation or removal of his or its treasurer before compliance with all obligations of a treasurer under this Article, such candidate, political committee or referendum committee shall appoint a successor within 10 days of the vacancy of such office, and certify the name and address of the successor in the manner provided in the case of an original appointment.

(e) Every treasurer of a referendum committee shall receive, prior to every election in which the referendum committee is involved, training from the State Board of Elections as to the duties of the office, including the requirements of G.S. 163-278.13(e1), provided that the treasurer may designate an employee or volunteer of the committee to receive the training.

(f) Every treasurer of a political committee shall participate in training as to the duties of the office within three months of appointment and at least once every four years thereafter. The State Board of Elections shall provide the training as to the duties of the office in person, through regional seminars, and through interactive electronic means. The treasurer may designate an assistant treasurer to participate in the training, if one is named under subdivision (b)(8) of this section. The treasurer may choose to participate in training prior to each election in which the political committee is involved. All such training shall be free of charge to the treasurer and assistant treasurer. (1973, c. 1272, s. 1; 1979, c. 500, s. 2; c. 1073, ss. 4, 5, 16, 18, 20; 1987, c. 113, s. 1; 1995, c. 315, s. 1; 2002-159, s. 57.1(a); 2004-203, s. 59(a); 2005-430, s. 10.1; 2006-195, s. 7.)

Editor's Note. — Session Laws 2002-159, s. 57.1(a) added the proviso in subdivision (b)(7), in s. 57.1(b) provides: "This section becomes effective January 1, 2003, and applies to any report filed on or after that date. The State Board of Elections may redact, and may authorize county boards of elections to redact, account numbers from public copies of reports filed prior to January 1, 2003."

Subsection (f), added by Session Laws 2005-430, s. 10.1, effective December 1, 2005, is applicable to all contributions and expenditures made or accepted on or after that date.

Effect of Amendments. — Session Laws 2006-195, s. 7, effective October 1, 2006, rewrote subdivision (b)(8) which read: "The name or names and address or addresses of any assistant treasurers appointed by the trea-

surer. Such assistant treasurers shall be authorized to act in the name of the treasurer, who shall be fully responsible for any act or acts committed by an assistant treasurer, and the treasurer shall be fully liable for any violation of this Article committed by any assistant treasurer; and" and rewrote subsection (f) which read: "The State Board of Elections shall provide training for every treasurer of a political committee, prior to the election in which the political committee is involved, as to the duties of the office. The State Board of Elections shall provide each treasurer with a CD-ROM, DVD, videotape, or other electronic document containing training as to the duties of the office, and shall conduct regional seminars for in-person training. All such training shall be free of charge to the treasurer."

CASE NOTES

Political Committee Registration Requirements Upheld. — Plaintiff, a tax-exempt nonprofit membership corporation, was denied a preliminary injunction to enjoin enforcement of North Carolina's political commit-

tee registration requirements, as provided in G.S. 163-278.6(14), this section, G.S. 163-278.8 through 163-278.11 and G.S. 163-278.13, because the court found that the "major purpose" test was neither vague nor overbroad; that

North Carolina's higher threshold, \$3,000 per two-year election cycle raising a rebuttable presumption that the group's major purpose is electioneering, ensured that only groups engaging in significant electioneering were presumed to be political committees; that North Carolina's express advocacy test narrowed the communications that qualify as expenditures; and that the law provided sufficient notice to and safeguards for issue advocacy groups. *North Carolina Right To Life, Inc. v. § 163-278.7A. Gifts from federal political committees.

It shall be permissible for a federal political committee, as defined by the Federal Election Campaign Act and regulations adopted pursuant thereto, to make contributions to a North Carolina candidate or political committee registered under this Article with the State Board of Elections or a county board of elections, provided that the contributing committee does all the following:

- (1) Is registered with the State Board of Elections consistent with the provisions of this Article.
- (2) Complies with reporting requirements specified by the State Board of Elections. Those requirements shall not be more stringent than those required of North Carolina political committees registered under this Article, unless the federal political committee makes any contribution to a North Carolina candidate or political committee in any election in excess of four thousand dollars (\$4,000) for that election. "Election" shall be as defined in G.S. 163-278.13(d).
- (3) Makes its contributions within the limits specified in this Article.
- (4) Appoints an assistant or deputy treasurer who is a resident of North Carolina and stipulates to the State Board of Elections that the designated in-State resident assistant or deputy treasurer shall be authorized to produce whatever records reflecting political activity in North Carolina the State Board of Elections deems necessary. (1995 (Reg. Sess., 1996), c. 593, s. 1; 2003-274, s. 1.)

Editor's Note. — Session Laws 2003-274, s. 1, effective when the State Board of Elections develops the technological capacity to implement it, but no later than January 1, 2004,

added "does all the following" at the end of the introductory paragraph; added the second and third sentences in subdivision (2); and made minor punctuation changes.

§ 163-278.8. Detailed accounts to be kept by political treasurers.

(a) The treasurer of each candidate, political committee, and referendum committee shall keep detailed accounts, current within not more than seven days after the date of receiving a contribution or making an expenditure, of all contributions received and all expenditures made by or on behalf of the candidate, political committee, or referendum committee. The accounts shall include the information required by the State Board of Elections on its forms.

(b) Accounts kept by the treasurer of a candidate, political committee, or referendum committee or the accounts of a treasurer or political committee at any bank or other depository listed under G.S. 163-278.7(b)(7), may be inspected, before or after the election to which the accounts refer, by a member, designee, agent, attorney or employee of the Board who is making an investigation pursuant to G.S. 163-278.22.

(c) Repealed by Session Laws 2004-125, s. 5(a), effective July 20, 2004, and applicable to contributions made on or after January 1, 2003.

(d) Repealed by Session Laws 2006-195, s. 4, effective January 1, 2007, and applicable to all contributions made and accepted on or after that date.

(e) All expenditures for media expenses shall be made by a verifiable form of payment. The State Board of Elections shall prescribe methods to ensure an audit trail for every expenditure so that the identity of each payee can be determined. All media expenditures in any amount shall be accounted for and reported individually and separately with specific descriptions to provide a reasonable understanding of the expenditure.

(f) All expenditures for nonmedia expenses (except postage) of more than fifty dollars (\$50.00) shall be made by a verifiable form of payment. The State Board of Elections shall prescribe methods to ensure an audit trail for every expenditure so that the identity of each payee can be determined. All expenditures for nonmedia expenses of fifty dollars (\$50.00) or less may be made by check or by cash payment. All nonmedia expenditures of more than fifty dollars (\$50.00) shall be accounted for and reported individually and separately with a specific description to provide a reasonable understanding of the expenditure, but expenditures of fifty dollars (\$50.00) or less may be accounted for and reported in an aggregated amount, but in that case the treasurer shall account for and report that the treasurer made expenditures of fifty dollars (\$50.00) or less each, the amounts, dates, and the purposes for which made. In the case of a non media expenditure required to be accounted for individually and separately with a specific description to provide a reasonable understanding of the expenditure by this subsection, if the expenditure was to an individual, the report shall list the name and address of the individual.

(g) All proceeds from loans shall be recorded separately with a detailed analysis reflecting the amount of the loan, the source, the period, the rate of interest, and the security pledged, if any, and all makers and endorers. (1973, c. 1272, s. 1; 1977, c. 635, s. 1; 1979, c. 1073, ss. 16, 20; 1981, c. 814, s. 1; 1985, c. 353, ss. 1, 2; 1993 (Reg. Sess., 1994), c. 744, s. 1; 1999-424, s. 7(m); 2004-125, s. 5(a); 2005-430, ss. 2, 3; 2006-161, ss. 2, 3; 2006-195, s. 4.)

Effect of Amendments. — Session Laws 2006-161, ss. 2 and 3, effective January 1, 2007, and applicable to all political committees and referendum committees with active accounts with the State Board of Elections or a county board of elections on or after January 1, 2007, added “with specific descriptions to provide a reasonable understanding of the expenditure” at the end of the second sentence in subsection (e); and, in subsection (f), in the fourth sentence, inserted “with a specific description to provide a reasonable understanding of the expenditure,” in the middle and substituted “the treasurer” for “he” near the end, and inserted “with a specific description to provide a reasonable understanding of the expenditure” in the middle of the last sentence.

Session Laws 2006-195, s. 4, effective January 1, 2007, and applicable to all contributions made and accepted on and after January 1, 2007, added the last sentence in subsection (a) and deleted former subsection (d) which read: “A treasurer shall not be required to report the name of any individual who is a resident of this State who makes a total contribution of one

hundred dollars (\$100.00) or less but he shall instead report the fact that he has received a total contribution of one hundred dollars (\$100.00) or less, the amount of the contribution, and the date of receipt. If a treasurer receives contributions of one hundred dollars (\$100.00) or less, each at a single event, he may account for and report the total amount received at that event, the date and place of the event, the nature of the event, and the approximate number of people at the event. With respect to the proceeds of sale of services, campaign literature and materials, wearing apparel, tickets or admission prices to campaign events such as rallies or dinners, and the proceeds of sale of any campaign-related services or goods, if the price or value received for any single service or goods exceeds one hundred dollars (\$100.00), the treasurer shall account for and report the name of the individual paying for such services or goods, the amount received, and the date of receipt, but if the price or value received for any single service or item of goods does not exceed one hundred dollars (\$100.00), the treasurer may report only those

services or goods rendered or sold at a value that does not exceed one hundred dollars (\$100.00), the nature of the services or goods, the amount received in the aggregate for the services or goods, and the date of the receipt."

Any candidate whose campaign is being conducted by a political committee which is handling all contributions and expenditures for his campaign shall file a statement with the Board stating such fact at the time required herein for the organizational report. - (4a) **48-Hour Report.** — A political committee or political party that receives a contribution or transfer of funds from any political committee shall disclose within 48 hours of receipt a contribution or transfer of one thousand dollars (\$1,000) or more received before an election but after the period covered by the last report due before that election. The disclosure shall be by report to the State Board of Elections identifying the source and amount of the funds. The State Board of Elections shall specify the form and manner of making the report.
- (5) **Repealed** by Session Laws 1985, c. 164, s. 1.
- (5a) **Quarterly Reports.** — During even-numbered years during which there is an election for that candidate or in which the campaign committee is supporting a candidate, the treasurer shall file a report by mailing or otherwise delivering it to the Board no later than seven working days after the end of each calendar quarter covering the prior calendar quarter, except that:

The report for the first quarter shall also cover the period in April through the seventeenth day before the primary, the first quarter report shall be due seven days after that date, and the second quarter report shall not include that period if a first quarter report was required to be filed; and

(c) Repealed by Session Laws 1985, c. 164, s. 6.1.

(d) Candidates and committees for municipal offices are not subject to subsections (a), (b) and (c) of this section. Reports for those candidates and committees are covered by Part 2 of this Article.

(e) Notwithstanding subsections (a) through (c) of this section, any political party (including a State, district, county, or precinct committee thereof) which is required to file reports under those subsections and under the Federal Election Campaign Act of 1971, as amended (2 U.S.C. 434), shall instead of filing the reports required by those subsections, file with the State Board of Elections:

(1) The organizational report required by subsection (a)(1) of this section, and

(2) A copy of each report required to be filed under 2 U.S.C. 434, such copy to be filed on the same day as the federal report is required to be filed.

(f) Any report filed under subsection (e) of this section may include matter required by the federal law but not required by this Article.

(g) Any report filed under subsection (e) of this section must contain all the information required by G.S. 163-278.11, notwithstanding that the federal law may set a higher reporting threshold.

(h) Any report filed under subsection (e) of this section may reflect the cumulative totals required by G.S. 163-278.11 in an attachment, if the federal law does not permit such information in the body of the report.

(i) Any report or attachment filed under subsection (e) of this section must be certified.

(j) Treasurers for the following entities shall electronically file each report required by this section that shows a cumulative total for the election cycle in excess of five thousand dollars (\$5,000) in contributions, in expenditures, or in loans, according to rules adopted by the State Board of Elections:

(2) A State, district, county, or precinct executive committee of a political party, if the committee makes contributions or independent expenditures in excess of five thousand dollars (\$5,000) that affect contests for statewide office;

(3) A political committee that makes contributions in excess of five thousand dollars (\$5,000) to candidates for statewide office or makes independent expenditures in excess of five thousand dollars (\$5,000) that affect contests for statewide office.

The State Board of Elections shall provide the software necessary to file an electronic report to a treasurer required to file an electronic report at no cost to the treasurer.

(k) All reports under this section must be filed by a treasurer or assistant treasurer who has completed all training as to the duties of the office required by G.S. 163-278.7(f). (1973, c. 1272, s. 1; 1975, c. 565, s. 1; 1979, c. 500, ss. 3, 16; c. 730; 1981, c. 837, s. 2; 1985, c. 164, ss. 1, 6-6.2; 1987 (Reg. Sess., 1988),

Editor's Note. — Session Laws 1997-515, s. 1(b), provides: "The State Board of Elections shall study the feasibility of requiring monthly reporting by campaign treasurers during even-numbered years, with weekly reports required during the month before each primary and election. The State Board shall report in writing to the General Assembly by March 1, 1998."

Session Laws 1997-515, s. 14, is a severability clause.

Session Laws 1997-515, s. 15, provides, in part: "Prosecutions for, or sentences based on, offenses occurring before the relevant effective

dates in this act are not abated or affected by this act, and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this act remain applicable to those prosecutions or sentences."

Effect of Amendments. — Session Laws 2006-195, s. 8, effective October 1, 2006, added subsection (k); and, s. 5.1, effective January 1, 2007, and applicable to all contributions made and accepted on and after January 1, 2007, deleted "G.S. 163-278.8 or" in the middle of subsection (g).

§ 163-278.9A. Statements filed by referendum committees.

(a) The treasurer of each referendum committee shall file under verification with the Board the following reports:

- (1) **Organizational Report.** — The appointment of the treasurer as required by G.S. 163-278.7(a), the statement of organization required by G.S. 163-278.7(b), and a report of all contributions and expenditures shall be filed with the Board no later than the tenth day following the organization of the referendum committee.
- (2) **Pre-Referendum Report.** — The treasurer shall file a report with the Board no later than the tenth day preceding the referendum.
- (2a) **48-Hour Report.** — A referendum committee that receives a contribution or transfer of funds from any political committee shall disclose within 48 hours of receipt a contribution or transfer of one thousand dollars (\$1,000) or more received before a referendum but after the period covered by the last report due before that referendum. The disclosure shall be by report to the State Board of Elections identifying the source and amount of such funds. The State Board of Elections shall specify the form and manner of making the report.
- (3) **Final Report.** — The treasurer shall file a final report no later than the tenth day after the referendum. If the final report fails to disclose a final accounting of all contributions and expenditures, a supplemental final report shall be filed no later than January 7, after the referendum, and shall be current through December 31 after the referendum.
- (4) **Annual Reports.** — If contributions are received or expenditures made during a calendar year for which no reports are otherwise required by this Article, any and all such contributions and expenditures shall be reported by January 7 of the following year.

(b) Except as otherwise provided in this Article, each report shall be current within seven days prior to the date the report is due and shall list all contributions received and expenditures made which have not been previously reported. (1979, c. 1073, s. 6; 1997-515, s. 12(b); 2002-159, s. 21(e).)

§ 163-278.10. Procedure for inactive candidate or committee.

If no contribution is received or expenditure made by or on behalf of a candidate, political committee, or referendum committee during a period described in G.S. 163-278.9, the treasurer shall file with the Board, at the time required by G.S. 163-278.9, a statement to that effect and it shall not be required that any inactive candidate or committee so filing a report of inactivity file any additional reports required by G.S. 163-278.9 so long as the candidate or committee remains inactive. (1973, c. 1272, s. 1; 1979, c. 1073, s. 20.)

§ 163-278.10A. Threshold of \$3,000 for Financial Reports.

(a) Notwithstanding any other provision of this Chapter, a candidate shall be exempted from the reports of contributions, loans, and expenditures required in G.S. 163-278.9(a), 163-278.40B, 163-278.40C, 163-278.40D, and 163-278.40E if to further his campaign that candidate:

- (1) Does not receive more than three thousand dollars (\$3,000) in contributions, and
- (2) Does not receive more than three thousand dollars (\$3,000) in loans, and
- (3) Does not spend more than three thousand dollars (\$3,000).

To qualify for the exemption from those reports, the candidate's treasurer shall file a certification that he does not intend to receive in contributions or loans or expend more than three thousand dollars (\$3,000) to further his campaign. The certification shall be filed with the Board at the same time the candidate files his Organizational Report as required in G.S. 163-278.7, G.S. 163-278.9, and G.S. 163-278.40A. If the candidate's campaign is being conducted by a political committee which is handling all contributions, loans, and expenditures for his campaign, the treasurer of the political committee shall file a certification of intent to stay within the threshold amount. If the intent to stay within the threshold changes, or if the three thousand dollar (\$3,000) threshold is exceeded, the treasurer shall immediately notify the Board and shall be responsible for filing all reports required in G.S. 163-278.9 and 163-278.40B, 163-278.40C, 163-278.40D, and 163-278.40E; provided that any contribution, loan, or expenditure which would have been required to be reported on an earlier report but for this section shall be included on the next report required after the intent changes or the threshold is exceeded.

(b) The exemption in subsection (a) of this section applies to political party committees under the same terms as for candidates, except that the term "to further his campaign" does not relate to a political party committee's exemption, and all contributions, expenditures, and loans during an election shall be counted against the political party committee's threshold amount. (1987 (Reg. Sess., 1988), c. 1028, s. 2; c. 1081, s. 3; 1989, c. 449; c. 770, s. 53; 1997-515, s. 4(e); 2001-235, s. 3.)

Local Modification. — Town of Chapel Hill: 1999-255, s. 4.

§ 163-278.11. Contents of treasurer's statement of receipts and expenditures.

(a) Statements filed pursuant to provisions of this Article shall set forth the following:

- (1) Contributions. — Except as provided in subsection (a1) of this section, a list of all contributions received by or on behalf of a candidate, political committee, or referendum committee. The statement shall list the name and complete mailing address of each contributor, the amount contributed, the principal occupation of the contributor, and the date such contribution was received. The total sum of all contributions to date shall be plainly exhibited. Forms for required reports shall be prescribed by the Board. As used in this section, "principal occupation of the contributor" means the contributor's:
 - a. Job title or profession; and
 - b. Employer's name or employer's specific field of business activity.The State Board of Elections shall prepare a schedule of specific fields of business activity, adapting or modifying as it deems suitable the business activity classifications of the Internal Revenue Code or other relevant classification schedules. In reporting a contributor's specific field of business activity, the treasurer shall use the classification schedule prepared by the State Board.
- (2) Expenditures. — A list of all expenditures required under G.S. 163-278.8 made by or on behalf of a candidate, political committee, or referendum committee. The statement shall list the name and complete mailing address of each payee, the amount paid, the purpose, and the date such payment was made. The total sum of all expenditures to date shall be plainly exhibited. Forms for required reports shall be prescribed by the Board. In accounting for all expenditures in accordance with G.S. 163-278.8(e) and G.S. 163-278.8(f), the payee shall be the individual or person to whom the candidate, political committee, or referendum committee is obligated to make the expenditure. If the expenditure is to a financial institution for revolving credit or a reimbursement for a payment to a financial institution for revolving credit, the statement shall also include a specific itemization of the goods and services purchased with the revolving credit. If the obligation is for more than one good or service, the statement shall include a specific itemization of the obligation so as to provide a reasonable understanding of the obligation.
- (3) Loans. — Every candidate and treasurer shall attach to the campaign transmittal submitted with each report an addendum listing all proceeds derived from loans for funds used or to be used in this campaign. The addendum shall be in the form as prescribed by the State Board of Elections and shall list the amount of the loan, the source, the period, the rate of interest, and the security pledged, if any, and all makers and endorsers.

(a1) Threshold for Reporting Identity of Contributor. — A treasurer shall not be required to report the name, address, or principal occupation of any individual who contributes fifty dollars (\$50.00) or less to the treasurer's committee during an election as defined in G.S. 163-278.13. The State Board of Elections shall provide on its reporting forms for the reporting of contributions below that threshold. On those reporting forms, the State Board may require date and amount of contributions below the threshold, but may treat differently for reporting purposes contributions below the threshold that are made in different modes and in different settings.

(b) Statements shall reflect anything of value paid for or contributed by any person or individual, both as a contribution and expenditure. A political party

executive committee that makes an expenditure that benefits a candidate or group of candidates shall report the expenditure, including the date, amount, and purpose of the expenditure and the name of and office sought by the candidate or candidates on whose behalf the expenditure was made. A candidate who benefits from the expenditure shall report the expenditure or the proportionate share of the expenditure from which the candidate benefited as an in-kind contribution if the candidate or the candidate's committee has coordinated with the political party executive committee concerning the expenditure.

(c) **Best Efforts.** — When a treasurer shows that best efforts have been used to obtain, maintain, and submit the information required by this Article for the candidate or political committee, any report of that candidate or committee shall be considered in compliance with this Article and shall not be the basis for criminal prosecution or the imposition of civil penalties, other than forfeiture of a contribution improperly accepted under this Article. The State Board of Elections shall promulgate rules that specify what are “best efforts” for purposes of this Article, adapting as it deems suitable the provisions of 11 C.F.R. § 104.7. The rules shall include a provision that if the treasurer, after complying with this Article and the rules, does not know the occupation of the contributor, it shall suffice for the treasurer to report “unable to obtain”. (1973, c. 1272, s. 1; 1977, c. 635, s. 2; 1979, c. 1073, s. 20; 1997-515, ss. 2(a), (b), 3(a); 2006-161, s. 4; 2006-195, s. 5; 2007-391, s. 35(a).)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: “This act becomes effective December 1, 2007, and applies to offenses committed on or after that date.”

Session Laws 2007-391, s. 39, provides: “Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007].”

Effect of Amendments. — Session Laws 2006-161, s. 4, effective January 1, 2007, and applicable to all political committees and referendum committees with active accounts with the State Board of Elections or a county board of elections on or after January 1, 2007, added the last three sentences in subdivision (a)(2).

Session Laws 2006-195, s. 5, effective January 1, 2007, and applicable to all contributions made and accepted on or after January 1, 2007, in the first sentence of subdivision (a)(1), substituted “Except as provided in subsection (a1)

of this section, a” for “A” and deleted “required to be listed under G.S. 163.278.8” following “contributions”; added subsection (a1); and, in subsection (c), added “and shall not be the basis for criminal prosecution or the imposition of civil penalties, other than forfeiture of a contribution improperly accepted under this Article” at the end of the first sentence and, in the last sentence, substituted “a provision” for “the provision” and inserted “this Article and” near the middle.

Session Laws 2007-391, s. 35(a), deleted “resident of the State” following “occupation of any individual” in the first sentence of subsection (a1). For effective date, see Editor's Notes.

CASE NOTES

Political Committee Registration Requirements Upheld. — Plaintiff, a tax-exempt nonprofit membership corporation, was denied a preliminary injunction to enjoin enforcement of North Carolina's political committee registration requirements, as provided in this section, G.S. 163-278.6(14), G.S. 163-278.7 through 163-278.10 and G.S. 163-278.13, because the court found that the “major purpose” test was neither vague nor overbroad; that North Carolina's higher threshold, \$3,000 per two-year election cycle raising a rebuttable presumption that the group's major purpose is

electioneering, ensured that only groups engaging in significant electioneering were presumed to be political committees; that North Carolina's express advocacy test narrowed the communications that qualify as expenditures; and that the law provided sufficient notice to and safeguards for issue advocacy groups. *North Carolina Right To Life, Inc. v. § 163-278.12. Special reporting of contributions and independent expenditures.

(a) Subject to G.S. 163-278.39 and G.S. 163-278.14, individuals and other entities not otherwise prohibited from doing so may make independent expenditures. In the event an individual or other entity making independent expenditures but not otherwise required to report them makes independent expenditures in excess of one hundred dollars (\$100.00), that individual or entity shall file a statement of such independent expenditure with the appropriate board of elections in the manner prescribed by the State Board of Elections.

(b) Any entity other than an individual that is permitted to make contributions but is not otherwise required to report them shall report each contribution in excess of one hundred dollars (\$100.00) with the appropriate board of elections in the manner prescribed by the State Board of Elections.

(c) In assuring compliance with subsections (a) and (b) of this section, the State Board of Elections shall require the identification of each entity making a donation of more than one hundred dollars (\$100.00) to the entity filing the report if the donation was made for the purpose of furthering the reported independent expenditure or contribution.

(d) Contributions or expenditures required to be reported under this section shall be reported within 30 days after they exceed one hundred dollars (\$100.00) or 10 days before an election the contributions or expenditures affect, whichever occurs earlier. (1973, c. 1272, s. 1; 1979, c. 107, s. 15; c. 1073, s. 20; 1999-31, s. 2(d); 2004-127, s. 16.)

§ 163-278.12A: Repealed by Session Laws 2004-125, s. 4, effective July 20, 2004.

§ 163-278.13. Limitation on contributions.

(a) No individual, political committee, or other entity shall contribute to any candidate or other political committee any money or make any other contribution in any election in excess of four thousand dollars (\$4,000) for that election.

(b) No candidate or political committee shall accept or solicit any contribution from any individual, other political committee, or other entity of any money or any other contribution in any election in excess of four thousand dollars (\$4,000) for that election.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, it shall be lawful for a candidate or a candidate's spouse, parents, brothers and sisters to make a contribution to the candidate or to the candidate's treasurer of any amount of money or to make any other contribution in any election in excess of four thousand dollars (\$4,000) for that election.

(d) For the purposes of this section, the term "an election" means any primary, second primary, or general election in which the candidate or political committee may be involved, without regard to whether the candidate is

opposed or unopposed in the election, except that where a candidate is not on the ballot in a second primary, that second primary is not “an election” with respect to that candidate.

(d1) Notwithstanding subsections (a) and (b) of this section, a candidate or political committee may accept a contribution knowing that the contribution is to be reimbursed to the entity making the contribution and knowing the candidate or political committee has funds sufficient to reimburse the entity making the contribution if all of the following conditions are met:

- (1) The entity submits sufficient information of the contribution to the candidate or political committee for reimbursement within 45 days of the contribution.
- (2) The candidate or political committee makes a reimbursement to the entity making the contribution within seven days of submission of sufficient information.
- (3) The candidate or political committee indicates on its report under G.S. 163-278.11 that the good, service, or other item resulting in the reimbursement is an expenditure of the candidate or political committee, and notes if the contribution was by credit card.
- (4) The contribution does not exceed one thousand dollars (\$1,000.00).

(d2) Any contribution, or portion thereof, made under subsection (d1) of this section that is not submitted for reimbursement in accordance with subsection (d1) of this section shall be treated as a contribution for purposes of this section. Any contribution, or portion thereof, made under subsection (d1) of this section that is not reimbursed in accordance with subsection (d1) of this section shall be treated as a contribution for purposes of this section.

(e) Except as provided in subsections (e2), (e3), and (e4) of this section, this section shall not apply to any national, State, district or county executive committee of any political party. For the purposes of this section only, the term “political party” means only those political parties officially recognized under G.S. 163-96.

(e1) No referendum committee which received any contribution from a corporation, labor union, insurance company, business entity, or professional association may make any contribution to another referendum committee, to a candidate or to a political committee.

(e2) In order to make meaningful the provisions of Article 22D of this Chapter, the following provisions shall apply with respect to candidates for justice of the Supreme Court and judge of the Court of Appeals:

- (1) No candidate shall accept, and no contributor shall make to that candidate, a contribution in any election exceeding one thousand dollars (\$1,000) except as provided for elsewhere in this subsection.
- (2) A candidate may accept, and a family contributor may make to that candidate, a contribution not exceeding two thousand dollars (\$2,000) in an election if the contributor is that candidate’s parent, child, brother, or sister.
- (3) No candidate shall accept, and no contributor shall make to that candidate, a contribution during the period beginning 21 days before the day of the general election and ending the day after the general election if that contribution causes the candidate to exceed the “trigger for matching funds” defined in G.S. 163-278.62(18). This subdivision applies with respect to a candidate opposed in the general election by a certified candidate as defined in Article 22D of this Chapter who has not received the maximum matching funds available under G.S. 163-278.67. The recipient of a contribution that apparently violates this subdivision has three days to return the contribution or file a detailed statement with the State Board of Elections explaining why the contribution does not violate this subdivision.

As used in this subsection, “candidate” is also a political committee authorized by the candidate for that candidate’s election. Nothing in this subsection shall prohibit a candidate or the spouse of that candidate from making a contribution or loan secured entirely by that individual’s assets to that candidate’s own campaign.

(e3) Notwithstanding the provisions of subsections (a) and (b) of this section, no candidate for superior court judge or district court judge shall accept, and no contributor shall make to that candidate, a contribution in any election exceeding one thousand dollars (\$1,000), except as provided in subsection (c) of this section. As used in this subsection, “candidate” is also a political committee authorized by the candidate for that candidate’s election. Nothing in this subsection shall prohibit a candidate or the spouse of that candidate from making a contribution or loan secured entirely by that individual’s assets to that candidate’s own campaign.

(e4) In order to make meaningful the provisions of the North Carolina Voter-Owned Elections Act, as set forth in Article 22J of this Chapter, no candidate for an office subject to that Article shall accept, and no contributor shall make to that candidate, a contribution during the period beginning 21 days before the day of the general election and ending the day after the general election if that contribution causes the candidate to exceed the “trigger for matching funds” defined in G.S. 163-278.96(17). As used in this subsection, the term “candidate” also includes “candidate campaign committee” as defined in G.S. 163-278.38Z(3). Nothing in this subsection shall prohibit a candidate from making a contribution or loan secured entirely by that candidate’s assets to that candidate’s own campaign or to a political committee, the principal purpose of which is to support that candidate’s campaign. This subsection applies with respect to a candidate only if both of the following statements are true regarding that candidate:

- (1) That candidate is opposed in the general election by a certified candidate as defined in Article 22J of this Chapter.
- (2) That certified candidate has not received the maximum matching funds available under G.S. 163-278.99B(c).

The recipient of a contribution that apparently violates this subsection has three days to return the contribution or file a detailed statement with the State Board of Elections explaining why the contribution does not violate this subsection.

(f) Any individual, candidate, political committee, referendum committee, or other entity that violates the provisions of this section is guilty of a Class 2 misdemeanor. (1973, c. 1272, s. 1; 1979, c. 1073, ss. 8, 20; 1981, c. 225; 1987, c. 565, s. 15; 1993, c. 539, s. 1113; 1994, Ex. Sess., c. 24, s. 14(c); 1997-515, s. 8(a); 1999-31, s. 5(c); 2002-158, s. 2; 2006-192, ss. 15, 16, 17; 2007-391, s. 36; 2007-484, s. 43.8(c); 2007-510, s. 1(c); 2007-540, ss. 2, 3.)

Editor’s Note. — Session Laws 2002-158, s. 15, contains a severability clause.

Session Laws 2002-158, s. 15.1, states that nothing in this act obligates the General Assembly to appropriate funds to implement the provisions of the act now or in the future.

Session Laws 2007-391, s. 1(c), provides: “This act becomes effective December 1, 2007, and applies to offenses committed on or after that date.”

Session Laws 2007-391, s. 39, provides: “Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007].”

Session Laws 2007-540, s. 4, is a severability clause.

Effect of Amendments. — Session Laws 2006-192, s. 16, effective August 3, 2006, added “if that contribution causes the candidate to exceed the ‘trigger for rescue funds’ defined in G.S. 163-278.62(18)” at the end of the first sentence of subdivision (e2)(3); s. 15, effective August 3, 2006, and effective January 1, 2007, and applicable to contributions made or accepted on or after that date, as that section affects G.S. 163-278.13(e3), substituted “Except as provided in subsections (e2) and (e3) of this section, this” for “This” at the beginning of

subsection (e); and, s. 17, effective January 1, 2007, and applicable to contributions made or accepted on or after January 1, 2007, added subsection (e3).

Session Laws 2007-391, s. 36, added subsections (d1) and (d2). For effective date, see Editor's Notes.

Session Laws 2007-510, s. 1, effective August 30, 2007, substituted "matching" for "rescue"

twice in subdivision (e2)(3).

Session Laws 2007-540, ss. 2 and 3, as amended by Session Laws 2007-484, s. 43.8(c), effective August 31, 2007, and applicable to elections for Auditor, Superintendent of Public Instruction, and Commissioner of Insurance in 2008 and thereafter, substituted "(e2), (e3) and (e4)" for "(e2) and (e3), in subsection (e); and added new subsection (e4).

CASE NOTES

Political Committee Registration Requirements Upheld. — Plaintiff, a tax-exempt nonprofit membership corporation, was denied a preliminary injunction to enjoin enforcement of North Carolina's political committee registration requirements, as provided in G.S. 163-278.6(14), G.S. 163-278.7 through 163-278.11 and this section, because the court found that the "major purpose" test was neither vague nor overbroad; that North Carolina's higher threshold, \$3,000 per two-year election cycle raising a rebuttable presumption that the group's major purpose is electioneering, ensured that only groups engaging in significant electioneering were presumed to be political committees; that North Carolina's express advocacy test narrowed the communications that qualify as expenditures; and that the law provided sufficient notice to and safeguards for issue advocacy groups. *North Carolina Right To Life, Inc. v. Leake*, 108 F. Supp. 2d 498, 2000 U.S. Dist. LEXIS 12164 (E.D.N.C. 2000).

Plaintiff, a tax-exempt nonprofit membership corporation, had standing to challenge this section and assert the rights of its contributors because it was a "single-issue" organization, its contributors were closely identified with each other by the desire to elect pro-life candidates, the provision was shown to cause injury to the organization, and a significant obstacle to members' challenge of the provision existed where the organization could not easily discover contributors wishing to donate more than \$ 4,000 without itself transgressing the law; however, since the plaintiff was unlikely to prevail on the merits, a preliminary injunction was found inappropriate. *North Carolina Right To Life, Inc. v. Leake*, 108 F.

Supp. 2d 498, 2000 U.S. Dist. LEXIS 12164 (E.D.N.C. 2000).

The plaintiff's challenge to this section was ripe where the plaintiff, a tax-exempt nonprofit membership corporation, stated that it would like to solicit, through mailings or otherwise, more than \$ 4,000 from potential contributors, where it could be prosecuted for mailing this solicitation, and where the State provided insufficient evidence to suggest that the threat of prosecution was merely speculative. *North Carolina Right To Life, Inc. v. Leake*, 108 F. Supp. 2d 498, 2000 U.S. Dist. LEXIS 12164 (E.D.N.C. 2000).

Constitutionality. — Four thousand dollar limitation on contributions to "independent expenditure political action committees" under G.S. 163-278.13, is substantially overbroad and unconstitutional. *N.C. Right to Life, Inc. v. Leake*, 344 F.3d 418, 2003 U.S. App. LEXIS 19656 (4th Cir. 2003).

G.S. 163-278.13's limit on contributions was unconstitutional as applied to an independent expenditure political committee (IEPC) established by a nonprofit corporation because the contribution limits were not closely drawn to protect issue advocacy protected by the First Amendment; the state failed to show that independent expenditures made by IEPCs had a tendency to corrupt or create an appearance of corruption, and the state did not identify any legal authority that considered a political action committee and its sponsoring corporation, which was prohibited under 2 U.S.C. § 441b from making contributions and independent expenditures, as identical entities. *N.C. Right to Life, Inc. v. Leake*, 482 F. Supp. 2d 686, 2007 U.S. Dist. LEXIS 25876 (E.D.N.C. 2007).

§ 163-278.13B. Limitation on fund-raising during legislative session.

(a) Definitions. — For purposes of this section:

of the General Statutes, that lobbyist's agent, that lobbyist's principal as defined in G.S. 120C-100(11) or a political committee that employs or contracts with or whose parent entity employs or contracts with a lobbyist registered under Chapter 120C of the General Statutes.

- (2) "Limited contributee" means a member of or candidate for the Council of State, a member of or candidate for the General Assembly.
- (3) The General Assembly is in "regular session" from the date set by law or resolution that the General Assembly convenes until the General Assembly either adjourns sine die or recesses or adjourns for more than 10 days.
- (4) A contribution is "made" during regular session if the check or other instrument is dated during the session, or if the check or other instrument is delivered to the limited contributee during session, or if the limited contributor pledges during the session to deliver the check or other instrument at a later time.
- (5) A contribution is "accepted" during regular session if the check or other instrument is dated during the session, or if the limited contributee receives the check or other instrument during session and does not return it within 10 days, or agrees during session to receive the check or other instrument at a later time.

(b) Prohibited Solicitations. — While the General Assembly is in regular session, no limited contributee or the real or purported agent of a limited contributee shall:

- (1) Solicit a contribution from a limited contributor to be made to that limited contributee or to be made to any other candidate, officeholder, or political committee; or
- (2) Solicit a third party, requesting or directing that the third party directly or indirectly solicit a contribution from a limited contributor or relay to the limited contributor the limited contributee's solicitation of a contribution.

It shall not be deemed a violation of this section for a limited contributee to serve on a board or committee of an organization that makes a solicitation of a limited contributor as long as that limited contributee does not directly participate in the solicitation and that limited contributee does not directly benefit from the solicitation.

(c) Prohibited Contributions. — While the General Assembly is in regular session:

- (1) No limited contributor shall make or offer to make a contribution to a limited contributee.
- (2) No limited contributor shall make a contribution to any candidate, officeholder, or political committee, directing or requesting that the contribution be made in turn to a limited contributee.
- (3) No limited contributor shall transfer any amount of money or anything of value to any entity, directing or requesting that the entity use what was transferred to contribute to a limited contributee.
- (4) No limited contributee or the real or purported agent of a limited contributee prohibited from solicitation by subsection (b) of this section shall accept a contribution from a limited contributor.
- (5) No limited contributor shall solicit a contribution from any individual or political committee on behalf of a limited contributee. This subdivision does not apply to a limited contributor soliciting a contribution on behalf of a political party executive committee if the solicitation is solely for a separate segregated fund kept by the political party limited to use for activities that are not candidate-specific, including generic voter registration and get-out-the-vote efforts, pollings, mail-

ings, and other general activities and advertising that do not refer to a specific individual candidate.

(d) Exception. — The provisions of this section do not apply with regard to a limited contributee during the three weeks prior to the day of a second primary if that limited contributee is a candidate who will be on the ballot in that second primary.

(e) Prosecution. — A violation of this section is a Class 2 misdemeanor. (1997-515, s. 9(b); 1999-31, s. 5(d); 1999-453, s. 6(a); 2000-136, s. 1; 2006-201, s. 21.)

Editor's Note. — Subsections (d) and (e) were so designated at the direction of the Revisor of Statutes, the designations in Session Laws 1997-515, s. 9(b) having been (c1) and (d), respectively.

Session Laws 2006-201, s. 23(b), as amended by Session Laws 2007-347, s. 16, provides: "Public servants holding positions on January 1, 2007, shall participate in ethics education presentations under G.S. 138A-14 and lobbying education programs under G.S. 120C-103 on or before January 1, 2008."

Session Laws 2006-201, s. 24, is a severability clause.

Session Laws 2006-201, s. 25, provides, in part, that: "Prosecutions for offenses or ethics violations committed before January 1, 2007, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-201, s. 21, effective January 1, 2007, in subdivision (a)(1), substituted "under Chapter 120C" for "pursuant to Article 9A of Chapter 120", substituted "G.S. 120C-100(11)" for "G.S. 120-47.1(7)," in the middle, and substituted "under Chapter 120C" for "pursuant to Article 9A of Chapter 120" near the end.

CASE NOTES

This section is unconstitutional as applied to independent political committees accepting contributions on behalf of candidates; while this section was enacted for a compelling governmental interest, i.e., the prevention of corruption or the appearance of corruption among both incumbents and challengers while the General Assembly is in session, the remedy set forth was not narrowly tailored and the court, therefore, properly severed "political committee" from the definition of "limited contributee." *Winborne v. Easley*, 136 N.C. App. 191, 523 S.E.2d 149, 1999 N.C. App. LEXIS 1301 (1999).

Constitutionality as to Individual Challenger. — Because a compelling government interest was addressed in amending this section to include challengers, the section is narrowly tailored in its application to challengers, as well as incumbents; plaintiff who made no showing that the section invidiously discriminates against him as a challenger unsuccessfully challenged its constitutionality as applied

to him. *Winborne v. Easley*, 136 N.C. App. 191, 523 S.E.2d 149, 1999 N.C. App. LEXIS 1301 (1999).

This section did not impermissibly burden the rights of free speech and association of lobbyists and political action committees as lobbyists are free to contribute during the times when the General Assembly is not in session, and they may engage in political speech for the entire year. Furthermore, the restrictions advance a compelling state interest by preventing corruption and the appearance of corruption. *North Carolina Right to Life, Inc. v. Bartlett*, 168 F.3d 705, 1999 U.S. Dist. LEXIS 2350 (4th Cir. 1999), cert. denied, 528 U.S. 1153, 120 S. Ct. 1156, 145 L. Ed. 2d 1069 (2000).

The constitutionality of this section was properly before the court, although not directly raised, where plaintiff sought a means to obtain contributions from lobbyists and their political committees during the legislative session. *Winborne v. Easley*, 136 N.C. App. 191, 523 S.E.2d 149, 1999 N.C. App. LEXIS 1301 (1999).

OPINIONS OF ATTORNEY GENERAL

The Federal Election Campaign Act (FECA) of 1971 preempts this section prohibiting a member of the General Assembly from accepting contributions from lobbyists while the General Assembly is in session if the

member is a candidate for federal office. See opinion of Attorney General to Ms. Yvonne Southerland, Deputy Director, State Board of Elections, 1998 N.C.A.G. 22 (5/4/98).

§ 163-278.13C. Campaign contributions prohibition.

(a) No lobbyist may make a contribution as defined in G.S. 163-278.6 to a candidate or candidate campaign committee as defined in G.S. 163-278.38Z when that candidate meets any of the following criteria:

(1) Is a legislator as defined in G.S. 120C-100.

(2) Is a public servant as defined in G.S. 138A-3(30)a.

(b) No lobbyist may collect contributions from multiple contributors, take possession of such multiple contributions, or transfer or deliver the collected multiple contributions to the intended recipient. This section shall apply only to contributions to a candidate or candidate campaign committee as defined in G.S. 163-278.38Z when that candidate is a legislator as defined in G.S. 120C-100 or a public servant as defined in G.S. 138A-3(30)a.

(c) This section shall not apply to a lobbyist, who has filed a notice of candidacy for office under G.S. 163-106 or Article 11 of Chapter 163 of the General Statutes or has been nominated under G.S. 163-114 or G.S. 163-98, making a contribution to that lobbyist's candidate campaign committee.

(d) For purposes of this section, the term "lobbyist" shall mean an individual registered as a lobbyist under Chapter 120C of the General Statutes. (2006-201, s. 18; 2007-347, s. 5(a), (b).)

Editor's Note. — This section is former G.S. 120C-302, recodified as G.S. 163-278.13C, effective August 9, 2007, by Session Laws 2007-347, s. 5.

Effect of Amendments. — Session Laws 2007-347, s. 5(a), (b), effective August 9, 2007, recodified former G.S. 120C-302 as this section; and added subsection (d).

§ 163-278.14. No contributions in names of others; no anonymous contributions; contributions in excess of fifty dollars; no contribution without specific designation of contributor.

(a) No individual, political committee, or other entity shall make any contribution anonymously or in the name of another. No candidate, political committee, referendum committee, political party, or treasurer shall knowingly accept any contribution made by any individual or person in the name of another individual or person or made anonymously. If a candidate, political committee, referendum committee, political party, or treasurer receives anonymous contributions or contributions determined to have been made in the name of another, he shall pay the money over to the Board, by check, and all such moneys received by the Board shall be deposited in the Civil Penalty and Forfeiture Fund of the State of North Carolina.

(b) No entity shall make, and no candidate, committee or treasurer shall accept, any monetary contribution in excess of fifty dollars (\$50.00) unless such contribution is in the form of a check, draft, money order, credit card charge, debit, or other noncash method that can be subject to written verification. No contribution in the form of check, draft, money order, credit card charge, debits, or other noncash method may be made or accepted unless it contains a specific designation of the intended contributee chosen by the contributor. The State Board of Elections may prescribe guidelines as to the reporting and verification of any method of contribution payment allowed under this Article. For contributions by money order, the State Board shall prescribe methods to ensure an audit trail for every contribution so that the identity of the contributor can be determined. For a contribution made by credit card, the credit card account number of a contributor is not a public record.

(c) No political committee or referendum committee shall make any contribution unless in doing so it reports to the recipient the contributor's name as

required in G.S. 163-278.7(b)(1). (1973, c. 1272, s. 1; 1979, c. 1073, s. 19; 1987, c. 113, s. 2; 1999-453, s. 4(a); 2001-319, s. 10(a); 2002-159, s. 55(k); 2004-125, s. 5(b); 2005-430, s. 1; 2006-195, ss. 1, 5.2; 2007-484, s. 23.)

Editor's Note. — Session Laws 2004-125, s. 6, is a severability clause.

Effect of Amendments. — Session Laws 2006-195, ss. 1 and 5.2, effective January 1, 2007, and applicable to all contributions made and accepted on and after January 1, 2007, in subsection (a), deleted “except as provided in G.S. 163-278.8(d)” following “anonymously” in the first and second sentence and made a minor punctuation change; and, in subsection (b), in

the first sentence, substituted “make” for “give” near the beginning, substituted “fifty dollars (\$50.00)” for “one hundred dollars (\$100.00)” and substituted “is in” for “be in,” and added the second sentence.

Session Laws 2007-484, s. 23, effective August 30, 2007, in the section catchline, substituted “fifty dollars” for “one hundred dollars” and added “no contribution without specific designation of contributor” at the end.

CASE NOTES

Standing to Challenge Campaign Finances. — Voter who sought injunctions to compel the State Elections Board to further investigate a matter that it deemed unnecessary and to compel a citizens' group to file an unnecessary additional campaign finance re-

port failed to state cause of action. *Batdorff v. N.C. State Bd. of Elections*, 150 N.C. App. 108, 563 S.E.2d 43, 2002 N.C. App. LEXIS 408 (2002), cert. granted, 356 N.C. 159, 568 S.E.2d 186 (2002).

§ 163-278.14A. Evidence that communications are “to support or oppose the nomination or election of one or more clearly identified candidates.”

(a) Either of the following shall be means, but not necessarily the exclusive or conclusive means, of proving that an individual or other entity acted “to support or oppose the nomination or election of one or more clearly identified candidates”:

- (1) Evidence of financial sponsorship of communications to the general public that use phrases such as “vote for”, “reelect”, “support”, “cast your ballot for”, “(name of candidate) for (name of office)”, “(name of candidate) in (year)”, “vote against”, “defeat”, “reject”, “vote pro-(policy position)” or “vote anti-(policy position)” accompanied by a list of candidates clearly labeled “pro-(policy position)” or “anti-(policy position)”, or communications of campaign words or slogans, such as posters, bumper stickers, advertisements, etc., which say “(name of candidate)’s the One”, “(name of candidate) ’98”, “(name of candidate)!”, or the names of two candidates joined by a hyphen or slash.
- (2) Evidence of financial sponsorship of communications whose essential nature expresses electoral advocacy to the general public and goes beyond a mere discussion of public issues in that they direct voters to take some action to nominate, elect, or defeat a candidate in an election. If the course of action is unclear, contextual factors such as the language of the communication as a whole, the timing of the communication in relation to events of the day, the distribution of the communication to a significant number of registered voters for that candidate’s election, and the cost of the communication may be considered in determining whether the action urged could only be interpreted by a reasonable person as advocating the nomination, election, or defeat of that candidate in that election.

(b) Notwithstanding the provisions of subsection (a) of this section, a communication shall not be subject to regulation as a contribution or expenditure under this Article if it:

- (1) Appears in a news story, commentary, or editorial distributed through the facilities of any broadcasting station, newspaper, or magazine, unless those facilities are owned or controlled by any political party, or political committee;
- (2) Is distributed by a corporation solely to its stockholders and employees; or
- (3) Is distributed by any organization, association, or labor union solely to its members or to subscribers or recipients of its regular publications, or is made available to individuals in response to their request, including through the Internet. (1999-453, s. 3(a).)

Editor's Note. — Session Laws 1999-453, s. 1, provides that the act shall be known as “The Campaign Reform Act of 1999.”

Session Laws 1999-453, s. 10, provides that prosecutions for, or sentences based on, offenses occurring before the relevant effective date in this act [August 12, 1999] are not

abated or affected by this act, and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this act remain applicable to those prosecutions or sentences.

Session Laws 1999-453, s. 11, contains a severability clause.

CASE NOTES

Constitutionality. — Section 163-278.14A(a)(2) is unconstitutionally vague and overbroad; the context prong of G.S. 163-278.14A impermissibly regulates issue advocacy. This test violates the express advocacy test adopted by the United States Supreme Court in that it does not limit the scope of “express advocacy” to include only clear words that directly fit the term “express advocacy,” but instead allows consideration of various contextual factors. *N.C. Right to Life, Inc. v. Leake*, 344 F.3d 418, 2003 U.S. App. LEXIS 19656 (4th Cir. 2003).

First sentence of G.S. 163-278.14A(a)(2) impermissibly dilutes the Buckley standard by allowing regulation of communications which do not contain explicit words of advocacy. *N.C. Right to Life, Inc. v. Leake*, 344 F.3d 418, 2003

U.S. App. LEXIS 19656 (4th Cir. 2003).

Context prong of G.S. 163-278.14A(a)(2) is unconstitutionally vague and overbroad because it regulates issue advocacy protected by the First Amendment, it uses ambiguous time frames and unspecified distribution limitations, and it is not narrowly tailored to combat electoral corruption, and accordingly to the extent that G.S. 163-278.6(14)'s major purpose test for identifying political committees incorporates the context prong of G.S. 163-278.14A(a)(2), G.S. 163-278.6(14) is also unconstitutional; however, G.S. 163-278.14A(a)(2) is severable, and after such severance, the remainder of G.S. 163-278.14A is valid and enforceable, as is G.S. 163-278.6(14). *N.C. Right to Life, Inc. v. Leake*, 482 F. Supp. 2d 686, 2007 U.S. Dist. LEXIS 25876 (E.D.N.C. 2007).

§ 163-278.15. No acceptance of contributions made by corporations, foreign and domestic, or other prohibited sources.

(a) No candidate, political committee, political party, or treasurer shall accept any contribution made by any corporation, foreign or domestic, regardless of whether such corporation does business in the State of North Carolina, or made by any business entity, labor union, professional association, or insurance company. This section does not apply with regard to entities permitted to make contributions by G.S. 163-278.19(f).

(b) A candidate or political committee may accept a contribution knowing that the contribution is the proceeds of a loan made in the ordinary course of business by a financial institution if all of the following conditions are met:

- (1) The full amount of the loan is secured by collateral placed, or by guaranties given, by one or more individuals or entities who are not prohibited by this Article from making contributions to the candidate or political committee. The value of the collateral posted by each individual or entity, or the amount of each guaranty, may not exceed

the contribution limitations applicable under this Article to each individual or entity. The value of collateral posted may exceed the contribution limitations applicable under this Article in cases where the amount of the loan secured by that collateral does not exceed the contribution limitations applicable to the individual or entity.

- (2) During the time that any loan remains outstanding and unpaid, then the value of any collateral posted, or the amount of each guaranty, for that loan shall be considered to be a contribution by the individual or entity securing the loan. If the loan, or any portion of the loan, is repaid to the financial institution by the candidate or political committee to whom the loan was made during the contribution limitation period for the same "election" as defined in G.S. 163-278.13(d) in which the loan was made, the individual or entity securing the loan shall be eligible to further contribute to that candidate or political committee up to the amount of the repayment. If multiple individuals or entities secured the loan that is repaid to the financial institution by the candidate or political committee, then the amount repaid shall be prorated amongst the multiple individuals or entities.
- (3) If the loan is to the candidate or political committee, only the candidate, the candidate's spouse, or the political committee to whom the loan was made may repay the loan.

The State Board of Elections shall develop forms for reporting the proceeds of loans in a full and accurate manner. (1973, c. 1272, s. 1; 1999-31, s. 5(e); 2006-195, s. 6; 2006-262, s. 4.1(c).)

Editor's Note. — Session Laws 2006-262, s. 5, provides: "Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

2006-262, s. 4.1(c), effective August 27, 2006, designated the existing provisions as subsection (a) and added subsection (b).

Session Laws 2006-195, s. 6, effective January 1, 2007, and applicable to all contributions made and accepted on and after January 1, 2007, added "or other prohibited sources" at the end of the section catchline, added "or made by any business entity, labor union, professional association, or insurance company" at the end of the first sentence, and made minor punctuation changes.

Effect of Amendments. — Session Laws

§ 163-278.16. Regulations regarding timing of contributions and expenditures.

(a) Except as provided in G.S. 163-278.6(14) and G.S. 163-278.12, no contribution may be received or expenditure made by or on behalf of a candidate, political committee, or referendum committee:

- (1) Until the candidate, political committee, or referendum committee appoints a treasurer and certifies the name and address of the treasurer to the Board; and
- (2) Unless the contribution is received or the expenditure made by or through the treasurer of the candidate, political committee, or referendum committee.

(b) through (e) Repealed by Session Laws 1975, c. 565, s. 2.

(f), (g) Repealed by Session Laws 1999-453, s. 2(b), effective August 12, 1999. (1973, c. 1272, s. 1; 1975, c. 565, s. 2; 1979, c. 500, s. 4; c. 1073, ss. 19, 20; 1987, c. 652; 1997-515, s. 13.1(a); 1999-31, ss. 1(d), 4(b); 1999-453, s. 2(b).)

§ 163-278.16A. Restriction on use of State funds by declared candidate for Council of State for advertising or public service announcements using their names, pictures, or voices.

After December 31 prior to a general election in which a Council of State office will be on the ballot, no declared candidate for that Council of State office shall use or permit the use of State funds for any advertisement or public service announcement in a newspaper, on radio, or on television that contains that declared candidate's name, picture, or voice, except in case of State or national emergency and only if the announcement is reasonably necessary to that candidate's official function. For purposes of this section, "declared candidate" means someone who has publicly announced an intention to run. (1997-515, s. 13(a).)

CASE NOTES

Application. — Section 163-278.16A, prohibiting the expenditure of public funds for advertisements for candidates for public office, applies only to prohibit advertisements in years

when declared council of state candidates are on an election ballot. *Fuller v. Easley*, 145 N.C. App. 391, 553 S.E.2d 43, 2001 N.C. App. LEXIS 642 (2001).

§ 163-278.16B. Use of contributions for certain purposes.

(a) A candidate or candidate campaign committee may use contributions only for the following purposes:

- (1) Expenditures resulting from the campaign for public office by the candidate or candidate's campaign committee.
- (2) Expenditures resulting from holding public office.
- (3) Contributions to an organization described in section 170(c) of the Internal Revenue Code of 1986 (26 U.S.C. § 170(c)), provided that the candidate or the candidate's spouse, children, parents, brothers, or sisters are not employed by the organization.
- (4) Contributions to a national, State, or district or county committee of a political party or a caucus of the political party.
- (5) Contributions to another candidate or candidate's campaign committee.
- (6) To return all or a portion of a contribution to the contributor.
- (7) Payment of any penalties against the candidate or candidate's campaign committee for violation of this Article imposed by a board of elections or a court of competent jurisdiction.
- (8) Payment to the Escheat Fund established by Chapter 116B of the General Statutes.

(b) As used in this section, the term "candidate campaign committee" means the same as in G.S. 163-278.38Z(3).

(c) Contributions made to a candidate or candidate campaign committee do not become a part of the personal estate of the individual candidate. The candidate may file with the board a written designation of those funds that directs to which of the permitted uses in subsection (a) of this section they shall be paid in the event of the death or incapacity of the candidate. After the payment of permitted outstanding debts of the account, the candidate's filed written designation shall control. If the candidate files no such written designation, the funds after payment of permitted outstanding debts shall be distributed in accordance with subdivision (a)(8) of this section. (2006-161, s. 1; 2007-391, s. 30.)

Editor's Note. — Session Laws 2006-161, s. 6, made this section effective October 1, 2006, and applicable to all candidates and candidate campaign committees with active accounts with the State Board of Elections or a county board of elections on or after October 1, 2006.

Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2007-391, s. 30, in subsection (c), substituted "The candidate may file" for "A candidate or the candidate who directs the candidate campaign committee may file" in the second sentence. For effective date, see Editor's Notes.

§ 163-278.17. Statements of media receiving campaign expenditures.

(a) Repealed by Session Laws 1985, c. 183, s. 1.

(b) Each media shall require written authority for each expenditure from each candidate, treasurer or individual making or authorizing an expenditure.

A candidate may authorize advertisement paid for by a treasurer appointed by the candidate. All authorizations of expenditures signed by a candidate, treasurer or individual shall be deemed public records and copies of said authorizations shall be available for inspection during normal business hours at the office(s) of the media making the publication or broadcast nearest to the place(s) of publication or broadcast.

(c) Repealed by Session Laws 1985, c. 183, s. 2. (1973, c. 1272, s. 1; 1975, c. 565, s. 3; 1979, c. 500, ss. 5, 6; c. 1073, s. 9; 1985, c. 183, ss. 1, 2.)

§ 163-278.18. Normal commercial charges for political advertising.

(a) No media and no supplier of materials or services shall charge or require a candidate, treasurer, political party, or individual to pay a charge for advertising, materials, space, or services purchased for or in support of or in opposition to any candidate, political committee, or political party that is higher than the normal charge it requires other customers to pay for comparable advertising, materials, space, or services purchased for other purposes.

(b) A newspaper, magazine, or other advertising medium shall not charge any candidate, treasurer, political committee, political party, or individual for any advertising for or in support of or in opposition to any candidate, political committee or political party at a rate higher than the comparable rate charged to other persons for advertising of comparable frequency and volume; and every candidate, treasurer, political party or individual, with respect to political advertising, shall be entitled to the same discounts afforded by the advertising medium to other advertisers under comparable conditions and circumstances. (1973, c. 1272, s. 1; 1977, c. 856.)

§ 163-278.19. Violations by corporations, business entities, labor unions, professional associations and insurance companies.

(a) Except as provided in subsections (a2), (b), (d), (e), (f), and (g) of this section it shall be unlawful for any corporation, business entity, labor union, professional association or insurance company directly or indirectly:

- (1) To make any contribution to a candidate or political committee or to make any expenditure to support or oppose the nomination or election of a clearly identified candidate;
- (2) To pay or use or offer, consent or agree to pay or use any of its money or property for any contribution to a candidate or political committee

or for any expenditure to support or oppose the nomination or election of a clearly identified candidate; or

- (3) To compensate, reimburse, or indemnify any person or individual for money or property so used or for any contribution or expenditure so made;

and it shall be unlawful for any officer, director, stockholder, attorney, agent or member of any corporation, business entity, labor union, professional association or insurance company to aid, abet, advise or consent to any such contribution or expenditure, or for any person or individual to solicit or knowingly receive any such contribution or expenditure. Supporting or opposing the election of clearly identified candidates includes supporting or opposing the candidates of a clearly identified political party. Any officer, director, stockholder, attorney, agent or member of any corporation, business entity, labor union, professional association or insurance company aiding or abetting in any contribution or expenditure made in violation of this section shall be guilty of a Class 2 misdemeanor, and shall in addition be liable to such corporation, business entity, labor union, professional association or insurance company for the amount of such contribution or expenditure, and the same may be recovered of him upon suit by any stockholder or member thereof.

(a1) A transfer of funds shall be deemed to have been a contribution or expenditure made indirectly if it is made to any committee or political party account, whether inside or outside this State, with the intent or purpose of being exchanged in whole or in part for any other funds to be contributed or expended in an election for North Carolina office or to offset any other funds contributed or expended in an election for North Carolina office.

(a2) Proceeds of loans made in the ordinary course of business by financial institutions may be used for contributions made in compliance with this Chapter. Financial institutions may also grant revolving credit to political committees and referendum committees in the ordinary course of business.

(b) It shall, however, be lawful for any corporation, business entity, labor union, professional association or insurance company to communicate with its employees, stockholders or members and their families on any subject; to conduct nonpartisan registration and get-out-the-vote campaigns aimed at their employees, stockholders, or members and their families; or for officials and employees of any corporation, insurance company or business entity or the officials and members of any labor union or professional association to establish, administer, contribute to, and to receive and solicit contributions to a separate segregated fund to be utilized for political purposes, and those individuals shall be deemed to become and be a political committee as that term is defined in G.S. 163-278.6(14) or a referendum committee as defined in G.S. 163-278.6(18b); provided, however, that it shall be unlawful for any such fund to make a contribution or expenditure by utilizing contributions secured by physical force, job discrimination, financial reprisals or the threat of force, job discrimination or financial reprisals, or by dues, fees, or other moneys required as a condition of membership or employment or as a requirement with respect to any terms or conditions of employment, including, without limitation, hiring, firing, transferring, promoting, demoting, or granting seniority or employment-related benefits of any kind, or by moneys obtained in any commercial transaction whatsoever.

(c) A violation of this section is a Class 2 misdemeanor. In addition, the acceptance of any contribution, expenditure, payment, reimbursement, indemnification, or anything of value under subsection (a) shall be a Class 2 misdemeanor.

(d) Whenever a candidate or treasurer is an officer, director, stockholder, attorney, agent, or employee of any corporation, business entity, labor union, professional association or insurance company, and by virtue of his position

therewith uses office space and communication facilities of the corporation, business entity, labor union, professional association or insurance company in the normal and usual scope of his employment, the fact that the candidate or treasurer receives telephone calls, mail, or visits in such office which relates to activities prohibited by this Article shall not be considered a violation under this section.

(e) Notwithstanding the prohibitions specified in this Article and Article 22 of this Chapter, a political committee organized under provisions of this Article shall be entitled to receive and the corporation, business entity, labor union, professional association, or insurance company designated on the committee's organizational report as the parent entity of the employees or members who organized the committee is authorized to give reasonable administrative support that shall include record keeping, computer services, billings, mailings to members of the committee, membership development, fund-raising activities, office supplies, office space, and such other support as is reasonably necessary for the administration of the committee.

The approximate cost of any reasonable administrative support shall be submitted to the committee, in writing, and the committee shall include that cost on the report required by G.S. 163-278.9(a)(6). Also included in the report shall be the approximate allocable portion of the compensation of any officer or employee of the corporation, business entity, labor union, professional association, or insurance company who has devoted more than thirty-five percent (35%) of his time during normal business hours of the corporation, business entity, labor union, professional association, or insurance company during the period covered by the required report. The approximate cost submitted by the parent corporation, business entity, labor union, professional association, or insurance company shall be entered on the committee's report as the final entry on its list of "contributions" and a copy of the written approximate cost received by it shall be attached.

The reasonable administrative support given by a corporation, business entity, labor union, professional association, or insurance company shall be designated on the books of the corporation, business entity, labor union, professional association, or insurance company as such and may not be treated by it as a business deduction for State income tax purposes.

(f) This section does not prohibit a contribution or independent expenditure by an entity that:

- (1) Has as an express purpose promoting social, educational, or political ideas and not to generate business income;
- (2) Does not have shareholders or other persons which have an economic interest in its assets and earnings; and
- (3) Was not established by a business corporation, by an insurance company, by a business entity, including, but not limited to, those chartered under Chapter 55, Chapter 55A, Chapter 55B, or Chapter 58 of the General Statutes, by a professional association, or by a labor union and does not receive substantial revenue from such entities. Substantial revenue is rebuttably presumed to be more than ten percent (10%) of total revenues in a calendar year.

(g) If a political committee has as its only purpose accepting contributions and making expenditures to influence elections, and that political committee incorporates as a nonprofit corporation to shield its participants from liability created outside this Chapter, that political committee is not considered to be a corporation for purposes of this section. Incorporation of a political committee does not relieve any individual, person, or other entity of any liability, duty, or obligation created pursuant to any provision of this Chapter. To obtain the benefits of this subsection, an incorporating political committee must state exactly the following language as the only purpose for which the corporation

can be organized: “to accept contributions and make expenditures to influence elections as a political committee pursuant to G.S. 163-278.6(14) only.” No political committee shall do business as a political committee after incorporation unless it has been certified by the State Board of Elections as being in compliance with this subsection. Editor’s Note. — Session Laws 2006-262, s. 5 provides: “Section 4 of this act becomes effective January 1, 2007. The remainder of this act is effective when it becomes law, except that any criminal penalty resulting from this act becomes effective October 1, 2006. Prosecutions for offenses committed before October 1, 2006, are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions.”

Effect of Amendments. — Session Laws 2006-195, s. 3, effective January 1, 2007, and applicable to contributions made and accepted on or after January 1, 2007, deleted “except as provided in G.S. 163-278.20,” following “political purposes,” in the middle of subsection (b).

Session Laws 2006-262, ss. 4.1(a) and (b) and 4.3, effective August 27, 2006, except that any criminal penalty resulting from this act becomes effective October 1, 2006, in subsection (a), inserted “(a2),” near the beginning of the introductory paragraph and deleted “(except a loan of money by a national or State bank or federal or State savings and loan association made in accordance with the applicable banking or savings and loan association laws and

regulations and in the ordinary course of business)” following “political committee” near the beginning of subdivision (a)(1); added subsection (a2); and, in subsection (e), in the first paragraph, deleted “, but not be limited to,” following “include” and inserted “membership development, fund-raising activities, office supplies, office space,” near the end, substituted “reasonable administrative support” for “record keeping, computer services, billings, mailing, office supplies, and office space provided on a continuing basis” at the beginning of the first sentence in the second paragraph, and inserted “reasonable” at the beginning of the third paragraph.

CASE NOTES

Constitutionality. — This section is constitutional on its face and as applied to construe plaintiff’s payment of defendant’s advertising expenses as advances prohibited by the section, since the prohibition thereof constitutes only a minimal intrusion on plaintiff’s constitutional rights, and is clearly reasonable in light of the purposes to be accomplished by the section. *Louchheim, Eng & People, Inc. v. Carson*, 35 N.C. App. 299, 241 S.E.2d 401 (1978).

Because this section prohibits all nonprofit corporations from making independent expenditures for any political purpose, regardless of whether the corporations demonstrate a threat to the political process, it is facially overbroad and violates the First Amendment. *North Carolina Right to Life, Inc. v. Bartlett*, 3 F. Supp. 2d 675, 1998 U.S. Dist. LEXIS 6266 (E.D.N.C. 1998), aff’d in part and rev’d in part on other grounds, 168 F.3d 705 (4th Cir. 1999), cert. denied, 528 U.S. 1153, 120 S. Ct. 1156, 145 L. Ed. 2d 1069 (2000).

This section is overbroad and unconstitutionally vague, given its failure to make exception for nonprofit corporations presenting a minimal risk of distorting the political process. *North Carolina Right to Life, Inc. v. Bartlett*, 168 F.3d 705, 1999 U.S. Dist. LEXIS 2350 (4th Cir. 1999), cert. denied, 528 U.S. 1153, 120 S. Ct. 1156, 145 L. Ed. 2d 1069 (2000).

The purposes of this section are identical to those of its federal counterpart, namely, to protect the populace from undue influence by corporations and labor unions, and to ensure the responsiveness of elected officials to the public at large. *Louchheim, Eng & People, Inc. v. Carson*, 35 N.C. App. 299, 241 S.E.2d 401 (1978); *State v. Charlotte Liberty Mut. Ins. Co.*, 39 N.C. App. 557, 251 S.E.2d 867, aff’d, 298 N.C. 270, 258 S.E.2d 343 (1979).

The advance of money or anything of value to a political candidate by a corporation, labor union or business entity constitutes an illegal contribution or expenditure within

the meaning of this section. *Louchheim, Eng & People, Inc. v. Carson*, 35 N.C. App. 299, 241 S.E.2d 401 (1978).

Contributions by Insurance Companies to Appreciation Breakfast for Newly Re-elected Insurance Commissioner. — Summons drawn under G.S. 163-270 and this section failed sufficiently to charge of offense within the ambit of these sections where insur-

ance companies made contributions of money for an appreciation breakfast for the Commissioner of Insurance after his reelection. *State v. Charlotte Liberty Mut. Ins. Co.*, 39 N.C. App. 557, 251 S.E.2d 867, aff'd, 298 N.C. 270, 258 S.E.2d 343 (1979).

§ 163-278.19A. Contributions allowed.

Notwithstanding any other provision of this Chapter, it is lawful for any person as defined in G.S. 163-278.6(13) to contribute to a referendum committee. (1979, c. 1073, s. 7.)

Legal Periodicals. — For survey of 1979 administrative law, see 58 N.C.L. Rev. 1185 (1980).

§ 163-278.19B. Political party headquarters building funds.

Notwithstanding the provisions of G.S. 163-278.19, a person prohibited by that section from making a contribution may donate to political parties and political parties may accept from such a person money and other things of value donated to a political party headquarters building fund. Donations to the political party headquarters building fund shall be subject to all the following rules:

- (1) The donations solicited and accepted are designated to the political party headquarters building fund.
- (2) Potential donors to that fund are advised that all donations will be exclusively for the political party headquarters building fund.
- (3) The political party establishes a separate segregated bank account into which shall be deposited only donations for the political party headquarters building fund from persons prohibited by G.S. 163-278.19 from making contributions.
- (4) The donations deposited in the separate segregated bank account for the political party headquarters building fund will be spent only to purchase a headquarters building, to construct a headquarters building, to renovate a headquarters building, to pay a mortgage on a headquarters building, or to repay donors if a headquarters building is not purchased, constructed, or renovated. Donations deposited into that account shall not be used for headquarters rent, utilities, or equipment other than fixtures.
- (5) The political party executive committee shall report donations to and spending by a political party headquarters building fund on every report required to be made by G.S. 163-278.9. If a committee is excused from making general campaign finance reports under G.S. 163-278.10A, that committee shall nonetheless report donations in any amount to and spending in any amount by the political party headquarters building fund at the times required for reports in G.S. 163-278.9.

If all the criteria set forth in subdivisions (1) through (5) of this section are complied with, then donations to and spending by a political party headquarters building fund do not constitute contributions or expenditures as defined in G.S. 163-278.6. If those criteria are complied with, then donations may be made to a political party headquarters building fund. (1999-426, s. 9(a).)

§ **163-278.20:** Repealed by Session Laws 2006-195, s. 2, effective January 1, 2007, and applicable to all contributions made and accepted on and after that date.

Editor's Note. — Session Laws 2006-195, s. 9, provides, in part, that: "The repeal of G.S. 163-278.20 is not effective retroactively and shall not be deemed to render lawful or unlawful any action occurring before its effective date."

§ **163-278.21. Promulgation of policy and administration through State Board of Elections.**

The State Board of Elections shall empower the Executive Director with the responsibility for the administrative operations required to administer this Article and may delegate or assign to him such other duties from time to time by regulations or orders of the State Board of Elections. (1973, c. 1272, s. 1; 1975, c. 798, s. 7; 1999-453, s. 5(c); 2001-319, s. 11.)

Venue. — This section is a legislative determination that the crime of violating any section of this Article, when committed by an individual other than a candidate, is committed where the individual resides. Thus, venue lies solely in the county, subject only to defendant's right to move for a change of venue. *State v. Bolt*, 81 N.C. App. 133, 344 S.E.2d 51 (1986).

§ 163-278.28. Issuance of injunctions; special prosecutors named.

(a) The superior courts of this State shall have jurisdiction to issue injunctions or grant any other equitable relief appropriate to enforce the provisions of this Article upon application by any registered voter of the State.

(b) If the Board makes a report to a district attorney under G.S. 163-278.27 and no prosecution is initiated within 45 days after the report is made, any registered voter of the prosecutorial district to whose district attorney a report has been made, or any board of elections in that district, may, by verified affidavit, petition the superior court for that district for the appointment of a special prosecutor to prosecute the individuals or persons who have or who are believed to have violated any section of this Article. Upon receipt of a petition for the appointment of a special prosecutor, the superior court shall issue an order to show cause, directed at the individuals or persons alleged in the petition to be in violation of this Article, why a special prosecutor should not be appointed. If there is no answer to the order, the court shall appoint a special

prosecutor. If there is an answer, the court shall hold a hearing on the order, at which both the petitioning and answering parties may be heard, to determine whether a prima facie case of a violation and failure to prosecute exists. If there is such a prima facie case, the court shall so find and shall thereupon appoint a special prosecutor to prosecute the alleged violators. The special prosecutor shall take the oath required of assistant district attorneys by G.S. 7A-63, shall serve as an assistant district attorney pro tem of the appropriate district, and shall prosecute the alleged violators. Those reports shall be filed with the Board at the times required by that act. The Board shall, with respect to those reports, have the following duties only:

- (1) To receive and maintain in an orderly manner all reports and statements required to be filed with it;
- (2) To preserve reports and statements filed under the Federal Election Campaign Act. Such reports and statements, after a period of two years following the election year, may be transferred to the Depart-

- (4) To compile and maintain a current list of all statements or parts of statements pertaining to each candidate.

A certification under this Article shall be treated as under oath, and any person making a certification under this Article knowing the information to be untrue is guilty of a Class I felony. (1973, c. 1272, s. 1; 1999-426, s. 10(a); 2001-235, s. 1; 2007-391, s. 1(a).)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

§ **163-278.33. Applicability of Article 22.**

Sections 163-271 through 163-278 shall be applicable to the offices covered by this Article and G.S. 163-271 through 163-278 shall be applicable to all elective offices not covered by this Article. (1973, c. 1272, s. 3; 1975, c. 50; c. 565, s. 10; 2002-159, s. 21(f).)

Cross References. — As to offices covered by this Article, see G.S. 163-278.6, subdivision (18).

§ **163-278.34. Civil penalties.**

(a) Civil Penalties for Late Filing. — Except as provided in G.S. 163-278.9 and G.S. 163-278.9A, all reports, statements or other documents required by this Article to be filed with the Board shall be filed either by manual delivery to or by mail addressed to the Board. Timely filing shall be complete if

postmarked on the day the reports, statements or other documents are to be delivered to the Board. If a report, statement or other document is not filed within the time required by this Article, then the individual, person, media, candidate, political committee, referendum committee or treasurer responsible for filing shall pay to the State Board of Elections election enforcement costs and a civil late penalty as follows:

- (1) Two hundred fifty dollars (\$250.00) per day for each day the filing is late for a report that affects statewide elections, not to exceed a total of ten thousand dollars (\$10,000); and
- (2) Fifty dollars (\$50.00) per day for each day the filing is late for a report that affects only nonstatewide elections, not to exceed a total of five hundred dollars (\$500.00).

If the form is filed by mail, no civil late penalty shall be assessed for any day after the date of postmark. No civil late penalty shall be assessed for any day when the Board office at which the report is due is closed. The State Board shall immediately notify, or cause to be notified, late filers, from which reports are apparently due, by mail, of the penalties under this section. The State Board of Elections may waive a late penalty if it determines there is good cause for the waiver.

If the Board determines by clear and convincing evidence that the late filing constitutes a willful attempt to conceal contributions or expenditures, the Board may assess a civil penalty in an amount to be determined by that Board, plus the costs of investigation, assessment, and collection. The civil penalty shall not exceed three times the amount of the contributions and expenditures willfully attempted to be concealed.

(b) Civil Penalties for Illegal Contributions and Expenditures. — If an individual, person, political committee, referendum committee, candidate, or other entity intentionally makes or accepts a contribution or makes an unlawful expenditure in violation of this Article, then that entity shall pay to the State Board of Elections, in an amount to be determined by that Board, a civil penalty and the costs of investigation, assessment, and collection. The civil penalty shall not exceed three times the amount of the unlawful contribution or expenditure involved in the violation. The State Board of Elections may, in addition to the civil penalty, order that the amount unlawfully received be paid to the State Board by check, and any money so received by the State Board shall be deposited in the Civil Penalty and Forfeiture Fund of North Carolina.

(c) Civil Remedies Other Than Penalties. — The State Board of Elections, in lieu of or in addition to imposing a civil penalty under subsection (a) or (b) of this section, may take one or more of the following actions with respect to a violation for which a civil penalty could be imposed:

- (1) Issue an order requiring the violator to cease and desist from the violation found.
- (2) Issue an order to cease receiving contributions and making expenditures until a delinquent report has been filed and any civil penalty satisfied.
- (3) Issue an order requiring the violator to take any remedial action deemed appropriate by the Board.
- (4) Issue an order requiring the violator to file any report, statement, or other information as required by this Article or the rules adopted by the Board.
- (5) Publicly reprimand the violator for the violation.

(d) Facts in Mitigation. — An individual or other entity notified that a penalty has been assessed against it may submit an affidavit to the State Board of Elections stating the facts in mitigation. The State Board of Elections may waive a civil penalty in whole or in part if it determines there is good cause for the waiver.

(e) Calculation and Assessment. — The State Board shall calculate and assess the amount of the civil penalty due under subsection (a) or (b) of this section and shall notify the person who is assessed the civil penalty of the amount. The notice of assessment shall be served by any means authorized under G.S. 1A-1, Rule 4, and shall direct the violator either to pay the assessment or to contest the assessment within 30 days by filing a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. If a violator does not pay a civil penalty assessed by the Board within 30 days after it is due, the Board shall request the Attorney General to institute a civil action to recover the amount of the assessment. The civil action may be brought in the superior court of any county where the report was due to be filed or any county where the violator resides or maintains an office. A civil action must be filed within three years of the date the assessment was due. An assessment that is not contested is due when the violator is served with a notice of assessment. An assessment that is contested is due at the conclusion of the administrative and judicial review of the assessment. The State Board of Elections shall pay the clear proceeds of civil penalties collected under this section to the Civil Penalty and Forfeiture Fund pursuant to G.S. 115C-457.2. The State Board of Elections shall reduce the monies collected by the enforcement costs and the collection costs to determine the clear proceeds payable to the Civil Penalty and Forfeiture Fund. Monies set aside for the costs of enforcement and the costs of collection shall be credited to accounts of the State Board of Elections.

(f) Notifying and Consulting With District Attorney. — Before assessing a civil penalty under subsection (b) of this section or imposing a civil remedy under subsection (c) of this section, the State Board of Elections shall notify and consult with the district attorney who would be responsible under G.S. 163-278.27 for bringing a criminal prosecution concerning the violation. (1973, c. 1272, s. 1; 1975, c. 565, s. 5; 1979, c. 1073, s. 19; 1997-515, s. 7(a); 2001-353, s. 10; 2001-419, s. 1; 2007-391, ss. 2(a), 37.)

Editor's Note. — Session Laws 2007-391, s. 1(c), provides: "This act becomes effective December 1, 2007, and applies to offenses committed on or after that date."

Session Laws 2007-391, s. 39, provides: "Except as otherwise provided in this act, this act is effective when it becomes law [August 19, 2007]."

Effect of Amendments. — Session Laws 2007-391, s. 2(a), effective August 19, 2007, and

applicable to all offenses committed on or after that date, added the last paragraph in subsection (2).

Session Laws 2007-391, s. 37, in subsection (b), added "and Expenditures" in the subsection catchline, and inserted "or makes an unlawful expenditure" following "accepts a contribution" in the first sentence. For effective date, see Editor's Notes.

- (6) "Political party organization" means any political party executive committee or any political committee that operates under the direction of a political party executive committee or political party chair.
- (7) "Print media" means billboards, cards, newspapers, newspaper inserts, magazines, mass mailings, pamphlets, fliers, periodicals, and outdoor advertising facilities. A "mass mailing" is a mailing with more than 500 pieces.
- (8) "Radio" means any radio broadcast station that is subject to the provisions of 47 U.S.C. §§ 315 and 317.
- (9) "Scan line" means a standard term of measurement used in the electronic media industry calculating a certain area in a television advertisement.

Editor's Note. — This section was originally enacted by Session Laws 1999-453, s. 2(a), as G.S. 163-278.39B and was recodified as this section by Session Laws 2004-203, s. 12(a).

Subdivisions (5) to (7) were redesignated in alphabetical order at the direction of the Revisor of Statutes.

§ 163-278.39. Basic disclosure requirements for all political campaign advertisements.

(a) **Basic Requirements.** — It shall be unlawful for any sponsor to sponsor an advertisement in the print media or on radio or television that constitutes an expenditure or contribution required to be disclosed under this Article unless all the following conditions are met:

- (1) It bears the legend or includes the statement: "Paid for by _____ [Name of candidate, candidate campaign committee, political party organization, political action committee, referendum committee, individual, or other sponsor]." In television advertisements, this disclosure shall be made by visual legend.
- (2) The name used in the labeling required in subdivision (1) of this subsection is the name that appears on the statement of organization as required in G.S. 163-278.7(b)(1).
- (3) Repealed by Session Laws 2001-353, s. 5, effective August 10, 2001.
- (4) The sponsor states in the advertisement its position for or against a ballot measure, provided that this subdivision applies only if the advertisement is made for or against a ballot measure.
- (5) In a print media advertisement supporting or opposing the nomination or election of one or more clearly identified candidates, the sponsor states whether it is authorized by a candidate. The visual legend in the advertisement shall state either "Authorized by [name of candidate], candidate for [name of office]" or "Not authorized by a candidate." This subdivision does not apply if the sponsor of the advertise-

ment is the candidate the advertisement supports or that candidate's campaign committee.

- (6) In a print media advertisement that identifies a candidate the sponsor is opposing, the sponsor discloses in the advertisement the name of the candidate who is intended to benefit from the advertisement. This subdivision applies only when the sponsor coordinates or consults about the advertisement or the expenditure for it with the candidate who is intended to benefit.

If an advertisement described in this section is jointly sponsored, the disclosure statement shall name all the sponsors.

(b) **Size Requirements.** — In a print media advertisement covered by subsection (a) of this section, the height of all disclosure statements required by that subsection shall constitute at least five percent (5%) of the height of the printed space of the advertisement, provided that the type shall in no event be less than 12 points in size. In an advertisement in a newspaper or a newspaper insert, the total height of the disclosure statement need not constitute five percent of the printed space of the advertisement if the type of the disclosure statement is at least 28 points in size. If a single advertisement consists of multiple pages, folds, or faces, the disclosure requirement of this section applies only to one page, fold, or face. In a television advertisement covered by subsection (a) of this section, the visual disclosure legend shall constitute 32 scan lines in size. In a radio advertisement covered by subsection (a) of this section, the disclosure statement shall last at least two seconds, provided the statement is spoken so that its contents may be easily understood.

(c) **Misrepresentation of Authorization.** — Notwithstanding G.S. 163-278.27(a), any candidate, candidate campaign committee, political party organization, political action committee, referendum committee, individual, or other sponsor making an advertisement in the print media or on radio or television bearing any legend required by subsection (a) of this section that misrepresents the sponsorship or authorization of the advertisement is guilty of a Class 1 misdemeanor. (1999-453, s. 2(a); 2001-317, s. 1; 2001-353, s. 5.)

Editor's Note. — Session Laws 1999-453, s. 1, provides that the act shall be known as "The Campaign Reform Act of 1999."

Session Laws 1999-453, s. 10, provides that prosecutions for, or sentences based on, offenses occurring before the relevant effective date in this act [January 1, 2000] are not

abated or affected by this act, and the statutes that would be applicable to those prosecutions or sentences but for the provisions of this act remain applicable to those prosecutions or sentences.

Session Laws 1999-453, s. 11, contains a severability clause.

CASE NOTES

"For-or-Against Requirement" Possibly Unconstitutional. — The plaintiff, a tax-exempt nonprofit membership corporation which claimed that requiring any advertisement to state whether the sponsor was for or against the candidate constituted coerced speech, was entitled to injunctive relief; this section's "for-or-against requirement" compelling political speech that an advertisement sponsor might otherwise wish to avoid placed a content-based

restraint on core political speech while adding little to the public's knowledge, where the "sponsors" already had to identify themselves, and the requirement's nexus with the State's informational interest was so weak that it was unlikely to withstand exacting scrutiny. *North Carolina Right To Life, Inc. v. Leake*, 108 F. Supp. 2d 498, 2000 U.S. Dist. LEXIS 12164 (E.D.N.C. 2000), decided prior to the repeal of subdivision (a)(3) in 2001.

§ 163-278.39A. Disclosure requirements for television and radio advertisements supporting or opposing the nomination or election of one or more clearly identified candidates.

(a) Expanded Disclosure Requirements. — Any political campaign advertisement on radio or television shall comply with the expanded disclosure requirements set forth in this section. To the extent that it provides the same information required by G.S. 163-278.39, a statement made pursuant to this section satisfies the requirements of G.S. 163-278.39 for the same advertisement.

(b) Disclosure Requirements for Television. —

- (1) Candidate advertisements on television. — Television advertisements purchased by a candidate or by a candidate campaign committee supporting or opposing the nomination or election of one or more clearly identified candidates shall include a disclosure statement spoken by the candidate and containing at least the following words: “I am (or “This is_____”) [name of candidate], candidate for [name of office], and I (or “my campaign_____”) sponsored this ad.” This subdivision applies only to an advertisement that mentions the name of, shows the picture of, transmits the voice of, or otherwise refers to an opposing candidate for the same office as the sponsoring candidate.
- (2) Political party advertisements on television. — Television advertisements purchased by a political party organization supporting or opposing the nomination or election of one or more clearly identified candidates shall include a disclosure statement spoken by the chair, executive director, or treasurer of the political party organization and containing at least the following words: “The [name of political party organization] sponsored this ad opposing/supporting [name of candidate] for [name of office].” The disclosed name of the political party organization shall include the name of the political party as it appears on the ballot.
- (3) Political action committee advertisements on television. — Television advertisements purchased by a political action committee supporting or opposing the nomination or election of one or more clearly identified candidates shall include a disclosure statement spoken by the chief executive officer or treasurer of the political action committee and containing at least the following words: “The [name of political action committee] political action committee sponsored this ad opposing/supporting [name of candidate] for [name of office].” The name of the political action committee used in the advertisement shall be the name that appears on the statement of organization as required in G.S. 163-278.7(b)(1).
- (4) Advertisements on television by an individual. — Television advertisements purchased by an individual supporting or opposing the nomination or election of one or more clearly identified candidates shall include a disclosure statement spoken by the individual and containing at least the following words: “I am [individual’s name], and I sponsored this advertisement opposing/supporting [name of candidate] for [name of office].”
- (5) Advertisements on television by another sponsor. — Television advertisements purchased by a sponsor other than a candidate, a candidate campaign committee, a political party organization, a political action committee, or an individual which supports or opposes the nomination or election of one or more clearly identified candidates shall include a disclosure statement spoken by the chief executive or principal

decision maker of the sponsor and containing at least the following words: “[Name of sponsor] sponsored this ad.”

- (6) All advertisements on television. — In any television advertisement described in subdivisions (1) through (4) of this subsection, an unobscured, full-screen picture containing the disclosing individual, either in photographic form or through the actual appearance of the disclosing individual on camera, shall be featured throughout the duration of the disclosure statement.
- (c) Disclosure Requirements for Radio. —
- (1) Candidate advertisements on radio. — Radio advertisements purchased by a candidate or by a candidate campaign committee supporting or opposing the nomination or election of one or more clearly identified candidates shall include a disclosure statement spoken by the candidate and containing at least the following words: “I am (or “This is_____”) [name of candidate], candidate for [name of office], and this ad was paid for (or “sponsored” or “furnished”) by [name of candidate campaign committee that paid for the advertisement].” This subdivision applies only to an advertisement that mentions the name of, transmits the voice of, or otherwise refers to an opposing candidate for the same office as the sponsoring candidate.

Financing Fund.*

§ 163-278.41. Appropriations in general election years and other years.

(a) Following the conclusion of the last primary or nominating convention held by a political party in a general election year in which a presidential election is held, the State chair of that political party may apply to the State Board of Elections (State Board) for the disbursement of all funds deposited with the State Treasurer on behalf of that party in the North Carolina Political Parties Financing Fund (Political Parties Fund) to be administered by the State Board of Elections and in which shall be placed money contributed by taxpayers, as provided in G.S. 105-159.1. If the regular date set for a primary in G.S. 163-1 or nominating convention in G.S. 163-98 is temporarily postponed for one election year, the State party chair may apply for the disbursement after the regular date set in those sections for that party's primary or convention, even though the primary has not occurred under the temporary schedule. Upon receipt of that application, the State Board shall forthwith, and every 30 days thereafter, pay over to said chairman all funds currently held by the State Treasurer on behalf of that chair's political party, but provided that all such payments shall cease 30 days after the State Board of Elections has certified all of the results of the general election to the Secretary of State. Upon receipt of that application, the State Board shall pay over to the chair all funds currently held by the State Treasurer in the "Presidential Election Year Candidates Fund" of that party, which funds shall be allocated and disbursed during the presidential election year by the same procedure as the funds received from the Political Parties Fund are allocated. Any remaining funds of the political party in the hands of the State Treasurer shall thereafter be held by the State Treasurer until eligible for distribution pursuant to this section.

(b) Following the conclusion of the last primary or nominating convention held by a political party in a general election year in which there is not a presidential election, the State chair of the political party may apply to the State Board for the disbursement of all funds deposited on behalf of such party in the Political Parties Fund. If the regular date set for a primary in G.S. 163-1 or nominating convention in G.S. 163-98 is temporarily postponed for one election year, the State party chair may apply for the disbursement after the regular date set in those sections for that party's primary or convention, even though the primary has not occurred under the temporary schedule. Upon receipt of such application, the State Board shall forthwith, and every 30 days thereafter, pay over to said chairman all funds currently held by the State Treasurer on behalf of that chair's political party provided that all such payments to the chairman shall cease 30 days after the State Board of Elections has certified all of the results of the general election. Any remaining funds of the political party in the hands of the State Treasurer shall thereafter be held by the State Treasurer until eligible for distribution pursuant to this section.

(c) In each year in which no general election is held, each State chair of a political party on behalf of which funds have been deposited in the Political Parties Fund may, on or between August 1 and September 1 thereof, apply to the State Board for payment of an amount not to exceed fifty percent (50%) of the then available funds credited to the account of that party. Upon receipt of such application, the State Board shall pay over to that State chair an amount

not to exceed fifty percent (50%) of the then available funds credited to the account of that party. Additionally and upon receipt of that application, the State Board shall direct the State Treasurer to place fifty percent (50%) of those available funds in a separate interest bearing account to be known as the "Presidential Election Year Candidates Fund of the (name of the party) Party" to be disbursed in accord with the provisions of subsection (a) above. Any remaining funds of the political party in the hands of the State Treasurer shall thereafter be held by the State Treasurer until eligible for distribution by the State Board pursuant to this section. Any interest earned on the funds deposited in such Presidential Election Year Campaign Fund shall be credited thereto. (1977, 2nd Sess., c. 1298, s. 2; 1983, c. 700, s. 5; 1987 (Reg. ARTICLE 22D.

The North Carolina Public Campaign Fund.

§ 163-278.61. Purpose of the North Carolina Public Campaign Fund.

The purpose of this Article is to ensure the fairness of democratic elections in North Carolina and to protect the constitutional rights of voters and candidates from the detrimental effects of increasingly large amounts of money being raised and spent to influence the outcome of elections, those effects being especially problematic in elections of the judiciary, since impartiality is uniquely important to the integrity and credibility of the courts. Accordingly, this Article establishes the North Carolina Public Campaign Fund as an alternative source of campaign financing for candidates who demonstrate public support and voluntarily accept strict fund-raising and spending limits. This Article is available to candidates for justice of the Supreme Court and judge of the Court of Appeals in elections to be held in 2004 and thereafter. (2002-158, s. 1; 2005-276, s. 23A.1(d).)

Editor’s Note. — Session Laws 2002-158, s. 15, contains a severability clause. Session Laws 2002-158, s. 15.1, states that nothing in this act obligates the General As-

sembly to appropriate funds to implement the provisions of the act now or in the future.
Session Laws 2002-158, s. 16, made this

Article effective October 10, 2002, provided that distributions from the Fund shall begin in the 2004 election year.

(a) Establishment of Fund. — The North Carolina Public Campaign Fund is established to finance the election campaigns of certified candidates for office and to pay administrative and enforcement costs of the Board related to this Article. The Fund is a special, dedicated, nonlapsing, nonreverting fund. All expenses of administering this Article, including production and distribution of the Voter Guide required by G.S. 163-278.69 and personnel and other costs incurred by the Board, including public education about the Fund, shall be paid from the Fund and not from the General Fund. (c) Determination of Fund Amount. — By October 1, 2003, and every two years thereafter, the Board, in conjunction with the Advisory Council for the Public Campaign Financing Fund, shall prepare and provide to the Joint Legislative Commission on Governmental Operations of the General Assembly a report documenting, evaluating, and making recommendations relating to the administration, implementation, and enforcement of this Article. In its report, the Board shall set out the funds received to date and the expected needs of the Fund for the next election. (2002-158, s. 1; 2005-276, s. 23A.1 (c), (d); 2006-192, s. 14.1.)

Editor’s Note. — Session Laws 2005-276, s. 1.2, provides: “This act shall be known as the ‘Current Operations and Capital Improvements Appropriations Act of 2005’.”

Session Laws 2005-276, s. 46.5 is a severability clause.

Effect of Amendments. — Session Laws 2005-276, s. 23A.1(c), effective January 1, 2006, and applicable to the membership fees due for 2006, and s. 23A.1(d), effective July 1, 2005, substituted “Public Campaign Fund” for “Public Campaign Financing Fund” in the section

heading and throughout the section; repealed subdivision (b)(3); and added subdivision (b)(7). Session Laws 2006-192, s. 14.1, effective Au-

gust 3, 2006, inserted "including public education about the Fund," in the last sentence of subsection (a).

§ 163-278.64. Requirements for participation; certification of candidates.

(a) Declaration of Intent to Participate. — Any individual choosing to receive campaign funds from the Fund shall first file with the Board a declaration of intent to participate in the act as a candidate for a stated office. The declaration of intent shall be filed before or during the qualifying period and before collecting any qualifying contributions. In the declaration, the candidate shall swear or affirm that only one political committee, identified with its treasurer, shall handle all contributions, expenditures, and obligations for the participating candidate and that the candidate will comply with the contribution and expenditure limits set forth in subsection (d) of this section and all other requirements set forth in this Article or adopted by the Board. Failure to comply is a violation of this Article.

(b) Demonstration of Support of Candidacy. — Participating candidates who seek certification to receive campaign funds from the Fund shall first, during the qualifying period, obtain qualifying contributions from at least 350 registered voters in an aggregate sum that at least equals the amount of minimum qualifying contributions described in G.S. 163-278.62(10) but that does not exceed the amount of maximum qualifying contributions described in G.S. 163-278.62(9).

No payment, gift, or anything of value shall be given in exchange for a qualifying contribution.

(c) Certification of Candidates. — Upon receipt of a submittal of the record of demonstrated support by a participating candidate, the Board shall determine whether or not the candidate has complied with all the following requirements:

- (1) Signed and filed a declaration of intent to participate in this Article.
- (2) Submitted a report itemizing the appropriate number of qualifying contributions received from registered voters, which the Board shall verify through a random sample or other means it adopts. The report shall include the county of residence of each registered voter listed.
- (3) Filed a valid notice of candidacy pursuant to Article 25 of this Chapter.
- (4) Otherwise met the requirements for participation in this Article.

The Board shall certify candidates complying with the requirements of this section as soon as possible and no later than five business days after receipt of a satisfactory record of demonstrated support.

(d) Restrictions on Contributions and Expenditures for Participating and Certified Candidates. — The following restrictions shall apply to contributions and expenditures with respect to participating and certified candidates:

- (1) Beginning January 1 of the year before the election and before the filing of a declaration of intent, a candidate for office may accept in contributions up to ten thousand dollars (\$10,000) from sources and in amounts permitted by Article 22A of this Chapter and may expend up to ten thousand dollars (\$10,000) for any campaign purpose. A candidate who exceeds either of these limits shall be ineligible to file a declaration of intent or receive funds from the Public Campaign Fund.
- (2) From the filing of a declaration of intent through the end of the qualifying period, a candidate may accept only qualifying contributions, contributions under ten dollars (\$10.00) from North Carolina voters, and personal and family contributions permitted under sub-

division (4) of this subsection. The total contributions the candidate may accept during this period shall not exceed the maximum qualifying contributions for that candidate. In addition to these contributions, the candidate may only expend during this period the remaining money raised pursuant to subdivision (1) of this subsection and possible matching funds received pursuant to G.S. 163-278.67.

- (3) After the qualifying period and through the date of the general election, the candidate shall expend only the funds the candidate receives from the Fund pursuant to G.S. 163-278.65(b)(4) plus any funds remaining from the qualifying period and possible matching funds.
- (4) During the qualifying period, the candidate may contribute up to one thousand dollars (\$1,000) of that candidate's own money to the campaign. Debt incurred by the candidate for a campaign expenditure shall count toward that limit. The candidate may accept in contributions one thousand dollars (\$1,000) from each member of that candidate's family consisting of spouse, parent, child, brother, and sister.
- (5) A candidate and the candidate's committee shall limit the use of all revenues permitted by this subsection to expenditures for campaign-related purposes only. The Board shall publish guidelines outlining permissible campaign-related expenditures. In establishing those guidelines, the Board shall differentiate expenditures that reasonably further a candidate's campaign from expenditures for personal use that would be incurred in the absence of the candidacy. In establishing the guidelines, the Board shall review relevant provisions of G.S. 163-278.42(e), the Federal Election Campaign Act, and rules adopted pursuant to it, and similar provisions in other states.
- (6) Any contribution received by a participating or certified candidate that falls outside that permitted by this subsection shall be returned to the donor as soon as practicable. Contributions intentionally made, solicited, or accepted in violation of this Article are subject to civil penalties as specified in G.S. 163-278.70. The funds involved shall be forfeited to the Civil Penalty and Forfeiture Fund.
- (7) A candidate shall return to the Fund any amount distributed for an election that is unspent and uncommitted at the date of the election, or at the time the individual ceases to be a certified candidate, whichever occurs first. For accounting purposes, all qualifying, personal, and family contributions shall be considered spent before revenue from the Fund is spent or committed.

(e) Revocation. — A candidate may revoke, in writing to the Board, a decision to participate in the Public Campaign Fund at any time before the deadline set by the Board for the candidate's submission of information for the Voter Guide described in G.S. 163-278.69. After a timely revocation, that candidate may accept and expend outside the limits of this Article without violating this Article. Within 10 days after revocation, a candidate shall return to the Board all money received from the Fund. (2002-158, s. 1; 2004-203, s. 60; 2005-276, s. 23A.1(d); 2005-430, ss. 4, 5; 2007-510, s. 1(c).)

Effect of Amendments. — Session Laws 2007-510, s. 1, effective August 30, 2007, substituted "matching" for "rescue" in subdivisions (d)(2) and (d)(3).

§ 163-278.64A. Special participation provisions for candidates in vacancy elections.

(a) Participation Provisions Modified. — Candidates involved in elections described in G.S. 163-329 may participate in the Fund subject to the provisions

of G.S. 163-278.64 as modified by this section. The Board shall adapt other provisions of this Article, including G.S. 163-278.67, to those elections.

(b) Qualifying. — The State Board of Elections shall designate a special qualifying period of no less than four weeks for these candidates, beginning at the close of the notice-of-candidacy filing period. To receive certification, a participating candidate shall raise at least 225 qualifying contributions, totaling at least 20 times the amount of the filing fee for the office, for a four-week qualifying period. If the State Board of Elections sets a longer qualifying period, then for each additional week that the qualifying period extends beyond four weeks, the minimum number of qualifying contributions required for certification shall increase by 25, and the minimum amount of the qualifying contributions shall increase by two times the filing fee. The minimum qualifying contributions shall not exceed the limit set by G.S. 163-278.64(b).

(c) Allocations. — Certified candidates shall receive one percent (1%) of the funding to which they would be eligible under G.S. 163-278.65 times the number of calendar days between the end of the special qualifying period and the day of the general election. That amount shall not exceed one hundred percent (100%) of the funding to which they would be eligible under G.S. 163-278.65. (2006-192, s. 10.)

Editor's Note. — Session Laws 2006-192, s. 19, made this section effective August 3, 2006.

§ 163-278.65. Distribution from the Fund.

(a) Timing of Fund Distribution. — The Board shall distribute to a certified candidate revenue from the Fund in an amount determined under subdivision (b)(4) of this section within five business days after the certified candidate's name is approved to appear on the ballot in a contested general election, but no earlier than five business days after the primary.

(b) Amount of Fund Distribution. — By August 1, 2003, and no less frequently than every two years thereafter, the Board shall determine the amount of funds, rounded to the nearest one hundred dollars (\$100.00), to be distributed to certified candidates as follows:

- (1) Uncontested primaries. — No funds shall be distributed.
- (2) Contested primaries. — No funds shall be distributed except as provided in G.S. 163-278.67.
- (3) Uncontested general elections. — No funds shall be distributed.
- (4) Contested general elections. — Funds shall be distributed to a certified candidate for a position on the Court of Appeals in an amount equal to 125 times the candidate's filing fee as set forth in G.S. 163-107. Funds shall be distributed to a certified candidate for a position on the Supreme Court in an amount equal to 175 times the candidate's filing fee as set forth in G.S. 163-107.

(c) Method of Fund Distribution. — The Board, in consultation with the State Treasurer and the State Controller, shall develop a rapid, reliable method of conveying funds to certified candidates. In all cases, the Board shall distribute funds to certified candidates in a manner that is expeditious, ensures accountability, and safeguards the integrity of the Fund. If the money in the Fund is insufficient to fully fund all certified candidates, then the available money shall be distributed proportionally, according to each candidate's eligible funding, and the candidate may raise additional money in the same manner as a noncertified candidate for the same office up to the unfunded amount of the candidate's eligible funding. (2002-158, s. 1; 2006-192, s. 11.)

Effect of Amendments. — Session Laws 2006-192, s. 11, effective August 3, 2006, substituted “funding, and the candidate may raise additional money in the same manner as a noncertified candidate for the same office up to the unfunded amount of the candidate’s eligible funding.” for “funding.” at the end of the last sentence of subsection (c).

§ 163-278.66. Reporting requirements.

(a) Reporting by Participating and Certified Candidates. — Any noncertified candidate with a certified opponent shall report total income, expenses, and obligations to the Board by facsimile machine or electronically within 24 hours after the total amount of campaign expenditures or obligations made, or funds raised or borrowed, exceeds eighty percent (80%) of the trigger for matching funds as defined in G.S. 163-278.62(18). Any entity making independent expenditures in support of or opposition to a certified candidate or in support of a candidate opposing a certified candidate, or paying for electioneering communications, referring to one of those candidates, shall report the total funds received, spent, or obligated for those expenditures or payments to the Board by facsimile machine or electronically within 24 hours after the total amount of expenditures or obligations made, or funds raised or borrowed, for the purpose of making the independent expenditures or electioneering communications exceeds five thousand dollars (\$5,000). After this 24-hour filing, the noncertified candidate or other reporting entity shall comply with an expedited reporting schedule by filing additional reports after receiving each additional amount in excess of one thousand dollars (\$1,000) or after making or obligating to make each additional expenditure(s) or payment(s) in excess of one thousand dollars (\$1,000). The schedule and forms for reports required by this subsection shall be made according to procedures developed by the Board.

(b) Reporting by Participating and Certified Candidates. — Notwithstanding other provisions of law, participating and certified candidates shall report any money received, including all previously unreported qualifying contributions, all campaign expenditures, obligations, and related activities to the Board according to procedures developed by the Board. A certified candidate who ceases to be certified or ceases to be a candidate or who loses an election shall file a final report with the Board and return any unspent revenues received from the Fund. In developing these procedures, the Board shall utilize existing campaign reporting procedures whenever practical.

(c) Timely Access to Reports. — The Board shall ensure prompt public access to the reports received in accordance with this Article. The Board may utilize electronic means of reporting and storing information. (2002-158, s. 1; 2003-278, s. 2; 2006-192, s. 12; 2007-510, ss. 1(a), 1(c).)

Effect of Amendments. — Session Laws 2006-192, s. 12, effective August 3, 2006, in the second sentence of subsection (a), deleted “in excess of three thousand dollars (\$3,000)” following “Any entity making independent expenditures”, and substituted “five thousand dollars (\$5,000)” for “fifty percent (50%) of the trigger for rescue funds.”

Session Laws 2007-510, ss. 1(a) and 1(c), effective August 30, 2007, in subsection (a), substituted “matching” for “rescue,” inserted “or paying for electioneering communications, referring to one of those candidates,” inserted “or payments” following “those expenditures,” inserted “or electioneering communications” following “independent expenditures,” substituted “other reporting” for “independent expenditure,” and inserted “or payment(s)” following “additional expenditure(s).”

§ 163-278.67. Matching funds.

(a) When Matching Funds Become Available. — When any report or group of reports shows that “funds in opposition to a certified candidate or in support

of an opponent to that candidate” as described in this section, exceed the trigger for matching funds as defined in G.S. 163-278.62(18), the Board shall issue immediately to that certified candidate an additional amount equal to the reported excess within the limits set forth in this section. “Funds in opposition to a certified candidate or in support of an opponent to that candidate” shall be equal to the sum of subdivisions (1) and (2) as follows:

(1) The greater of the following:

- a. Campaign expenditures or obligations made, or funds raised or borrowed, whichever is greater, reported by any one nonparticipating candidate who is an opponent of a certified candidate. Where a certified candidate has more than one nonparticipating candidate as an opponent, the measure shall be taken from the nonparticipating candidate showing the highest relevant dollar amount.
- b. The funds distributed in accordance with G.S. 163-278.65(b) to a certified opponent of the certified candidate.

(2) The aggregate total of all expenditures and payments reported in accordance with G.S. 163-278.66(a) of entities making independent expenditures or electioneering communications in opposition to the certified candidate or in support of any opponent of that certified candidate.

(b) Limit on Matching Funds in Contested Primary. — Total matching funds to a certified candidate in a contested primary shall be limited to an amount equal to two times the maximum qualifying contributions for the office sought.

(c) Limit on Matching Funds in Contested General Election. — Total matching funds to a certified candidate in a contested general election shall be limited to an amount equal to two times the amount described in G.S. 163-278.65(b)(4).

(d) Determinations by Board. — In the case of electioneering communications, the Board shall determine which candidate, if any, is entitled to receive matching funds as a result of the communication. The Board shall issue matching funds based on the communication only if it ascertains that the communication is susceptible of no reasonable interpretation other than as an appeal to vote for or against a specific candidate. In making its determination, the Board shall not consider evidence external to the communication itself of the intent of the sponsor or the effect of the communication. The Board shall notify each candidate it determines is entitled to receive matching funds based on those communications, the sponsor of those communications, and any candidate who is an opponent of the candidate it determines is entitled to the matching funds. The Board shall give the sponsor of the communication and any opposing candidate an adequate opportunity to rebut the determination of the Board. In considering the rebuttal, all candidates in the race and the sponsor shall be given adequate and equal opportunity to be heard. The Board shall adopt procedures for implementing this subsection, balancing in those procedures adequacy of opportunity to rebut and adequacy and equality of opportunity to be heard on the rebuttal with the need to expedite the decision on awarding matching funds. The Board shall distribute the matching funds, if any, at the conclusion of its process.

(e) Proportional Measuring of Multicandidate Communications. — In calculating the amount of matching funds a certified candidate is eligible to receive under this section, the Board shall include the proportion of expenditures, obligations, or payments for multicandidate communications that pertain to the candidate. (2002-158, s. 1; 2007-510, s. 1(b).)

Editor’s Note. — Session Laws 2007-510, s. 3(a), provides: “There is appropriated from the General Fund to the State Board of Elections for the 2007-2008 fiscal year the sum of twenty-

five thousand dollars (\$25,000) for the implementation of this act.”

Effect of Amendments. — Session Laws 2007-510, s. 1(b), effective August 30, 2007, substituted “Matching” for “Rescue” in the section heading and through the section; substi-

tuted “subdivisions (1) and (2) as follows” for “the following” at the end of the introductory paragraph of subsection (a); rewrote subdivision (a)(1), added subdivisions (a)(1)a. and (a)(1)b., rewrote subdivision (a)(2); and added subsections (d) and (e).

§ 163-278.68. Enforcement and administration.

(a) Enforcement by the Board. — The Board, with the advice of the Advisory Council for the Public Campaign Fund, shall administer the provisions of this Article.

(b) Advisory Council for the Public Campaign Fund. — There is established under the Board the Advisory Council for the Public Campaign Fund to advise the Board on the rules, procedures, and opinions it adopts for the enforcement and administration of this Article and on the funding needs and operation of the Public Campaign Fund. The Advisory Council shall consist of five members to be appointed as follows:

- (1) The Governor shall name two members from a list of individuals nominated by the State Chair of the political party with which the greatest number of registered voters is affiliated. The State Chair of that party shall submit to the Governor the names of five nominees.
- (2) The Governor shall name two members from a list of individuals nominated by the State Chair of the political party with which the second greatest number of registered voters is affiliated. The State Chair of that party shall submit to the Governor the names of five nominees.
- (3) The Board shall name one member by unanimous vote of all members of the Board. If the Board cannot reach unanimity on the appointment of that member, the Advisory Council shall consist of the remaining members.

No individual shall be eligible to be a member of the Advisory Council who would be ineligible to serve on a county board of elections in accordance with G.S. 163-30. The initial members shall be appointed by December 1, 2002. Of the initial appointees, two are appointed for one-year terms, two are appointed for two-year terms, and one is appointed for a three-year term according to random lot. Thereafter, appointees are appointed to serve four-year terms. An individual may not serve more than two full terms, except that regardless of the time of appointment each term shall end on December 31. A member shall continue on the Advisory Council beyond the expired term until a successor is appointed. The appointed members receive the legislative per diem pursuant to G.S. 120-3.1. One of the Advisory Council members shall be elected by the members as Chair. The State Board of Elections will reject any portion of any statement which it determines contains obscene, profane, or defamatory language. The candidate shall have three days to resubmit the candidate statement if the Board rejects a portion of the statement.”
- (c) Disclaimer. — The Judicial Voter Guide shall contain the following statement: “Statements by candidates do not express or reflect the opinions of the State Board of Elections.” (2002-158, s. 1; 2005-276, s. 23A.1(d); 2005-430, s. 6; 2006-192, s. 14; 2007-391, s. 4(a).)

In addition to any fine, for good cause shown, a candidate found in violation of this Article may be required to return to the Fund all amounts distributed to the candidate from the Fund. If the Board makes a determination that a violation of this Article has occurred, the Board shall calculate and assess the amount of the civil penalty and shall notify the entity that is assessed the civil penalty of the amount that has been assessed. The Board shall then proceed in the manner prescribed in G.S. 163-278.34. In determining whether or not a candidate is in violation of this Article, the Board may consider as a mitigating factor any circumstances out of the candidate’s control. (2002-158, s. 1.)

ARTICLE 22J.

The Voter-Owned Elections Act.

§ 163-278.95. Purpose and establishment of Voter-Owned Elections Act.

The purpose of this Article is to ensure the vitality and fairness of democratic elections in North Carolina to the end that any eligible citizen of this State can realistically choose to seek and run for public office. It is also the purpose of this Article to protect the constitutional rights of voters and candidates from the detrimental effects of increasingly large amounts of money being raised and spent in North Carolina to influence the outcome of elections. It is essential to the public interest that the potential for corruption or the appearance of corruption is minimized and that the equal and meaningful participation of all citizens in the democratic process is ensured. Accordingly, this Article establishes the North Carolina Voter-Owned Elections Fund as an alternative source of campaign financing for candidates who obtain a sufficient number of qualifying contributions from registered voters and who voluntarily accept strict fund-raising and spending limits. This Article is available to candidates for the Council of State offices of Auditor, Superintendent of Public Instruction, and Commissioner of Insurance in elections to be held in 2008 and thereafter. (2007-484, s. 43.8(c); 2007-540, s. 1.)

Editor’s Note. — Session Laws 2007-540, s. 6, as amended by Session Laws 2007-484, s. 43.8(c), made this Article effective August 31, 2007, and applicable to elections for Auditor, Superintendent of Public Instruction, and Commissioner of Insurance in 2008 and thereafter.

Session Laws 2007-540, s. 1, enacted Article 22J of Chapter 163, consisting of G.S. 163-278.95 through 163-278.99E. This Article has

been set out to follow Article 22F, consisting of G.S. 163-278.90 through 163-278.94, and to precede Article 22G, consisting of G.S. 163-278.100 through 163-278.109, in order to maintain sequential numerical order, at the direction of the Revisor of Statutes.

Session Laws 2007-540, s. 4, is a severability clause.

§ 163-278.97. Voter-Owned Elections Fund established; sources of funding.

(a) Establishment of Fund. — The North Carolina Voter-Owned Elections Fund is established to finance the election campaigns of certified candidates

for office and to pay administrative and enforcement costs of the Board related to this Article. The Fund is a special, dedicated, nonlapsing, nonreverting fund. Any interest generated by the Fund is credited to the Fund. The Board shall administer the Fund.

(b) Sources of Funding. — Money received from all the following sources must be deposited in the Fund:

- (1) Unspent Fund revenues distributed for an election that remain unspent or uncommitted at the time the recipient is no longer a certified candidate in the election.
- (2) Money ordered returned to the Fund in accordance with G.S. 163-278.99D.
- (3) Money paid to the Fund equal to excess contributions as provided in G.S. 163-278.98(e)(1).

(c) Evaluation and Determination of Fund Amount. — By January 1, 2011, and every four years thereafter, the Board, in conjunction with the Advisory Council established under G.S. 163-278.68(b), shall prepare and provide to the Joint Legislative Commission on Governmental Operations of the General Assembly a report documenting, evaluating, and making recommendations relating to the administration, implementation, and enforcement of this Article. In its report, the Board shall set out the funds received to date and the expected needs of the Fund during the next election cycle and make recommendations about the feasibility of expanding its provisions to include other candidates for State office based on the experience of this Article and the experience of similar programs in North Carolina and other states. The Board shall also evaluate and make recommendations regarding how to address activities that could undermine the purpose of this Article, including spending that appears to target candidates but is not reached by regulation. (2007-484, s. 43.8(c); 2007-540, s. 1.)

Editor's Note. — Session Laws 2007-540, s. 5, provides: "There is appropriated from the General Fund to the State Board of Elections the sum of one million dollars (\$1,000,000) for the 2007-2008 fiscal year and the sum of three million five hundred eighty thousand dollars (\$3,580,000) for the 2008-2009 fiscal year for the implementation of this act."

Session Laws 2007-540, s. 6, as amended by Session Laws 2007-484, s. 43.8(c), provides in part that the State Board of Elections shall make the kind of report required in G.S. 163-278.97(c), as enacted by Session Laws 2007-540, s. 1, as soon as feasible before the 2008 election.

§ 163-278.98. Requirements for participation.

(a) Declaration of Intent to Participate. — Any individual choosing to receive campaign funds from the Fund shall first file with the Board a declaration of intent to participate in the program established by this Article as a candidate for a stated office. The declaration of intent shall be filed before or during the qualifying period and before collecting any qualifying contributions. In the declaration, the candidate shall swear or affirm that only one political committee, identified with its treasurer, shall handle all contributions, campaign-related expenditures, and obligations for the participating candidate and that the candidate will comply with the contribution and expenditure limits set forth in subsection (e) of this section and all other requirements set forth in this Article or adopted by the Board. Failure to comply is a violation of this Article.

(b) Demonstration of Support of Candidacy. — In order to be certified, participating candidates must obtain qualifying contributions from at least 750 registered voters in this State. The qualifying contributions shall be equal

to at least 25 times the amount of the filing fee for the office. No payment, gift, or anything of value shall be given in exchange for a qualifying contribution.

(c) Certification of Candidates. — Upon receipt of a submittal of the record of qualifying contributions by a participating candidate, the Board shall determine whether or not the candidate has:

- (1) Filed a completed declaration of intent to participate in this Article.
- (2) Submitted a report itemizing the appropriate number of qualifying contributions received from registered voters, which the Board shall verify through a random sample or other means it adopts. The report shall include the county of residence of each registered voter listed.
- (3) Filed a notice of candidacy with the State Board of Elections as a candidate for the office.
- (4) Otherwise met the requirements for participation in this Article.

The Board shall certify candidates complying with the requirements of this section as soon as possible and no later than five business days after receipt of a satisfactory record of qualifying contributions.

(d) Final Report for Qualifying Contributions. — No later than five business days after the end of the qualifying period, all participating candidates shall submit a report to the Board of all previously unreported qualifying contributions, in accordance with procedures developed by the Board. Within seven business days after submittal of the final report, the Board shall determine, through a random audit or other means it adopts, whether the contributions abide by the definition of qualifying contributions, whether they must be returned to the donor, and whether they exceed the maximum amount of qualifying contributions.

(e) Restrictions on Contributions and Expenditures for Participating and Certified Candidates. — The following restrictions shall apply to contributions and expenditures with respect to participating and certified candidates:

- (1) Beginning August 1 of the year before the election and before filing a declaration of intent, a candidate shall limit campaign-related expenditures to twenty thousand dollars (\$20,000) and shall not accept more than twenty thousand dollars (\$20,000) from sources and in amounts permitted by Article 22A of this Chapter. A candidate who exceeds either of these limits shall be ineligible to file a declaration of intent or receive funds from the Fund. However, the acceptance of contributions in excess of that twenty thousand dollar (\$20,000) limit does not render the candidate ineligible if the candidate pays to the Board an amount equal to the contributions accepted by the candidate in excess of that limit. The Board shall deposit all such payments into the Fund.
- (2) From the filing of a declaration of intent through the end of the qualifying period, a candidate may accept only qualifying contributions, contributions under ten dollars (\$10.00) from North Carolina voters, in-kind party contributions as permitted in subdivision (4) of this subsection, and personal and family contributions permitted under subdivision (4a) of this subsection. The total contributions the candidate may accept during this period shall not exceed the maximum qualifying contributions for that candidate. In addition to these contributions, the candidate may only expend during this period the remaining money raised pursuant to subdivision (1) of this subsection and possible matching funds received pursuant to G.S. 163-278.99B. If the candidate has any remaining money that was raised as contributions before August 1 of the year before the election, the candidate may not expend that money after filing the declaration of intent, except for purposes permitted under subdivision (2), (3), (6), (7), or (8) of G.S. 163-278.16B(a).

- (3) After the qualifying period and through the date of the general election, the candidate shall cease campaign-related fund-raising activities and shall expend only the funds the candidate receives from the Fund pursuant to G.S. 163-278.99(b) plus any funds remaining from the qualifying period and possible matching funds.
- (4) In addition to the amounts above, a candidate may accept in-kind contributions from political party executive committees, up to an aggregate value of thirty thousand dollars (\$30,000) for the election cycle.
- (4a) During the qualifying period, the candidate may contribute up to one thousand dollars (\$1,000) of that candidate's own money to the campaign. Debt incurred by the candidate for a campaign expenditure shall count toward that limit. The candidate may accept in contributions one thousand dollars (\$1,000) from each member of that candidate's family consisting of spouse, parent, child, brother, and sister.
- (5) A candidate and the candidate's committee shall limit the use of all revenues permitted by this subsection to expenditures for campaign-related purposes only. The Board shall publish guidelines outlining permissible campaign-related expenditures.
- (6) Except as provided in subdivision (1) of this subsection, any contribution received by a participating or certified candidate that falls outside that permitted by this subsection shall be returned to the donor as soon as practicable. Contributions intentionally made, solicited, or accepted in violation of this Article are subject to civil penalties as specified in G.S. 163-278.99D. The funds involved shall be forfeited to the Civil Penalty and Forfeiture Fund.
- (7) A candidate shall return to the Fund any amount distributed for an election that is unspent and uncommitted at the date of the election or at the time the individual ceases to be a certified candidate, whichever occurs first. For accounting purposes, all qualifying, personal, and family contributions shall be considered spent before revenue from the Fund is spent or committed.
- (f) Revocation. — A candidate may revoke, in writing to the Board, a decision to participate in the Fund at any time. After a revocation, that candidate may accept and expend outside the limits of this Article without violating this Article. Within 10 days after revocation, a candidate shall return to the Board all money received from the Fund. (2007-484, s. 43.8(c); 2007-540, s. 1.)

Editor's Note. — Session Laws 2007-540, s. 6, as amended by Session Laws 2007-484, s. 43.8(c), provides in part: "For purposes of the 2008 election, the beginning date for the volun-

tary funding limitation as enacted in G.S. 163-278.98(e)(1) and (2) in Section 1 of this act shall be set administratively by the State Board of Elections."

§ 163-278.99. Distribution from the Fund.

(a) Timing of Fund Distribution. — The Board shall distribute to a certified candidate revenue from the Fund in an amount determined under subdivision (b)(4) of this section as follows:

- (1) One-third of the amount within five business days after the certified candidate's name is approved to appear on the ballot in a contested general election, but no earlier than five business days after the primary.
- (2) The remainder of the amount on August 1 before the general election.

(b) Amount of Fund Distribution. — By August 1, 2011, and no less frequently than every four years thereafter, the Board shall determine the

amount of funds, rounded to the nearest one hundred dollars (\$100.00), to be distributed to certified candidates as follows:

- (1) Uncontested primaries. — No funds shall be distributed.
- (2) Contested primaries. — No funds shall be distributed except as provided in G.S. 163-278.99B.
- (3) Uncontested general elections. — No funds shall be distributed.
- (4) Contested general elections. — The amount of funds to be distributed to a candidate is the average amount of campaign-related expenditures made by all candidates who won the immediately preceding three general elections for that office, but not less than three hundred thousand dollars (\$300,000). For purposes of this subsection, “campaign-related expenditures” does not include loan repayments and contributions to a candidate, political committee, or political party.

(c) Method of Fund Distribution. — The Board, in consultation with the State Treasurer and the State Controller, shall develop a rapid, reliable method of conveying funds to certified candidates. In all cases, the Board shall distribute funds to certified candidates in a manner that is expeditious, ensures accountability, and safeguards the integrity of the Fund. If the money in the Fund is insufficient to fully fund all certified candidates, then the available money shall be distributed proportionally, according to each candidate’s eligible funding, and the candidate may raise additional money in the same manner as a nonparticipating candidate for the same office up to the unfunded amount of the candidate’s eligible funding. (2007-484, s. 43.8(c); 2007-540, s. 1.)

Editor’s Note. — Session Laws 2007-540, s. 6, as amended by Session Laws 2007-484, s. 43.8(c), provides in part that the State Board of Elections shall make the determination re-

quired in G.S. 163-278.99(b), as enacted by Session Laws 2007-540, s. 1, as soon as feasible before the 2008 election.

§ 163-278.99A. Reporting requirements.

(a) Reporting by Noncertified Candidates and Other Entities. — Any nonparticipating candidate with a certified opponent shall report total income, expenses, and obligations to the Board by facsimile machine or electronically within 24 hours after the total amount of campaign-related expenditures or obligations made, or funds raised or borrowed, exceeds eighty percent (80%) of the trigger for matching funds as defined in G.S. 163-278.96(17). Any entity making independent expenditures in support of or in opposition to a certified candidate, or in support of a candidate opposing a certified candidate, or paying for electioneering communications referring to one of those candidates, shall report the total funds received, spent, or obligated for those expenditures or payments to the Board by facsimile machine or electronically within 24 hours after the total amount of expenditures or obligations made, or funds raised or borrowed, for the purpose of making the independent expenditures or electioneering communications exceeds five thousand dollars (\$5,000). After this 24-hour filing, the nonparticipating candidate or other reporting entity shall comply with an expedited reporting schedule by filing additional reports after receiving an additional amount in excess of one thousand dollars (\$1,000) or after making or obligating to make an additional expenditure or payment in excess of one thousand dollars (\$1,000). The schedule and forms for reports required by this subsection shall be made according to procedures developed by the Board.

(b) Reporting by Participating and Certified Candidates. — Notwithstanding other provisions of law, participating and certified candidates shall report any money received and all campaign expenditures, obligations, and related activities to the Board according to procedures developed by the Board. Upon

the filing of a final report for any losing primary election, special election, or general election, each candidate who has revenues from the Fund remaining unspent shall return those revenues to the Board. In developing these procedures, the Board shall utilize existing campaign reporting procedures wherever practicable.

(c) Timely Access to Reports. — The Board shall ensure prompt public access to the reports received in accordance with this Article. The Board may utilize electronic means of reporting and storing information. (2007-484, s. 43.8(c); 2007-540, s. 1.)

Editor’s Note. — Session Laws 2007-540, s. 6, as amended by Session Laws 2007-484, s. 43.8(c), made this Article effective August 31, 2007, and applicable to elections for Auditor, Superintendent of Public Instruction, and Commissioner of Insurance in 2008 and thereafter.

§ 163-278.99B. Matching funds.

(a) When Matching Funds Become Available. — When any report or group of reports shows that “funds in opposition to a certified candidate or in support of an opponent to that candidate” as described in this section exceed the trigger for matching funds as defined in G.S. 163-278.96(17), the Board shall issue immediately to that certified candidate an additional amount equal to the reported excess within the limits set forth in this section. “Funds in opposition to a certified candidate or in support of an opponent to that candidate” shall be equal to the sum of subdivisions (1) and (2) as follows:

(1) The greater of the following:

- a. Campaign expenditures or obligations made, or funds raised or borrowed, whichever is greater, reported by any one nonparticipating opponent of a certified candidate. Where a certified candidate has more than one nonparticipating opponent, the measure shall be taken from the nonparticipating candidate showing the highest relevant dollar amount.
- b. The funds distributed in accordance with G.S. 163-278.99(b) to a certified opponent of the certified candidate.

(2) The aggregate total of all expenditures and payments reported in accordance with G.S. 163-278.99A(a) of entities making independent expenditures or electioneering communications in opposition to the certified candidate or in support of any opponent of that certified candidate.

(b) Limit on Matching Funds in Contested Primary. — Total matching funds to a certified candidate in a contested primary shall be limited to an amount equal to the maximum qualifying contributions for a candidate with a contested primary.

(c) Limit on Matching Funds in Contested General Election. — Total matching funds to a certified candidate in a contested general election shall be limited to an amount equal to two times the amount described in G.S. 163-278.99(b)(4).

(d) Determinations by Board. — In the case of electioneering communications, the Board shall determine which candidate, if any, is entitled to receive matching funds as a result of the communication. The Board shall issue matching funds based on the communication only if it ascertains that the communication is susceptible of no reasonable interpretation other than as an appeal to vote for or against a specific candidate. In making its determination, the Board shall not consider evidence external to the communication itself of the intent of the sponsor or the effect of the communication. The Board shall notify each candidate it determines is entitled to receive matching funds based on those communications, the sponsor of those communications, and any

candidate who is an opponent of the candidate it determines is entitled to the matching funds. The Board shall give the sponsor of the communication and any opposing candidate an adequate opportunity to rebut the determination of the Board. In considering the rebuttal, all candidates in the race and the sponsor shall be given adequate and equal opportunity to be heard. The Board shall adopt procedures for implementing this subsection, balancing in those procedures adequacy of opportunity to rebut and adequacy and equality of opportunity to be heard on the rebuttal with the need to expedite the decision on awarding matching funds. The Board shall distribute the matching funds, if any, at the conclusion of its process.

(e) Proportional Measuring of Multicandidate Communications. — In calculating the amount of matching funds a certified candidate is eligible to receive under this section, the Board shall include the proportion of expenditures, obligations, or payments for multicandidate communications that pertains to the candidate. (2007-484, ss. 43.8(b)-(d); 2007-540, s. 1.)

Editor's Note. — Session Laws 2007-540, s. 6, as amended by Session Laws 2007-484, s. 43.8(c), made this Article effective August 31, 2007, and applicable to elections for Auditor, Superintendent of Public Instruction, and Commissioner of Insurance in 2008 and thereafter.

Effect of Amendments. — Session Laws 2007-484, ss. 43.8(b) and 43.8(d), effective August 30, 2007, substituted "G.S. 163-278.99(b)(4)" for "G.S. 163-278.99(b)(2)" in subsection (c); and added subsection (e).

§ 163-278.99C. Unaffiliated and new-party candidates.

Unaffiliated candidates certified pursuant to G.S. 163-122 and new-party candidates certified pursuant to G.S. 163-98 shall be eligible for revenues from the Fund in the same amounts and at the same time as specified in G.S. 163-278.99. For unaffiliated candidates and new-party candidates not certified to appear on the ballot by noon on the deadline set in G.S. 163-106(c) for candidate filing in the election year, the deadline for seeking certification to receive revenue from the Fund is noon on the first business day of July of the election year. (2007-484, s. 43.8(c); 2007-540, s. 1.)

Editor's Note. — Session Laws 2007-540, s. 6, as amended by Session Laws 2007-484, s. 43.8(c), made this Article effective August 31,

2007, and applicable to elections for Auditor, Superintendent of Public Instruction, and Commissioner of Insurance in 2008 and thereafter.

§ 163-278.99D. Enforcement by the Board; civil penalty.

In addition to any other penalties that may be applicable, any individual, political committee, or other entity that violates any provision of this Article is subject to a civil penalty of up to ten thousand dollars (\$10,000) per violation or three times the amount of any financial transactions involved in the violation, whichever is greater. In addition to any fine, for good cause shown, a candidate found in violation of this Article may be required to return to the Fund all amounts distributed to the candidate from the Fund. If the Board makes a determination that a violation of this Article has occurred, the Board shall calculate and assess the amount of the civil penalty and shall notify the entity that is assessed the civil penalty of the amount that has been assessed. The Board shall then proceed in the manner prescribed in G.S. 163-278.34. In determining whether or not a candidate is in violation of this Article, the Board may consider as a mitigating factor any circumstances out of the candidate's control. (2007-484, s. 43.8(c); 2007-540, s. 1.)

Editor's Note. — Session Laws 2007-540, s. 6, as amended by Session Laws 2007-484, s.

43.8(c), made this Article effective August 31, 2007, and applicable to elections for Auditor,

Superintendent of Public Instruction, and Commissioner of Insurance in 2008 and thereafter.

§ 163-278.99E. Voter education.

The Board shall distribute the Guide to as many voting-age individuals in the State as practical, through a mailing to all residences or other means it deems effective. The State Board of Elections shall maintain a list of the addresses from which mailed Voter Guides are returned as undeliverable. That list shall be available for public inspection. The distribution shall occur no more than 28 days nor fewer than seven days before the one-stop voting period provided in G.S. 163-227.2 for the primary and no more than 28 days nor fewer than seven days before the one-stop voting period provided in G.S. 163-227.2 for the general election.

(b) Candidate Information. — The Voter Guide shall include information concerning all candidates for office as defined in G.S. 163-278.96(12), as provided by those candidates according to a format provided to the candidates by the Board. The Board shall request information for the Guide from each candidate according to the following format:

- (1) Place of residence.
- (2) Education.
- (3) Occupation.
- (4) Employer.
- (5) Previous elective offices held.
- (6) Endorsements, limited to 50 words. Concerning endorsements, the Board shall send to the candidates instructions as follows: “In order to have an endorsement published, you must provide written confirmation to the Board from the endorsing person or organization that you received that person’s or organization’s endorsement.”
- (7) Candidate statement, limited to 150 words. Concerning that statement, the Board shall send to the candidates instructions as follows: “Your statement may include information such as your qualifications, your endorsements, why you would make a good elected official, what distinguishes you from your opponent(s), and any other information relevant to your candidacy. The State Board of Elections will reject any portion of any statement which it determines contains obscene, profane, or defamatory language. (a) In each city that is authorized and elects to conduct its own elections in the manner provided by G.S. 163-285, there shall be a municipal board of elections consisting of three persons of good moral character who are registered voters of the city. Members of the municipal board of elections shall be appointed by the city council at its regularly scheduled meeting held next before June 1 in each year preceding each regular municipal primary or election, and their terms of office shall be for two years beginning June 1 and until their successors are appointed and qualify. In municipalities where there are registered voters of more than one party, not more than two members of the municipal board of elections shall belong to the same political party, if the municipal officers are elected on a nonpartisan or partisan basis.

No person shall serve as a member of a municipal board of elections who holds any elective office, who is a candidate for any elective public office, who is a member of a county board of elections, or who is serving as campaign manager for any candidate in any election.

(b) On the Monday before the filing period opens for elections in that municipality, the newly appointed members of the municipal board of elections shall meet at the city hall or some other place specified by the city council and shall take the following oath of office:

“I _____, do solemnly swear (or affirm) that I will support the Constitution of the United States; that I will be faithful and bear true allegiance to the State of North Carolina, and to the constitutional powers and authorities which are or may be established for the government thereof; that I will endeavor to support, maintain, and defend the Constitution of said State, not inconsistent with the Constitution of the United States; and that I will well and truly execute the duties of the office of member of

the _____ municipal board of elections to the best of my knowledge and ability, according to law. So help me, God.”

After each member has taken the oath, the board shall organize by electing one of its members chairman and another member secretary of the board.

The municipal board of elections may then or at any time thereafter appoint a supervisor of elections, who shall have all of the powers and duties of a director of elections to a county board of elections. The board may hold other meetings at such times and places as the chairman of the board, or any two members thereof, may direct, for the performance of duties prescribed by law. A majority of the members shall constitute a quorum for the transaction of business.

(d) The municipal board of elections shall keep minutes recording all proceedings and findings at each of its meetings. The minutes shall be recorded in a book which shall be kept in the board office if there be one, otherwise, the minute book shall remain in the custody of the secretary of the board.

(f) Municipal boards of elections shall have, with respect to municipal elections, all of the powers conferred on county boards of elections by G.S. 163-33 and G.S. 163-34 with respect to national, State, district, and county elections.

(g) No municipal, county, State or national chairman of any political party shall have the right to recommend to the city council the names of any person for appointment to membership on a municipal board of elections.

(h) Whenever a vacancy occurs in the membership of any municipal board of elections for any cause, the appointing city council shall fill the vacancy within 30 days of when it occurs.

(i) The city council with power to appoint a member of a municipal board of elections or the State Board of Elections may remove a member of a municipal board of elections for incompetency, neglect or failure to perform duties, fraud, or any other satisfactory cause. Before exercising this removal power, the city council or the State Board of Elections shall notify the municipal board member affected and give him an opportunity to be heard. § 163-280.1. Municipal boards of elections abolished.

Municipal boards of elections in all municipalities other than the City of Morganton, the Town of Granite Falls, the Town of Old Fort, and the Town of Rhodhiss, whether created by general statute or by local act, are abolished. The terms of all members of all such municipal boards of elections which are abolished by this section, and all precinct officials appointed by such municipal boards of elections, if those terms have not expired prior to January 1, 2002, expire January 1, 2002. (2001-374, s. 1.)

Editor’s Note. — Session Laws 2001-374, s. 4, provides: “The State Board of Elections shall inspect the operations of the municipal boards of elections in the City of Morganton, the Town

municipalities shall cooperate with the State Board fully. If an inspection generates findings that election laws or regulations have been violated, the State Board shall take appropriate action under G.S. 163-304 or other applicable law.”

Session Laws 2001-374, s. 5, provides: “This act prevails over local acts.”

§ 163-281. Municipal precinct election officials.

(a) Chief Judges and Judges. — At the meeting required by G.S. 163-280(c), the municipal board of elections shall appoint one person to act as chief judge and two other persons to act as judges of election for each precinct in the city. Not more than one judge in each precinct where there are registered voters of more than one political party shall belong to the same political party as the chief judge, if the municipal elections are on a nonpartisan or partisan basis. If the city and county precincts are identical and the board so chooses, it may decline to exercise its power to appoint precinct chief judge and judges, in which event the persons appointed by the county board of elections as precinct chief judge and judges in each precinct within the city shall serve as such for municipal elections under authority and subject to the supervision and control of the municipal board of elections. Nothing herein shall prohibit a municipal board of elections from using the chief judge and judges of election appointed by the county board of elections in those precincts which are not identical provided the county board of elections agrees, in writing, to such arrangement. Chief judges and judges shall be appointed for terms of two years. Except as modified by this Article, municipal precinct chief judge and judges shall meet all of the qualifications, perform all the duties, and have all of the powers imposed and conferred on county precinct chief judge and judges by G.S. 163-41(a), 163-47, and 163-48. Municipal precinct chief judge and judges shall not have the powers and duties with respect to registration of voters prescribed by G.S. 163-47(b). Immediately after appointing chief judge and judges as herein provided, the municipal board of elections shall publish the names of the persons appointed in some newspaper having a general circulation in the city, or in lieu thereof, by posting at the city hall or some other prominent place within the city, and shall notify each person appointed of his appointment. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice.

(b) Assistants at Polls. — Municipal boards of elections shall have the same authority to appoint assistants to aid the chief judge and judges as is conferred on county boards of elections by G.S. 163-42.

(c) Ballot Counters. — Municipal boards of elections shall have the same authority to appoint ballot counters as is conferred on county boards of elections by G.S. 163-43.

(d) Markers. — Municipal boards of elections shall not appoint markers, and markers shall not be used in municipal elections.

(e) Observers. — In cities holding partisan municipal elections, the chairman of each political party in the county shall have the same authority to appoint observers for municipal elections as he has for county elections under G.S. 163-45.

(f) Compensation. — Precinct officials and assistants appointed under this section shall be paid such sums as the city council may fix. County precinct officials and assistants serving in municipal elections in default of appointment of precinct officials by the municipal board of elections shall be compensated by the city in the sums specified in G.S. 163-46.

(g) Party Chairman Not to Recommend Persons for Appointment. — No municipal, county, State or national chairman of any political party shall have the right to recommend to the municipal board of elections the name of any person for appointment as a precinct chief judge, judge of elections, assistant or ballot counter.

(h) Designation of Precincts in Which Officials to Serve. — The municipal board of elections may designate the precinct in which each chief judge, judge, assistant, ballot counter, or observer or other officers of elections shall serve; and, after notice and hearing, may remove any chief judge, judge, assistant, ballot counter, observer, supervisor of elections or other officers of elections appointed by it for incompetency, failure to discharge the duties of office, failure to qualify within the time prescribed by law, fraud, or for any other satisfactory cause.

(i) Powers and Duties. — Except as otherwise provided in this Chapter, precinct assistants, ballot counters, observers, and supervisors of elections and other officers of elections appointed by the municipal board of elections shall have the same powers and duties with respect to municipal elections as precinct assistants, ballot counters, observers, and supervisors of elections and other officers of elections appointed by county boards of elections. (1971, c. 835, s. 1; 1973, c. 793, ss. 80-83, 94; c. 1223, s. 9; 1977, c. 626, s. 1; 1989, c. 93, s. 8; 1993 (Reg. Sess., 1994), c. 762, s. 60.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 61, effective January 1, 1995, provides: "Any person who on December

31, 1994, was a registrar under G.S. 163-41 shall be a chief judge under G.S. 163-41."

CASE NOTES

Registrars (now chief judges) are not required to be freeholders. Town of Hender-

sonville v. Jordan, 150 N.C. 35, 63 S.E. 167 (1908), decided under former provisions.

§ 163-282. Residency defined for voting in municipal elections.

The rules for determining residency within a municipality shall be the same as prescribed in G.S. 163-57 for determining county residency. No person shall be entitled to reside in more than one city or town at the same time. (1971, c. 835, s. 1.)

§ 163-283. Right to participate or vote in party primary.

No person shall be entitled to vote or otherwise participate in the primary election of any political party unless he

- (1) Is a registered voter, and
- (2) Has declared and has had recorded on the registration book or record the fact that he affiliates with the political party in whose primary he proposes to vote or participate, and
- (3) Is in good faith a member of that party.

Notwithstanding the previous paragraph, any unaffiliated voter who is authorized under G.S. 163-119 may also vote in the primary if the voter is otherwise eligible to vote in that primary except for subdivisions (2) and (3) of the previous paragraph.

Any person who will become qualified by age or residence to register and vote in the general election for which the primary is held, even though not so qualified by the date of the primary election, shall be entitled to register while the registration books are open during the regular registration period prior to the primary and then to vote in the primary after being registered, provided however, under full-time and permanent registration, such an individual may register not earlier than 60 days nor later than the last day for making application to register under G.S. 163-82.6(c) prior to the primary. In addition, persons who will become qualified by age to register and vote in the general

election for which the primary is held, who do not register during the special period may register to vote after such period as if they were qualified on the basis of age, but until they are qualified by age to vote, they may vote only in primary elections. (1971, c. 835, s. 1; 1983, c. 331, s. 5; 1987, c. 408, s. 5; c. 457, s. 2; 1991 (Reg. Sess., 1992), c. 1032, s. 8; 1993 (Reg. Sess., 1994), c. 762, s. 62.)

§ 163-284. Mandatory administration by county boards of elections.

(a) No later than 30 days after January 1, 1973, every municipality which conducts its elections on a partisan basis, and every special district shall deliver its registration books to the county board of elections which shall, forthwith, assume the responsibility for administration of the registration and election process in such municipalities and special districts. The county boards of elections shall have authority to compare the registration books of such municipalities and special districts with the county registration books. Any person found to be registered for municipal or special district elections but not registered on the county registration records shall be required to register with the county board of elections in order to maintain his municipal or special district registration. The county board of elections shall forthwith notify any such person by mail to the address appearing on the municipal or special district registration records that he must reregister. The county board of elections shall have authority to require maps or definitive outlines of the boundaries constituting such municipality or special district and shall be immediately advised of any change or relocation of such boundaries.

(b) The registration of voters and the conduct of all elections in municipalities and special districts covered under this section shall be under the authority of the county board of elections. Any contested election or allegations of irregularities shall be made to the county board of elections and appeals from such rulings may be made to the State Board of Elections under existing statutory provisions and rules or regulations adopted by the State Board of Elections.

Each municipality and special district shall reimburse the county board of elections for the actual cost involved in the administration required under (a) and (b) of this section. (1971, c. 835, s. 1; 1973, c. 793, s. 84.)

§ 163-284.1. Special district elections conducted by county.

All elections held in and for a sanitary district, fire district or other special district, including school administrative units, shall be conducted by the county board of elections notwithstanding the fact that the taxes of the special district may be levied by a city. (1971, c. 835, s. 1.)

§ 163-285. Administration by county board of elections; optional by Morganton, Granite Falls, Old Fort, and Rhodhiss.

(a) The City of Morganton, the Town of Old Fort, the Town of Granite Falls, and the Town of Rhodhiss may conduct their own elections, or they may request the county board of elections of the county in which they are located to conduct their elections. A county board of elections shall conduct the elections of each municipality so requesting and the municipality shall pay the cost thereof according to a formula mutually agreed upon by the county board of elections and the municipal council. The elections for any other municipality

shall be conducted by the county board of elections, and the municipality shall pay the cost thereof according to a formula mutually agreed upon by the county board of elections and the municipal council. If a mutual agreement cannot be reached, then the State Board of Elections shall prescribe the agreement, to which both parties are bound.

- (1) The elections of municipalities which lie in more than one county shall be conducted either (i) by the county in which the greater number of the municipality's citizens reside, according to the most recent federal census of population, or (ii) jointly by the boards of elections of each county in which such municipality is located, as may be mutually agreed upon by the county boards of elections so affected, or (iii) in the case of the City of Morganton or the Towns of Old Fort, Granite Falls, or Rhodhiss, by a municipal board of elections appointed by the governing body of the municipality. The State Board of Elections shall have authority to promulgate regulations for more detailed administration and conduct of municipal elections by county or municipal boards of elections for municipalities situated in more than one county.
- (2) Any municipality electing to have its elections conducted by the county board of elections as provided by this section, shall do so no later than January 1, 1973 provided, however, the county board of elections shall be entitled to 90 days' notice prior to the effective date decided upon by the municipality. For efficient administration the State Board of Elections shall have the authority to delay the effective date of all such agreements under this section and shall set a date certain on which such agreements shall commence. The State Board of Elections shall also have the authority to permit any municipality to exercise the options under this Article subsequent to the deadline stated in this section.

(3) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 63.

(b) The county board of elections shall have authority to require maps or definitive outlines of the boundaries constituting any municipality or special district whose elections that county board administers and shall be immediately advised of any change or relocation of such boundaries.

(c) The term "special district" includes a sanitary district, fire district, or school administrative unit, notwithstanding the fact that the taxes of the special district may be levied by a municipality.

§ 163-286. Conduct of municipal and special district elections; application of Chapter 163.

(a) To the extent that the laws, rules and procedures applicable to the conduct of primary, general and special elections by county boards of elections under Articles 3, 4, 5, 6, 7A, 8, 9, 10, 11, 12, 13, 14, 15, 19 and 22 of this Chapter are not inconsistent with provisions of this Article, those laws, rules and

procedures shall apply to municipal and special district elections and their conduct by the board of elections conducting those elections. The State Board of Elections shall have the same authority over all such elections as it has over county and State elections under those Articles.

(b) Any city, town or incorporated village which elects to conduct its own elections, under the provisions of G.S. 163-285, shall comply with the requirements contained in G.S. 163-280 and G.S. 163-281. (1971, c. 835, s. 1; 1973, c. 793, s. 85; 1993 (Reg. Sess., 1994), c. 762, s. 64.)

§ 163-287. Special elections; procedure for calling.

Any city, whether its elections are conducted by the county board of elections or the municipal board of elections, or any special district shall have authority to call special elections as permitted by law. Prior to calling a special election, the city council or the governing body of the special district shall adopt a resolution specifying the details of the election, and forthwith deliver the resolution to the appropriate board of elections. The resolution shall call on the board of elections to conduct the election described in the resolution and shall state the date on which the special election is to be conducted. The special election may be held at the same time as any other State, county or municipal primary, election or special election or referendum, but may not otherwise be held within the period of time beginning 30 days before and ending 30 days after the date of any other primary, election, special election or referendum held for that city or special district.

Legal notice of the special election shall be published no less than 45 days prior to the special election. The appropriate board of elections shall be responsible for publishing the legal notice. The notice shall state the date and time of the special election, the issue to be submitted to the voters, and the precincts in which the election will be held. This paragraph shall not apply to bond elections. (1971, c. 835, s. 1; 1973, c. 793, s. 86; 1993 (Reg. Sess., 1994), c. 762, s. 65.)

§ 163-288. Registration for city elections; county and municipal boards of elections.

Regardless of whether the municipal election is conducted by the county board of elections or by a municipal board of elections, the registration record of the county board of elections shall be the official registration record for voters to vote in all elections, city, district, county, State or national. (1971, c. 835, s. 1; 1973, c. 793, s. 87; 1981, c. 33, s. 5; 1991 (Reg. Sess., 1992), c. 1032, s. 7; 1993 (Reg. Sess., 1994), c. 762, s. 66.)

§ 163-288.1. Activating voters for newly annexed or incorporated areas.

(a) Whenever any new city or special district is incorporated or whenever an existing city or district annexes any territory, the city or special district shall cause a map of the corporate or district limits to be prepared from the boundary descriptions in the act, charter or other document creating the city or district or authorizing or implementing the annexation. The map shall be delivered to the county or municipal board of elections conducting the elections for the city or special district. The board of elections shall then activate for city or district elections each voter eligible to vote in the city or district who is registered to vote in the county to the extent that residence addresses shown on the county registration certificates can be identified as within the limits of the city or special district. Each voter whose registration is thus activated for

city or special district elections shall be so notified by mail. The cost of preparing the map of the newly incorporated city or special district or of the newly annexed area, and of activating voters eligible to vote therein, shall be paid by the city or special district. In lieu of the procedures set forth in this section, the county board of elections may use either of the methods of registration of voters set out in G.S. 163-288.2 when activating voters pursuant to the incorporation of a new city or election of city officials or both under authority of an act of the General Assembly or when activating voters after an annexation of new territory by a city or special district under Chapter 160A, Article 4A, or other general or local law.

(b) Each voter whose registration is changed by the county or municipal board of elections in any manner pursuant to any annexation or expunction under this subsection shall be so notified by mail.

(c) The State Board of Elections shall have authority to adopt regulations for the more detailed administration of this section. (1971, c. 835, s. 1; 1973, c. 793, s. 88; 1977, c. 752, s. 1.)

§ 163-288.1A. Activating voters when charter revised.

Whenever a city has not held the most recent two elections required by its charter or this Chapter, and the General Assembly amends the charter of that city and provides that the county board of elections shall conduct the elections of that city, voters shall be activated for the elections of that city in accordance with G.S. 163-288.1 or G.S. 163-288.2. In such a case, the county shall prepare the map required by G.S. 163-288.1(a). (1985, c. 350.)

§ 163-288.2. Registration in area proposed for incorporation or annexed.

(a) Whenever the General Assembly incorporates a new city and provides in the act of incorporation for a referendum on the question of incorporation or for a special election for town officials or for both, or whenever an existing city or special district annexes new territory under the provisions of Chapter 160A, Article 4A, or other general or local law, the board of elections of the county in which the proposed city is located or in which the newly annexed territory is located shall determine those individuals eligible to vote in the referendum or special election or in the city or special district elections. In determining the eligible voters the board may, in its discretion, use either of the following methods:

METHOD A. — The board of elections shall prepare a list of those registered voters residing within the proposed city or newly annexed territory. The board shall make this list available for public inspection in its office for a two-week period ending on the twenty-fifth day before the day of the referendum or special election, or the next scheduled city or special district election. During this period, any voter resident within the proposed city or newly annexed territory and not included on the list may cause his name to be added to the list. At least one week and no more than two weeks before the day the period of public inspection is to begin, the board shall cause notice of the list's availability to be posted in at least two prominent places within the proposed city or newly annexed territory and may cause the notice to be published in a newspaper of general circulation within the county. The notice shall state that the list has been prepared, that only those persons listed may vote in the referendum or special election, that the list will be available for public inspection in the board's office, that any qualified voter not included on the list may cause his name to be added to the list during the two-week period of public inspection, and that persons in newly annexed territory should present

themselves so their registration records may be activated for voting in city or special district elections in the newly annexed territory. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice.

METHOD B. — The board of elections shall conduct a special registration of eligible persons desiring to vote in the referendum or special election or in the newly annexed territory. The registration records shall be open for a two-week period (except Sundays) ending on the twenty-fifth day before the day of the referendum or special election or the next scheduled city or special district election. On the two Saturdays during that two- week period, the records shall be located at the voting place for the referendum or special election or the next scheduled city or special district election; on the other days it may, in the discretion of the board, be kept at the voting place, at the office of the board, or at the place of business of a person designated by the board to conduct the special registration. At least one week and no more than two weeks before the day the period of special registration is to begin, the board shall cause notice of the registration to be posted in at least two prominent places within the proposed city or newly annexed territory and may cause the notice to be published in a newspaper of general circulation within the county. The notice shall state the purpose and times of the special registration, the location of the registration records, that only those persons registered in the special registration may vote in the referendum or special election, and that persons in newly annexed territory should present themselves so their registration records may be activated for voting in city or special district elections in the newly annexed territory. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice.

(b) Only those persons registered pursuant to this section may vote in the referendum or special election, provided, however, that in cases where voters are activated under either Method A or B to vote in a city or special district that annexes territory, the city or special district shall permit them to vote in the city or special district's election and shall, as well, permit other voters to vote in such elections who did not register under the provisions of this section if they are otherwise registered, qualified and eligible to vote in the same. § 163-288.3. Payment of cost of elections on question of formation of a new municipality or special district.

Whenever a referendum or election is held on the question of incorporation of a new municipality or the formation of a special district, the cost of the election shall be paid by the new municipality or special district in the event the voters approve of incorporation or creation and the new municipality or special district is established. If the voters disapprove and the new municipality or special district is not established, the cost of the election shall be paid by the county. The cost of the election shall be advanced by the county, which shall be reimbursed within 18 months of the date of election, by the municipality or special district if it is established. (1981, c. 786, s. 1.)

§ 163-289. Right to challenge; challenge procedure.

(a) The rules governing challenges in municipal elections shall be the same as are now applicable to challenges made in a county election, provided however, any voter who challenges another voter's right to vote in any municipal or special district election must reside in such municipality or special district.

(b) Whenever a challenge is made pursuant to this section, the appropriate board of elections shall process such challenge in accordance with the provisions of Article 8 of Chapter 163 of the General Statutes as such Article is applicable.

(c) If a municipal board of elections sustains a challenge on the grounds that a voter registered to vote in the municipality is not a resident of the municipality, it shall forthwith certify its decision to the county board of elections of the county or counties in which the municipality lies, and the voter's registration for municipal elections shall be expunged from the county registration records. (1971, c. 835, s. 1; 1973, c. 793, s. 89.)

§ 163-290. Alternative methods of determining the results of municipal elections.

(a) Each city, town, village, and special district in this State shall operate under one of the following alternative methods of nominating candidates for and determining the results of its elections:

- (1) The partisan primary and election method set out in G.S. 163-291.
- (2) The nonpartisan primary and election method set out in G.S. 163-294.
- (3) The nonpartisan plurality method set out in G.S. 163-292.
- (4) The nonpartisan election and runoff election method set out in G.S. 163-293.

(b) Each city whose charter provides for partisan municipal elections as of January 1, 1972, shall operate under the partisan primary and election method until such time as its charter is amended to provide for nonpartisan elections. Each city, town, village, and special district whose elections are by charter or general law nonpartisan may select the nonpartisan primary and election method, the nonpartisan plurality method, or the nonpartisan election and runoff election method by resolution of the municipal governing board adopted and filed with the State Board of Elections not later than 5:00 P.M. Monday, January 31, 1972, except that a city whose charter provides for a nonpartisan primary as of January 1, 1972, may not select the plurality method unless its charter is so amended. If the municipal governing board does not exercise its option to select another choice before that time, the municipality shall operate under the method specified in the following table:

Cities, towns and villages of less than 5,000	Plurality
Cities, towns and villages of 5,000 or more	Election and Runoff Election
Special districts	Plurality

After January 31, 1972, each city, town and village may change its method of election from one to another of the methods set out in subsection (a) by act of the General Assembly or in the manner provided by law for amendment of its charter. (1971, c. 835, s. 1.)

ARTICLE 24.

*Conduct of Municipal Elections.***§ 163-291. Partisan primaries and elections.**

The nomination of candidates for office in cities, towns, villages, and special districts whose elections are conducted on a partisan basis shall be governed by the provisions of this Chapter applicable to the nomination of county officers, and the terms "county board of elections," "chairman of the county board of elections," "county officers," and similar terms shall be construed with respect to municipal elections to mean the appropriate municipal officers and candidates, except that:

- (1) The dates of primary and election shall be as provided in G.S. 163-279.
- (2) A candidate seeking party nomination for municipal or district office shall file notice of candidacy with the board of elections no earlier than 12:00 noon on the first Friday in July and no later than 12:00 noon on the third Friday in July preceding the election, except:
 - a. In 2001 a candidate seeking party nomination for municipal or district office in any city which elects members of its governing board on a district basis, or requires that candidates reside in a district in order to run, shall file his notice of candidacy with the board of elections no earlier than 12:00 noon on the fourth Monday in July and no later than 12:00 noon on the second Friday in August preceding the election; and
 - b. In 2002 if the election is held then under G.S. 160A-23.1, a candidate seeking party nomination for municipal or district office shall file his notice of candidacy with the board of elections at the same time as notices of candidacy for county officers are required to be filed under G.S. 163-106.

No person may file a notice of candidacy for more than one municipal office at the same election. If a person has filed a notice of candidacy for one office with the county board of elections under this section, then a notice of candidacy may not later be filed for any other municipal office for that election unless the notice of candidacy for the first office is withdrawn first.

- (3) The filing fee for municipal and district primaries shall be fixed by the governing board not later than the day before candidates are permitted to begin filing notices of candidacy. There shall be a minimum filing fee of five dollars (\$5.00). The governing board shall have the authority to set the filing fee at not less than five dollars (\$5.00) nor more than one percent (1%) of the annual salary of the office sought unless one percent (1%) of the annual salary of the office sought is less than five dollars (\$5.00), in which case the minimum filing fee of five dollars (\$5.00) will be charged. The fee shall be paid to the board of elections at the time notice of candidacy is filed.
- (4) The municipal ballot may not be combined with any other ballot.
- (5) The canvass of the primary and second primary shall be held on the seventh day following the primary or second primary. In accepting the filing of complaints concerning the conduct of an election, a board of elections shall be subject to the rules concerning Sundays and holidays set forth in G.S. 103-5.
- (6) Candidates having the right to demand a second primary shall do so not later than 12:00 noon on the Thursday following the canvass of the first primary. (1971, c. 835, s. 1; 1973, c. 870, s. 1; 1975, c. 370, s. 2; 1983, c. 330, s. 2; 1985, c. 599, ss. 2, 3; 1989 (Reg. Sess., 1990), c. 1012,

Sess., 1984), c. 936; (As to Article 24) Charlotte-Mecklenburg Board of Education: 1993, c. 167, s. 1; Vance County Board of Education: 1987 (Reg. Sess., 1988), c. 974, ss. 3, 4.

Editor's Note. — Session Laws 1989, c. 1012, s. 3, as amended by 1999-227, s. 3 contains findings of the General Assembly regarding the challenges of using census data for redistricting, in light of the possibility that census-related litigation may not be resolved until the middle of the redistricting process, or perhaps even while filing is already open for municipal offices in cities with a district system.

Session Laws 2006-192, s. 1(a) and (b), provides: "(a) The State Board of Elections shall select local jurisdictions in which to conduct a pilot program during the 2007 and 2008 elections for local offices using instant runoff voting. The State Board shall select:

"(1) Up to 10 cities for the 2007 elections.

"(2) Up to 10 counties for the 2008 elections.

"In selecting those local jurisdictions, the State Board shall seek diversity of population size, regional location, and demographic composition. The pilot shall be conducted only with the concurrence of the county board of elections that conducts elections for the local jurisdiction. If a city is selected that has voters in more than one county, the concurrence of all the county boards of elections that conduct that city's elections is required. The pilot program shall consist of using instant runoff voting as the method for determining the winner or winners of a partisan primary or a nonpartisan election that normally uses nonpartisan election and runoff or nonpartisan primary and election. Instant runoff voting may also be used to determine results in an election where nonpartisan plurality elections are normally used, but only if the governing board of the local jurisdiction concurs.

"As used in this section, 'instant runoff voting' means a system in which voters rank up to three of the candidates by order of preference, first, second, or third. If the candidate with the most first-choice votes receives the threshold of victory of the first-choice votes, that candidate

wins. If no candidate receives the threshold of victory of first-choice votes, the two candidates with the greatest number of first-choice votes advance to a second round of counting. In this round, each ballot counts as a vote for whichever of the two final candidates is ranked highest by the voter. The candidate with the most votes in the second round wins the election.

"The threshold of victory of first-choice votes for a partisan primary shall be forty percent (40%) plus one vote. The threshold of victory for a nonpartisan election and runoff or nonpartisan primary and election shall be a majority of the vote. The threshold of victory in a contest that normally uses nonpartisan plurality shall be determined by the State Board with the concurrence of the county board of elections and the local governing board.

"If more than one seat is to be filled in the same race, the voter votes the same way as if one seat were to be filled. The counting is the same as when one seat is to be filled, with one or two rounds as needed, except that counting is done separately for each seat to be filled. The first counting results in the first winner. Then the second count proceeds without the name of the first winner. This process results in the second winner. For each additional seat to be filled, an additional count is done without the names of the candidates who have already won.

"Other details of instant runoff voting are as described in House Bill 1024 (First Edition) of the 2005 Regular Session of the General Assembly, with modifications the State Board deems necessary, in primaries and/or elections for city offices, for county offices, or for both. Those modifications may include giving the voter more than three choices in case of multi-seat contests. The State Board shall not use instant runoff voting in a primary or election for an office unless the entire electorate for the office uses the same method.

"(b) The State Board of Elections shall closely monitor the pilot program established in this section and report its findings and recommendations to the 2007 General Assembly."

Effect of Amendments. — Session Laws 2006-192, s. 4, effective January 1, 2007, in subdivision (2), deleted "his" preceding "notice", substituted "third" for "first" and substituted "July" for "August".

§ 163-292. Determination of election results in cities using the plurality method.

In conducting nonpartisan elections and using the plurality method, elections shall be determined in accordance with the following rules:

- (1) When more than one person is seeking election to a single office, the candidate who receives the highest number of votes shall be declared elected.
- (2) When more persons are seeking election to two or more offices (constituting a group) than there are offices to be filled, those candidates receiving the highest number of votes, equal in number to the number of offices to be filled, shall be declared elected.
- (3) If two or more candidates receiving the highest number of votes each receive the same number of votes, the board of elections shall determine the winner by lot. (1971, c. 835, s. 1.)

§ 163-293. Determination of election results in cities using the election and runoff election method.

(a) Except as otherwise provided in this section, nonpartisan municipal elections in cities using the election and runoff election method shall be determined by a majority of the votes cast. A majority within the meaning of this section shall be determined as follows:

- (1) When more than one person is seeking election to a single office, the majority shall be ascertained by dividing the total vote cast for all candidates by two. Any excess of the sum so ascertained shall be a majority, and the candidate who obtains a majority shall be declared elected.
- (2) When more persons are seeking election to two or more offices (constituting a group) than there are offices to be filled, the majority shall be ascertained by dividing the total vote cast for all candidates by the number of offices to be filled, and by dividing the result by two. Any excess of the sum so ascertained shall be a majority, and the candidates who obtain a majority shall be declared elected. If more candidates obtain a majority than there are offices to be filled, those having the highest vote (equal to the number of offices to be filled) shall be declared elected.

(b) If no candidate for a single office receives a majority of the votes cast, or if an insufficient number of candidates receives a majority of the votes cast for a group of offices, a runoff election shall be held as herein provided:

- (1) If no candidate for a single office receives a majority of the votes cast, the candidate receiving the highest number of votes shall be declared elected unless the candidate receiving the second highest number of votes requests a runoff election in accordance with subsection (c) of this section. In the runoff election only the names of the two candidates who received the highest and next highest number of votes shall be printed on the ballot.
- (2) If candidates for two or more offices (constituting a group) are to be selected and aspirants for some or all of the positions within the group do not receive a majority of the votes, those candidates equal in number to the positions remaining to be filled and having the highest number of votes shall be declared elected unless some one or all of the candidates equal in number to the positions remaining to be filled and having the second highest number of votes shall request a runoff election in accordance with subsection (c) of this section. In the runoff election to elect candidates for the positions in the group remaining to

be filled, the names of all those candidates receiving the highest number of votes and demanding a runoff election shall be printed on the ballot.

(c) The canvass of the first election shall be held on the seventh day after the election. A candidate entitled to a runoff election may do so by filing a written request for a runoff election with the board of elections no later than 12:00 noon on the Thursday after the result of the first election has been officially declared. In accepting the filing of complaints concerning the conduct of an election, a board of elections shall be subject to the rules concerning Sundays and holidays set forth in G.S. 103-5.

(d) Tie votes; how determined:

- (1) If there is a tie for the highest number of votes in a first election, the board of elections shall conduct a recount and declare the results. If the recount shows a tie vote, a runoff election between the two shall be held unless one of the candidates, within three days after the result of the recount has been officially declared, files a written notice of withdrawal with the board of elections. Should that be done, the remaining candidate shall be declared elected.
- (2) If one candidate receives the highest number of votes cast in a first election, but short of a majority, and there is a tie between two or more of the other candidates receiving the second highest number of votes, the board of elections shall declare the candidate having the highest number of votes to be elected, unless all but one of the tied candidates give written notice of withdrawal to the board of elections within three days after the result of the first election has been officially declared. If all but one of the tied candidates withdraw within the prescribed three-day period, and the remaining candidate demands a runoff election in accordance with subsection (c) of this section, a runoff election shall be held between the candidate who received the highest vote and the remaining candidate who received the second highest vote.

(e) Runoff elections shall be held on the date fixed in G.S. 163-279(a)(4). Persons whose registrations become valid between the date of the first election and the runoff election shall be entitled to vote in the runoff election, but in all other respects the runoff election shall be held under the laws, rules, and regulations provided for the first election.

(f) A second runoff election shall not be held. The candidates receiving the highest number of votes in a runoff election shall be elected. If in a runoff election there is a tie for the highest number of votes between two candidates, the board of elections shall determine the winner by lot. (1971, c. 835, s. 1; 1973, c. 793, s. 90; 1995 (Reg. Sess., 1996), c. 553, s. 3; 2003-278, s. 10(g).)

CASE NOTES

§ 163-294. Determination of election results in cities using nonpartisan primaries.

(a) In cities whose elections are nonpartisan and who use the nonpartisan primary and election method, there shall be a primary to narrow the field of

candidates to two candidates for each position to be filled if, when the filing period closes, there are more than two candidates for a single office or the number of candidates for a group of offices exceeds twice the number of positions to be filled. If only one or two candidates file for a single office, no primary shall be held for that office and the candidates shall be declared nominated. If the number of candidates for a group of offices does not exceed twice the number of positions to be filled, no primary shall be held for those offices and the candidates shall be declared nominated.

(b) In the primary, the two candidates for a single office receiving the highest number of votes, and those candidates for a group of offices receiving the highest number of votes, equal to twice the number of positions to be filled, shall be declared nominated. In both the primary and election, a voter should not mark more names for any office than there are positions to be filled by election. If two or more candidates receiving the highest number of votes each received the same number of votes, the board of elections shall determine their relative ranking by lot, and shall declare the nominees accordingly. The canvass of the primary shall be held on the seventh day following the primary. In accepting the filing of complaints concerning the conduct of an election, a board of elections shall be subject to the rules concerning Sundays and holidays set forth in G.S. 103-5.

(c) In the election, the names of those candidates declared nominated without a primary and those candidates nominated in the primary shall be placed on the ballot. The candidate for a single office receiving the highest number of votes shall be elected. Those candidates for a group of offices receiving the highest number of votes, equal in number to the number of positions to be filled, shall be elected. If two candidates receiving the highest number of votes each received the same number of votes, the board of elections shall determine the winner by lot. (1971, c. 835, s. 1; 1991, c. 341, s. 1; 1995 (Reg. Sess., 1996), c. 553, s. 4; 2001-460, s. 6; 2003-278, s. 10(h).)

§ 163-294.1. Death of candidates or elected officers.

(a) This section shall apply only to municipal and special district elections.

(b) If a candidate for political party nomination for office dies, becomes disqualified, or withdraws before the primary but after the ballots have been printed, the provisions of G.S. 163-112 shall govern.

If a candidate for nomination in a nonpartisan municipal primary dies, becomes disqualified, or withdraws before the primary but after the ballots have been printed, the board of elections shall determine whether or not there is time to reprint the ballots. If the board determines that there is not enough time to reprint the ballots, the deceased or disqualified candidate's name shall remain on the ballots. If he receives enough votes for nomination, such votes shall be disregarded and the candidate receiving the next highest number of votes below the number necessary for nomination shall be declared nominated. If the death or disqualification of the candidate leaves only two candidates for each office to be filled, the nonpartisan primary shall not be held and all candidates shall be declared nominees.

If a nominee for political party nomination dies, becomes disqualified, or withdraws after the primary and before election day, the provisions of G.S. 163-114 shall govern.

If a candidate in a nonpartisan election dies, becomes disqualified, or withdraws before election day and after the ballots have been printed, the board of elections shall determine whether there is enough time to reprint the ballots. If there is not enough time to reprint the ballots, and should the deceased or disqualified candidate receive enough votes to be elected, the board of elections shall declare the office vacant, and it shall be filled as provided by law.

(c) If a person elected to any city office dies, becomes disqualified, or resigns on or after election day and before he has qualified by taking the oath of office, the office shall be deemed vacant, and shall be filled as provided by law.

(d) A vacancy that occurs in a municipal or special district elective office shall be filled by the governing body as provided in G.S. 160A-63. In the case of a special district, the words "city council" as used in G.S. 160A-63, shall mean the governing body of the special district. (1971, c. 835, s. 1; 1985, c. 619.)

§ 163-294.2. Notice of candidacy and filing fee in nonpartisan municipal elections.

(a) Each person offering himself as a candidate for election to any municipal office in municipalities whose elections are nonpartisan shall do so by filing a notice of candidacy with the board of elections in the following form, inserting the words in parentheses when appropriate:

"Date _____;

I hereby file notice that I am a candidate for election to the office
of _____ (at large) (for the _____ Ward) in the regular
municipal election to be held in _____ on _____,
(municipality)

Signed _____
(Name of Candidate)

Witness: _____

FOR THE BOARD OF ELECTIONS"

The notice of candidacy shall be either signed in the presence of the chairman or secretary of the board of elections or the director of elections of that county, or signed and acknowledged before an officer authorized to take acknowledgments who shall certify the notice under seal. An acknowledged and certified notice may be mailed to the board of elections. The candidate shall sign the notice of candidacy with his legal name and, in his discretion, any nickname by which he is commonly known, in the form that he wishes it to appear upon the ballot but substantially as follows: "Richard D. (Dick) Roc." A candidate may also, in lieu of his legal first name and legal middle initial or middle name (if any) sign his nickname, provided that he appends to the notice of candidacy an affidavit that he has been commonly known by that nickname for at least five years prior to the date of making the affidavit, and notwithstanding the previous sentence, if the candidate has used his nickname in lieu of first and middle names as permitted by this sentence, unless another candidate for the same office who files a notice of candidacy has the same last name, the nickname shall be printed on the ballot immediately before the candidate's surname but shall not be enclosed by parentheses. If another candidate for the same office who filed a notice of candidacy has the same last name, then the candidate's name shall be printed on the ballot in accordance with the next sentence of this subsection. The candidate shall also include with the affidavit the way his name (as permitted by law) should be listed on the ballot if another candidate with the same last name files a notice of candidacy for that office.

(b) Only persons who are registered to vote in the municipality shall be permitted to file notice of candidacy for election to municipal office. The board of elections shall inspect the voter registration lists immediately upon receipt of the notice of candidacy and shall cancel the notice of candidacy of any candidate who is not eligible to vote in the election. The board shall give notice of cancellation to any candidate whose notice of candidacy has been cancelled

under this subsection by mail or by having the notice served on him by the county sheriff.

(c) Candidates seeking municipal office shall file their notices of candidacy with the board of elections no earlier than 12:00 noon on the first Friday in July and no later than 12:00 noon on the third Friday in July preceding the election, except:

- (1) In 2001 candidates seeking municipal office in any city which elects members of its governing board on a district basis, or requires that candidates reside in a district in order to run, shall file their notices of candidacy with the board of elections no earlier than 12:00 noon on the fourth Monday in July and no later than 12:00 noon on the second Friday in August preceding the election; and
- (2) In 2002 if the election is held then under G.S. 160A-23.1, candidates seeking municipal office shall file their notices of candidacy with the board of elections at the same time as notices of candidacy for county officers are required to be filed under G.S. 163-106.

Notices of candidacy which are mailed must be received by the board of elections before the filing deadline regardless of the time they were deposited in the mails.

(d) Any person may withdraw his notice of candidacy at any time prior to the filing deadline prescribed in subsection (c), and shall be entitled to a refund of his filing fee if he does so.

(e) The filing fee for the primary or election shall be fixed by the governing board not later than the day before candidates are permitted to begin filing notices of candidacy. There shall be a minimum filing fee of five dollars (\$5.00). The governing board shall have the authority to set the filing fee at not less than five dollars (\$5.00) nor more than one percent (1%) of the annual salary of the office sought unless one percent (1%) of the annual salary of the office sought is less than five dollars (\$5.00), in which case the minimum filing fee of five dollars (\$5.00) will be charged. The fee shall be paid to the board of elections at the time notice of candidacy is filed.

(f) No person may file a notice of candidacy for more than one municipal office at the same election. If a person has filed a notice of candidacy for one office with the board of elections under this section, then a notice of candidacy may not later be filed for any other municipal office for the election unless the notice of candidacy for the first office is withdrawn first. Effect of Amendments. — Session Laws 2006-192, s. 5, effective January 1, 2007, and applicable to all primaries and elections conducted on or after January 1, 2007, in the introductory language of subsection (c), substituted "third" for "first" and "July" for "August".

§ 163-294.3. Sole candidates to be voted upon in nonpartisan municipal elections.

Each candidate for municipal office in nonpartisan municipal elections shall be voted upon, even though only one candidate has filed or has been nominated for a given office, in order that the voters may have the opportunity to cast write-in votes under the general election laws. (1971, c. 835, s. 1.)

§ 163-294.4. Failure of candidates to file; death of a candidate before election.

(a) If in a nonpartisan municipal election, when the filing period expires, candidates have not filed for all offices to be filled, the board of elections may extend the filing period for five days.

(b) If at the time the filing period closes only two persons have filed notice of candidacy for election to a single office or only as many persons have filed notices of candidacy for group offices as there are offices to be filled, and thereafter one of the candidates dies before the election and before the ballots are printed, the board of elections shall, upon notification of the death, immediately reopen the filing period for an additional five days during which time additional candidates shall be permitted to file for election. If the ballots have been printed at the time the board of elections receives notice of the candidate's death, the board shall determine whether there will be sufficient time to reprint them before the election if the filing period is reopened for three days. If the board determines that there will be sufficient time to reprint the ballots, it shall reopen the filing period for three days to allow other candidates to file for election.

(c) If the ballots have been printed at the time the board of elections receives notice of a candidate's death, and if the board determines that there is not enough time to reprint the ballots before the election if the filing period is reopened for three days, then, regardless of the number of candidates remaining for the office, the ballots shall not be reprinted and the name of the deceased candidate shall remain on the ballots. If a deceased candidate should poll the highest number of votes in the election, even though short of a majority the board of elections shall declare the office vacant and it shall be filled in the manner provided by law. If no candidate in an election receives a majority of the votes cast and the second highest vote is cast for a deceased candidate, no runoff election shall be held, but the board of elections shall declare the candidate receiving the highest vote to be elected. (1971, c. 835, s. 1.)

§ 163-295. Municipal and special district elections; application of Chapter 163.

To the extent that the laws, rules and procedures applicable to the conduct of primary, general or special elections by county boards of elections under Articles 3, 4, 5, 6, 7A, 8, 9, 10, 11, 11B, 12, 13, 14, 15, 19 and 22 of this Chapter are not inconsistent with the provisions of this Article, those laws, rules and procedures shall apply to municipal and special district elections and their conduct by the board of elections conducting those elections. The State Board of Elections shall have the same authority over all such elections as it has over

county and State elections under those Articles. (1971, c. 835, s. 1; 1973, c. 793, s. 91; 1993 (Reg. Sess., 1994), c. 762, s. 68; 2006-155, s. 5.)

Editor’s Note. — Session Laws 2006-155, s. 7, is a severability clause.
Effect of Amendments. — Session Laws 2006-155, s. 5, effective January 1, 2007, and applicable to actions filed on or after January 1, 2007, inserted “11B” in the middle of the first sentence.

§ 163-296. Nomination by petition.

In cities conducting partisan elections, any qualified voter who seeks to have his name printed on the regular municipal election ballot as an unaffiliated candidate may do so in the manner provided in G.S. 163-122, except that the petitions and affidavits shall be filed not later than 12:00 noon on the Friday preceding the seventh Saturday before the election, and the petitions shall be signed by a number of qualified voters of the municipality equal to at least four percent (4%) of the whole number of voters qualified to vote in the municipal election according to the voter registration records of the State Board of Elections as of January 1 of the year in which the general municipal election is held. A person whose name appeared on the ballot in a primary election is not eligible to have his name placed on the regular municipal election ballot as an unaffiliated candidate for the same office in that year. The Board of Elections shall examine and verify the signatures on the petition, and shall certify only the names of signers who are found to be qualified registered voters in the municipality. Provided that in the case where a qualified voter seeks to have his name printed on the regular municipal election ballot as an unaffiliated candidate for election from an election district within the municipality, the petition shall be signed by four percent (4%) of the voters qualified to vote for that office. (1971, c. 835, s. 1; 1979, c. 23, ss. 2, 4, 5; c. 534, ss. 3, 4; 1989, c. 402; 1991, c. 297, s. 2; 2004-127, s. 8(b); 2006-264, s. 21.)

Editor’s Note. — The bracketed “[Elections]” and “[municipal]” were inserted near the end of the first sentence at the direction of the Revisor of Statutes to reflect the apparent intention of the Legislature.
Effect of Amendments. — Session Laws 2006-264, s. 21, effective August 27, 2006, near the end of the first sentence, inserted “Elections” and “municipal”.

§ 163-297. Structure at voting place; marking off limits of voting place.

Precincts in which municipal primaries and elections are conducted shall conform, in all regards, to the requirements stipulated in G.S. 163-129 and all other provisions contained in Chapter 163 relating to county and State elections. (1971, c. 835, s. 1.)

§ 163-298. Municipal primaries and elections.

The phrases “county board of elections,” and “chairman of the board of elections” as used in this Article, with respect to all municipal primaries and elections, shall mean the municipal board of elections and its chairman in those cities and towns which conduct their own elections, and the county board of elections and its chairman in those cities and towns whose elections are conducted by the county board of elections. The words “general election,” as used in this Article, shall include regular municipal elections, runoff elections, and nonpartisan primaries, except where specific provision is made for municipal elections and nonpartisan primaries. (1971, c. 835, s. 1.)

§ 163-299. Ballots; municipal primaries and elections.

(a) The ballots printed for use in general and special elections under the provisions of this Article shall contain:

(1) The names of all candidates who have been put in nomination in accordance with the provisions of this Chapter by any political party recognized in this State, or, in nonpartisan municipal elections, the names of all candidates who have filed notices of candidacy or who have been nominated in a nonpartisan primary.

(2) The names of all persons who have qualified as unaffiliated candidates under the provisions of G.S. 163-296.

(3) All questions, issues and propositions to be voted on by the people.

(b) The form of municipal ballots to be used in partisan municipal elections shall be the same as the form prescribed in this Chapter for the county ballot.

(c) The names of candidates for nomination or election in municipal primaries or elections shall be placed on the ballot in strict alphabetical order, unless the municipal governing body has adopted a resolution no later than 60 days prior to a primary or election requesting that candidates' names be rotated on ballots. In the event such a resolution has been adopted, then the board of elections responsible for printing the ballots shall have them printed so that the name of each candidate shall, as far as practicable, occupy alternate positions on the ballot; to that end the name of each candidate shall occupy with reference to the name of every other candidate for the same office, first position, second position and every other position, if any, upon an equal number of ballots, and the ballots shall be distributed among the precinct voting places impartially and without discrimination.

(d) The provisions of Articles 14A and 15A of this Chapter shall apply to ballots used in municipal primaries and elections in the same manner as it is applied to county ballots.

(e) The rules contained in G.S. 163-182.1 and G.S. 163-182.2 for counting primary ballots shall be followed in counting ballots in municipal primaries and nonpartisan primaries.

(f) The requirements contained in G.S. 163-182.2(b) shall apply to all municipal elections.

(g) The county or municipal board of elections shall, in addition to the requirements contained in G.S. 163-182.5 canvass the results in a nonpartisan municipal primary, election or runoff election, and in a special district election, the number of legal votes cast in each precinct for each candidate, the name of each person voted for, and the total number of votes cast in the municipality or special district for each person for each different office. (1971, c. 835, s. 1; 1979, c. 534, s. 4; c. 806; 2001-398, ss. 10 - 12; 2001-460, ss. 7, 8; 2004-127, s. 5.)

§ 163-300. Disposition of duplicate abstracts in municipal elections.

Within nine days after a primary or election is held in any municipality, the chairman of the county or municipal board of elections shall mail to the chairman of the State Board of Elections, the duplicate abstract prepared in accordance with G.S. 163-182.6. One copy shall be retained by the county or municipal board of elections as a permanent record and one copy shall be filed with the city clerk. (1971, c. 835, s. 1; 2001-398, s. 13; 2003-278, s. 10(i).)

§ 163-301. Chairman of election board to furnish certificate of elections.

Not earlier than five days nor later than 10 days after the results of any municipal election have been officially determined and published in accordance

with G.S. 163-182.5, the chairman of the county or municipal board of elections shall issue certificates of election, under the hand and seal of the chairman, to all municipal and special district officers. In issuing such certificates of election the chairman shall be restricted by the provisions of G.S. 163-182.14. (1971, c. 835, s. 1; 2001-398, s. 14.)

§ 163-302. Absentee voting.

(a) In any municipal election, including a primary or general election or referendum, conducted by the county board of elections, absentee voting may, upon resolution of the municipal governing body, be permitted. Such resolution must be adopted no later than 60 days prior to an election in order to be effective for that election. Any such resolution shall remain effective for all future elections unless repealed no later than 60 days before an election. A copy of all resolutions adopted under this section shall be filed with the State Board of Elections and the county board of elections conducting the election within 10 days of passage in order to be effective. Absentee voting shall not be permitted in any municipal election unless such election is conducted by the county board of elections. In addition, absentee voting shall be allowed in any referendum on incorporation of a municipality.

(b) The provisions of Articles 20 and 21 of this Chapter shall apply to absentee voting in municipal elections, special district elections, and other elections for an area less than an entire county other than elections for the General Assembly, except that the earliest date by which absentee ballots shall be required to be available for absentee voting in such elections shall be 30 days prior to the primary or election or as quickly following the filing deadline specified in G.S. 163-291(2) or G.S. 163-294.2(c) as the county board of elections is able to secure the official ballots. In elections on incorporation of a municipality not held at the same time as another election in the same area, the county board of elections shall adopt a special schedule of meetings of the county board of elections to approve absentee ballot applications so as to reduce the cost of the process, and to further implement the last paragraph of G.S. 163-230(2)a. If no application has been received since the last meeting, no meeting shall be held of the county board of elections under such schedule unless the meeting is scheduled for another purpose. If another election is being held in the same area on the same day, or elsewhere in the county, the cost of per diem for meetings of the county board of elections to approve absentee ballots shall not be considered a cost of the election to be billed to the municipality being created. (1971, c. 835, s. 1; 1975, c. 370, s. 1; c. 836; 1977, c. 475, s. 1; 1983, c. 324, s. 6; 1991 (Reg. Sess., 1992), c. 933, s. 1.)

Sess., 1984), c. 935; town of 1993); town of Waynesville: 1987, c. 338, s. 8; Hazelwood: 1987, c. 338, s. 8; town of Alamance County Board of Elections: 1998-151, s. 9.6; Union County Board of Elections: 1998-151, s. 9.6; Mooresville: 1987, c. 359; town of Old Fort: 1993, c. 35, s. 1 (effective July 1, 1993 with 151, s. 9.6).

§ 163-303: Repealed by Session Laws 1977, c. 265, s. 19.

§ 163-304. State Board of Elections to have jurisdiction over municipal elections and election officials, and to advise; emergency and ongoing administration by county board.

(a) Authority and Duty of State Board. — The State Board of Elections shall have the same authority over municipal elections and election officials as it has

over county and State elections and election officials. The State Board of Elections shall advise and assist cities, towns, incorporated villages and special districts, municipal boards of elections, their members and legal officers on the conduct and administration of their elections and registration procedure.

The municipal council shall provide written notification to the State Board of Elections of the appointment of each member of its municipal board of elections within five days after the appointment. The municipal board of elections and the municipal council shall provide such other information about the municipal board of elections as the State Board may require. Members of the municipal board of elections and municipal elections officials shall participate in training provided by the State Board pursuant to G.S. 163-82.24. The State Board shall provide the same training, materials, and assistance to municipal boards of elections that it provides to county boards of elections.

The county and municipal boards of elections shall be governed by the same rules for settling controversies with respect to counting ballots or certification of the returns of the vote in any municipal or special district election as are in effect for settling such controversies in county and State elections.

(b) **Emergency Administration if Municipal Board Is Not Appointed.**— If a municipal council in a municipality that has elected pursuant to G.S. 163-285 to conduct its own elections has not appointed a municipal board of elections and reported the appointments to the Executive Director by June 1 in the year in which the municipal election is to occur, the Executive Director shall notify the municipal council that, unless a municipal board of elections is appointed and the Executive Director notified of its appointment by June 15 of that year, the county board of elections shall be ordered to conduct that municipality's elections that year on an emergency basis. If the municipal council does not so appoint and so notify by June 15, the Executive Director shall order the county board of elections to conduct the municipality's elections that year on an emergency basis.

(c) **Emergency Administration Due to Serious Violations.**— If a municipal council or municipal board of elections has committed violations of the applicable portions of this Chapter prior to a municipal election and those violations are of such magnitude as to give rise to reasonable doubt as to the ability of the municipal board of elections to conduct that election with competence and fairness, the Executive Director of the State Board, with the approval of at least four members of the State Board, may order the county board of elections to conduct the remainder of that election on an emergency basis. Before an order is made under this subsection, the municipal council and municipal board of elections shall be given an opportunity to be heard by the State Board.

(d) **Permanent County Administration.**— The State Board of Elections may designate the county board of elections as the permanent agency to conduct a municipality's elections if all the following conditions are met:

- (1) In more than one election conducted by that municipality either (i) the municipality's elections have been administered on an emergency basis pursuant to subsection (b) or (c) of this section or (ii) a new election has been ordered because of irregularities in the municipality's administration of the election.
- (2) The State Board finds that the interest of the residents of the municipality in fair and competent administration of elections requires that the municipality not conduct its own elections.
- (3) The municipal council and municipal board of elections are given an opportunity to be heard before the State Board.
- (4) The State Board by a vote of at least four of its members designates the county board of elections as the permanent agency to conduct that municipality's elections.

The municipal council may not elect to conduct its own elections under G.S. 163-285 if the State Board has designated the county board of elections under this subsection as the permanent agency to conduct the municipality's elections.

(e) Reimbursement.— If the county board of elections administers a municipality's elections pursuant to subsection (b), (c), or (d) of this section, the municipality shall reimburse the county board of elections in the manner set forth in G.S. 163-285. (1971, c. 835, s. 1; 1973, c. 793, s. 92; 1999-426, s. 6(a); 2001-319, s. 11; 2001-374, s. 3.)

SUBCHAPTER X. ELECTION OF APPELLATE, SUPERIOR, AND DISTRICT COURT JUDGES.

ARTICLE 25.

Nomination and Election of Appellate, Superior, and District Court Judges.

§ 163-321. Applicability.

The nomination and election of justices of the Supreme Court, judges of the Court of Appeals, and superior and district court judges of the General Court of Justice shall be as provided by this Article. (1996, 2nd Ex. Sess., c. 9, s. 7; 2001-403, s. 1; 2002-158, s. 7.)

Editor's Note. — Session Laws 1996, Second Extra Session, c. 9, s. 24, makes this subchapter effective with respect to elections

conducted in 1998 and thereafter.
Session Laws 1996, Second Extra Session, c. 9, s. 23, provides: "Part 1 of this act becomes

effective only if Parts 1 and 2 of this act are both effective under section 5 of the Voting Rights Act of 1965." Preclearance was received from the U.S. Department of Justice by letter dated October 1, 1996.

Session Laws 2002-158, s. 15, contains a severability clause.

Session Laws 2002-158, s. 15.1, states that nothing in this act obligates the General Assembly to appropriate funds to implement the provisions of the act now or in the future.

§ 163-322. Nonpartisan primary election method.

(a) General. — Except as provided in G.S. 163-329, there shall be a primary to narrow the field of candidates to two candidates for each position to be filled if, when the filing period closes, there are more than two candidates for a single office or the number of candidates for a group of offices exceeds twice the number of positions to be filled. If only one or two candidates file for a single office, no primary shall be held for that office and the candidates shall be declared nominated. If the number of candidates for a group of offices does not exceed twice the number of positions to be filled, no primary shall be held for those offices and the candidates shall be declared nominated.

(b) Determination of Nominees. — In the primary, the two candidates for a single office receiving the highest number of votes, and those candidates for a group of offices receiving the highest number of votes, equal to twice the number of positions to be filled, shall be declared nominated. If two or more candidates receiving the highest number of votes each receive the same number of votes, the State Board of Elections shall determine their relative ranking by lot, and shall declare the nominees accordingly. The canvass of the primary shall be held on the same date as the primary canvass fixed under G.S. 163-182.5. The canvass shall be conducted in accordance with Article 15A of this Chapter.

(c) Determination of Election Winners. — In the election, the names of those candidates declared nominated without a primary and those candidates nominated in the primary shall be placed on the ballot. The candidate for a single office receiving the highest number of votes shall be elected. Those candidates for a group of offices receiving the highest number of votes, equal in number to the number of positions to be filled, shall be elected. If two candidates receiving the highest number of votes each received the same number of votes, the State Board of Elections shall determine the winner by lot. (1996, 2nd Ex. Sess., c. 9, s. 7; 2003-278, s. 10(j).)

§ 163-323. Notice of candidacy.

(a) Form of Notice. — Each person offering to be a candidate for election shall do so by filing a notice of candidacy with the State Board of Elections in the following form, inserting the words in parentheses when appropriate:

Date _____

I hereby file notice that I am a candidate for election to the office of _____
in the regular election to be held _____, _____.

Signed _____

(Name of Candidate)

Witness: _____

The notice of candidacy shall be either signed in the presence of the chairman or secretary of the State Board of Elections, or signed and acknowledged before an officer authorized to take acknowledgments who shall certify the notice under seal. An acknowledged and certified notice may be mailed to the State Board of Elections. In signing a notice of candidacy, the candidate shall use only the candidate's legal name and, in his discretion, any nickname by which commonly known. A candidate may also, in lieu of that candidate's

first name and legal middle initial or middle name, if any, sign that candidate's nickname, provided the candidate appends to the notice of candidacy an affidavit that the candidate has been commonly known by that nickname for at least five years prior to the date of making the affidavit. The candidate shall also include with the affidavit the way the candidate's name (as permitted by law) should be listed on the ballot if another candidate with the same last name files a notice of candidacy for that office.

A notice of candidacy signed by an agent or any person other than the candidate himself shall be invalid.

(b) Time for Filing Notice of Candidacy. — Candidates seeking election to the following offices shall file their notice of candidacy with the State Board of Elections no earlier than 12:00 noon on the second Monday in February and no later than 12:00 noon on the last business day in February preceding the election:

Justices of the Supreme Court.

Judges of the Court of Appeals.

Judges of the superior courts.

Judges of the district courts.

(c) Withdrawal of Notice of Candidacy. — Any person who has filed a notice of candidacy for an office shall have the right to withdraw it at any time prior to the date on which the right to file for that office expires under the terms of subsection (b) of this section.

(d) Certificate That Candidate Is Registered Voter. — Candidates shall file along with their notice a certificate signed by the chairman of the board of elections or the director of elections of the county in which they are registered to vote, stating that the person is registered to vote in that county, and if the candidacy is for superior court judge and the county contains more than one superior court district, stating the superior court district of which the person is a resident. In issuing such certificate, the chairman or director shall check the registration records of the county to verify such information. During the period commencing 36 hours immediately preceding the filing deadline, the State Board of Elections shall accept, on a conditional basis, the notice of candidacy of a candidate who has failed to secure the verification ordered herein subject to receipt of verification no later than three days following the filing deadline. The State Board of Elections shall prescribe the form for such certificate, and distribute it to each county board of elections no later than the last Monday in December of each odd-numbered year.

(e) Candidacy for More Than One Office Prohibited. — No person may file a notice of candidacy for more than one office or group of offices described in subsection (b) of this section, or for an office or group of offices described in subsection (b) of this section and an office described in G.S. 163-106(c), for any one election. If a person has filed a notice of candidacy with a board of elections under this section or under G.S. 163-106(c) for one office or group of offices, then a notice of candidacy may not later be filed for any other office or group of offices under this section when the election is on the same date unless the notice of candidacy for the first office is withdrawn under subsection (c) of this section.

(f) Notice of Candidacy for Certain Offices to Indicate Vacancy. — In any election in which there are two or more vacancies for the office of justice of the Supreme Court, judge of the Court of Appeals, or district court judge to be filled by nominations, each candidate shall, at the time of filing notice of candidacy, file with the State Board of Elections a written statement designating the vacancy to which the candidate seeks election. Votes cast for a candidate shall be effective only for election to the vacancy for which the candidate has given notice of candidacy as provided in this subsection.

A person seeking election for a specialized district judgeship established under G.S. 7A-147 shall, at the time of filing notice of candidacy, file with the

State Board of Elections a written statement designating the specialized judgeship to which the person seeks nomination.

(g) No person may file a notice of candidacy for superior court judge unless that person is at the time of filing the notice of candidacy a resident of the judicial district as it will exist at the time the person would take office if elected. No person may be nominated as a superior court judge under G.S. 163-114 unless that person is at the time of nomination a resident of the judicial district as it will exist at the time the person would take office if elected. This subsection implements Article IV, Section 9(1) of the North Carolina Constitution which requires regular Superior Court Judges to reside in the district for which elected. (1996, 2nd Ex. Sess., c. 9, s. 7; 1998-217, s. 36(a); 2001-403, s. 1; 2001-466, s. 5.1(b); 2002-158, s. 7; 2002-159, s. 21(g).)

Editor's Note. — Session Laws 2002-158, s. 15, contains a severability clause. Session Laws 2002-158, s. 15.1, states that

nothing in this act obligates the General Assembly to appropriate funds to implement the provisions of the act now or in the future.

CASE NOTES

The trial court properly refused to declare this section and § 163-106 unconstitutional although, taken together, they created a “loophole” which allowed a candidate to run for a superior court seat and another office on the same election day, regardless of the filing periods; the provisions did not create a benefit to lawyers while denying non-lawyers the equal

protection of the law, did not remove the election process from the hands of the voters, and did not allow dual officeholding in violation of Art. VI, § 9 of the North Carolina Constitution, although they did allow dual candidacy. *Comer v. Ammons*, 135 N.C. App. 531, 522 S.E.2d 77, 1999 N.C. App. LEXIS 1179 (1999).

§ 163-324. Filing fees required of candidates; refunds.

(a) Fee Schedule. — At the time of filing a notice of candidacy under this Article, each candidate shall pay to the State Board of Elections a filing fee for the office he seeks in the amount of one percent (1%) of the annual salary of the office sought.

(b) Refund of Fees. — If any person who has filed a notice of candidacy and paid the filing fee prescribed in subsection (a) of this section withdraws his notice of candidacy within the period prescribed in G.S. 163-323(c), he shall be entitled to have the fee he paid refunded. The chairman of the State Board of Elections shall cause a warrant to be drawn on the State Treasurer for the refund payment.

If any person who has filed a notice of candidacy and paid the filing fee prescribed in subsection (a) of this section dies prior to the date of the election, the personal representative of the estate shall be entitled to have the fee refunded if application is made to the board of elections to which the fee was paid no later than one year after the date of death, and refund shall be made in the same manner as in withdrawal of notice of candidacy. (1996, 2nd Ex. Sess., c. 9, s. 7.)

§ 163-325. Petition in lieu of payment of filing fee.

(a) General. — Any qualified voter who seeks election under this Article may, in lieu of payment of any filing fee required for the office he seeks, file a written petition requesting him to be a candidate for a specified office with the State Board of Elections.

(b) Requirements of Petition; Deadline for Filing. — If the candidate is seeking the office of justice of the Supreme Court, judge of the Court of Appeals, or superior or district court judge, that individual shall file a written petition

with the State Board of Elections no later than 12:00 noon on Monday preceding the filing deadline before the primary. If the office is justice of the Supreme Court or judge of the Court of Appeals, the petition shall be signed by 10,000 registered voters in the State. If the office is superior court or district court judge, the petition shall be signed by ten percent (10%) of the registered voters of the election area in which the office will be voted for. The board of elections shall verify the names on the petition, and if the petition and notice of candidacy are found to be sufficient, the candidate's name shall be printed on the appropriate ballot. Petitions must be presented to the county board of elections for verification at least 15 days before the petition is due to be filed with the State Board of Elections. § 163-327: Repealed by Session Laws 2006-192, s. 9(a), effective August 3, 2006, and applicable to vacancies occurring on or after August 3, 2006.

§ 163-327.1. Rules when vacancies for superior court judge are to be voted on.

If a vacancy occurs in a judicial district for any offices of superior court judge, and on account of the occurrence of such vacancy, there is to be an election for

one or more terms in that district to fill the vacancy or vacancies, at that same election in accordance with G.S. 163-9 and Article IV, Section 19 of the North Carolina Constitution, the nomination and election shall be determined by the following special rules in addition to any other provisions of law:

- (1) If the vacancy occurs prior to the opening of the filing period under G.S. 163-323(b), nominations shall be made by primary election as provided by this Article, without designation as to the vacancy.
- (2) If the vacancy occurs beginning on opening of the filing period under G.S. 163-323(b), and ending on the sixtieth day before the general election, candidate filing shall be as provided by G.S. 163-329 without designation as to the vacancy.
- (3) The general election ballot shall contain, without designation as to vacancy, spaces for the election to fill the vacancy where nominations were made or candidates filed under subdivision (1) or (2) of this section. Except as provided in G.S. 163-329, the persons receiving the highest numbers of votes equal to the term or terms to be filled shall be elected to the term or terms. (2001-460, s. 10; 2006-192, s. 8(b).)

Effect of Amendments. — Session Laws 2006-192, s. 8(b), effective August 3, 2006, and applicable to vacancies occurring on or after

that date, substituted “Except as provided in G.S. 163-329, the” for “The” at the beginning of the second sentence of subdivision (b)(3).

§ 163-328. Failure of candidates to file; death or other disqualification of a candidate; no withdrawal from candidacy.

(a) **Insufficient Number of Candidates.** — If when the filing period expires, candidates have not filed for an office to be filled under this Article, the State Board of Elections shall extend the filing period for five days for any such offices.

(a1) **Death or Disqualification of Candidate Before Primary.** — If a candidate for nomination in a primary dies or becomes disqualified before the primary but after the ballots have been printed, the State Board of Elections shall determine whether or not there is time to reprint the ballots. If the Board determines that there is not enough time to reprint the ballots, the deceased or disqualified candidate's name shall remain on the ballots. If that candidate receives enough votes for nomination, such votes shall be disregarded and the candidate receiving the next highest number of votes below the number necessary for nomination shall be declared nominated. If the death or disqualification of the candidate leaves only two candidates for each office to be filled, the nonpartisan primary shall not be held and all candidates shall be declared nominees.

(b) **Earlier Non-Primary Vacancies; Reopening Filing.** — If there is no primary because only one or two candidates have filed for a single office, or the number of candidates filed for a group of offices does not exceed twice the number of positions to be filled, or if a primary has occurred and eliminated candidates, and thereafter a remaining candidate dies or otherwise becomes disqualified before the election and before the ballots are printed, the State Board of Elections shall, upon notification of the death or other disqualification, immediately reopen the filing period for an additional five days during which time additional candidates shall be permitted to file for election. If the ballots have been printed at the time the State Board of Elections receives notice of the candidate's death or other disqualification, the Board shall determine whether there will be sufficient time to reprint them before the election if the filing period is reopened for three days. If the Board determines that there will be sufficient time to reprint the ballots, it shall reopen the filing

period for three days to allow other candidates to file for election, and that election shall be conducted as provided in G.S. 163-329(b1).

(c) **Later Vacancies; Ballots Not Reprinted.** — If the ballots have been printed at the time the State Board of Elections receives notice of a candidate's death or other disqualification, and if the Board determines that there is not enough time to reprint the ballots before the election if the filing period is reopened for three days, then regardless of the number of candidates remaining for the office or group of offices, the ballots shall not be reprinted and the name of the vacated candidate shall remain on the ballots. If a vacated candidate should poll the highest number of votes in the election for a single office or enough votes to be elected to one of a group of offices, the State Board of Elections shall declare the office vacant and it shall be filled in the manner provided by law.

(d) **No Withdrawal Permitted of Living, Qualified Candidate After Close of Filing.** — After the close of the candidate filing period, a candidate who has filed a notice of candidacy for the office, who has not withdrawn notice before the close of filing as permitted by G.S. 163-323(b), who remains alive, and has not become disqualified for the office may not withdraw his or her candidacy. That candidate's name shall remain on the ballot, any votes cast for the candidacy shall be counted in primary or election, and if the candidate wins, the candidate may fail to qualify by refusing to take the oath of office.

(e) **Death, Disqualification, or Failure to Qualify After Election.** — If a person elected to the office of justice of the Supreme Court, judge of the Court of Appeals, or superior or district court judge dies or becomes disqualified on or after election day and before he has qualified by taking the oath of office, or fails to qualify by refusing to take the oath of office, the office shall be deemed vacant and shall be filled as provided by law. (1996, 2nd Ex. Sess., c. 9, s. 7; 1999-424, s. 4(b); 2006-192, s. 9(b).)

Effect of Amendments. — Session Laws 2006-192, s. 9(b), effective August 3, 2006, and applicable to vacancies occurring on or after that date, substituted "candidate; no withdrawal from candidacy." for "candidate before election." in the section heading; added subdivision (a1); in subsection (b), substituted "Earlier Non-Primary Vacancies;" for "Death or Other Disqualification of Candidate;" in the subsection heading, inserted "or if a primary has occurred and eliminated candidates," and

"remaining" in the middle of the first sentence and, in the last sentence, substituted "that" for "such", and substituted "as provided in G.S. 163-329(b1)." for "on the plurality basis."; in subsection (c), substituted "Later Vacancies;" for "Vacancy Caused by Nominated Candidate;" in the subsection heading, substituted "death or" for "death," and deleted "or resignation," following "other disqualification,"; and added subsections (d) and (e).

§ 163-329. Elections to fill vacancy in office created after primary filing period opens.

(a) **General.** — If a vacancy is created in the office of justice of the Supreme Court, judge of the Court of Appeals, or judge of superior court after the filing period for the primary opens but more than 60 days before the general election, and under the Constitution of North Carolina an election is to be held for that position, such that the office shall be filled in the general election as provided in G.S. 163-9, the election to fill the office for the remainder of the term shall be conducted without a primary using the method provided in subsection (b1) of this section. If a vacancy is created in the office of justice of the Supreme Court, judge of the Court of Appeals, or judge of superior court before the filing period for the primary opens, and under the Constitution of North Carolina an election is to be held for that position, such that the office shall be filled in the general election as provided in G.S. 163-9, the election to fill the office for the remainder of the term shall be conducted in accordance with G.S. 163-322.

(b) Repealed by Session Laws 2006-192, s. 8(a), effective August 3, 2006, and applicable to vacancies occurring on or after that date.

(b1) Method for Vacancy Election. — If a vacancy for the office of justice of the Supreme Court, judge of the Court of Appeals, or judge of the superior court occurs more than 60 days before the general election and after the opening of the filing period for the primary, then the State Board of Elections shall designate a special filing period of one week for candidates for the office. If more than two candidates file and qualify for the office in accordance with G.S. 163-323, then the Board shall conduct the election for the office as follows:

- (1) When the vacancy described in this section occurs more than 63 days before the date of the second primary for members of the General Assembly, a special primary shall be held on the same day as the second primary. The two candidates with the most votes in the special primary shall have their names placed on the ballot for the general election held on the same day as the general election for members of the General Assembly.
- (2) When the vacancy described in this section occurs less than 64 days before the date of the second primary, a general election for all the candidates shall be held on the same day as the general election for members of the General Assembly and the “instant runoff voting” method shall be used to determine the winner. Under “instant runoff voting,” voters rank up to three of the candidates by order of preference, first, second, or third. If the candidate with the greatest number of first-choice votes receives more than fifty percent (50%) of the first-choice votes, that candidate wins. If no candidate receives that minimum number, the two candidates with the greatest number of first-choice votes advance to a second round of counting. In this round, each ballot counts as a vote for whichever of the two final candidates is ranked highest by the voter. The candidate with the most votes in the second round wins the election. If more than one seat is to be filled in the same race, the voter votes the same way as if one seat were to be filled. The counting is the same as when one seat is to be filled, with one or two rounds as needed, except that counting is done separately for each seat to be filled. The first count results in the first winner. Then the second count proceeds without the name of the first winner. This process results in the second winner. For each additional seat to be filled, an additional count is done without the names of the candidates who have already won. In multi-seat contests, the State Board of Elections may give the voter more than three choices.
- (3) If two or more candidates receiving the highest number of votes each receive the same number of votes, the board of elections shall resolve the tie in accordance with G.S. 163-182.8.

(c) Applicable Provisions. — Except as provided in this section, the provisions of this Article apply to elections conducted under this section.

(d) Rules. — The State Board of Elections shall adopt rules for the implementation of this section. The rules are not subject to Article 2A of Chapter 150B of the General Statutes. The rules shall include the following:

- (1) If after the first-choice candidate is eliminated, a ballot does not indicate one of the uneliminated candidates as an alternative choice, the ballot is exhausted and shall not be counted after the initial round.
- (2) The fact that the voter does not designate a second or third choice does not invalidate the voter’s higher choice or choices.
- (3) The fact that the voter gives more than one ranking to the same candidate shall not invalidate the vote. The highest ranking given a

particular candidate shall count as long as the candidate is not eliminated.

- (4) In case of a tie between candidates such that two or more candidates have an equal number of first choices and more than two candidates qualify for the second round, instant runoff voting shall be used to determine which two candidates shall advance to the second round. (1996, 2nd Ex. Sess., c. 9, s. 7; 2001-403, s. 12.1; 2002-158, s. 7; 2006-192, s. 8(a).)

Editor’s Note. — Session Laws 2001-403, s. 12.1, which amended this section, was contingent on Senate Bill 14 of the 2001 Session becoming law. Senate Bill 14 became law as Session Laws 2001-398.

Session Laws 2002-158, s. 15, contains a severability clause.

Session Laws 2002-158, s. 15.1, states that nothing in this act obligates the General Assembly to appropriate funds to implement the provisions of the act now or in the future.

Effect of Amendments. — Session Laws 2006-192, s. 8(a), effective August 3, 2006, and applicable to vacancies occurring on or after that date, in the section heading, inserted “in office”, and substituted “period opens.” for “period to use plurality method.”; in subsection (a), near the end, deleted “plurality” preceding “method”, deleted “as” preceding “provided”, and substituted “(b1)” for “(b)”; deleted subsection (b); added subsections (b1), (c), and (d).

§ 163-330. Voting in primary.

Any person who will become qualified by age or residence to register and vote in the general election for which the primary is held, even though not so qualified by the date of the primary, shall be entitled to register for the primary and general election prior to the primary and then to vote in the primary after being registered. Such person may register not earlier than 60 days nor later than the last day for making application to register under G.S. 163-82.6(c) prior to the primary. (1996, 2nd Ex. Sess., c. 9, s. 7.)

Only those who have filed the required notice of candidacy with the proper board of elections, and who have paid the required filing fee or qualified by petition, shall have their names printed on the official primary ballots. Only those candidates properly nominated shall have their names appear on the official general election ballots.

(b) Ballots to Be Furnished by County Board of Elections. — It shall be the duty of the county board of elections to print official ballots for the following offices to be voted for in the primary:

- Justice of the Supreme Court.
- Judge of the Court of Appeals.
- Superior court judge.
- District court judge.

In printing ballots, the county board of elections shall be governed by instructions of the State Board of Elections with regard to width, color, kind of paper, form, and size of type.

Three days before the election, the chairman of the county board of elections shall distribute official ballots to the chief judge of each precinct in his county, and the chief judge shall give a receipt for the ballots received. On the day of the primary, it shall be the chief judge's duty to have all the ballots so delivered available for use at the precinct voting place. (1996, 2nd Ex. Sess., c. 9, s. 7; 2001-403, s. 1; 2001-460, s. 9; 2002-158, s. 7.)

Editor's Note. — Session Laws 2002-158, s. 15, contains a severability clause. nothing in this act obligates the General Assembly to appropriate funds to implement the provisions of the act now or in the future.

However, the Secretary of State’s office no longer has such a volume in its possession. The volume may have burned in a warehouse fire

that destroyed some records. The sections first appear in “The North Carolina Code of 1943 — Legislative Edition,” the report of the Legislative Commission on Recodification. As the origin of Article 1 is not completely certain, Session Laws 1943, Chapter 33 is not listed in the historical citations for the sections in Article 1.

The Sentencing Commission was made permanent by Session Laws 1997-443, s. 18.6(b).

§ 164-35. Commission established.

The North Carolina Sentencing and Policy Advisory Commission is established. As used in this Article, the term "Commission" means the North Carolina Sentencing and Policy Advisory Commission. (1989 (Reg. Sess., 1990), c. 1076, s. 1; 1991 (Reg. Sess., 1992), c. 812, s. 12; c. 816, s. 1; 1993, c. 253, s. 5.1; c. 321, s. 200.1; 1993 (Reg. Sess., 1994), c. 591, s. 6(a); 1995, c. 236,

s. 1; 1997-256, s. 6; 1997-347, s. 2; 1997-401, s. 2; 1997-418, s. 2; 1997-443, s. 18.6(a).)

Editor's Note. — As to the provisions formerly providing for the expiration of this Article, see the Editor's Note preceding this section.

For the text of sections 2 and 3 of the Sentencing and Policy Advisory Commission Act of 1990, Session Laws 1989 (Reg. Sess., 1990), see c. 1076, ss. 2 and 3.

Session Laws 2001-424, s. 25.8(a) and (b), provide: "(a) In exercising its statutory responsibility under Article 4 of Chapter 164 of the General Statutes to monitor and review the criminal justice and corrections system, the North Carolina Sentencing and Policy Advisory Commission shall study and review the State's sentencing laws in view of the projected growth in the prison population by 2010. Areas of review may include the classification of offenses and offenders, the relationship of the sentence and the sentence length to the offense, and the sentence dispositions available to judges. The Commission shall also analyze the parole-eligible population in terms of offense committed, sentence, and time served in comparison to inmates sentenced under structured sentencing. The Commission shall develop alternatives for consideration by the General Assembly. The alternatives presented by the Commission should ensure that sentencing laws appropriately penalize offenders for the nature and degree of harm caused by the offense while identifying inconsistencies in the structured sentencing law or in its application. The Commission's alternatives shall be consistent with the purposes of sentencing as stated in G.S. 15A-1340.12.

"(b) The North Carolina Sentencing and Policy Advisory Commission shall report its findings to the 2001 General Assembly no later than the convening of the 2002 Regular Session of the 2001 General Assembly."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5 is a severability clause.

Session Laws 2004-186, s. 12.1, provides: "The General Assembly finds that the North Carolina Sentencing and Policy Advisory Commission has adopted formal criteria for classifying felony offenses. The Sentencing Commission has identified three general types of harms: harms to persons (including both physical and mental injury); harms to property; and harms to society. The degrees of harm are divided into three levels:

"(1) Injury to person, property, or society;

"(2) Significant injury to person, property, or society; and

"(3) Serious injury to person, property, or society. The stated purpose of establishing the criteria was 'to create a rational and consistent philosophical basis for classifying offenses; to assure proportionality in severity; and to provide a guidepost for classifying new crimes in the future.'

"In contrast to the felony classification criteria, the Commission did not create classification criteria for misdemeanors. However, the current misdemeanor sentencing laws include an assault offense that has serious injury as an element — even though 'serious injury to a person' is a category of harm for felony offense classification. The General Assembly finds that the classification of assault offenses that involve serious injury as misdemeanors is inconsistent with the Sentencing Commission's classification of felonies based on harm.

"The North Carolina Sentencing and Policy Advisory Commission, pursuant to its statutory responsibilities under Article 4 of Chapter 164 of the General Statutes, shall study the classification of misdemeanor offenses. In particular, the Commission shall examine the classification of assault offenses in relation to property offenses, crimes against society, and felony assault offenses. The Commission shall develop a system for classifying misdemeanor offenses on the basis of their severity. The Commission may consider reclassifying existing offenses and creating new offenses in order to insure proportionality and consistency. The Commission shall report its findings and recommendations to the 2005 General Assembly, 2005 Regular Session. The report shall describe the status of the Commission's work and shall include any completed policy recommendations and proposed legislation. The Commission shall make a final report to the 2005 General Assembly, 2006 Regular Session."

§ 164-36. Powers and duties.

(a) Sentences established for violations of the State's criminal laws should be based on the established purposes of our criminal justice and corrections

systems. The Commission shall evaluate sentencing laws and policies in relationship to both the stated purposes of the criminal justice and corrections systems and the availability of sentencing options. The Commission shall make recommendations to the General Assembly for the modification of sentencing laws and policies, and for the addition, deletion, or expansion of sentencing options as necessary to achieve policy goals. The Commission shall make a report of its recommendations, including any recommended legislation, to the General Assembly annually.

(b) Dispositions established for violations by juveniles of the State's criminal laws should be based on the established purposes set forth in Chapter 7B of the General Statutes. The Commission shall evaluate dispositional laws and policies in relationship to both the stated purposes of Chapter 7B of the General Statutes and the availability of dispositional alternatives. The Commission shall make recommendations to the General Assembly for the modification of dispositional laws and policies, and for the addition, deletion, or expansion of dispositional alternatives as necessary to achieve policy goals. The Commission shall make a report of its recommendations, including any recommended legislation, to the General Assembly annually. (1989 (Reg. Sess., 1990), c. 1076, s. 1; 1991 (Reg. Sess., 1992), c. 812, s. 12; c. 816, s. 1; 1993, c. 253, s. 5.1; c. 321, s. 200.1; 1993 (Reg. Sess., 1994), c. 591, s. 6(a); 1995, c. 236, s. 1; 1997-256, s. 6; 1997-347, s. 2; 1997-401, s. 2; 1997-418, s. 2; 1997-443, s. 18.6(a), (c); 1998-202, s. 10(a).)

Editor's Note. — Session Laws 2005-295, s. 1, effective August 22, 2005, provides: "The North Carolina Sentencing and Policy Advisory Commission, pursuant to its statutory responsibilities under Article 4 of Chapter 164 of the General Statutes, shall study aggravating factors which may be considered in capital felony sentencing pursuant to G.S. 15A-2000(e). In particular, the Commission shall examine the question of whether the State's capital sentencing law should include as an aggravating factor that the capital felony was committed at a time

when the defendant knew the behavior was prohibited by a valid protective order entered pursuant to Chapter 50B of the General Statutes of North Carolina, or by a valid protective order entered by the courts of another state or the courts of an Indian tribe. The Commission shall report its findings and recommendations to the 2005 General Assembly not later than May 1, 2006. The report shall describe the Commission's deliberations and shall include any policy recommendations and proposed legislation."

§ 164-37. Membership; chairman; meetings; quorum.

- (1) The Chief Justice of the North Carolina Supreme Court shall appoint a sitting or former Justice or judge of the General Court of Justice, who shall serve as Chairman of the Commission;

§ 164-41. Classification of offenses — ranges of punishment.

(a) The Commission shall classify criminal offenses into felony and misdemeanor categories on the basis of their severity.

(b) In determining the proper category for each felony and misdemeanor, the Commission shall consider, to the extent that they have relevance, the following:

- (1) The nature and degree of harm likely to be caused by the offense, including whether it involves property, irreplaceable property, a person, number of persons, or a breach of the public trust;
- (2) The deterrent effect a particular classification may have on the commission of the offense by others;
- (3) The current incidence of the offense in the State as a whole;
- (4) The rights of the victim.

(c) For each classification of felonies and misdemeanors formulated pursuant to subsection (b), the Commission shall assign a suggested range of punishment. The Commission shall take into consideration the current range of punishment for each offense. (1989 (Reg. Sess., 1990), c. 1076, s. 1; 1991 (Reg. Sess., 1992), c. 812, s. 12; c. 816, s. 1; 1993, c. 253, s. 5.1; c. 321, s. 200.1; 1993 (Reg. § 164-42. Sentencing structures.

(a) The Commission shall recommend structures for use by a sentencing court in determining the most appropriate sentence to be imposed in a criminal case, including:

- (1) Imposition of an active term of imprisonment;
- (2) Imposition of a term of probation;
- (3) Suspension of a sentence to imprisonment and imposition of probation with conditions, including the appropriate probation option or options, including house arrest, regular probation, intensive probation, restitution, and community service;
- (4) Based upon the combination of offense and defendant characteristics in each case, the presumptively appropriate length of a term of probation, or a term of imprisonment;
- (5) Ordering multiple sentences to terms of imprisonment to run concurrently or consecutively;

- (6) For a sentence to probation without a suspended sentence to imprisonment, the maximum term of confinement to be imposed if the defendant violates the conditions of probation.

(b) The sentencing structures shall be consistent with the goals, policies, and purposes of the criminal justice and corrections systems, as set forth in Sections 2 and 3 of the Sentencing and Policy Advisory Commission Act of 1990. As part of its work, the Commission shall offer recommendations for the incorporation of those sections into the sentencing laws of North Carolina. In formulating structures, the Commission also shall consider:

- (1) The nature and characteristics of the offense;
- (2) The severity of the offense in relation to other offenses;
- (3) The characteristics of the defendant that mitigate or aggravate the seriousness of his criminal conduct and the punishment deserved therefor;
- (4) The defendant's number of prior convictions;
- (5) The available resources and constitutional capacity of the Department of Correction, local confinement facilities, and community-based sanctions;
- (6) The rights of the victims;
- (7) That felony offenders sentenced to an active term of imprisonment, or whose suspended sentence to imprisonment is activated, should serve a designated minimum percentage of their sentences before they are eligible for parole; and
- (8) That misdemeanor offenders sentenced to an active term of imprisonment, or whose suspended sentence to imprisonment is activated, should serve a designated minimum percentage of their sentence before they are eligible for parole.

(c) The Commission shall also consider the policy issues set forth in G.S. 164-42.1 in developing its sentencing structures.

(d) The Commission shall include with each set of sentencing structures a statement of its estimate of the effect of the sentencing structures on the Department of Correction and local facilities, both in terms of fiscal impact and on inmate population. If the Commission finds that the proposed sentencing structures will result in inmate populations in the Department of Correction and local confinement facilities that exceed the standard operating capacity, then the Commission shall present an additional set of structures that are consistent with that capacity. For purposes of this subsection, "standard operating capacity" means the total capacity expected to be available in both local confinement facilities and in the Department of Correction once all the proceeds of bonds authorized by Chapter 933 of the 1989 Session Laws and Chapter 935 of the 1989 Session Laws have been expended for the construction of prison facilities. (d) Once the primary duties of the Commission have been accomplished, it shall have the continuing duty to monitor and review the criminal justice and corrections systems and the juvenile justice system in this State to ensure that sentences and dispositions remain uniform and consistent, and that the goals and policies established by the State are being implemented by sentencing and dispositional practices, and it shall recommend methods by which this ongoing work may be accomplished and by which the correctional population simulation model and the Department of Juvenile Justice and Delinquency Prevention facilities population simulation model developed under G.S. 164-40 shall continue to be used by the State.

§ 165-22.1. Administration and funding.

(a) The administration of the scholarship program shall be vested in the Department of Administration, and the disbursing and accounting activities required shall be a responsibility of the Department of Administration. The Veterans Affairs Commission shall determine the eligibility of applicants, select the scholarship recipients, establish the effective date of scholarships, and may suspend or revoke scholarships if the said Veterans Affairs Commission finds that the recipient does not comply with the registration requirements of the Selective Service System or does not maintain an adequate academic status, or if the recipient engages in riots, unlawful demonstrations,

the seizure of educational buildings, or otherwise engages in disorderly conduct, breaches of the peace or unlawful assemblies. The Department of Administration shall maintain the primary and necessary records, and the Veterans Affairs Commission shall promulgate such rules and regulations not inconsistent with the other provisions of this Article as it deems necessary for the orderly administration of the program. It may require of State or private educational institutions, as defined in this Article, such reports and other information as it may need to carry out the provisions of this Article. The Department of Administration shall disburse scholarship payments for recipients certified eligible by the Department of Administration upon certification of enrollment by the enrolling institution.

(b) Funds for the support of this program shall be appropriated to the Department of Administration as a reserve for payment of the allocable costs for room, board, tuition, and other charges, and shall be placed in a separate budget code from which disbursements shall be made. Funds to support the program shall be supported by receipts from the Escheat Fund, as provided by G.S. 116B-7, but those funds may be used only for worthy and needy residents of this State who are enrolled in public institutions of higher education of this State. In the event the said appropriation for any year is insufficient to pay the full amounts allocable under the provisions of this Article, such supplemental sums as may be necessary shall be allocated from the Contingency and Emergency Fund. The method of disbursing and accounting for funds allocated for payments under the provisions of this section shall be in accordance with those standards and procedures prescribed by the Director of the Budget, pursuant to the Executive Budget Act.

(c) Allowances for room and board in State educational institutions shall be at such rate as established by the Secretary of the Department of Administration.

(d) Scholarship recipients electing to attend a private educational institution shall be granted a monetary allowance for each term or other academic period attended under their respective scholarship awards. All recipients under Class I-B scholarship shall receive an allowance at one rate, irrespective of course or institution; all recipients under Classes I-A, II, III and IV shall receive a uniform allowance at a rate higher than for Class I-B, irrespective of course or institution. The amount of said allowances shall be determined by the Director of the Budget and made known prior to the beginning of each fall quarter or semester; provided that the Director of the Budget may change the allowances at intermediate periods when in his judgment such changes are necessary. Disbursements by the State shall be to the private institution concerned, for credit to the account of each recipient attending said institution. The manner of payment to any private institution shall be as prescribed by the Department of Administration. The participation by any private institution in the program shall be subject to the applicable provisions of this Article and to examination by State auditors of the accounts of scholarship recipients attending or having attended private institutions. The Veterans Affairs Commission may defer making an award or may suspend an award in any private institution which does not comply with the provisions of this Article relating to said institutions.

(e) Irrespective of other provisions of this Article, the Veterans Affairs Commission may prescribe special procedures for adjusting the accounts of scholarship recipients who for reasons of illness, physical inability to attend class or for other valid reason satisfactory to the Veterans Affairs Commission may withdraw from State or private educational institutions prior to the completion of the term, semester, quarter or other academic period being attended at the time of withdrawal. Such procedures may include, but shall not be limited to, paying the recipient the dollar value of his unused entitlements

for the academic period being attended, with a corresponding deduction of this period from his remaining scholarship eligibility time. ARTICLE 5.

Veterans’ Recreation Authorities.

§ 165-23. Short title.

This Article may be referred to as the “Veterans’ Recreation Authorities Law.” (1945, c. 460, s. 1.)

CASE NOTES

This Article is valid, as it is for a public purpose and in the public interest. *Brumley v. Baxter*, 225 N.C. 691, 36 S.E.2d 281, 162 A.L.R. 930 (1945).

Article Does Not Authorize City to Make Absolute Grant. — This Article, under which veterans’ recreational center was created, did not authorize city to make an absolute grant of its property upon such terms that in the event the grantee determined the public purpose had failed or the recreational facilities placed thereon for veterans were not being sufficiently used, the grantee could dispose of the property in its discretion and apply the proceeds to such charity as it might elect. *Brumley v. Baxter*, 225 N.C. 691, 36 S.E.2d 281, 162 A.L.R. 930 (1945).

§ 165-24. Finding and declaration of necessity.

It is hereby declared that conditions resulting from the concentration in various cities and towns of the State having a population of more than one hundred thousand inhabitants of persons serving in the armed forces in connection with the present war, or who after having served in the armed services during the present war, or previously have been honorably discharged, require the construction, maintenance and operation of adequate recreation facilities for the use of such persons; that it is in the public interest that adequate recreation facilities be provided in such concentrated centers; and the necessity, in the public interest, for the provisions hereinafter enacted is hereby declared as a matter of legislative determination. (1945, c. 460, s. 2.)

§ 165-25. Definitions.

The following terms, wherever used or referred to in this Article, shall have the following respective meanings, unless a different meaning clearly appears from the context:

- (8) "Real property" shall include lands, lands under water, structures, and any and all easements, franchises and incorporeal hereditaments and every estate and right therein, legal and equitable, including terms for years and liens by way of judgment, mortgage or otherwise.
- (9) "State" shall mean the State of North Carolina.
- (10) "Veteran" shall include every person who has enlisted or who has been inducted, warranted or commissioned, and who served honorably in active duty in the military or naval service of the United States at any time, and who is honorably separated or discharged from such service, or who, at the time of making use of the facilities, is still in active service, or has been retired, or who has been furloughed to a reserve. This definition shall be liberally construed, with a view completely to effectuate the purpose and intent of this Article.
- (11) "Veterans' recreation project" shall include all real and personal property, buildings and improvements, offices and facilities acquired or constructed, or to be acquired or constructed, pursuant to a single plan or undertaking to provide recreation facilities for veterans in concentrated centers of population. The term "veterans' recreation project" may also be applied to the planning of the buildings and improvements, the acquisition of property, the construction, reconstruction, alteration and repair of the improvements, and all other work in connection therewith. (1945, c. 460, s. 3.)

§ 165-26. Creation of authority.

If the council of any city in the State having a population of more than one hundred thousand, according to the last federal census, shall, upon such investigation as it deems necessary, determine:

- (1) That there is a lack of adequate veterans' recreation facilities and accommodations from the operations of public or private enterprises in the city and surrounding area; and/or
- (2) That the public interest requires the construction, maintenance or operation of a veterans' recreation project for the veterans thereof, the council shall adopt a resolution so finding (which need not go into any detail other than the mere finding), and shall cause notice of such determination to be given to the mayor, who shall thereupon appoint, as hereinafter provided, five commissioners to act as an authority. Said Commission shall be a public body and a body corporate and politic upon the completion of the taking of the following proceedings:

The commissioners shall present to the Secretary of State an application signed by them, which shall set forth (without any detail other than the mere

recital): (i) that the council has made the aforesaid determination after such investigation, and that the mayor has appointed them as commissioners; (ii) the name and official residence of each of the commissioners, together with a certified copy of the appointment evidencing their right to office, the date and place of induction into and taking oath of office, and that they desire the recreation authority to become a public body and a body corporate and politic under this Article; (iii) the term of office of each of the commissioners; (iv) the name which is proposed for the corporation; and (v) the location and the principal office of the proposed corporation. The application shall be subscribed and sworn to by each of the said commissioners before an officer authorized by the laws of the State to take and certify oaths, who shall certify upon the application that he personally knows the commissioners and knows them to be the officers as asserted in the application, and that each subscribed and swore thereto in the officer's presence. The Secretary of State shall examine the application, and if he finds that the name proposed for the corporation is not identical with that of a person or of any other corporation of this State or so nearly similar as to lead to confusion and uncertainty, he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded, as herein provided, the authority shall constitute a public body and a body corporate and politic under the name proposed in the application; the Secretary of State shall make and issue to the said commissioners a certificate of incorporation pursuant to this Article, under the seal of the State, and shall record the same with the application.

The boundaries of such authority shall include said city and the area within 10 miles from the territorial boundaries of said city, but in no event shall it include the whole or a part of any other city nor any area included within the boundaries of another authority. In case an area lies within 10 miles of the boundaries of more than one city, such area shall be deemed to be within the boundaries of the authority embracing such area which was first established, all priorities to be determined on the basis of the time of the issuance of the aforesaid certificates by the Secretary of State. After the creation of an authority, the subsequent existence within its territorial boundaries of more than one city shall in no way affect the territorial boundaries of such authority.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have been established in accordance with the provisions of this Article upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate, duly certified by the Secretary of State, shall be admissible evidence in any such suit, action or proceeding, and shall be conclusive proof of the filing and contents thereof. (1945, c. 460, s. 4.)

§ 165-27. Appointment, qualifications and tenure of commissioners.

An authority shall consist of five commissioners appointed by the mayor, and he shall designate the first chairman.

Of the commissioners who are first appointed, two shall serve for a term of one year, two for a term of three years, and one for a term of five years, and thereafter, the terms of office for all commissioners shall be five years. A commissioner shall hold office until his successor has been appointed and qualified. Vacancies shall be filled for the unexpired term. Vacancies occurring by expiration of office or otherwise shall be filled in the following manner: The mayor and the remaining commissioners shall have a joint session and shall unanimously select the person to fill the vacancy; but if they are unable to do so, then such fact shall be certified to the resident judge of the superior court

of the County in which the authority is located, and he shall fill the vacancy. The mayor shall file with the city clerk a certificate of the appointment or reappointment of any commissioner, and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his services, but he shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his duties.

When the office of the first chairman of the authority becomes vacant, the authority shall select a chairman from among its members. An authority shall select from among its members a vice-chairman, and it may employ a secretary, technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties, and compensation. An authority may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. (1945, c. 460, s. 5.)

§ 165-28. Duty of the authority and commissioners of the authority.

The authority and its commissioners shall be under a statutory duty to comply or to cause compliance strictly with all provisions of this Article and the laws of the State and in addition thereto, with each and every term, provision and covenant in any contract of the authority on its part to be kept or performed.

The commissioners may, in the exercise of their discretion, limit the use of recreational centers under their control in whole or in part to veterans of one sex. They shall have the authority to make rules and regulations regarding the use of the recreational centers and other matters and things coming within their jurisdiction.

They shall have the authority to appoint one or more advisory committees consisting of representatives of various veterans' organizations and others and may delegate to such committee or committees authority to execute the policies and programs of activity adopted by the commissioners. (1945, c. 460, s. 6; 1965, c. 367.)

§ 165-29. Interested commissioners or employees.

No commissioner or employee of any authority shall acquire any interest, direct or indirect, in any veterans' recreation project or in any property included or planned to be included in any project, nor shall he have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used in connection with any such project. If any commissioner or employee of an authority owns or controls an interest, direct or indirect, in any property included or planned to be included in any veterans' recreation project, he shall immediately disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure so to disclose such interest shall constitute misconduct in office. (1945, c. 460, s. 7.)

§ 165-30. Removal of commissioners.

The mayor may remove a commissioner for inefficiency or neglect of duty or misconduct in office, but only after the commissioner shall have been given a copy of the charges against him (which may be made by the mayor) at least 10 days prior to the hearing thereon and had an opportunity to be heard in person or by counsel.

If, after due and diligent search, a commissioner to whom charges are required to be delivered hereunder cannot be found within the county where the authority is located, such charges shall be deemed served upon such commissioner if mailed to him at his last known address as same appears upon the records of the authority.

In the event of the removal of any commissioner, the mayor shall file in the office of the city clerk a record of the proceedings, together with the charges made against the commissioner removed, and the findings thereon. (1945, c. 460, s. 8.)

§ 165-31. Powers of authority.

An authority shall constitute a public body and a body corporate and politic, exercising public powers, and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this Article, including the following powers in addition to others herein granted:

To sue and be sued in any court; to make, use and alter a common seal; to purchase, acquire by devise or bequest, hold and convey real and personal property; to elect and appoint, in such manner as it determines to be proper, all necessary officers and agents, fix their compensation and define their duties and obligations; to make bylaws and regulations consistent with the laws of the State, for its own government and for the due and orderly conduct of its affairs and management of its property; without limiting the generality of the foregoing, to do any and everything that may be useful and necessary in order to provide recreation for veterans. (1945, c. 460, s. 9.)

§ 165-32. Zoning and building laws.

All recreation projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the recreation project is situated. (1945, c. 460, s. 10.)

§ 165-33. Tax exemptions.

The authority shall be exempt from the payment of any taxes or fees to the State or any subdivisions thereof, or to any officer or employee of the State or any subdivision thereof. The property of an authority shall be exempt from all local, municipal and county taxes, and for the purpose of such tax exemption, it is hereby declared as a matter of legislative determination that an authority is and shall be deemed to be a municipal corporation. (1945, c. 460, s. 11.)

§ 165-34. Reports.

The authority shall, at least once a year, file with the mayor of the city an audit report by a certified public accountant of its activities for the preceding year, and shall make any recommendations with reference to any additional legislation or other action that may be necessary in order to carry out the purposes of this Article. (1945, c. 460, s. 12.)

§ 165-35. Exemption from Local Government and County Fiscal Control Acts.

The authority shall be exempt from the operation and provisions of Chapter 60 of the Public Laws of North Carolina of 1931, known as the "Local Government Act," and the amendments thereto, and from Chapter 146 of the

Public Laws of North Carolina of 1927, known as the "County Fiscal Control Act" and the amendments thereto. (1945, c. 460, s. 13.)

§ 165-36. Conveyance, lease or transfer of property by a city or county to an authority.

Any city or county, in order to provide for the construction, reconstruction, improvement, repair or management of any veterans' recreation project, or in order to accomplish any of the purposes of this Article, may, with or without consideration or for a nominal consideration, lease, sell, convey or otherwise transfer to an authority within the territorial boundaries of which such city or county it is wholly or partly located, any real, personal or mixed property, and in connection with any such transaction, the authority involved may accept such lease, transfer, assignment and conveyance, and bind itself to the performance and observation of any agreements and conditions attached thereto. Any city or county may purchase real property and convey or cause same to be conveyed to an authority. (1945, c. 460, s. 14.)

Local Modification. — Mecklenburg and city of Charlotte: 1965, c. 715, s. 1.

§ 165-37. Contracts, etc., with federal government.

In addition to the powers conferred upon the authority by other provisions of this Article, the authority is empowered to borrow money and/or accept grants from the federal government for or in aid of the construction of any veterans' recreation project which such authority is authorized by this Article to undertake, to take over any land acquired by the federal government for the construction of such a project, to take over, lease or manage any recreation project constructed or owned by the federal government, and to these ends, to enter into such contracts, mortgages, trust indentures, leases and other agreements which the federal government shall have the right to require. It is the purpose and intent of this Article to authorize every authority to do any and all things necessary to secure the financial aid and the cooperation of the federal government in the construction, maintenance and operation of any veterans' recreation project which the authority is empowered by this Article to undertake. (1945, c. 460, s. 15.)

§ 165-38. Article controlling.

Insofar as the provisions of this Article are inconsistent with the provisions of any other law, the provisions of this Article shall be controlling: Provided, that nothing in this Article shall prevent any city or municipality from establishing, equipping and operating a veterans' recreation project, or extending recreation facilities under the provisions of its charter or any general law other than this Article. (1945, c. 460, s. 17.)

ARTICLE 6.

Powers of Attorney.

§ 165-39. Validity of acts of agent performed after death of principal.

No agency created by a power of attorney in writing given by a principal who is at the time of execution, or who, after executing such power of attorney,

becomes, either (i) a member of the armed forces of the United States, or (ii) a person serving as a merchant seaman outside the limits of the United States, included within the several states and the District of Columbia; or (iii) a person outside said limits by permission, assignment or direction of any department or official of the United States government, in connection with any activity pertaining to or connected with the prosecution of any war in which the United States is then engaged, shall be revoked or terminated by the death of the principal, as to the agent or other person who, without actual knowledge or actual notice of the death of the principal, shall have acted or shall act, in good faith, under or in reliance upon such power of attorney or agency, and any action so taken, unless otherwise invalid or unenforceable, shall be binding on the heirs, devisees, legatees, or personal representatives of the principal. (1945, c. 980, s. 1; 1995, c. 379, s. 5.)

§ 165-40. Affidavit of agent as to possessing no knowledge of death of principal.

An affidavit, executed by the attorney in fact or agent, setting forth that he has not or had not, at the time of doing any act pursuant to the power of attorney, received actual knowledge or actual notice of the revocation or termination of the power of attorney, by death or otherwise, or notice of any facts indicating the same, shall, in the absence of fraud, be conclusive proof of the nonrevocation or nontermination of the power at such time. If the exercise of the power requires execution and delivery of any instrument which is recordable under the laws of this State, such affidavit (when authenticated for record in the manner prescribed by law) shall likewise be recordable. (1945, c. 980, s. 2.)

§ 165-41. Report of “missing” not to constitute revocation.

No report or listing, either official or otherwise, of “missing” or “missing in action,” as such words are used in military parlance, shall constitute or be interpreted as constituting actual knowledge or actual notice of the death of such principal or notice of any facts indicating the same, or shall operate to revoke the agency. § 166A-6. State of disaster.

(a) The existence of a state of disaster may be proclaimed by the Governor, or by a resolution of the General Assembly if either of these finds that a disaster threatens or exists.

(a1) If a state of disaster is proclaimed, the Secretary shall provide the Governor and the General Assembly with a preliminary damage assessment as soon as the assessment is available. Upon receipt of the preliminary damage assessment, the Governor shall issue a proclamation defining the area subject to the state of disaster and proclaiming the disaster as a Type I, Type II, or Type III disaster. In determining whether the disaster shall be proclaimed as a Type I, Type II, or Type III disaster, the Governor shall follow the standards set forth below.

(1) A Type I disaster may be declared if all of the following criteria are met:

- a. A local state of emergency has been declared pursuant to G.S. 166A-8, and a written copy of the declaration has been forwarded to the Governor;
- b. The preliminary damage assessment meets or exceeds the criteria established for the Small Business Administration Disaster Loan

Program pursuant to 13 C.F.R. Part 123 or meets or exceeds the State infrastructure criteria set out in G.S. 166A-6.01(b)(2)a.; and
c. A major disaster declaration by the President of the United States pursuant to the Stafford Act has not been declared.

A Type I disaster declaration may be made by the Governor prior to, and independently of, any action taken by the Small Business Administration, the Federal Emergency Management Agency, or any other federal agency. A Type I disaster declaration shall expire 30 days after its issuance unless renewed by the Governor or the General Assembly. - b. The preliminary damage assessment prompts the Governor to call a special session of the General Assembly to establish programs to meet the unmet needs of individuals or political subdivisions affected by the disaster.

A Type III disaster declaration shall expire 12 months after its issuance unless renewed by the General Assembly.

(a2) Any state of disaster declared before July 1, 2001, shall terminate by a proclamation of the Governor or resolution of the General Assembly. A proclamation or resolution declaring or terminating a state of disaster shall be disseminated promptly by means calculated to bring its contents to the attention of the general public and, unless the circumstances attendant upon the disaster prevent or impede, promptly filed with the Secretary of Crime Control and Public Safety, the Secretary of State and the clerks of superior court in the area to which it applies.

(b) In addition to any other powers conferred upon the Governor by law, during a state of disaster, the Governor shall have the following powers:

 - (4) Subject to the provisions of the State Constitution to relieve any public official having administrative responsibilities under this Article of such responsibilities for willful failure to obey an order, rule or regulation adopted pursuant to this Article.
- (c) In addition, during a state of disaster, with the concurrence of the Council of State, the Governor has the following powers:
- (1) To direct and compel the evacuation of all or part of the population from any stricken or threatened area within the State, to prescribe routes, modes of transportation, and destinations in connection with evacuation; and to control ingress and egress of a disaster area, the movement of persons within the area, and the occupancy of premises therein;

- (10) The State Bureau of Investigation.

In addition to the persons listed above, the Secretary shall appoint to the Advisory Committee three persons designated jointly by the North Carolina Fire Chiefs Association and the North Carolina State Firemen's Association.

(b) The Advisory Committee shall meet on the call of the chair, or at the request of the Secretary; provided that the Committee shall meet no less than once every three months. The Department of Crime Control and Public Safety shall provide space for the Advisory Committee to meet. The Department also shall provide the Advisory Committee with necessary support staff and supplies to enable the Committee to carry out its duties in an effective manner.

ARTICLE 3.
Disaster Service Volunteer Leave Act.

§ 166A-30. Short title.

This act may be cited as the Disaster Service Volunteer Leave Act. (1993, c. 13, s. 1.)

§ 166A-31. Definitions.

As used in this Article:

- (1) “Certified disaster service volunteer” means a person who has completed the necessary training for and been certified as a disaster service specialist by the American National Red Cross.
- (2) “Disaster” means a disaster designated at Level III or higher in the American National Red Cross Regulations and Procedures.
- (3) “State agency” means and includes all departments, institutions, commissions, committees, boards, divisions, bureaus, officers, and officials of the State, including those within the legislative and judicial branches of State government. (1993, c. 13, s. 1.)

Editor’s Note. — The definitions in this section have been placed in alphabetical order at the direction of the Revisor of Statutes. The subdivisions of this section were enacted as

subdivisions (a) to (c) by Session Laws 1993, c. 13, s. 1, and redesignated as subdivisions (1) to (3) at the direction of the Revisor of Statutes.

§ 166A-32. Disaster service volunteer leave.

An employee of a State agency who is a disaster service volunteer of the American Red Cross may be granted leave from his work with pay for a time not to exceed 15 work days in any 12-month period to participate in specialized disaster relief services for the American Red Cross. To be granted leave, the request for the services of that employee must come from the American Red Cross. The decision to grant the employee leave rests in the sole discretion of the employing State agency based on the work needs of that agency. Employees granted leave pursuant to this Article shall not lose seniority, pay, vacation time, sick time, or earned overtime accumulation. The State agency shall compensate an employee granted leave under this Article at the regular rate of pay for those regular work hours during which the employee is absent from his

work. Leave under this Article shall be granted only for services related to a disaster occurring within the United States.

The State of North Carolina shall not be liable for workers compensation claims arising from accident or injury while the State employee is on assignment as a disaster service volunteer for the American Red Cross. Duties performed while on disaster leave shall not be considered to be a work assignment by a state agency. The employee is granted leave based on the need for the employee's area of expertise. Job functions although similar or related are performed on behalf of and for the benefit of the American Red Cross. (1993, c. 13, s. 1; 2001-508, s. 6.)

§§ 166A-33 through 166A-39: Reserved for future codification purposes.

ARTICLE 4.

Emergency Management Assistance Compact.

§ 166A-40. Title of Article; entering into Compact.

(a) This Article may be cited as the Emergency Management Assistance Compact.

(b) The Emergency Management Assistance Compact, hereinafter "Compact", is hereby enacted into law and entered into by this State with all other states legally joining therein, in the form substantially as set forth in this Article. This Compact is made and entered into by and between the party states which enact this Compact. For the purposes of this Article, the term "states" means the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions and the term "party states" means the participating member states which enact and enter into this Compact. (1997-152, s. 1.)

Editor's Note. — The sections in this Article have been renumbered as G.S. 166A-40 to 166A-53 at the direction of the Revisor of Statutes, the section numbers in Session Laws 1997-152, s. 1, having been G.S. 166A-34 to 166A-47.

§ 166A-41. Purposes and authorities.

(a) The purpose of this Compact is to provide for mutual assistance between the party states in managing any emergency or disaster that is duly declared by the governor of the affected state or states, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

(b) This Compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this Compact may include the use of the states' national guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states. (1997-152, s. 1.)

§ 166A-42. General implementation.

(a) Each party state recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential

in managing these and other emergencies under this Compact. Each party state further recognizes that there will be emergencies that require immediate access and present procedures to apply outside resources to respond to emergencies effectively and promptly. This is because few, if any, individual states have all the resources that they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

(b) The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this Compact shall be understood.

(c) On behalf of the governor of each party state, the legally designated state official who is assigned responsibility for emergency management shall be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this Compact. (1997-152, s. 1.)

§ 166A-43. Party state responsibilities.

(a) It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this Article. In formulating the plans, and in carrying them out, the party states, insofar as practicable, shall:

- (1) Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party state might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack.
- (2) Review the party states' individual emergency plans and develop a plan that will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency.
- (3) Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.
- (4) Assist in warning communities adjacent to or crossing the state boundaries.
- (5) Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment services, and resources, both human and material.
- (6) Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.
- (7) Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.

(b) The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this Compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within 30 days of the verbal request. Requests shall provide the following information:

- (1) A description of the emergency service function for which assistance is needed, including fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

(2) The amount and type of personnel, equipment, materials and supplies needed, and a reasonable estimate of the length of time they will be needed.

(3) The specific place and time for staging of the assisting party's response and a point of contact at that location.

(c) There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the federal government, with free exchange of information, plans, and resource records relating to emergency capabilities. (1997-152, s. 1.)

§ 166A-44. Limitations.

(a) Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this Compact in accordance with the terms hereof; provided that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state.

(b) Each party state shall afford to the emergency forces of any party state while operating within its state limits under the terms and conditions of this Compact, the same powers (except that of arrest unless specifically authorized by the receiving state), duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state or states, whichever is longer. (1997-152, s. 1.)

§ 166A-45. Licenses and permits.

Whenever any person holds a license, certificate, or other permit issued by any party state evidencing the meeting of qualifications for professional, mechanical, or other skills, and when assistance is requested by the receiving party state, the person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving skill to meet a declared emergency or disaster, subject to any limitations and conditions the governor of the requesting state may prescribe by executive order or otherwise. (1997-152, s. 1.)

§ 166A-46. Liability.

Officers or employees of a party state rendering aid in another state pursuant to this Compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state pursuant to this Compact shall be liable for any act or omission occurring as a result of a good faith attempt to render aid or as a result of the use of any equipment or supplies used in connection with an attempt to render aid. For the purposes of this Article, "good faith" does not include willful misconduct, gross negligence, or recklessness. (1997-152, s. 1; 2007-484, s. 24.)

Effect of Amendments. — Session Laws 2007-484, s. 24, effective August 30, 2007, corrected the spelling of “occurring” near the middle of the paragraph.

§ 166A-47. Supplementary agreements.

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies. (1997-152, s. 1.)

§ 166A-48. Compensation.

Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of the forces in case the members sustain injuries or are killed while rendering aid pursuant to this Compact, in the same manner and on the same terms as if the injury or death were sustained within their own state. (1997-152, s. 1.)

§ 166A-49. Reimbursement.

Any party state rendering aid in another state pursuant to this Compact shall be reimbursed by the party state receiving the aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with the requests; provided, that any aiding party state may assume in whole or in part the loss, damage, expense, or other cost, or may loan the equipment or donate the services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. (1997-152, s. 1.)

§ 166A-50. Evacuation.

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant shall be worked out and maintained between the party states and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting the evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of the evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. The plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. The

expenditures shall be reimbursed as agreed by the party state from which the evacuees come and that party state shall assume the responsibility for the ultimate support of repatriation of the evacuees. (1997-152, s. 1.)

§ 166A-51. Effective date.

(a) This Compact shall become operative immediately upon its enactment into law by any two states; thereafter, this Compact shall become effective as to any other state upon its enactment by the state.

(b) Any party state may withdraw from this Compact by enacting a statute repealing the same, but no withdrawal shall take effect until 30 days after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. The action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

(c) Duly authenticated copies of this Compact and of any supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the federal government. (1997-152, s. 1.)

§ 166A-52. Validity.

If any provision of this Compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this act and the applicability thereof to other persons and circumstances shall not be affected thereby. (1997-152, s. 1.)

§ 166A-53. Additional provisions.

Nothing in this Compact shall authorize or permit the use of military force by the national guard of a state at any place outside that state in any emergency for which the President is authorized by law to call into federal service the militia, or for any purpose for which the use of the Army or the Air Force would in the absence of express statutory authorization be prohibited under section 1385 of Title 18, United States Code. (1997-152, s. 1.)

Rights.

§ 168-1. Purpose and definition.

The State shall encourage and enable persons with disabilities to participate fully in the social and economic life of the State and to engage in remunerative employment. For purposes of this Article, the term "person with a disability" shall have the same meaning as set forth in G.S. 168A-3(7a). (1973, c. 493, s. 1; 2000-121, s. 33; 2005-450, s. 1.)

CASE NOTES

Legislative Intent. — The legislature intended to grant broad protection of basic rights to all persons with any type of disability, and additionally sought to grant particular protection to an especially disabled group, the "visually handicapped." *Burgess v. Joseph Schlitz Brewing Co.*, 39 N.C. App. 481, 250 S.E.2d 687, rev'd on other grounds, 298 N.C. 520, 259 S.E.2d 248 (1979).

Liberal Construction. — This Chapter is remedial statute, and should be construed broadly rather than narrowly to achieve its

purposes. *Burgess v. Joseph Schlitz Brewing Co.*, 298 N.C. 520, 259 S.E.2d 248 (1979).

Disability, in the context of this Chapter, is a present, noncorrectable loss of function which substantially impairs a person's ability to function normally. *Pressman v. UNC*, 78 N.C. App. 296, 337 S.E.2d 644 (1985).

Application of Term "Visually Handicapped". — The General Assembly did not intend the narrow definition of "visually handicapped" in G.S. 111-11 to control the meaning of the term "visual disabilities" in this section;

rather, the General Assembly intended that the definition in G.S. 111-11 would apply only when the specific term “visually handicapped” was used. *Burgess v. Joseph Schlitz Brewing Co.*, 298 N.C. 520, 259 S.E.2d 248 (1979).

The term “visual disability,” as used in this section, includes as its most serious gradation the “visually handicapped” as defined in G.S. 111-11, but also includes person with visual impairments less serious than those encompassed by the term “visually handicapped.” *Burgess v. Joseph Schlitz Brewing Co.*, 39 N.C. App. 481, 250 S.E.2d 687, rev’d on other grounds, 298 N.C. 520, 259 S.E.2d 248 (1979).

Person who has eye disease but whose vision is functioning normally with glasses is not visually disabled within the meaning of this section, and thus is not a “handicapped person” who is granted a right of employment by G.S. 168-6. *Burgess v. Joseph*

Schlitz Brewing Co., 298 N.C. 520, 259 S.E.2d 248 (1979).

People Irritated by Tobacco Smoke. — It is manifestly clear that the legislature did not intend to include within the meaning of “handicapped persons” those people with “any pulmonary problem,” however minor, nor all people who are harmed or irritated by tobacco smoke. *GASP v. Mecklenburg County*, 42 N.C. App. 225, 256 S.E.2d 477 (1979).

A person suffering from occasional episodes of stress, depression and mental exhaustion is not a “handicapped person,” as defined by Chapter 168, suffering from a mental disability. *Pressman v. UNC*, 78 N.C. App. 296, 337 S.E.2d 644 (1985).

Cited in *Thomas S. v. Morrow*, 601 F. Supp. 1055 (W.D.N.C. 1984); *Stroud v. Harrison*, 131 N.C. App. 480, 508 S.E.2d 527 (1998).

OPINIONS OF ATTORNEY GENERAL

Criminal and Civil Enforcement of Chapter. — This Chapter can be criminally enforced even though no criminal penalty is prescribed, and can be civilly enforced even

though no specific civil remedy is prescribed. See opinion of Attorney General to Honorable James B. Hunt, 45 N.C.A.G. 131 (1975).

§ 168-2. Right of access to and use of public places.

Persons with disabilities have the same right as persons without disabilities to the full and free use of the streets, highways, sidewalks, walkways, public buildings, public facilities, and all other buildings and facilities, both publicly and privately owned, which serve the public. The Department of Health and Human Services shall develop, print, and promote the publication ACCESS NORTH CAROLINA. It shall make copies of the publication available to the Department of Commerce for its use in Welcome Centers and other appropriate Department of Commerce offices. The Department of Commerce shall promote ACCESS NORTH CAROLINA in its publications (including providing a toll-free telephone line and an address for requesting copies of the publication) and provide technical assistance to the Department of Health and Human Services on travel attractions to be included in ACCESS NORTH CAROLINA. The Department of Commerce shall forward all requests for mailing ACCESS NORTH CAROLINA to the Department of Health and Human Services. (1973, c. 493, s. 1; 1991, c. 672, s. 4; c. 726, s. 23; 1991 (Reg. Sess., 1992), c. 959, s. 84; 1997-443, s. 11A.118(a); 2004-203, s. 61; 2005-450, s. 1.)

Effect of Amendments. — Session Laws 2005-450, s. 1, effective September 1, 2005, in the first sentence, substituted “Persons with

disabilities” for “Handicapped persons” and “persons without disabilities” for “the able-bodied.”

CASE NOTES

Application of Term “Visually Handicapped.” — The General Assembly did not intend the narrow definition of “visually handicapped” in G.S. 111-11 to control the meaning of the term “visual disabilities” in G.S. 168-1; rather, the General Assembly intended that the

definition in G.S. 111-11 would apply only when the specific term “visually handicapped” was used. *Burgess v. Joseph Schlitz Brewing Co.*, 298 N.C. 520, 259 S.E.2d 248 (1979).

§ 168-3. Right to use of public conveyances, accommodations, etc.

Persons with disabilities are entitled to accommodations, advantages, facilities, and privileges of all common carriers, airplanes, motor vehicles, railroad trains, motor buses, streetcars, boats, or any other public conveyances or modes of transportation; hotels, lodging places, places of public accommodation, amusement or resort to which the general public is invited, subject only to the conditions and limitations established by law and applicable alike to all persons. Application of Term “Visually Handicapped”. — The General Assembly did not intend the narrow definition of “visually handicapped” in G.S. 111-11 to control the meaning of the term “visual disabilities” in G.S. 168-1; rather, the General Assembly intended that the

definition in G.S. 111-11 would apply only when the specific term “visually handicapped” was used. *Burgess v. Joseph Schlitz Brewing Co.*, 298 N.C. 520, 259 S.E.2d 248 (1979).

§ 168-4.2. May be accompanied by service animal.

(a) Every person with a disability has the right to be accompanied by a service animal trained to assist the person with his or her specific disability in any of the places listed in G.S. 168-3, and has the right to keep the service animal on any premises the person leases, rents, or uses. The person qualifies for these rights upon the showing of a tag, issued by the Department of Health and Human Services, under G.S. 168-4.3, stamped “NORTH CAROLINA SERVICE ANIMAL PERMANENT REGISTRATION” and stamped with a registration number, or upon a showing that the animal is being trained or has been trained as a service animal. The service animal may accompany a person in any of the places listed in G.S. 168-3.

(b) An animal in training to become a service animal may be taken into any of the places listed in G.S. 168-3 for the purpose of training when the animal is accompanied by a person who is training the service animal and the animal wears a collar and leash, harness, or cape that identifies the animal as a service animal in training. The trainer shall be liable for any damage caused by the animal while using a public conveyance or on the premises of a public facility or other place listed in G.S. 168-3. (1985, c. 514, s. 1; 1987, c. 401, s. 1; 1995, c. 276, s. 1; 1997-443, s. 11A.118(a); 2004-203, s. 62(a); 2005-450, s. 1.)

§ 168-4.3. Training and registration of service animal.

The Department of Health and Human Services, shall adopt rules for the registration of service animals and shall issue registrations to a person with a disability who makes application for registration of an animal that serves as a service animal or to a person who is training an animal as a service animal.

The rules adopted regarding registration shall require that the animal be trained or be in training as a service animal. The rules shall provide that the certification and registration need not be renewed while the animal is serving or training with the person applying for the registration. No fee may be charged the person for the application, registration, tag, or replacement in the event the original is lost. The Department of Health and Human Services may, by rule, issue a certification or accept the certification issued by the appropriate training facilities. § 168-4.4. Responsibility for service animal.

Neither a person with a disability who is accompanied by a service animal, nor a person who is training a service animal, may be required to pay any extra compensation for the animal. The person has all the responsibilities and liabilities placed on any person by any applicable law when that person owns or uses any animal, including liability for any damage done by the animal. (1985, c. 514, s. 1; 2004-203, s. 62(c); 2005-450, s. 1.)

§ 168-4.5. Penalty.

It is unlawful to disguise an animal as a service animal or service animal in training. It is unlawful to deprive a person with a disability or a person training a service animal of any rights granted the person pursuant to G.S. 168-4.2 through G.S. 168-4.4, or of any rights or privileges granted the general public with respect to being accompanied by animals or to charge any fee for the use of the service animal. Violation of this section shall be a Class 3 misdemeanor. (1985, c. 514, s. 1; 1987, ch. 401, s. 3; 1993, c. 539, s. 1120; 1994, Ex. Sess., c. 24, s. 14(c); 2005-450, s. 1.)

Such services shall include, but not be limited to, education, training, treatment and other services to provide for adequate food, clothing, housing and transportation during the course of education, training and treatment. A person with a disability shall be entitled to these rights subject only to the conditions and limitations established by law and applicable alike to all persons. (1973, c. 493, s. 1; 2005-450, s. 1.)

§ 168-9. Right to housing.

Each person with a disability who is a citizen shall have the same right as any other citizen to live and reside in residential communities, homes, and group homes, and no person or group of persons, including governmental bodies or political subdivisions of the State, shall be permitted, or have the authority, to prevent any person with a disability who is a citizen from living and residing in residential communities, homes, and group homes on the same basis and conditions as any other citizen. Nothing herein shall be construed to conflict with provisions of Chapter 122C of the General Statutes. (1975, c. 635; 1985, c. 589, s. 61; 2005-450, s. 1.)

Editor’s Note. — Session Laws 2005-450, s. 1, appeared to be amending “168.9,” rather than “168-9.” This apparently is a typographical error and the amendment was given effect in this section at the direction of the Revisor of Statutes.

§ 168-10. Eliminate discrimination in treatment of persons with disabilities.

Each person with a disability shall have the same consideration as any other person for individual accident and health insurance coverage, and no insurer, service corporation, multiple employer welfare arrangement, or health maintenance organization subject to Chapter 58 of the General Statutes solely on the basis of the person’s disability, shall deny such coverage or benefits. The availability of coverage or benefits shall not be denied solely because of the disability; however, any such insurer may charge the appropriate premiums or

fees for the risk insured on the same basis and conditions as insurance issued to other persons, in accordance with actuarial and underwriting principles and other coverage provisions prescribed in Chapter 58 of the General Statutes. No insurer, service corporation, multiple employer welfare arrangement, or health maintenance organization subject to Chapter 58 of the General Statutes shall be prohibited from excluding by waiver or otherwise, any preexisting conditions from coverage as prescribed in G.S. 58-51-15(a)(2)b. (1977, c. 894, ss. 1, 2; 1991, c. 720, s. 80; 1999-219, s. 3.1; 2005-450, s. 1.)

Vocational Rehabilitation.

§ 168-14. Vocational rehabilitation services for deaf persons.

The Department of Health and Human Services shall promote the employment of deaf persons in this State. The Department shall assist deaf persons whose disability limits employment opportunities in obtaining gainful employment commensurate with their abilities and in maintaining such employment.

The Department, in furtherance of these objectives, shall maintain statistics regarding trades and occupations in which deaf persons are employed.

The Department shall attempt to employ deaf persons in its vocational rehabilitation services for deaf persons and shall have at least one deaf person so employed. (1975, c. 412, s. 2; 1997-443, s. 11A.118(a).)

Editor’s Note. — Session Laws 1975, c. 412, s. 3, provided: “The intent of this act is to transfer the Bureau of Labor for the Deaf from the Department of Labor to the Department of Human Resources as a Type I transfer as

defined in G.S. 143A-6(a).” Section 1 of the 1975 act repealed G.S. 95-70 to 95-72, which formerly provided for the Bureau of Labor for the Deaf.

ARTICLE 3.

Family Care Homes.

§ 168-20. Public policy.

The General Assembly has declared in Article 1 of this Chapter that it is the public policy of this State to provide persons with disabilities with the opportunity to live in a normal residential environment. (1981, c. 565, s. 1; 2005-450, s. 1.)

Legal Periodicals. — For survey of 1981 property law, see 60 N.C.L. Rev. 1420 (1982).

§ 168-21. Definitions.

As used in this Article:

- (1) “Family care home” means a home with support and supervisory personnel that provides room and board, personal care and habilitation services in a family environment for not more than six resident persons with disabilities.
- (2) “Person with disabilities” means a person with a temporary or permanent physical, emotional, or mental disability including but not limited to mental retardation, cerebral palsy, epilepsy, autism, hearing and sight impairments, emotional disturbances and orthopedic impairments but not including mentally ill persons who are dangerous to others as defined in G.S. 122C-3(11)b. (1981, c. 565, s. 1; 1985, c. 589, s. 62; 1995, c. 535, s. 36; 2002-159, s. 24; 2005-450, s. 1.)

CASE NOTES

Persons with AIDS Not Similar to Handicapped Persons. — The intent of the legislature in providing for family care homes was to provide handicapped persons with the opportunity to live in a normal residential environment; however, persons with full-blown acquired immune deficiency syndrome (AIDS) would not be similar to those handicapped persons described in this section in being able to be mainstreamed into daily living in a single family zoned neighborhood. *Taylor Home of Charlotte Inc. v. City of Charlotte*, 116 N.C. App. 188, 447 S.E.2d 438 (1994), cert. denied,

338 N.C. 524, 453 S.E.2d 170 (1994).
The Department of Human Resources interprets the family care home statutes to include HIV residents; however, it is not clear that the Department of Human Resources would also interpret the statutes to include residents with full-blown acquired immune deficiency syndrome (AIDS) within the definition of handicapped persons in subsection (2). *Taylor Home of Charlotte Inc. v. City of Charlotte*, 116 N.C. App. 188, 447 S.E.2d 438 (1994), cert. denied, 338 N.C. 524, 453 S.E.2d 170 (1994).

§ 168-22. Family care home; zoning and other purposes.

- (a) A family care home shall be deemed a residential use of property for zoning purposes and shall be a permissible use in all residential districts of all political subdivisions. No political subdivision may require that a family care home, its owner, or operator obtain, because of the use, a conditional use permit, special use permit, special exception or variance from any such zoning ordinance or plan; provided, however, that a political subdivision may prohibit a family care home from being located within a one-half mile radius of an existing family care home.
- (b) A family care home shall be deemed a residential use of property for the purposes of determining charges or assessments imposed by political subdivisions or businesses for water, sewer, power, telephone service, cable television, garbage and trash collection, repairs or improvements to roads, streets, and sidewalks, and other services, utilities, and improvements. (1981, c. 565, s. 1; 1993 (Reg. Sess., 1994), c. 619, s. 1; 1999-219, s. 3.2.)

Any restriction, reservation, condition, exception, or covenant in any subdivision plan, deed, or other instrument of or pertaining to the transfer, sale, lease, or use of property which would permit residential use of property but prohibit the use of such property as a family care home shall, to the extent of such prohibition, be void as against public policy and shall be given no legal or equitable force or effect. CASE NOTES

Legislative Intent. — Both the plain language of its provisions and the legislative history surrounding this act indicate that the legislature did not intend to protect persons infected with human immunodeficiency virus (HIV) under this particular act. *Burgess v. Your House of Raleigh, Inc.*, 326 N.C. 205, 388 S.E.2d 134 (1990).

Act Does Not Protect Asymptomatic Persons Infected with HIV. — A person who is infected with human immunodeficiency virus (HIV), but who is otherwise asymptomatic, is not entitled to protection under the provisions of this act. *Burgess v. Your House of Raleigh, Inc.*, 326 N.C. 205, 388 S.E.2d 134 (1990).

Plaintiff's claim was not filed within a reasonable time after the former Handicapped Persons Act right to employment statute was repealed and the new Act was enacted; since "reasonable time" cannot exceed the limitations period allowed under the new law, plaintiff had 180 days after the new Act became effective in which to sue, and plaintiff failed to file within that time period. *Spaulding v. R.J. Reynolds Tobacco Co.*, 93 N.C. App. 770, 379 S.E.2d 49 (1989), *aff'd*, 326 N.C. 44, 387 S.E.2d 168 (1990).

School Suspension of ADHD Student Justified. — Plaintiffs, student's parents, of-

fered no evidence to show a violation of any North Carolina statute or the North Carolina Constitution where student diagnosed with attention deficit hyperactivity disorder admitted that he had a gun clip with live bullets in school and he was subjected to external school suspension, his parents attended and participated in disciplinary proceedings, and he was assigned to management school which could accommodate his specialized needs. *Glen ex rel. Glen v. Charlotte-Mecklenburg Sch. Bd. of Educ.*, 903 F. Supp. 918 (W.D.N.C. 1995).

Failure to Rehire Actionable. — An employee had an actionable claim under the NCPDPA for employment discrimination based on an employer's failure to rehire solely for unlawful motives. On remand, there was to be a hearing to determine damages, costs and attorney's fees. *Johnson v. Bd. of Trs. of Durham Tech. Cmty. College*, 157 N.C. App. 38, 577 S.E.2d 670 (2003).

§ 168A-2. Statement of purpose.

(a) The purpose of this Chapter is to ensure equality of opportunity, to promote independent living, self-determination, and economic self-sufficiency, and to encourage and enable all persons with disabilities to participate fully to the maximum extent of their abilities in the social and economic life of the State, to engage in remunerative employment, to use available public accommodations and public services, and to otherwise pursue their rights and privileges as inhabitants of this State.

(b) The General Assembly finds that: the practice of discrimination based upon a disabling condition is contrary to the public interest and to the principles of freedom and equality of opportunity; the practice of discrimination on the basis of a disabling condition threatens the rights and proper privileges of the inhabitants of this State; and such discrimination results in a failure to realize the productive capacity of individuals to their fullest extent. CASE NOTES

Remedy Precludes Action Under State Constitution. — A visually impaired plaintiff could not bring suit under Article I, G.S. 19 of the North Carolina Constitution, as this section provides an adequate state remedy for the plaintiff’s allegation that a judge discriminated against him by refusing to allow his companion dog to accompany him into the judge’s courtroom, and having failed to timely use this remedy, he could not call on the court to fashion one under the state constitution. *Stroud v. Harrison*, 131 N.C. App. 480, 508 S.E.2d 527 (1998).

Construction with Other Laws. — The Employment Act, enacted in 1977, and The Handicapped Act, enacted in 1985, although enacted at different times, relate to the same

subject matter, employment discrimination against handicapped persons, and must be construed together to ascertain legislative intent. *McCullough v. Branch Banking & Trust Co.*, 136 N.C. App. 340, 524 S.E.2d 569 (2000).

- d. The type of operations of the covered entity, including the composition, structure, and functions of the workforce of the entity, the geographic separateness of the particular facility to the covered entity, and the administrative or fiscal relationship of the particular facility to the covered entity. Editor’s Note. — Session Laws 2002-163, s. 2, in repealing sub-subdivision (10)a.6, redesignated sub-subdivision (10)a.7 as (10)a.6. The numbering of the sub-subdivisions has been retained pursuant to the direction of the Revisor of Statutes.

Subdivisions (4) and (5) were recodified as subdivisions (7a) and (1), respectively, at the direction of the Revisor of Statutes, in order to order the definitions alphabetically.

CASE NOTES

Construction with Other Law. — Plaintiff was required to have commenced proceedings under state law before commencing proceedings with the EEOC where the North Carolina Persons With Disabilities Protection Act (NCPDPA) provided plaintiff with a remedy under state law. *Metts v. North Carolina Dep’t of Revenue*, — F. Supp. 2d —, 2000 U.S. Dist. LEXIS 2567 (E.D.N.C. Jan. 9, 2000), *aff’d*, 230 F.3d 1353 (4th Cir. 2000).

Person with Disability. — Employee’s act of completing forms indicating that medications were administered to emotionally disturbed youths before medications were actually administered violated state law and justified termination of employment; employee did not establish that his employment was terminated in violation of the North Carolina Persons with Disabilities Protection Act, G.S. 168A-1 to 168A-12, or the Americans with Disabilities Act, 42 U.S.C.S. § 12101 *et seq.*, because his conduct was related to problems the employee was having with depression, migraines, and a sleeping disorder. *Leeks v. Cumberland County Mental Health Developmental Disability & Substance Abuse Facility*, 154 N.C. App. 71, 571 S.E.2d 684, 2002 N.C. App. LEXIS 1415 (2002).

Insurance investigator’s wrongful-discharge claim on the basis of disability under North Carolina law failed because he could not show that he was regarded as disabled under North Carolina law since his employer continued to employ him and even increased his salary after it removed large-loss claims from his job responsibilities. *Rishel v. Nationwide Mut. Ins. Co.*, 297 F. Supp. 2d 854, 2003 U.S. Dist. LEXIS 23463 (M.D.N.C. 2003).

Person who had eye disease but whose

vision was functioning normally with glasses was not visually disabled within the meaning of G.S. 168-1 and thus was not a “handicapped person” who was granted a right of employment by former G.S. 168-6. *Burgess v. Joseph Schlitz Brewing Co.*, 298 N.C. 520, 259 S.E.2d 248 (1979).

Impaired Vision Due to Diabetes. — Appellate court affirmed the finding that an employee with severely impaired vision due to diabetes was a handicapped person, and his firing based on inability to keep up with his case load, was discrimination based on his disability. *State Dep’t of HHS v. Maxwell*, 156 N.C. App. 260, 576 S.E.2d 688, 2003 N.C. App. LEXIS 131 (2003).

Plaintiff’s rhinitis was not a “physical impairment” under this section because his medical records established that his condition was temporary; nor did his condition render him “handicapped” under this section. *Simmons v. Chemol Corp.*, 137 N.C. App. 319, 528 S.E.2d 368, 2000 N.C. App. LEXIS 311 (2000).

Lower Back Pain. — Where plaintiff experienced some pain in her lower back upon repetitive “twisting, turning, reaching, stooping, bending,” her physical impairment did not limit a “major life activity” so as to bring her under the purview of subdivision (4)(i) of this section. *Gravitte v. Mitsubishi Semiconductor Am., Inc.*, 109 N.C. App. 466, 428 S.E.2d 254 (1993), *disc. rev. denied*, 334 N.C. 163, 432 S.E.2d 360 (1993).

State personnel commission’s determination that state employee who had severe asthma was not “qualified person with a disability” was not supported by substantial evidence where the fact that her

solution for a clean work environment was a job transfer did not support a conclusion that employee did not properly prove that she could perform her job with reasonable accommodations. *Campbell v. N.C. DOT - DMV*, 155 N.C. App. 652, 575 S.E.2d 54, 2003 N.C. App. LEXIS 24 (2003), cert. denied, 357 N.C. 62, 579 S.E.2d 386 (2003).

Duty of Employer to Make Accommodations. — Because petitioner was not a “qualified handicapped person,” respondent was under no duty to make accommodations for petitioner’s physical condition. *White v. North Carolina Dep’t of Cor.*, 117 N.C. App. 521, 451 S.E.2d 876 (1995).

A discussion of reasonable accommodations under this section is irrelevant where plaintiff’s claim is based on wrongful discharge in violation of public policy under G.S. 143-422.2. *Simmons v. Chemol Corp.*, 137 N.C. App. 319, 528 S.E.2d 368, 2000 N.C. App. LEXIS 311 (2000).

Applied in *Burgess v. Your House of Raleigh, Inc.*, 326 N.C. 205, 388 S.E.2d 134 (1990); *Campbell v. N.C. DOT - DMV*, 155 N.C. App. 652, 575 S.E.2d 54, 2003 N.C. App. LEXIS 24 (2003), cert. denied, 357 N.C. 62, 579 S.E.2d 386 (2003).

§ 168A-4. Reasonable accommodation duties.

(a) A qualified person with a disability requesting a reasonable accommodation must apprise the employer, employment agency, labor organization, or place of public accommodation of his or her disabling condition, submit any necessary medical documentation, make suggestions for such possible accommodations as are known to such person with a disability, and cooperate in any ensuing discussion and evaluation aimed at determining possible or feasible accommodations.

(b) Once a qualified person with a disability has requested an accommodation, or if a potential accommodation is obvious in the circumstances, an employer, employment agency, labor organization or place of public accommodation shall investigate whether there are reasonable accommodations that can be made and make reasonable accommodations as defined in G.S. 168A-3(10). (1985, c. 571, s. 1; 1999-160, s. 1.)

CASE NOTES

Evidence Insufficient to Support Finding of Reasonable Accommodation. — State personnel commission’s determination that state employers offers to accommodate employee with severe asthma, which included providing her with a facemask and removing her if painting was to occur in her area, was not supported by substantial evidence in light of

the severity of the employee’s last asthma attack, which nearly caused her death and required five days of hospitalization. *Campbell v. N.C. DOT - DMV*, 155 N.C. App. 652, 575 S.E.2d 54, 2003 N.C. App. LEXIS 24 (2003), cert. denied, 357 N.C. 62, 579 S.E.2d 386 (2003).

§ 168A-5. Discrimination in employment; exemptions.

(a) Discriminatory practices. — It is a discriminatory practice for:

- (1) An employer to fail to hire or consider for employment or promotion, to discharge, or otherwise to discriminate against a qualified person with a disability on the basis of a disabling condition with respect to compensation or the terms, conditions, or privileges of employment;
- (2) An employment agency to fail or refuse to refer for employment, or otherwise to discriminate against a qualified person with a disability on the basis of a disabling condition;
- (3) A person controlling an apprenticeship, on-the-job, or other training or retraining program, to discriminate against a qualified person with a disability on the basis of a disabling condition in admission to, or employment in, a program established to provide apprenticeship or other training;

- (4) An employer or employment agency to require an applicant to identify himself as a person with a disability prior to a conditional offer of employment; however, any employer may invite an applicant to identify himself as a person with a disability in order to act affirmatively on his behalf; or

(5) An employer, labor organization, or employment agency to fail to meet the duties imposed on them by G.S. 168A-4(b).
- (b) Exemptions. — It is not a discriminatory action for an employer, employment agency, or labor organization:

(1) To make an employment decision on the basis of State and federal laws or regulations imposing physical, health, mental or psychological job requirements;

(2) To fail to hire, transfer or promote, or to discharge a person with a disability who has a history of drug abuse or who is unlawfully using drugs where the job in question is in an establishment that manufactures, distributes, dispenses, conducts research, stores, sells or otherwise handles controlled substances regulated by the North Carolina Controlled Substances Act, G.S. 90-86 et seq.;

(3) To fail to hire, transfer, or promote, or to discharge a person with a disability because the person has a communicable disease which would disqualify a person without a disability from similar employment;

(4) To fail to make reasonable accommodations where the person with a disability has not fulfilled the duties imposed by G.S. 168A-4;

(5) To inquire whether a person has the ability to perform the duties of the job in question;

(6) To require or request a person to undergo a medical examination, which may include a medical history, for the purpose of determining the person's ability or capacity to safely and satisfactorily perform the duties of available jobs for which the person is otherwise qualified, or to aid in determining possible accommodations for a disabling condition, provided (i) that an offer of employment has been made on the condition that the person meets the physical and mental requirements of the job with or without reasonable accommodation; and (ii) that the examination, unless limited to determining the extent to which a person's disabling condition would interfere with his or her ability or capacity to safely and satisfactorily perform the duties of the job in question or the possible accommodations for a disabling condition, is required of all persons conditionally offered employment for the same position regardless of disabling condition;

(7) To obtain medical information or to require or request a medical examination where such information or examination is for the purpose of establishing an employee health record;

(8) To administer pre-employment tests, provided that the tests (i) measure only job-related abilities, (ii) are required of all applicants for the same position unless such tests are limited to determining the extent to which the person's disabling condition would interfere with his or her ability to safely and satisfactorily perform the duties of the job in question or the possible accommodations for the job in question, and (iii) accurately measure the applicant's aptitude, achievement level, or whatever factors they purport to measure rather than reflecting the impaired sensory, manual or speaking skills of a person with a disability except when those skills are requirements of the job in question, provided that an employer shall not be liable for improper testing which was administered by a State agency acting as an employment agency. (1985, c. 571, s. 1; 1999-160, s. 1.)

CASE NOTES

Claim based on former § 168-6 was not subject to dismissal under § 1A-1, Rule 12 (b)(6), notwithstanding the repeal of G.S. 168-6, where it was clear that the complaint was sufficient to put the defendants on notice of the events or transactions which produced the claim, and even though the General Assembly did not include a saving clause in the repeal of G.S. 168-6, the same remedy was immediately available to the plaintiff for the same injury in the new act, without any intervening period in which the plaintiff's claim was without legal redress. It would be a grave injustice to foreclose the remedy of the plaintiff and other similarly situated persons when the General Assembly so clearly did not intend this particular cause of action to expire. *Buchanan v. Hunter Douglas, Inc.*, 87 N.C. App. 84, 359 S.E.2d 271, cert. denied, 321 N.C. 296, 362 S.E.2d 779 (1987), decided under former § 168-6.

Failure to Rehire Actionable. — An employee had an actionable claim for employment discrimination based on an employer's failure to rehire solely for unlawful motives. *Johnson v.*

Construction with Americans with Disabilities Act. — The standards under this act are narrower than under the Americans with Disabilities Act (ADA), 42 U.S.C. § 12101-12213, and if a person is not disabled for the purposes of the ADA, she similarly is not disabled for the purposes of this act. *Williams v. LEXIS 23242 (M.D.N.C. Dec. 19, 2003).

§ 168A-6. Discrimination in public accommodations.

It is a discriminatory practice for a person to deny a qualified person with a disability the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation on the basis of a disabling condition. In the area of structural modifications, this section may be satisfied by compliance with the North Carolina Building Code. (1985, c. 571, s. 1; 1999-160, s. 1.)

§ 168A-7. Discrimination in public service.

(a) It is a discriminatory practice for a State department, institution, or agency, or any political subdivision of the State or any person that contracts with the above for the delivery of public services including but not limited to education, health, social services, recreation, and rehabilitation, to refuse to provide reasonable aids and adaptations necessary for a known qualified person with a disability to use or benefit from existing public services operated by such entity; provided that the aids and adaptations do not impose an undue hardship on the entity involved. This subsection includes equivalent services provided via information technology.

(b) A State department, institution, or agency, any political subdivision of the State, and any person that contracts with these entities for the delivery of public services shall administer its services programs, and activities in the most integrated setting appropriate to the needs of persons with disabilities. § 168A-8. Discrimination in public transportation.

It is a discriminatory practice for any transportation system providing transportation to the general public to fail to ensure access to and the benefits of public transportation to a qualified person with a disability; however, public transportation systems may use alternative methods to provide transportation for persons with a disability, as long as persons with a disability are offered transportation that, in relation to the transportation offered to other persons, is:

- (1) In a similar geographic area of operation;
- (2) For fares not greater in price;
- (3) With similar or no restrictions as to trip purpose;
- (4) With reasonable response time; and
- (5) With similar hours of operations.

Nothing in this section shall apply to privately owned, local transit or transportation systems existing on October 1, 1985, or to interstate air carriers complying with federal regulations promulgated by the Civil Aeronautics Board and administered by the United States Department of Transportation. (1985, c. 571, s. 1; 1999-160, s. 1.)

§ 168A-9. Affirmative defenses.

Any employer may assert affirmative defenses in any action brought under this Chapter. This section shall not create any inference that an employment action which is not listed as an affirmative defense is therefore, by implication, a discriminatory practice, so long as the employment action is not otherwise prohibited by this Chapter. The following is a non-exclusive list of affirmative defenses:

- (1) The failure of the qualified person with a disability to comply with or meet the employer's work rules and policies or performance standards, provided that such person is not held to rules or standards different from other employees without a disability similarly employed;
- (2) The excessive, willful or habitual tardiness or absence of a qualified person with a disability, provided that the standard used by the employer in determining whether such tardiness or absence is excessive is the same as that applied by the employer to employees without a disability similarly employed; or

- (3) A bona fide seniority or merit system, or a system which measures earnings by quantity or quality of work or production, or differences in location of employment. (1985, c. 571, s. 1; 1999-160, s. 1.)

§ 168A-10. Retaliation prohibited.

No employer shall discharge, expel, refuse to hire, or otherwise discriminate against any person or applicant for employment, nor shall any employment agency discriminate against any person, nor shall a labor organization discriminate against any member or applicant for membership because such person has opposed any practice made a discriminatory practice by this Chapter or because he has testified, assisted or participated in any manner in proceedings under this Chapter. (1985, c. 571, s. 1.)

§ 168A-10.1. Dispute resolution in public services discrimination cases.

The North Carolina Office on the Americans with Disabilities Act shall adopt rules to provide a consistent and comprehensive mechanism for accommodating requests regarding accessibility to public services, and shall adopt dispute resolution procedures to govern responsiveness to those requests. This section does not authorize the North Carolina Office on the Americans with Disabilities Act to adopt rules or procedures that apply to the resolution of matters constituting grounds for a contested case under Chapter 126 of the General Statutes. (2002-163, s. 4.)

§ 168A-11. Civil action.

(a) A person with a disability aggrieved by a discriminatory practice prohibited by G.S. 168A-5 through 168A-8, or a person aggrieved by conduct prohibited by G.S. 168A-10, may bring a civil action to enforce rights granted or protected by this Chapter against any person described in G.S. 168A-5 through 168A-8 or in G.S. 168A-10 who is alleged to have committed such practices or engaged in such conduct. The action shall be commenced in superior court in the county where the alleged discriminatory practice or prohibited conduct occurred or where the plaintiff or defendant resides. Such action shall be tried to the court without a jury.

(b) Any relief granted by the court shall be limited to declaratory and injunctive relief, including orders to hire or reinstate an aggrieved person or admit such person to a labor organization. In a civil action brought to enforce provisions of this Chapter relating to employment, the court may award back pay. Any such back pay liability shall not accrue from a date more than two years prior to the filing of an action under this Chapter. Interim earnings or amounts earnable with reasonable diligence by the aggrieved person shall operate to reduce the back pay otherwise allowable.

(c) No court shall have jurisdiction over an action filed under this Chapter where the plaintiff has commenced federal judicial or administrative proceed-

ings under Section 503 or Section 504 of the Vocational Rehabilitation Act of 1973, 29 U.S.C. §§ 793 and 794, as amended, or federal regulations promulgated under those sections; or under the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101, et seq., as amended, or federal regulations promulgated under that Act, involving or arising out of the facts and circumstances involved in the alleged discriminatory practice under this Chapter. If such proceedings are commenced after a civil action has been commenced under this Chapter, the State court's jurisdiction over the civil action shall end and the action shall be forthwith dismissed.

(d) In any civil action brought under this Chapter, the court, in its discretion, may award reasonable attorney's fees to the substantially prevailing party as part of costs. (1985, c. 571, s. 1; 1999-160, s. 1.)

Relation to Federal Laws. — Where plaintiff student's claims against defendant school district under the North Carolina Persons with Disabilities Protection Act, G.S. 168A-1 et seq., arose from the same facts and circumstances as the Americans with Disabilities Act of 1990, 42 U.S.C.S. § 12181 et seq., and the Rehabilitation Act of 1973 claims, which had failed, the student's claims under G.S. 168A-11(a) also failed. *Cone v. § 168A-12. Statute of limitations.

A civil action regarding employment discrimination brought pursuant to this Chapter shall be commenced within 180 days after the date on which the aggrieved person became aware of or, with reasonable diligence, should have become aware of the alleged discriminatory practice or prohibited conduct. A civil action brought pursuant to this Chapter regarding any other complaint of

discrimination shall be commenced within two years after the date on which the aggrieved person became aware of or, with reasonable diligence, should have become aware of the alleged discriminatory practice or prohibited conduct. (1985, c. 571, s. 1; 1999-160, s. 1.)

CASE NOTES

Action Under Federal Rehabilitation Act. — When a state has enacted a counterpart to the federal Rehabilitation Act, the statute of limitations of the state counterpart and not the personal injury statute is most analogous and therefore, the most appropriate limitations period. Because this Act is the most analogous statute to the Rehabilitation Act, an action under the federal act must be brought within this section's 180-day period. *McCullough v. Branch Banking & Trust Co.*, 35 F.3d 127 (4th Cir. 1994), cert. denied, 513 U.S. 1151, 115 S. Ct. 1101, 130 L. Ed. 2d 1069 (1995).

Suit Under Americans with Disabilities Act. — A visually impaired man's discrimination suit was barred by the 180-day limitations period of this section, where he alleged that a judge barred his companion dog from the courtroom in violation of G.S. 168-4.2 and federal law. *Stroud v. Harrison*, 131 N.C. App. 480, 508 S.E.2d 527 (1998).

Claim Barred. — Where former employee was officially aware of his termination on January 7, 1993, when he received COBRA eligibility form, but did not file suit until January

31, 1994, his claim was time-barred; he should have filed action within 180 days of January 7, 1993, in order to seek relief. *Gower v. Wrenn Handling, Inc.*, 892 F. Supp. 724 (M.D.N.C. 1995).

Because the employee did not file his claim under the NCPDPA until 273 days after the last alleged discriminatory act, the employee's claim was time-barred by the 180 day statute of limitations set forth in G.S. 168A-12. *Gottesman v. J. H. Batten, Inc.*, 286 F. Supp. 2d 604, 2003 U.S. Dist. LEXIS 18228 (M.D.N.C. 2003).
